TUESDAY, JANUARY 11, 1949 NUMBER 6

Maybe, you don't think this don't affect you! Well, it does, whether or not you're one of the lucky ones who don't pay any taxes yourself. Because, "taxes" unfortunately, are "costs" of what ever you wear, eat, ride in, use in your house, or any frazzling thing you buy.

Now, just look at these figures (taxpayer or non-taxpayer) and start digging, because you're gonna have to dig.

President Truman announced his "budget" which was already busted, that the year, coming, he'd have to have only \$41,858,000,000 PLUS, and when the say PLUS in Washington, the Lord knows they REALLY mean that! Then, readin' on, you'll see the 1949 deficit (that means "in the hole" to most of us) is only a mere \$600,000,000, and if he don't get \$4,000,000,000 more taxes besides those already planned, the '50 deficit will be \$873,000,000. Your share of the budget, and YOU ALONE, will be \$282.82.

Then, on the "STATE" level, the state is short some \$10,000,000 which ain't hay.

And, Don't forget (and can you) the "COUNTY" level, which was not so terribly bad, and then, for the town folks,

SCHOOL and CITY taxes was not easy this year. For "Uncle Kermit" and "O. N. Hix" representin' the school and city, our cost was \$230.69, which is not alfalfa, either.

Course, this don't mention SS. Store Tax, and the trillions of hidden taxes you have to pay every time you turn in a plug nickle for something.

It's about time some governmental department somewhere showed a little black, instead of red. They don't like for us to do "deficit financing" at the bank, and don't like for the banker to let us, and then, they turn right around and do it worsen' ever. We're agin' it!

We're tryin' and, awfully hard, whether some of our creditors know it or not, to "pay as we go", and it's a gosh awful job, but Sam & Co., ought to try something tike that too.

Coryell County Buys \$412,946.50 In U. S. Savings Bonds In '48

That's money! No, MONEY! \$412,946.50 and that's the amount of surplus cash Uncle Sam persuaded Coryell County people to put in US Savings Bonds during 1948.

H. Wade Sadler was chairman of the County Savings Bond business, and they say there's more of these than ever before.

Could be!

Congratulations

A baby boy born January 7, 1949 at 8:35 a. m. to Mr. and Mrs. Clebe Baize of Turnersville.

New San Antonio-Fort Worth Route Is Sought: Would Come Thru Here

SAN ANTONIO, Jan. 6. (AP)—The state highway department will be asked to designate a new state highway from Burnet to Cleburne, completing a new and more direct route from San Antonio to Fort Worth, it was decided at a meeting of interested civic leaders here today.

(Note: That's right up our alley, the so-called North-South highway Coryell County's been working on for several years.)

Attending the meeting were members of the San Antonio Chamber of Commerce highway committee and a Burnett County delegation headed by County Judge James A. Steele.

It was decided that the highway department will be asked to hold a formal hearing next spring on designating a 30 mile link from Burnet to Copperas Cove. Total length of the proposed highway would be 150 miles, half of it new construction and the other half routed along existing roads.

KILLEEN SCHOOLS GET "FEDERAL PAYOFF" AMONG OTHER TEXAS SCHOOLS

WASHINGTON, D. C., Jan. 6. (AP)—The Federal Works Agency said today it had approved 15 grants for Texas public school districts

Four Cars "Spin" Over Week end: Nobody Hurt Much

Four automobiles "rolled" early Sunday morning in Coryell county, and physically, nobody came out very bad. The cars are reported, however, not doing so good.

Four negroes in an old Packard rolled on Highway 36, north of here, and three were carried to the hospital but were released a few hours later, with nothing but cuts and bruises. The fourth was not hurt.

Leon Baker, rolled his '41 Ford on US 44, east, but was uninjured, as was a boy named Turner, who rolled his '41 Chevrolet.

Clayton Jones, coming from Odessa rolled his car not far from GSSB, and is was a '42 maroon Ford, but he came out without serious injury.

W. T. C. C. Says: "Put Girls On Limbs With Limbs": Make Pulp

At the request of President Dawson Cooper of the Gatesville Chamber of Commerce, answering a request for the rotogravure section of the Denver Post, and the West Texas Chamber of Commerce Magazine, we sent a picture of The World's Largest Mesquite Tree, and, of course, the necessary "cut lines".

L. A. Wilke, Manager, Service Department WTCC writes, in part: "We are using the story in the next issue of the magazine, but won't be able to use the picture."

"By way of suggestion, the limbs of this old tree are rather drab, and if you could get several good-looking girls out there climbing around in the tree displaying some nylon-covered limbs, I dare say a lot of newspapers would use it."

Sarcasm or, else, girls do make the "pulp" and the "sticks" much more often than any other kind of picture. We've known this for a long time, but Coryell Gals ain't monkeys, and are not models, show or movie folks—just don't like, to be pictured that way.

Sorry, WTCC and Denver Post rotogravures couldn't use the picture, "where is, as is"—another GI term!

Next Tuesday's Final Day For Derby Entrant: Some Born, And That's Ok, But Rules's Rules

Everything we know of is governed by rules, laws, edicts, red tape and just plain foolishness.

There, however, is reason behind our postponing announcement of the 1949 News-Merchant's Stork Derby Winner for 1949.

What if January 1, to now, it'd been sleety, snowy, etc., etc., and, this "first 'un" was born just south of a mudhole in Coryell County, or north, or east, or west, and the folks just plain couldn't get to the News with the "blue slip". That's why we "hold off" for so long. Bein' a Texan, we still don't predict weather.

No Blue Slip Yet!

Still, we have NO entry! To be official, a "blue Birth Certificate" MUST be in the News Office, and no announcement will be made until the date, Tuesday, January 18, but the deadline is Monday, January 17 at 2 o'clock.

All you got to do is bring that "blue Birth Certificate" and identify yourself, and if yours is the first 'un, you'll be the winner, and we'll announce it in the News of Tuesday, January 18, and you can come in and get the "introductions" to the gifts that morning.

Now, what are you waiting on! Now for the rest of the local part, we have donors: Morton Scott & Son, House Furnishers; White Auto Store; Coryell County News; Jones boys inc. Ltd. & sally maude, office supplies; Bill's Cafe; Powell Supply Co.; Dougherty's Studio; Palace, Regal, Ritz; Federated; Foster Drug, Mrs. J.

B. Graves, Florist; Cozy Cafe; City Drug Store and Gatesville Drug Company are offering prizes for the winner.

These Buy Bond

And, to see that the baby starts off with the silver spoon in its mouth, really, these good merchants have financed a \$25 bond for the winner! They are: Hollingsworth Feed Mill, E. L. Sadler 5c, 10c and 25c store; Guaranty Bank & Trust Co.; Miller Motor Co.; Kendrick & Davidson; G & M Laundry; Community Public Service Co.; G. P. Schaub Milling & Grain Co.; Arnold Electric Co.; Drake Furniture Co.; H. B. Davis, 5c, 10c and 25c Store; Horace Jackson; Gatesville Auto Supply; John R. Colgin; Perry Bros. 5c, 10c and 25c Store; The Cooper Co.; J. A. Painter; Ward's Jewelry; Gatesville Bottling Co.; Martin Cleaners.

Now the rules: Here they are: Parents must live in Coryell County, NOW! Baby must be born in Coryell County. Must bring birth certificate to Coryell County News office by 2 o'clock, January 17, 1949. Bring identification, in case we don't know you.

Winners of previous years are Cary Glenn Graff, Harvey Richardson, Vernon H. Wells, Sara Lynn Scott, Joe Kermit Derrick, Ray Van Brown, Glenda Fay Blanchard, Joyce Marie Featherstone, Cynthia Ann York, Nancy Catherine Ferguson, Jenny Lou Harrington, and Cathryn Rae Hollingsworth. 12 in all. WHO'LL BE THIRTEEN!

Roger Miller Named Head Of Gatesville Firemen Another Term

Roger Miller and Gatesville Fire Department are synonymous, or something. He's only been head, or "Chief" for 22 years, and now is going on his 23d, since Tuesday night of last week.

Buddy Biffle is 1st Assistant,

Elmo Washburn, 2nd Assistant, and Oad Painter, foreman, and Johnny Domineck, Louis Neuman, reelected treasurer, and two new members were added, Albert Dickie and Fred Dyer.

Highways are covered in snow and sleet frozen in the Texas Panhandle today. The weatherman predicted colder weather for the entire state tonight.

"THE BILL" For Coming Year, \$41,858,000,000 PLUS

WASHINGTON, D. C., January 10. (AP)—President Harry S. Truman gave America today the prospective bill for government for the coming year: \$41,858,000,000 plus.

The Budget submitted for Congress for the year beginning July 1 is the largest in peacetime history, and the cost averages \$282.82 for each American.

Many billions of the budget were due to the "cold war" with Russia, approximately half being military costs and foreign aid.

The President renewed his request for increased taxes, and said otherwise the nation faces a \$873,000,000 1950 deficit, on top of the \$600,000,000,000 deficit for 1949. He renewed a plea that Congress jump taxes \$4,000,000,000 annually, not counting higher levies, increased social security and new health insurance.

Texas Spends, Also: \$10,000,000 Ahead of Last Year!

AUSTIN, Texas, January 10. (AP)—State spending this fiscal year is running some \$10,000,000 ahead of last year, the Comptroller reported today.

Most of the increase was cash allocated to public schools, the increase being \$5,000,000 to a total of \$54,000,000.

YOUR WAGES AND ADVERTISING

... from SHORT TALKS ON ADVERTISING by Alfred T. Falk, Director of Research and Education, Advertising Federation of America, released through the courtesy of AFA.

There is a lot of advertising in this country and it has a definite purpose. It is there because somebody wants to sell us Je'lo, Ford Automobiles, Spearmint Chewing Gum, Pepsodent Toothpaste, Frigidaires, and Sunkist Oranges. We know that advertising helps to sell these things and thousands of others, and we know that it provides a valuable information service to consumers.

That much is plain, but did you ever stop to consider that advertising affects your personal income? No matter what your occupation, the amount of your salary or wages is affected by the

total volume of advertising on the part of all manufacturers and storekeepers everywhere. This statement is worth examining.

In this country, we produce and consume more than twice as much goods for every man, woman, and child as is produced and used in other principal countries of the world. Why is this? Not merely because we have vast natural resources. Not just because we are better at inventing and organizing. It is mostly because we all want so much to have the good things in life and because we have the individual ambition and energy to get them. The purchasing power of American people is used all the time and it revolves very fast.

This is where advertising comes in. It creates desires for new things and encourages ambition for higher standards of living. Suggestions from advertising are often responsible for the purchase of a new livingroom rug, an automobile, better clothes, or a new kind of breakfast food.

Millions of purchases are inspired by advertising. When the volume of buying is high, business is good and there are many jobs. It is not only the ability of consumers to buy goods but also their desire to buy that makes factories run at full speed. Advertising is one of the greatest stimulators of buying desire that has ever been known.

DESPITE THE 'DEAR JOHN LETTER HE STILL LOVES HER

Postmarked Gatesville

The letter, frayed at the edges and ink-splotted, bore a worn look between the lines. It was the kind of letter you read that way.

The heavy-set, master sergeant held it in his big fist, and it was apparent that he didn't want his eyes to fasten on it again, but it was still too big a task.

"Dear Joe," the feminine hand writing angled across the page, "I find I don't love you like I think I'm supposed to love you... I want to call things off..."

Joe Hallinan remembered mail call on that Nov. 17, 1945, in his barracks in Hawaii. "That's a date I'll never forget." He sat on a foot locker and opened the letter postmarked Gatesville, Texas, from his bride of 22 months.

Joe Hallinan had heard of these so-called "Dear John letters" that the boys over-seas laughed about in a curiously bitter fashion. Now he had one. Only his had started, "Dear Joe."

It cost Hallinan 30 hard-earned GI dollars to put in a trans-Pacific call to Gatesville. "It was 30 bucks thrown away", he related. "She was crying and upset, but she didn't change her mind."

Three years and one month later Joe Hallinan sat on his foot locker at the Fort Worth Quartermaster Depot Saturday, Dec.

New industries depend on advertising to get started. A factory is built to manufacture a clever electric razor. No one ever heard of such a thing before. Hardly anyone wants to buy the device until the manufacturer explains its advantages in a national advertising campaign. Almost immediately, thousands of men buy these machines and the company increases production. The result is lots of new jobs for factory workers and traveling salesmen.

Advertising has built many other new industries, big ones and little ones. Similarly, advertising has expanded countless old industries. Raw materials and other related industries are directly benefited. In every case it means more employment, more wages. Our whole economic life is speeded up, the national purchasing power is enlarged, and everybody's income goes up.

The merchandising force of advertising is very important among the various factors responsible for our having the highest wage level in the world, with a buying power nearly twice that in Great Britain, two and one-half times as great as in Germany, and more than ten times as high as wages in Russia. In more ways than one, advertising gives a lift to the pay envelope.

18, 1948, and said simply: "I still love her."

He clenched the letter until his broad knuckles showed white and continued, "It's one of those things that you can't get out of your mind. I still feel the same way about her. I keep remembering those 16 months in Gainesville when I was at Camp Howze and we lived with Mrs. Long in a white cottage.

"You just don't have any better marriages..."

He blinked a couple of times and he was ashamed about it, "It's something you never forget, that's all."

Hallinan hasn't seen his wife since he left her to go overseas on July 19, 1945. Since then he was discharged, re-enlisted and secured duty in Texas so that he could try to find her.

As far as he has been able to determine, she has disappeared into thin air.

"I've written letters, made phone calls, investigated as many angles as I could... You know a GI doesn't have much money to throw around.

"I want to find her and see her face to face and ask her to look me in the eye and tell me to go to heck or look me in the eye and tell me she's willing for us to begin a life together again... I've just got to find out something for sure..."

Hallinan remembered his wife wistfully Saturday. "Five feet two 117 pounds, blue eyes, chestnut

The Youth Fellowship met in the Presbyterian church Sunday, January 2 to elect new officers for the 1949 quarter.

The following youngsters were elected. Cynthia Sadler, president; Bobbie Jones, secretary; Bobbie Lee, treasurer; and four other standing committee chairmen: Jean Hix, Ray Payne, John Kendrick and Bill Bradley.

Guest speaker for the afternoon was Marguerite Kelso, with Roger Miller, retiring president, presiding over the business session.

Milton Pollard of Fort Worth spent the holidays in the home of his parents, Mr. and Mrs. B. A. Pollard.

hair, pretty as a picture. She'll be 25 on May 14 next, four years younger than me."

He met her in Gatesville when he was stationed at Camp Hood and they were married three months later in Fort Worth on January 2, 1944.

"We had a honeymoon in Temple, in a little shabby room with the wall paint peeling... It was the best I could get... But it was swell..."

If the woman who married Joe Hallinan reads this—his "last resort"—Joe wishes she'll let him know where he can find her.

He's leaving here Monday for a new post at Fort Bliss. You can find him there in care of Headquarters Battery, 35th Anti-Aircraft Artillery Brigade.—The Fort Worth Star-Telegram.

The Texas Poll

The Statewide Survey of Public Opinion

By **JOE BELDEN**,
Director, The Texas Poll

AUSTIN, Texas, Jan. 9.—On the eve of the opening of the 51st Texas Legislature, a study of public opinion indicates that the demand for farm-to-market roads is even more pressing than the widely-publicized need for school improvement.

Nine out of every ten persons declare that, if they were members of the Legislature, they would vote additional funds for farm-to-market roads. By way of comparison the movement to increase appropriations for the public schools is backed by eight out of every ten adults.

The latest survey by The Texas Poll also shows that a majority looks with favor upon a bigger budget for the prison system and the grant of a state bonus to World War II veterans. These items, together with the public schools and rural roads, involve four of

the largest outlays of new expenditures that the Legislature will be called upon to make.

However, while majorities vote for each item separately, less than half of the people put themselves on record in favor of all four. The three most popular items—roads, schools, and prison system—are supported collectively by a substantial majority.

The fact that there is a surplus of more than \$75,000,000 in the state's general revenue fund may have given rise to some wishful thinking. A large segment of the public assumes that new outlays for roads, schools, prison system, and bonus can be made without increasing taxes. Whether or not this is so will depend, of course, on how much the lawmakers think should be allocated to each demand and how such things as a bonus, if approved, are to be financed.

This study of public opinion is based on a statewide survey in which a cross section of 1,000 adults was asked the following questions:

Betrothal Announced For Miss Patti Stewart At Coffee December 29

The marriage of Miss Patti Ruth Stewart to Tom Post Thomson, was announced at a Coffee, Wednesday morning, December 29, 1948, in the home of Mrs. Doyle Baldrige, with Mrs. C. E. Gandy as co-hostess.

Mrs. Barney Owens greeted the guests at the door and the receiving line, with the hostess, consisted of Mrs. E. L. Stewart, Miss Stewart, Mrs. Louis Thomson, Mrs. Robert D. Foster, Jr., Mrs. John W. Reesing, Miss Betty Brann of Hamilton, Miss Betsy Wright.

Miss Penny Burleson and Mrs. D. D. McCoy invited the guests into the dining room where they were presented pink napkins by Miss Glenelle Pearce, on which were inscribed in silver, "Patti and Tommy".

Presiding at the service table were Miss Carolyn Stewart, Mrs. Hal Anderson, Mrs. Marion Burleson and Mrs. L. K. Thomson, Jr.

Presiding at the brides book were Orpa Mayo and Mrs. Annabelle Chamlee. Others in the house party were Mesdames I. F. Johnson, Jr., of Austin, George Pearce of Shreveport, La., Woodland Meador of Henderson, Rufus J. Brown, E. G. Beerwinkle, W. Holdinghausen; Misses Margarite Kelso, Betty Jane Jones, Janelle Richardson and Martha Claire Brown.

The coffee table was laid with a Maderia cloth and centered with a wedding ring arrangement of white carnations and chrysanthemums. On each end of the table were white tapers burning in silver candelabra. Inscribed on the white satin ribbon was the wedding date of the bride and groom. Miss Stewart will become the bride of Mr. Thomson, Sunday,

Uncle Sam Says

The smart man knows that the only way to protect his family and himself is with a safe, systematic plan of saving. U. S. Savings Bonds provide the safety and the Payroll Savings Plan or the Bond-a-Month Plan is the systematic way. No one can provide security for the future by free-spending. You can face the future with confidence, however, by investing a part of today's earnings in Savings Bonds. That is the intelligent way. And you have the choice of two convenient plans of purchase, the Payroll Savings Plan where you work or, if self-employed, the Bond-a-Month Plan at your bank.

SUBSCRIPTION

"There is a little matter that some of our subscribers have seemingly forgotten entirely. As we have stated before the Post Office regulations require that all subscriptions must be paid in advance. To us it is a very important matter. It is necessary in our business. We are somewhat modest on this subject and don't like to continually speak about such remittances. We must, however, take off our mailing list from time to time, those who are delinquent in their payments. We don't like to do this as we believe this matter has just been overlooked on the part of some subscribers, yet we must comply with the Post Office laws to keep our second class mailing permit. Check the date on the label on your paper to see how you stand on this matter."

Uncle Sam Says

Here's one big, safe resolution for 1949: "Resolved, I will take advantage of the opportunity presented by my government to buy U. S. Savings Bonds regularly; the finest, safest and most convenient investment in the world." If you stop to think of it there's no better time than right now to start building a comfortable cushion for later years. Upon maturity, U. S. Savings Bonds will return to you four dollars for every three dollars you put into them. They can be bought regularly under two convenient purchasing plans, the Payroll Savings Plan where you are employed or the Bond-a-Month Plan at your bank.

TODAY'S BIRTHDAYS

Grace Anna Goodhue Coolidge—born January 3, 1879 in Burlington, Vermont. Daughter of a steaf boat inspector on Lake Champlain, who also was a Vermont Democrat. She taught the deaf and dumb at Northhampton, Mass. where she married at 26, to Calvin Coolidge, and where she now lives in quiet retirement.

John (Johnny) Lujack—born at Connellsville, Pa., January 4, '25, son of a boilermaker and the youngest of four boys all of whom were athletics. In high school Johnny turned down an offer from the Pittsburgh Pirates as well as 35 scholarships.

Herbert Bayard Swope—born January 5, 1882 in Saint Louis. After high school he became a reporter by winning a \$100 essay prize from a department store. Became war correspondent and executive editor, then head of the racing commission and fabulous "man about town".

Carl Sandburg—born January 6, 1878 in Galesburg, Ill., son of a Swedish imigrant railroad blacksmith. Carl had little formal schooling. After serving in the Spanish-American war he went to college. Through newspaper work he turned to writing poems.

Edwin Wendell Pauley—born in Indianapolis, Indiana, January 7, 1903. Graduate of Georgia Military Academy and the University of California. He taught economics until an airplane accident in which his neck and 30 some other bones were broken.

Burton Elias Holmes—born January 8, 1870 in Chicago, where he ran away from home at 6 to go to school, but at 16 he quit school. He had become interested in travel by hearing lectures of John L. Stoddard.

Francis X. Bushman—born Jan. 10, 1884 in Norfolk, Va. He left Ammendale College after his second year to go to the stage, and for some 10 years he reigned as "King of the Movies" in silent picture days. Now in Chicago playing radio roles.

Eva Le Gallienne—born January 11, 1899, in London, daughter of the English poet, Richard Le Gallienne, and a Danish journalist mother, Julie Norregaard. Played her first role at 15, played on Broadway at 17.

Herbert Orin Crisler—born Jan. 12, 1899, at Earlville, Ill., son of a farmer, Coach Amos A. Stagg, of the University of Chicago nick named Crisler "Fritz" because his name sounded like that of Kreisler, the violinist. One of two men to win nine letters in three sports, football, baseball, and basketball, in Chicago.

Sophia Tucker—born January 13, 1884, while her mother was traveling by wagon out of Russia to join her husband in America.

Gatesville Hornets Stop Clifton In 19-A Game Here Friday 56-10

By Hammil

Gatesville Hornets opened their 19-A District chase Friday evening with a 56-10 win over Clifton Cubs at the local gym.

The locals skyrocketed the count to 18-2 at the end of the first period, when Coach Lloyd Mitchell sent in the "B" squad for the 2nd and 3d periods, and the half-time count was 26-10, and 44-10 at the end of the third.

The "A's" completed the scoring, running it up to 56-10, with Bill Bradley annexing 16 points for high. Floor work was rather ragged, and looked like too many were trying to be "high-point".

Clifton's starters were Canuteson, Prince, Dahl, Keeton and Langseth.

For the Hornets: Davidson, Anderson, Knapp, Bradley, Roberts, Joe Skelton and Rabon Balch called the game.

Gatesville Hornettes Stop Clifton Cubettes Friday Evening

By Hammil

Gatesville High School Hornettes tied another win to their string Friday evening, downing the Clifton Cubettes.

Fresh frof a victory over Hamilton's sextette Tuesday night, and they had little trouble with Clifton.

Lengefeld looped in more than half of the tallies, ending up with 26 points.

Scores by periods were 11-4, 19-4 and 27-6, and Scribe Hammil didn't get the final, which was even more.

Starters for Clifton: Davis, Wilcox, Anderson, Jerguson, Matson and Dahl.

For Gatesville: E. Lengefeld, M. Necessary, D. McCarver, H. Nottingham, B. Necessary, M. Martin.

Hornets Defeat Hamilton Bulldogs 35-19 In Local Gym Tuesday

By Hammil

The Gatesville basketballers got off to a good start in the first half ending at 20-17. The Bulldogs came back a little stronger in the second half but not strong enough. When the final whistle blew the score was 35-19 with Gatesville the winners. Roberts was highpoint man with 11 ponits to his credit, while Kreien had chalked up 6 for the winner on the visiting team.

Leeth, Kreien, Wilson, McColum and Tennison were starters for Hamilton. Davidson, Daniels, Roberts, Anderson and Bradley Started for Gatesville.

Your Freedom to Read

Among privileges we enjoy as Americans, free speech and free print are of first rank. Most of us prize these and other freedoms, though we give little thought to them. We just take them for granted. A Gallup poll on the Bill of Rights would embarrass a majority of our citizens. Try your own poll and see how many of your friends can name the freedoms listed in the First Amendment to the Constitution.

Freedom of the press is one of those freedoms. We are benefited by this freedom every day. The information that helps make intelligent citizens comes to us freely. Our press is not curbed nor restricted by the ill-conceived notions of some tyrant or dictator. We can buy the public prints we choose, and at a very reasonable price. We can buy many of them, including those with opposing points of view, without taking very much change out of pocket.

An Independent Press
Why the small price of newspapers and magazines? Just the paper and printing costs would amount to as much as we pay for them! Does a fearsome dictator pay the difference? Does a tax-rich bureaucracy foot the bill just to keep itself in power? Are our public "prints" subsidized by Congressional appropriations? No, they are not. Then how do we have freedom of press, when we are able to buy for a nickel what costs so much more?

These things are accomplished through advertising. Advertising thus becomes one of the basic features of American democracy. It is easy to see that the advertising space sold by the publishers of our newspapers and magazines makes it possible for a publishing enterprise to pay its bills. Because of advertising, our great press is able to remain independent, and at the same time render important service to the American people.

Educating Masses
Advertising itself performs the major service of increasing constantly the already high standard of living which America enjoys. Our industry depends upon advertising to do its share in the efficient distribution of all the things that it makes in meeting the needs and desires of the people. And whenever something new is developed, advertising carries the message to those who may want the new product or new service.

Not only does advertising sell goods, it also sells the desire to improve. Americans have never wanted to become static. When people have no desire for better living standards, then your great output of factories will have to stop. Advertising creates the desire to buy that keeps our economy on the move. It sells goods, and in selling them it is the great educator of the masses.

Sneak Attacks
These facts show us that the business of advertising has an important bearing upon our freedom of press. If we cherish freedom of the press, we must also respect our publications as business enterprises. We need to understand that expenses of gathering news from all over the world for American readers are paid in large part by revenues from advertising space.

I say these things because there are those who attack the American Way by the sneak method. These destroyers (from within and without) will not attack freedom of the press. They know we cherish it. But they will attack advertising. They will not attack our high standards of living, which they envy. But they will attack the profit idea, without which American initiative and enterprise would cease to give us jobs and goods. May we ever be on our guard against those who would knock out the very props from under America!

THREE years, or is it, and no lighted field! We've wasted a good many columns on this same theme
First, it was the Old Athletic Field—they got "promised" \$3,500, but wanted to put up a veritable "Yankee Stadium", so, consequently, nothing was done, except a lot of hot air—foul, maybe, was expended.

Hornettes Defeated A Determined Lady Bulldog Team 19-6 Tuesday

By Hammil
The game was tilted Gatesville's direction from the beginning till the end. Gatesville barged away ahead in the first half, ending it 19-6. They didn't let up in the second half when the final whistle blew Gatesville had 31 while Hamilton had managed to get 12.
Mueller and McCarver led the scorers with 9 points each while McKandless had chalked up 6 for the visitors.
Hamilton starters were: Gipson, McKandless, Grofatyky, forwards; Christianson, Rayburn, Chaney, guards. Starting for Gatesville: M. Necessary, E. Lengefeld, D. McCarver, forwards; B. Necessary, Nottingham, M. Martin, guards.

was started. Maybe, they're going to do something. Haven't said so, so far, not publicly.

Now, it makes a difference to us, yes, personally. This ought to be done, and DONE now, before baseball season.

From an old \$ and c standpoint, there are gonna be a lot of folks leavin' here to go where they can play under the lights, and, more'n likely, they'll take their pocket-books with them—we would!

This is simply a down to earth BUSINESS proposition, and somebody ought to get H&B about it, and NOW. It'll take 2 or 3 months to do it, if we START today, and we haven't. Baseballs will be flying every-which-way by that time, and Gatesville, as usual, will be TOO late with TOO little!

Why don't we wake up!
Congratulations goes to Frances Davidson. He was named on the Honorable Mention part of the All-Texas Class A football teams, in which only a few schools were represented, and, this school, GHS didn't win the district. That IS something, but, personally, and "professionally" (?) we think he deserved it.

Some school's gonna miss a bet if they don't try to get him.

Easement Given On Hwy 36 Thru North Camp Hood: Another Obstacle Hurdled

Way has been cleared for closing the gap in State Highway 36 thru North Camp Hood between Temple and Gatesville, according to the Temple Daily Telegram, Austin Bureau, but there's no telling when the work will be done. State highway department officials said the 6th, that they received an easement from the War Department granting the state a 120-foot right of way thru the camp, and the state accepted the easement.

While waiting on the easement, the state highway department had already mapped its road program for the coming two year, which naturally does not include this part of Hwy 36.

Actually, the commission can work the paving job into its program for the next two years if the need justifies it. Since the road is not a federal-aid project, it would be built with state funds, and the commission can find such funds usually when necessary within certain limitations.
