ARTHUR DRAKE, Manager

Chieftains Row Before Superior Mustang Eleven

The power-house that was the Olton Mustangs romped over the Friona Chieftains last night to a decisive score of 56-7.

Olton, with one of the really great high school teams of the season, displayed championship form throughout the game.

Friona's lone count came with Dub Cleveland running the score, with Haws kicking the extra point.

Causing favorable comment from both Olton and Friona fans was the unique half-time performance of Gleen Cunningham's Friona High School Band. With half the band in their regular striking red and white uniforms, and the other half in clown attire, a very clever skit built up on the circus theme was presented. Certainly no one locally ever saw a similar performance.

Students home for the weekend from Texas Tech were Dorothy Nell Guinn, Maridee London, Billy Ray Jones, Joe Bill Wells, Tim Magness and Ray Nell Foster.

First Aid and Medical Discoveries Are Topics At Bovina Study Club

Medical discoveries, safety and first aid were topics of discussion at the Thursday afternoon meeting of the Bovina Women's Study club.

Coach Clovis Ratliff talked on safety first aid; with the assistance of two school boys he gave several demonstrations on artificial respiration, asphyxiation, snake bit, broken limbs, etc.

Mrs. A. B. Wilkinson talked on cancer, stressing the danger signals which should help in early diagnosis.

Mrs. David Carson and Mrs. Aubrey Rhodes were hostesses.

A new member, Mrs. Frank P. Wilson, was present together with Mesdames Aubrey Ellison, Charles Ross, Bill Kyle, J. P. Macon, A. G. White, Frank Truitt, A. B. Wilkinson, W. H. Willoughby, Clarence Jones, Lewis Pesch, I. W. Quickel, Sam Sides, Lloyd Btley, Tom Caldwell, Eddie Reddin, Reagan Looney and Harry Poindexter.

"I have a dog that growls, a parrot that swears, a fireplace that smokes, and a cat that stays out all night. Why should I want a husband?" the spin-

All Three Friona Bond Issues Carry With 253 Ballots Cast During Day

Large Percentage Of Eligible Voters Make Wishes Known in Ballot

With a heavy vote cast on each division of today's bond election in Friona, local citizens gave overwhelming approval to the issue of bonds for street improvement (paving) and to waterworks extension and improvement of existing lines. Voting on the city hall and firestation erection was close, carrying by a 17 vote margin.

Both the paving and waterworks bond issues carried by far over two to one margins.

IMMEDIATE ACTION

Detailed study of the entire program will begin at once, with coordinate action of the city engineer, the property holders, and the city commission.

A public hearing will be called in the near future at which time, and before which time, the property owners may consult with the city officers and engineers regarding specific paving on specific blocks, and work out the cost to each holder involved.

MAYOR MAKES STATEMENT

Mayor Bainum late this afternoon expressed the voice of the commission and himself in appreciation of the sincere study

made by Friona citizens regarding this bond issue. Appreciation was extended to those attending the Tuesday night question-answer session sponsored by the Friona Lions Club. Bainum pledged full speed ahead on the projects, with every effort being exerted by the commission to carry out the desires of the voters in an economical but correct program.

The local election has been watched in interest by cities throughout the Panhandle. Friona has been much in the limelight in recent months because of the rapid advent of irrigation in the area, making this probably the newest of the rich irrigated land finds of the tri-state area.

The bond issue probably was less surprise to outsiders than to Friona citizens, as frequently visitors from neighboring towns would remark, "Well, paving will be your next step in really putting Friona and its trade area to the front."

If the paper shortage continues they are going to have to make our shoes out of leather again.

Often as we read the news of the day we feel as insecure as a skinny old maid in a strapless evening gown.

"SMALL BUSINESS"

By G. WILSON HARDER

It is possible that soon Congress will plug a leak that has existed in the anti-trust laws for 35 years. That would be the passage of H.R. 2734 to amend the Clayton Act passed in 1914.

Briefly the Clayton Act forbids corporations to buy out the stock of competitors for the purpose of eliminating competition. But for years the purpose of the act has been defeated, as corporations have been able to legally buy up the assets of competitors.

For years Congressmen have fought to plug this leak.

In addition, every President since Wilson has tried to plug this leak.

Now the situation has become desperately critical. In 1947, the Federal Trade Commission found mergers reached a new high.

This trend was speeded up by the huge profits in recent years of the big corporations. At the end of 1945 the 93 largest corporations held \$34 billion of net working capital—sufficient to purchase the assets of 90% of all the manufacturing companies in the nation.

Congress has found in practically every line of business, from dairy products to farm machinery, monopolies composed of as few as four companies are doing as much as 93% of the business.

In every case, it was this was accomplished by the use of the assets of the independent companies first, then after a dis-

astrous price was launched by the eventual purchaser forced the independent business to the wall.

As it stands now, the House has passed the amendment to the Clayton Act which would stop this abuse. The Senate Judiciary Committee has also recommended passage.

Organized independent business is aggressively working for passage in the Senate. The battle is bitter, but Sen. Herbert O'Connor (Md.), who is chairman of the Judiciary Committee, reports that never in 25 years has the reform measure been closer to passage.

Washington now expects, barring unforeseen intervention by new hostile forces, an early end to Korean fighting.

But it also expected that the drive to increase taxes; place further controls on business will continue unless, of course, the November elections result in many major upsets.

Western manufacturers who attended a small business clinic in Northern California for specific information on defense contracts written in their seats as an official devoted a large part of his time to eulogizing Louis Johnson.

But they also derived a hearty laugh. The speaker was called to the phone; red-facedly reappeared to announce the removal of the Secretary of Defense.

New Farmers Auction Firm Has Good Sales

Farmers Livestock Auction—the new Saturday afternoon cattle auction ring in Amarillo—last Saturday disposed of a total of 483 head of cattle for a total turnover of \$48,865.

Dee Graham, operator of the ring, said the demand for yearlings was particularly heavy. The market was strong to considerably higher than during the week and native cattle brought top prices.

Among other offerings, Ralph Wingfield disposed of a load of choice small heifer calves at \$113 each and a load of mixed small steer and heifer calves for \$92 each.

A Colorado rancher sold a load of cows and calves at \$265 per pair.

H. Z. Yarbrough of Amarillo sold whiteface Hereford heifer for \$0.10 per hundredweight and a brindle steer at \$21.70.

W. M. Britton of Groom sold a baby calf for \$58. John Kalka of Hereford disposed of a Hereford bull for \$22.80 per hundred. The animal weighed 1,030 pounds. E. G. Heater sold a Hereford yearling bull, 990 pounds, for \$25.80 per 100, and a whiteface steer, 635 pounds, for \$27 per hundredweight.

Wesley Hardesty and Rev. T. B. Allen were in Amarillo Tuesday for the district meeting of the pastors and superintendents. Dr. Andrew Allen, state Sunday school secretary, was in charge of the program. Dr. W. O. Vaught of Kansas City was speaker.

D. H. Meade of Amarillo, former Friona resident and still an avid reader of the Star, stopped by this week and reported that his son, Wilbur, has been recalled into the Army. Now stationed at Ford Hood, Wilbur served in both Germany and Japan during the last war. The Hereford district of the Vocational Agriculture met in Friona Wednesday, with Walter Laboy in charge.
