PROMOTED

Major General A. D. Bruce

Major General A. D. Bruce is nearly at the top. He can only hope to get two more promotions, unless he wants to run for President, which we doubt.
Anyway, that is the lead to the News that he is now not a lowly Brigadier General, but a Major General, and you and me, know it is merited and we are congratulating him for all of our readers.

Other Camp Hood officers receiving promotions are Brigadier General Richard G. Tindall, who was Colonel, and it is Colonel W. W. Westover up from Lieutenant Colonel and the same can be said about Colonel W. L. Mattox.

Camp Hood Extension Near Gatesville is Announced by Gen. McNair, Contract Let

Like a flash it came, and General Lesley J. McNair, commanding General of the U. S. Army Ground Forces announced that a proposed replacement and basis training center for Camp Hood had been approved for location near Gatesville. This was announced in The Temple Daily Telegram Tuesday morning.

In Thursday's Telegram under a Washington date line, "The War Department today announced the award of contracts by the army engineers including one between \$1,000,000 and \$5,000,000 to H. J. Von Rosenberg, San Antonio, Texas, additional construction at Camp Hood, Bell County, Texas, Another listed as under \$50,000 is

to the Southern States Construction Co., road in Bell county." More than likely, this is not the new camp.

The total number of men to be housed in the area between Gatesville and Killeen will probably reach 80,000 when all facilities are completed, the general said.

En route to California, the general and his staff arrived at the new Temple Airport Sunday and made an inspection of Camp Hood.

The general referred to the fact that many tank destroyer battalions had been trained and sent into service without waiting for the completion of Camp Hood.

With the general was Brigadier General R. C. Moore and 10 staff

NORTH EAST WEST SOUTH

A SUMMARY OF WORLD, NATIONAL AND STATE NEWS

INVASION STILL "TALKED"
London, Sept. 23 (UP).—The British radio in a broadcast beamed to France, Wednesday night urged inhabitants of the coastal area to evacuate, saying that "the offensive of the United Nations is being prepared." Maybe it's another "war of nerves" for the Nazis. Maybe it's actually the "third front."

FOOD SHORTAGE FEARED
Washington, Sept. 23 (AP).—A warning that the U. S. will face a food shortage unless it acts quickly to solve the critical farm labor problem was laid before the House agriculture committee Wednesday by Secretary of Agriculture Claude Wickard. Now, all you folks rush to the grocery store and buy all you can and hold it. That's just what the warnings do even though it is not intended.

BRITS STRIKE IN DESERT
Cairo Egypt, Sept. 23 (AP).—British armored raiders spend undetected across trackless desert ten days ago and struck telling blows at Axis bases and communications all the way to Bengasi, 500 miles west of the Egyptian front, the Middle East command announced Wednesday night.

NOT AFTER NOV. 3 YET
Washington, Sept. 23 (AP).—

Dealing a major defeat to administration leadership, the House Wednesday wrote higher parity prices for farm products into the anti-inflation bill and then passed the measure. President Roosevelt will veto it, and the House knew it, but it's safer to vote that way. The idea is, be politically sound, and let the war go hang, till after November 3.

BRITS SAY BALOGNA
London, Sept. 23 (AP).—The admiralty announced Wednesday that the great majority of a convoy of U. S. Russian and British merchantmen carrying large quantities of war materials had arrived in North Russian ports despite German bombs and torpedoes unleashed in a running battle of many days along the northern convoy route.

SOVIETS GAIN IN NORTH
Moscow, Sept. 24 (AP).—The Russians announced officially early Thursday that Stalingrad's valiant garrison had wiped out 4,000 more German shock troops and knocked out 99 Nazi tanks in fierce street fighting into which the Volga River naval flotilla was pouring shell fire on the invaders.

WILLKIE-STALIN CONFLAB
Moscow, Sept. 23 (AP).—Pre-

mier Joseph Stalin conferred with Wendell L. Willkie, President Roosevelt's personal emissary, for two hours at the Kremlin Wednesday night.

KAISER SETS NEW RECORD
Portland, Sept. 23 (AP).—Henry J. Kaiser did it again. He broke all previous records Wednesday by launching the 10,500 ton liberty freighter Joseph N. Teal ten days after laying the keel. But wait, the yards intends to ready it for sea by Sunday. That's throwing them together.

NOW IT CAN BE TOLD
Cairo Egypt, Sept. 23 (AP).—Col. Harry A. Halverson, commander of the U. S. bombers in the Middle East theatre, led in person a raid by American heavy bombers on the Rumanian oil fields June 12, it was disclosed Wednesday when he and 41 other American fliers were awarded the silver star for gallantry in action.

TWO MORE SHIPS SUNK
(By Associated Press)
Sea warfare in the Western Atlantic has claimed 2 more Allied merchantmen the navy revealed Wednesday, boosting to 473 the AP score since Pearl Harbor. A lot of scrap metal.

Washington, D. C.

U. S. GENERAL IN ACTION

Maj. Gen. Charles L. Scott, U. S. tank expert just back from Libya, is not talking about it in his lectures to American armored forces, but he did more than almost anyone to stem the onrush of Von Rommel's tanks when they broke through the British lines and started their mad dash to Alexandria.

General Scott was in Egypt helping out with the American tanks which had been sent to the British. And he happened to be in the thick of it during that part of Rommel's attack when the British seemed most disorganized.

So Scott, though an American, jumped into the battle, actually took over temporary command, and organized a counter-attack. All the details can't be told yet, but when they are it will be a great story.

WHY GIRLS LEAVE WASHINGTON

Many young girls who left home to come to Washington are now leaving Washington to go home. They thought it would be thrilling to work in the capital in wartime, but they are sadly disillusioned.

Clerks and junior stenographers simply don't make enough money to live on. A labor department survey indicates that a single person must earn \$1,470 a year to live in Washington, at present rent and food costs. Yet there are two Civil Service ratings below that figure—\$1,260 and \$1,440, for clerical and stenographic jobs.

Young girls like Washington at first. It's something to write home about—living right in sight of the great Capitol dome, passing in front of the White House every day.

But the thrill wears off when the boss works them 12 hours a day in a war office, when their feet get tired standing in crowded buses, and when they can't sleep comfortably four in a room.

Norah Booth personnel expert in OPA, knows these cases by the score. A girl from Nashville, Tenn., came to Washington last June, thrilled to the eyebrows. Now she is leaving.

"I don't know what's the matter with me," she told Miss Booth. "I'm all jumpy. I guess you call it nerves. It was fun being here at first, but you have to work so hard and pay so much for a room! I'm tired of worrying whether I'll have enough money next week for a new pair of stockings. I'm going home!"

HOW TO WRITE TO SOLDIERS

The army is far from satisfied with the way its V-mail (photo letter) service to troops overseas is going. Despite the big advantages of V-mail in the speed and transmission as well as guarantee against loss, the general public hasn't taken to it.

This is partly due to a misunderstanding of the technique of the service and partly to the fact that V-mail blanks have been available only at larger post offices. However, the army is planning to extend the service soon to every post office and rural route in the country. At the same time, an educational program will be launched.

Actually, it is much simpler to send a letter by V-mail than the

regular way, since you don't have to bother with envelope or stamps. All you do is write your message, with your address and that of the receiver, on a blank form, and fold and seal it. The sealed form goes to a port of embarkation, where it is put through a machine and photographed on a small micro-film roll.

Later the roll is printed and developed in a reproducing station at its overseas destination. The photo-letter is then placed in an envelope and delivered. Since the filming and developing are performed mechanically in the dark, senders of V-mail are assured absolute privacy.

Also, they get faster delivery. The army gives priority to V-mail because of a one-third saving in cargo space. The army postal service estimates that 22 sacks of V-mail are equal to 37 sacks of regular mail. However, the chief consideration to senders is that V-mail is guaranteed against loss. The original V-form is preserved for re-filming, in case a mail cargo is lost at sea.

MERRY-GO-ROUND

Tennessee mountaineer Cordell Hull never forgets. Recently he refused a job to a prominent New York publisher because some years ago he had signed a petition demanding that the state department stop sending scrap iron to Japan.

Good sport Evie Robert, after losing a \$1,000 bet that Senator Jim Mead would get the Democratic nomination for governor of New York, telegraphed triumphant Jim Farley: "You sure were right—and how!"

U. S. army officials suggest that headlines on American participation in the Dieppe Commando raid were misleading. Our part was insignificant.

Various American citizens of Japanese descent are urging a second front now and volunteering for front line duty.

Mound

a Waco hospital Saturday and was buried here Sunday with Lee of McGregor in charge. The people of this community deeply sympathize with them.

Lonnie McHargue came home Friday from Tascosa where he had been working.

H. V. Bomar came in Sunday night from Eagle Pass where has been for quite a while working on a government project.

Mrs. W. G. Parks was ill a few days this past week but is better now.

**What You Buy With
WAR BONDS**

Tractors and motors will never wholly replace the Army Mule as a factor in the mobile units of our army. The Army Mule is a tradition and the "mule skinner" is a breed unto himself. Army Mules are used by the Field Artillery and the Cavalry in areas where the terrain is rough and tractors cannot operate.

Pack trains in mountainous sectors are often necessary and here the mule, slow but sure-footed, plays an important role. Our Army buys thousands of mules paying from \$175 to \$190 for each. The mule eats less, carries more, and some declare is smarter than the horse. Your purchase of War Bonds and Stamps helps pay for these Army Mules. Invest at least ten percent of your income in War Bonds every pay day.

In reply to recent inquiries regarding the Annual Home Demonstration Clubs' Exhibit, the Exhibit Chairman, Mrs. J. B. Kemp, wishes to announce that the exhibits will be ready for judging at 11 o'clock the morning of September 26 in the county court room. The judges decision will be announced during the afternoon program which will begin at 2:30 A feature of the afternoon program will be the report of the delegates to the State Home Demonstration Association meeting at Fort Worth. The public is cordially invited to attend. **Additional Recipes to Match Your Home Demonstration Clubs' Exhibit.**

Addition Recipes to Match Your Sugar Ration Received

A generous supply of the leaflet entitled, "Recipes to Match Your Sugar Ration" has been received and it is available free at the county agent's office on request of anyone desiring to own one.

It covers ice cream, puddings, pies and other desserts which use conservative amounts of sugar and sugar substitutes.

Honey and Some of its Uses

Another new publication available at the county agent's office is "Honey and Some of its Uses". The leaflet discusses the food value of honey stating it is one of the "fuel" foods and cannot be counted on to supply minerals and vitamins, but is a good source of easily assimilated sugars which make it the energy-producing food. Ways of using uncooked honey and cooking with honey include spreads, sweetening power, sandwich fillings, Meringues, jellies, confections, cookies, cakes, sweet breads.

H. D. CLUB WOMEN TO HOLD EXHIBIT SHOW SATURDAY

This Saturday, September 26, in the county court room of the

court house in Gatesville, the annual Home Demonstration Clubs' Exhibit will be displayed. Three divisions are shown this year which are patriotic, educational, and canning. The exhibits will be judged at 11 o'clock and perhaps the best time to see them will be before the program starts at 2:30 when Mrs. R. M. Studer and Mrs. Lee Smith will give their reports of the Home Demonstration Association meeting they attended in Fort Worth. The exhibit awards are sponsored by the County H. D. Council and this year's Chairman is Mrs. T. J. Smith. The Exhibit Chairman is Mrs. J. B. Kemp.

Fall Gardens Up

Mrs. J. B. Kemp of Union has turnips, tengerreens and beans up and growing to supply her family with some fall vegetables. She has placed them in keeping with an idea put forth by Miss Sadie Hatfield extension landscape specialist, last week during county agricultural and home demonstration agents' state conference on the A. & M. College campus. This idea given to the agents by Miss Hatfield was to landscape with fruits and vegetables. She liked this practice because it resulted in widening shrub beds, better cultivation and pretty growth, with good production. Since all are urged to engage in the production of Fall Victory Gardens, planting frame gardens and fruits and vegetables in the yard are recommended, also.

4-H Pins Being Awarded

As 4-H Club girls are making their reports about the goals they have achieved this year they are being awarded a 4-H Club pin. Girls who have recently received pins are Loleta Gray, Ada Marie Short and Viola Hopson.

Radio Script from Coryell County

Monday, September 28, about 1:15 p. m. a radio script will be read on Canning the Culls, Coryell county women who have done chicken and turkey canning will be mentioned, as well as the educational exhibit being prepared by the Purnela H. D. Club.

A bulletin mentioned in the script is available free at the county agents' office in the basement of the court house. It is entitled "Preparation of Foul for Home and Market."

1942 Yearbook Plan Being Made

Mrs. John Graham, The Grove H. D. Club, is chairman of the yearbook committee consisting of

Mrs. W. B. Duncan, Harmon; and Mrs. Marvin O'Neal, Bee House. This committee has begun by requesting from club members and prospective home demonstration club members suggestions for the programs they would prefer in their 1943 H. D. Club meetings. Parts of the Victory Demonstration are being mentioned for club programs in the coming year. Plans are including special interests for both the club members and non-club members in the effort to extend the influence on the victory demonstrators.

EMPLOYABLES WHO GET FREE GROCERIES TO BE TAKEN OFF

From the State Department of Public Welfare, Austin, announcement is made that all employable persons now receiving federal surplus commodities or food stamps will be taken off the rolls if the request is made by the War Manpower Board and the County Commissioners' Courts. The department had previously announced that all idle employable persons would be removed from the rolls if so requested and this has now been broadened to include the employed persons who have been receiving supplementary aid from the surplus food programs.

Commissioners' court in a number of counties have reported labor shortages developing and have felt that the availability of surplus commodities discouraged acceptance of farm employment.

CORYELL COUNTY IS "IN FRONT" IN NAVY ENLISTMENTS

"Lexington Volunteers," the two-week recruiting drive launched last Monday by the U. S. Navy is showing better than expected results in Coryell county and this county has already exceeded its quota.

Twenty-seven recruits have enlisted from Coryell county in September, whereas the quota was twenty-one.

What You Buy With WAR BONDS

Ships of the Destroyer type comprise the bulk of our fighting ships in the American Navy. Their average displacement is about 1800 tons, and they are fast, powerful, and hard hitting. They have been particularly effective in convoy duty and gave a good account of themselves in the Coral Sea engagement. They cost approximately \$3,600,000 each.

Every Navy shipyard is turning out Destroyers in record time. They are essential for our two-ocean Navy. Purchase of more and more War Bonds will assure all-out production of these vital units for the Navy. Buy every pay day.
