"FUSTEST WITH

THE MOSTEST"

Little 'g' gatesville, Texas

'Space does not permit'. You've heard that, and its the truth in this edition of THE NEWS. There'll be days, when there'll be nothing but news, and right now, we've probably got a week's supply, or more, that just 'can't make' this edition.

There's recitals, barbecues, picnics, elections, Meg and Tony—a jillion other things that ought to be in the NEWS this week end. We don't see no 'dailies' running extra pages just for the news, and it's certainly beyond our ability, financially, and otherwise.

The town's in 'hog heaven' now, since there's some 5,000 troops in Ft. Hood on Operation Thrust, but they'll be in the bushes mostly, and we won't see them.

Poor Old Mother, or Young, if she is, but the 'fair lady's' taking a beating if this is her week-end. Never should a thing be done to a sweet old lady like this—cramming everything in on her own week end.

It's good news to us, that the Jaycees are finally going to 'spring' the winner of the Miss Coryell County title into faster competition, including the Lake Belton Deal, and possibly, the Lake Whitney show, and who knows, the Galveston or Beaumont Miss Texas Deal and then the 'bog time' Atlantic City, N.J., for the 'national title' and why not? We've been advocating it for 10 years, or more. You just never can tell what a Coryell County girl can do.

Baby Week passed in Gatesville without notice, and coming soon is graduation, little league opening, and then the Jaycee Rodeo and prior to that the Jaycee Road-E-O. Seems like the Juniors are doing most of the 'promoting' around here and the Seniors just sit back and wait.

"A budget is a pay-as-you-go financial plan that doesn't let you go anywhere."

"The best time in a man's life to have trouble strike is at age 18, when he knows all the answers." Have you one or more?

"Friendship is like money, easier made than kept."

X Paul Goldstein of Waco, formerly of Cincinnati, O., were here Tuesday. They spent 3 years here during WW II and are known by many here. Remember Sarah?

"That Old Jones Gal"

Today, Princess Margaret will promise in her ceremony at Westminster to 'obey' her husband, Anthony Armstrong-Jones. The event, which will be fully televised, radioed and newspapered, is one of the outstanding events of the week end. In the future, it will be Meg and Tony! If we looked up our family tree, who knows, it could be, we'd rake up 'relativeitis'.

Here are the little tykes in the Jaycees 1960 Beauty Pageant at the GHS auditorium Monday evening. Miss Anita Coward Enters Lake Belton Miss Universe Contest May 6-7

Miss Anita Coward, newly crowned Miss Coryell County of 1960, will compete in the Lake Belton Miss Universe Contest on May 6 and 7th. Miss Coward, who was selected from a field of 25 contestants at Gatesville's 1960 Beauty Pageant, will be sponsored at Belton by the Gatesville Jaycees. Miss Coward, 17 years old and a senior at Gatesville High School, will compete in the High School Division. Anita, who has been walking on clouds this week, is eager to compete in the field of Central Texas Beauties, and should give them plenty of competition.

Miss Coward will arrive at 4:45 p. m. and check in at Lake Belton on Friday, May 6, at which time she will be assigned a room, and will model a bathing suit afterward. Shortly after, she will have supper with the judges who will be screening her and other contestants for appearance and personality which will play an important part in the final judging. After supper, Anita will attend rehearsals for Saturday's event. She will compete in the final event at 2:45 p. m. on Saturday, May 7, at which time contestants in her division will model bathing suits.

Glenn (Red) White

Glenn (Red) White Believes That:

1. A GOOD SHERIFF should give FAIR and EQUAL consideration to EACH citizen and to EVERY community in Coryell County
2. A GOOD SHERIFF should, in order to save the taxpayers' money, operate the sheriff's department in a sound, efficient manner.
3. A GOOD SHERIFF should make immediate and thorough investigations of all criminal complaints. Immediate action is most essential if the recent wave of burglaries and robberies in Coryell County is to be stopped.
4. A GOOD SHERIFF should closely coordinate his department with all other law enforcement agencies in Coryell County.
5. A GOOD SHERIFF should keep COMPLETE CONFIDENTIAL records of all criminal complaints in order to properly aid the county and district attorneys in the performance of their duties.
6. A GOOD SHERIFF should maintain a full time staff of deputies with 24-hour patrol of the county. Many burglaries and robberies could be prevented in this manner.
7. A GOOD SHERIFF should set up a uniform, consistent method of handling juvenile cases.
8. A GOOD SHERIFF should be an HONEST, UPRIGHT CITIZEN without political obligations to any group.

BILL ALLCORN
Candidate for Land Commissioner, re-election, Bill Allcorn says: "It is no coincidence that the most positive gains in the Texas Land Program have come during my administration."

We have collected \$140 million from our public school and college lands, and have created a geological and petroleum engineering department, providing the basis for the most modern Land Office in the United States. The department has made greater gains for good and efficient operation in the past 3 years than it made in its first 121 years.

SHERIFF WINFRED (Windy) CUMMINGS HAS WORD FOR VOTERS IN COUNTY SHERIFF'S RACE

To The People of Coryell County: I take this means of making a last solicitation of your votes for re-election to the high office of Sheriff.

The press of duties of the sheriff's office has prevented me from seeing as many of the fine citizens of Coryell County during this campaign as I would have liked. I have tried to contact as many of you as possible, in person, and have left my cards at places where I found no one at home. At the same time, I feel that I have not neglected the duties of my office to make this campaign.

My pledge to you is the same clear-cut one that I have made in previous campaigns—that if elected, I will carry out the law in accordance with your will and the statutes of Texas, in every case, and provide that security at all times to the homes, lives and property of the people, which has always been my chief aim as a law enforcement officer.

It has been my ceaseless effort to serve you all without fear or favor on all occasions. Should I be selected to serve you again, I will strive with renewed determination to so discharge every official duty developing upon me in such manner that no one would have just cause to regret having thus honored me.

I wish to extend my deep gratitude for the co-operation shown me during the time I

have served as sheriff, and for the many courtesies accorded me during this campaign.

SCS MOVES AHEAD
While talk of too many of our multi-million dollar water conser-

vation projects in Texas never gets far beyond the talking stage, the Soil Conservation Service of

the USDA goes quietly on about its business of retarding excessive run-off and erosion from our creeks and tributaries.

Basically, the SCS does its work through and with the cooperation of State-sponsored soil conservation districts. There are now 177 of these districts, and they cover 98 per cent of the area of Texas. It is the chief objective of every soil conservation district to formulate a thoroughly applied conservation plan on every farm and ranch, with every acre of land used within its capacity for production of food and fiber. At the same time, the conservation treatment needed is supplied to make the land continually useful. Some 200,000 of these carefully worked-out plans are now being applied in Texas, and they cover more than 100,200,000 acres of farm and ranch land. The farmers and ranchers using these principles of soil and water conservation in their day-to-day enterprises are finding them economically sound.

The work of the SCS is directed toward efficient management of water, as it begins on the land where the raindrop falls, and as it continues down the tributary watersheds of our major streams. This is of fundamental importance to both the present and the future of Texas farming and ranching.

Perhaps even more impressive are the accomplishments of the SCS in setting up systems of small floodwater retarding structures in two major Texas watersheds, covering more than 8,000,000 acres of the Upper Trinity River watershed and some

building of 246 floodwater retarding structures in subwatersheds of the Upper Trinity and 70 such structures in sub-watersheds of the Middle Colorado.

Conservation use of irrigation waters is another important function of the SCS. In irrigated areas, reduction of water losses and more efficient use of supplies is adding up to a vast saving in water needed for growing of crops and other beneficial uses.

All in all, the work of the SCS is aimed right where it is needed in Texas — right down at the grass roots.

It DOES Happen! Once In A Blue Moon! Gosh, It's Nice, When It Does

It's so very unusual, that we just can't help acknowledge it, and express agreeable surprise, because it comes so seldom.

We quote a card from the P-TA Library Committee:

"We want to thank you for the publicity you gave us for our cake sale last Saturday. It was a real success and we appreciate the help and cooperation we received. Junior High Library Club, P-TA Library Committee."

By golly, even a 'cynic' likes little 'love pats' occasionally. Thanks, again, P-TA.

LIBERTY LADIES CLUB

By Bess Brown

Mrs. L. A. Brewer entertained the Liberty Ladies Club last Tuesday.

It was really a coming-out party for her little granddaughter Lisa Lynn Brewer, from McGregor. Although she is a former Libertyite, and a portege of the club, most of the ladies met the honoree for the first time. She charmed them all.

Mrs. Brewer's floral decorations were from her neighbor's flower gardens in the reception room there were arrangements of Mrs. Flora Jones' prize irises, and the dining table bore a massive bouquet of Belle Lavson's irises and beauty-bush blossoms. The appointments were of silver, china and crystal.

Needle work was done on a beautiful child's vuilt for the honoree and on a double wedding ring in pastel colors.

The president, Mrs. Ozella Belvin and the secretary, Mrs. Leona Billingsley announced that the next meeting, with Mrs. Herbert McCarver, May 10, would be our date-drawing time. The ladies will draw dates for the future meetings. All members are urged to be present. Any lady not a member, who desires to entertain the club, is invited to draw a date.

Mrs. Brewer served sandwiches potato chips, pickles, congealed salad, cake, tea or fruit punch to: Mmes. Oren Hogan, Beth Jones Beth Brown, Bess Brown, Kate Parrish, Flora Jones, Elam, Mirtle Perryman

I have been in Coryell County practically all my life, and am fully qualified to make you a Commissioner like you like. I have tried to see every voter in the district, and am confident some have been unavoidably overlooked, and I would like to have you consider this my solici-

Calvert Is Only Candidate With Court Experience

One of the important races to be decided in Saturday's election will be for Chief Justice of the Texas Supreme Court.

Associate Justice Robert W. Calvert of Hill County is one of the two candidates for this position.

Judge Calvert has been on the Supreme Court since 1950, and is the only member of the court who is a candidate to succeed the present chief justice, who is retiring, and is the only candidate for chief justice with Supreme Court experience.

"Judge Calvert has served with great distinction as associate justice for almost ten years," Gaynor Kendall of Austin, state campaign manager, said. "He therefore knows from actual experience the additional administrative duties which he must assume as chief justice, and he has demonstrated by his service with the other judges his ability to furnish the leadership the court requires."

"Wonderful Dear, just wonderful"

It would be too, if they just had a kitchen extension

No one likes to interrupt whatever they are doing to answer a ringing telephone in another part of the house. And yet, this happens many times daily to "one phone families." This problem can be simply solved by installing a convenient and handy kitchen extension which lets you keep your eye on dinner, watch the children and still have the convenience of telephone service at your finger tips.

**WHITE ASKS VOTES
IN SHERIFF'S RACE**

Glenn (Red) White

Glenn (Red) White of Gate-
ville, candidate for sheriff of
Coryell County, this week ex-
pressed his sincere appreciation
to the many persons who have
given him heartening encourage-
ment during the campaign. He
the election just a week away, is
continuing his visits to homes
and communities all over the
county in an effort to personally
contact each voter before May 7.

"If I have missed seeing any-
one and asking them for their
vote, I assure them it was un-
intentional," White declared. "I
have tried to contact everyone,
and I'm also asking everyone to
accept this as a personal solici-
tation for your vote and influence.
All consideration shown me will
be deeply appreciated."

Born and reared in Coryell
County, White is familiar with
the law enforcement needs of his
area and feels that his experience
and background well qualify him
to handle the duties of the sheriff's
office effectively and efficiently.

An overseas veteran of World
War II, White formerly worked at
the State School for Boys. He was
a member of the Tyler police de-
partment and holds a diploma
from a law enforcement school
sponsored by the Texas Depart-
ment of Public Safety.

He pledges, if elected, vigorous
but fair enforcement of the law
without fear or favor. At all times
he will be guided by the primary
aim of protecting the person and
property of all Coryell County
residents.

"I feel that I can make Coryell
County a good sheriff, and I will
certainly appreciate your con-
sideration in the coming elec-
tion," he said.
