WE FAIL ON "E'S": ALL-OVER, WE'RE OVER: ENDS 7TH

We didn't get the job done, yet, on the "E" Bonds. Got 84 percent of \$335,000.00, which leaves a lot to go by the 7th. Nothing, yes, nothing has been done about it by the committees, etc. Nothing.

We are over, however, on the "all-over"—meaning the kinds the big investors buy, and the banks, but the "you and I" bonds, didn't get the job done, and, only two more days. Shame, shame, shame, shame, shame, and infinitum!

TODAY'S EVENTS By Associated Press

Submarine Trigger Lost, Navy Says

WASHINGTON, July 5, (AP).—The submarine Trigger, with a wartime complement of from 80 to 85 officers and men is reported overdue from patrol, and is presumed lost, the Navy announced today.

Today's announced loss brought to 45 the number of American submarines lost since the war's start.

800 Planes Start "4Th" Fires In Japan

GUAM, July 5, (AP).—Approximately 800 American planes set off Fourth of July fires and explosions in Japan, and capped by hour-long radio challenge of fighters circling three Tokyo airfields for Japanese airmen to come up and fight. The dare went unanswered.

Tokyo radio reported 300 American fighters and bombers made twin air attacks on Tokyo air fields and the port of Nagasaki, nearby city of Omura on the Kyushu Island.

House Com. Endorses "Broad Principle"

WASHINGTON, July 5, (AP).—The House post-war military policy committee today endorsed "broad principle" universal military training in peacetime.

It recommended Congress enact legislation putting the program into effect during the present session.

Aussies Hit Last Strongholds, Balikpapan

BALIKIPAPAN, BORNEO, July 5, (AP). The Australians struck today at the last Japanese footholds near Balikpapan, Borneo's major oil port, which already for all practical purposes is in Allied hands.

President Osmena Predicts Japs Will Be Hard To Beat

WASHINGTON, D. C.—President Sergio Osmena of the Philippines, now in process of complete reconquering from the Japanese and from which General Douglas MacArthur's land forces under Admiral Chester Nimitz will swing into final action against the enemy, today issued a statement in behalf of the Mighty Seventh War Loan.

OSMENA

been no less impressive. Under the inspiring leadership of such men as General MacArthur and Admiral Nimitz, the Japanese have been dislodged from one position after another in their ill-gotten empire. In this connection, my people and I are extremely grateful that the Philippines are now being liberated from the tyrannical rule of the enemy.

"Happy as I am that my country will soon be able to live in peace again, much remains to be done before Japan is fully beaten. Aside from the additional campaigns which will be needed to obtain military victory in the Pacific, there is also the human factor to be considered in that other peoples of the Far East eagerly await to be freed from the enemy. We Filipinos know only too well from experience what it means to be under Japanese domination.

"One of the outstanding feats of the war has undoubtedly been the effective fashion in which the United States has overcome the formidable obstacles of distance in supplying the Pacific. Large quantities of supplies will be needed, however, to deliver the final crushing blows against a ruthless and fanatical enemy. All of us can make certain that these supplies are available for our armed forces by giving enthusiastic support to the Seventh War Loan Drive."

ON FARMS throughout the Nation this scene is being repeated daily in anticipation of the Mighty Seventh War Loan as farmers buy War Bonds with an eye to future electrical developments planned in the post-war period. Victory Volunteer Edward Schroer, right, of Cole County, Missouri, sells a War Bond to Vernon Wade, center, while County Extension Agent Clyde Brown casts an appraising eye on Wade's fine span of Missouri mules.

D. Morgan. He is in the Anti-Air-

craft and was last stationed in the Philippines.

Coryellian? We Want Pix!

Pfc. Leonard A. Morgan, his brother, and husband of Mrs. Viola Morgan is a Field Artilleryman last in Germany. Here's a letter his Captain wrote his wife. It is one of the finest things we've read this war:

"4-8-45, in Germany.

Morgenthau Cites Types of Issues Issued to Public

A grateful Nation has girded itself for the Mighty Seventh War Loan for 14 billions of dollars, half of which has been assigned as the individual sales quota. According to reports from state chairmen reaching Ted R. Gamble, national director of the War Finance Division of the Treasury in Washington, the Nation is ready for the huge task.

Mr. Gamble was enthusiastic about results. He said "We're prepared to do the best job in the 7th War Loan." Mr. Gamble said that "not only is there more money available than ever before in each state, but individual income will be higher in the period of the 7th War Loan than in any previous War Loan period."

Secretary of the Treasury Henry Morgenthau said seven billions of dollars has been assigned as the quota for individual investors and that the major emphasis throughout the drive will be placed on the quota for individuals. The individual quota is the highest established in any of the previous drives, the secretary said. The E Bond quota alone is 4 billion. The 7th War Loan seeks nearly as much in the one drive as was asked in the first two drives of last year which were held up to this time. The two drives of this year, therefore, will seek nearly as much as was sought in the three drives of 1944.

The Secretary stated that there is every evidence that Federal expenditures are going to remain at a high level for some time to come, and that the Seventh War Loan program was designed to obtain maximum funds necessary to prosecute the War from non-bank investors.

The securities, which will be sold under the direction of the State War Finance Committees, are as follows: Series E, F and G Savings Bonds, Series C Savings Notes, 2 1/2% Bonds, 2 1/4% Bonds, 1 1/2% Bonds, 7/8% Certificates of Indebtedness. The 1 1/2% Bonds will not be offered in the Drive to corporations.

The Drive for individuals will extend from May 14 to June 30. However, an intensification of activities in the sale of Series E bonds began April 9, when millions of persons on payroll savings plans throughout the country were asked to enlarge their participation as a part of the Seventh War Loan. All Series E, F and G Savings Bonds and Series C Savings Notes processed through the Federal Reserve Banks between April 9 and July 7 will be credited to the Drive.

During the final phase of the Drive which will cover the period from June 18 through June 30, subscriptions will be received from all other non-bank investors for the 2 1/4% and 2 1/2% marketable bonds and the certificates of indebtedness.

"Dear Mrs. Morgan:
"I know you will be somewhat surprised to hear from me, but I want to tell you that your husband, Leonard O. (Rusty) has been in my battery ever since we saw each other "way back in about Oct. of '43 in Camp Polk, La., at the big celebration where he "Rusty" received the citation for excellent work he had done on the maneuvers—and where he shook hands with the General. Remember

"Well, your husband is in the best of health, with plenty to eat, and is living comfortably, maybe not so as the folks back home—but I think we'll make it with ease.

"All we need is about a bucket of letters and snapshots of the folks from back home—one of these every day is all we need. About all Rusty talks about is his sweet lil' wife and that boy of his. He eats, thinks, sleeps, breathes, talks about that boy. Wonder why? Maybe someday I'll know. I tell him he'll probably get his ears knocked down by the young son—he'll be big enough to if he doesn't hurry home.

"Oh, yes, I almost forgot. Only

one more thing we all need—a return trip ticket—Rusty to Gatesville and one to Austin for me. You will all three have to visit me there after that grand and glorious event. O. K?

Sincerely,

George D. Hendricks."

Note: Now, a fellow who's a Captain and writes letters like this to his men, or their families, just has no business being a mere captain. He's great! Also, we're sure Pfc. Leonard A. Morgan isn't so bad, himself, or his CO wouldn't write letters like this. Some good things do come out of a war, but very, very few.

LETTER ABOUT SGT. ROY McCLENDON KILLED ON IWO

Sgt. Roy L. McClendon, 22, of Oglesby, son of Mr. and Mrs. Robert McClendon. His parents received a message from the War Department that Sgt. McClendon was killed in action March 2, 1945 on Iwo Jima. He enlisted in the U. S. Marine Corps, July 3, 1942, and spent 12 months overseas, and returned home on a 30 day furlough, before returning overseas. He has three other brothers in service overseas, S/Sgt. Wilson H. Cpl. Milton, and T/5 Ross McClendon, and a grandson in the Navy. This is a letter from Sgt. McClendon's buddy, who saw him killed in action on Iwo Jima. (Note: This, most certainly should show conclusively why YOU and I should continue to buy War Bonds, and PAST the limit.)

"I received your letter today wanting to know just what happened to Roy. I'm terribly sorry I could not write sooner but I had to have someone to write and ask for the information. It seems as if the government doesn't want anyone to write because they're not sure the family has received the unfortunate word.

Now, I come to the hard part of this letter. You want to know what happened, so I'll put it as plain as I possibly can.

"When we hit the beach, Roy was my squad leader. It took 7

10 rows south of it. I visited his days to secure Mt. Suribachi. We got a few days rest but were under constant shelling. We then moved up to the North. We had had quite a few casualties so Roy was made platoon guide. The thirteenth day on the island was March 2. I told Roy and another fellow that I had a feeling something was going to happen on that day. About nine o'clock we started on a push to take a bridge that was objective for the day. The Japs threw an awful lot of stuff at us, mortars, air bursts, grenades and nambus. This place was later known as Grenade Hill. We were about 30 yards upon it but the squad on the right wasn't moving fast enough. Our Platoon Sergeant told Roy to go around and make those guys move up. I was lying there close to Roy and something told me Roy was going to get it. Roy started off around the rocks, and suddenly a nambus opened up and caught Roy from the chest to the waist. I can truthfully say he was dead before he hit the deck. I am not ashamed of the fact that I cried, as Roy meant a lot to me. We stormed the ridge and couldn't take it. We lost 52 men there. On March 26, we secured the Island and the next day we went to the cemetery. It is located close to the base of Mt. Suribachi. The cemetery is very nice. It is in the form of a big cross with a white picket fence all around it. In the center is the flag pole. Roy's grave is about

grave. It is 1061. On the front of the cross is a Marine Corps emblem, underneath, Sgt. Roy L. McClendon, and his serial number. . . ."

"I close now hoping God will bless you in your hours of grief. Yours truly, Moffett Wery."

Our church doors are open to all and you are herewith invited to attend the services and to enjoy the blessings in store for you. Come with a listening ear and a prayerful heart. This Sunday morning, July 8th, the Rev. J. C. Gunst, secretary of Young People and Sunday School Workers of the above named churches, will be with us and will preach at the Eleven o'clock hour. This is a wide awake young man and a very fine service is being anticipated. Don't fail to hear him.

GETS BRONZE STAR

S/Sgt. Woodrow Gooch, with the 5th Infantry, 71st Division, 3rd Army, has been awarded a Bronze Star, and here are parts of a letter sent to all members of the 71st by Maj. Gen. W. G. Wyman, Division Commander.

"From the day you left your concentration area in Le Havre, in a period of 92 days, you have marched, fighting a large part of the way, a distance of 1,060 miles. You have captured over 80,000 prisoners of war, most of them, the hard way. From the day you were committed with the 7th Army south of Bitche, with the XV and XGI Corps, there has been no break in the intensity of effort.

This outfit saw action, at Pirmasens, Speyer, Garmersheim, and with the 3rd Army at Hanau, Fulda, Meningen, Coburg, Byreuth, then with the 20th Corps, Velden, Sulzbach, Amberg, Regen River at Regenstein, the Danube at Regensburg, the Isar at Landau, the Inn on dams east of Braunau, then the River Enn, at Steyr, also Swegenhelm, Soden, and others.

In closing, their Lt. Col., stated: "What will your reward be? Not much. No reward will be sufficient. I can commend you. The General can decorate you. But your greatest reward must be in the self-satisfaction that you performed your duties as soldiers—American Soldiers—in liberating the missions under the ruthless domination of Germany." This was signed by Lt. Col. Ned B. Broyles, 5th Inf., 1st Bn. Comdr.

Billy Haase left a week ago Thursday to visit his sister and her husband, Lt. and Mrs. Julius Askew of Columbus, Ohio. Lt. Askew is stationed at the Medical Depot there.

Mr. and Mrs. Carl Clawson of 2101 Washington Ave., Waco, Tex.

Night Shift ON THE FOOD FRONT

THEY DID IT BEFORE— THEY CAN DO IT AGAIN

With Farmall Tractor Power

Throughout the Spring, from the Rockies to the Atlantic seaboard, worried farmers searched the skies for signs of clear weather, but the cold rains fell relentlessly.

For more than a month the seed should have been germinating in the warm soil. Millions of acres lay unplanted because the ground was too wet for preparation of the seed bed and too cold for germination of the seed.

Only a generation ago there could have been but one outcome—crop shortage and food scarcity. Nature allows scant time for planting when the warm sun waits till late May or June before drying the soggy soil. Horses are too slow and tire too quickly to get the job done then.

But the farmers remember May of 1943—only two years ago—when their fast, untiring tractors averted crop failure. Then, too, rains flooded the fields and the month was all but spent before they could go in on the land and plant.

In 1943, most farmers drove their tractors

from dark to dark, and longer. Many plowed around the clock, working in two or three shifts. They made one of the greatest crops in history.

In today's war-torn world—with hunger and disease already stalking many peoples—one major crop failure could bring famine. This is why the sound of tractors and planting machinery was heard, day and night, from the Plains states to the Eastern seaboard—why headlights stabbed the darkness over the fields.

America's farmers are doing it again, in spite of an unprecedented combination of adverse circumstances—bad weather, shortages of machines and shortages of manpower. For the second time in three years, they are relying upon their motor-powered machines to help rescue large areas of the world from catastrophe. More of these tractors are products of International Harvester than of any other company.

(CENSOR'S STAMP)

Dear GI & GILL:

Now, as to the "debate" about the 7 column or the 5 column paper. Seems to be at a standstill. Apparently, only three "gave a hoot." Well, that's okeh by us. The latest we've gotten was from Mrs. W. R. Faust, or Foust, and she says the "little 'un." And that leaves us blank, because as we've told you the "little 'un" was the "big 'un" and the "big 'un" was the "little 'un." So there we are or where are we. We just wouldn't know, but we have 10M pounds of newsprint for the "tav" and naturally will use that before any "changes are made."

Well, the drive isn't over yet! However, the lords that be think it will, and certainly we hope they're not thinking wrong. We'd better not miss.

This is "4th Week." July 4th, and a hard one on business. They don't do much immediately before in newspaper advertising, or, much immediately after. There are plans for the fourth before, and it takes some time to get over the holiday afterward.

Therefore, this issue of the News is being printed Saturday, and the help're going to have July 1, 2, 3 and 4, to do what they will. Ending the month, and

opening up the Jones Boys Inc., Ltd., office and school supply house will be our task, what with waiting on what customers that come in—yes, we'll be open—and maybe even the 4th. We hope we see lot of you and especially that you celebrate the 4th buying at least one \$25 bond. Since the banks will be closed tight as a tick the 4th, you might knock on our front door or Ph. 446 if you want a bond. We can't go anywhere, because we don't want to go out and get stranded on the road with the V-8-60, which has already seen too many miles, and we're saving it for our "post-war plans," which don't at this writing include going anywhere.

By the way, while we're on that subject we might say, it's a bit unusual, for us not to be heading out for parts unknown. We did in the good old days, and told you about it. Haven't lost the enthusiasm, but those tickets and that overworked 60 can't make the gaff like they used to.

Mrs. Leonard Sayetta, daughter of Mrs. Charlie Bauman has loaned us some pictures of, well, Hitler at a funeral (unfortunately, not his) and some other very interesting pictures which, if you are here you can see band is stationed, believe

in the window. Her husband in Munich, or near Hitler's hideouts, and send these pictures to Mrs. Sayetta. The photography is wonderful the subjects — we won't say it.

President Bob Arnold has guided a bunch of Gatesville Lions thru the best year from every standpoint that they have had during the past ten years. Bob has really done a fine job, the Lions, too.

Don't know what you boys have down where you are, but the "polio" scare is picking up here. It's something to be scared of, and it looks like everybody is going to pitch in and try to stop it before it gets started here. If we'd done that diplomats, there wouldn't diplomats, there wouldn't have been any war. But, all of us still shut the gate after the horse gets out, or whatever got out.

Leaird's Department Store now with an amassed total of probably 40 years in Gatesville, suffered a practically complete loss of their store a year or so ago, as you know. This week, they started, for safety purposes, only, pulling down part of Gatesville's skyline, and the west side of the square isn't going to look the same since this is "downed." The Leairds have wanted to re-

build sometime ago, but priorities, high costs, and other annoyances have prevented this. They will, when we "get back to normal," if ever.

Talked to Pvt. Edwin White, who recently returned from a German POW camp. He started, after capture at the Anzio Beach. Seaman Cecil Chaney, of the U. S. Navy is here, too, after a lot of action, we believe they said on Okinawa, or just "off" there. Wonder if he was on the Bunker Hill?

By the way, it's July. Sam has passed a PO rule we can neither renew or send overseas newspapers without a letter from you fellows overseas. We don't like it, and don't make the rules, but it must be necessary, and we do our utmost to abide by them. They could do no less than "lift our permit," which would stop us altogether. 'Bout the best idea we know of is for your folks to "clip" this V-Mailer and mail it V-Mail, Air Mail to you. Guess it works, we've been sending them out weekly, and have had no complaints, except that they are faster than the regular V-Mail, which IS something.

Well, more anon, WMJ.
