

### WHAT'S COOKIN'

Jones

"The names of all characters in today's dramatization are not fictitious, and any resemblance to living persons or actual places is purely incidental."

Gen. A. D. Bruce, commandant of Camp Hood left at noon Saturday for Washington. While away he is scheduled to address the 1942 graduating class of the U. S. Military Academy at West Point.

Maybe that's been done before by the General, and, if it has, or hasn't it seems to us, it is recognition of his importance in this great institution of ours, the U. S. Army and a personal compliment to General Bruce, himself.

Well, County Agent Guy Powell told us the other day stockmen ought to start "worming" sheep to get them before warm weather starts in. He says, this wet weather, too, is good for the worms, which is bad.

Another little item, from the same source as above was about dipping sheep or goats (it's blurred) for ticks. This ought to be done, and then re-done in 11 days. Ask him more about that. We wouldn't know.

No report, Chairman Compton on the results of the Navy Relief Drive, other than it went over? Come on, folks, give the chairman your report. And, thanks for putting this over! Knew you would!

USO national drive started all over the United States, except Gatesville, yesterday! Why not here? If you have any funds for USO, we'll take 'em, receipt for 'em and send 'em to the proper authorities. Harry C. Weiss of Humble Oil & Refining Co. is State Chairman. McLennan and Bell are driving TODAY!

Twenty-two buildings of the CCC camps at Clinton and Wynnewood, Okla., are being dismantled and shipped by freight to Gatesville, and thence to Camp Hood. They're demountable, and the CCC is going to "loan" them to the Army. They'll be used for administrative purposes by the Tank Destroyer School's 893d and 753d.

Break for, or against delivery boys, Can't, effective yesterday, make "special deliveries," "call backs," "25% reduction now, and 40% June 1." Only ONE delivery to an individual per 24 hours. Sorry, folks, that's regulations.

If you want to see "The General Maximum Price Regulations," copies are at the Gatesville Chamber of Commerce, The Gatesville Messenger, or the Coryell County News. Come on, you might as well be mixed-up and confused, too.

## Cen-Tex Health Department Is Inspecting

The Sanitary Section of Central Texas Health Department under the direction of J. Mat Carr, Sanitary Engineer, has announced assignment of seven sanitarians to areas surrounding Camp Hood, located in the towns of Killeen, Belton, Georgetown, Gatesville, Lampasas, Burnett and Llano (combined.)

The 7th, a specialist in milk will inspect dairies in all six counties involved.

All eating and drinking establishments in the area have been inspected at least one and in many instances a multiple inspection has been accomplished. When completed, each such establishment will be given a rating of "Approved," "Fair," or "Unsafe." The camp authorities announce that all establishments graded as "Unsafe" will be placed off-limits to military personnel.

## H. T. HATFIELD IS DROWNED LAST SUN. IN PLUM CREEK

H. T. Hatfield, 13, son of Mr. and Mrs. Clifford Hatfield of near Levita, drowned Sunday afternoon about 3 o'clock in Plum creek.

He and two neighbor boys, sons of Thomas Tudor, were fishing and playing, and young Hatfield decided to swim across the creek. He made it, and intended to rest, but the bank was slick, he caught a limb, which broke, and the grass pulled out, so he was never able to get out of the water.

His body was recovered shortly, but artificial respiration failed to revive him.

Funeral services were held Sunday afternoon at the Methodist church by Rev. G. L. Herrick. Burial was in the Levita cemetery. Pallbearers were Billy Bob Russell, James Rogers, Lloyd Riddle, Delteen Snoddy, S. O. Weaver and Leonard Lee. Flower girls were his classmates at school.

He is survived by his parents, three brothers, R. C., Hudson and Virgle, and one sister, Jessie Mae.

## EVANT SUPT. BITTEN ON HEAD BY SNAKE TUESDAY

J. C. Petty, superintendent of schools at Evant, was bitten on his head by a snake late Tuesday afternoon.

He was said to have been in a barn and the snake was under the feed. Mr. Petty was taken to a hospital, and was reported recovering.

Lieut. and Mrs. Curtis Maynard of Ft. Benning, Ga., have been visiting friends and relatives in and around Gatesville, and leave this morning for Camp Robbins, Arkansas.

## "Wings" Featured In "Life" And Now In "News"

"Wings," a cocker spaniel, has been publicized in Life. So what?

Now he gets a break in the "NEWS."

This particular "pooch" is the property of Lt. Col. Edgar E. DeMuth, who now "lives" in Gatesville and is a "student" in the Tank Destroyer School now in progress here.

Besides being featured in today's "NEWS," this "pooch," which we haven't met yet, was the one that stayed with an overturned Jeep when his master, Lt. Col. DeMuth's Jeep did a somersault in a New Jersey river.

"Wings," the great dog that he is, is now in a veterinary hospital in Waco, until a home can be found for him nearer to Camp Hood.

Lt. Col. DeMuth, bring him out to Gatesville; we let all our pooches run loose; they and the kids have a swell time.

Mr. and Mrs. E. H. Chitwood and daughter, Ernestine, spent Sunday in Waco.

# NORTH EAST WEST SOUTH

A SUMMARY OF WORLD, NATIONAL AND STATE NEWS

#### HITLER USES GAS?

London, May 10. (AP)—Prime Minister Churchill, in a grim, fighting broadcast predicted tonight that "British and American sea power will grip and hold the Japanese" and warned that Britain will use poison gas "far and wide" over Germany if the Nazis employ the weapon against Russia.

"Winnie" meant that they'd better use gas only for "cookin'" and there'd be "something cookin'" if they didn't.

#### SPENDING PASSES COSTS '87 TO '41

Washington, May 10. (AP)—The U. S. spending program for World War II is greater than all the Treasury money spent for all purposes from the time of George Washington was inaugurated until Pearl Harbor. Boy, that's dough!

#### BOMBERS PURSUE JAP FLEET

Melbourne, Australia, May 10 (AP)—Huge Allied bombers relentlessly pursued the remnant of a defeated Jap armada fleeing from the Coral Sea, damaging another seaplane tender and raising to nineteen the number of enemy ships sunk or crippled, according

## "Snake Egg" Latest In Our Egg Stock! What Next?

You can't say "It can't happen here," especially if you're talking about Coryell county.

Now comes Miss Rosa Doyle of Ireland who's got a hen that lays "snake eggs." At least, on the finished product, this old hen put in a little over 40 hours a week, and added a perfectly coiled snake, without any more corn (overtime, double time, or time 'n a half.)

Now Miss Rosa boiled this egg as a preventative measure, and in boiling, the superimposed snake bounded against the bottom of the teakettle and knocked it off. There's still enough snake (it doesn't take much) to be as venomous as ever.

There was something about this being "snake" year in Japan, and like Miss Rosa, we hope it is, and that each Jap has one to sleep on, and it's "poison," very poison.

Bring on you egg stories, yes we're "egging" you on!

## Schools Just About "All Out;" Few More To Close Yet

Coryell county schools are just about out!

These are in the process of ending this week, have ended last week, or before that: Levita, Pearl, Ewing, Gatesville, Oglesby, Evant, Newland, The Grove, New Olive, Mound, Mountain, Ireland, Plainview, Arnett, Jonesboro, Flat, Pidcoke, Brown's Creek, Antelope, Osage, County Line, Dunn, Clear Creek, Longview, Turnersville, and maybe others.

Those "before long" schools are Purlmela, White Hall, Coryell City and Copperas Cove.

Pvt. Leon Warden of Will Rogers Field, Oklahoma City, is visiting in Gatesville.

Bill Whitthorne of Jonesboro was a weekend guest of his cousin, Jimmy Dick Thomas.

## Relatives of 100 Year Old Lady Attend Party

Mrs. M. M. Jones of Gatesville and Mr. J. E. Cook of Jonesboro last week attended the 100th birthday celebration of "Little Grandma," Mrs. Mathilda Rebecca Dulany of near Tomball and Huffman.

Mrs. Dulany has more than 100 descendants living, and expects to live 10 more years, if they don't "priority" vitamin pills, which she's taking.

"Little Grandma," according to a story in the Houston Chronicle, was born in Alabama, Wilcox county, and was married a short time after the Civil War ended to Captain Dulany, a one-time Texas representative who had returned to Alabama when the war broke out. Four sons were born to them.

Captain Dulany died in 1875 from the effects of wounds he received in the battle of Shiloh. His wife lived on in Alabama until 1924, when she moved to La Ward, Jackson county, to live with her son, Burrell.

Mrs. Dulany's family home missed destruction by General Sherman because it was a mile off of the route of Sherman's army.

"Little Grandma" says that while she "usually" has her way, there's one thing she can't control, and that bothers her. It's the short skirts girls wear now, and the stockingless legs she observes with a condemning glance out of the corner of her eye.

## 15 HOUR RED CROSS COURSE BEGINS MAY 11TH; SR. H. SCHOOL

Beginning May 11, Walter A. Sandy of St. Louis, First Aid field representative of the Red Cross, will conduct advanced classes assisted by Dr. Elwarth E. Lowry in the high school here.

Emphasis will be placed on emergency treatment of war injuries in a course to qualify some 30 citizens of Coryell, Hamilton, Lampasas and Bosque counties.

It is said there should be an expert first aid worker in each city block and in every rural community, and that 5 per cent of the nation's population must be trained in this work.

#### THEY DID!

Washington, May 10. (AP)—U. S. Army bombers made the sensational raid on Japan, April 18, the War Department disclosed Sunday night, confirming at long last what millions of Americans ardently hoped was true.

#### BILL FOR FORCING SAVING

Washington, May 10. (AP)—Legislation for enforced wartime savings thru withholding a part of the earnings of every worker making over \$20 a week will be introduced in Congress Monday by Representative Albert Gore (Dem.) of Tennessee.

#### JAPS SAY 89 PLANES

Tokyo, May 11. Jap Broadcast recorded by UP in San Francisco.—Tokyo radio said today 89 allied planes were shot down in the naval aid air battle of the Coral Sea last week. 61 were over American naval fleet and 28 over Jap fleet. They said it!

#### BALKANS SCRAP EACT OTHER

Moscow, May 10. (AP)—A two-hour fight between border guards of Rumania and Hungary, Balkan satellites of Adolf Hitler's new Europe, was reported officially by the Russians Sunday—a potential complication behind the Axis eastern front.

## "I GIVE YOU TEXAS"

By Boyce House

If newspaper articles were written the same way radio programs are given, how would they sound? The Trinity Standard—in effect—inquires and then proceeds to demonstrate by publishing an article entitled "The Radio":

The radio is the most wonderful invention of modern times. It was made possible by Lee De Firest, who now seldom listens to the radio and who says that he almost regrets having made it possible. But now just a word from our sponsor.

(Do you get the Trinity Standard regularly? If you do not get the Trinity Standard, rush down to the news stand and buy a copy of the Trinity Standard and then rush to the Trinity Standard office and subscribe to the Trinity Standard and you will receive the Trinity Standard once each week, and you will be able to keep informed and amaze your friends with your knowledge of local affairs. Now some more about radio.)

The first messages carried electrically through the air were tel-

egraphed, and the system was known as wireless. Marconi was one of those who helped perfect this great invention. But before we tell you about Marconi, just a word from our sponsors.

(Make the count test. Take an ordinary newspaper and crumble it in your hands while you count five: one, two, three, four, five; then take the Trinity Standard and crumble it in your hands while you count five, and notice the difference. Now some more about the radio.)

The first wireless signals were sent across the ocean by Marconi in 1901. However, it was a long time from that date until there was a radio set in nearly every home. And here is a brief message for you, while you check the latest information regarding this wonderful invention.

(When you buy the Trinity Standard you buy the best. The paper on which the Trinity Standard is printed is carefully selected, and in order to get the very best we pay 27 per cent more than the average market price. The ink, too, is selected with the greatest care, and is mixed with vitamins

so that when you get the Trinity Standard you get not only vitamins A, B, and C, but the lower case vitamins a, b, and c, as well. No other newspaper can make that claim. Now more about the radio.)

In the early twenties the first radio sets were marketed. At that time it was customary to sell parts, and in many instances amateurs built their own sets, using ear-phones, for the loud speakers had not been perfected at that time. In just a moment we will be back with more about radio.

(Are your hands beautiful, or do they look like misshapen carrots? Does your husband thrill when he sees your hands, or does he shudder? Your hands, too, may be beautiful and seductive. Every morning and night just wrap your hands in copies of the Trinity Standard, just as all the movie stars do, and you too will have beautiful hands, and you will exude glamour like an automobile exudes gas fumes. And now some more about this interesting subject, the radio.)

Ladies and gentlemen, we interrupt our program to bring you a special bulletin. Hitler has just surrendered, the Berlin radio states. Mussolini has denounced the axis and a peace treaty in Japan has driven out the militarists and is asking for peace. But now we have more important news from our sponsor.

(The Trinity Standard is only \$1.50 a year, slightly more when sent a distance. Save the wrappers from the Trinity Standard, and when you have accumulated 12 dozen, send them to the Trinity Standard, and you will receive a lovely bridge pad free; enclose 10 cents for wrapping and mailing.)—Courtesy Boyce House and The Trinity Standard.

Sports Editor, The Express,  
San Antonio, Texas.

Dear Chum:

I seen where the Missions found Tulsa's batting weakness and took three straights. They put a blond in a box on the first base side.

I met a General when some troops was a passin' through the other day. A bein' a General is all right, and the pay is good, but it has its drawbacks. Who the heck will shoot craps with you?

It shore is funny how people spends a year a learnin' a baby to talk and 20 years tryin' to make it shut up.

When the troops come through I talked to a 2nd Looie. He shore was bad at English. Ever sentence he ended with a proposition.

Uncle Tobe was a helpin' Imogene with her 'ritmetic the other night and asked her what was the difference between 25 and 35. She said "that's what I say, what's the difference, who cares anyway," and went to bed. Imogene wanted to know what "College Bred" meant and Grandma told her it meant dough kneaded from the Old Man.

Imogene is smart. Uncle Tobias told her when Lincoln was her age he was earnin' his own money. She told Uncle Tobe when Lincoln was his age, he was president, too.

Uncle Tobe said he wouldn't vote fer abolishment of capital punishment. Said it was good enough fer his pa, and it's good enough fer him.

Uncle Tobe is so dumb, he thinks a clipper ship is a place where Navy men get their hair cut.

I'll be seein' you Pal. Keep 'Em Flyin'.

Yourn,  
LOONY LUCY.

## ANNIE RUTH WITT WEDS IRVIN KOCH

Miss Annie Ruth Witt, daughter of Mr. and Mrs. Percie Witt, became the bride of Irvin Koch, son of Mr. and Mrs. Koch of Arnett, on Sunday morning at 9:00 in the First Methodist Church, with Rev. E. L. Craig performing the single ring ceremony.

Miss Minnie Lou Witt, organist, and sister of the bride, played "Ave Maria" preceding the ceremony, and accompanied Harold Koch, brother of the bridegroom, who sang "I Love You Truly." She also played the traditional wedding marches and "Liebestraume" during the ceremony.

The altar of the church was decorated with tall baskets of pink gladioli, pink and white hydrangeas interspersed with ferns and palms, and lighted with white

cathedral tapers in candelabra.

The ushers were Bill Witt of Belton and G. P. Schaub. The best man was Albert Koch of Dallas, brother of the bridegroom.

The bride, who was given in marriage by her father, was lovely in a dusty rose two-piece frock.

The full-length coat, styled on princess lines, was fastened down the front with covered buttons, fashioned with a large white collar of embroidered pique and lace. Her hat was a small white sailor with navy veil and a cluster of tiny blue ribbons on the top. Her other accessories were navy and white.

For something old, she wore some long white silk gloves which had been worn by her paternal grandmother, and for something borrowed, she wore a brace-

let belonging to her sister, Miss Minnie Lou Witt. She carried a white Bible topped with gardenias and showered with stephanotis.

Out-of-town guests for the wedding were: Mr. and Mrs. Vernon Koch and daughters of Waco, Mr. and Mrs. Adolph Hill and daughter of Kyle, Pvt. Carl Schoenewolf of Camp Polk, La., Mr. and Mrs. Robert Earl McCurry of Brownwood, Miss Margaret Koch of Temple, Gus Schloeman of Sheppard Field, Mr. and Mrs. Bill Witt of Belton, Mr. and Mrs. W. M. Fitzgerald of Montbelview, Mr. and Mrs. George Witt of Houston, and Miss Lala Fore of Corsicana.

Immediately following the ceremony, the couple left for a short trip to the Gulf Coast, after which they will be at home in the McCormick Apartments on East Leon Street.

Mrs. Koch was graduated from Gatesville High School, and has been employed as society editor for the Coryell County News for the past three years. Mr. Koch was also graduated from the Gatesville High School, and attended Baylor University. At the present time he is employed as bookkeeper at G. P. Schaub Milling and Grain Co.

### No-Host Affair Honors Annie Ruth Witt

On Friday night a group of friends of Miss Annie Ruth Witt honored her with a picnic and personal shower. After a picnic supper, the girls met at the home of Mrs. Pete Briethaupt, where Miss Witt was presented lovely gifts.

Sharing this courtesy with the honoree were: Miss Virginia Burleson, Mrs. Hal Anderson, Mrs. C. L. Kirby, Jr., Miss Jeanne Burdette, Miss Maxine Dollins and Mrs. Pete Briethaupt.

### Graduate Honored With Coke Party

On Thursday morning Mrs. Raymond Ward honored her niece, Miss June Marie Chamlee, a member of the graduating class, with a coke party at her home on Saunders Street. The party rooms were attractively decorated with bouquets of nasturtiums and daisies.

Dancing was the diversion of the morning, after which cokes, potato chips, fritoes and olives were served to the following friends:

Misses Dorothy Chamlee, Gene Stinnett, Sara Frances Graham, Yvonne Davis, Mallon Copeland, Norma Joy Pollard, Martha Lou Phillips, Jerry Davis, Martha Ann Burdette, Mary Margaret Holmes, Harriet Robinson, Josephine McClellan, Betty Jo Hudson and the honoree.

### Grandchildren Complimented At Dinner-Dance

Last Wednesday night Mrs. J. R. McClellan and Mrs. Henry Sadler were hostesses to a dinner-dance complimenting Mrs. McClellan's grandchildren, Harry Straw, dance complimenting Mrs. McClellan's Billy Clay McClellan, Mary Margaret Holmes, Josephine McClellan, and their dates, Dorothy Chamlee, Gene Stinnett, Fred Post, and Virgil Copeland, at their home on East Main Street.

893rd Tank Destroyer Bn. 753rd Tank Battalion  
By Frank Slamon By Sgt. Charles W. Wherley, Co. A

with cheers and boos for the umpire, and the crack of the hickory stock against the horsehide, as the 753rd goes into action against that old enemy, the softball.

The sporting season officially opens May 11, as those rivals of long standing, Companies "A" and "B" take over for an afternoon contest on the local diamond.

This year's softball season runs from May 11 to July 16, and promises to be one of the hottest leagues in these here parts. Most of last year's stars are out each afternoon loosening up their throwing arms and getting back their pitching eye. Company "A" has lost its ace underhand, Sellers, but a lot of likely prospects are in view.

Teams represented in the league are Service Co., Headquarters Co., "A," "B" and "C" companies, augmented by a team of Officers. Each team will play ten games during the season, in a round robin affair. All games will start at 6:15 p. m.

Lt. Power of Co. A, battalion athletic officer, has charge of all details pertaining to the league.

Lt. Hubert E. Hamilton of Service Co., has a large task on his hands. He has been selected to handle the evacuation of all civilians from Camp Hood reservation. Lt. Hamilton has had 25 trucks working day and night, including weekends, on the project, and he says it may be two more weeks before the job is completed. He is being aided in the location of families by the AAA office in Gatesville.

Work on the battalion postoffice, located in an annex to the dispensary, is progressing in good order. It gives us a sort of cosmopolitan air to speak of having a postoffice out here in the woods, and if they just had an old wood burning stove there, it would be a good place to spend these cool evenings sitting around the fire and exchanging views on the situation. (Normally called holding "bull sessions.") The battalion mail handing job is under the capable direction of Techs 5th Grade Hopkins and Simmons.

**Here and There**

Corp. Eugene T. Bercier of Co. B, former company clerk, is off to attend the Quartermaster Officer Candidate school at Camp Lee, Va. . . Pvt. Louis J. Elkourie (The Mole) is suffering a tremendous decline in his mail. Wouldn't have anything to do with photographs, would it Private? . . . Captain C. J. Davidson is the new adjutant. . . Sgt. Claude J. Lassiter of Headquarters Co., alleged drummer for Woody Herman's band, claims he is the hottest jitterbug in the battalion. He is not contested in his claim. . . Sgt. Alvin L. Osborn of Co. A is in Camp Bowie hospital having his ears worked

on. Wish you well, boy. . . Louis J. (leatherlung) Prince says he is not afraid of hard work. He can lie right down beside it and go to sleep. . . Corporals Mosley and Jackson, Co. A big (?) game hunters, have added a squirrel to their ever-growing zoo. . . The tire situation is certainly getting rough. Just ask about 160 men of this outfit their opinion and see how rough it is. The government is giving tires to the army, but evidently not to army personnel. . . Tech Sgt. Neal of Maintenance is rumored to be starting a chicken ranch. He likes fresh eggs.

**Provisional Truck Co.'s "TRUCKIN'"**

The Provisional Truck Company, which is rather new to the residents of Gatesville, is composed of a group of go-getters. The men are constantly repairing, checking and getting their motors in good running order, and their trucks show the results of their efforts.

All sections of the country do their part in contributing to this fine aggregation, with Chicago, Illinois, being in front. Everyone has expressed their satisfaction with the new camp's methods and food.

Their chief object is escorting officers and supplies, and with the vigor and vitality shown, the United States has every reason to be proud of this camp.

**Softball Notes:**

In another close game, "C" Company went down to defeat in their attempt to get back on the beam. A hard hitting "B" company team led by the hard hitting third baseman Loftus, set back Captain Jones' team by a score of 5 to 4. Loftus, in pacing the attack, had three hits and scored two of the runs, also fielded a brilliant game for the winners.

The second game of the evening saw Capt. Schwerha's Company defeat the Medics by a score of 14 to 3. The Reconns who got off to a poor start by losing three of their games by a one point margin, are now hitting on all cylinders and may yet overtake the lead. Ralph Piccolo's two home runs and a double knocking in seven of his team's runs, featured the game.

In losing, "C" company has caused a three way tie, and with all teams at full strength and playing heads-up ball, it is too difficult to pick the winner.

were again heard on station KTEM in Temple last Saturday night. Prior to going on the air at 5:30 p. m., the band had a "jam" session, during which all men clad in khakis were cordially invited. This session was held in the auditorium adjoining the broadcasting room.

Steve Hagan, former University of Maryland athlete, and a member of the tumbling team in the last Olympics, has been giving demonstrations the past few days to the boys around Headquarters kitchen.

The men of the 893rd wish to take this opportunity to express their sincere appreciation to Mr. Hite of Pidcoke, and Father Roach of Lampasas for having provided special services for one of the most important days of all the year to members of the armed forces—Mother's Day.

Joe was accompanied by Gene Waple, Lockport, New York, boy who was a pianist in the Del Regis band at Buffalo, New York.

Mrs. Buster Cummings and son, Jimmy, have been visiting relatives here.

We had airplane day in Ireland Sunday and Monday. Sunday we had 54 planes, and Monday, not

quite so many. Mr. and Mrs. Leslie Lunsford and family have moved back to Ireland after being away for several months. We welcome their return. Among the soldiers from Ireland who have been visiting here are Corp. Charles Wilson, who has

been in the Army five years, and at the present time is located in a Florida camp; and Milton Voges, who is in camp in Missouri. Tom Boling of Sanatorium, Texas, has been visiting his home here, and also in the Elmo Tyler home.

Mr. Hank, our daily mail carrier, has been in and around Ireland budding pecans. Mr. Brown and little daughter of Waco were Ireland visitors for a short time last week.

The Ireland school closes the 15th with a basket picnic. The following students are graduating this year: Hermon Brazier, Elvora Williams, Myrtle Massingale, Melba Bollier, Wearner Limmer, Dorothy Mae Winingham, Johnnie Stovall, Louise Comer, John Cofer, Waldine Russell, Jeraldine Jones, Billie Bob Russell, Julia Mae Snyder, Sarah Lee, and Oney Mae Patten. The baccalaureate sermon was delivered by Rev. Shipp of Hamilton, and the commencement program was on Thursday night. We are glad to compliment each of our senior class and the teachers. They have done splendid work, and we wish for them the best, as they have earned the best.

**WHAT HAS GONE BEFORE:** Leaving home when his step-father threatens reform school, Frankie wanders the streets of New York, shining shoes to buy himself and his dog Sucker food, and carrying his few belongings in an empty violin case. Running after his dog, Frankie happens into the Lawson School for Music, managed by a charitable professor and his lovely daughter Ann. Recognizing Frankie's inherent feeling for music, Professor Lawson enrolls him as a free pupil, and offers the homeless boy shelter. Meanwhile Frankie's step-father, Ed Miller, sends the reform school officials after his missing step-son.

**Chapter Three**

The Professor was conducting a rehearsal of the orchestra, with particular emphasis on the efforts of Frankie, who was doing rather well. His most singular drawback was being unable to play unless his tongue stuck out between his teeth. But the school's troubles were approaching the crisis stage. Mr. Flower, a weary little man who sold musical instruments, was the spokesman for three important creditors who were threatening to force the school to close. Ann Lawson pleaded with them, and

Frankie was saying, "but this is a place where they're crazy over music." "Aw... I'm tired luggin' this thing," grabbed the boy with the huge Soudaphone. "I tell you they'll close up school if somebody don't dig up some money," Frankie shot back. "Come on. Let's get started!" The children began to play, and passerby looked at the group, usually smiling if they saw the sign; some dropped money into the hat Frankie was holding. A tall man, quiet and warm of face, came out of Carnegie Hall. No one noticed him, although all knew his name. It was Jascha Heifetz, and Frankie held out the hat. "Help the school for music, mister!" "You're not doing so well." "Not bad. We're just starting—and—" Frankie looked up, again with sudden recognition, and almost dropped the hat. "Why, you're Mr. Heifetz!" "Yes. You know me?" "Gosh, yes! I mean, I heard you—in there—it was swell, too." "Thank you. Where is this school?" Frankie's words streamed out in his excitement. "Down on Third Street—it's a wonderful place—Mr. Lawson runs it—and his daughter—we're givin' a concert in a couple weeks. Gee, I wish you could come down to it!"

"Go down and see this man," Heifetz said. "And here —" begged for patience, but Flower could only suggest a "practical basis." "Make the pupils pay for their lessons!" he told her. "But these children can't afford it!" "Then get pupils who can!" "That's impossible, Mr. Flower. My father started this school for poor children—children with talent who couldn't afford to study—that was the whole idea. You should hear them play—they're wonderful!" "I'm sure of it—but that doesn't help us creditors. Think it over, Miss Lawson. Good afternoon!" Peter, coming in, saw the men on the way out. "What are you doing here?" he asked Flower. "What do you think I'm doing?" he said. "The job you wouldn't do. I'll show you how to get action!" And later, while Frankie was helping them on an odd job, he overheard Peter and Ann. "I see you're keeping your father in blissful ignorance," Peter said. "What did those monkeys want?" "Want us to put the school on a practical basis—make the pupils pay." "Why, they're crazy!" "They think we are." "Did Flower say he's going to yank his instruments out?" "Yes—and Wallace will probably throw us out of the building—and that'll be that." "Silly—they can't shut this school down—just for a little money." Ann was bitter. "Can't they?" "We haven't done so well."

"I'd love to—but I'm leaving town this afternoon—I have to go on tour." "Well, maybe you'll be back in time—" Heifetz smiled at his anxiety, and Frankie went on. "We've got nearly a hundred pupils—and they're all good. I'm just beginning, on the violin. I tried that piece you played in there—goes like this—" Humming the tune, Frankie took a violin from one of the boys, and offered it to Heifetz. "Play that middle part for me, willya, Mr. Heifetz—you know—the part that sounds like the wind—when it sings at night—" "Sure. You mean this part—" And Heifetz began to play. Frankie exulted. "Yeah, that's it. Listen to this, fellows. This guy's terrific!" People walked by, not noticing, not knowing. One man dropped a coin in Frankie's hat. An excited, fussy man—Heifetz's manager—dashed out of the Hall. "Jascha! I ask you, Jascha! On the street!" "Quiet!" Frankie hissed at him. "Don't mind him," smiled Heifetz, continuing to play. "He doesn't like music." Then Heifetz had finished the passage, and was being hurried away by the manager. "Gee, I wish the rest of the kids in school could hear you," Frankie said. "Well, we can't arrange that now—but I have a film in which I play. Think they'd like that?" The children shouted their approval, while Heifetz scribbled out a note. "Go down and see this man. He'll take care of everything. And here—" He gave Frankie a few ruffled bills, and waved goodbye.

B. I. O. N., Coryell county's in the News again—and what news! Ripley missed this one, too. He certainly ought to visit "Deep in the Heart of Texas." The story is this: Mrs. Weldon Pope of Tama star route has a cow. Nothing unusual. This cow was mawna to a calf. Still nothing unusual. But, here IS the pay-off! This particular cow was driven up Saturday afternoon last with a new-born calf. The calf was normal in every way, and Mrs. Pope was anticipating some nice warm cow's milk, some time Monday or Tuesday. Still nothing unusual. Monday afternoon, Mrs. Pope drove up this self same cow, and

**ATTACK!**  
**ATTACK!**

America's attacking on both the fighting front and the home front today!  
 We're giving the Axis a bitter taste of what's to come.  
 We're fighting the inflationary 6th column that blows prices sky high here at home, too.  
 And every one of us who saves at least 10% of his pay in War Bonds is an important soldier in the attack!  
 Join the attack yourself!

Jim, a great churchman of his race, and it was said, dabbled somewhat in politics, had lived in Gatesville for more than 30 years, being known to almost every man of both races in and around this part of the country. His last business was a shoe-shine stand on the west side of the square, which he operated only on Saturdays, as his health would not permit regular work.

He had made many trips to the "conference" and always had good reports to bring back to his folks and to members of his church. Usually, he attended with the pastor of his church.

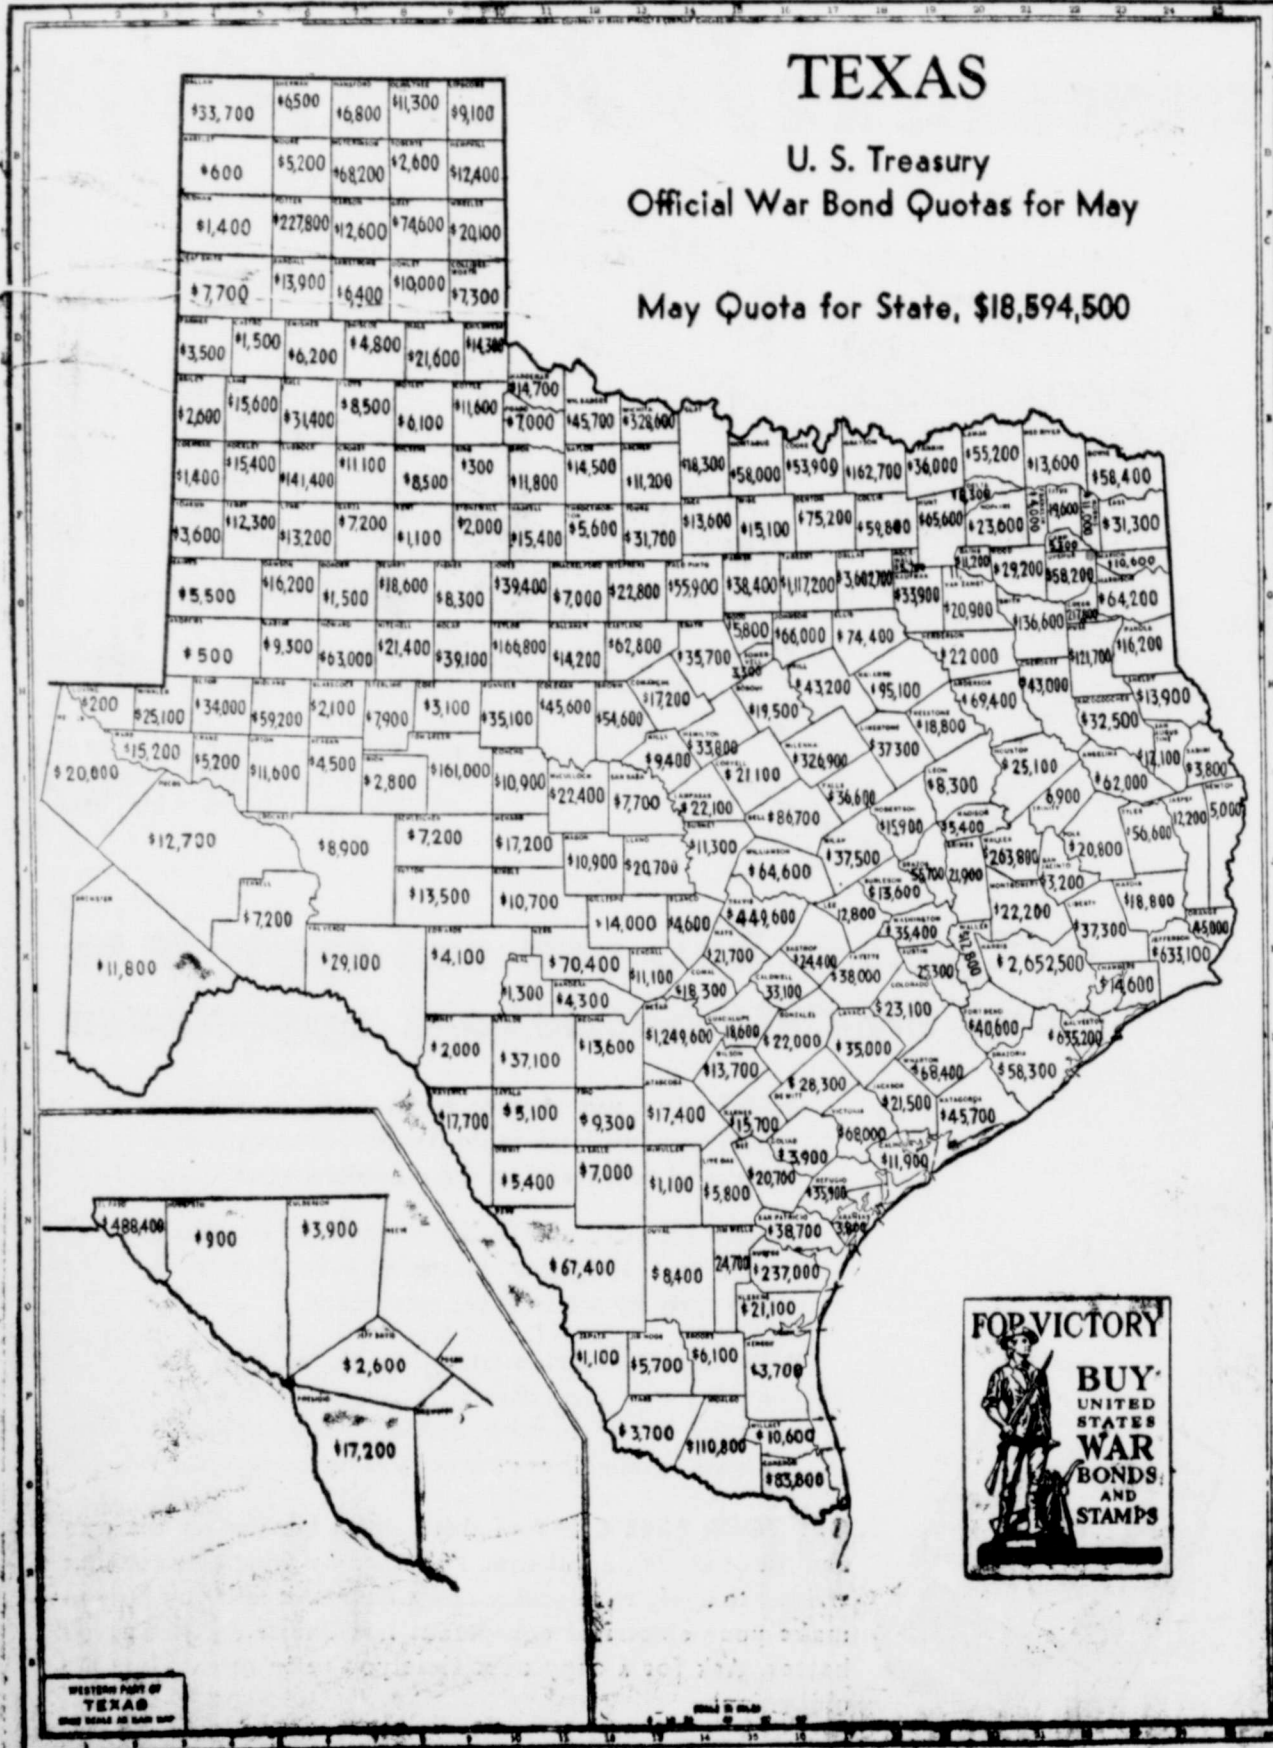

W. M. Hunt of the News was a business visitor in Waco over the weekend.

**Official U. S. Treasury War Bond Quotas For May**

The above map of Texas shows the War Bond quotas, by counties, for the month of May, 1942. Total War Bond quota for the State is \$18,594,500. Every income earner in the State is expected to step-up War Bond purchases on a basis of ten per cent or more of income. This is necessary to help America's

armed forces take the offensive against the Axis powers. The American voluntary method of War Bond purchases must be successful in reaching the quotas set by the Treasury Department for every county in the nation. The job of every American now is to stop spending and save dollars to help win the War.
