"FUSTEST WITH

THE MOSTEST"

Little 'g' gatesville, Texas

With two political platforms facing the voters in September, this might be thought about.

The lot of common man everywhere will be improved quicker if more individuals everywhere decide to become uncommon men. Just what we mean by that was put into words by Dean Alfange several years ago in Voiceways, published by the New York Telephone Company. He wrote:

"I do not choose to be a common man.

It is my right to be uncommon if I can.

I seek opportunity, not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk; to dream and to build; to fail and to succeed.

I refuse to barter incentive for a dole.

I prefer the challenges of life to the guaranteed existence; the thrill of fulfillment to the stale calm of utopia.

I will not trade freedom for beneficence nor my dignity for a handout.

I will never cover before my master nor bend to a threat. It is my heritage to stand erect; proud and unafraid to think and act for myself.

Enjoy the benefit of my creation and to face the world boldly and say 'this I have done'."

That don't sound like either 1960 platform, or, for that matter, 1960.

Signs:

Closed store: "We undersold everybody."

No driver fails to heed. "Resume speed"

Little Betty concluded her evening prayer: "Lord, please, if you don't mind, from now on put the vitamins we need in pies cake, and cod liver oil.

Brady Gets Smart! Has Own "Redeemable-At-Home Stamp" Plan

Following Monahans, which has a "redeemable-at-home stamp plan" which has kept \$73,000 at home, instead of sending out-of-town for stamps, Brady Chamber of Commerce is studying the plan.

The C.C. sells the stamps in pads of 5,000 for \$10; no minimum restriction on the merchants. They can buy as few or as many.

Merchants give the stamps at the rate of 1 stamp for every 10¢ purchase, and 1,200 fill a book. The book would be spent with any Brady merchant, "just like a \$2 bill".

The C-C distributes the stamps, redeems books from merchants and handles publicity and book work. A board of directors, elected by the participating merchants controls the program, votes in new members and handles all profits, if any.

"If all merchants would vote to give no stamps, we would drop the program."

Thirty-eight Brady merchants had signed up by Thursday of last week for the program.

Seems like it might be tried here.

LABOR TAKE ALL

Mr. James Carey, president of the International Union of Electrical Workers, has come up with a new way to share the benefits which come from increasing productivity. His formula: labor take all, and to heck with investors and consumers.

Increases in production per man-hour no longer mean that anyone has to work harder. They result from new methods or machines being designed to do things more efficiently. At present, the benefits are split three ways. Part goes to the consumers in lower prices, part to the investors who put up the money to buy the chimes, and part to the workers who run the machines. Labor has

been getting the biggest share.

Now Mr. Carey has announced that when the electrical appliance industry makes further advances in man-hour production his union will demand wage raises equal to the entire amount of the gain.

We get the feeling sometimes that unions have adopted the attitude they always blame on "big business". They just don't care about anyone but themselves.

WASHINGTON AND

"SMALL BUSINESS"

By C. WILSON HARDER

One of the most unusual measures before Congress is a bill that would levy a 1% tax on the advertising expenditures on television stations, with the funds being raised in this manner to promote the formation of, and subsidize the operation of, so called educational TV stations.

Such a measure, if passed, would, of course, give government a strong financial interest in, and control over, a segment of the mass communication facilities of the nation. This, in turn, could lead to almost anything.

But it is interesting that although a government subsidy raised from taxes is considered in this TV matter, so far Congress has taken no action to remove the barriers against widespread operations of pay TV stations.

Yet, if the public, which theoretically owns the air waves, were to be given a choice of paying for programs it wishes to see, or watching those sponsored by advertisers, it appears that a great many startling revelations would come to light.

For one thing, it would probably destroy the present myth existing as to the hold TV programming has on the public.

In polls taken on this matter, when people are asked what type of program they would be willing to pay for, there were very few who would pay for anything but educational programs. In fact, the majority of people would prefer to watch educational programs for free.

they would pay, except for certain big sporting events.

It seems quite obvious that the big TV networks, given a choice of collecting a tax from their advertisers to support educational TV stations, as opposed to permission to pay TV to get started in competition with them, would take the former as the lesser of two evils.

Yet, there seems to be a great fallacy. Why should anybody be taxed to provide other people with TV programming that presumably would be educational.

The nation's newspapers are highly educational. Yet nobody suggests taxing somebody or other to keep newspapers educating. Of course, no newspaper would accept a subsidy from a governmental bureau to begin with, but the offer has never been made either.

There seems entirely too much hue and cry over television, giving it a stature it perhaps does not deserve.

As it stands today, there is a high degree of monopoly control over the TV facilities. To tax this monopoly to subsidize a bureaucratic controlled monopoly facility, even if under the guise of educational, appears to be nothing more than compounding the situation.

On the other hand, unrestricted permission for pay TV would not only open up new avenues for independent enterprise, but undoubtedly the public, released from viewing captivity dictated to by a few all powerful network monopolies, would be better served. Ancient Rome in its crumbling days used the principle of taxation to provide free amusement for the people, and look how that situation ended up.

MAKE YOUR KITCHEN MORE CONVENIENT

Does work in your kitchen tire you? If so why not check your strage arrangement for equipment and supplies. Convenient storage

can save you lots of time and energy.

Plan for the best use of space inside your kitchen cupboards. Here are suggestions offered by the specialist.

Get rid of (or store some other place) all utensils and supplies you are not using.

Store utensils, dishes and supplies at places where you first use them.

Store together he hings you use together.

Use he easy to reach and easy to see spaces for things you use mot of the time.

Place utensils, dishes, cutlery, and food supplies so that moving one to get anther is unnecessary.

Put only like kinds of things in front of each other on a shelf.

Use your measuring stick, pencil and paper to fit storage spaces to things you store. Allow for clearance at the top and sides.

Make storage space easy to clean. Shelves and partitions should be removable and surfaces should be smooth.

Keep in mind that you will need storage space for future purchases.

Store mixing bowls, platters,

plates and pans of different shape singly on shelves and in drawers.

To see some of these storage ideas sketched illustrated, get a copy of extension leaflet 348, "ARRANGE YOUR KITCHEN FOR CONVENIENCE & COMFORT" from your county h-d agents office.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1960.

HOUSE JOINT RESOLUTION NO. 8 proposing an Amendment to Section 11, Article XVI of the Constitution of the State of Texas, so as to give the Legislature authority to classify loans and lenders, license and regulate lenders, define interest, fix maximum rates of interest, and provide for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation setting maximum rates of interest; providing that the rate of interest shall not exceed six per cent (6%) per annum in contracts where no interest rate is agreed upon; providing for the right of appeal and trial de novo in the event any regulatory agency cancels or refuses to grant any permit; providing for the necessary election and the form of the ballots; and providing for the necessary proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 11, Article XVI of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 11. The Legislature shall have authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; provided, however, in the absence of legislation fixing maximum rates of interest all contracts for a greater rate of interest than ten per centum (10%) per annum shall be deemed usurious; provided, further, that in contracts where no rate of in-

terest is agreed upon, the rate shall not exceed six per centum (6%) per annum. Should any regulatory agency, acting under the provisions of this Section, cancel or refuse to grant any permit under any law passed by the Legislature; then such applicant or holder shall have the right of appeal to the courts and granted a trial de novo as that term is used in appealing from the justice of peace court to the county court."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1960, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

"AGAINST the Constitutional Amendment giving the Legislature authority to classify loans and lenders, license and regulate lenders, define interest and fix maximum rates of interest; and providing for a maximum rate of interest of ten per centum (10%) per annum in the absence of legislation fixing maximum rates of interest."

Sec. 3. The Governor shall issue the necessary proclamation for the said election and have the same published as required by the Constitution and laws of this State.

CORYELL ADDS MORE FUNDS FOR HOSPITAL

Coryell Memorial Hospital will get a larger share of the county's tax dollar under a new tax rate division plan for 1960 approved by commissioners court.

The county's tax rate will remain the same - 98 cents per \$100 valuation. Last year three cents of the 98 cents went into the hospital maintenance fund. This year the amount has been upped to five cents. One cent was clipped from the road and bridge fund and one cent from the

general fund to keep the tax rate at 98 cents.

New structure for the tax rate is:

Jury fund—.03; road and bridge fund—.28; special road and bridge fund—.15; general fund—.15; general fund—.37; permanent improvement fund—.10; hospital maintenance fund—.05.

Judge Norman Storm, working on a county budget for 1960-61, estimates the county's overall tax valuation will be up \$100,000. New construction—plus a commissioners court decision to establish

a \$5-per-acre minimum on valuation of land - is responsible for the increase.

TWO MINUTE MYSTERY

THE CASE OF THE MURDERED UNCLE

By DONALD J. SOBOL

Eric Armbruster had never left New York City in all his 72 years. What enticed him to the Shelby Arms Hotel in Portland, Oregon, and his death was a mystery.

There was no mystery about what killed him - a .22 slug above the right ear.

Seated in the office of Inspector Winters in New York City, Dr. Haledjian read the report forwarded by the Portland authorities.

According to the report, the hotel elevator operator remembered taking a middle-aged woman to Armbruster's floor on the night of the murder. He did not take her down again. She had departed, apparently, by the fire stairs.

"Armbruster's next of kin is a niece, Gertrude Armbruster. I expect she'll inherit the bulk of his estate," said the inspector. "I'm going out to tell her of her uncle's death. Hate these jobs. Come along, will you?"

At the niece's apartment, the inspector bowed, mumbled a bit, and finally got out his message.

"I'm sorry I must tell you this. Your Uncle Eric was shot to death in a Portland hotel 16 hours ago."

The niece, a plump woman of 50, collapsed into a chair and covered her face with her hands.

"Do you know why your uncle made the trip?" asked the inspector. Gertrude Armbruster shook her head. "No, he doesn't know a soul in Oregon. All his business connections and friends are in New York."

The hotel elevator operator remembered taking a middle-aged woman to Armbruster's floor on the night of the murder.

Haledjian glanced at the inspector, who by then was getting ready to make the arrest.

Nearly everyone has heard of "dry rot" in wood, and yet there is no such thing. Rot or decay is accomplished by the action of fungi as they consume wood for food. These fungi cannot grow without water. Wood must have a moisture content of at least 20 per cent before fungi will attack it. Thoroughly dry wood will not rot.

Some fungi can remain dormant or inactive for years without

doing any damage. Then, when the conditions of moisture and temperature needed for their growth occur, these fungi become active. Other wood destroying fungi transport the water needed for their wood consuming activity through tubelike strands or tunnels which establish contact with the ground.

To prevent decay, wood should be installed dry and be kept dry. Proper construction practices can help maintain such conditions and eliminate decay damage and expensive repairs to houses and other wooden buildings. Remember, dry wood will not rot.

CORYELL 4-H CLUB YOUTHS ATTEND CAMP

Swimming, sports activities, craft workshops and photography workshops highlighted the Coryell County 4-H day camp held Thursday in Gatesville's Raby Park—a camp which attracted 51 youngsters.

Three adult leaders and three Extension Service agents helped direct the camp, whose officers were Chairman Paula Ray and Secretary Johnny Courtney.

A photography workshop was conducted. In the craft workshops 43 buddy burners were made.

Wanda Watson, county 4-H council chairman, was in charge of the camp's opening general assembly. Jeannette Martin and Kay Courtney helped her plan and carry out the night party which featured stunts by various groups. The camp was concluded with concerts emphasizing the meaning of the four H's.

SCHOOL GETS EARLY START AT GATESVILLE

Only five weeks away is the opening of Gatesville public schools for the 1960 fall term. Classes will begin Wednesday August 31—one of the earliest starting dates ever.

Students will get a gradual break-in to the school routine, however. They will get a holiday Labor Day to make the first week end of the new term a long one.

One Corvell school—Turnersville—will start even earlier. classes will begin there Aug. 29.

There is only one vacancy remaining on the 77-member Gatesville faculty for 1960-61. Needed is a high school general business instructor to succeed C. S. Hereford, who recently resigned to take a teaching post at the State School for Boys.

New teachers are Mrs. J. W. Brown, who will teach general homemaking in junior high and other courses, and Mrs. W. H. Bryant, who is subject to assignment. The homemaking course is a new addition to the junior high curriculum.

Gatesville teachers will report for the new term Aug. 29.

We hope that the Ag Dept didn't spend too much of the taxpayers' money to arrive at this startling discovery of the obvious. It has long been common knowledge that the boss of any small business puts in longer hours on the job than do his employees—that is, the boss of any successful business. There can be no denying that even the largest farm (in comparison to the nations larger industries) is a small business.

As a matter of fact, the penalty for being the owner or boss of a small business is the long hours that the employer has to put in on the job. And when it comes to worry, the boss virtually has a monopoly on it.

Which brings to mind the old bromide—Formula for success to the employee: Work hard for your boss and don't worry. Then one of these days, you'll get to be a boss, work even harder and do all the worrying.

Don't stall, Paul, \$3 a 100

DISCOVERING THE OBVIOUS—The U. S. Agricultural Department, we understand has been busy gathering statistics regarding our farm population. The statistics reveal that throughout the nation, the owners or operators of farms work longer hours than the hired hands.

To be specific, as of June 1 this year, the national average average work day for the farm boss was 10.6 hours, for his hired

Your Citizenship

"I am a man which am a Jew of Tarsus, a city in Cilicia, a citizen of no mean city." — Acts 21:39

How many of us are proud to say we are a citizen of a certain community?

From the above passage it is obvious that St. Paul was proud of the fact that he was a citizen and we know that he worked overtime at being a good one.

According to the National Municipal League the seven ills of government are popular apathy and ignorance, undemocratic methods of election, spoils and corruption, wasteful and antiquated systems overlapping services, hand-to-mouth planning and financing, unnecessary centralization and bureaucracy.

How many of these ills prevail in this community?

The answer to such ills is in each of us. They will not exist if we exercise our citizenship wisely and with resolution.

NATIONAL GUARD DATES NORTH FT. HOOD

8-7-21 45th Infantry Division, ONG, 7,000; 5th Tank Bn., NMNG 500.

In the Killeen Golden Spur's 2d annual horse show, Charlotte Key of Gatesville won second in the Class 2 Teenage Barrel Race, and Chester Cowan, Copperas Cove, won class 4 Teenage Class 13-17. Only ones from Coryell County to place.

R. G. Davidson was on the first team in the Cen-Tex Pro-Am at S. Ft. Hood last week.

Sims Radio-TV walked away with the championship in their league, and plays Copperas Cove, or another team in Temple. The publicity is lacking, but they are winners of the Freshman League.

A 'rubarb' parental, developed in the Sophomore League. Powell Supply supporters are reputed to be originators of the rubarb after their club was beaten by National Guard 8-7. Then, National Guard beat Messengers by the same score, and the rubarb started—the way we 'heard it' it was mostly parents and team supporters, not the participants or managers.

Merits or demerits of the 'rubarb' we don't know, but it was picked up on the street, that it was over a pitcher going too many innings. The business will be settled by the Commissioners, Committee or, whoever.

TENNIS TOURNEY QUEEN! Carolyn Lain will reign as queen of the International Junior Boys Tennis Tournament to be held in Midland August 2-6. The tennis racquet pose isn't just a gag. Carolyn was number one singles player on Midland High School team last spring.

GEO. CASE, MARK HOPKINS WIN IN HEARST TOURNEY: GO TO LOS ANGELES

In the 34th Annual Hearst Jr. Tournament, sponsored by the San Antonio Light, finalists who played 36 holes Friday for champion and runner-up were George Case of San Antonio and Mark Hopkins of Texas City. There were 235 entered.

Case eliminated Johnny Jones of Gatesville after Jones led to the 15th where they were all even. His tee shots from the 16th and 17th were gliced 'in the woods' and cost him bogeys, giving Case the mtch 2 to 1.

Besides the honor of winning the two places to Los Angeles, the winners will, play a 72 hole tour over 3 days Aug. 30, 31 and Sept. 1 at the famed Riviera Country

Club, laid out in a mountain canyon leading to the Pacific Ocean, and has a vast variety of holes. One of the most entrancing is the 160 yard 3-par 6th. In the middle of the green is a 3-foot sandtrap.

Entertainment includes trips to Hollywood studios. The 29th they will play with Bob Hope, Donald O'Conner, Dennis Morgan, Dean Martin Danny Thomas Gordon McRae, Randolph Scott and Mickey Rooney as their partners in a pre-tournament player-celebrity tournament.

They'll get to see some of the stars work on movie sets: a trip to Disneyland, a Pittsburgh-Log An-

geles Baseball game, various luncheons and dinners at the Hollywood Knickerbocker, the Brown Derby, the Sportsman's Lodge in San Fernando Valley.

In no other sport could a contestant play for stakes as high as this and money could not buy a trip like this.
