Cold Spell Coming: 1st Freeze Could Be Any Minute: You'd Lose

Reports are, "cold spell coming", and you could lose! That is, if you don't get your Coryell County News Weather Guess in. Coupon's in paper. Bring, send, or mail. You gotta chance to win a lot of merchandise, and some of it 'cold weather' merchandise at no cost to you.

Don't be late mate! We get your guess, date and time it, and the one that hits the day on the head that's in our office first, is the winner. Last year, it was James A. Dixon. This year, it might be YOU!

So far, we've cleared these who will 'gift you' if you are THE winner: Sammy Lillibridge, 3 Legend Records; City Drug Store \$1 merchandise, Lewis Shoe Store 1 pr. hose, Leaird's Department Store, 1 pair hose; Gatesville Drug Co. 1 lb. King's candy, Hollingsworth Food Market, 1 can chili, White Auto Store, 1 gal. anti-freeze, Webb Studio, 1 portrait Round-Up Cafe, plate lunch, Jack Healer Humble Station, battery charge, Morgan's Gulf Station, grease job, Mrs. J. B. Graves, Florist, potted ivy, Jones boys inc ltd & sally maude, Venus pen, Coryell County News, 100 papers, Bennett's, 1 flannel shirt; Gatesville Bow-lanes, Inc., one game.

Those we've not contacted yet (at no commission) but who'll probably okeh the deal (we haven't had one miss yet) are Yellow-Cab, which gave a 50c ride and Gatesville Chamber of Commerce, a 1 month membership.

Now, this isn't a 'closed corporation' and if any other merchants would like some free publicity until it "freezes" then just tell THE NEWS about your gift for the guesser of the first freeze on the Guaranty corner in 1961.

JUDGE R. B. CROSS GOES BACK ON BENCH FOR CERTAIN CASES

Judge R. Bates Cross, already retired, comes out of retirement for cases in which the present Judge Truman E. Roberts had investigated as District Attorney. Authorization came from Judge D. B. Wood, Presiding Judge, 3rd Administrative Judicial District of Texas.

Some of the cases are those con-nected with the killing of Billie Malone.

\$225,000 BOND ISSUE VOTE SET FOR DEC. 5: \$300,000 SEWER COST

A bond issue for \$225,000 is set for vote Dec. 5, the city council indicated last week. A federal grant covering 30 percent of the cost providing the city comes up with documentation by Feb. 15 that a successful bond election has been held.

Columbian Securities Company, Dallas, was named as the fiscal agent to handle the technicalities of the bond issue and election. They handled the issuance of time warrants to finance the city's new million-gallon water reservoir now nearing completion.

Bids will be accepted Nov. 5 on installation of a water line to connect the new reservoir with the city distributing system from 29th to the reservoir.

SSBs 'Exercise' Officers Of Central Texas: Out? Seems Nobody Knows

Principal exercise for law enforcement officers—and there are many of them, are temporarily-ex-inmates of Gatesville State School for Bos.

Exercise 1. 3 coloreds got out, purloined 3 bicycles from Paxton Pontiac-GMC and headed down Straw's Mill Road. One, 6-2 was on a small size bicycle and his knees came up over the handle bars. They, and the bicycles were soon rounded up.

Exercise 2. A 15-year-old Negro boy was captured by dogs following his escape (?) from SSB Sunday. This'n gave the 'boys' quite a lot of exercise. Evidently he used the missing scooter found on the Leon River Bridge Tuesday morning. He'd attempted to steal a pickup belonging to L. O. Clark, but abandoned it near the farm home. He was captured Friday when Mrs. Anton Sodek surprised the Houston youth in her home. He'd taken Dr. Paul Bassel's horse to get away from the Temple area, but didn't know much about saddleling. Guards from Gatesville were summoned, along with officers from Belton, Temple and St. Hwy Patrolmen. He said he'd overpowered a guard. He ran when Mrs. Sodek surprised him in her house, and ran across a field, the dogs trailing him, and he was finally picked up. He'd cut a coat up to cover his bare feet.

Besides the St. Hwy Patrol, Belton and Temple officers, were Texas Ranger Trent Horton, Deputy Sheriff Johnny Melon of Bell County, guards and dogs from SSB, and others. He was returned to the School.

Exercise 3. Two more, whites, this time, were out Friday night and were caught in Temple.

This is written Saturday noon. There may be more "exercises" before Monday.

Court Of Criminal Appeals Confirms Sentence: Six Years

The Court of Criminal Appeals in a verdict rendered to the 52nd Judicial District Court last week confirmed the 6 year prison term assessed Ronnie Woods, charged with assault with intent to murder.

He had been out on bond due to the appeal, and was taken to Huntsville following the court's okeh of the sentence.

Bee Stings, Horse Backs Up In Trailer, Pickup Flips, Dixon Injured

James Dixon, driving his fathers '58 Chevy pickup with a trailer attached about 6 miles south of Gatesville on SS. Hwy. 36, flipped the pickup 3 times, and was taken to Coryell Memorial Hospital with a back injury, fractures, and possible other injuries.

Son of J. A. Dixon Sr., he had a horse in the trailer, a bee stung the horse and he backed up in the trailer, pulling the rear wheels off the ground and the pickup went into a spin. Damage to the pickup was total, about \$1,100, and to the trailer, \$100.

ABUNDANT LIFE

by **ORAL ROBERTS**

HOW TO CHANGE THE WORLD

From the moment Jesus was born, the earth was changed. In a short time news of His birth spread. Shepherds abandoned their flocks to come to His birthplace. Wise men traveled for days across desert sands, following His star.

And thirty years later, when Jesus began His ministry, the world was changed again. His tradition-breaking doctrine of a loving Father who is concerned about His children swept across the nations like a wind-blown fire across a prairie. The words and teachings of Christ were burned indelibly into the minds of a group of people who believed in Him. These words and teachings have been recorded and passed on to us today.

Who can count the millions of people who have been illumined and lifted by them!

Christ is not the only individual whose life has made a lasting mark on society. Many other men, by their personal lives, have shaped the destiny of mankind. But unlike Christ's their influence was not always for the best.

Alexander the Great will never be forgotten because of his conquering armies which swept over the world. Napoleon

had such great power that all the nations of the world trembled before him. Hitler so cruelly made his mark that the wounds have not healed to this day. The lives of these men testify to the power of single individuals.

You and I working with Christ can change the world! Even as He brought healing, love, understanding, and freedom from the chains of sin and tradition, we can change the world we live in today for the better.

Christ said to His followers: "He that believeth on me, the works that I do shall he do also; and greater works than these shall he do..."

Perhaps you have thought that what you do has no effect on the world, but your actions and attitudes are important. What you are affects your community, your church, your town, your social contacts and, above all, your family. You have a personal contribution to make — an important one. It could win the lost to Christ.

As you use your actions and influence to work for the kingdom of God, an amazing thing will happen to you. You will experience abundant life.

You can change the world!

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

There are rumors of a new Federal agency being set up along the Potomac. It would be called the TDFACWMLTC.

"This new agency would be an adjunct of the one already set up to administer the foreign give-aways. The full name will be 'Taxpayers' League For American Citizens Who May Have Been Fooled Out of a Union'."

C. W. Harder

The proposed plan is that any American citizen can go to TDFACWMLTC section of the foreign give away and simply state that "while I am a great believer in democracy, unless I get \$10,000 I may have to become a communist." In due time, the citizen would get the \$10,000, to keep a believer in democracy from turning to communism.

This proposal, of course, is not receiving serious consideration but many think it no more far fetched than the device whereby nations all over the world have separated the American taxpayer from more than \$80 billion.

As Rep. Richard Roudebush, World War veteran with six battle stars says "Then came communist infiltration of South America. Our answer was \$600 million more in aid with the thought expressed 'Maybe if we pay off, they will go away.' Sen. Wayne Morse says 'Much of our trouble in Latin America stems from military aid we gave to many of its dictators.'"

And Congressman Richard Poff of Virginia, recently let loose quite a strong blast on

the foreign give aways which are taking via taxes, money from independent business needed to modernize and expand to meet in competition.

Rep. Poff says that the U.S. has given Communist Tito's Yugoslavia over \$2 billion including such items as \$14 million for locomotives, \$10 million for a plastics factory, \$127 million for other "industrial projects" and, surprise of surprises, funds to build a nuclear research reactor.

Now in this case, it was known that Tito is a communist. But it was felt by buttering him up, he would keep Yugoslavia a little less communist than Moscow.

So what support has Tito given for more than \$2 billion according to Rep Poff.

On the Cuban question Tito supported Castro, is trading with him, openly rebuked the U.S. Stand. Tito openly advocates seating Red China in the UN, when Lumumba was slain on the Congo organized demonstrations against the west, allows Soviet engineers to operate the Iron Curtain's biggest uranium mines, is now permitting Russia to build 19 missile bases in Yugoslavia.

And despite this record, even now there is a drive on in Washington to get even more give away billions of dollars for Tito to preserve this "friendship."

Thus, the facetious proposal to give money to decent American citizens to keep them from being friendly with Moscow is not so far-fetched, perhaps after all. If a fellow like Tito can blackmail Washington, why shouldn't the home folks have the same opportunity?

Same "Allotment" Apples To All Of '62 Wheat Program

—69—
Acreage indicated on the allotment no file sent producers before the August marketing quota referendum is the '62 wheat acreage allotment for all purposes, Bob Meliborn, Chairman, Corvallis County Agricultural Stabilization and Conservation Committee, says.

There is a 10 percent minimum diversion to soil conserving uses to participate in the '62 program, and it is also the figure used in determining whether or not there will be a marketing Quota "excess" on the farm. If the wheat acreage on the farm exceeds this allotment, or "permitted acreage" in case of small farms, the excess '62 production from the farm will be subject to marketing quota penalties.

Some confusion about wheat acreage allotment, but there is only one allotment figure for each farm in '62. This is 10 percent reduction below what the allotment would have been under previous legislation, and applies under all phases of the program—marketing quota, price support and stabilization payments.

Producers who do not comply with their '62 allotments will be subject to marketing quota penalties on their "excess" production. Under recent legislation, marketing quota penalties on the '62 crop were increased to 65 percent

(instead of the former 45 percent) of the wheat parity price as of May 1, 1962.

FARWELL PARTY FOR JERRY BOB BREWER

By Bess Brown
Jerry Bob Brewer, who left with the 49th Infantry Division, for Ft. Polk, La this week, was given a surprise party by his fellow workers of the General Tire and Rubber Co of Waco, at the L. A. Brewer home, Saturday evening.

As he knew nothing of the plans, the honoree insisted on going to the river to set his trotlines, upon his return, he saw car after car stopping at the Brewer home. To his great surprise, he found his fellow workers from Waco, and other nearby towns, awaiting him.

After happy greetings, the group settled down to games of 84 and 42. Mrs L A Brewer (mother) served a chili sopper buffet style to: Betty and Keath Greshy, Barbara and Melvin Hebelfinger, Barbara and Wilbeer Luedeker, all of Waco; Lora and Max Lam, Mound; Bobby and Jack Brewer, McGregor; Billy Mack Brown, Betty and Bob Dyer, Gatesville; Louise and Rodger Yows, Corvell City; Harold and Horace Dyer, Purlmela; Donna and Jerry Brewer, Waco; Mrs J. R. Lynch, Gatesville; Lisa Brewer and Mack Yows; The host and hostess (parents) Mr. and Mrs. Arthur Brewer.

All the Liberty people wish to join these, in the very best of wishes to one of Liberty's favorite sons.

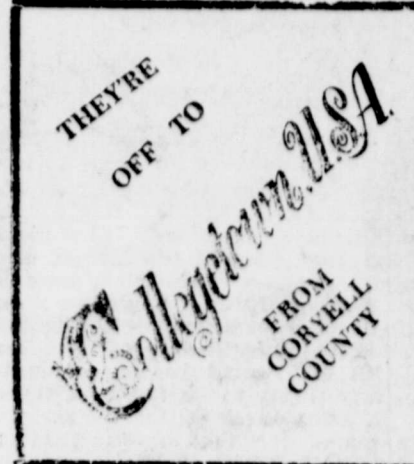

Texas Newsmen Will Take Close Look At 2nd Armored Division

Texas Newsmen will take a close look at the 2nd Armored Division today during a special press tour designed to increase the understanding of the division's new combat mission.

Reporters, editors, and radio-television newscasters are expected for the tour, and W. Mat Jones Jr., and Joe Kermit Jones will 'look on' for THE NEWS.

Maj. Gen. W. H. S. Wright, 2nd Armored Division commander, will brief the group at division headquarters before taking them to the field for a thorough inspection of training now underway.

Representatives from Dallas, Houston, San Antonio, Austin, Waco, Temple and other major Texas cities will make the tour.

FLOCCINAUCINIHIPIIPIIFICATION

This word is believed to be the longest in the English language and the writer is sorely tempted not to define it in order to test the readers. Actually it is relevant to the writer so far as his attitude towards the market is concerned as its definition is "the habit of estimating as worthless." In fact, so frequent has this state of mind been set forth that he has been accused of crying wolf too often. Today he is in the same position as he feels that a cautious approach should be taken toward the stock market.

Investor confidence is currently at an all-time high even higher than in 1929. What could reverse this trend of investor confidence? The Berlin crisis is gradually building up to a series of periods of international tension. Too often such periods have meant government controls, higher taxes and uncertainties of the future. Another aspect of the economy threatened is the auto industry as there is no evidence yet that there will be a favorable settlement of the negotiations between the auto companies and the United Auto Workers. A lengthy auto strike could set back the economy as the steel strike did in 1960.

In the search for some constructive ideas the writer would like to present a few issues that might be helpful to the investor seeking a course of action in today's market. For the long range AVCO is recommended at current prices or for purchase on any weakness. As a more speculative commitment Douglas Aircraft is suggested. If a solution to the Berlin situation

should appear likely, Siemens & Halske (one of the largest electrical and electronic concerns in Western Europe) might be of interest. The company still gets 20% of its production out of West Berlin and would be vulnerable to any threat to its facilities there. A few special situations are presented for the investor's attention. Aarvin Industries expects to deliver its anti-smog device to the testing laboratories of the Calif. Motor Vehicle Pollution Control Board within the next 30 days. It represents a good opportunity to invest in the smog field. Cinemas is an outstanding speculation as the company is working with MGM on a \$12-million production "How the West Was Won." Minerals & Chemicals-Philipp represents an opportunity to invest in a skillfully managed trading company without investing in foreign securities.

Family Fallout Shelters Urged

WASHINGTON, D.C.—The nation's 150,000-member Bricklayers Union is giving its full support to President Kennedy's call to the nation to build family fallout shelters. John J. Murphy (left), President of the Bricklayers, Masons & Plasterers' International Union, indicates the fallout protection of an eight-inch thick brick wall to Malcolm A. Burrows, Director of Operations for the National Housing Center. They are inspecting a full-size brick basement fallout shelter recently put on display at the headquarters of the National Association of Home Builders.

The Bricklayers Union, through its 1,000 locals, is urging the wide spread building of shelters for protection against fallout radiation in case of nuclear attack. This basement shelter, one of five brick and tile designs which meet Office of Civil and Defense Mobilization standards for effective shelter, is designed to protect a family of six against fallout during the two weeks it may be necessary to remain under cover. Plans and instructions for the shelters are contained in a free brochure which may be obtained by writing to: Fallout Shelters, Dept. B, Structural Clay Products Institute, 1000 15th St. S.W., Washington, D.C.

Here Are Resolutions Approved By Farm Bureau Monday Night

Here are the resolutions passed by the Coryell County Farm Bureau Monday evening, Oct. 16, which will be recommended at the State Convention in Galveston.

1. We recommend that no increase in social security taxes be allowed for any purpose.
2. We recommend that no law be enacted permitting increased Federal Aid to Education.
3. We oppose any and all attempts by non-agricultural interests to force unionization upon farm workers.
4. We urge that all possible power and influence be used to assert and maintain state and local rights.
5. We recommend that our state and national Farm Bureau exert every effort possible to stop excessive and unnecessary state and

federal spending. We oppose all socialistic ventures being proposed for our state and nation. We heartily support the free-enterprise system which has made our country great!

6. We are opposed to the compulsory "Check-off" system for collecting funds for any purpose.
7. We recommend that immediate steps be taken to halt abuse in "welfare" programs, and request that a better screening of welfare cases be made, in order to help bring this about.
8. We re-affirm our position that for themselves through their own farmers and ranchers should speak and voluntary organizations, and that no other group or Department of Government should have this right.
9. We recommend that no law pertaining to building permits outside of cities be enacted.
10. We recommend that our state Legislature abolish the so called "Safe Driving" rule (Merit rating system) made by the Board of Insurance.
11. We recommend that Casualty insurance companies operating in Texas be permitted to set their own rates consistent with sound financial operations, and to institute their own merit-rating system, as individual companies, if they so desire.
12. We recommend that Farm Programs be brought to Farmers before planting date. It is confusing to have Farm Programs come out at planting time, when other crops have been planted and land prepared, and then learn that you could have saved, seed, time and labor if you had known the rulings earlier.
13. We believe when an REA member, by annexation or otherwise, is taken into an incorporated town or city, that he should, if he chooses, continue to use REA and that the city should not require the REA to discontinue service to

State Cotton Acreage Set For 1962

WASHINGTON (AP) - The Agriculture Department announced Friday state acreage allotment for the 1962 cotton crop.

The state allocations were based on the national allotment of 18,101,718 acres announced last week. This is 1.9 per cent below the 1961 national allotment of 18,458,424 acres for upland cotton.

The 1962 state allotments, with those for this year in parentheses, include:

- New Mexico 191,310 (193,817);
- Oklahoma 847,494 (862,132);
- Texas 7,698,169 (7,849,196).

Farmers who produced upland cotton in 1961 will vote in a national referendum Dec. 12 to determine whether marketing quotas will be applied to the 1962 crop. At least two-thirds of those voting must approve quotas if they are to continue in effect. The national marketing quota for 1962-crop upland cotton is 15,714,00 standard bales of 500 lb. gross weight.

The department also announced state acreage allotments for the 1962 crop as extra long staple cotton. The allotments totaled 100,298 acres as compared with 63,740 acres last year. The 1962 state allotments, with those for this year in parentheses, include:

- New Mexico 19,681 (12,455);
- Texas 34,455 (21,893).

'62 BARLEY FEED-GRAIN SIGNUP ANNOUNCED

The '62 Feed Grain Program on winter barley may be signed now, Bob Melbern, Chairman County Agricultural Stabilization and Conservation Committee says.

Notices have been sent listing the farm's barley feed grain base, the established yield and the "minimum" and "additional" payment rates. The program seeks to prevent a further buildup of unneeded feed grain stocks by offering payments to farmers for diverting a portion of the farm's barley base acreage from production into conservation. A list of these is available in the ASCS office.

Advance payments will be made at the time the grower signs up. To participate, the grower must divert at least 20 percent of his base and comply with other program provisions and the payment will be 50 percent of the farm's normal yield at a support price of \$1.06 a bu. For 20 percent diversion, up to 40 percent of the base, payment will be the county support price on 60 percent of the normal yield.

An infra-red unit that kills dry-wood termites and Iyctus beetles in five to 10 minutes has been developed and tested successfully by a University of California scientist.

14. We believe the farm-to-market road program has not been completed. We recommend no change in the present system of allocation of funds or construction and improvements. Present funds should not be eliminated or diverted to other purposes.

15. We believe a game Warden should have the authority to make arrests for trespassing, we also believe that he should have authority to make arrests for "hunting or handling a gun while intoxicated" and to suspend hunting license for such offenses. In the same way that the Dept. of Public Safety makes arrests and suspend drivers license for D. W. I.

16. We re-affirm the position of our American Farm Bureau that we continue to work to gradually get us out from under the present Farm Program.

DOES AMERICA NEED SOCIALIZED MEDICINE?

During the past couple of years there has been an intensive campaign in process in our nation to convince Americans that Big Government should provide medical care for the aged. Of course this so-called program for the aged is merely a foot in the door for bigger things. In its January 10, 1961 report, the Kennedy Task Force said: "The Task Force has confined itself to the most immediate necessities for federal action and does not present its recommendations as a complete program for health and welfare." The December 1, 1960 issue of the socialist publication "New America" pointed out that the "precedent" which the program will establish is the important thing. Once this foot is in the door the socialists were told that "this nation will be provided with a mechanism for socialized medicine capable of indefinite expansion in every direction until it includes the entire population." Never forget that complete socialization of the medical field is the ultimate goal.

Before Americans swallow the clever propaganda sweeping the nation in behalf of socialized medicine (without calling it that) they had better consider what has happened in Great Britain's program. The July 18, 1960 issue of U.S. News and World Report magazine reported that many patients in Britain complain that they have to wait too long to see a doctor and when they finally see him, he does not have time to give them proper attention. The article said that a serious shortage of hospital

beds had developed in Britain, and that "twice in the last four years the British Medical Association has gone to the point of threatening a mass walkout from the Health Service in order to get doctors' pay raised." The article pointed out that visitors to a London hospital may find an office file of patients which shows admission lists of people who have been waiting as long as three years. This is socialized medicine in action.

The Tulsa World newspaper had one of its reporters do a little checking and reported in an editorial on February 3, 1961 that the \$1.54 deducted each week from the average British worker's paycheck for government health care is more than a reasonable medical insurance policy costs in the United States. The cost of taxpayer-financed medical care in Britain is steadily rising.

When government planners seize power and money from the people to promote the people's welfare, they make the situation worse. They use the failure of their own socialistic methods to argue for more power and more money. The excuse is that they did not have enough money and power in the first place to do the job right. This vicious circle goes on and on. The ultimate end of welfare state politics is total dictatorship. Socialized medicine is an important step on the way.

VIEWS and NEWS

from our Congressman **BOB POAGE**

Dear Friends:

The critical illness of "Mr. Sam" Rayburn will be a far greater loss to Texas than most of us realize. I think that Texans are more likely to recognize his tremendous influence on national and international matters than we are to recognize just how much his work has meant to Texas.

Mr. Sam never forgot that he was a Texan. For years the Texas Delegation has held a weekly luncheon in the Speaker's Dining Room. Mr. Rayburn has been present almost every day. Those seem little and unimportant things, but they have provided an opportunity for direct contact with the Speaker which have never before been available to any other delegation, and which will probably never be available again. In addition, every Texas Member knew the Speaker would always see him in his office at any time. No matter who becomes Speaker, our Representatives will clearly find it more difficult to present their problems and to secure the Speaker's sympathetic cooperation. It will be hard to retain the remarkable unity which has so long characterized the Texas Delegation and which has contributed so much to its effectiveness. He shall all suffer as a result of Mr. Sam's loss. The world has always had a shortage

of such men.

I am now at home and my Waco office is open each day, but I only try to be there on Monday. The other days I will be traveling over our district, trying to qualify myself to duly "represent" our district. If you have problems and feel that I could help, please write me at either Waco or Washington or visit my office. Every member of my staff will try to help you, and (in the absence of unforeseen circumstances) I will be in Waco each Monday and in the Temple office each Wednesday morning. Next week I am scheduled to visit Lorena, Eddy, Chilton, Gatesville, Cameron, Iredell, Walnut Springs, Kopperl and Morgan. The following week, I am scheduled to be in Waco on Monday. In Crawford, Clifton and Cranfills Gap on Tuesday Oct 24; in Temple, McGeior, Oglesby and Valley Mills on Wednesday Oct 25, and on the 26th, I am scheduled for Mound, Killeen and Flat. Friday, the 27th I will be in Rockdale, Thorndale, and Buckholts.

Might Tell You, B-Ware Of Hurricane Carla Cars: Auto Dealers Say So

If you're figuring on buying a car, be on the lookout for vehicles with salt water damage from Hurricane Carla, says the Texas Automobile Dealers Association. People are being victimized by bargain promoters who have bought cars in the Gulf area, after they have been totaled by insurance companies and are reselling them in other parts of the state to people unaware of the salt water damage.

They clean'em up, remove factory stickers, and make'em look pretty, but the quick deterioration from salt rust is likely to

BURNET POPS COPPERAS COVE IN 13-6 WIN

BURNET — The Burnet Bulldogs won their first District 9-A football game here Friday night, edging out Copperas Cove 13-6.
 Melvin Millsop, Copperas Cove halfback scored Cove's first and only touchdown of the contest on a 20-yard around right end. Millsop's run climaxed a 58 yard drive shortly after the kickoff. A Copperas Cove pass failed to complete the conversion.
 Burnet Quarterback Jesse Perkins knifed through left guard late in the first quarter for a 42-yard touchdown jaunt. Perkins kicked the conversion.
 Neither team scored in the second or third quarters as the ball changed hands, mostly between the 30-yard marks.
 In the fourth quarter, Burnet halfback Dutley Kinsey scooted right end for four yards and the final Burnet touchdown.

Carl McClendon Digs Up Old Almanac In Records In Courthouse

A Hostetter's Illustrated Almanac, 1899 published by Hostetter Co., Pittsburgh, Pa., was found in with other records last week by District Clerk Carl McClendon.
 On the back, was an advertisement of Montgomery & Gray, Purnela which read "Choice Fancy Groceries", Drugs, Notions, Dye Stuffs, Paints and Oils, Carbon Oil Lamps and Chimneys, Perfumery, Brushes, etc., and the payoff line, "Hotstetters Celebrated Stomach Bitters".
 Also last week, Mr. McClendon displayed a certificated awarded him by the Texas Veterans Affairs Commission for 17 years "faithful and efficient service" and his "distinguished record of service in behalf of all causes related to Texas veterans and their families. He was appointed sergeant major when it was created in 1907.

TURNERSVILLE WINS

TURNERSVILLE (SPL) — Turnersville's Buffaloes made their first game on their newly lighted field a big one Thursday night, defeating arch-rival Jonesboro, 28-6, in a District 12-B six man football game.
 Bobby Baize scored three touchdowns and kicked two conversions to account for 22 of the winners' points.
