Here are the men of Coryell County who have paid their all in this World War II. At least, these are all that we

are probably others, and if there are, this, of course, is no ignoring of them. We simply had nothing relative to their deaths. These are the men Coryell Countians always will revere for their supreme sacrifice to their country.

Every time we stay out late at night the wife gets historical. She always brings up our past.

LOWEST OPERATING COST

The Gas Refrigerator takes little bargain-priced Lone Star gas to run!

LONG LIFE

Has no machinery to wear and need replacing

CONSTANT COLD

No starting and stopping of cooling cycle

SILENT

No machinery to vibrate and make noise

★ Wartime is proving the value of this basically different refrigerator. Operating without machinery, there are no moving parts to wear and need fixing. So in these days when repair men and replacement parts are hard to get, owners are happy they chose a gas refrigerator. Let your next refrigerator be a trouble-free, silent gas refrigerator. They will be back in the stores after the war is won. In the meantime, keep on buying war bonds.

... and a Prayer for Lasting Peace

In this hour of final Victory, we pause in our
 rejoicing to give thanks to the Almighty under whose Guiding Hand
 the forces of right and justice have triumphed.

Our feeling of joyous relief that an end to bloodshed
 has come at last is tempered by thoughts of those who will not
 come back—the gallant men and women who gave their
 lives to help make the Victory possible.

Let us solemnly resolve that their sacrifice
 has not been in vain... and let each of us do his utmost to
 help build a better world in which men and women
 of all creeds and all nationalities may live
 together in happiness and lasting peace.

AMERICAN HEROES

by WOODY COWAN

DEATH came to Lt. Dale Christensen, Gray, Iowa, 112th Cavalry, after heroic action at New Guinea, which earned him a medal of honor. Finding his platoon badly shot up from short range fire, Lt. Christensen crawled close to the enemy, silenced one machine gun with hand grenades and later led an assault which resulted in the destruction of four mortars and ten machine guns. Our investment in War Bonds encourages such men to offer the supreme sacrifice for freedom for all humanity.

BIG FOUR SURRENDER TERMS

WASHINGTON, AUG 11 AP. Big Four powers agreed today to accept Japan's surrender offer provided supreme military commander allied victors govern beaten Japanese through authority of Emperor.

In reply to Japan through Swiss government, Sec. of State Byrnes said U.S. would accept surrender proposal, if Emperor is made subject to Supreme commanders' orders.

Byrnes laid out the following 5 conditions in his message to the Japanese :

From moment of surrender authority of Emperor and Jap government to rule State shall be subject to Supreme Commander of Allied Powers who will take such steps he deems proper to effectuate surrender terms.

Emperor will be required to authorize and secure signature of government of Japan and Imperial Gen. Hdqs. of surrender terms necessary to

As soon as sufficient replacements are available for these positions, men with high numbers of points will be released.

Q. Do soldiers who have been awarded the Congressional Medal of Honor have any special Army privileges?

A. Yes. They receive two dollars per month additional pay and may, at any time, request and receive a discharge.

Q. When a soldier divorces his wife, can he stop her family allowance?

A. Yes, unless the divorce decree stipulates that he shall pay alimony to her. In that event, she may receive a family allowance not to exceed \$42.00 per month.

Q. My brother is a civilian employed by the War Department

overseas. He wrote us that he was injured and received the Purple Heart. Can civilians get this decoration?

A. Yes. United States civilians serving with the Army who receive wounds as the result of enemy action which necessitate treatment by a medical officer, are eligible to receive the Purple Heart.

HUMBLE OIL & REFINING CO

The war production record of Humble employees, in the field, in plants and in offices, is a magnificent climax to a quarter of a century of teamwork by a great organization. In this team are scientists, drillers, roustabouts, stenographers, geologists and glassblowers; men and women in hundreds of occupations, all working toward one goal—supplying Oil for Victory.

Through their determination and singleness of purpose they have made Humble first in four important fields.

FIRST to produce at one refinery one billion gallons of finished 100-octane aviation gasoline

FIRST in production of synthetic toluene

FIRST in U. S. production of crude oil

FIRST in transportation of oil by pipe line

This is the same combination of resources, know-how and teamwork that brings you quality Humble products for your car.

TEXAS' FINEST PETROLEUM PRODUCTS

The same skill and resources that produce Humble quality gasolines and motor oils go also into the making of all Humble products: Industrial, farm, aviation and marine fuels and lubricants, rust preventives, household and automotive specialties. Look for the Humble sign when you buy gasoline, motor oil or any petroleum product. Behind it lies the experience of one of the **FIRST** names in the petroleum industry.

Uncle Sam Pins Orchids On Local Women For Saving Used Fats!

Things have really been happening to fat-salvage-collection figures since town and farm women got busy on the job! Latest official government records show that their fat savings have left the excellent record of city women 'way behind.

But it isn't a drop too much. This year, we face a shortage of 1 billion, 500 million pounds of fats in domestic supplies. Tons more of war and home-front supplies made from fats are needed!

Farm folks get more meat these days than most city people—so it's up to them to save the fats. Skim stews, soups, gravies. Scrape pans. Melt down meat trimmings. It all helps you fill the fat-salvage can, and you get up to 4¢ and 2 red points a pound. If you have any difficulty, call your Home Demonstration or County Agent. Approved by WFA and OPA. Paid for by Industry.

CLINTON COURTHOUSE

Justice as administered from the town court up to the Supreme Court of the United States has played a major role in the growth of this Nation. We appreciate our judicial system and buy War Bonds to supply warships, B-29's and tanks to protect it. The old court house at Clinton, La., with "lawyer's row" behind it, is an inspiring monument to justice's handiwork. There were decided the complex wrangles between cotton planters of East Feliciana from the days of the Republic of West Florida, 1810, onward. It was the guiding hand for peace and happiness in the parish, worth fighting to preserve and worth buying War Bonds for.

"Where the dirt meets the pavement on Leon"

Dear GI & GILL:
 Things getting pretty exciting around here, what with the atomic bomb, the Russians in, and now, probably before you read this, the war's over. But, Gloomy Gus, as we are, and, of course, we're very, very glad the war is over, and we'd been much gladder if it hadn't started. And, as we started to say, "but," there'll be things on the home front, in fact, the re-conversion of the entire world to the business of making the "peace" go, is going to be quite as gigantic job as was making-the war go. And, too, you old money bags, it's going to cost a pretty penny, and somebody in Washington, D. C., is going to find out quite suddenly that "demand" does make jobs, and when the "demand" for war materials are over, and the "demand" for peace materials is at hand, there are certainly going to be a large sum of us looking for jobs that just ain't! There's a super-colossal problem, as Hollywood would say. And on one side, those who manage the business, are going to have to reconvert, most certainly, those who work for businesses are going to have to "reconvert",

some of their ideas about "what's in it." Because this "false economy" we have now, won't work in peace time it never did, and it positively can't. So, both of us had better "lower our sights and try to get along on what we can take in, whether we're the employer or employee.

Now, one of the producers of some 30 or more jobs right here in Gatesville has been burned. The Coryell County Cotton Oil Company. What does that mean here? Well, simply this. 30 water bills, 30 clothing bills, 30 grocery bills, 30 newspaper subscribers, 30 bank depositors, 30 tailor bills, 30 houses rented or bought, and 30 of every thing else. In fact it was just practically "30" for the manufacturing plants in Coryell county. And, the "management" only had \$150,000 or more invested in rock, stone, wood, machinery, real estate, equipment and whatnot, and to ONLY provide some 30 jobs. That, folks, is what it takes to make a job—\$5,000 to \$10,000 invested by the "management" for EVERY job that's available. Think it over.

The same applies to the farms that have been taken

over by Camp Hood. We have a vacuum here, that's going to be very difficult to overcome, and the investment, jobs, and other things we have here are going to have to be "protected" or there will be a great many more losses. Altho there is NOTHING worse than losing young men in battle, other losses effect the "home-front" in a way that is not easily overcome.

Of course, in the first case, nothing, absolutely nothing can be done to recreate these lost lovedones, but, in a measure, we can, in measure, (depending on how we work together) recreate or supplement the material losses we have had as a result of the war.

In "Big D" they're having the Starlight Operetta's and sent us passes, but they don't know the gasoline-fue - mechanical-shortcomings of the "lil' 60." 'course, we'd like to see them, and if you've the above and in Big D, imagine you couldn't find a safer and saner place to enjoy yourselves than there. R. L. Thornton, Dallas Big Shot, is President. No, he hasn't met us, but that's a story for him, and them. It's a sort of a civic getup. Like if we'd have a minstrel, rodeo, or something, and send out

passes to newspapers, which isn't popular, here.

Well, we're making a lot of fuss about the Lions Soft Ball Tournament. Granted. But, there's nothing else going on, so why not. It is amusement for those who attend, and we think it's a good gag whether or not any of us Lions can play or not.

6,000 words decide the future of the world. That's fine, but a terrible lot of words. The next thing is to get the millions of people to agree to this, or, the majority of them. Gosh, but it's worth trying. It's all new, and a lot of things are going to be wrong about it, but just think what you and I could have done, with all the money of the Civil, Spanish-American, World War I and World War II money, not to mention the most valuable assets, the and too, a lot of our good the supreme sacrifice in these wars. We owe, they say, on this last one to date, about \$10,000 per family. Wish I had mine instead of being \$10,000 in the hole, and too, a lot of our good friends also would kind of like to have their sons back, their husbands, yes, wives and daughters. Don't know anything worse than a war, except two wars. Let's don't have ANY more.

Well, more anon,

FOLD HERE OVER AND TUCK SHOULD BE USED.

carry out provisions of Potsdam declarations, shall issue commands to Jap military, naval, & air authorities to cease activities, give up arms and give such orders as the Supreme Commander may require.

On surrender, the Jap government shall transport prisoners of war and civilians to safety where Allied transports can pick them up.

Ultimate Jap government will be that freely selected by the Jap people.

Armed forces of Allies will stay in Japan until Potsdam Declaration purposes are achieved.

V...MAIL

V-Mail Service provides the most expeditious dispatch and reduces the weight of mail to and from personnel of our Armed Forces outside the continental United States. When addressed to points where micro-film equipment is operated, a miniature photographic negative of the message will be made and sent by the most expeditious transportation available for reproduction and delivery. The original message will be destroyed after the reproduction has been delivered. Messages addressed to or from points where micro-film equipment is not operated will be transmitted in their original form by the most expeditious means available.

INSTRUCTIONS

- (1) Write the entire message plainly on the other side within the marginal lines.
- (2) PRINT the name and address in the two panels provided. Addresses to members of the Armed Forces should include rank or rating of the addressee, unit to which attached, and APO or Naval address.
- (3) Fold, seal, and deposit in any post office letter drop or street letter box.
- (4) Enclosures must not be placed in this envelope and a separate V-Mail letter must be sent if you desire to write more than one sheet.
- (5) V-Mail letters may be sent free of postage by members of the Armed Forces. When sent by others postage must be prepaid at domestic rates (3c ordinary mail, 6c if air mail is desired).
