Lloyd Russell, King Also Wins at Fort Worth Stock Show

Lloyd Russell of King also came
back with something from Fort
Worth's Fat Stock Show.

In the quarter-horse show, he
took first place with his 3-year
old stud.

We scanned the Star-Telegram
closely, but missed this one, and
may have missed more Coryell
Countians who did well by them-
selves at the big show.

Right now, figuring roughly,
Coryell County did O.K. at the
show, and here's the "take" as far
as we can get at the moment for
the calves was \$3,621.60. We don't
have the hog weights, or the prize
money for the horse. All in all,
the total must be around \$4,000 or
\$4,500. Fort Worth's nice to us!

Concert Meeting Tonight, At City Auditorium

The meeting recently carried in
the News about the Coryell
County cooperative Concert Asso-
ciation is going into another gear
tonight at seven at the City Hall
Auditorium.

Especially invited for tonight's
discussion, and furthering plans
for the concerts are representa-
tives and friends of the P.-T. A.,
Gatesville School Faculty, First
Baptist, Methodist, Presbyterian
Churches, Church of Christ,
Christian Church and any other
interested churches, Chamber of
Commerce, Masonic Lodge, Fire-
men, Booster's Club, Lions, Mor-
ris Federation, Study Club, and
Gamma Alpha.

Now, it don't stop there. If
you're at all interested in these
possibilities, here's your invite.

The proposal is five of notable
and well known artists who will
appear here in the regular con-
cert season this coming Fall and
Winter.

Only 10 Days Left To Finish Red Cross 1947 Fund Drive

It will be necessary for work-
ers to raise \$500.00 daily for the
next ten days for Coryell County
to reach the quota assigned them
for the 1947 Red Cross Drive. To
date \$1727.34 has been turned
over to the fund. Fund Cam-
paign Chairman Cam McGilvray
and Ray Byrom urge workers to
get busy and contact all persons
within their districts as results
have shown that where the peo-
ple have been contacted they
have contributed.

Well, Still She Boils! Platforms, Think So! One More Candidate!

Well, those who used to tell us
there was only one side to things
in this town, certainly, by now,
should change their tune.

We got the announcement of
Cleburne McCarver for the "(un-
expired" place which was left by
Donald McKinney.

And, too, we hear by the usual
grapevine that we might have
forthcoming some "boards" call-
ed "platforms" in the political
arena.

Think this is a good omen, not
that there is enmity or faction-
alism, but there should be "com-
petition"—most certainly makes
you toe the mark and be just
slightly more careful.

Flu and Mumps Are Raging Here! Too Many to List

Thought once we'd name 'em
all that had either the flu, mumps
chicken pox, or whatever else
they're havin' around here, but
due to the paper shortage, we
can't.

Just about every other one has
one or the other, or is liable to
before you read this.

So, in the words of the late
Samuel Palmer Brooks, former
President of Baylor University,
"Have a care for your health."

But, why, now, since TODAY,
IT'S SPRING!

Booster's Club And Citizens Subscribe \$725 For Baseball

Monday night's meeting of the
Booster Club, and friends of
sports in this section, subscribed
\$725.00, as a starter, for a light-
ed baseball field.

Chairman Harry Jones report-
ed for his committee on the cost
and what was being planned, and
suggested subscriptions by citi-
zens to make an expenditure of
around \$4,000 to equip the field
(old athletic field) for night base-
ball or soft ball.

You'll hear more from this.

France Don't Agree With Big Powres

MOSCOW, Russia, Mar. 20.—(AP)—France notified
the Foreign Ministers she could not agree to the German
Economic Reconstitution unless the other powers agreed
to her demands for guarantees of German coal.

Deputy Ministers reported were agreed that all allied
belligerents, all former enemy states which turned against
Germany should have a chance to express their views on
the German treaty.

ACHESON SAYS IT'LL NOT START A WAR

WASHINGTON, D. C. Mar. 20.—(AP)—Undersecretary
of State Dean Acheson expressed the conviction
that American help to Greece and Turkey to block the
spread of Communism will not "lead to war".

He told the House Foreign Affairs Committee "by
strengthening the forces of democracy and freedom you
do a great deal to eliminate friction between the great
powers". He said the United States was giving serious
consideration to ways the United Nations "may take
hold of the problem after the present emergency is pass-
ed."

COMPANIES INDICTED ON SUGAR RATIONING

ALBUQUERQUE, N. Mex., Mar. 20.—(AP)—Ten
corporations, including Dr. Pepper Company, Dallas,
and 36 individuals from eight states, have been indicted
by a federal grand jury on charges of conspiring to vio-
late the sugar rationing regulations.

Bosque-Coryell Feud Ends: Many Words Over a Few

Tuesday evening at the City
Hall, Gatesville's leaders were
hosts to leaders from Meridian,
Bosque county, and they were, at
the opening of the evening, but peace
had been declared publicly, when
they adjourned about 11 p. m.

The difficulty was "words"

In SB No. 296, to be introduced
by Senator Buster Brown, who's
District takes in both factions; the
bill having to do with a proposed
site for a spastic hospital, Meri-
dian objected to the words:
"from the Federal Government".

Coryell county objected to hav-
ing Meridian's name in the bill.

Both gave reasons.....?
And, so it was decided it should
read as follows, with of course
granting the likelihood the "com-
mittee" in Austin would sabotage
the entire affair. But, anyhow,
here's how it should read, "they"
say:

"Sec. 2 It should be the pur-
pose of this school to provide for
the diagnosis, care and education
of persons afflicted with cerebral
palsy and in the accomplishment
of the purpose of this Act the
State Board of Control is hereby
authorized to acquire either by
gift or purchase "a suitable site
and or facilities within the State
of Texas for the establishment of
said school."

There you are.
Present from Meridian were:
Judge C. M. Cureton, J. T. Lomax,
M. D. Turner, Garland Davis, R.
D. Ho't, August Kruger, Moran
Dunlap.

Competition was Mayor Kermit
R. Jones, Erle Powell, Mr. and
Mrs. Wade Sadler, Judge Floyd
Zeigler, Francis Caruth, Charles
Powell, Bill Thomspon, H. K.
Jackson, Jim McClellan, Bill Cul-
bert and Mat Jones.

Present from Temple-Austin
were Senator Buster Brown and
Representative Sid Gregory, Jr.,
and State Ranger, Clinton Peoples.

"AUNT" CLARA HAS LIVED IN HOTEL FOR 90 YEARS

CARLYLE, Ill.—(AP)—Miss Clara
Truesdail, 93, has lived in the
same hotel 90 years and hopes to
celebrate her 100th birthday in it.

The hotel was built by her father
in 1857 and now is operated
by her nephew, Truesdail Fiske,
a member of the third generation.

"I've lived in this hotel 90 years
and in all that time no damage
from fire has occurred", said
'Aunt' Clara.

WASHINGTON NEWS
FROM OUR CONGRESSMAN
W. R. POAGE

March 14, 1947
Dear Friends:

President Truman's request that Congress provide economic aid to the Greeks and Turks made it perfectly clear that the United States must decide, and decide promptly, whether or not we are going to try to combat the worldwide spread of communism. Fifteen years ago Japan moved into Manchuria. Most people now agree that if we had demanded a show-down at that time, it would probably have prevented, or at least postponed, World War II.

Now Russia is expanding and occupying every area where there is no effective resistance. Of course, little Greece, after five years of German plunder, could not resist alone. Greece has been able to maintain its independence so far only because of the presence of British forces. Great Britain is herself worn out and bankrupt. Her people are still living under economic conditions far more severe than we suffered during the war. Even bread is rationed in Britain today. It is impossible for these people to continue to carry the burden of maintaining peace throughout the world. We are just beginning to realize how much we have depended on the British Navy (and other forces) for our own defense.

It is easy to say that we have no interest in the Middle East, but we all know that when Britain withdraws, as she must, that unless we move in, conditions will fast become so terrible that the people of these unhappy lands will be ready to accept anything that promises relief-- and communism will promise something to eat. Today we are told that 85% of the children of Greece are suffering with tuberculosis. Such people are desperate. If we do not fill the vacuum left by the British withdrawal, the Russians will. If Greece becomes a puppet state like Yugoslavia, the entire Middle East will follow. Unless we draw the line somewhere, communism will spread to our very shores. I think it is cheaper to hold the line where it is than to retreat and make a stand after

the people who now want to be on our side have been made a part of the Soviet Oob. I believe that if we take a firm stand, we have a reasonable chance of avoiding any conflict with Russia, but if we show weakness or indecision, I fear that Russia will be encouraged to push communism throughout the world.

President Truman proposes that we advance credit to Greece to rehabilitate her economy--so that she can feed her people. When people are hungry, they become communists. When people are reasonably prosperous, they are inclined to practice democracy.--But it will do little good to give Greece and Turkey a "shot in the arm" if we are unwilling to help establish a world in which trade is sufficiently free to enable the people of all nations to maintain their own economy. This means that we must be willing to put into practice the principles of "freer" world trade of which the President spoke at Waco if the immediate aid for which he asked at Washington is to be effective.

On the whole, I am pleased with the willingness of the Republicans to take the broad view and put the welfare of the world ahead of party politics, but in two respects some Republicans are using this tragic situation to their political advantage. Some of them see a way out of their promised reductions in taxes. It has already become evident that they had over talked themselves and that they had promised more than they can deliver. They hope that this needed foreign credit will give them an excuse for their failure.

Some Republicans also see an opportunity to pass legislation placing a higher tariff of import quotas on wool (or other products). They feel they can send a bill to the President with the full expectation that he will in the interest of world economy be required to veto it. Thereby they expect to be able to convince the sheep men that the Republicans are their true friends even though this procedure might leave them without the floor price for wool

that nearly everyone is ready to give in keeping with our general program of agricultural price support.

With best wishes, I am

County Agent Graham Corrects Oversight In Listing 4-H Calf Winnings

Due to an oversight in our paper last Tuesday one or two boys, particularly Roland and Daymon Campbell, address Jonesboro, were listed as Coryell County Boys, these two boys belong to the Hamilton 4-H Club and made their exhibit with the Hamilton 4-H Club.

Billy Pruett of Jonesboro and Floyd Hodges of Jonesboro both belong to the Coryell County 4-H Club since they live in this county. Billy Pruett, whose name was not mentioned in the line-up last Tuesday, did an excellent job with his calf. This calf placed second in the Gatesville show and would have placed higher at Fort Worth had it not been sick on show day. However Billy received 35 c a pound for his calf and since he weighed 875 pounds, netted him close to \$300.

Ten Coryell countians are now students in Southwest Texas State Teacher's College, which has its largest enrollment in history. Included in these are Joe Boone, Billy Clay McClellan, Jack Win-

STRAWBERRY SHORTCAKE . . .

... and *Naturally* **Admiration** coffee

Though there may be many versions and differences of opinion about the "original" kind of strawberry shortcake--it is still universally conceded to be one of the most delicious desserts. But it is unanimously agreed that the really fine coffee is "Cup-Tested" ADMIRATION--the superb complement to an equally superb dessert.

ADMIRATION'S full, mellow flavor--its abundant richness--and its fragrant aroma are kept in a high tradition by the same experts who originated the famous ADMIRATION blend. Only the finest coffees can give you this superior blend--and only the personally "Cup-Tested" ADMIRATION method can assure you the same quality--package after package.

MRS. RABY A. ALFORD, pictured here is the former Miss Lenola Baize, daughter of Mr. and Mrs. Nolan Baize of this city, who was married to Raby A. Alford last Saturday evening at Saunders Street Church of Christ at 8 o'clock. Mr. and Mrs. Alford are at home on South Seventh Street, Gatesville.

Lenola Baize And Raby Alford Exchange Marriage Vows

Miss Lenola Baize, daughter of Mr. and Mrs. Nolan Baize of this city, became the bride of Raby A. Alford, son of Mr. and Mrs. A. A. Alford of Gatesville, in a single ring ceremony performed Saturday, March 15, at 8:00 p. m. by Minister John T. Overby at the Saunders Street Church of Christ. Tall baskets of palms and gladioli flanked by burning tapers in white candelabra formed the altar.

Bob McCurry, cousin of the bride, lighted the candles as Mrs. R. E. McCurry, aunt of the bride, played "Love's Old Sweet Song". She also accompanied Woodrow Wilson who sang "I Love You Truly" and furnished the traditional wedding music.

The bride, who was given in marriage by her father, wore a dress of white slipper satin, designed with a sweetheart neckline, long tapered sleeves, fitted bodice, gored skirt, and peplum which fell into a train. Her fingertip veil fell from a cluster of orange blossoms which were worn by her paternal grandmother in wedding. She carried a bouquet of white roses centered with blue iris. The traditional something old and something borrowed was a pin belonging to her maternal great grandmother. For something blue she wore earrings centered with pearls belonging to her mother. She also wore a string of pearls.

The bridesmaids, Mrs. Haynes Baize, aunt of the bride, and Miss Evalene Baize, sister of the bride, wore identical dresses of ice blue satin fashioned after that of the bride, and carried bouquets of pink carnations. In their hair they wore braided coronets of blue satin. Groomsmen were Bill Alford, brother of the groom, and Bennie Irvin.

Mrs. Imogene Charles, cousin of the groom, wearing a white evening gown presided at the bride's book and registered the wedding guests as they arrived. Ushers were Bentley Curry, cousin of the groom, and Albert Koch, uncle of the bride.

For going away the bride chose a light brown gabardine suit with

brown accessories and a corsage of blue iris. After a wedding trip through south Texas, the couple will be at home on South Seventh Street.

Mrs. Alford is an honor graduate of Gatesville High School and attended Durham's Business College, Austin, and is now employed as clerk in the County Agent's Office. Mr. Alford is also a graduate of Gatesville High School and attended John Tarleton College, Stephenville. In 1942 he was transferred from Duncan Airfield, San Antonio, to Albrook Field, Panama Canal Zone as assistant supervisor of fuselage department. He worked here until December, 1948 when he entered the Armed services, serving most of his 20 months in the Marshall Islands. He returned to the States in September, 1946 and now has the rating of First Sergeant in the Army Reserves.

Out of town guests were: Mr. and Mrs. G. J. Baize, Miss Gladys Baize, Mr. and Mrs. Claude Griggs, Mr. and Mrs. Haynes Baize and Helen, Mr. and Mrs. Jack Billingsley, and Mrs. Leonard Ferguson all of Evant; Mr. and Mrs. Clovis Belvin and children, Ireland; Mr. and Mrs. R. E. McCurry and children, Bartlett; Mrs. Vernon Koch and children, Miss Minnie Exa Williamson, Countice Pruner and Sherwood Roberts, Waco; Bill Worth; Rita Walkerworth; Rita Walkerworth; Bennie Irvin, Rita Walker, Fort Worth; Miss Minnie Faye Williams, Temple; Woodrow Wilson, Lampasas.

ANNOUNCES BIRTH OF GRANDDAUGHTER AT WACO

Mrs. Carl Clawson returned the first of the week from Waco where she had been visiting Mr. and Mrs. Norris E. Clark of Iraan, Texas, and their beautiful little daughter, Janice Kay, born at Hillcrest Hospital March 16 at 2:20 a. m., the firstborn grandchild of Mr. and Mrs. Clawson. The mother of the baby is the former Miss Carneil Clawson, a Coryell county girl, who lived the greater number of months of her girlhood in Gatesville. The maternal grandparents of Janice Kay are Mr. and Mrs. R. H. Clark of Cameron.

Texas Roadside Council Calls For County-Wide Clean-Up And Beautification Project

Officially spring is just around the corner—if true we should soon have those warm days that will bring out the gardener with hoe, shovel and rake. This is an ideal time to clean up yards, vacant lots and business property. Neatness and good arrangement are fundamentals of good appearance. The fact that neatness and good arrangement of properties costs no more, yet means so much to the individual and the community. The elimination of unnecessary things such as excess signs, old signs, old tires, cans, junk items, trash and weeds will do much toward promoting neatness. A few pots of whitewash or paint on buildings, hoes, raking and

the planting of flowers and shrubs will leave a favorable impression on visitors to our town and community and on our neighbors.

Trash and collected junk should be dumped on an authorized dump. The dumping of trash and junk within 300 yards of a state road or highway is a violation of a Texas law Senate Bill No. 103, Chap. 53.)

Balloting for the selection of trees and shrubs for County-wide planting this fall is still going on and the response to the idea has been great. If you have not indicated your choice of tree and or shrub, you still have time to do so by ballot distributed by schools or by postal card.

Delta Kappa Gama Group Entertained Saturday At Hamilton House, Waco

The Zeta Chapter of the Delta Kappa Gamma Society arranged a no-host luncheon held at the Hamilton House in Waco at twelve noon last Saturday in connection with the meeting of District 10 of the Texas State Teachers Association.

The theme of the luncheon was "Glamour"—glamour for the teacher in government, in education, in personal attractiveness, and in the social world.

Bauer-McCann Inc. presented a

style show during the luncheon. The centerpieces on the table were furnished by this establishment.

The following members of the Gatesville faculty from Gamma Alpha attended this lovely affair: Misses Elizabeth Bigham, Wilhelmina Cayce, Mamie Sue Halbrook, Bess Holmes, Maude A'yce Painter, Mrs. E. S. Bennett, Mrs. Lewis Holmes, Mrs. Frank Jones and Mrs. Carl Eubanks.

By Sid Gregory, Jr.

Dear Friends:

Next week will be the final week in which bills can be introduced this session. I will be at home this week end, but if I don't get to see you then, please let me know before the end of next week if you have anything that you want me to introduce for you this session.

There are about 1700 bills already introduced that cover almost every subject under the sun. Ninety per cent of them will be killed in committee, but if a bill is a good one, it usually gets as far as the House floor and open discussion before it is finally passed or defeated.

The committee on eleemosynary institutions visited Gatesville last week and there has been some uneasiness expressed about what their recommendations will be. I have talked to the members of that committee, however, and there will be no efforts on their part to modify the present disciplinary and security system that the school has. At the present time, they report the school is being run efficiently and well.

They are interested in improving the educational part of the school and are planning to study the problem of training these kids for the purpose of helping them a little more to be able to be good citizens after leaving the school. They promised me there would be nothing done to change the present set-up of the school until the matter had been thoroughly discussed over a period of two or three years and agreed upon by the present officials of the school and members of our community.

This morning the House voted to give the people of Texas a chance to raise the salaries of the members of the Legislature. You will get a chance to vote on this the summer of 1948 in the form of a constitutional amendment. The salary will be \$2,200 a year if you approve of the amendment. It will not apply to the members of this Legislature.

I would like to know how you feel about raising the salaries of your senators and representatives. I don't like to be in a position of voting to raise these salaries without your full approval.

Sincerely,
Sid Gregory.

IN OUR

Coryell County News,
City.

Dear Friends:

Instead of filling out your poll, I will give you the answers as I would like to answer them.

I live in the City limits, and have for over 45 years. I have owned my own home for over 30 years. Last year I paid \$71.60 City Tax. As for an occupation, my letterhead shows that I am a lawyer, I also operate 2000 acres of ranch land, and an abstract and insurance business. I have four children, two in school.

As for being willing to pay more taxes for a school building, we have built school buildings in the past without raising taxes and can do it again, if we have patience. As for the present buildings being ok, I don't know what you mean. I would rather have the present buildings paid for than to own more satisfactory buildings and be in debt several hundred thousand dollars. Our present school plant has been valued recently at over three hundred thousand dollars. If you will give us time, we will make all necessary improvements.

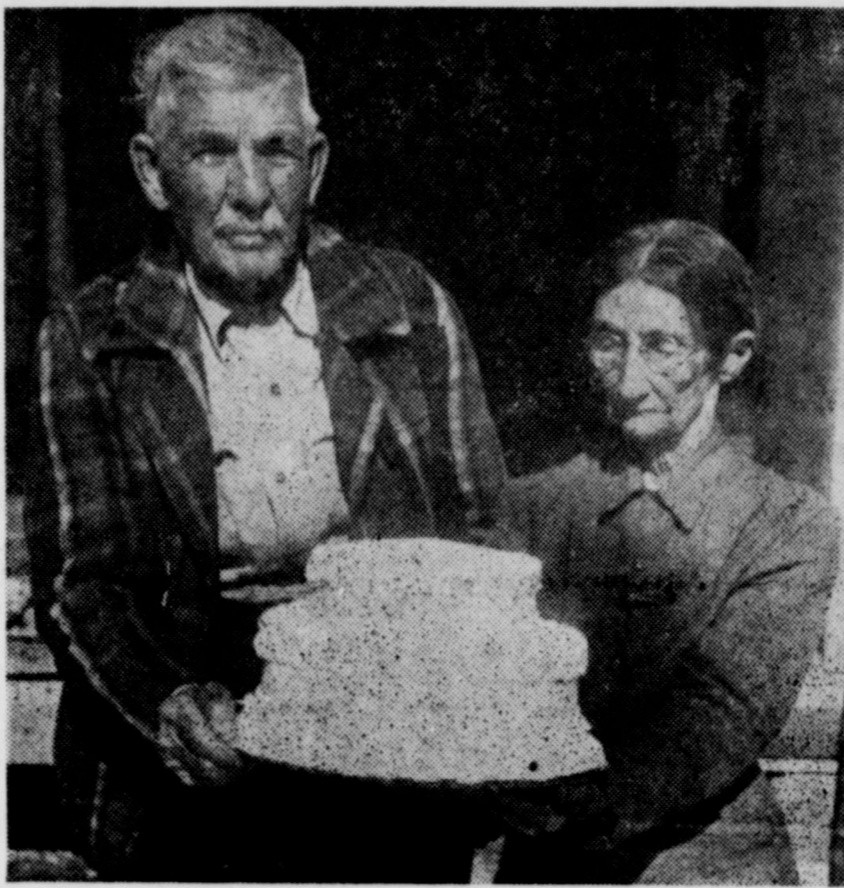

I am not in favor of changing the present school situation in any manner, and consider a change unnecessary, undesirable and really detrimental to our school in every way.

I have always been opposed to bond issues where the desired result can be obtained otherwise. In this connection I want to call your attention to the fact that the Junior High and the Gym were built without bond issues. The City of Gatesville is one of the strongest little towns in the state financially, and there are moneyed people in Gatesville that will gladly lend the City all the money it needs at a low rate of interest to pay for any building that may become necessary.

As for the 8th question, the city has built and paid for over three hundred thousand dollars worth of permanent improvements during the past twenty years without increasing taxes, and I do not see why we can't do the same thing again if it is necessary.

As for my ideas: I think the present buildings will do for the present. We handle about two thousand pupils during the peak, at this time we have about 1350. Gatesville pays its school teachers more than the average over the state, has a better school than

Two remarkable people are pictured above. They have lived together as wedded companions for seventy years, and both are eighty-eight years of age. Mr. and Mrs. Smith co-operate in keeping house at their farm in the Pearl community. They have their cow and chickens, and share the chores outside. They have a vegetable garden, too. Mr. and Mrs. Smith are delightfully hospitable, and members of their family and their friends make a mecca of the Smith home. They have retained all of their faculties to a degree of wonderment, and although the wife weighs on an average only 75 pounds, with her husband's help she does her cooking and general housework. Mr. Smith drives his automobile wherever he wishes to go, and although he carries along his walking cane, for the greater part of the time he forgets to take it out of the car when he reaches his destination.

They are devout Christians and are members of the Missionary Baptist church, though they do not now often attend worship services.

Bud Smith and Miss Mecie Jones were eighteen years of age when they were married in Gatesville January 26, 1877. Their family was composed of six children, two of whom were lost to them in infancy, and an adult daughter died, a few years ago. Mrs. W. A. Bynum lives close by her parents in the Pearl community; Mrs. R. L. Webb resides at Hamilton, and Lewis Smith lives at Waco. Their descendants number 17 grandchildren, 19 great grandchildren and two great, great grandchildren. The couple reared their family in the Bee House community, and later moved to the Peabody section, and then to their present home. Mr. Smith was born in Milam county, but moved to Coryell when a small child. Mrs. Smith has lived her 88 years in Coryell county. Both were born in January, he on the 25th and she on the 30th.

the average. Teachers like to teach here. Lots of our neighbors have big fine school plants that don't get the result that we do, and their plants are not paid for.

As a final word, I would say that the people should have more confidence in their duly elected officials. The City Council has never denied the School anything that it wanted during the six years I have served on the school board. I resent this whole agitation as a reflection on our City Government, and School Board. When building costs get within reason, any school board and city council we have will do whatever is best for our town.

J. D. Brown, Jr.

Children, grand children and great grandchildren together with a number of friends gathered at the home of Mr and Mrs. Smith on January 26, 1947 and celebrated their birthday anniversaries and their seventh wedding date with a bountiful dinner. They were the recipient of a veritable flood of nice, useful gifts, and also the wedding cake was a gift.

Feno is the youngest of the three sons of Mr. and Mrs. Tippit. All were in the service. Thomas James, the oldest and Leslie Beman, Jr., the second son were in the Navy, and were returned to civilian life a few months ago.

Pfc. Alton Spencer, son of Mrs. Alton Spencer of Pearl Star Rte. spent four days in Rome recently on a sightseeing tour of the city. "FIRE INSURANCE FOR THIS WORLD ONLY"

The Ohio Baptist church has called a new pastor, the Reverend Robinson of Brownwood. The congregation and visitors are highly pleased with him. He will preach every first and third Sunday in each month at 11 o'clock in the morning and at 8 o'clock in the evening. The Baptists are still maintaining a good Sunday School. They welcome visitors from other denominations to attend all services.

"Flu" has hit Liberty hard. Our school was closed last week, and last meeting of the Liberty Woman's Club was called off. Most of our many patients are improving.

Recent guests at the Elam place were Mrs. W. C. Brazziel, Mrs. J. J. Glaze, Mrs. Gene Vermillion and children of Gatesville; Mr. and Mrs. C. E. Helms and children of Stephenville; John and Dave Price of Evant, and the Alvin Kautzsch family of Aleman.

County Agent Will Select 4-H Club Calves

County Agent W. P. Graham, has set the last week in March which is March 24th next week to help 4-H Club boys to buy Club Calves for 1948 show.

Any 4-H Club member or prospective member who wants to participate in '47-'48 feeding program should see the County Agent at once, and register with him and tell him the kind of calf you want, breed etc.

Prospective calf feeders should realize unless they get started by April 1st with calves they will have very little chance when they compete with other boys who will start that early or earlier.

In all probability 4-H Club members will exhibit calves at the Houston Fat Stock Show in 1948. This show is scheduled about the first of February. Calves should be finished by that date if they are to have a chance in the show. That will also mean an earlier date for the Gatesville show.

Miss Exa Turner returned Saturday from a week's vacation, traveling in South Texas and La. She visited the Rio Grande Valley, Old Mexico, and says that section of the world is truly beautiful and impressive with its loads of ripening fruits and growing vegetables.
