

It's '49.

Already, it's a good year!

Lots of time, since we first wrote our first sports story, and New Year's Day, climaxed all that time, and we were, yes, 'guests' of the Cotton Bowl Association in Dallas, and along with many others of far, far, greater repute. Their names glisten daily in the Daily Newspapers, News Wire Services, Radio, Television, all over the United States, from New York to Portland, Oregon.

It was about the "swellest" event for a small town sports writer we could imagine, and started this way.

Breakfast at Mr. Baker's big boarding house in the Texas Room a sports writers meeting there, then refreshments in the Press Room, same hotel; bus to the Cotton Bowl, the 'press box courtesies', including free hot dogs, soft drinks, coffee, chocolate, program, and seat No. 74, in the "big box", first flight. Each quarter, play-by-play brought to us, at the half, Youngblood's Chicken 'in a box, and Fritos or Potato Chips to go with 'em.

And, that Ball Game! Whole thing, simply "out of this world" to a country boy. Our first Bowl game.

And, Gatesville WAS well represented, better, too, with Billy Potts, of the Texas A&M Publicity Staff there!

Never, in the 'sports business' have we seen anything that approached the 'accommodations' for the sports people. 150 writers, about 50 key pounders, 5 or 6 radio stations, 2nd floor, hundreds of photogs, 2 or 3 televisions with maybe a million dollars of equipment, everywhere.

Well, the Bowl had 70,000 there at about \$4.50 up. Not bad business to treat the 'boys' who pack 'em in. There's certainly no 'fuzz' on the Cotton Bowl when it comes to taking care of those who willingly take care of them.

Further results of the 'sports writers' meeting has been held until next Sunday, and we can't release it, as yet.

Gosh, what a start for '49, and we couldn't miss tellin' you about it!

"Big D" certainly gave a boy from "Little G" a treat, and how!

Spastic Organization Asks Funds For Texas Spastic Circle

Texas Spastic Circle, which has recently completed a home for spastics at Meridian, has found that HCL even ruins funds for that kind of institution.

So, if you've a little extra, or can put off something, that's a nice place to mail some money. It should go to Mrs. Juanita Davis, Treasurer, Meridian, Texas, and they'll certainly thank you!

Mr. and Mrs. W. J. Thompson spent Sunday in the home of their son, Mr. and Mrs. W. J. Thompson of Georgetown.

Clyde Thompson of Haskell was a recent visitor with relatives here.

Mrs. Durwood Findley of Waco, sister of J. O. Brown, is reported improving at Hillcrest hospital, following an operation.

Grand Jurors Start The Grind Monday Morning: No Information Yet

And, that's a lead pipe cinch! Nobody's going to get any information out of the January Term of District Court's Grand Jury now in session until the session is history.

They started Monday morning behind the Door Baliff, Calvin Sandlin and with the Riding Bailiff's George King and C. J. Shook.

The Grand Jurors, headed by Foreman Jim McKelvain and John D. Wright, as secretary, are Preston Jones, Bill Smith, Jeff Buckner, Ivy Edmondson, J. B. Williams, Jack Weaver, John L. Donaldson, Grady Russell and Eddie Winfield.

Here's Where Your Friday Paper Went! We REALLY Heard!

We just about got whupped! Mailed the NEWS out as we should have Thursday evening, and put 'em in sacks on the back of the post offices, as always.

The Waco mail man came along and took 'em to McGregor, discovered his mistake, put 'em on the Santa Fe, they went to Valley Mills, and the Turnersville mail carrier brot them back to Gatesville.

To add to the misery, New Year's Day, as usual, was a holiday, and to add to the further misery, it was ONE of the few days the Star Route fen don't go.

And, in this bag, to add to the much more misery, was: General Delivery, Box 417, (GSSB), All the Star Routes, and RFD'S 2 and 3.

All this in the face of the fact that the POD is raising every rate they can find to raise, nearly.

Boy, did WE, us and the PO D start the New Year Wrong!

We practically gave out of "extras" because we knew folks wouldn't get that Friday paper until Monday.

Mr. and Mrs. Charles B. Sydow of Dallas spent the holidays with his parents, Mr. and Mrs. C. M. Sydow.

Visitors in the Virgil Music home were Miss Vela Whitley of Washington, D. C.; Mrs. Lee Key and Basil Whatley of San Angelo; C. B. and Tho Whatley of Pearl.

A Step Toward Socialism

Dr. Robert A. Millikan, one of the world's most distinguished scientists and Nobel prize winner, has referred to current proposals for federal aid to education as "another of those efforts to clear out the cockroaches by burning the house down." That is right. More federal aid might bring increased teachers' salaries, which all of us want. But I stand in constant amazement that so many folks in the education profession are blind to the tremendous dangers of federal aid.

Not to be outdone by those clamoring for money to be routed via Washington for the public schools, college and university administrators recently climbed on the bandwagon and put in for their share. At a major conference of higher education in Chicago, Dr. Alonzo Myers of New York University proposed a catch-all program that would call for expenditures dwarfing those in public school bills now in Congress.

Take Your Share

Among other things, this program would set up an "Educational Reconstruction Finance Corporation." As a government project, this bureau would no doubt take bookkeeping lessons from RFC and TVA. Both of these have tucked away millions of wasted tax dollars. Experts have said that it will be impossible for RFC ever to account for all of its funds. After this ERFC, we can expect other RFCs for any group that has enough power and votes to get the ear of Congress.

Not to be outdone in the scramble, educators from several private colleges (not state-supported) fought strenuously at the above-mentioned conference for federal aid. Their impelling motives went like this: in any disposal of federal funds, we must not be neglected! In other words, as long as Washington is throwing the money around, you have nothing to lose to ask for your share.

Great Handout

To me, all these things look like very poor Americanism. Is this a generation that runs to Washington and Congress to receive cure for every ill that besets the community? If our local people (states and communities) haven't got the backbone to take adequate care of their educational problems, then for sure more money from the federal government will not remedy the situation. And that goes for Arkansas, too.

But the nub of it is: local communities have done plenty, still are doing things about local and state needs in education. I have no patience with those who hallow the internal propaganda machine in Russia and call it education. We have done more to educate our youth than any Communist country ever will be able to do — under Communism. There's nothing radically wrong with American education. But there will be—if we hand control over to Washington.

Education is one of the biggest enterprises in America. When we give over to the federal government the purse-strings for local education then we have taken the long step toward Socialism. What we must do is get the federal government off the necks of taxpayers. Then the states can collect more taxes and there is no rhyme nor reason left to get education expenses from Washington. We must draw the line on this dangerous trend. Let's have no so-called "federal aid."

Burl Watts, of Price & Watts Grocery and salesman, was in an accident near Evant. He got few bruises and scratches. The other car, from Houston, was also badly damaged, and two occupants, we were told, were taken to the local hospital.

Of course, there were a number of lesser accidents, about which we have no news.

ACCIDENTS!

Several were recounted during the holidays, and slightly before, and they might be summed up as follows:

Dec. 17, Mrs. E S. Winfield broke two ribs when she slipped over a stool in her kitchen in Winfield Apartments, on Bridge Street. She is reported still in bed.

Jack Bankhead, broke two bones in a leg when he was thrown by his horse, and spent a few days in the local hospital. They say he says he's going to quit—done quit—riding. This break wasn't the first time.

DECEMBER 12 to
DECEMBER 18

Thirty-seven years ago this week, on Dec. 14, 1911, Roald Amundsen, Norwegian-born explorer, reached the South Pole, the first to stand on the one spot on earth from which one can look only North. Amundsen had first prepared to discover the North Pole, but when he learned that Peary had beat him to it, he turned to the Antarctic, discovering the South Pole one month before the Englishman Scott. In 1928, Amundsen was lost in the Arctic during an attempt to rescue the Italian Nobile who had tried to fly over the North Pole in a dirigible.

The Texas Poll
The Statewide Survey of Public Opinion

By **JOE BELDEN**,
Director, The Texas Poll

AUSTIN, Texas, Dec. 25—Overwhelming public support for raising teacher's salaries is confirmed by the latest Texas Poll which shows that only 3 per cent think \$2,400 a year is too much to pay a public school teacher.

One of the primary aims announced by the Gilmer-Aikin Committee on Education, after a 16-months study of the Texas school system, is to lift the level of teacher's salaries. The committee has suggested a minimum of \$2,400 a year. Present state minimum is \$2,000.

In a statewide survey of opinion, The Texas Poll finds people enjoying high standards of living tend to favor even a higher minimum than that proposed by the Gilmer-Aikin Committee.

This opinion survey was based upon interviews with 1,000 adults living in all parts of the state—on farms and in small as well as in big towns and cities. Men and women of the various age groups and income levels were interviewed in correct proportions so that the cross section represents in miniature the adult population of Texas.

These questions were asked:

1. "Do you think public school teachers are now getting paid too much, not enough, or about the right amount?"

All Adults

Uncle Sam Says

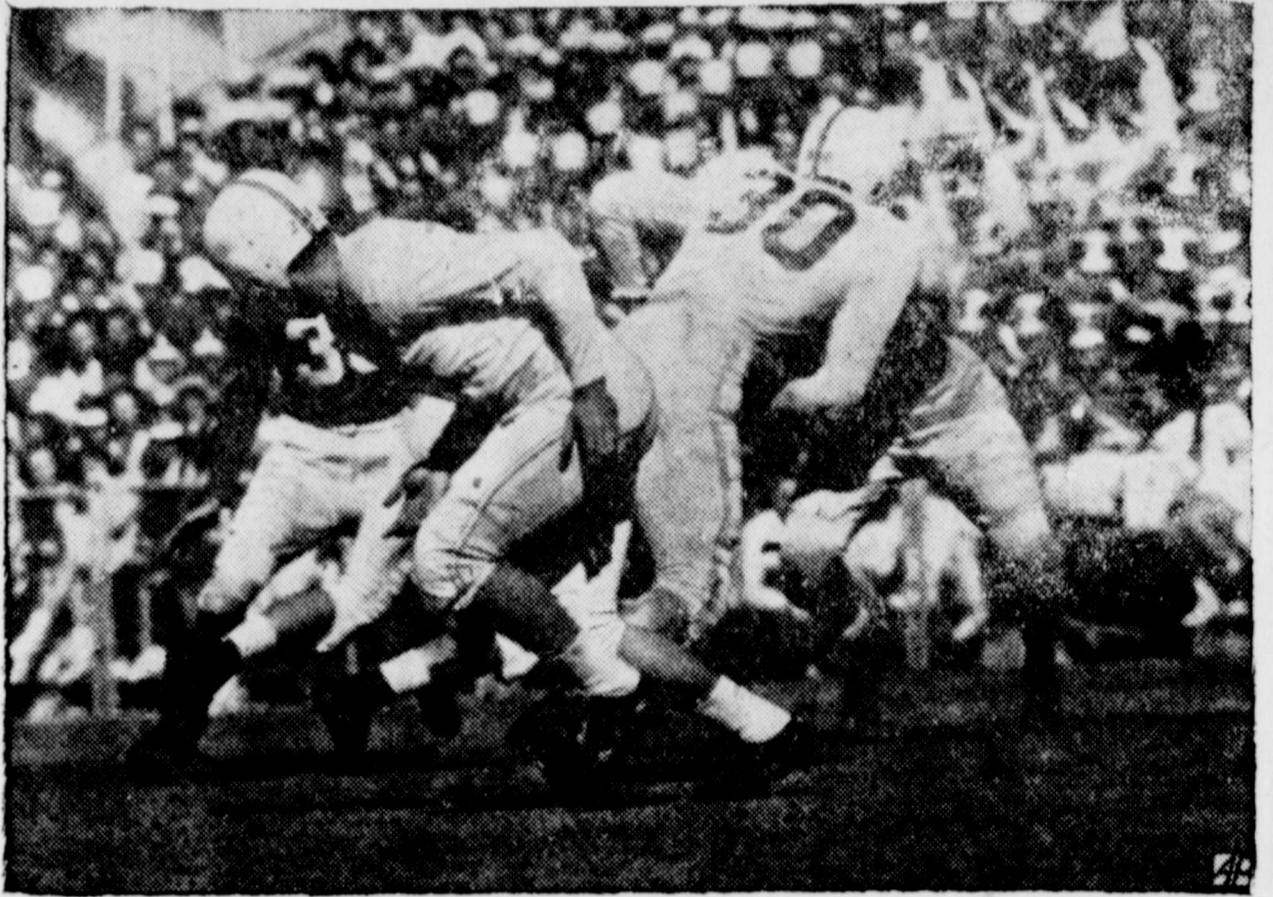

Some of my nephews and nieces want to save regularly and actually do it. Others mean to save but don't always get around to it. These latter are the ones who only think about a budget. The best way to save is to do it on a regular basis, every payday. And the best investment is U. S. Savings Bonds.

If you're on a payroll, enroll for the Payroll Savings Plan where you work, or, if self-employed, sign up for the Bond-a-Month Plan at your bank. Either way, you're building future security in the soundest way possible. And your money increases four dollars for three in 10 years' time.
