Fall From Truck May Prove Fatal to Man From Near Jonesboro

SUFFERS SKULL INJURY

Mr. Henry Hunt of near Jonesboro was seriously injured yesterday morning at 9:45 about twelve miles out on the Jonesboro road. Mr. Hunt suffered a broken left leg above the ankle, and head injuries, probably a fractured skull, according to reports received here yesterday.

Mr. Hunt was riding on the back of a truck when the accident happened and was either thrown off or fell off.

Cliff Rankin, driver of the truck said Mr. Hunt stopped him for a ride about 3/4 of a mile from the Young farm on the Jonesboro road. He got in the truck and the last time Mr. Rankin saw him he was seated on a milk can in the back of the truck, approximately four feet from the rear of the truck. After collecting milk at the Young farm, Mr. Rankin turned toward Gatesville and discovered Mr. Hunt lying in the road injured.

TEACHERS TO ATTEND GALVESTON MEETING

Misses Virginia Worthey and Bess Holmes, local teachers will be among those to attend the annual Texas State Teachers Association Convention at Galveston this week.

The Gatesville faculty members will leave Wednesday, returning either Saturday or Sunday. It is likely that others from Coryell county will join them.

More than 6,000 teachers are expected to attend the Galveston meeting. Among the notables will be Paul V. McNutt, governor of Indiana and James V. Allred, governor-elect of Texas.

J. S. Perkins of Houston, O. A. Fleeming of Freeport and C. N. Shaver of Huntsville have announced as candidates for presidency of the organization.

Cross of Waco Seeks Support of Congress On His Currency Bill

STUDENT OF MONETARY PLAN

According to an Associated Press dispatch, under date of Nov. 23 from Washington, it was Congressman O. H. Cross, of Waco, who made an appeal to congress for support of his currency bill. Cross is a member of the house banking and currency committee.

Cross, member of a subcommittee which conducted a general inquiry last session into the monetary situation, likewise has submitted a copy of his measure to President Roosevelt.

Under the bill new currency would be issued to meet all current government obligations, and all outstanding bond issues as they mature, for the purpose of cutting the purchasing power of the dollar in terms of commodities to the 1926 level.

If commodity prices advanced more than two per cent above the 1926 level—as the dollar's value retreated—a stabilization board would be empowered to levy increased income taxes to pay the government's way simultaneously halting issuance of currency.

Conversely, income taxes could be sharply reduced, or even suspended, if money went up in purchasing power as much as two per cent above the 1926 index.

GOODSON REPORTS ON COTTON GINNED HERE

Census report shows that there were 12,948 bales of cotton ginned in Coryell county from the crop of 1934 prior to November 14, as compared with 23,562 bales ginned to November 14, crop of 1933, according to W. R. Goodson, Special Agent.

Coryell Wheat Growers Meet; Elect D. I. Glass Next Term President

J. W. SUMMERS, SEC-TREAS.

The Coryell County Wheat Production Control Association convened last Saturday morning and elected the following officers for the next six month term:

D. I. Glass, president; J. W. Summers, secretary-treasurer; Directors, P. H. Martin, Tull Johnson, F. A. Morris, and Sam J. Barnard.

Wheat contracts will run through 1935 with 10 per cent reduction for that year. The crop reduction for the past year was 15 per cent.

The new officers have begun the preparations of the expense budget for the ensuing term.

PEP RALLY

A Pep Rally will be held in the new Gym at 10:45 Wednesday morning, in which the student body, pep squad, band and townfolk will participate.

A special invitation is extended the business men to attend the pre-McGregor game rally.

CORYELL BOY WINS HIGH SCHOLASTIC HONOR

Arlington, Texas, Nov. 26.—Garlon Harper, of Flat has recently compiled a total of 57 grade points to earn a place on the North Texas Agricultural College honor roll. Dean George L. Dickey has announced. Mr. Harper tied for third place in this first grade point list.

County Agent Receives Checks for \$68,053.75 In Contract Payments

CARDS ARE MAILED OUT

County Agent D. W. Sherrill announces arrival of \$68,053.75 in checks for Coryell county farmers. Cards were mailed out yesterday to 1979 holders of contracts with the government for the second payment of the cotton contracts.

There are yet 114 second rental checks to arrive for some 74 contracts. Cards will be mailed out for these as soon as they arrive in Gatesville.

Other parity payment checks are due to come in sometime in December, but at present Mr. Sherrill has no definite date for them.

Due to the large number of checks to be signed for and work to be done in handling these checks, Mr. Sherrill asks only those who have received notification cards to call for their checks, so as to avoid any confusion and as little loss of time as possible.

MODERN MACHINERY SIGN OF PROGRESS

The modern machine-age is becoming quite evident in Gatesville with the establishment of an electric manicuring machine at Elliott's Beauty Shop that trims and polishes the nails, and a combination electric phonograph and piano nickle machine at Meeks Cafe. Unlike the ordinary musical instrument, the one at Meeks has many new features and is ornately decorated in ultra modernistic design.

The appearance of such modern equipment in Gatesville is the sign of progress on the part of these business firms.

—News Want-Ads Get Results.

In keeping with their usual custom, the merchants of Gatesville will remain closed Thursday in observance of Thanksgiving. Closing on Wednesday evening the local business concerns will not reopen their doors until the following Friday.

There will be no special ceremony or program or celebration in the city, however it is understood that some of the neighboring towns, groups will conduct community affairs in keeping with the spirit of the day.

Among the many things that residents of this section will have to be thankful for Thursday is the bountiful rain which has fallen over the county within the past two weeks.

Lost Proclamation

One of the most valuable documents in the world is said to be the first Presidential Thanksgiving Proclamation of 1789. It was lost for over a hundred years and finally found at a public auction sale, where it was bought by the Library of Congress for \$300. It now resides in the Library archives. A part of that Proclamation is as follows:

"WHEREAS it is the duty of all nations to acknowledge the providence of Almighty God, to obey his will, to be grateful for his benefits, and humbly to implore his protection, aid and favors . . . Now, therefore, I do recommend and assign Thursday, the 26th day of November next, to be devoted by the people of these States to the service of that great and glorious Being, who is the Beneficent Author of all the good that was, that is, or that will be; that we may then all unite in rendering unto him our sincere and humble thanks for his kind care and protection of the people of this country, and for all the great and various favors which he has been pleased to confer upon us."

MRS. BELL IS BURIED AT COPPERAS COVE

Copperas Cove, Nov. 23—Funeral services were held last week for Mrs. J. M. Bell at the Copperas Cove cemetery. Mrs. Bell was 49 years of age and is survived by her husband, her parents, Mr. and Mrs. J. M. Whiteley of Okay; three sisters, Mrs. M. L. Cooper of Copperas Cove, Mrs. Lora Matthews of Okay and Mrs. J. E. Huggins of Killeen; two brothers, Amos of Okay and Jessie of Brookhaven. —Temple Telegram.

James Monroe received all but one of the electoral votes in 1820. An elector from New Hampshire voted for John Q. Adams in order that no president other than George Washington should have the honor of receiving a unanimous vote.

Old Rivalry to Be Resumed Thursday When Schools Meet in Annual Game

When the town is shut up as tight as the proverbial jug handle and after the dinner dishes are pushed away on Thanksgiving Day, holiday folk might be interested in attending the annual football classic on the local gridiron between two age-old rivals—Gatesville and McGregor. The game starts promptly at 2:30 p. m.

The regular Turkey Day contest between the two schools dates back for many years and always been played on that day with few exceptions—One year at McGregor and the next at Gatesville.

As far as the schools are concerned, there are few students who do not anxiously look for-

ward each year to the "McGregor Game" as the climax of athletic events. As for the teams, it is doubtless to say that in this particular game every youngster who gets a chance to play will put everything he has into the fray with the hopes of having a hand in bringing victory to his team and to his school.

The Hornets made a very poor showing against the Bulldogs last year. Playing at McGregor the Hornets, a week team, were pitted against the strongest team McGregor has had in many a moon. The Bulldogs are doped to win again this year, by several touchdowns perhaps. McGregor does not have the team

they boasted of last year, but it is almost as good. On the other hand Gatesville has a slightly better team. Last week McGregor rested without a game. The week before they lost to Marlin, 20-7, the same team that defeated Gatesville in the mud here three weeks ago, 20-0. Last Friday the Hornets lost by a single touchdown to Valley Mills, after seeing their opponents get what seemed to be all the breaks. The McGregor team apparently has gone backward in development, according to its record, while Gatesville has shown much improvement since the middle of the season.

The game here Thursday will (Continued on last page)

SUBSCRIPTION RATES

One Year (in Coryell County)....\$1.00; Elsewhere.....\$1.50

Entered as second-class matter June 24, 1933, at the post office at Gatesville, Texas, under the Act of March 3, 1879.

NOTICE: Any erroneous reflection upon the character or standing of any person or firm appearing in its columns will be gladly and promptly corrected upon calling the attention of the management to the article in question.

Pledge

I will think—talk—write . . . Texas Centennial in 1936! This is to be my celebration. In its achievement I may give free play to my patriotic love for Texas' heroic past; my confidence in its glories that are to be . . .

No attempt should be made to locate the one individual whose brain-child was responsible for the movement now on foot to provide a real Christmas celebration for Gatesville and Coryell county but the local Chamber of Commerce and the business interests of Gatesville should get the praise for what already appears a decidedly successful enterprise. The central committee working on the affair has demonstrated its sincere interest by devoting much time to the necessary preparations. Of course it is an advertising feature for this city but that is a small item compared to the thrills that Santa's visit to Coryell will provide the several thousands of children in this county. The pleasures will likewise be extended to the parents and patrons of this section in seeing the "little fellows" enjoy one of the happiest moments of their young lives.

* * * *

Congressman Tom Blanton has again come to the publicity front. Declaring that, "Texas should not be hogish in the holding of high government offices," the congressman from Abilene has publicly stated that he will not support Sam Rayburn for the speakership but would cast his vote for Byrns, of Tennessee. From the beginning we had no idea but that all the congressmen from Texas would stand squarely behind the son of the Lone Star State and help to place him in the position so coveted to all senators. Frankly, we are disappointed at the attitude of the congressman from West Texas.

* * * *

Indications that conditions in general must be on the upgrade may be seen in the fact that the Saturday afternoon football crowds are much larger than they were last year and the year before. Another good sign is the increased number of deer hunters reported in practically every section of the game country, however the shortage in wild animals and fowls has nothing to do with the depression, but it is an indication that the country has suffered a severe drought since the hunting season last year.

* * * *

When the country is blessed with a season of much rain it must be very gratifying to boast of a cattle raising country. When cotton is selling for two-bits a pound it must be similarly satisfactory to claim a home in the cotton-belt section. When weather conditions are favorable and Jack Frost doesn't play havoc it is bound to make one feel good to point with pride to a beautiful truck farm or a green orchard. But we wonder if it doesn't give one a safer feeling to be able to say that he lives in a section of the country that enjoys diversified production. And this is the case of Coryell, a county which has cotton raising, grain, truck farming, dairying, ranching and poultry raising besides numerous other forms of livelihood.

Boston has introduced the system of paying for surgical operations on the instalment plan. Presumably a person having an appendix taken out gives a chattel mortgage on an eye or two.—Fort Worth Star-Telegram.

World Comment

By JOE BURNS

Well, Sammy Insull has pulled some of his irons out of the fire by being acquitted in the \$100,000,000 fraud case by a Federal jury. If Sam had that \$100,000,000 he'd be o. k. but as it is neither the investors of his companies nor the former utilities magnate has the money. However, in to achieve complete vindication, Insull must be acquitted of further charges by the Federal government and after Uncle Sam gets through with him the States of Illinois wants a shot at his freedom on charges of fraud and embezzlement. Perhaps the sympathy of the public is with Mr. Insull but the Federal authorities will pursue their relentless task of placing this gentleman behind the bars regardless.

When the death of Alexander of Yugoslavia failed to start trouble in the Balkans, we thought "all would be quiet on the Balkan front" for several months at least. But last week Yugoslavia formally charged Hungary with complicity in the assassination of it King, asserting Hungary harbored Balkan terrorists. Hungary has demanded immediate action of the League of Nations but Italy, a member of the League, has sided with her ally Hungary and demanded that the latter nation be permitted immediate defense. A similar situation existed before the World War, when Austria-Hungary accused Serbia of harboring terrorists who killed her archduke. And the result was the invasion of Serbia by Austria. Perhaps Yugoslavia will not be so rash as to attempt this but nevertheless the situation is tense and should be watched closely.

Germany is becoming more and more isolated on the European Continent. It has recently been revealed that Russia has made an offer of armed aid against Germany to France, which would mean a revivification of the old Franco-Russian alliance of pre-war days. Russia is ready and willing to help defend France against Germany because in case of a war between Japan and Russia, Germany would be all too eager to strike Russia from behind. And Russia sees the value of a Franco-Russian alliance in such a case. France wants friends too and remembers the help of the old Russian Imperial Army in the last war. Such an alliance, at the least, would mean a stabilization of peace on the continent as Germany or any other nation would hesitate before attacking Russia and France.

 Sponsor—Emma Scott.

A large crowd attended our Armistice program which was given Friday night, November 9. We are preparing a Thanksgiving program to be given Wednesday night, November 28.

There were by far too many failures last month both in the grades and in high school. This does not necessarily mean that the pupils have quit studying, but it does mean that extra time and effort must be spent in order to avoid repeating courses at some later date. Our standard of work will not be lowered; so it is up to the pupils to change the conditions of last month.

Grade News

Due to the torrentive down-pours we have been visited with of late, the attendance in the sixth and seventh grades has been poor, but the pupils who do attend school seem to enjoy it.

The members of the fifth grade enjoy the stories about Child Life in the Colonies. They have decided that they prefer attending our present day school than one of Colonial times. We especially enjoyed the stories about the lives of George Washington and Benjamin Franklin.

Another month has passed and the third and fourth grades are working diligently to make the honor roll which requires the grade of B-plus or above. Only seven in our room made the honor roll this month. The pupils who make the honor roll two months in succession receive an extra star. Those on this month's honor roll are: Dannie Lee Taylor, Florene Henning, Beulah Faye Gallaway, Alice Irene Hodel, Ervin Giebler, Olen McBroom, and Ida Mae Bates.

The first and second grades are studying about Thanksgiving. We enjoy reading the Thanksgiving stories. The members of the first grade are trying hard to have perfect reading lessons.

Home Economics

The Foods Class has started a new unit of work on Luncheon or Supper. At present we are studying and preparing appropriate desserts for this meal.

Lost:

- Bobbie Niemeier's voice.
- Miss Scott's toothbrush.
- Dale Britain's good looks.
- Earl Beitendorf's spurs.
- Mr. Blackshear's temper.
- Odis McBroom's love.
- Oleta Taylor's agriculture and religion.

Certain desert plants, notably cactus store up water in their bodies for future use.

POTPOURRI

Longest Aqueduct

The Los Angeles aqueduct, 235 miles in length, is the longest in the world. The seven-year construction job was finished in 1914. It diverts the entire flow of the Owens river. It is a gravity proposition with its intake at 3,800 feet above sea level and the city of Los Angeles is 275 feet.

Texas Industrial Activities

Tentative plans are being worked out between San Marcos and Dallas citizens for transformation of the San Marcos cotton mill into woolen mill. Plans include organization of a new \$500,000 company to take over the cotton mill which has been idle since 1928.

Of the 269,325,600 pounds of Carbon black produced in the United States in 1933, Texas contributed 214,855,000 pounds or 80 per cent of the nation's total. The Panhandle gas area accounted for 199,356,000 lbs. Value of the Texas product at the plant was \$6,000,000, and it contributed heavily to the Texas export figures with 121,123,000 pounds going through Texas ports to overseas customers. Rubber companies took 90 per cent of the product and ink and paint took most of the remainder.

The Christen Citrus Products Co., started last year to dispose of citrus culls, made a good record for its initial year, according to Monty's Monthly, which shows that the plant handled 3,000,000 pounds of cull fruit and shipped its products to all parts of the United States, to Canada and six foreign countries. It made 150,000 pounds of marmalade base, 100,000 gallons of grapefruit juice and 500 pounds of grapefruit oil. It expects to handle nearly 10,000,000 pounds of cull fruit next season.

Kraft-Phenix Cheese Company is completing a \$60,000 addition to its Denison plant and will give employment to fifty more workers. The Denison plant is now one of the largest cheese factories in the United States. One new storage unit at the Denison plant increases storage capacity to 400,000 lbs. A branch plant is being established at Bonham. The Kraft-Phenix Company is one of the pioneer members of Progressive Texans, Inc.

Texas cement plants showed an increase of 74.5 per cent in production in August over the same month in 1933, according to reports to the University Bureau of Business Research. Shipments showed a gain of 47.5 per cent and stocks on hand a decline of 16 per cent from the same month a year ago.

Average weekly production of lumber in Southern mills for August was 4 per cent down from July and 27 per cent below August, 1933, according to report to the Southern Pine Association.

Texas textile mills suffered no inconvenience from the strike, but some of them have closed down pending improvement of existing conditions. The Waxahachie mill announced an indefinite shutdown around October 1 with reopening depending on future conditions.

During early-day campaigns for the presidency, collars bearing the nominee's pictures were worn by enthusiastic voters.

Salt water gnats, smallest of flying insects, once choked the carburetors of an army bombing plane and forced it to land.

Domestic Club Members Enjoy Quilting Party.

Twelve members and three visitors were present at the club party given at the home of Mrs. Mabel Whitton of Turnover last Wednesday afternoon.

Following a pleasant hour of quilting and sewing, refreshments of cakes and punch was served. Mrs. Brownie Sherwood won a prize which was given during the refreshment hour.

Special guests present were Mrs. Roxie Logan, Grandma Moore and Mrs. Jennie Straw. Mrs. M. Robertson will be hostess to the club next Wednesday, November 28.

Demonstration Club Meeting At Topsey.

The Topsey Demonstration Club met Wednesday, November 21, at the home of Mrs. Victor Frase for achievement day.

Forty-five guests registered during the afternoon, among them being representatives from Harmon, Copperas Cove, Pidcock and Evant.

Mr. and Mrs. Sawyer of Evant won the prize for coming the greatest distance.

There were one hundred and twenty-six articles on display, other than Mrs. Frase's pantry.

The next meeting of the club will be at the home of Mrs. Howard Simpson, December 5th, and everyone is cordially invited to attend.

Contract Bridge Club Entertained.

Mrs. J. D. Brown Jr. was hostess to several tables of contract last Friday afternoon, entertaining the club members and a number of guests.

Mrs. Harold Cunyus and Mrs. Chess Sadler, who played high in the games, were awarded

score favors.

Other members and guests included Mesdames J. A. Hallman, L. S. Holmes, Irvin McCreary, Byron Leaird Jr., Roger Miller, Mabel Gardner, J. E. McClellan, T. R. Mears, and two out of town guests, Mrs. William McDonald and Mrs. De Roy Wilhite of Galveston.

Mrs. Nesbitt Hostess to Merry Wives Club

Bouquets of autumn chrysanthemums were used to decorate throughout the rooms when Mrs. E. H. Nesbitt entertained the Merry Wives Club with a party in her pretty home at the State Training School Friday afternoon of last week.

Club members and several guests enjoyed a series of "84" games, after which a dainty and delectable salad plate was passed to the following present: Mesdames Levi Anderson, Frank Battle, Jeff Bates, Tom Davidson, B. B. Garrett, Pat Holt, E. B. McMordie, E. H. Melbern, Monroe Elankenship, Frank Kelson, H. R. Saunders, J. H. Hampton, O. G. Glider, J. H. McClellan, Tom Saunders and E. W. Jones Jr.

Banquet Enjoyed By Church Group.

Last Friday evening at 8 o'clock in the Dan Graves Annex, the members of the Senior B. Y. P. U. of the First Baptist Church were entertained with a banquet.

The Banquet room was decorated to carry out a color scheme of red and white. The building was lighted with red and white candles, and red and white chrysanthemums and autumn leaves decorated the tables and walls.

During the banquet, which

Down Right Hard Luck Spoils Hornets Chance For Probably Victory

QUARTER ENDS-PLAY RUINED

The Gatesville Hornets have played some strange football games in their time. They have enjoyed good fortune at times and bad luck at others. They have tried hard at times and have loafed at others, but had their hardest luck of all last Friday.

Playing an evenly matched team at Valley Mills last week, the Coryell county youths loomed as winners. Toward the end of the first quarter, with the ball in perfect position near the fifty-yard line on one side the field, Sonny Hair, diminutive quarter sneaked out to the opposite sideline or a well-planned play. Bauman was to get the ball from center on the snap and throw a long pass to Hair's waiting arms. Hair was unnoticed by the Valley Mills team. And just before the Hornets came out of their huddle for the trick play, the quarter ended.

What evidently would have meant a touchdown for Gatesville was nothing but a heart-breaker and the loss of the game for the locals. Valley Mills won, 7-0.

Pep Squad

The Gatesville High School pep squad this year is composed of about one hundred girls with three leaders: Beverly Chamlee, Margaret Gilder, and Dorothy Culbertson, all under the direction and supervision of Miss Virginia Worthey, sponsor.

The girls drill about three times a week, and are now planning a new stunt for the Gatesville-McGregor football game. They are working hard, and under the capable direction of their sponsor and leaders have shown much improvement in their activities since the beginning of school.

Although it has not been fully decided, there is probability of some stunts in the gymnasium during the basketball season. For recreation they are looking forward to a picnic or some sort of entertainment toward the end of the football season.

The membership is made up not only of Gatesville girls but also of those from neighboring schools. The pep squad in their gold sweaters and black skirts and tams is indeed a good representation of the school, of which all Gatesville is proud, and should compare favorably

with that of any school our size in the state.

Home Economics

The Home Economics Department has now secured enough coffee coupons to purchase the large premium coffee urn for the new building, according to the instructor, Mrs. C. C. Pinkney. The urn has not yet arrived, as it has to be sent from New York, but the department succeeded in securing the 600 necessary coupons by November 17, the allotted time. The Home Economics Department wishes to thank all who contributed coupons and helped secure the urn, which will be a valuable addition to the new equipment of the department.

Improving the Campus

Many things are being done to improve the looks of the school grounds. A cement curb is being constructed around the parking space in front of the gymnasium. This will aid the drainage and improve the appearance of the entrance. The grounds are being leveled considerably which will prevent the standing of water by the recent rains.

Mr. and Mrs. N. A. Bobo and little daughter left today for their home at Robstown.

Mr. and Mrs. H. B. McGuffee, H. B. Jr., and Joy, of Brookhaven, Mississippi are visiting Mr. and Mrs. Gordon Davis.

TEXAS HISTORY IN THE MAKING

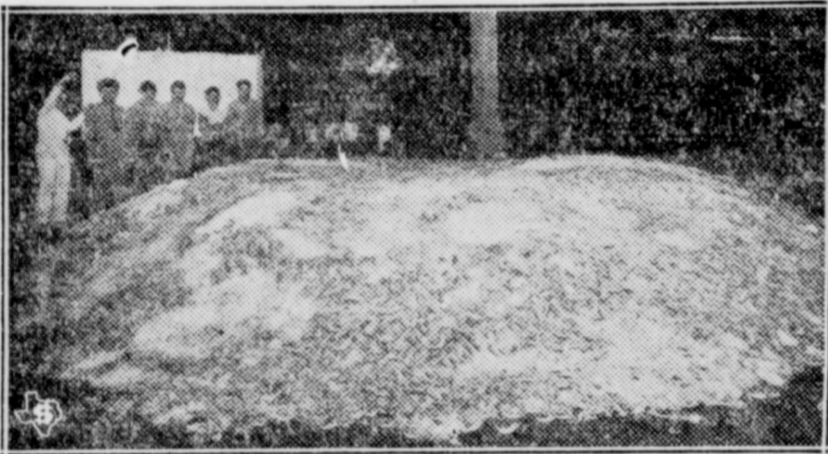

No. 4—The Story of the Texas Navy

—Think—Talk—Write—Texas Centennial in 1936

The Texas Navy played an important part in the state's history. Early in 1836, before independence was declared, the Texas governor and council authorized privateers to harass the Mexican coast in the name of Texas, and these prevented the landing of Mexican soldiers and supplies on the Texas coast. By the end of 1836 the Texas Republic had a navy of four vessels—the Invincible, Brutus, Liberty and Independence—but in 1838 one had been sold, two wrecked and one captured by Mexico. In June, 1840, five new Texas ships and 71 men, in alliance with Mexican Revolutionists, captured Tobasco on the Mexican coast, levied a \$25,000 tribute and with the money were able to remain at sea another 10 months. The above picture is from an old painting of the good ship San Antonio, one of the three ships with which Texas blockaded the Mexican coast in 1843 as a punitive measure after Mexico had made raids along the Rio Grande. An act of 1844 ordered all Texas vessels put out of commission and in 1846 they became a part of the U. S. Navy. (Texas News Photos.)

45,000 Pounds of Shrimp in One Pile

Have you had your shrimp today? In case you haven't this 45,000-pound pile delivered to one Galveston shrimp distributor in one day should interest you. The multiplied thousands of shrimp cocktails that will be made from this stack of iced sea-fruit will be fashioned by a thousand chefs throughout the world, for Galveston ships shrimp, frozen and in cans, to the far corners of the globe.

Japanese consider four an unlucky number about as commonly as 13 is so considered in America and other countries.

More than 2 per cent of the people in the United States are named either Smith or Jones or Johnson.

Jurist Gets Share of Bad Luck on His Way To Fill Job on Bench

A defendant, charged with rape and scheduled to go to trial here Monday morning before Judge R. B. Cross, in the 52nd Judicial Court, probably did not realize his good fortune in receiving a continuance of trial until Thursday.

His Honor was in quite an ill humor Monday morning when he reached his bench about an hour late. The jurist left his home at Gatesville at 5 o'clock in the morning for Comanche, but there happened to be misfortune lurking the roads.

Near Evant, His Honor had a flat tire, and pleading both laziness and ignorance as to repairing the tire he returned to Evant, a mile away. That mile cost the Judge a new tire and tube.

Judge Cross made it to Hamilton where he was joined by Court Reporter Hervey Chesley, Jr. Near Energy the Judge let his auto get into a ditch, thereby spattering himself and Mr. Chesley with mud. That was more expense. Then to make things worse, the Court Reporter accuses Judge Cross of almost running him down with the car while he was out pushing.

His Honor admits that only Sunday afternoon he purchased a magazine which promised to change one's luck; too, the Judge threatened to fine a witness last week for being late—the jurist now claims that witness was excusable.—Comanche Chief.

TOPSEY ITEMS

Mrs. Solon Cowan is at home recuperating from an operation at Temple.

Messrs and Mesdames E. E. Fowler, J. W. Irvine, G. C. Frase, J. D. Farmer, W. A. Cowan and Mrs. Dolly Fetner attended the singing at Izora Sunday.

Elder and Mrs. S. S. Vardiman and daughters, Clara and Marie and Ralph Wilson of Liberty Hall visited this week at Topsey and Gatesville.

Prof. Nick Hornsby and family were Lampasa visitors Saturday. Miss Nadine Goodwin spent the week end at her home near Arnett.

TURNOVER ITEMS

A party was enjoyed very much by the young people in the home of Mr. and Mrs. D. Rose Friday night.

Mrs. Lettie Dankworth and Miss Opal Hughes returned home with Mrs. Crosgrow to her home on the plains.

Mrs. Hazel Wicker, who has been quite ill with the flu, is improving.

Mrs. Oshia Lee Dyer spent a few days in the home of her mother, Mrs. Elmer Jackson of Schley, recently.

Mrs. Hazel Collier was a guest of Mrs. Wicker last Tuesday.

Mr. Bob Dorsey of Friendship visited in the home of Mr. and Mrs. Hermon Wicker Tuesday evening.

Miss Lurene Blanchard visited Mrs. Columbus Williams recently.

Mr. Sam Spence has returned from a hunt in the Davis Mountains. He brought home a deer and helped kill a bear.

Mr. and Mrs. Lee Blanchard visited in the home of Mr. and Mrs. Ervan Kitchens last Tuesday.

By TEDDY

Last Friday afternoon the local Hornets were defeated 7-0 by the Valley Mills Eagles in Valley Mills. Report comes that coach Ewing's Hornets played exceptionally good ball throughout the game. We are of the opinion that the Hornets have shown consistent improvement since their game with West, Mart, Marlin, Hamilton, and Valley Mills, have marked up victories over the Hornets since that date, but neither of these teams had a set-up.

Thursday afternoon at 2:30 o'clock the Hornets will play the McGregor Bulldogs on the local gridiron. McGregor is the overwhelming visitor for the day by some four touchdowns. McGregor has a good offense, and a fair defense that will be to strong for the Hornets to get through. The Bulldogs will defeat the Hornets, but we are predicting a closer score than was thought two weeks ago.

It will be of interest to note that there will be no Commercial League Basket Ball games Thursday night. The schedule was made out in this order due to the fact that all business firms will be closed on that day, and many local people will be out of town.

Jonesboro gave the Bachelors one of the worse defeats ever handed a team in the Commercial League. Johnny Edwards again showed up well, while the entire Round Table team looked poor.

The Oilers defeated the Junction team Thursday night in one of the most spectacular games played this season. The Merchants played their best game of the season against the Levita crew, but met a 17-12 defeat.

TEAM STANDING

Team	won	lost	pt.
Levita	4	1	.800
Jonesboro	4	1	.800
Round Table	3	2	.600
Leon Junction	2	3	.400
Conoco	2	3	.400
Merchants	0	5	.000

CARD OF THANKS

We desire to express our sincere thanks and appreciation to all our friends and neighbors who so faithfully rendered a most loving service in every way possible during the last illness and death of our dear husband and father.

May God's richest blessings ever rest upon each and every one who in any way tried to relieve, comfort or console during these dark and trying days.

We cannot forget the beautiful floral offering for which we are so grateful.

- Mrs. W. P. Young.
- Miss Etta Young.
- Mrs. John Yancy and Family.
- Tom Young and Family.
- Irving Young and Family.

Postmaster Offers Aid To Xmas Shoppers

The post office will make every effort to handle the Christmas mails without congestion and delay, but owing to the enormous volume this can be done only with the co-operation of the public. Compliance with the following suggestions will greatly aid the post office and insure prompt handling of your mail.

Early Mailing

During the holiday time the volume of mail increases approximately 200 per cent. It is physically impossible to handle this great mass of mail matter efficiently and promptly within a few days. Therefore to assure delivery of their Christmas presents, cards, and letters by Christmas Day the public should SHOP AND MAIL EARLY. Do your Christmas shopping so that you can mail your gifts a week or 10 days before Christmas, according to distance. This will not only make it certain that they are received before Christmas Day, but will be a great aid to your postal employees and enable them to spend the Christmas Holiday with their families.

Wrapping and Packing

All parcels must be securely packed and wrapped. Use strong paper and heavy twine. Special packing must be given in the case of sending Umbrellas, canes, golf sticks, hats, cut flowers, candies, drawings, paintings, etc. to avoid damage in transit.

Fragile Articles

Articles easily broken or crushed must be securely packed and crated or boxed. Use liberal quantities of excelsior, or like material, in, around, and between the articles and the outside container. All articles easily broken or damaged must be plainly marked "FRAGILE." Parcels containing perishable articles shall be marked "PERISHABLE."

Addresses

Addresses should be complete, with house number and name of street, post office box, or rural route number, and typed or plainly written, preferably in ink. A return card should be placed in the upper left corner of every piece of mail. DO NOT MAIL CHRISTMAS GREETING CARDS IN RED, GREEN, OR OTHER DARK COLORED ENVELOPES, OR IN VERY SMALL ENVELOPES.

Postage must be fully prepaid on all mail. Affix the required amount of postage in the upper right corner. Full information concerning postage rates can be obtained at the parcel-post or stamp window.

No parcel may be more than 100 inches in length and girth combined or exceed 70 pounds in weight.

Air Mail Service

USE AIR MAIL SERVICE FOR SPEED. FIRST IN ARRIVAL—FIRST DELIVERED—FIRST OPENED—FIRST ANSWERED. The domestic air-mail rate of postage is 6 cents for each ounce or fraction thereof. Rates to foreign countries are equally attractive.

Special Delivery Service

The use of a SPECIAL DELIVERY stamp will assure delivery on Christmas Day, if mailed at the proper time. SPECIAL DELIVERY SERVICE means immediate delivery at the office of address. SPECIAL DELIVERY IS FOR SPEED

AND NOT FOR SAFETY.

Matter Not Mailable

Written matter in the nature of personal correspondence cannot be enclosed in parcels.

Insure Valuable Mail

Valuable domestic third and fourth-class mail should be insured. Insurance fees: Value not exceeding \$5, 5 cents; not exceeding \$25, 10 cents; not exceeding \$50, 15 cents; not exceeding \$100, 25 cents; not exceeding \$150, 30 cents; and not exceeding \$200, 35 cents.

Coin, currency, jewelry, and articles of considerable value should be sent as SEALED FIRST CLASS, REGISTERED MAIL.

For further information or any of the above subjects or concerning any other postal matter, inquire at the window—stamps, parcel post, money order, registry, etc.—or see the postmaster or assistants.

THE CO-OPERATION OF THE PUBLIC IN GENERAL WILL BE GREATLY APPRECIATED.

C. W. Ford, Postmaster.

DRUNK MAN LODGED IN JAIL BUT NOT BY OFFICER

During the excitement of searching for the kidnapers late Saturday, Dawson was for a time without a member of the law enforcing body. At the same time there appeared on the streets of the town a white man very much intoxicated, who was becoming a bit unruly. Taking the law in his own hands, a resident seized the inebriate and placed him in the city jail, where he remained until the effect of liquor had passed. While this procedure is the privilege of any citizen, we wouldn't advise you to do it unless you are just as much man as you think you are.—Dawson Herald.

SEVEN CARS OF TURKEYS LEAVE LAMPASAS FOR EASTERN MARKETS

Lampasas sent out seven cars of dressed turkeys to help feed hungry Thanksgiving people of the north and east. This is one more car than went out from here last year on the Thanksgiving market buying, according to J. H. Clark, manager of the Producers Produce Co.

The price was considerably better this year than last, fifteen cents per pound having been paid for the bulk of No. 1 turkeys that was bought. The percentage of light weight was a little larger than usual due to the drought. The amount of money paid the raisers is not known, but it would run around \$20,000.00 mark.

Not more than one-third the crop of turkeys were marketed

at this time, Mr. Clark thinks. And with the rain bringing on weeds, oats and possibly bugs and worms, the turkeys will do well the next two weeks, with the result that a larger pre cent will grade No 1.—Lampasas Record.

WEST CAFE LOOTED THEN SET ON FIRE BY BURGLARS

The Black Cat lunch room, located in the north part of town on the old highway, was ransacked of furnishings and stock last Sunday, then set afire by the marauders. A passing freight train crew noted the blaze and turned in the alarm, the local fire department arriving in time to put out the blaze before the structure was completely destroyed. However, very little was saved. Proprietors indicate that a radio, \$12 in cash, two cases of beer, two slot machines and several cartons of cigarettes were removed before the fire broke out. The identity of the robbers had not been discovered this week.—West News.

Since everybody's theory to improve anything is received with derision, some may cease having theories and go in for deciding all those advanced by others.

First Wife Sues Joiner for \$1,500,000

Pictured above, right, is Mrs. C. M. Joiner, No. 1, aged 74. At left is Mrs. C. M. Joiner, No. 2, aged 26. In the circle is C. M. "Dad" Joiner, discoverer of the East Texas oil field, aged 74. Mrs. Joiner No. 1 has brought suit against Joiner in Dallas for half interest in his estate, reputed to be \$3,000,000. (Texas News Photos.)

Girl's Letters Fail to Find Her Daddy, but She Keeps Writing

Kansas City, Nov. 25.—This is a sort of letter to Frank V. Brown, address unknown, from his 11-year-old daughter, Mar-

tha May. Martha May hasn't heard from her daddy in three years. That was when he stopped writing. But Martha May hasn't stopped writing. Whenever she hears of a Frank V. Brown she writes a letter to him. The letters are full of childlike hope and faith that the person addressed will be the right Frank V. Brown.

"Dear daddy," they start, and then Martha May explains how lonesome she is for her daddy, her recollections of the nice letters he once wrote, with the dimes enclosed for the good marks she got at school, her new dress or a vacation trip. But most of all she writes of how she misses the letters that no longer come. In her last letter to the wrong Frank V. Brown she wrote: "Daddy, I do wish you would please write to me. Because I love you and hope you are happy. I would be if I could hear from you."

Martha May has been writing these letters so long she has lost track of the number. But she isn't discouraged. At least not very. She is sure that some day she will locate her father.

The last letter was sent to a Frank V. Brown in Chicago. Martha May's mother, who ob-

tained a divorce four years ago, saw the name address in a Chicago telephone book. She told Martha May it might be her daddy, but it wasn't.

The Chicago man gave the letter to a newspaper and that is how the public heard about Martha May's long search. It had been a private enterprise before, but now that the newspapers know about it Martha May believes her father may learn how lonesome she is for him and write. Her address is 1414 Thirty-Seventh avenue, Kansas City, Kan.

Prayers Said, Sermon Given But No Words Spoken

Prayers were said, a sermon was preached at Grace Lutheran Church in Oak Cliff Saturday night, but no words were spoken and from beginning to end the service was marked by dead silence.

No lip service was rendered the Creator by a small, but devout group of persons. All deaf mutes, they prayed silently and then sat back to "listen" to a religious discussion delivered by Rev. Martin Mueller, state deaf mute missionary of the Missouri synod of Lutheran Churches of Texas. With quick, nimble fingers he expounded his way through about a thirty-minute talk. His flashing digits, meaningless to the uninitiated, were speech and sound to the ever-attentive eyes of his audience.—Dallas News.

Sunday is observed as Sabbath by most Christians; Monday by the Greeks; Tuesday by the Persians; Wednesday by the Assyrians; Thursday by the Egyptians; Friday by the Mohammedans; and Saturday by the Jews and Seventh Day Adventists.

OLD RIVALRY—

(Continued from page one) be the last for several Hornet regulars, unless of course they choose to enter college or university somewhere. Among the senior gridmen are Ralph McDowell, captain; Clarence Bauman, Herbert Nance, James Scott, Joe Powell, Charley Hinesley, Thomas Bone, R. D. Myers, Curtis Holcomb and Herman Sims.

Bauman, who has seen most of his four years of service in the line was shifted to the backfield two weeks ago and since that time has been the mainstay in the Hornet offense.

Captain McDowell has played a tackle position this year, having been shifted there after occupying the pivot post last season.

Herbert Nance, a backfield man from last year has seen very little service this year, due possibly to a nose injury suffered early this season.

This is the first and last year of high school football for James Scott, said to be one of the fastest boys ever to wear the black and gold. He did not come out for football last year.

Joe Powell has contributed the punting and passing during the current season, although he has contributed very little in running with the ball. Joe sustained a leg injury a month or so ago.

Thomas Bone, who has shown great defensive strength this year is among the departees. Bone is a backfield man.

Charley Hinesley, rangy end will be sorely missed in the wing position next year.

Three boys in the line who are playing their first year and last game Thursday are Curtis Holcomb, tackle; Herman Sims, another tackle, and R. D. Myers, guard. All of these men have played remarkably well for their first attempt.

When the Hornets take the field Thursday the following names will probably be called out by coach Ewing: ends, Ward and Hinesley; tackles, Sims and Holcomb or McDowell; guards, Weaver and Myers; center, Cul-

person; half backs, Scott and Powell; quarter, Hair and Bauman, fullback.

Pep Squad

The Gatesville High School Pep Squad, which has won favorable comment on occasions when they have accompanied the team, will perform Thursday in full regalia, consisting of gold jerseys, black skirts and black baretts. There are 87 girls in the cheering organization which is sponsored by Miss Virginia Worthey. The High School Band, under the able direction of D. W. Diserens, will furnish music for the annual classic.
