"FUSTEST WITH

THE MOSTEST"

Little 'g' gatesville, Texas

Americans are notable, or notorious about making quotas!!

We make 'em in bond selling, fund raising campaigns - everything. To an American a quota is a dare, and they not only dare, but they usually beat the quota.

So, we suggest to all safety organizations, highway departments and everyone else concerned, let's quit having a 'death quota' for the holidays. You know a quota to an American is just like a red flag - a 'bull'.

If, when Labor Day comes around, the statisticians get busy and say so many in the USA and so many in Texas are going to 'get it' during the period from 6 p. m. thru the holiday to 12 midnight that holiday night, well, you just know we're surer'n heck to get 'em

Maybe if we tried this no quota business just one holiday, we wouldn't have anything to shoot at, and maybe, sure enough, we could cut down the funerals.

This is written the morning of the Fourth, and with a quota of 291, 28 boating, and 66 drowning 27, Texas already has 31, 17 traffic and in the USA the traffic was and 53 miscellaneous, total 438. The quota for traffic was 370, and most certainly, we'll make it.

One thing noticeable about this traffic business is the boating and twimming - something new for Texas in accidents and growing faster, almost than traffic. Every year it seems somethin else is added that adds to the death toll on holidays, or, is it that we've just got more that are just 'bound to go' some way each holiday.

After the holiday, too, often the overexertion caused by too much celebrating takes its toll, and these are not included in the statistics.

Main thing everybody is trying to tell you is: "Don't be a statistic". Simply ain't healthy.

Little item you might have overlooked. Before Congress adjourned they passed a bill providing for the temporary increase in the national debt limit to 293 billion. (For Johnson Against - Yarborough) Also they voted to extend wartime tax rates for another year. Thought you might have missed it and might want to know.

"Those who stand for nothing usually fall for anything."

Battle of Bands Finals At Civitan Teen Canteen Sat. Nite

The finals in the battle of band at the Civitan Teen Canteen in Waco Saturday night will include Gatesville's own Hi-tones, composed of Donald Elliot, Jackie Roach, Cleto and Mike Ochoa. Jan Jones and Cecil Bartlett. Last Saturday night, 4 bands competed, the Rhythm Rockers, the Orbits, the Strands and the Originals. The Hi-tones previously won over the Skytones, Rhythmaires, and the Four Accents, and will meet the winner of the 4 bands here and the winner of another Saturday night at the Civitan Jan Jones is scheduled to be featured in a drum solo. Prizes were to be awarded to each band that entered. Canteen members and guests select each week's winners.

LET'S START THE WRECKS, ACCIDENTS, ETC. ON THE AMERICAN FOURTH

First off, at 10th and Leon, 7-1 Robert Dwaine Lee, driving a '51 Ford owned by R. E. Lee was in an accident with Dwamon Muehl of Seguin, driving a '53 Mercury. No injuries, no charges, Damage to Ford \$150; Mercury \$75.

Second, at Maint and S. Lutterloh, 7-2 Alfred Rasberry of Ireland driving a '53 Ford and Jack Edwin Ayres, Jr., Crystal City, driving another car were in an accident, and both were damaged \$100; no injuries, no charges

Constable W. A. Bynum, Pearl, answered a call of disturbing the peace and X Dan Mensch of that vicinity were involved in an accident, in a '47 Chevy on a farm road near Pearl. The accident, an injury accident, was not reported by the Mensches and Mrs. Mensch was found, on further investigation to be driving instead of Mensch. It happened at 1 a. m. Sunday and was not reported until 6 a. m. Mensch was fined for failure to report an injury accident and Mrs. Mensch was fined for making an erroneous report. Both paid fines of \$16.50.

Jimmy Hammack 9 miles south on the old Georgetown Road, ran off the highway and damaged his '56 Chevy \$450 no injuries, no charges.

Mrs. Bill Patterson Gets Rattlesnake ite On Hand

Mrs. Bill Patterson of Lovers Lane and Jackson Drive, was bitten on the right hand about 5 p. m. July 4 by a rattlesnake 40" long and with 8 rattles. They were on their farm near Pearl, and in a corn crib. Mr. Patterson killed the snake.

She was taken immediately to the hospital where she was reported 'doing as well as could be expected.'

John R. Graham And Home Lumber Targeted

Officers thought thieves and burglars would celebrate the 4th like most other Americans - they didn't.

Monday night Home Lumber Company was entered or climbed over the fence, and the office entered. They pried open a filing cabinet and scattered papers, but that's about all that was disturbed.

John R. Graham Lumber Company was next, and they got in thru a window, scattered papers out of the safe, but evidently, nothing else was missing.

36th Goes Home This Week-End; Lull Before 49th Comes In

After 2-week in the bushes, chiggers, snakes, heat and dust, the 36th Infantry Division will head home this week end.

Next 'victims' will be the 49th Armored Division, which will include Coryell County's 949th Ordnance. They'll come in July 17.

One casualty has marked this 2-weeks training.

4TH STATISTICS

In Texas: Traffic 24, 11 drowned, 38 other ways: Total 63.

In the USA: Traffic 441, 196 drowned, 136 miscellaneous. Total 743.

Biggest slaughter was 502 traffic July 4, 1950.

JOHN T. COX, JR. DIES IN 36th's FIRST TRAINING ACCIDENT SINCE WW II

Lt. John T. Cox, Jr. 38, Lake Jackson, was killed Friday when his light National Guard plane crashed at N. Ft Hood during a training flight. He died instantly. Maj. Gen. Carl L. Phinney, expressing regret to the family, said this was the first fatal training accident.

A native of Houston, he was a pilot in the 36th Aviation Company 36th Inf. Div.

He was employed as an engineer for the Dok Chemical Co. in Freeport.

Witnesses said the plane, an L-19, crashed as he was making a turn while preparing to land on an air strip near Manning Mountain Road and the old Georgetown Road Friday morning.

Surviving are his wife, Mrs. Maxine Cox, and a son, John T. Cox III of Lake Jackson.

Pictured recently in the Waco News-Tribune, June 26, was Robert Painter, who showed slides of hair fashions, demonstrated a hair combout and gave tips on good grooming to members of the 12th Air Force Wives Club at their luncheon in the Roosevelt Hotel.

ABUNDANT LIFE

by ORAL ROBERTS

DO YOU HAVE TO SEE TO BELIEVE?

"Seeing is not believing!" a young man said in observing an apparent act of divine healing as a sick woman was prayed for. "There must be some plausible explanation. Perhaps she wasn't as sick as she thought she was."

All things are possible with God, and He is not limited when it comes to healing a human body!

The young doubter forgot that the soul sees and feels what the eyes cannot see or feel. We cannot prove a miracle to those who do not wish to believe.

But, on the other hand, to those who do believe, it is not necessary to prove an act of divine healing from God.

Do miracles still happen today as they did in Bible days? They do!

Here is a miracle: Mr. Efrain, of New York State, contacted malaria while in the armed services during World War II. After being discharged he was bothered with recurring attacks of the disease frequently.

"My attacks became more numerous and so severe that my doctors gave little hope that I'd ever fully recover," he told me. "But I had faith in God. I felt He could purge my body of this ailment."

"I prayed earnestly. God met my faith. I felt the power of God go through my body after prayer one evening! Now, three years later, I have not had a single recurring attack of malaria. My doctors tell me they cannot understand this, because I had been having the attacks so frequently for years. My past record showed my malarial condition so severe as to be incurable."

"But today, I am in good health and have no attacks. God healed me. It's a miracle. I give God the credit!"

Yes, God does have the power to heal. The same power which Jesus used in healing the sick almost 2,000 years ago is the same power that He uses today!

You must learn to see with your faith. The soul will see what the eyes cannot see.

Approaching Marriage Announced

JOYCE FEATHERSTON IS ENGAGED TO WACOAN

Engagement of Miss Joyce Marie Featherston to Bill Sandig of Waco has been announced. She is the daughter of Mrs. C. H. Cummings of Gatesville and J. C. Featherston of Dallas. Her fiance is the son of X W. R. Sandig of 1205 N. 12, Waco.

The couple will be married on August 6 in the Cummings home and will make their home in Houston where Mr. Sandig is attending the U. of Houston and is employed by Kelly Springfield Tire Co.

The bridegroom is a graduate of Mart High School, and the bride-to-be will graduate this month from Waco School of Beauty Culture.

Miss Featherston was the winner of the 1944 NEWS-Merchants Stork Derby Contest.

Announcement of the engagement and approaching marriage of their daughter Joyce Elaine was made by X Curtis R. Rogers, the wedding to be August 26 in the First Baptist Church of Gatesville at 8:00 p. m., Rev. J. T. Ayers officiating. Miss Rogers will be married to Stanley Lewis Sissom, son of X S. D. Sissom of Italy.

Miss Rogers will receive a bachelor of science degree in home ec-

onomics, with a major in clothing and textiles, at the August Commencement exercises at NTSC. Mr. Sessim received his bachelor of science and aster of science from North Texas and is instructor of biology at the college.

The bride-elect and her fiance were visitors with X Curtis R. Rogers of Gatesville and other relatives during the holidays.

IEWS and NEWS

from our Congressman **BOB POAGE**

Dear Friends:

After the House passed the medical assistance bill for the aged, certain senators, and who incidentally are supporting Senator Kennedy for President, announced that they would be compelled to take at least a week to discuss what they termed the bill's shortcomings. Under the rules of the Senate the leadership cannot keep them from talking. Under the circumstances there was nothing which could be done except to recess the Congress and come back after the political conventions. It now seems almost certain that we will recess Saturday night until

August 15.

This is, in my opinion, most unfortunate. The House could easily completed all necessary business, and I am sure the Senate would have done the same had the critical Senators been willing to cooperate. Obviously, certain senators were simply trying to discredit Senator Johnson's leadership. The result is certain to be a bitter political session in August at which much bad legislation will be enacted. As far as I recall we have not had a session of Congress after the nominating convention in modern times except during the war. It is a very unfortunate turn of events and will undoubtedly result in the unnecessary expenditure of billions.

Yesterday (June 30) the House passed a bill which increased the minimum wage from \$1.00 to 1.15 per hour and increased the coverage somewhat but not nearly as much as was proposed in the original bill. I simply can't believe that it is desirable to deny to the handicapped and the inefficient the opportunity to work at all —

get any kind of work if the law is to require a greater wage than the person can "earn" — That is, a wage in excess of the individual's contributions.

Late last night the House voted 364 to 0 to pass a new Sugar Bill which had been reported by the Agriculture Committee. This bill extends the Sugar Act one year and, in effect, fixes the Cuban quota at any figure the President wants. It requires the President to re-allocate any domestic deficit to domestic producers and gives preference to new areas and new growers. As these deficits are quite large, this should help those parts of Texas which want to grow beets.

Since we expect to adjourn, this will be my last newsletter this year. I want to express my best wishes to every reader. Contact my office at Waco or at Washington if we can help.

WASHINGTON AND "SMALL BUSINESS"

BY C. WILSON HARDER

As investigations by Rep. Kowalski have pointed up, a large segment of the enlisted men in the armed forces are being hardened for combat by such chores as rinsing out the colonel's lady's girdle, gardening, driving limousines for the brass, and other household and serving tasks.

Thus the armed forces are developing a great striking force of Kitchen Kommandos. Sen. Paul Douglas now finds there is also a considerable force of Grocery Grenadiers.

C. W. Harder

In fact, Sen. Douglas finds that of the 8,851 workers in the armed forces 269 commissary, or food stores, in the continental United States, 4,789, or almost 5,000, are military personnel.

Thus, 5,000 service men, are drawing a total of \$17,263,580, or an average of \$3,468 per year, to launch dried prunes into the stratosphere surrounding the check-out counter.

Sen. Douglas finds that the armed forces are still acting as if the Indians are on the warpath, as the commissary system of grocery selling by the army was set up in the old frontier days when the Old West did not boast of much in the way of privately operated food stores.

But a check on the locations of the commissary stores shows for the most part they are located in pretty thriving business centers, where there hasn't been traces of hostile Indians for years.

For example, it has perhaps been quite a spell since hostile

redskins have been a problem in Charleston, South Carolina, and the Sioux haven't let fly an arrow around Sioux City, Iowa, recently either, but these are just a few of the many places where commissary stores operate.

There is also a prodigious abundance of low cost, armed service groceries around Washington, D. C. And while there is still an occasional scalp lifted in Washington, it is not the doings of the Indians.

This armed services commissary business has grown into staggering proportions. Sen. Douglas estimates this year that the total business will be some where around \$400,000,000, or close to a half billion. Only three or four big food chains in the nation top this kind of volume.

The mark up in the commissary stores is 3%, or less than average cost of rental by private stores. Thus, Sen. Douglas computes, the armed forces is being subsidized by the nation's grocers somewhere between \$48 and \$68 million per year.

On the basis of Sen. Douglas's disclosures, it looks very much now a special sub committee of the House Small Business Committee, Rep. Multer, will make a searching probe of this matter.

As a matter of fact, the figures on these commissary operations don't look too wholesome, or at least, are quite confusing.

It is undoubtedly high time that the facts, all of them, are dragged out into the light.

It very much appears that a full scale investigation of the situation could be quite shocking. In the meantime, 5,000 service men are preparing to resist the enemy by weighing out sugar.

COTTON INSECTS. Cotton in the Turnersville area is in the two leaf stage. The thrips are beginning to work and need to be watched. General recommenda-

your County Agent checked cotton on the A. route ranch this week. Control measures are underway in the Oglesby-Osage area as the cotton is more advanced.

WEED CONTROL. Mrs. Floy Basham of Pearl brought a weed in the carrot family commonly called "Beggar Lice" to the County Agent. This weed is now mature and no control measure is practical. In younger stages it can be controlled with 2, 4-D.

WHITEFLIES: Whiteflies are infesting many shade trees and ornamental plants. Adults are small snow-white oval, flat, pale green or yellow less than 1-30 of an inch long. They suck sap from plants causing them to wilt, turn yellow and die. They may be controlled with DDT, Lindane, Malathion or Nicotine sulfate.

BAGWORMS: Don't let the bagworms get too large before control measures are begun. They are plentiful on arbovitae and cedars. Control with Lead Arsenate, Toxaphene or malathion. For more information call for the "Texas Guide For Controlling Insects on Ornamental Plants" from your County Agents Office, Phone 30.

USDA Revises Standards For Live Sheep and Lambs: Revised standards for grades of live slaughter lambs, yearlings and sheep will become effective June 19, the USDA announces.

Changes made in the standards are similar in nature to those adopted for lamb, yearling mutton and mutton carcasses on March 1.

USDA market news reports for live lambs and sheep have been on the basis of the revised standards since March 1. Closely related grades for slaughter animals and the resulting carcasses are essential to meaningful market reports.

Both confirmation and quality requirements for the prime and choice grades are reduced under the new standards.

Minimum conformation requirements are lowered by about one-

half grade in each of these grades. Quality requirements, as evaluated primarily by considering external fat in relation to the age of the animal, are reduced from about one half grade to as much as a full grade, depending upon the grade and age of the animal.

ANCHOR PLASTICS TURN OUT PLEASURE CRAFT ALL-PURPOSE BOAT

Also pictured recently in The Waco-News-Tribune was a picture of Anchor Plastics new craft, an 18-foot boat that can be used either as a floating patio or a skier-towing speed boat. The picture showed the boat skimming over the water during a trial run at Belton Lake.

The boat is being manufactured in Gatesville of fiber glass, which won't rot, rust or corrode, requires no caulking, scoping or sanding. The boat is complete with rails, canopy top and steering wheel and is built to sell around \$1,295. With an 8 ft beam the deck is of plywood covered with fiber glass, with 140 square feet of deck space, and comfortably accommodates 10 to 12. As many as 19 have rode on it in trials. Styrofoam floats are used inside furnishing buoyancy and stability.

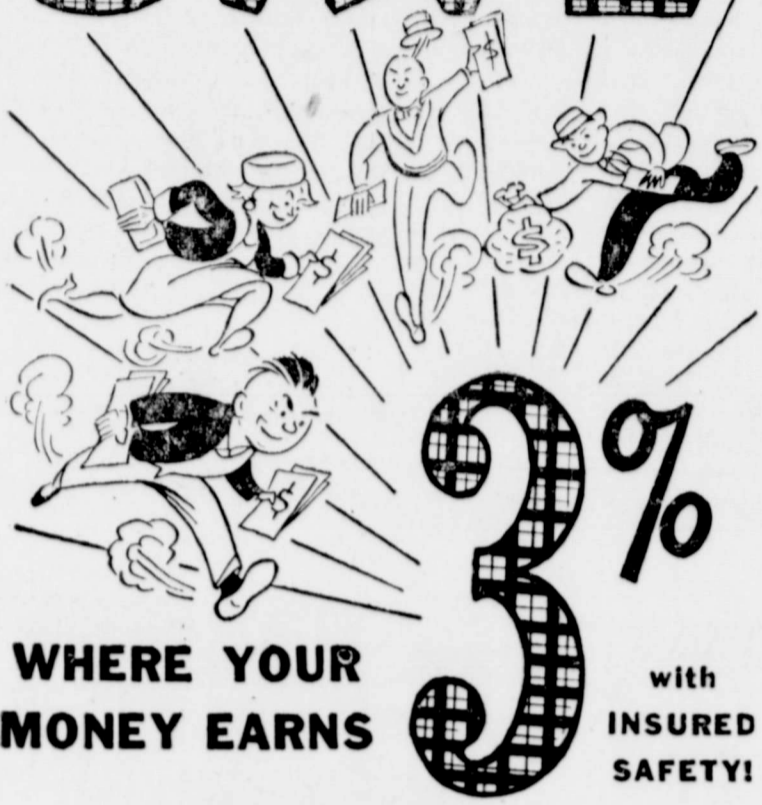

If you have trouble cleaning glass bottles or decaners cut some lemon into small pieces and drop into the bottle. Half fill with water and shake well.

THE AMERICAN WAY

Yes—How About That?

EVINRUDE BOATING FOUNDATION

By RUDY EVINS

A short, accurate cast pays off more than a long, clumsy cast but in order to catch your limit you have to know where the fish are.

The only way you can find them is by exploring the depths for coves, drop-offs, logs or other such places where fish are likely to "hide." The only way you can make any kind of progress is by exploring with an outboard motor. This will enable you to cover a large area in a comparatively short time. Finding the right spot is a trick... a Chinese puzzle rather than a simple cracker-jack prize.

Fish move around a lot... move from place to place with the seasons of the year. As a result the productive spot of last year might be the lousiest spot in the lake this year.

There are several theories on catching fish, says the Evinrude Boating Foundation. I have found that many anglers swear by the Solunar Theory (fishing according to the moon and sun). Some disagree with this theory and fish according to the temperature of the water while others adhere to the Barometer Theory. Each of these theories will be further explained in my columns during the next few weeks.

No matter what theory you abide by it still takes a little experimentation to find the fish. If one spot doesn't produce a strike after a few casts it's time to start up your outboard and move on to another spot. This experimentation might go on for an hour or two but when you find 'em you'll find that your time wasn't wasted.

Happy boating... and fishing, too.

In the one go-round of calf roping at the Belton Rodeo, Jack Saunders of King was low man with 12.7. He ended up winning the finals.

Playing in a tournament at Austin's Municipal Golf Club, Billy Clay McClellan won first in the 4th flight and brought home a set of Spaulding irons to prove it. He beat Red Gentry, Austin 1 up on 21 holes, Taylor Meeks (related to Leonard) 1 up on 17, Bill Swaze 3 and 1, and John McCraw for the finals in a 36 hole tussel 1 up on 18. B.C. said he earned the irons.

Playing in the 2nd flight, Byron McClellan went to the semi-finals, but the competition was keen. R. G. Davidson in the 4th flight lost his first match and consolation. The McClellan families accompanied them.

Byron McClellan Jr., one of Gatesville High School hopefuls of the '60 football season, and a 2-year letterman, injured an ankle on a trampoline. Possibly, he'll be back in shape for opening of football practice.

Also, pictured in The Waco News-Tribune was Loyd Mitchell who was a part of the trail ride believe by the Hewitt Riding Club. Mention was made of the annual collection of spurs Mitchell has made.

FOR "ALL-OF-A-SUDDEN" GOLF TOURNAMENT

The first tournament of many months was held at Gatesville country club July 4 and 22 faithfuls turned out, part of them out of towners.

Two juveniles, Mackey Morgan and Johnny Jones tied for medalist and first place with 71's. W. C. Bradley with a 74 was the other 'in the chips'. Jones, to save eligibility, couldn't accept the winning 9 golf balls, Morgan and Bradley could, Bradley getting 6.

Also-rans were Jim Ervin, John F. Post, C. C. Shepard, Pete Patterson, Bill Wiegand, S E Thomason, T and H Bass, Tommy Hill, Robert Earl Meeks, O W Lowry, Floyd Ziegler, Mat Jones, Tom Miller, Fred Nesbitt, Bob Cummings, L D. Meeks, Raymon Ray, Al Langford and Lonnie Wharton.

Defense cost per family in the U. S. a'e about \$1,000 a year.
