SEVENTH ANNUAL COLT SHOW TO BE HELD HERE MONDAY, NOVEMBER 2; MOVIES TOO

Horse flesh!
The best Coryell County can offer will be on display here, Monday, November 2, when the Seventh Annual Colt Show will be held at 10 o'clock that morning.
There will be several classes including: Mule Colts, Gaited Saddle Horses, Utility Colts, all-round, Utility Yearlings, Utility Colts over 2 years old and 2 and over stallions.
Judging will be by Col. C. A. Wilkinson of the Southern Re-

mount Station at San Angelo.
Following the show, which will close about 1 o'clock, there will be a moving picture of last year's show at the USO at 2 p. m., and some other interesting features.
Breeders have been especially careful with their mounts, according to Guy Powell, and it is expected that a large number will be entered and that the entries will especially be of high quality.
Further information about the show will be carried in Friday's issue of the News.

HERE'RE THE FIVE AMENDMENTS FOR GENERAL ELECTION

Here, briefly, are the five proposed amendments to the Constitution of Texas that you will be asked to vote for or against on General Election Day, November 3, and, what we'd do in each case. Naturally, you can do like you like—this is still America, you know.

JOHN TARLETON APPROPRIATION:
"This refers to the constitutional amendment authorizing the Legislature to pay for building constructed by John Tarleton College." We think they ought not to make "bills" unless they can pay for them, and we're voting "NO".

MILITARY INSTRUCTORS:
"This refers to the constitutional amendment permitting the accounting officers of the State to draw and pay warrants for salaries to officers of the U. S. Army or Navy who are assigned to duties in State Institutions of higher education." We'll vote a "NO" here, too, as this would only add a tax burden on Texas, and would be only for the benefit of a few Texas institutions of higher education, and these now, have almost more money than they can spend, which is already too much.

ANTI DEFICIT:
"This refers to the amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such

available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto." We'll take a "YES" here. Looks like it'll make 'em go on a cash basis, which is badly needed in all government.

PROBATE JURISDICTION:
"This refers to the amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal, or probate matters. This is primarily for the "big cities", and from our angle, doesn't look like it's for us, and would only add more people to the public payroll for the benefit of a few. Naturally, the answer is "NO".

STATE OFFICE BUILDING:
"This refers to the amendment to the Constitution of the State of Texas authorizing the investment of not more than two million dollars of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a state office building or buildings and providing for the repayment of said sum of money to the Permanent School Fund." "NO", a thousand times "NO". If the state employees are that thick in Austin, it's time to start sending them home. There's too much "government" down there, too. Let's ration government employees as well as gasoline, tires, coffee, and a million and one other things.

United States Navy Day October 27th

A Salute . . .

To the Navy's Fighting Men!

This day has been set aside to honor the officers and men of the U. S. Navy who are daily fulfilling the glorious traditions handed down by the Naval Heroes of long ago. The heritage of Jones and Farragut and Dewey is their heritage. They have accepted it proudly, with the same courage and determination that gave us Victory in the past. The history of America is their history. For if there had been no man like John Paul Jones to shout, "I have just begun to fight!" . . . if there had been no Dewey at Manila Bay . . . if there had been no men like the Navy flyer who reported "sighted sub, sank same" . . . if these men had never lived and fought in the U. S. Navy, there might be no Freedom for Americans today. Now, to the Navy heroes of all our wars, we add the names of the brave men who are fighting at this very moment on the far seas of the world for our Freedom and the flag we live under. Those of us who are not in the Navy pledge today to do everything in our power to help them get the Victory job done . . . to speed the day when the light of Liberty will shine again from sea to sea.

KEEP FAITH WITH OUR NAVY HEROES—

GAS RATIONING AND INFORMATION FROM LOCAL "R" BOARD

Registration for mileage rationing in Coryell county will be made Nov. 12, 13 and 14, and actual rationing will begin Nov. 22.
Applications are not yet available, but will probably be here by November 7, and as soon as they are, the News will carry the announcement. Forms will be distributed to inspection stations where every passenger car owner can get one.
On this form, list serial numbers of each tire, and on the registration days present application form to nearest school and you'll be issued an "A" ration book. Motorists in other county register there.
The same school officials will be used as in other registrations, and schools need to be dismissed those days.

Those who think they're entitled with more than 5 tires must sell the others to the government before November 12 if he wants a card.
Tires may be returned in before that date to the American Railway Express Agency, which will tag the tires and the seller will receive a check from the government, or if he chooses, the government will pay in War Stamps, Bonds or by check for the tires.

Commercial vehicles, trucks and farm trucks must obtain a Certificate of War Necessity from the Office of Defense Transportation before they are registered for mileage rationing with the local War Price and Rationing Board. The ODT has mailed these forms to all owners of commercial vehicles that were registered last December 31. Persons who have not received these applications should write immediately to the nearest ODT Field Office. In Texas, these offices are in Dallas, San Antonio, Houston, Lubbock and Austin. As soon as this form is received it should be mailed back to the ODT in time for the applicant to receive a Certificate of War Necessity by November 15 when it will become mandatory that every commercial vehicle and truck carry one of these certificates at all times.

LOONEY LUCY..... Polfin-H

October 24, 1942

Mr. Ward Burris,
Sports Editor, The Express,
San Antonio, Texas.

Dear Chum:
Well, as I was sayin' to Uncle Tobe yesterday, "What da you hear from the draft board, Pal?" Little Imogine was a readin' the sports yesterday and she wanted to know if a sleeper play was something made up from a bedtime story.

I write a pome this week after spending a night in San Antone. It goes like this: "A gal I hate is

Linda McTights, she drives on the streets and won't dim her lights." I see the American people is still all closely united. The baseball season is over and everybody is still all against the umpires.

With this tire situation and gas rationin' durin' the deer and turkey huntin' season, maybe a lot of sheep, goats, and cattle can take it easier and have a better chance of raisin' a family.

The more I listen to some of these here war analysts the more I understand why so many folks need glasses these days. From what I can learn they ought to open a second front somewhere between Murmansk and South Africa, some time between the 10th of the month and the end of some year, along about daylight, if it's cloudy.

Hitler shore would be a success in the show business. He started a seven-week stand in Russia in June, 1941, and after a year and four months is still a drawin' customers.

I'll be a seein' you, Pal. Keep 'em Smilin'.

Yourn,
LOONEY LUCY.

HORNETS TAKE ITASCA INTO CAMP WITH NONE TOO IMPRESSIVE WIN FRIDAY NITE

FLEET CAT SCAT BACKS KEEP HORNETS "BUSSING" AROUND FOR 4 STANZAS

It was no push-over, and still, looked easy, and that's what you might say about the Gatesville-Itasca trouble Friday night under the lights here.

You might say, everything was serene and peaceful if it were not for the fact that sooner or later one of Itasca's little fast backs would leak past the Hornet front line, and give the stands a thrill and the secondary something to do.

It worked about the same way with the Itasca's as that ground gainer Thomas caused them lots of palpitations, and lots of high blood pressure in the local stands. It was a hard game on a weak heart.

The Hornets got off to an early start, were tied, ran it up again, were tied, and then finally eked out the winning pay dirt. And, here's the way it all happened.

Hornets kick to Allen on 12, re-

turns to 28. They fumble, Davis gets it. Henderson for Powell. Henderson hits C for 4. Davis on long end sweep makes 15 and 1st down on 10. Thomas drops 1. He then takes it to the 4, and then for touch. Powell in, Henderson off. Place-kick is low.

Kick-off goes to Alley on 18, runs across field and doesn't gain. He punts from 15 to 39. Thomas makes 8 over C. Lengefeld on a reverse, fumbles, and it's Itasca's on the 39. On a lateral, they pick up 7. That Alley's going to get away on long E run. They lose 1 on next and Strickland carrying. Alley fakes punt and they make 1st D.

Next play fails. Allen passes incomplete. Alley, faking punt, runs and make 3. Alley punts from 45, killed back of goal, and fell on it instead of hovering over it. Hornets take over on 20.

Thomas makes 8 over LT. He makes 7 and a 1st D. Henderson passes long to Boynton, incomplete. Thomas makes 18 and another 1st D. He goes again for 7. Lengefeld carries for 1st D, but there is a penalty of 10 yards. Henderson to Boynton, pass, complete for 12. Hornets lose 15, penalized for pushing. Davis then makes 12, and then 5 more, as quarter ends.

SECOND QUARTER

Two more plays with no blocking and ball goes over. They kick from 5 to 45. Henderson passes, Waldie intercepts, and drops, and Davis recovers, all for 1 yd. Henderson to Williams, pass, makes 1st D. Lengefeld makes 1. Thomas dives for 4 more. Davis makes it 1st D. That's luck, not football. Lengefeld takes, but doesn't make. Henderson doesn't pass line. Davis makes 4 at LE. Thomas makes it 1st D. over RG. Henderson picks up 1 at LG. Harper throws Davis for 4 as line

loafs. Henderson passes over receiver, and ball goes over on 11. Strickland runs with it on reverse for no gain. Strick runs from 12 to 40 before he's knocked out of bounds, a 28 yard sprint. Pass incomplete, but Hornets off-side and they get 5. Strick gets lose for another 12 and 1st D. Gartman in, Copeland out. Morgan knocks down Hooks pass. Hooks sneaks thru for 12 and another 1st D. They run out back and go over for Touch, Alley carrying from 30 over. Attempt pass, they run and extra no good.

They kick, ball to outside, and put back on 35. Pass to Williams from Henderson, incomplete. Caruth and Lengefeld in. Henderson passes incomplete to Lengefeld. Henderson to Boynton incomplete. Gartman, Powell out. Hornets lose 5. Pass to Thomas incomplete. Henderson kicks to Strickland on 55, returns to 38 and half ends.

THIRD QUARTER

Ball to Boynton on 30, returns to Hornets 40. Thomas takes from 38 to 22, and a 1st D. Boynton makes 7 more at end. Thomas bowls over for 12, and a 1st. Thomas goes to pay dirt standing up. Davis adds extra.

Hornets kick, is kicked out on 35. Pass to Arthur goes to Hornets 6. Williams out. Hooks, on spin, goes over to pay, standing up. They add extra.

Hornets take kick on 22. Davis returning to 42. Thomas runs thru C for 25 to 38 and 1st D. Thomas makes 11 more and 1st D. Lengefeld doesn't, getting no blocking. Thomas makes 15 and 1st D. Boynton makes 2 at C. Thomas gets 2 more. Davis goes over, 8 yds. for touch. Boynton adds extra thru line.

Ball to Tucker on 28, returned to 40. Hooker makes 6 at RT G. Double pass complete, but stopped by Boynton for 1 yard loss. Alley makes it 1st D. Caruth and Edwards down Strickland for 4 yd. loss. Both off side. Caruth dumps interference and they knock Hooker out of bounds. Alley kicks from 45 to us on 25, ball killed. Boynton passes over C. to Lengefeld for 9. Next pass incomplete, and Thomas makes it 1st D. and 6 yds. Boynton then passes incomplete to Caruth, and is knocked down. Boynton to Lengefeld makes 15 and 1st D. Boynton passes incomplete, and then over Lengefeld. Thomas then weaves and spins for 20 and 1st D. as 3rd Q. ends.

FOURTH QUARTER

Henderson for Boynton. Ball on 22. Thomas drops 3. Henderson doesn't get off pass and loses 12. Boynton back in, Caruth out. Henderson passes incomplete. Henderson punts out on 25. Henderson out, Caruth in. Gartman throws Strickland for 8 yd. loss. And, then he throws the same man for 10 more. They punt, no they don't, and Alley carries to 12 yd. line. Allen punts from 5 to Lengefeld on 50, returned to 43. Thomas gets 5. Boynton drops 18, when crowded by Itascans as he tries to find a receiver. Lengefeld goes for 4 and they must keck from 45 to Miers, who fumbles. recovers and runs back and is nabbed on the 11 by Fry. Strickland takes it for a 1st D. stopped by Edwards. Hooks doesn't get started on LE run. Alley to Miers, pass incomplete, and over. Alley kicks from 15 to Lengefeld, who fumbles and ball recovered by Tucker. They pass, incomplete.

Alley passes incomplete. Pass completed to Harper after they fight over it. Alley punts from 50 to Boynton on 20 returned to 27.

Boynton can't find pass receiver, runs, loses 2. Thomas dumped before he gets started. Thomas fumbles, Hornets recover, but not before they lose 5 or 6. Henderson punts from 15 to 48 and Alley nearly gets away carrying to 32. Allen passes long to Hopkins. Incomplete pass to him and then another. They pass to Alley incomplete, and then run and ball goes on over on 34. Thomas makes 1. and then 15 and 1st D. Reverse, and Lengefeld carries making 4. Boynton makes 8 and 1st D. Tatum for Morgan, Powell for Williams. Coskrey in too. Too much time and they lose 5. Boynton misses an impossible interception just a little. Thomas intercepts on

40, returns to 42 as the whistle blows, ending the game.

WAR BONDS**

Actual experience on the world's war fronts has proved the collapsible boat an essential safety feature for both Naval and land based planes. They are made of rubberized material, easily inflated.

At the Battle of Midway an Army Lieutenant, after bombing a carrier, was forced to bail out of his bomber. He was able to get a "fish eye" view of the entire battle from his collapsible boat and was later picked up by an American plane. University of Texas co-eds have been asked to "tithe their time" for war service. This suggestion comes from the Women's committee of the university defense council, which urges each co-ed to set aside six hours per week for actual war work—or one-tenth of their 60 hours of free time after the essentials of class attendance, study and sleep are deducted.

WITH THE COLORS

Here's a letter from Harold Whisenhunt, who's in the "tight little Isle", Ireland.

Monday night, Sept. 21, 1942.

Dearest Folks:

I've written you once before, but it was a V-letter and I doubt if you have it or not.

Here, I am in the land of the Irish, and a long way from home, but I am well and doing fine. I have been assigned to an Anti-Tank company which is a very good outfit. All the boys and officers are very nice.

The trip was very nice and I've seen some very interesting sights. As you know, I'm not to write anything of a Military nature since my letters are censored. So it will be hard for me to tell you just what I'm doing.

I don't want you to worry about me just because I'm overseas. We are having the same kind of training we had in the states, but of course it is a little more advanced. Our living quarters are alright, and the food is good. Our company has a couple of shows each week that we can go to. Also church on Sunday. In all, life here is just about the same as back home.

I've missed you awful and would give anything to be able to see you. It seems so long already, you must be brave as Lawrence and myself are being. It won't be long until we can all be back together again. I'm praying it won't be long.

I want you to know that I have the grandest Mother and Father on earth and we want to do something you will be proud of, and are glad to be fighting for my country as thousands of American boys are doing.

If you get a chance, go and see Martha. It's so hard to be away from her. We were married a year Thursday a week ago. Do write her often and she will do the same.

Mother, if you will send my letters air-mail, I'll get them a lot sooner. Otherwise, it takes so long. Be sure and give me Lawrence's address, also let him know where I am. Tell me if Troy had to go yet or not. Tell Sammy and sister hello for me. It would be to see you all.

Mother, write me often and do not worry about me. I love you all so much. My address is outside the envelope. Tell Winijane hello for me.
Love to all,

Harold.

Harold has a brother, Lawrence in India, and his brother Troy, left Saturday for the examining center to be examined for the Army.

WHAT HAS GONE BEFORE

While playing the piano at a party, beautiful Kay Kerrigan receives word that her young sister has committed suicide. Knowing that dissolute Thomas Bruhm is responsible, she goes to his apartment, where there are signs that Bruhm is entertaining another woman. As a sarcastic answer to her reproaches Bruhm offers her a pistol, and in her frenzy she fires at him. Not knowing that the pistol is a blank she flees, leaving her handbag and imagining herself a murderer. Later that night, however, Bruhm is actually killed by someone else. Finding Kay's bag, the police broadcast an alarm for her. She escapes by plunging her car into Honolulu where she has her hair dyed from blonde to brunette. The Chief of Detectives decides that since this is a case involving a woman the man to send after her is Sam Wye, light-hearted specialist in female fugitives.

Chapter Two

"But Chief!" Detective Blodgett protested. "If Sam Wye likes her he'll keep her for himself—like last time when you had to fire

been there but had gone on to Shanghai looking for work—off to Shanghai! Blodgett couldn't see it.

In Shanghai it was the same thing, only the girls were Russian. A beautiful blonde in a rickshaw and a beautiful brunette—in a rickshaw. And here Sam developed a curious routine. Riding around with the girls he would stop at music shops and invariably play the same Chopin prelude on the piano—always with the wrong ending. At last, after a clerk in one shop had told Sam about an English girl who had been in recently looking for work and had played the same piece, Blodgett learned to his bewilderment that they were on their way to Indo-China—Saigon.

On the day of their arrival there Kay Kerrigan was counting the last of the money she had obtained from selling her rings. Her hunt for a job was fruitless, for even the cheapest café in Saigon would not hire an entertainer without a police card. That same night Blodgett rushed breathlessly to where Sam was playing his Chopin prelude for some Annamite girls. "I got her, Sam!" he cried. "I got Kerrigan! Caught her red-handed in the lobby, smoking a Marich!"

It turned out to be Jeanie. The "Kay Kerrigan" Blodgett had caught with the Marich was Sam's

Kay Kerrigan was even more beautiful than he had expected.

him!" "How'd he know that dame was the Commissioner's daughter!", the Chief grunted. "Besides, this time you're going along to watch him!"

Which was how it happened that three weeks later Sam Wye was lolling on the beach at Waikiki, surrounded by native girls who took turns dancing the hula for him under the very eyes of the outraged Blodgett. Of course they had had to wean Sam from his private investigator's office, and also from the important case he was working on at the time—a gorgeous blonde who drank champagne while Sam begged her to let him walk along the stars with her. And then there had been the problem of Jeanie, Sam's secretary and bill-staller, who affected such broad a's that she sounded as if a doctor was looking at her throat. For some reason, probably because he had told her so, Jeanie imagined that she was Sam's girl, and Sam had had to soothe her by making her close her eyes for a kiss—at which time, he had vanished into the elevator. Nevertheless, Homer Blodgett didn't feel that things were going at all the way the great Faulkner would have done them. That little blonde woman who had left for New Zealand yesterday! Didn't smoke Mariches—openly—and she claimed to be a missionary! But Blodgett was sure Faulkner would have followed her! He was shocked, therefore, when Sam, after playing idly for days with those girls from the Royal Hawaiian Beauty Shop, suddenly announced to Blodgett that they were going to Japan.

In Japan it was worse. Geisha girls this time, a whole household! Detective Blodgett would never forget what happened to him here. Asking him his age and his experience! Later the girls explained that they had been expecting a secretary, but there it was—a permanent slur on his official dignity! And Sam! Wasting time, pretending he was looking for an American girl to play the piano in a show! Then, just because the Madam said that such a girl had

simply to quote the polite form for Africa. "Dr. Livingstone, I presume," he said eyeing her calmly. But he thought: "Why is she here?"

He knew that Jeanie, despite her eccentricities, had as many police contacts as he did, and he knew also from her attitude that she hadn't come for his sake. Tenderness had its usual effect. After a few kisses Jeanie was confessing everything. The Bruhm estate was offering a reward of \$100,000 for the capture of Kerrigan, and Jeanie knew that Kerrigan was here—under the name of Mary Holden. But she must have her half, she warned.

"Of course," Sam said quickly. But this stuff Jeanie had about Kerrigan sailing for Singapore was only a blind. He happened to know that Kerrigan had started for the interior. They must ride after her at once—through the jungle. A little more talk about the jungle—and the snakes and the lions and the tigers—and Jeanie was shuddering. "Listen," she gulped. "Couldn't you go get her while I stay here and take a shower?"

"Perhaps that's the best idea," Sam nodded. "It was selfish of me to want to take you into the jungle."

Kissing her lightly he left. An hour later a smiling Annamite boy brought her a message from him. "A gentleman like he," she vowed. "is always being detained."

But when she opened the message she screamed. It was Sam's hotel bill.

On the boat to Singapore Sam sat moodily at the piano, playing the Chopin prelude again and again, always with the wrong ending. At last he felt the shadow he had been waiting for, and her voice said: "Oh, please! Don't do it like that again! Do you mind if I show you how it ends?"

He turned slowly to look at her and Kay Kerrigan was even more beautiful than he had expected.

INSPECTION PARTY FROM WASHINGTON VISITS CAMP HOOD

A party of army ground forces officials from Washington left Wednesday after a two-day inspection of facilities and training at the Tank Destroyer Center at Camp Hood.

The party was headed by Brig. Gen. Alexander R. Bolling, G-1, in charge of ground forces personnel.

Members of his party were: Col. Joseph A. Cranston, Col. William E. Dunkelberg, Col. John F. Uncles, Lieut. Col. William W. Harris, Lieut. Col. Carl B. Smith, Lieut. Col. John W. Wurtz, Major David W. Gray, two pilots and a master sergeant. The party made the trip by army transport plane.

The Tank Destroyer Center is part of the ground forces command.

Area Rent Office To Be Opened In Temple Nov. 1

An area rent office will be opened in Temple Nov. 1, Glen Lewis field representative from the Dallas regional office, announced Tuesday.

Mr. Lewis was in Temple Tuesday together with a civil service representative interviewing applicants for the Temple office. Five permanent employees, including an area rent director, rent examiner, rent inspector, and two stenographers, will be hired. Four employees who will be hired on a temporary basis include two clerks and two examiners. Those accepted will be notified of that fact Tuesday, Mr. Lewis stated.

Clarifying the rent situation somewhat, Mr. Lewis declared that all rents are subject to supervision and adjustment, and that no tenant may be evicted without the landlord filing a request with the area rent director. The area rent director has to grant permission before the eviction order becomes valid. Mr. Lewis added.

'TANK DESTROYERS' TITLE OF ARTICLE AND PIX IN "LIFE"

Camp Hood, and it's Tank Destroyers get another "blow in Life" magazine, and, including the advertising alongside it covers about ten pages.

There are pictures of a tank destroyer, it's crew, some of the action you saw October 18, the opening day, the exploding tank, how to make a "Molotov cocktail" and other interesting shots.

There are "cut lines" describing each picture, and, well, if you want to see them and haven't a "Life" they're in the News window.

GHS SCRUBS-EVANT TANGLE IN FOOTBALL GAME FRIDAY P. M.

So unherald that nobody knew anything about it, was the game between Evant High School and the GHS Scrubs and ineligible, and the count was 33-0 for the locals.

That's all. This "information" must have been rationed, too.

LITTLE BUSINESS CRUSADER

Donald Nelson's "get tough" policy gets increasingly unfortunate reverberations. Part of this is because Donald, nice as he is, and well liked as he is, just doesn't seem to have a knack for feeling the public pulse.

For instance, he should have known that the most popular man in Washington, as far as little business is concerned, is Guy Holcomb, head of the justice department's small business bureau. Yet Nelson reached into the justice department and demanded that the attorney general fire Holcomb. The reaction against Nelson has been bad.

Nelson had no jurisdiction over the justice department, and it is unusual for one executive to reach into the affairs of an outside office. However, Holcomb has been consistently critical of WPB's failure to award war contracts to little business; his cracks got on Nelson's nerves, and he demanded that the attorney general fire him. So to keep peace in the official family, Holcomb was "permitted to resign."

Actually, Holcomb was a hustling young business man from Atlanta, Ga., who knew nothing about red tape, spurned bureaucracy and went around saying exactly what he thought of people who seemed to be lying down on the job. Result: He made a lot of enemies, but he got an awful lot done for little business.

For instance, he discovered that only three companies in the entire United States got all the contracts for putting boilers in merchant ships.

ALASKAN ATTACKS

The senate military affairs committee got some encouraging news when it met behind closed doors to hear the report of a subcommittee which has returned from an inspection tour of our Alaskan fortifications.

For military reasons, the greater part of the report cannot be revealed. However, this much can be told:

The subcommittee, composed of Senators Happy Chandler of Kentucky, Mon Wallgren of Washington and Rufus Holman of Oregon, was unanimous in declaring that our aerial defenses in Alaska were strong enough to repel any attempted Jap invasion.

Remarkable progress has been made since Pearl Harbor in establishing new land and sea bases in the Alaskan area. The three senators also paid high tribute to the morale and skill of U. S. airmen, who are forced to fly in the worst kinds of weather conditions.

Though refusing to predict on how soon we can start an all-out air offensive to drive the Japs from their footholds in the Aleutians, the subcommittee reported that one obstacle which has been holding up such an offensive has now been licked.

Hitherto we have been unable to send protective convoys of fighting planes with bombers raiding Jap positions in the Aleutians, because our fighters do not have the flying range for the 1,000-mile round trip from the army base at Umnak island, nearest outpost to the Japs. However, this problem has been solved by the installation of "belly" gas tanks on fighters. They carry several hundred gallons of fuel and can be dropped after they are emptied.

The subcommittee also reported that interference with army and navy radio communications in the Alaskan area, caused by bad weather and the Aurora Borealis, was being largely circumvented by compass flying.

UNFOUNDED RUMOR DEPARTMENT

The Rumor: One of the Freuhauf brothers in Detroit, who manufacture trailers, gave his yacht to the navy, but before doing so said he wanted to take it on a farewell cruise. He had no sooner got a few hours offshore, however, when he received a peremptory demand from the navy to return, after which Harry Hopkins and his new bride took

GATESVILLE

Just a pleasant greeting,
As you're walking down the street,
A nod, a smile, a "Howdy",
From everyone you meet.

I thought when I was far from home,
Away from all I knew,
How very lonely it would be,
With no one to speak to.

I thought of going thru the town
Without a friendly glance
Without a face I recognized
Alone and quite free-lance.

Instead, how wonderful, I found
A town of human beings;
A village knowing no differences
'tween commoners and kings.

This place is kind to everyone,
No one can be alone
It takes the strangers to her heart
And calls them all her own.

Now I go smiling down the street,
And happily, I see
That all the people on their way,
Are smiling back at me.

How grand, this little Southern town,

No matter where you roam,
That all the folks say "Howdy",
And make you feel at home!

PVT. JOE NED BROWN ASSIGNED AS RADIO OPERATOR MECHANIC

Pvt. Joe Ned Brown, son of Mrs. Reb J. Brown and the late Dr. Brown, has been assigned to be trained as a radio operator mechanic in the new Air Forces Technical school in Chicago, Illinois.

When he completes his training there, Pvt. Brown may be assigned to the communications section of an Air Forces ground unit in a combat zone, or, after further training as an aerial gunner, will take his place as radio operator in a bomber crew.

Pvt. Brown is a former student of Texas A. & M. College and during civilian life was employed as a repairman for a gas company in Bryan, Texas.

Over the yacht and sailed away on their honeymoon.

The Truth: Harry Hopkins doesn't like yachting, gets seasick easily, spent his vacation in Connecticut. Harry Freuhauf, interviewed by this columnist on the telephone, said: "My brother did turn his yacht over to the navy, but the arrangements were entirely amiable, and Harry Hopkins never was on it at any time or place. We have heard all sorts of rumors about this, but there is absolutely nothing to them."

POLITICAL ECONOMY

Hard-working Representative John H. Folger of North Carolina will go the limit for a constituent, but a recent request from a job-seeker in his district almost got him down.

"I have filed an application with the Civil Service commission for a position as an economist.

"I am a farmer of many years' experience and believe I am eminently qualified for the job I'm after.

"I have practiced economy all my life."
