

Livestock Loan Plans Complete; Lending Procedures Announced

Financial aid to drought-stricken farmers and ranchmen of Texas was promised immediately by State Director L. J. Cappelman of the Farmers Home Administration from his office in Dallas upon being informed today by Secretary of Agriculture Ezra Taft Benson that details of Public Law 38, Section Two, the new special livestock loan are complete and that lending procedure has been announced.

Funds are available from a revolving fund containing up to \$150,000,000; and the purposes for which loan funds may be used include a long list of essential ranch operating purposes such as feed, grazing lease charges, crop land rentals for production of feed, purchase, hire and repair of farm machinery, building or repair of fences, transportation of cattle to and from grazing lands; payment of one year's operating interest on debts secured by liens on chattels or real estate; payment of one year's taxes on real and personal property, purchase of livestock for replacement or restocking, but not expansion of normal operations; for water supplies, living expenses, normal maintenance of farm and ranch buildings and other operating expenses, but not to refinance secured or unsecured debts nor to establish a man in livestock operations.

Interest rate on Special Livestock Loans for ranchmen is 5 per cent and repayment must be scheduled within three years, because of the difference in the type of loan. Present FHA County Committees will certify Special Livestock Loans until such time as the Secretary of Agriculture may set up Special Committees.

Cappelman in his statement referred also to the crop Disaster Loans administered by the Farmer Home Administration that are being made at the rate of more than \$1,000,000 a month now. \$12,000,000 of these Disaster Loans have been disbursed in the last twelve months. These

loans made under Public Law 38, Section one, are available in all areas suffering from the effects of production losses caused by reasons beyond the control of the farmer. The Texas disaster area was proclaimed two years ago when lack of rain and other natural causes placed farmers in serious plight because of the losses sustained.

Fathers Requested To Check With Board

Any young married man registered with a draft board had better be on the alert about reporting children in his family or expected birth of a child.

On August 25th and thereafter, fathers are not deferrable because of their children. Draft boards have this new regulation following an executive order of President Eisenhower.

Those who now have children, and those who are expecting birth of a child, are deferrable; likewise, those who become fathers or expectant fathers before midnight, August 24th.

But these men who are fathers and expectant fathers before August 25th must act at once to advise their draft boards in writing. If they fail to perform this important duty required by draft regulation, they will be liable for the draft simply because they failed to advise their boards of the facts.

In the case of expectant fathers, certificates from a licensed physician must be secured, stating that the child has been conceived, probably date of delivery, and evidence upon which positive diagnosis of pregnancy is based.

Brigadier General Paul L. Wakefield, state draft director, urges all married men who come under the provisions of this new regulation to act at once if they wish to retain their deferred status.

Mrs. Rutherford's Son Buried At Haskell

Funeral for Basil Truman Murphy, Sr., of Haskell, was held at 4 p. m. Monday in the First Baptist Church.

Officiating was the Rev. J. M. Edge, pastor, and the Rev. W. T. Priddy, pastor of Sweet Home Baptist Church of Rule.

Burial was in Willow Cemetery here under the direction of Holden's Funeral Home.

Mr. Murphy died at 2:30 a. m. Sunday in a Veterans Administration hospital at McKinney. He had suffered from a heart ailment since 1950. He underwent a heart operation Friday.

He was born Feb. 16, 1920, in Stamford. He had lived in Haskell County since 1921. He and the former Marjorie Easterling of Haskell were married Sept. 17, 1938.

Mr. Murphy was a member of Central Baptist Church Haskell. A veteran of World War II, he had served three years in the Air Force. He was a member of Cox-Rogers post of the American Legion.

Survivors are his wife; two sons, Basil Truman Murphy, Jr., and Curtis Weldon Murphy, both of Haskell; his mother, Mrs. C. E. Rutherford of Baird; one sister, Mrs. T. L. Naron of Haskell; and his grandfather, A. A. Miller of Kirbyville.

Ex-Clyde Man Dies In Arizona

Word has been received here of the death on August 6, of W. T. (Tom) Austin, 75, of Douglas, Ariz., following a long illness. A former resident of Clyde, Mr. and Mrs. Austin, visited their son W. T., Jr., in Abilene in April and visited friends here. The Austin family left Clyde in 1926, going to Douglas, Ariz., where Mr. Austin, was associated with the Phelps-Dodge Mining Company for many years.

Born May 22, 1878, in Georgia, Mr. Austin came to Baird while a young man. He was married there to Miss Maud Rice. The couple came to Clyde in 1906. He was manager of the B. L. Boydston General Merchandise Store, and a few years prior to moving to Douglas, he and the late L. D. Boyd formed a partnership in the grocery business here.

Mr. Austin had many friends in Clyde, Baird and over Callahan County.

Survivors include his wife and four children, two sons and two daughters. Sons are W. T., Jr., of Abilene and Harold Austin of Douglas. Daughters are Mrs. Ted (Florence) Hagg and Miss Mary Virginia Austin, both of Douglas.

Hamby Takes First In Baird Tourney

The Hamby team won four games in the Third Annual Baird Volunteer Fire Department Softball Tourney to take first honors. Plains Machinery Co. of Abilene came in second.

The opener last Monday night matched the Baird Juniors against Plains Machinery with Hamby against Bell Telephone Co. in the second game. Plains Machinery downed the Juniors 12-0 and Hamby beat Bell Telephone 2-0 in a thriller.

Tuesday night's play saw Plains Machinery defeat Cisco 9-3 and Hamby win their second game by downing the Baird Firemen 8-1.

Cisco came back to defeat the Baird Juniors 9-3 in the first game Wednesday night with the Firemen edging by Bell Telephone Co. 2-1. The losses by the Juniors and Bell Telephone put them out of the tournament.

Thursday night's games were between the Firemen and Cisco with Hamby and Plains Machinery matched in the second contest. Cisco downed Baird 2-0 to eliminate them. Hamby defeated Plains Machinery in the nightcap 11-4.

Plains Machinery Co. went into the semi-finals Friday night against Cisco with a 2-1 won-loss record. They defeated Cisco 4-3 to eliminate Cisco.

There was only one game Saturday night. Hamby faced Plains Machinery in the finals of the tourney. Hamby at this time had a three-nothing record while Plains Machinery had a three-one record. Robert Harrison hurled a three-hitter at Plains Machinery to take the win while Earl Lunn hung up a six-hitter for the loss.

Callahan Pioneers Meet Today In Cross Plains For Reunion

Legion Auxiliary Hears Defense Talk

The American Legion Auxiliary met Monday night in the Legion Hall.

Mrs. Stiffled, president, called the meeting to order and after all business was attended to, Mrs. M. L. Stubblefield gave a following talk on "Civil Defense" from a paper prepared by Mrs. Terrell Williams.

CIVIL DEFENSE

Purpose of organization
1. Saving lives and property.
2. A way of protecting your family in case of national disaster or war.
3. A way of helping you keep production going in spite of disasters such as: floods or disease, or in spite of atomic or chemical warfare.

Civil Defense has been referred to as a "National Insurance Policy." We are buying it not because we are sure something will happen, but because we want real protection if something does happen. We must protect the future as best we can for ourselves and for our children.

An important phase of this work is the matter of morals — What Makes Good Morals?

1. Stability of people and of that people's culture.
2. Education of the people.
3. Leadership.

It is extremely important that we do not instill fear into the people of our community and especially our children.

Your first duty in the Civil Defense Program is to educate your own family in self protection against modern weapons, and to make your home safe as possible against enemy attacks and disasters such as fire, flood and tornado.

When you have trained your family and have joined in organizing your community, you have given your community a better chance to survive any disaster.

If your community does not have a Civil Defense Program, it is extremely important to undertake the training for personal preparedness, such as First Aid, and Home Nursing.

Find out and call attention to types of disasters likely to occur in the community.

1. Conduct a home fire prevention campaign.
2. Tornado.
3. Epidemics.
4. Participate in blood program.

5. Health considerations:
a. Plan food supply.
b. Know those with First Aid and Home Nursing training.
c. Keep home and self clean. Don't help germs by making things easy for them.
d. Report sickness promptly.
e. Give help to authorities. If told a shot in the arm or vaccination is needed by all, don't hold back.

f. Keep neighborhood clean. Start now.

Register Your Organization
Have Civil Defense Chairman list names and telephone numbers of members present training and skills. Training individuals would like to have. Time available for training.

Steps To Be Taken In Preparing Home And Family Against Disaster

1. Organize family as a self-sustaining unit.
2. Develop stability and security within your family.
3. Maintain physical, mental and spiritual health.
4. Observe safety precautions in daily living.

5. Provide a safe spot for shelter in case of an emergency requiring such a shelter.
6. Plan family action in case of disaster.
7. Have one member in every family trained in First Aid and Home Nursing.

By doing these things you have added to your family's protection and rendered a service to your community, state and nation.

Callahan County Pioneers are gathering from all parts of the nation today for their 15th annual reunion in Treadway Park at Cross Plains. Cross Plains people are making a special effort to entertain the visiting pioneers.

The reunion opens at 9:30 with Fred Heyser, Randall Jackson, B. H. Freeland and Jack Scott as masters of ceremonies. Mrs. B. L. Boydston is chairman of the registration committee and will be in charge of registering the old timers.

Group singing will be led by Fred Stacey and John H. Hem-bree will give the invocation. A silent tribute will be paid to the deceased old timers.

At noon a basket lunch will be spread and old timers may eat and visit together.

The afternoon program begins at 2 p. m. with committee reports and introduction of honored pioneers.

An old fiddlers contest and square dance will be held for the visitors under direction of Frank Spencer and Mrs. V. E. Hill.

Bible Center Council Organized

Announcement was made this week of the organization of the Baird Bible Center Council. Through the efforts of this group, the building formerly used as the Band Hall has been purchased and moved to a lot adjacent to the grounds of the Baird Elementary School. The building will be used for the teaching of Bible to those school children who wish to attend, with Miss Janet Edmonson as instructor, one day each week.

Ownership and control of the building will be vested in three churches of Baird, represented by the Bible Center Council composed of the following Mrs. N. M. George, president; Mrs. Harold Alexander, secretary; Mrs. Grover Berry, treasurer; Mrs. James Asbury, publicity chairman; and Mrs. Lowell Corn, Mrs. Richard Windham, Mrs. A. A. Manion, Mrs. Cubelle Sorrels, Mrs. Juanita Danielson.

Through the generosity of one Baird family purchase price of the building has been donated. More money is needed for the expense attached to moving and repairing it. Those who wish to give money, materials, or labor, or to help in any way in this worthy cause, are urged to see Mrs. Grover Berry at 230 Market Street.

Bank Makes Change In Front Offices

Patrons visiting the First National Bank of Baird Monday morning thought they were entering the wrong place of business, as the place looked completely different.

Alterations have been made in the front offices, the Director's room enclosure removed, and glass installed on the ledge, and Mr. Norrell had his desk moved to the front. This makes much more room for Mr. Norrell, Mr. Farmer, and for patrons wishing to confer with them.

All in all, it is a great improvement in the looks of the bank, and promises more efficient and more comfortable transacting of business with the president and cashier of this institution.

Craig Pruet Honored On First Birthday

Craig Pruet celebrated his first birthday with a party held in the home of his parents, Mr. and Mrs. Benton Pruet, Saturday, August 8, 1953. CARD OF THANKS

To my friends let me say I am deeply grateful for the letters, cards, flowers and fruits I received while in the hospital, and since I have been so sick. Your visits were a pleasure not to be forgotten. I was too sick to know when some of you called, but was told later that several called that I was not conscious of. Thanks just the same for your visits. I thank all of you so much for your courteous attention.

Surprise Party For Mr. Speegle

A surprise party was given, July 30, in honor of Mr. R. C. Speegle, who was 59 on that day. Mr. Speegle spent the day plowing and did not observe the activities which were going on at his home, so in the evening, when the guests began to arrive for the celebration, he was surprised to learn it was in his honor.

Most of the guests arrived after dinner and ice cream was served to: Mr. and Mrs. Marvin Weed and Granny of Putnam; Mrs. Joe Blackburn and Kay, Odessa; Mr. and Mrs. H. E. Donaway and Danny and Mr. and Mrs. Robert Coats and children, Barbara Ann and Robert Andrew of Abilene; Mr. and Mrs. Vernon Donaway and children, Putnam; Mr. and Mrs. Lenin Baird and sons, Frankel City; Mr. and Mrs. Stuart Speegle and daughter, Albany; Mr. Sport Speegle and Tom, Mr. and Mrs. J. W. Speegle and children, and Hubert Allen Coats, all of Cisco. Others attending the party were Joe Everett, Vernetta Davis, Brenda Sparks and Burton Moore.

All of Mr. and Mrs. Speegle's children were present except Mrs. L. A. Sublett of Odessa, and Billy who is in the Navy. Billy has been in the service over a year.

To Hold Baptist Revival At Putnam

The Rev. C. C. Herrington, Pastor of the First Baptist Church at Caps, Texas, will be in Putnam, Sunday, August 16, to hold the Baptist Meeting. The meeting will last seven days, ending on Sunday night, August 23. The Rev. Phil Briggs, of H-SU, and music director at the First Baptist Church at Munday, Texas, will be the song leader. Services will begin at 10 a. m. and 8 p. m.

Pre-School Discussion

Well, it will be "back to school" on September 3rd. Are we ready? Most of the children are anxious to start, but mothers are trying to decide if or not Susie's or Tommie's clothes will be fitting them when school starts. Children seem to grow so fast when hems and pants legs must be kept at a certain length. If you have not bought Junior that fine belt with the handsome, protruding buffalo head buckle, well perhaps it will be better to pass it up for smooth type one. The fancy one will wear holes in his shirt which will be costly in the future.

Perhaps you'd like to pass on a friendly bit of knowledge. How about letting us hear from you?

My, what hot weather we do have in this part of the world. The cotton and feed really are suffering for want of rain. Jim says our cotton really did go to the bad the past week.

Jim and I went to church Sunday. Had dinner with Mrs. Mary Ramsey. Marvin and Lillie Eubank were dinner guests also. We had a real good dinner, fried chicken and lots of other good things to eat. Marvin bought a big watermelon and we ate that in the afternoon. Walter and Reba Francisco were there to help us eat the melon.

E. C. and Joan Collingworth and little daughter, of Jacksboro, spent the weekend with Joan's dad and mother, Bucette and Johnny May Ramsey.

Edra Buchanan visited with us awhile Sunday afternoon and says she is still real busy putting on Stanley parties.

Kana Burnam is still in Abilene. She has been in the hospital. The past weekend she has

been real sick but is some better. Kana, hurry and get able to come home.

Well, I found out about the ming beans or rather what we thought might be ming beans. It is Gaar and it is a soil builder. I have been reading about this stuff in the papers.

Mr. and Mrs. Clyde Coats are remodeling their house. Haven't been over to see it, but think we will go over soon to see how they are getting along.

This Friday is the Old Settler's Reunion day. Sure would like to be there but guess I had better not this time. Jim plans on going. Emmatene Williams is back in the hospital. Sorry to hear she is still sick. Hurry and get well, Emmatene.

We read in the paper where Mr. Leonard Alvey's brother passed away in Cisco Saturday. We are sorry we didn't know it until too late to go to the services.

To Renew the Spirit Which Built Our Country

... Faith in Ourselves

Since the beginning long, long ago at Valley Forge and on Bunker Hill, Americans have had reason to be proud of their country — and themselves.

From the valleys, the mountains, the plains — from all the States of the Union — they have come to stand wherever blood wrote our history!

And not in war only: But in peace and in the good, clean work of the farm and factory, we have given of ourselves that our nation might prosper.

Americans have cause to be proud — to have faith in themselves.

Sometimes these days, it seems, some of us forget the proud company we have joined . . . forget the brave names on monuments where bronze blackens with weather . . . forget the great deeds graven in granite.

Haven't we cause to have faith?

Haven't we the duty to have faith in ourselves — and to let the world know it?

Each of us can help revive the spirit which built our country — by placing Faith in God . . . in Ourselves . . . in Our Fellow Men . . . and in Freedom.

Each of us can help revive the spirit which built our country by keeping these Four Great Faiths and by proclaiming them to the world — not always in words, but surely always in deeds.

Write today for a copy of the article, "Our Four Great Faiths", and for reprints of this advertisement. Mail request to: J. B. Shores, Director, Employee-Public Relations, Texas and Pacific Railway, Dallas, Texas. No charge, of course.

Here's Answer To Wheat Problem

"Don't cut your profits when your wheat acreage is reduced," is the good advice given farmers by leading State Agricultural College agronomists.

"Follow college recommendations for fertilizing your wheat this fall and you'll harvest extra profits next summer," say the experts. "With 21 percent less acres planted to wheat, growers will have to produce cheaper wheat in order to keep out of the red. Cheaper production means higher profits. Fertilizer used wisely will cut costs to the bone, and at the same time, boost yields."

At today's parity price, a dollar's worth of fertilizer on wheat will return \$4.15, on the average, to the farmer.

USDA figures show that fertilizer is still the biggest bargain on the farm. Despite that fact that all prices paid by farmers are almost double what they were 12 years ago, fertilizer prices are up only half as much.

any other factor in this area. Rain or lack of it, is vital to the welfare of the county. Right now a rain is needed and needed bad. The pastures are rapidly playing out and the prospects of any feed crop are getting dim. Supplies of water are adequate but feed is not.

A number of West Texas business men are getting interested in the rain increasing project to cover five southwestern states. There will be a great many dissenters but there are always a few far-sighted men who usually are the backbone of any such movement. The project has the whole-hearted endorsement of this writer and it is my belief that the prosperity that could come to this area from such a plan would stagger the imagination.

The cattlemen are pessimistic over any prospects of price improvements unless there are general rains over the territory. The reaction in the market which resulted from the government announcements as to price bolstering moves has now worn off and prices are as low as they were before and there is nothing in sight to brighten the picture. The slight reaction in the market tended to cause meat processors to jump prices enough to slow consumption to a marked extent. With Congress having an investigation of almost everything I do not see how it has overlooked having one to investigate the large discrepancy between the price of meat on the hoof and that on the table.

THE BIGGEST RAILROAD SHOW

A short time ago the biggest railroad equipment exhibit in history was held at Atlantic City. Some \$20,000,000 worth of products were on display. An indication of its wide-spread public interest is found in the fact that it was covered by 68 representatives of newspapers, magazines, radio and television.

Railroad executives and others inspected new and vastly improved freight cars, passenger trains, locomotives, and all manner of other equipment. They visualized the enormous strides that have been made in railroading in late years — and they also saw some of the achievements that are coming in the near future.

The Atlantic City show demonstrated that the pioneering, never-satisfied spirit which characterized the railroads in the early days of this nation exists in undiminished form today. On top of that, it provided a physical sampling of the huge expansion and improvement program they have carried on since the last world war ended. In that brief time they have spent around \$8,000,000,000 — for 12,000,000 tons of new rail, 500,000 new freight cars, 18,000 new diesel-electric locomotives, and countless other items.

To the public, what does this mean? It means swifter, surer, more comfortable and safer transportation for people and for goods. It means that the basic form of commercial transportation is doing an ever-improving job.

FREEZE THE SOCIAL SECURITY TAX

The President, in his budget message, said that the increase in the social security levy, which under the present law will go into effect on the first of next year, should be postponed. The increase would raise the rate on both employers and employees from one-and-one-half to two percent. It would, therefore, amount to an automatic jump in the income taxes of all the millions of people under social security.

The case for freezing the tax rate is a very strong one. Social security reserves are enormous—some \$18,000,000,000. And annual collections are running greatly in excess of benefit payments and expenses.

Moreover, few believe that the present social security set-up is sound and equitable. The House Ways and Means Committee has established a sub-committee to make an exhaustive study of the entire social security system—a matter which will take considerable time. Other authoritative non-governmental studies have been started, including at least one which seeks ways for putting social security on a pay-as-we-go basis.

In the light of all this—to say nothing of the fact that the Administration is pledged to eventual tax reduction, not tax increases—the levy should be frozen. The danger lies in the fact that, simply through inaction on the part of Congress, the automatic provision of the present law will be allowed to become operative and all of us will suffer another tax bite. Here's a case where only specific Congressional action to change the law can do a needed job.

cial ones from the weather bureau which are taken in an open shelter high enough above the ground to escape all heat from radiation. The extended forecast for the next two weeks warns of above normal temperature and below normal rainfall which, after all, is about what we all expected.

Miss Trellis Fulton of Altus, Oklahoma is visiting Mrs. Opal Coffey.

DEBT LIMIT: Congress may have adjourned by the time you read this, but plans for August adjournment were shelved when the President asked for an increase in the national debt limit.
The present limit is 275 billion dollars. At a White House breakfast last Thursday morning, which I attended, President Eisenhower made a plea to Senate and House leaders to increase this limit.
President Eisenhower and the Secretary of the Treasury presented their case for increasing the limit. The Administration took the position this step is necessary to insure the Government's being able to operate normally between now and the next session of Congress.

If It's FEED see us

Maybe the feed you're using isn't getting you all the eggs your hens are able to lay. If so, it's costing you too much, no matter how little you pay for it. Because, if your feed isn't right, your layers can't lay all the eggs they could and should. Let's talk it over. If low feed performance is holding your profits down, we can help. Our feeds have the balanced blend of nutrients it takes for high production.

Notes...

from the PUBLISHER

I made a tour of inspection this week of the new plant of the Home Telephone and Electric Company. Baird is going to have a very modern system when the changeover is completed. The operators are going to fare much better than those in the large systems as the building is to be completely air-conditioned with refrigerated air. About this time each year there are reports of strikes by the operators in the large cities due to the excessive heat.

Mr. Bearden stated the loose ends were fast being drawn together and the new system would be in operation soon. As soon as the work here is completed the company will begin on the installation of a dial system for Putnam. The residents there are highly enthused over the prospects of the new system.

**MISS BETHIE SUE LINDSEY BECOMES
BRIDE OF REV. DAVID WHITAKER**

In a ceremony performed in the New Hope Baptist Church near Stamford, Thursday, Aug. 6, at 7 p. m., Miss Bethie Sue Lindsey, of Stamford became the bride of Rev. David Whitaker of Baird. The ceremony was performed by the bridegroom's father, Rev. E. L. Whitaker.

The bride is a daughter of Mr. and Mrs. Barron Lindsey of Stamford. The bridegroom's parents, Rev. and Mrs. E. L. Whitaker, live at Jefferson City, Mo.

Mrs. William E. Mayes, who was the bride's piano teacher during her high school days, played the wedding music and played Liebestraum No. 2 (Listz) during the wedding ceremony. Bill Myers of Big Spring, H-SU student, sang "Because" - I Love Thee" by Grieg and "The Lords Prayer."

Orchid and yellow, the bride's colors, were used in the altar decorations, with background of laticework and foliage and fancy-leafed caladium and tall candles in candelabra.

Sisters of the bride and brothers of the bridegroom were in pairs for several places in the wedding party. Candles were lighted by Bettie Ruth Lindsey and Donald Whitaker, Junior attendants were Glenda Kaye Lindsey and Dennis Whitaker.

Maid of honor was Mary Zoanne Lindsey and best man was Daniel Whitaker.

The bridesmatron was Mrs. Lynn Ed Heath of Graham, who was Elaine Langford before her marriage July 18. Groomsman was Vincent Becker of Odessa and ushers were H. B. Terry of Abilene and Curtis Chatham of Baird. All of these were H-SU students.

The flower girl was Marion Jeanne Jennings of Wichita Falls, a second cousin of the bride and a daughter of Mr. and Mrs. Billy Jennings.

The bride's father gave her in marriage. She wore a bridal gown of white satin with chantilly lace yoke. The dress, made by her mother, had long fitted sleeves

The Baird Star, Baird, Callahan County, Texas, August 14, 1953

formed of a large block of ice. The four-tiered wedding cake was topped with miniature bride and bridegroom.

For traveling, Mrs. Whitaker wore a gray orlon dress with tight-fitting sleeveless jacket of gray and white stripes, white linen hat and white knit gloves, red pumps and a corsage of red flowers. She carried a red purse.

Following their honeymoon, the couple will go to Ft. Worth, where they will live at 4519 Stanley St. Before they go to Fort Worth, they will be in Baird for a week. The Rev. Whitaker has

been associate pastor of the First Baptist Church there and was ordained there in May. He will attend Southwestern Theological Seminary in Fort Worth. He was graduated from H-SU in August, 1952, where he was a member of the chapel choir, the ministerial council and the Life Service Band.

Mrs. Whitaker graduated from Stamford High School in 1952 and attended H-SU as a music student last year. She was a member of the chapel choir and the Life Service Band.
