

Friona Streets Braves Win 7-6 Now Marked In Farwell Game

Coach Lehnick's Junior Braves Tuesday night nosed their Farwell opponents in a 7-6 game at Farwell. Farwell scored their touchdown in the opening minutes of the game, and held the locals scoreless until the third quarter when Donald Bradley broke into the open for the touchdown, followed by successful conversion for the extra point by Wayne Rmodes.

Starters for the Friona group were John Tubbs, Gene Pope, Rodney Weis, A. J. Robinson, Gary Dean McGlothlin, Kim Caffey, Jon Mac Roden, Lonnie Woods, Donald Bradley, Wayne Rhodes, and Jimmy Bainum. Substituting were Jerry Lloyd, Owen Houston and Jim Roy Clements.

The Friona Juniors will meet the Dimmitt aggregation here two weeks hence on October 5.

The Braves were accompanied to Farwell by members of their pep squad and twirlers and by several carloads of interested parents. Leading the Junior pep squad are Kay Kirk, Nancy Outland, Robbie Boggs and Pat Cranfill. Twirlers are Gwendolyn Green, Ray Gene Jones, Lavone Flemming and Caroline Crump.

Friona Churchwomen Meeting This Week

The members of the WSCS of the Methodist Church will be hostesses to the Interdenominational Church Ladies meeting on September 23, at 2:30 p. m. in the Methodist Church.

All ladies in the community are invited to attend this meeting.

Friona P-TA Holding Monthly Sessions

First meeting of the Friona Parent-Teacher Association this year was held last Thursday evening with the program in charge of Mesdames Truitt Johnson, Hershel Johnson and D. C. Herring.

The meeting was opened with welcome by President Lorraine Welch.

Tim Magness served as emcee, introducing the faculty, conducting games and leading in group singing with Denise Magness accompanying.

The Girls Sextette entertained with two numbers, Pamela Roden gave a tap feature, and Steven Thornton sang "South of the Border."

P-TA theme for the year is "Better Homes - Better Schools - Better Communities."

Regular meetings will be held on the third Thursday of each month, and full interest and attendance is urged as a contrast to this first meeting where the teachers almost outnumbered the parents present.

Have a Job? Call a Senior

The Seniors of Friona High School will be doing all kinds of odd jobs on Saturday, September 25, their annual Hobo Day. They are ready to undertake washing windows and cars, washing dishes, mowing lawns, baby sitting, etc.

The proceeds will be used to benefit some of the activities the seniors will participate in this year.

If you have some job around the house that you wish done, just call any senior or drop a card to the class president, Gordon Wright.

Mrs. Mary Lee Cass is a new employee at the Foster's Dry Goods in Friona.

Demonstration Is Planned Tuesday

A Frozen Food Demonstration will be conducted Tuesday afternoon at the clubhouse in Friona, with all women, and men for that matter, invited.

Sponsored by the Parmer County Implement Company, dealers for the International Harvester line, the program will include instruction and exhibits of all phases of frozen food preparation and freezing.

Miss Claudette Hohl, I. H. Home Economist, will conduct the school to begin at 2:30 o'clock Tuesday afternoon.

Various awards and door prizes will be given, according to firm manager, John Lamb, who extends cordial invitation for a full attendance at this school which has proved popular in previous seasons.

Cleveland on WT Grid Team

Local football fans no doubt will be watching regional college football with particular interest, with Dub Cleveland, Friona junior at West Texas State, being given considerable build-up in his right end position with the Buffs there.

DeWayne Cleveland, brother of Dub and former WT athlete, is coaching this year at Floydada.

Scouts to Plan Trip At Monday Session

There will be a meeting of the Friona Boy Scout Troop at the Scout Hut on Monday night, according to Scoutmaster Steve Bayousett, and plans will be made for the scout trip to the mountains of New Mexico. The trip will probably be made within the next two weeks. Time for the meeting will be 7:30 p. m.

Corner Grocery In Award Program

The Corner Grocery in Friona last week commenced a weekly award program wherein someone will win at least \$5.00 worth of groceries weekly.

Owners, Mr. and Mrs. Joe Johnson, are posting the weekly award, letting it accumulate from week to week if the winner fails to claim the prize.

Handbills are mailed and distributed each week, each having a number printed on its face. A duplicate handbill carrying one of these same numbers is posted in the store; and the person presenting the circular bearing identical number receives the award.

Five Hospitalized in Two Days Result Local Traffic Accidents

Two Friona youths were hospitalized and two were given emergency treatment Monday morning after a pickup in which they were riding overturned on the outskirts of Friona.

Earl (Cotton) Renner, 16, driver of the '46 Chevrolet pickup, was hospitalized, but later dismissed. Gaylon Rhodes, 18, still was in the local hospital late yesterday with undetermined injuries about the head. Others in the wreck were Charles Kirk and Billy Parker. The boys had started to the Ama-

rillo fair, and according to investigating highway patrolmen, whipped their vehicle after attempting to pass a car, seeing an oncoming vehicle, and attempting to turn back into their own lane. The pickup turned over probably three times, completely demolishing it. Officers Kirkwood and Culp said.

The four were brought to the Friona hospital by Pat Patterson, first motorist at the scene.

Renner was charged with driving in excess of a safe speed.

Three persons still were hospitalized, with one probably in serious condition, resulting from a collision one mile east of Hub on Highway 86 early Saturday morning.

A '49 Ford sedan driven by Monty Joe Ballard of Dimmitt, collided with a '51 Ford pickup driven by Homer A. Hyde, 65, of Route 3, Friona. Both drivers are in the Friona hospital, together with Robert Glenn Ballard, 21, most severely injured of the trio, suffering from head injuries.

The wreck occurred at an intersection of a county road and the state highway, and Hyde has been charged in Justice Court with failing to stop at a "stop sign," according to investigating patrolmen.

Damages were estimated at \$400 to the car and \$800 to the pickup.

Cubs to Organize At Monday Night Meeting

The first pack meeting for the new Cub Scout year will be held in the basement of the Congregational Church on Monday night, according to Scoutmaster, Judge Barkel.

New den mothers will be named and the general program activities for the coming year will be discussed.

All interested parents and Cub Scouts are urged to attend this meeting.

Weather Favorable For Harvest Here

Ideal weather has prevailed for the grain ripening and the harvest operations in Parmer County this week. Hot, dry days have been the rule, with recent nighttime temperatures reaching as low as 53 degrees to bring real autumn atmosphere.

Grain is being brought to the elevators in steadily increasing stream, though harvest peak is still distant. Some elevators are receiving four or five carloads daily now of grain that is carrying high test and low moisture content.

The elevator operators still remind farmers that 13 per cent moisture is the maximum allowed for sale under Commodity Credit regulations.

Pancake Supper Next Friday Here

The Progressive Study Club is sponsoring a community pancake supper at the Friona school cafeteria on October 1, from 5:00 p. m. to 8:00 p. m.

All proceeds from the supper will go to the Friona Community Hospital building fund, to help speed the time when construction will begin on the new hospital for Friona.

WINNING BOOTH

This attractive exhibit arranged by the Rhea Community took 1st Place honors at the Parmer County Fair last week in Friona.

Sez Big Minnie:

Dear Uncle Bert,

This has been a pretty busy week for most of the students at FHS.

The band went to Dimmitt on Saturday to march in a parade. Two other bands were present, Dimmitt and Hereford. The band also went to Amarillo, Monday, to march with about 29 other bands from this area. After the parade, the day was spent at the Amarillo Fair.

Last week, the Student Faculty Congress election was held for president and vice-president. Mickey Ready and Harold Taylor were elected. Don Lewis and Carl Blackburn gave them a tough contest.

The Friona B-Team went to Springlake to play football last Thursday night. The final score was 20-0 in favor of Springlake. The high school A-team played Portales here Friday night. The score was 25-0 with Portales in the lead. Our boys sure put up a good fight, though.

Here is a Safety-Gram from the Texas Safety Association that I think everyone should read. "One of the best ways for the hometown football team to lose some of its best supporters from the local citizenry is to fail to exercise safe driving practices when going to and from the football games. They remind us that extra care and caution are needed to insure your safety when driving a car. Protect your life and the lives of others by driving carefully, when you leave the ball game." Don't you think that is good advice, Uncle Bert?

The high school was well represented with the prizes given for entries in the county fair. The SPF and the Pep Club won first on their booth and the Junior class won first on their float in the parade. I hope all these people keep up the good work so our Parmer County Fair will be better each year.

According to Mr. Kelly, there are more freshmen being absent from school this year than in the Sopho-

more, Junior and Senior classes combined. This is a record that we surely need to correct.

The football boys were guests at the WTSC vs. McMurry game last Saturday night. They were invited by Coach Kimbrough. The evening was enjoyed by all.

I heard that each class in high school this year will have the concessions at the football game. The profits will be divided in half with the Home Fund.

I guess I had better close for now, Uncle Bert. I will write again soon.

Your niece,
BIG Minnie.

Friona - Bovina Tilt Highlights Week-End

Parmer County football fans should be able to see one of the better games of the season this Friday night in Bovina when the Bovina-Friona tilt is called. With both teams keyed high for this tussle, and with the good showings of Bovina in previous scores, and the improving "know-how" of the local gridsters, everything seems to be in the making for a local interest game.

Bovina, though fresh from a 27-13 defeat at the hands of Happy,

only a week before edged Springlake in a 27-25 score. Friona on the other hand was at the little end of a 25-0 tally against the powerful Portales Rams here last week.

The Friona boys showed marked improvement in fighting spirit and savvy of the game against Portales, and the score may well be regarded in giving credit to the locals for a well-fought game. The Houlette-Chiles and Taylor and Barnett combinations in the backfield clicked to most everyone's satisfaction here.

Only one change in starting lineups is anticipated for Friona in this week's game at Bovina, with Donald Petty coming back, probably replacing Brooks.

Paul Fortenberry is assisting at the Black Grain Company during the grain harvest. D. C. McWhorter is manager of that firm.

Suffers Broken Hand John Burrows received a broken hand Friday when tools he was working with on a construction job for Albert Rolen, slipped and fell across his right wrist.

Fair Attraction

HUGE PARK COLISEUM TO BE OPENED—Highlight of the Panhandle South Plains Fair in Lubbock from Sept. 27-Oct. 2 will be the gala opening of the new 5,500-seat Fair Park Coliseum. A Grand Ole Opry show featuring Webb Pierce and extra attractions including the appearance of Slim Whitman and the Maddox Brothers and Rose will be presented daily at 2:30 p. m. and 7:30 p. m. In the above picture, pretty 15-year-old Linda Jones, daughter of Mr. and Mrs. Dorris Jones of Floydada, takes a early look at the huge structure.

Hospital Notes

- Admitted—

At a recent junior game here there was a solid line of cars outside the field, observing the game across the fence. In fact so many watched the game from this view, that gate receipts failed by \$6 to

The Snatch

Read I Corinthians, Chapter 13
Now abideth faith, hope, love, these three; and the greatest of these is love. (I Corinthians 13:13, ASV).

Several days ago I read an article by Mr. Kim Kisong in the Korean Survey. He tells about climbing a mountain and finding a soldier of another country. The soldier had died of wounds received in combat.

As Mr. Kisong looked at the body lying dead on foreign soil with no friend and no family to give it proper burial, he says he himself began to look upon the departed one as his friend. He spent the night removing the body and preparing a grave beside his own father's grave. Although in life the soldier was unknown to Mr. Kisong, he buried the body with the same

honor and respect he would pay to a close relative.

A Love, Christian love, is unselfish. Do we, for love's sake, forget ourselves as Mr. Kisong did? He knew that he would be killed if he were caught burying this soldier. It is not always easy to be loving and to show forth that love, but we must make Christ's way a part of our everyday life.

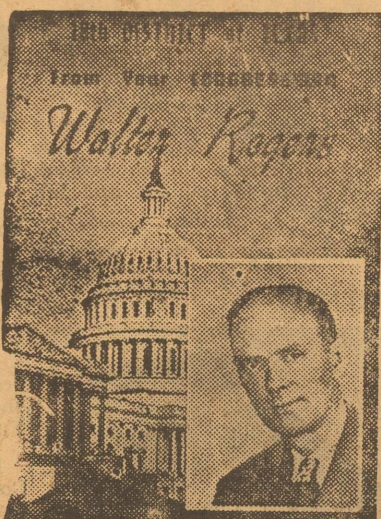

Prayer

O Thou who art love, help us to love Thee. Help us to love our fellow men as Thou wouldst have us to do. Teach us to give ourselves in unselfish service. In Jesus' name. Amen.

Thought for the Day

God is love, and His love in us makes Christian fellowship possible. In Sook Moon (Korea).

Washington Views

To the People of the 18th District:
Back Home

I finally got the work in Washington caught up to where I could get home. My feet hit Panhandle Terra Firma on the night of September 9 and, needless to say, it was a wonderful feeling. Had appointments all the next day with people who were having trouble getting some of their troubles straightened out. We didn't get them all straight, but did get the machinery started on most of them. Friday night, I went to the Farm and Home Show at Pan-Tech Farms and had a most enjoyable time. Saw the beauty contest, and can assure you it was not misnamed. Friend "Cotton John" was busy as a bee, as usual, and doing the splendid job that he is in and in this section of the country. Attended the Airport Dedication at Amarillo on Sunday and heard Ross Rogers make a wonderful speech. He has done a lot for Amarillo and this entire section.

by the House Agriculture Committee in June of this year. The figures contained in it are too many to quote in this newsletter, but a brief treatment can be had. This report shows that according to aid figures, the price support program has cost \$1,194.8 million dollars since it began in 1933. Nearly half of this was a loss occasioned by the Irish potato loss, which accounted for approximately 478 million. It was pointed out in the report that most of the costs of the price support operations occurred during the post war readjustment years; that during this same time, business re-conversion payments by the government amounted to over \$40 billion dollars.

There is really no reason to try to build up a big bugaboo about so-called subsidies or special services or incentive benefits, or whatever you want to call them. The truth is that these payments have actually gone into all segments of our economy, and it hardly behooves one group to criticize the other. The further truth is, much has been accomplished in this manner that would otherwise have been delayed many years.

When the first Congress convened in 1789, its first act was to devise a system of administering oaths. The next business was the enactment of a tariff bill. This legislation set up a subsidy principle that has been followed in many forms. The Government granted over 6 million acres of public land to private interests, between 1827 and 1866, to encourage canal building and river improvement, in addition to right-of-way grants. This was just part of the program. Approximately 183 million acres of Federal and State lands were granted to railroads between 1850 and 1870. We all know of the continued subsidies that are granted shipping and air carriers, as well as other programs. The recent Atomic energy discussions point up the contribution that has been made by the taxpayers who paid for this program. Certainly everyone wants to take part in the forward movement of civilization and to contribute what he can. Our progress would be so much better if some of the attempts to set one segment of our economy against the other should cease. We can accomplish so much

My telephone number at Pampa is 4-5631. If it doesn't answer, try again, because I have so many places to go, I might not be there, and the young lady might have stepped out for a few moments.

More About Subsidies
There is so much talk around the big cities of the East about the fabulous farm subsidies, that I think the Eastern papers should prominently display a report issued

By VERN SANFORD
Texas Press Association

AUSTIN.—In designating October 1 to 8 as National Newspaper Week in Texas, Governor Allan Shivers said "it is well to reflect upon the important part a fully informed press plays in our lives."
He continued by stating that "we are learning to appreciate our great press more and more as we see rigorous government control in many other countries suppress the free flow of news."
Shivers saluted the newspapers "great and small" . . . as well as the men and women whose time and talents are used to make America's newspapers "the best on earth."

Cattle Killing

Texas ranchers are rushing livestock to market before cold weather sets in. Prospects of another winter with little feed appear on the horizon.
USDA officials say showers in the trans-Pecos and High Plains regions helped grass and grain, but "not enough."
General rains are still needed by the whole state, according to the USDA's farm and ranch survey.

Land Program

Best bid for the final \$10 million worth of bonds to finance the Texas Veterans land-buying program came from the National City Bank of New York.
The firm offered an interest rate of 2.097 per cent.
With its last offering the Veterans Land Board will have issued \$100 million in bonds—the limit provided by the State Constitution.

Building Increases

Construction work during 1955 will shoot over the \$100 billion mark in Texas, reports the state's construction industry.
Texas cities will spend a total of almost \$795 million for construction. Federal contracts in Texas will amount to another \$298 million.

Fowler Resigns

Wick Fowler of Austin, executive assistant to Governor Shivers for the past two years, has resigned effective October 1.
Fowler plans to publish a weekly newspaper on state government and politics.

Nash Leaves

Mr. and Mrs. James P. Nash have left Austin of New York and Nash's new position as alternate U. S. delegate to the United Nations.
He recently received the diplomatic post through nomination of President Eisenhower and confirmation of Congress.

Personals

Mr. and Mrs. Ralph Miller are planning to spend the week-end in Lubbock visiting their daughter, Joyce, and attending the Texas Tech-WTSC game Saturday night.

Mr. and Mrs. Granville McFarland and Mr. and Mrs. Dan Ethridge left Thursday on a short trip to New Orleans.

Mr. and Mrs. Sloan Osborn and children spent the week-end at their cabin in the mountains of New Mexico.

Mr. and Mrs. C. L. Lillard and Mr. and Mrs. Dean Blackburn attended the Ice Show in Amarillo, Wednesday night.

Mrs. Forrest Osborn is recuperating at her home this week from dental surgery she underwent last week at the local hospital.

Mr. and Mrs. Sam Adair of Denver, Colo., spent the week-end with their uncle and aunt, Mr. and Mrs. A. O. Drake.

BIRTHDAY CALENDAR

THINK SAFELY ALL-WAYS

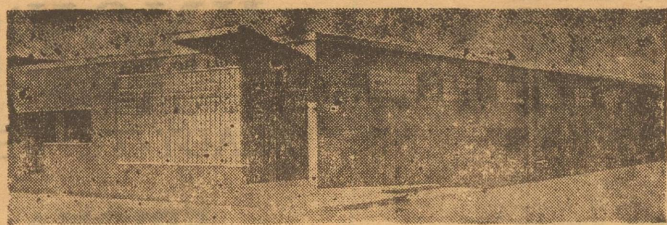

70 killed!—More than 8,000 injured! You didn't read of this disaster in your local paper. It wasn't there. These killed and injured were working men and women all across the nation who were accident victims on their jobs yesterday. Today they are statistics!

The toll goes on—every hour, every day and at year's end some 16,000 workers have been killed and more than 2,000,000 injured. Time lost by disabling injuries would equal the working time of a million men for a whole year. For the dead there is no time.

About 3 out of every 4 occupational accident victims are workers in smaller plants, firms and businesses. In fact, in every job there is some hazard. Slipping on a floor, tripping on a stair or falling from a truck can incapacitate you as surely as some situation which would seem more dangerous. Know your job—know the hazards connected with it—and be prepared to avoid them.

Think before you act—before you expose yourself to danger and accident. Think safely. It's better to be a worker than a statistic!

Friona State Bank

Black Items

Mrs. Guy Latta of Fargo, Okla., is a visitor in the home of Mr. and Mrs. John Bengner. Mrs. Latta is Mr. Bengner's sister.

Mr. and Mrs. Monroe Cruce of Lubbock were dinner guests of Mr. and Mrs. R. E. Barnett, Saturday.

Mrs. W. R. Braxton, Jim and Ray Gene were in Clovis, Saturday.

Mr. and Mrs. Ralph Price, Randy and Jeffery, and Mr. and Mrs. W.H. Price of Hereford visited in the John Price home in Lubbock on Friday. They also met Clyde Hays and Calvin Ivy from Black, who are attending Texas Tech College.

Mrs. Glenn Roberson is home after a week's stay in the hospital in Hereford.

Mr. and Mrs. John Bengner and Mrs. Guy Latta attended the Clovis Fair, Saturday.

Mrs. George Brock of Lubbock visited her parents, Mr. and Mrs. R. E. Barnett on Saturday.

Mr. and Mrs. Leonard Latham and friend are spending this week at Possum Kingdom Dam fishing.

Our Study Club and Home Demonstration Club were well pleased over our booth at the fair winning third place.

Mrs. J. R. Nazworth and children visited Mrs. Barnett, Thursday evening.

Mr. and Mrs. Otey Hinds and Phyllis were at the fair in Clovis, Saturday.

Ross Latham is fishing this week at Sugar Lake in Old Mexico.

The Study Club will meet with Mrs. John Bengner, Thursday night, September 30.

Mrs. Ross Latham and son are visiting her parents in Morton this week.

Mr. and Mrs. E. W. Tatum attended the football game at Springlake, Thursday night.

Dr. and Mrs. Paul Parr of Oklahoma City and Mrs. Florence Parr of Hereford were guests in the Bruce Parr home this week.

Visiting in the Sam Greeson home this week were Mr. and Mrs. Harry Berrick and Ted Thompson of Boulder City, Nevada. Mrs. Berrick is a niece of Mrs. Greeson. This was the first time they had been together in twenty-five years.

Promotion Social

The Junior Department of the Baptist Church had their annual promotion social on Monday night. About 60 were in attendance.

FHA Irrigation Loans Available to Farmers

COLLEGE STATION, Sept. 22.—A new type credit for financing soil conservation measures will be available to farmers through a recent amendment to the Water Facilities Act. In addition, loans to develop irrigation systems and farmstead water supplies, previously limited to 17 states, are extended to the rest of the nation.

The loan services will be available from the Farmers Home Administration. Applications must be made to FHA county offices.

An outstanding feature of the law is provision for insuring loans made by private lenders. Where insured loans from private sources are not available for approved projects, some direct government loans will be made.

Interest rates for insured loans from private sources will be four percent a year on the unpaid principal, plus an annual loan insurance of one percent. Direct loan interest will be five percent.

Loans can be used, under the amendment, to pay costs of materials, equipment and services directly related to the application or establishment of soil and water conservation practices, water facilities or drainage. This may include such things as construction or repair of terraces, dikes and ponds, pasture improvement, basic application of lime and fertilizers, and tree planting. Water facilities that can be financed with these loans include tanks, cisterns, wells pumping and irrigation equipment and similar facilities.

Eligibility for loans under this new legislation will be passed upon by the local three-member county committee of the FHA. Loans will be made only for the types of soil and water conservation practices recommended by the Extension Service, Soil Conservation Service and other Agricultural agencies. No loans can be made for annually recurring costs that generally are considered as farm operating costs.

Mrs. Lawrence Hostess At Rhea H.D. Meeting

The Rhea Home Demonstration Club met Thursday with Mrs. C. A. Lawrence.

Present were Mrs. Spencer and Candy, Mrs. Walter Schueler and Vicki Ann, Mrs. Cordie Potts and Jay, Mrs. Markham, Mrs. Selma Wagner, Mrs. Shaddix, Mrs. Watson, and the hostess, Mrs. Lawrence.

Mrs. Shaddix is a new member. Meeting time has been changed to 2:30 p. m., and the next meeting will be with Mrs. Potts. Names will be drawn at this meeting for secret pals.

Mr. and Mrs. Duane Carter of Lazbuddie spent Sunday visiting in the Kenyth Cass home.

Ethridge - Sprigg Agency
Friona

The High Plains consists of soils varying from sands to clays and range from slightly acid to slightly alkaline in natural form and under annual rainfall of approximately 20 inches.

Plans have a choice of the 90 or more elements found in the soil, air and water. Plants take in a little of most of these elements but actually need only fifteen. Four of the 15 elements come from air and water and make up about 25 percent of the dry weight of plants. These four elements are carbon, hydrogen, oxygen and nitrogen. Nitrogen cannot be used directly by most plants. Only legume bacteria and certain forms of other bacteria are able to use nitrogen from the air and in turn furnish it to the plant. The carbon comes from the air, the hydrogen from water, and the oxygen from both air and water.

The other eleven essential elements are iron, calcium, potassium, magnesium, phosphorous, sulfur, manganese, zinc, copper, boron and molybdenum, which comes from the soil.
When we grow crops on the land, the plants take up these elements as they grow. When we sell the crops, these elements are sold too. The land then has less of them than it had before. In many years time, some of these may be used up. Those generally used up first in our locality are nitrogen, phosphorous and occasionally potassium.

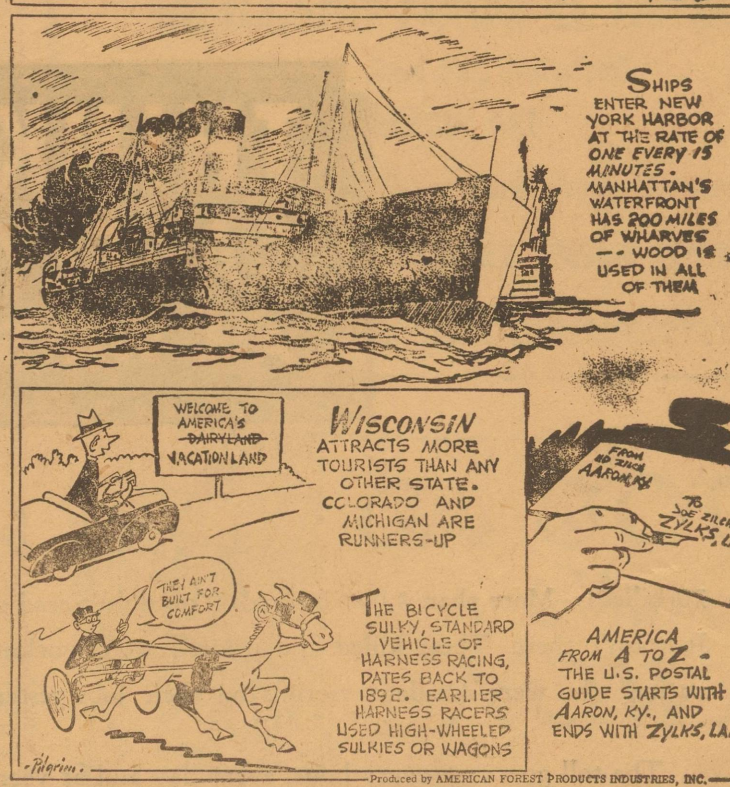

Nitrogen can be added to the soil in fertilizer by growing legumes which have inoculated with a special bacteria. Inoculated legumes form nodules or lumps on their roots which store nitrogen which the bacteria have gathered for the air. Phosphorous and potassium are added as fertilizer. A complete fertilizer contains nitrogen, phosphorous and potassium. One ton of barnyard manure equals approximately 100 units of 10 percent nitrogen, 5 percent phosphate, and 10 percent potash or 5-10-5 sacks of complete fertilizer.

The factors influencing the yields of crops are light, moisture and humidity.

Mr. Raymond Cook visited his wife in Lamesa over the week-end. She has been ill, and Raymond reported that she is feeling somewhat better. She is staying with her parents at present.

Visiting in the W. E. McClothlin home this week is Mrs. E. H. Hastings of Seagraves. Mrs. Hastings is a sister of Mrs. A. E. Stanley. Two of her granddaughters brought her on Sunday.

Sunbeams Have Mission Study, Hand Work

The Bonnie Baptist Sunbeams met Tuesday afternoon for Mission study with Mrs. Claude Osborn and Mrs. Ralph Miller, leaders.

The study of Missions was followed by hand-work. Those present were: Hobart Estep, Annette Jennings, Richard Neelley, Danny Murphree, Jonell Wood, Betty Fields, Kim Buske, Johnny Estep, Tim Herring, Rita Gayle Collier, Joey Murphree, Darrell Collier, Eddy Wood, Marilyn Roff, Leonard Whitten, Lenore Jackson, Jimmy Roff and Lorene Jackson.

SEVENTH ARMY, Germany.

Pvt. Jerry D. Ellison, whose wife, Katie, and parents, Mr. and Mrs. H. D. Ellison, live in Bovina, Texas, was recently assigned to Seventh Army's 27th Anti-Aircraft Artillery Battalion in Germany.

Combat units of Seventh Army form a major part of the strong cordon of American defense forces stretching across the U. S. Zone of Germany.

Ellison, a member of the battalion's Battery C, entered the Army last March and completed basic training at Fort Bliss, Texas.

Let Us Prove That Drag-Not Tablets Can Make You Feel Better

If You Are Wearing That Look of "False Old Age",
Feel Tired Out, Depressed, or Suffer from Sleeplessness, Constipation, Lack of Appetite, or Digestive Disturbances

Your trouble may be caused by iron-poor blood or a system starved for nature's essential vitamins and minerals. If so, you need suffer no more. In just one day Drag-Not Tablets' high-potency iron, multiple vitamins and blood-building elements are in your blood stream, carrying new strength and energy to all parts of your body. These work your elimination. Soon after you start taking Drag-Not Tablets, the way organs will go back to work and you will notice that the black waste and the impurities begin to leave your body.

You will feel a wondrous change, the years will seem to slip away and you will enjoy wonderful new pep and vitality. Look and feel younger. Get non-habit forming Drag-Not Tablets (rich in iron, liver, yeast concentrate and some substances with 8 vitamins and 5 minerals). For men, women and children. There's nothing else just like Drag-Not. Results in 7 days or your money back. Only \$1.98 for a month's supply.

BI-WIZE DRUG

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

Many around Washington claim but for the weight of 80 birthdays, another "Bull Moose" movement would emerge headed by Herbert Hoover.

Observers claim recent events have recalled ex-president's GOP Convention speech two years ago. In fact, speech has been printed to meet demand for copies.

Yet paradoxically the ideals and precepts voiced by Hoover at that time, plus his comments in C.W. Harder Iowa on his 80th birthday bear little, if any resemblance to nation's course during past 22 years.

But many looking at \$70 billion in foreign aid since the war, an amount equal to one-fourth the national debt, are asking what has been gained from the \$70 billion, plus billions now being spent.

For example, a delegation of British party barely out of power, recently had high old time in Moscow, filled with pleasant cocktail hours.

This is akin to unthinkable situation that would result if next month Democratic Party leaders toured Moscow bars with Malenkov & Company.

France's new premier torpedoed European Defense Community toward which more American effort and many dollars were expended.

Bright new word is "Co-existence". Actually, trade road

© National Federation of Independent Business

between London or Paris and Moscow is very short.

Cartel business is cartel business no matter who heads the monopolies.

So idea of a Soviet cartel doing business with British or French cartel is not far fetched but a logical step many feel.

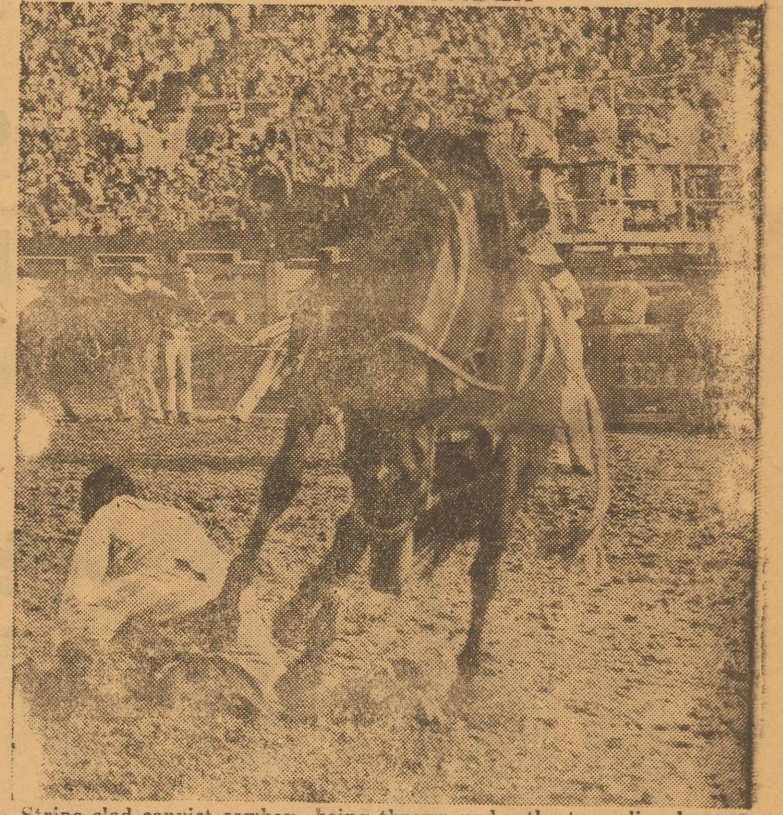

With long foresight of the inevitable, two years ago peaceful Quaker Hoover urged nation to arm for impregnable defense, forget rest of world.

And relief worker Hoover, who aided humanity following two world wars, is opposed to high taxes, false governmental credit maneuvers, because he has seen their results in terms of cold, hunger, disease.

And Hoover, knowing you cannot pet a viper, has called for sundering of relations with Russia, a cry now being sounded by men such as General Mark Clark, by House Committee on Communist Aggression, headed by Rep. Chas. Kersten (R., Wis.).

Yes, evidence mounts that crusade against high taxes, bureaucracy and world meddling carried on so long ago by former Iowa orphan who rose to greatness under American free enterprise system is attracting many. Only nations without anti-trust laws can co-exist with Russia. And mighty determination appears arising to protect American free enterprise system with anti-trust laws regardless of consequences, because it has been written "What profiteth a man to gain the whole world but to lose his soul". Yet much clamor can be expected, not from Red agents alone to alter soul of American system to make economic "co-existence" feasible.

OFF AND UNDER

Stripe clad convict cowboys being thrown under the trampling hooves of outlaw horses or rampaging bulls is an everyday sight that keeps spectators on the edge of their seats at the annual Frison Rodeo. This year, the show's 23rd season, five very-Sunday-in-October performances promise to be better, better and wilder than ever before, October 2-10.

SCD Newsletter

Organic matter is derived from plant and animal life present in varying stages of decomposition. (Originates from green plants, animals and micro-organisms when they die and return to the soil.)

It helps to open the soil so that plant roots and soil animals may breathe more freely, stimulates plant growth, allows water to enter the soil profile, keeps the ground mellow and easy to cultivate, makes the soil warm up earlier in the spring and keeps the ground from baking, crusting over on top and cracking throughout profile.

As organic matter decomposes, the plant nutrients which it contains are released slowly to growing plants. Also, in the process of decomposition, certain organic acids are released which help to make other soil nutrients more available.

When people first began to farm our land, the soil had all the organic matter it could hold under conditions existing. But it is difficult to maintain the organic matter in the soil when it is being farmed. When the land is plowed, or worked, air enters to soil faster causing organic matter to decompose faster and plants to grow faster, depleting our supply. After enough of it is used, our soils get dense and heavy, compacted, are susceptible to crusting, baking, drying out and do not allow water and air to move freely. The lack of air causes our plant animals and processes to slow down and does not furnish a good medium for plant growth. The lack of free movement of water causes rainfall to runoff and plants suffer from drought and improper use of natural rains. It also causes erosion

as the particles of soil are broken away. This organic matter must be put back in the soil if we maintain it like we found it. This can be done by putting large amounts of farmyard wastes and manure or compost, cotton burs, returning all the stalks and roots of plants we have grown on the land, planting legume or green manure crop and turning it under. Organic matter is not lost in well kept lawns and pastures. Grass roots die all the time and new roots take their place and its large amount of roots dying add to the organic matter in the soil. Planting grass on land is one of the good ways to restore depleted organic matter and if legumes are planted with the grasses, this hastens the build-up. Humus is the end-product of organic matter and turns to a waxy, blue substance which tends to stick soil particles together giving our soil good tilth, structure, mellowness and ease of cultivation. It cuts down erosion by glueing particles together, making separation and movement difficult by wind and water. Make it a practice of adding of the organic matter possible by putting more plant food on land than crops remove. With organic matter the soil dies and have permanent farming we alternately break down, build up organic matter. If the soil is farmed correctly as much organic matter turns back to the soil as is lost in making a crop the land will continue to be as mellow and in as good till as when farming first began.

Take a look at the car

This is the beauty that's soaring to new success this year. This is the tomorrow-styled Buick that has record-high V8 power, big-car roominess, the solid comfort of the famed Million Dollar Ride, and sports-car response. Is it any wonder that Buick today—regardless of price class—outsells all other cars in America except two of the "low-price three"?

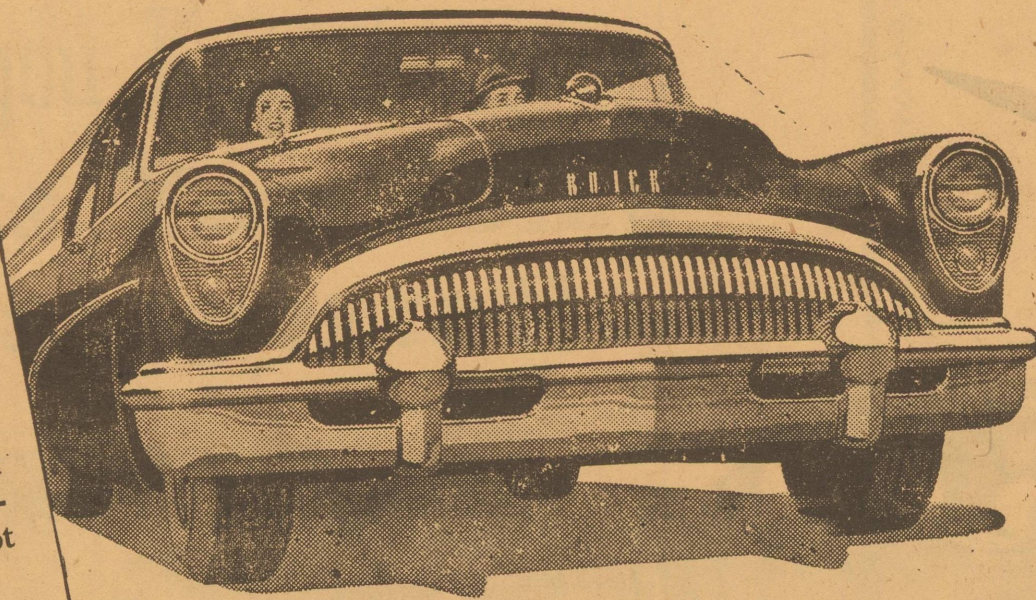

Take a look at the price

This Buick V8 costs just a few dollars more than the so-called "low-price three"!

Take a look ahead

No Wonder -

Buick Sales are Soaring!

The fact is, for just a few dollars less than some models of those "low-price three," you get in this Buick 2-door, 6-passenger Sedan a whole of a lot more automobile—more room, more comfort, more ride steadiness, more V8 power. And that "more automobile for your money" goes for every Buick in the line—the low-priced SPECIAL, the high-powered CENTURY, the extra-spacious SUPER, and the custom-built ROADMASTER. And the proof is in Buick's booming sales figures!

You want a car that will keep its style in the years ahead, and return more dollars when you sell it. That's today's Buick—for with the year-ahead styling that graces this winner—and with all the solid value built into this great automobile—you're bound to command a higher resale price when you sell it. Drop in—look over this beautiful buy—and learn the clincher: With our tremendous volume right now, we can offer you the top allowance on your present car. So you're way ahead on all counts!

WHEN BETTER AUTOMOBILES ARE BUILT WE WILL BUILD THEM

Kinsey-Roberson Buick Company - Hereford

RHEA

By GLADYS DEAN

Lindy Dean spent Sunday with Karen Trieder in Friona.

Mr. and Mrs. Billy Sifford, Mrs. Elmo Dean and Gladys spent Sunday visiting with Mr. and Mrs. Floyd Schlenker.

Mr. Lester Dean and girls spent Sunday with Mr. and Mrs. R. E. Sneed, who live at Hub.

Visiting with Mr. and Mrs. Jack Patterson and family Sunday were Mr. and Mrs. Glenn Rickie and family of Bovina, Mr. and Mrs. Willard Patterson and family of Rosedale, Mrs. Willie Vaughn and girls, Mrs. Richard Vaughn of Rosedale and Mrs. Malcolm Prince and John.

Attend Festival

Those from Rhea who attended the Mission Festival in Hereford on Sunday were Mr. and Mrs. Gilbert Schueler, Mr. and Mrs. Frank-

lin Bauer, Rev. and Mrs. George Pullan, Mr. and Mrs. Herman Schueler, Mr. and Mrs. Raymond Schueler, Mr. and Mrs. Robert Schueler, Mr. and Mrs. Christian Drager and Mr. and Mrs. William Drager.

Jimmie Lee Parson spent Sunday with Mr. and Mrs. Glen Shaddix.

Mr. and Mrs. Henry Shaddix visited with the Glen Shaddix family Monday afternoon.

Mr. and Mrs. E. R. Day and Mrs. T. B. Armstrong attended the Tri-State Fair on Tuesday.

Demonstration Club Met at Hub

Mrs. Idella Owen, southwest of Hub, was hostess to the Hub Home Demonstration Club at her home Thursday, September 10.

Reports were given by Clydie Black and Idella Owens concerning the programs for 1955. Miss Stinson gave an interesting program on the "Com-N-Tater Family," which was enjoyed by those present.

Prize money from the Hub Community booth was presented to the club and Ted Thompson also donated her winnings to the club.

The next meeting will be on October 7, at 2:30 p. m., in the home of Mrs. Lavon Renner.

Everyone is invited to attend.

Hay Ride

The young people of the Friona Baptist Church met at the Red White home Saturday night for a party.

Following the business session the group enjoyed a hay ride and weiner roast.

Mr. and Mrs. Newman Jarrell, Sr., have been on an extended trip to Beaumont and other east Texas points.

The John Renners are adding a room to their home.

Rev. Knight Reviewed Book at Fellowship Meet

The Women's Fellowship of the Congregational Church met in the home of Mrs. Ann Shackelford on September 16, with fourteen members present.

Mrs. Zola Cranfill gave the devotional, and Rev. Lewis Knight reviewed the first four chapters of the book, "A Firm Faith for Today."

After a work period a short business session was held, after which the hostesses, Rose Lange and Ann Shackelford, served refreshments.

The Fellowship decided to hold an extra meeting in the church basement on September 29. The regular meeting will be with Mrs. Melinda Schlenker and Sarah Dean, on October 6.

W.S.C.S. Convened In White Home

The Methodist Women's Society of Christian Service met in the home of Mrs. E. S. White, Thursday afternoon, with the meeting opened with a prayer by Mrs. U. S. Sherrill.

The business meeting was conducted by the president, Mrs. W. M. Stewart.

Mrs. Joe Moyer was leader of the program, "Jesus' Concern for Cities," and was assisted by Mrs. Hadley Reeve, Mrs. Bob Gore, Mrs. Dick Rockey, Mrs. Coy Patton and Mrs. Arthur Drake. Mrs. U. S. Sherrill read the 127th Psalm and gave the meditation. The benediction was given by Mrs. A. A. Crow. Refreshments were served by Mrs. White to Mesdames Ralph Shelton, Joe Moyer, C. L. Vestal, J. L. Shaffer, Joe Collier, Hadley Reeve, Eugene Ellis, U. S. Sherrill, A. A. Crow, Dick Rockey, Bob Gore, Coy Patton, H. C. Kendrick, Ernest Osborn, Arthur Drake, Roy Slagle, Buddy Squires, Bill Stewart, J. H. Boyle, one new member, Mrs. Floyd Brookfield, and three visitors, Mrs. Hamm, Mrs. John Davis, and Mrs. Ida Merrill.

Mrs. George Ray of Dimmitt will be the installing officer.
All members are asked to be present for this meeting.

Frionans Attended Safety Program Tierra Blanca Meet Given at Club

The annual meeting of the Baptist Tierra Blanca Association was held in Hereford, Tuesday, at the First Baptist Church.
Rev. Record of Tulia preached at the morning service and Dr. A. Hope Owen of Plainview spoke on "Our Christian Education Program." Dr. Fuller of Dallas spoke at the evening service.
Those attending from Friona were: Mr. and Mrs. W. H. Wise, Mr. and Mrs. W. M. White, Mr. and Mrs. Noyle Wood, Mr. and Mrs. Curtis Murphree, Rev. and Mrs. C. M. Fields, Mrs. Elmer Euler, Mrs. Florence Buske, Mrs. C. A. Guinn, Mrs. Reba Anderson, Mrs. Leonard Haws, Mrs. Beatrice Stevick, Mrs. W. S. Crow and Mrs. Joe Talley.

Twenty-five members of the Modern Study Club were present at the regular meeting Tuesday night at the Clubhouse. Also present were two guests, Mrs. Louise Holcomb and Mrs. Ella Lamb.
The club room was decorated with arrangements of fall flowers. Theme for the program was "Skilled—Not Killed" and participating with the club members were two men from the Friona Fire Department, Dillie Kelley and Charlie Balmum, who showed a fireman's training film. Mrs. Willard Stewart gave a talk on "Traffic Tragedies—Problems and Solutions"; "Home Safety" was discussed by Elizabeth Carmichael; and Tom Lewis conducted a quiz on the subject, "What Is Your Safety IQ?"
Refreshments were served by the hostesses, Mildred May and Thelma Ford.

Mr. and Mrs. Nelson Welch and children attended the Amarillo fair on Monday.

WEBB PIERCE TO APPEAR AT FAIR—One of the many stars of Grand Ole Opry who will appear at the Panhandle South Plains Fair in Lubbock from September 27 through October 2 will be Webb Pierce, one of the nation's favorite Western singers. The 28-year-old star will help open the new 5,500-seat Fair Park Coliseum at the fair grounds. The Grand Ole Opry show will be presented twice daily at this year's regional fair.

So the People May Know

HOME PURCHASE
With "National Home Week" being observed September 19-26, many people will be thinking at least casually about the purchase

MAKE COURTESY YOUR CODE OF THE ROAD!

YIELD THE RIGHT OF WAY TO OTHER DRIVERS—TO PEDESTRIANS
and keep your car in safe-driving condition at all times!

of a new home. Those who become seriously interested should proceed cautiously when making a deal, as many important legal problems are involved in such a transaction.
For the average person, the buying of a home is the largest single transaction of his life. It is also, in most instances, the most permanent or longest term investment he will ever make. Whether or not he bought wisely will be determined by his ability to resell without difficulty, or to enjoy the use of the premises without annoyance or interruption.

Possibly the first legal problem you will meet will be when you are asked by the seller or his agent to sign a contract of sale or earnest money contract. In connection with the latter, you will be asked to deposit a sum of money which would be forfeited to the seller and agent for damages in event you do not fulfill the contract. Although no forfeit money may be required with the former, you may still be legally liable for damages if you renege. Be sure, therefore, that you know exactly what your obligations are.
The next legal problem would probably be to determine the status of the title to the property. Many persons become confused during this stage, thinking that securing possession of an Abstract or Title Insurance Policy will afford them complete protection against title defects. This is not necessarily true in either case.

Keep in mind that an abstract is merely an outline of public records on the tract. Any person may purchase an abstract covering any piece of land, whether he owns it or not. A Title Insurance Policy indemnifies you only up to a certain maximum sum of money, and contains various exceptions to the specified coverage.

Following this would be the problem of transferring the title from the legal owner to you, as purchaser, in such manner that no legal question might later arise concerning your sole and exclusive ownership.

Incidental to your title problems is that of ascertaining what restrictions exist upon the lot you are buying and upon the neighborhood generally. Municipal zoning ordinances are restrictive covenants placed upon the tract by previous owners and developers of the subdivision may prove a protection or a hindrance, according to the plans you may have for future use or improvement of your property.

Other legal questions may arise in arranging the method of payment for the house. The fact that most people need years in which to complete such payment makes this matter to be considered carefully.

These are some of the major legal problems you are likely to encounter in purchasing a home. Of course, a number of others may arise in some cases due to peculiar individual circumstances.

A free pamphlet containing useful information on legal problems involved in buying a home has been prepared by Texas lawyers. To obtain a copy, print your name and address on a postcard and mail to State Bar of Texas, Colorado at Austin 1, Texas.

This column, based on Texas Law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts because the facts may change the application of the law.

more working together than we can pulling against each other. As I have said many times before, "The American people want the truth about government payments or subsidies. If they are justified, they will be continued; if not, they will be dropped. Since it is the taxpayer's money, it seems only fair that he should have the facts and the decision."

ITEMS FROM HUB

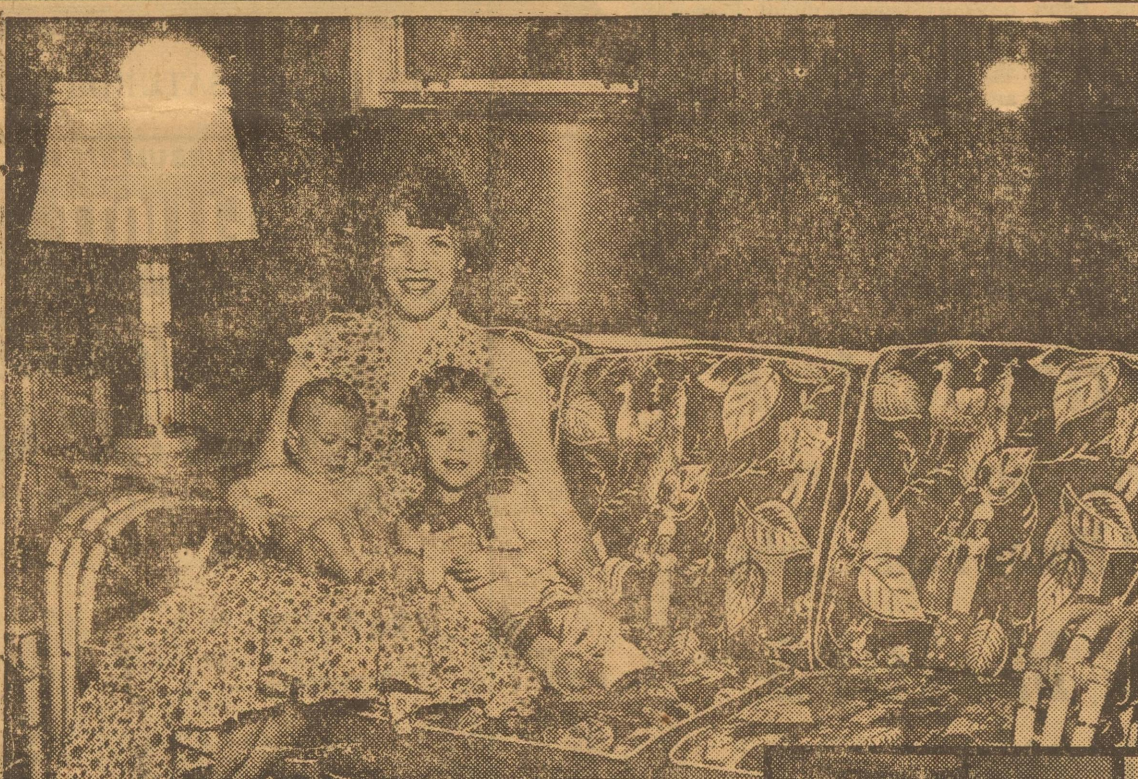

Rex Hand, young 3-year-old son of Mr. and Mrs. John Hand, decided to drive the pickup and banged it up a bit.

Mrs. Mary Mabry is visiting in the homes of her sons, James and Walter Mabry.

Attention—to whom it may concern—the watermelons are all gone, due to interested parties who visited the patches at night and tromped not only the watermelons, but everything else that was nearby.

New buildings at Hub belong to Grace Benson from Muleshoe and Alvin Glasscock and Dean Birmingham.

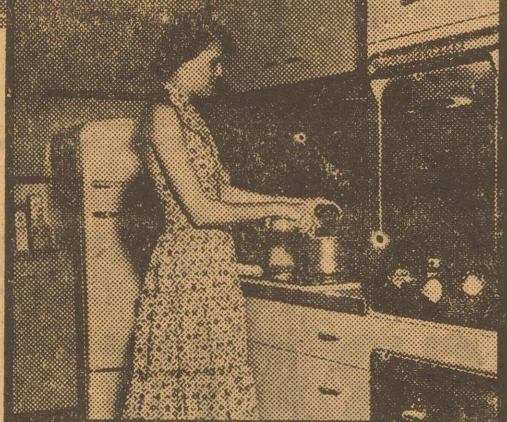

Last week the J. D. Thompsons had guests in their home from Lubbock, Shallowater and Des Moines, Iowa.

"I am a graduate home economist as well as a busy homemaker, and I really appreciate the value of electric appliances in saving time with everyday homemaking. I have owned my electric clothes dryer just a few months, but I've had time to appreciate the freedom which it gives me to enjoy my home and my family."

It's the freedom of ELECTRIC LIVING

that appeals to
MRS. PAT BOONE, JR.
700 East 13th Street
Littlefield, Texas

"I love to cook, and I chose electric cooking when we built our new home. We do a lot of entertaining, and I chose the two separate ovens in order to bake and broil at the same time for my guests."

"My washer and dryer give me more time for preparing food and the other things I enjoy doing. Convenience—and time-saving—just naturally follow when you use electric appliances."

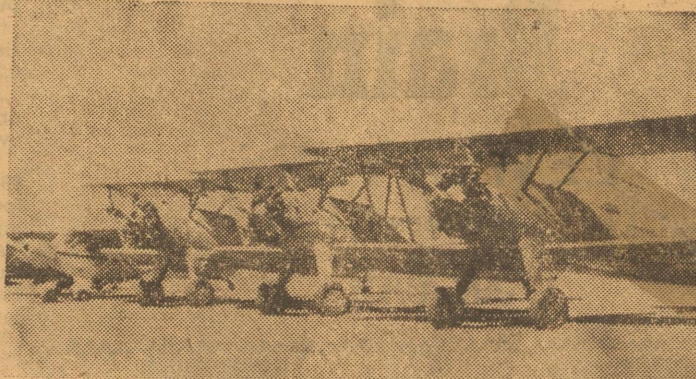

"My laundry is so soft, even better than when drying in the sun. I often do my laundry after the children have gone to bed. Electric service lets me do my laundry at any hour, day or night."

SOUTHWESTERN PUBLIC SERVICE COMPANY

The homemaker who wants to "boss" her daily tasks, such as cooking and clothes-washing and drying, rather than having the tasks boss her, wants to use automatic electric appliances. See your Reddy Kilowatt Dealer now and find the electric appliance that will bring you homemaking freedom.

Friona Band Busy Program Noted

By GLADYS BAXTER

The Friona High School band was present at the Portales and Friona football game Friday night and performed at the half and played a few numbers throughout the game.

On Saturday the band members went to Dimmitt where they marched in the Castro County fair parade. They returned home shortly after the parade.

The band also marched in the parade Monday in Amarillo during the Tri-State fair parade, then went to the fair grounds for the day. Mrs. S. E. Beaton, Mrs. Fern Barnett and Mrs. Glenn Taylor accompanied the group.

This Friday night the band will go to Bovina for the Bovina-Friona football game.

Open Ditches Are Proving Expensive

By W. L. BROADHURST

On July 8 and 9, 1954, a test was made on the Joe D. Unfred farm near New Home in northwestern Lynn County to determine the loss resulting from running water in an open ditch from his irrigation wells in his field. Two wells were used in the study: Well No. 1 is in the southwest corner of the quarter section and Well No. 2 is 1,250 feet east of Well No. 1. Water from the two wells was discharged into the ditch connecting the wells and was diverted from the ditch to a field at a point approximately midway between the wells. Sparling flow meters were used to measure the discharge from the wells. A Parshall flume, which was furnished by the Soil Conservation Service, and a two-foot rectangular weir were used to measure the discharge from the ditch to the field. The wells had been pumped 7 days and nights continuously into this same ditch before the test was started.

Well No. 1 is equipped with a 6-inch deep-well turbine pump and Well No. 2 is equipped with a 4-inch deep-well turbine pump. The pumps are driven by small Allis Chalmers engines using butane for fuel.

Well No. 2 produced 250 gallons a minute. The motor used 2.5 gallons of butane per hour. At 8 cents a gallon cost for butane was 20 cents per hour or \$4.80 for 24 hours. This unit used 1 quart of motor oil at 35 cents per quart and one pint of drip oil at 5 cents per pint. Total cost for butane and oil was \$5.20 per day. Two hundred and fifty gallons a minute for 1,440 minutes in a day is 360,000 gallons a day at a cost of \$5.20 equals 1.44 cents per thousand gallons.

Well No. 1 produced 185 gallons a minute. The motor used 2.18 gallons of butane per hour. At 8 cents a gallon, cost of butane was 17 1/2 cents per hour or \$4.20 per day. This unit also used one quart of motor oil at 35 cents per quart and one pint of drip oil at 5 cents per pint. Total cost for butane and oil was \$4.60 per day. One hundred and eighty-five gallons a minute for 1,440 minutes in a day is 266,400 gallons a day at a cost of \$4.60 equals 1.72 cents per thousand gallons.

The combined discharge of the two wells (250 and 185) was 435 gallons a minute. Four hundred and thirty-five gallons a minute times 1,440 minutes in a day is 626,400 gallons a day divided by 326,829 gallons in an acre-foot per day pumped. In other words, the pumpage from the two wells was sufficient to cover 1.92 acres to a depth of one foot.

The total flow from the 1,250 foot ditch at a point about midway between the wells was 366 gallons a minute. This indicated that evaporation and seepage loss from the ditch was 69 gallons a minute (5 1/2 gallons a minute for each 100 feet of ditch). Three hundred sixty-six gallons a minute times 1,440 minutes in a day is 536,040 gallons a day divided by 326,829 gallons in an acre-foot equals 1.61 acre-foot per day delivered to the field. The difference between the amount pumped (1.92 acre-foot per day) and the amount delivered to the field (1.61 acre-foot per day) was 0.31 acre-foot. The loss from this 1,250-foot ditch was 0.31 acre-foot or 3 3/4 inches over one acre every 24 hours.

The cost of butane and oil was \$9.80 per day to pump 1.92 acre-feet of water. The cost of pumping the 0.31 acre-foot that was lost was only \$1.58 per day, but in 120 days it would amount to \$189.60. This, however, is only an insignificant loss.

Mr. Unfred reported that the two wells were pumped an average of 120 days a year. If each day he loses from this 1,250-foot ditch enough water to put 3 3/4 inches one acre of land, in 120 days he will lose enough water to put 12 inches on 37.5 acres. If the 37.5 acres would produce 3/4 bale of cotton per acre, that means a loss of 28 bales of cotton. If the cotton would net \$50.00 a bale, it means a loss of \$1,400 a year.

If we add the \$189.60 for butane and oil plus the \$1,400 we did not produce, plus the extra wear and tear on the equipment, plus the costs of maintaining the ditch, plus the inconvenience of not being able to cultivate the field while the ditch is full of water, plus the additional time required to irrigate the field, the loss of 69 gallons a minute from the quarter mile of open ditch may exceed \$2,000 a year.

Wouldn't it mean extra dollars in your pocket and at the same time conserve water for future use if you would substitute a closed distribution system in place of the open ditch?

Marriage Approaches

Mr. and Mrs. J. W. Beaty announce the approaching marriage of their daughter, Wanda, to Thomas Jones, son of Mr. and Mrs. O. C. Jones. Vows will be exchanged at the First Methodist Church in Friona, September 24, at 6:30 p. m.

Friends of the couple are invited to attend.

Methodist Church Notes

Rev. and Mrs. U. S. Sherrill were in Amarillo, Tuesday, to attend the Institute on Alcohol Education which was held in the Polk Street Methodist Church. Speakers were Rev. J. Frank Peery, of the Trinity Church in Amarillo; Rev. Aubrey Speer of Washington, D. C.; Mrs. Alice Pletz of San Antonio.

Tuesday night, Rev. and Mrs. Sherrill attended the District Adult School Rally, also at the Polk Street Church. Miss Doris Dennis of Nashville, Tenn., was the main speaker at this meeting. Rev. J. D. Snoot of Comanche will be guest speaker at the Sunday morning service at the Methodist Church. Rev. and Mrs. Snoot will spend the weekend in the Sherrill home. On Sunday night the Commission on Missions will have charge of the program which will be a film on Christian Missions in Korea. Everyone is invited to attend.

Beginning next week a program on the Stewardship of Possession will be held each Monday and Wednesday nights through October 17. The meetings will be at the church and time for the Monday session is 8:00 p. m., Wednesday time is 7:00 p. m.
