"Sonny" Hair Gets Two Nazis in Raid Over France

Lieutenant James M. (Sonny) Hair of Gatesville, son of Mr. and Mrs. Bird Hair, piloted one of the big Flying Fortresses which according to his tail gunner, shot at five Nazi planes and sent two "down in smoke."

The attack was made on an aircraft factory at Meaulte and an airfield at St. Omer in northern France. They also bombed Le Harve's docks and escorted Allied fighters totaling 400 accounted for another 5 Nazi Focke-Wulf 190 planes in the biggest air battle since the Dieppe raid.

This was the 13th raid of the Flying Fortresses.

The grinning Fortress gunners upon their return estimated that more than 100 German fighters pitched into the fight against the bombers.

"Sonny" as he is known in Coryell county is a grandson of Mr. and Mrs. J. M. Hair, and his sister is Mrs. Earl Hite of Evant. Sonny is a graduate of Gatesville High School, STSTC, where he took CAA training and received a private pilot's license. He entered the army air force going to Ryan Field at Hemet, Calif., for his pre- and then to Gardner Field, Taft, Calif., for his basic, then to Luke Field at Phoenix, Arizona, where he was commissioned and too his advanced.

Following this training, Lieut. Hair was sent to Spokane, Wash., for his Flying Fortress training. He entered the Air Corps July 12, 1941.

Here is some more interesting highlights of the bombing raid, as told in the dailies, by both Hair and members of his crew.

The crews took off in bright sun light and thundered down the runways and after circling the field closed to a fighting formation and disappeared over the Channel.

"Tail Gunner Douglas Upton of Altadena, Calif., was in a ship piloted by Lieut. Hair of Gatesville, and fired my last shell at the last FW 190 to attack me as we crossed the Channel."

"I shot five altogether," he said, "and two went down in smoke, I could see the tracers going right into 'em."

Upper Turret Gunner Welch, 23 of Lufkin, Texas, said, "They came in so close we could see the pilots. I think I got one."

"We got hell," Hair said. "A shell came in on the waist gunner

State Boys, Cars Stolen and Stripped Totals Week's Loss

First off, six boys from the Gatesville State School for Boys got out, and five of them are back, all five being caught locally. The sixth, the Mexican who has been "in print" around here recently since he's picked on Gatesville people's cars, being picked up in San Antonio twice.

Lieut. Carl Albert Mutschler of the 753rd who lives at 508 S. 7th, had his car stolen early Friday morning, and it was found in Sinton, Texas, damaged.

Capt. Thomas H. St. Clair, also of Camp Hood, and who lives at 1212 Bridge had his car stolen and taken to Davidson community where it was stripped of tires, wheels, radio and heater.

Mrs. W. A. Melton's car was taken early Monday, last, and was located near the Leon River bridge here, undamaged.

Vic McBride's boy's car was "taken for a ride" and was found Monday morning at Dodd's Creek, undamaged.

The sheriff's department just suggests: "Take your keys out of your car."

FIRE DESTROYS CAR, GARAGE AND OTHER PROPERTY

Fire at 5:35 Saturday morning destroyed the car of Mr. and Mrs. Harry Jones in their garage, which also burned partially. Also destroyed was canned fruits and other things stored in the garage. The loss was covered by insurance.

Cause of the fire was not known, but it was thought a rat and match probably had something to do with it.

Corp. Bill Ament of Camp Sutton, North Carolina, is here visiting with his wife and mother.

and a cannon shell went through the rudder. I could see them peeling off all around us."

Radio Gunner Sgt. Eugene H. Dodson of Key West, Fla., said: "Right after I took photographs I looked up and the sky was full of airplanes. I saw six yellow noses right above us. They came down and I let the first one have it, but ran out of shells.

"I jumped over to get more, thinking, here's where we get it, but when I looked up again they were gone. Must have scared them off."

Sgt. Leonard L. Dobish of Wilks Boree, Pa., said he thought he hit 2 fighters, "but was so damn busy shooting two guns at once that I couldn't see what happened to them."

Gunner Sgt. Louis Patriquin of Middleon, Calif., had an uncomfortable moment when a FW-180 shell smashed into the cartridge string of his gun right beside him. "Another hit the radio beside me and blinded me for a second, but that's all," he said.

Cards Win 4-2 To Take World Series Pennant

It's all over, and the St. Louis Cardinals are the 1942 World Series Pennant Winners, by taking the New York Yankees in the closing contest yesterday 4-2 with homeruns by Kurwoski and Slaughter. Rizzuto tapped one over in the 1st for the Yanks.

Here's the count of the other games: 1. Yanks 1, Cards 4; 2. Yanks, Cards 4; 3. Yanks 0, Cards 2; and then the big 'un, Cards 4, Yanks 2.

It'll be football, exclusively from now on, since Nashville took the Dixie Series from Shreveport.

Hornet Machine Stumbles Thru to First Win Over Home in Years

SHOULD HAVE BEEN BY 21-POINT MARGIN: FUMBLES CAUSED IT

Friday night Gatesville high school did something that has not been done in years.

They won over Waco State, the orphans.

Are we wrong, but anyway it seems to us like it's been a terrible long time since a win has been registered by the Hornets over this dandy little club.

Starring for the Hornets at least at times, were Thomas, Davis, Henderson, Caruth and the entire line, and Lengefeld. Guess that about includes them all.

But with some of the staring, there was also some "unstarting." Caruth did his part, as did Thomas. Are Caruth's eyes bad? It looked it. And Thomas, he can't be hit down and hold the ball. Of course, these flaws were not terrible, but one of Thomas' did cost. Caruth did a nice job of punting after, yes, after he got the ball. Davis did some nice work, and then, let's don't overlook Lengefeld. He don't show much, but then he's always there, and there plenty. Henderson's blocking was outstanding and now, I guess we're down to the line.

There's the talking point of this team with Gartman the star evident, and he turned in a jam-up game. The lights of Copeland, Edwards, Fry, Williams, Morgan and whoever plays that other end. These boys wore out the Home Boys, and that's not all they did.

It was a swell game defensively, and as far as the line is concerned, offensively. The line is there folks, and if the backfield can get some neverleak and hold that ball with the fair blocking they already have, this '42 club is going places. Time after time, Morgan, Copeland, Fry and Gartman, with Edwards thrown in, took 'em for losses before they got started, and then they held while Caruth fumbled momentarily and finally got off slow kicks, which were good.

The fans. They still ain't and there's more to see on the Hornet's side than there has been in years. Fan, we're ashamed of you. Come out and see them, at least, until they get started, and we promise you more fight, more game than you've seen in a good many years. You're invited.

And here's the play by play: Waco kicked, Wallace kicking, ball goes over goal. Davis loses 1 as left side line leaks. Boynton passes, incomplete over C. Davis on hand back from Boynton goes over left tackle for 11 and 1st down. Boynton passes again, incomplete. Lengefeld makes 3 at tackle. Hornets lost 15, pushing. Boynton makes 1, and Caruth punts from 10, rolls out on Hornets 45.

Carter makes 2 at C. Wallace carries for 1. Gartman gets Wallace for 4 yard loss. Wallace kicks out from 40 to 25.

Davis finds nice hole at RG and makes 4. Davis repeats for a 1st down. Boynton passes over C in-

complete. Boynton passes out of bounds. Lengefeld makes 1st down on a reverse. Davis momentarily fumbles and don't go. Painter for Boynton. Painter passes incomplete. Next play fumbled but recovered. Caruth punts from 35 to Smith on 30, returned to 35.

On the first play, they lose 1. Hornet line is really clicking. Waldrop for Gatlin. Wallace quick-kicks from 30 to Hornets 30. Painter makes 1. Thomas for Whittenberg. Lengefeld makes, but Hornets lose 5, penalty.

Thomas drops 5 as they get thru right side. Caruth kicks from 15 to 40, returned to 35. Boynton for Davis. Edwards nabs Home Boy for 2 yard loss as he fumbles temporarily. Gatlin for Waldrop.

SECOND QUARTER
Gartman down Wallace attempting to pass for 8 yard loss. Carter quick-kicks from 40 to 39, out of bounds. On a reverse, Lengefeld loses 3. Thomas makes it back and then 3 more. Caruth kicks from 35 to 25, taken by Smith to 30.

Wallace attempting to pass is swarmed by Hornets and they recover the ball on the 15. Thomas makes 2. Caruth fails to get pass from C. recovered by Thomas after 10 yd loss. Thomas don't gain. Caruth fumbles but passes, intercepted.

Carter makes 1 foot. Gatlin for Waldrop. Carter don't gain. Copeland stops him for no more. Cox for Henderson. Home. Home kicks, Hornets off side, penalty refused, ball out on 50 from 20.

Thomas makes 3. Boynton passes, partially blocked and incomplete. Davis following good interference makes 5 more. Caruth, fumbles and ball goes over on 47.

Gartman goes thru and nabs Carter for 22 yard loss. They don't at line. Home loses too much time, coach whistles. Carter makes 3. Wallace punts out from 35 to 41. Caruth out Henderson in. Henderson to Boynton, incomplete. Henderson passes, nobody there. Weaver for Lengefeld. Henderson completes pass to Williams, netting 30 yards. Henderson passes incomplete to Weaver. Lengefeld for Weaver. Painter for Henderson. Painter passes incomplete. Henderson for Painter. Henderson to Lengefeld, incomplete. It looked good, but he hit it with his knee.

Gartman nearly got Carter but didn't, but others did as half ends.

THIRD QUARTER
Hornets kick for outside but Henderson gets in on 33, returns to 40. Carter makes 2 and 3 more. Wallace kicks from 45 over Lengefeld who returns to the 5. Thomas fails. Davis didn't go. Thomas runs, making it 1st down and gets out of a bad hole. Thomas rits big hole for another 1st down. Lengefeld makes 8 with good Hornet line play. Davis at RT side makes 5. Thomas hits, spins and rolls for 4 more. Davis makes it another 1st down, netting about 8. Thomas makes it, fumbles and Carter for Home recovers. Morgan out, Powell in.

Carter makes 5. McNeil makes 2. Carter 1 more. Wallace punts from 40 to Lengefeld on 25, return to 38. Davis lugs for 6. Lengefeld makes 8 more and 1st down and he makes 1 more, as quarter ends.

FOURTH QUARTER
Morgan for Henderson. Thomas spins for another 1st down. Davis goes again for 6. On a reverse, Thomas to Lengefeld, they make 14 and another 1st down. Thomas goes again for 3 after an apparent loss of twice that, but a penalty cost 5. Then Thomas fumbles and ball goes over. Henderson for Thomas. They can't pass the line. Home punts from 15 out of 43.

Pass, Henderson to Caruth complete for 7. Henderson passes over Lengefeld. Davis makes 2 and then a first down and 14, before being nabbed. Home is exhausted and no substitutes. Thomas makes 4 more. Davis makes 7 and another first down on the 6 yard stripe. Davis takes it to the 1 ft. line.

Davis goes over for counter. Powell for Lengefeld. Copeland misses place-kick for extra. And it's:

Gatesville Public Schools are Out for Scrap to Scrap the Japs

Hirihito may now know it, but he is "whooped" now!

Students of Gatesville high school as well as every other school in the country are either throwing ingots at him and his pals, Hitler and Mussolini, and they are going to feel it, and soon.

It's the scrap drive and they are after rubber, any kind of metal, and this is a warning. If you have anything that in anyway resembles scrap iron, metal or rubber,

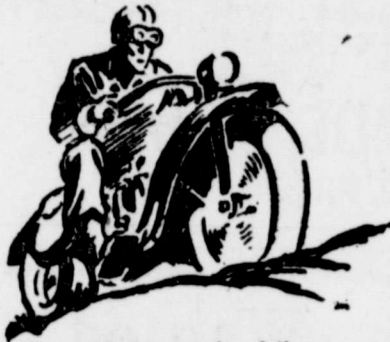

you'd better anchor it, because it will be moving axis-ward when these youngsters get through.

The drive will go on the remainder of this week and will continue through next week and they are going to get it.

If you've got scrap of any character and don't have a conveyance to haul it in, Phone 330 or 300 and a conveyance will be sent for it. Give a scrap for the Jap!

What You Buy With WAR BONDS

Military motorcycles, for couriers, for speeding light guns from one section to another, are an important part of America's mechanized army. Many are equipped with sidecars for use of staff officers. They cost from \$400 to \$450.

We need thousands of these small maneuverable machines in our Army today. You and your neighbors, all buying War Bonds and Stamps, can help buy them for the Army. Invest at least ten percent of your income every payday in War Bonds and Stamps and become a member of the patriotic "Ten Percent Club." It is rapidly becoming the largest club in the world.

Official Tank Destroyer Emblem was Unveiled at Camp Hood, 18

This black tiger has a tank in a hot spot and that's what the TD's are going to do when they get in action and many of them already are. These are tough babies and

their official slogan is "Seek-Strike-Destroy." These are not glamour boys, they are just what their slogan says. They look 'em up, blow 'em up, and cover 'em

up, you might say and anything goes and there are no aims, but, just get your man before he gets you. Real fighting we'd call it. Giving it to 'em like they dish it out.

Hornets Go to West Tonight for First Conference Game

HORNETS OPEN CONFERENCE SEASON ON FOREIGN SOIL AT WEST

Tonight is the night! And tonight's the night, Gatesville high school Hornets open their conference schedule, Class A on foreign soil, and what we mean that is, foreign soil, and if you don't believe it, read some of the names (after we get back) of who played for West.

Anyway, the fans that have tires and want to use them will heigh themselves Westward eastward. It must be the place where the 'twain meet' because West is east of here and that's something. Kipling when he said that, didn't know where West was. It's east of Gatesville.

Let's hope, therefore, the Hornets don't get mixed up like Kipling was on that one and we don't think they will with the 'north' side of the Hornet team clicking like it has been, and by that, we mean those running from William-

prised who it'd be. all-something or other on the team in this line and we could be surson to Caruth and including Morgan, Copeland, Fry, Edwards and Gartman.

Now if the 'south' can hold up like this 'north' has, we'll have a ball game and a victory in our belts when we get back.

Featured in the 'south' this trip at least starting, will be Davis, Lengefeld, Boynton and Whittenberg or is it 'burg'.

There's the 11 folks, and we're here to state they'll be in there after the Trojans and they'll wish they'd 'gone west, young man,' just like Horace Greeley said to do away long back before the New Deal, remember that far back?

As for the line, these boys are getting rougher, rougher and by the end of the season there's just no telling how rough they might be. There are going to be some

Well folks, you've already read it, but here's the Hornet starters:

- Williams, LE
- Gartman, LT
- Edwards, LG
- Frye, C
- Copeland, RG
- Morgan, RT
- Caruth, RE
- Davis, B
- Lengefeld, B
- Boynton, B
- Whittenberg, B.

The trip will be made in cars? And if you're going and empty, we are just about certain Coach Pruitt would like to know about it. The team leaves here about 3 o'clock, due to the 35 mph speed limityou know that's been rationed now—speed and you can only have 35 miles of it each hour. However, you don't need any ration book, there are "monitors" on the highway you'll contact if you clock more than that.

Cake Recipe Tested

The Foundation Cake given in the leaflet "Recipes to Match Your Sugar Ration" was tested by Mrs. Jim Sanders of the Slater community and found to be satisfactory. It uses only three-fourths of a cup of sugar. The recipe is:

- 1-2 cup fat
- 1-4 to 1 teaspoon flavoring
- 3-4 cu syrup
- 3-4 cup syrup
- 3-4 cup sugar
- 3 cups sifted flour
- 4 teaspoons baking powder
- 1-4 to 1-2 teaspoon salt
- 3-4 cup milk

Cream fat and sugar together. Add flavoring and syrup gradually. Continue creaming and add the well-beaten egg yolks slowly. Add the sifted dry ingredients and the milk alternately. The first and last addition should be dry ingredients. Fold in the beaten egg whites last of all. Pour into a lightly greased pan. If layer pans are used bake them 25 minutes in a 350 degree oven. If loaf pan is used bake it 40 to 45 minutes in a 325 degree oven.

There were more than 40 service men present for the Fellowship hour following the evening service last Sunday. Plans are under way to make this Fellowship hour for the service men and their families a regular feature of the First Baptist program.

The pastor and church extend to new friends in Gatesville and to all service men a most cordial welcome to visit the church services.

BIBLE CLASS ELECTS OFFICERS

The Business Men's Bible Class of the First Baptist Church last Sunday morning elected Tom L. Robinson as class lecturer to suc-

ceed the pastor, Rev. Lawrence Hayes, who has been teaching for the last 6 months. Henry Summers was elected as associate teacher. Other officers include: Lee Hord, president; Leonard Meeks, enrollment vice; H. K. Jackson, Fellowship vice; D. R. Boone, social service vice; and Cyril Hudson, stewardship vice; J. W. Laird is the new secretary.

The class has an enrollment of 150 members. Leonard Meeks, enrollment vice--resident, is calling a group of men to meet for breakfast in the church next Tuesday morning for definite plans to increase both the enrollment and regular attendance.

It is expected the class leadership with the increase of local population the enrollment can be pushed above the 400 mark with an attendance upward to 200.

BAPTIST TRAINING SCHOOL

Fifty-three were enrolled through Tuesday evening in the First Baptist church's annual October training school for Sunday school workers. Five courses were offered, including: The Book We Teach, taught by the pastor Rev. Lawrence Hayes; Personal Factors in Character Building, taught by Mrs. A. D. Honeycut; The Intermediate Department, taught by Mrs. H. K. Jackson, Guiding the unior, taught by Mrs. E. W. Brooks; Guiding the Primary Child, taught by Miss Bess Holmes.

Superintendent Browning reports a growing interest and it is expected the week's training will greatly add to the efficiency, organization and enlistment of all the Sunday school departments.

the local church, church leaders report. More than 40 attended the Fellowship hour following the service. Hot chocolate and cookies were served to seventy-seven, which included families of the service men. The men engaged in a sing-song and two or three "skits" were presented. In locating the various states which the men represented, one is reported to have come from the "state" of Chicago.

The replacement committee, directing the center, is made up of some 40 men of the local church, whose organization keeps in touch with the men from the local congregation with the armed forces. The church has some 40 of its men in the service scattered in all parts of the world. Already two gold stars appear on the Plaque representing the honor roll.

The foyer of the church, to the rear of the auditorium, opening on Main Street, will be furnished and equipment will be installed for the recreation, rest, fellowship, reading, music and letter-writing of the service men. Another Fellowship hour is announced following the evening service, Sunday 18. The committee hopes to make this feature a regular part of the Baptist program.

Already Baptists have some ten "Baptist Centers" in as many towns and cities of Texas, in the cities, the churches operate the centers in a down-town location and the programs are sponsored by groups from the various churches as is the case in San Antonio, Austin, Abilene, El Paso and Wichita Falls. In the smaller towns which have but one or two Baptist churches, the center is located in the building of the First church and the State Mission Board shares the expense. Church leaders point out the opportunity for actual mission work, among the soldiers. At least the Baptist leaders of Texas believe it a very worthwhile investment.

The local church hopes to have the center ready for use within two or three weeks. With the coming of more men to this area, it is expected that within a few months, with the help of the Baptist Mission Board of Texas, the local church will have an assistant to the pastor who will give full time working with the service men.

Dear Friends:

The final vote on the conference report on the so-called rice fixing bill is expected sometime tonight. I had hoped to be able to report that vote, but it is now getting late and I must get this in the mail in order to reach our friends in time for next week's papers.

I think, however, that it is a safe guess that the conference report will be adopted, but I must confess that I can not see that it will make very much difference whether this bill is passed or not as it does very little except reduce the figure at which the President can put a ceiling over farm prices and the President has already stated that he could and would reduce this figure without Congressional action. The Senate version of the bill also provides that no action shall be taken "inconsistent with the Fair Labor Standards Act or the National Labor Relations Act" although for what purpose except to appeal to labor I don't know. Any law remains law until repealed, and it certainly is not necessary to reenact these laws in order to protect labor.

The Senate version has deleted the Brown Amendment laced in the bill by the House to require the inclusion of farm labor costs in the parity formula and has also reduced the inadequate loan floor of 90% of parity for farm prices which the House Bill provided until three years after the end of the war. Instead, it says, "That in fixing price maximums for agricultural commodities and for commodities processed or manufactured in whole or substantial part from any agricultural commodity, as provided for by this act, adequate weighing shall be given to farm labor." I hope this may be interpreted to aid the farmer, but it seems to me that Senate deliberately wrote a provision that is open to almost any interpretation so that both sides might claim that they had secured what they wanted. As a matter of fact, it leaves the whole matter in the President's hands. If he should see fit to do so, he could give full recognition to increase labor costs in fixing farm prices and could control wages generally, but as I see it the farmer will have to depend entirely on the President's knowledge of agricultural economics. I am not questioning the President's desire to be fair, but I fear that he does not fully appreciate the seriousness of the farm problem, and judging by the past it strikes me that labor is likely to receive much more consideration than agriculture.

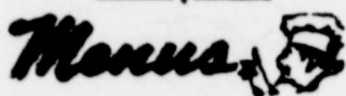

I do not believe that this bill or any bill that does not absolutely freeze wages will or can stop inflation. High wages such as many have received at McGregor, Temple and Killeen, not present farm prices, have occasioned most of the increase in the cost of living. I do not believe that our farmers can make financial arrangements to produce the maximum crops that we need next year without an absolute guarantee that they will be allowed a price level that will include all increases in labor costs. I, therefore, don't expect this bill to accomplish the results that we all want. I feel that it was most unfortunate that the administration took the stand that it did against the House Amendment.

A most interesting side-light on this matter has been the Majority Leader's efforts to delay the passage of this bill. The House passed this bill on Thursday, Sept. 17th. The Senate should have passed the bill the same day, but the Majority Leadership felt that they were stronger in the House than in the Senate. They, therefore, deliberately recessed the Senate to wait till the House killed the farm amendment. When the

House unexpectedly passed the amendment, the leaders in the Senate started a filibuster to delay action on the bill—in spite of the fact that the administration has been very insistent that Congress take prompt action.

Read the Record, and you will see that Mr. Barkley, the Senate Leader, was the man who would not let the farm amendment come to a vote in the Senate last week. He figured (correctly) that in the intervening time he could build up pressure through the radio commentators and the newspaper columnists and could bring some of the Senators over. In this he succeeded at least to the extent of securing the milk-sop amendment that the Senate finally passed. The Senate bill was passed Sept. 30th. The House could have appointed a conference committee and taken final action yesterday. The members from the farm states were ready, but most of the New York, New Jersey and Pennsylvania members were at home. The leaders wanted them present; so a wire was sent to each of them and all action was put off today (Oct. 2nd). I want those who complain about delay to note at whose instigation the delay was occasioned, but as I have said before, until the administration is willing to meet the question of wage control on the same terms as the control of agricultural prices, delay, passage, or defeat of this bill is not going to be of much importance.

Yours, for Victory,
W. R. POAGE,
Congressman, 11th Texas
District.

We Must Plunge:

Our leaders have told us that as yet we are only ankle-deep in the war. No nation and no man can remain ankle-deep. They either plunge or get cold feet. This means that the sacrifice of civilians must match the bravery of our fighting forces.

A nation lives by the higher values of its soul. Not by the lower prices on its store counters. In 1942, sugar is a luxury and gasoline a comfort. But liberty and freedom are still American necessities. A cuff on your American trousers isn't worth a Japanese cuff on your American jaw.

Our problem at home is not our standard of living. Too many brave Americans have already set us a heroic standard by dying.

The Marines who land on Pacific beaches are in this war deeper than their ankles. And the skies above the channel cannot be protected by price ceilings. The men of Bataan divided their food, not profits. And there was no night-shift to relieve the defenders of Wake.

It will cost most of our wealth to win this war. But all our riches to lose it. We must give most of our privileges or lose all of our rights. Captain Colin Kelly made his choice. He went into this war not up to his ankles, but up to his heart. Because he knew what it meant to buy peace on his knees.

Notes of a New Yorker:

John Mason Brown, the dramatic critic, who went under the surgeon's blade to put himself in condition for a naval commission, will prove to be worthy of the navy . . . The navy need have no fears about his presence of mind, either . . . Once when Brown was delivering a lecture in New Orleans—he strolled up and down the rostrum, making gestures as he lectured . . . He strolled so far he walked off the platform—dumping himself into some laps . . . Returning to the platform calmly, albeit a bit bruised, he continued with: "To pick up the subject where we dropped it . . ."

Sallies in Our Alley: Gilbert Gabriel, the former dramatic critic, is now an officer in the army—somewhere in Alaska . . . Before being commissioned some intimates were requested to give the War Dep't the lowdown on Gil's character, fitness and so forth . . . "How are his morals?" was one query . . . "He is so moral," replied a chum, "he should be sent there as a missionary!" . . . One of the Broadway sportsmen was saying that the weather at Saratoga was never important to a gambler "because you can sleep like a top when you're winning" . . . "And," said a veteran, "when you're losing—you spin like one" . . . David O. Selznick asked Sam Goldwyn: "Why do you hire so many writers for one picture?" . . . "Because," said Sam, "from each writer I get a germ."

Zeppo Marx of the famed 4 Marxmen was the "kid brother" who was ordered into the act by their mother . . . Zeppo was too young to be trusted with valuable pieces of stage business or punch-lines—and so he merely tagged along, making faces or joining in the chorus . . . Of course, he was paid well . . . While

illness and death of her brother-in-law, Jasper Thomson.

Pvt. John D. Arnet of Georgia and Pvt. Gene Staffin of Kentucky got leave from Camp Hood to come to Quincy Adams farm and try their luck at cotton picking.

Sunday the Baptist voted to call Rev. Matthew Sanderford as pastor of the Purmela church.

SPORT SCRAPS
By Jones

With rubber under you—it's West tonight. The Hornets and the Trojans tie up and the Hornets should get in their armor, but they might get smashed.

Now in the SW conference, things will begin to fly this week, with A. & M. another pushover with Corpus Christi Navy; Texas, a set-up with Okla. U., but, there is a tradition; Rice-Tulane, looks like Tulane, but it may be a big Owl; SMU a crip in Hardin-Simmons, but they beat the bears and may be hard on Ponies; TCU-Kansas, A Frog or Sunflower, whichever you wish; Baylor-Arkansas; it's hog or bear hair, and It's course at best of course, the Bears might; we prefer the Bears, but we would.

LaVega at Itasca, it's a long trip, Marlin at Hearne, Mart at McGregor, Meridian at Clifton. Jinx

didn't get 'em all in his last schedule and Tuesday night, we don't know where V. Mills plays, or the others.

Taking, we'll take LaVega, Marlin, Mart, Clifton but you can too.

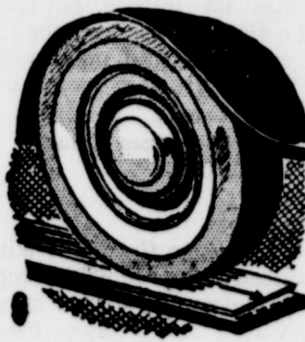

As for the Hornets, barring injuries Wednesday, they should be in top shape by Friday and they should be raring to go. Coach Madison Pruitt gave us the line-up and there don't seem to be much change. Maybe there should be, but we're not coaching and that's that.

If the boys take hold Friday night, and the line clicks as heretofore, we'll have the first conference scalp in our belt for what didn't look like too good a season, back in August. It's improving, though.

Hope we see you in West, and we're going only to the football field, if you get what we mean.

Mrs. H. C. Etinnnett visited her daughter, ene, who is a student in Texas University, last week end.

Swiss Steak

For Swiss steak select a fairly thick piece of beef from the chuck rump or round, or a slice of veal. Season the meat with salt and pepper, sprinkle generously with flour and pound thoroughly. The pounding helps to make the meat tender and the flour absorbs the juice. Cut the steak into individual portions and brown in suet or other fat in a heavy skillet or kettle. Then add canned or sliced tomatoes, or water enough to cover. Cover with a lid, and simmer for

1½ to 2 hours or until the meat is tender enough to be cut with a fork. There should be plenty of good gravy to serve over the meat.

Stuffed Fig Salad

6 figs
1-2 cup cream cheese
6 stuffed olives, chopped
1-8 tsp. salt
Dash of paprika
1-2 cup French dressing
Lettuce of cress
Split figs lengthwise, scoop out part of pulp and add to cream cheese, olives, seasoning and 2 teaspoons of French dressing. Lay halved figs on lettuce or cress pile a portion of cheese mixture high in each half and pour additional French dressing over all.

Tomato and Mushroom Salad

1 cup mushrooms
1 onion
1-2 cup celery
Chop mushrooms fine. Mix with finely minced onion. Moisten finely chopped celery with good mayonnaise. Cut a small piece from the top of each tomato and carefully scoop out seeds and fill with mushroom mixture. Put 1 teaspoon mayonnaise on top of each and 1-2 a walnut meat in center. Serve on crisp lettuce leaf.

Parker House Rolls

4 cups flour
1 tsp. salt
6 tsp. baking powder
2 tbsp. shortening
1½ cups milk
Sift flour, salt and baking powders together. Add melted shortening to milk and add slowly to

dry ingredients stirring until smooth. Knead lightly on floured board and roll out one-half inch thick. Cut with biscuit cutter. Crease each circle with back of knife one side of center. Butter the small section and fold larger part well over the small. Place one inch apart in greased pan. Allow to stand 10 minutes in warm place. Brush each with melted butter and bake in very hot oven 15 to 20 minutes.
