THREE RICE IN CHARGE GRIDDERS HIT

—69— HOUSTON, Oct. 27 AP—Aggravated assault charges were filed Friday against three Rice University athletes after a minor traffic collision.

Willard A. Bertling, 28, a press operator, said three young men beat him during an argument that followed the collision.

Those charged were Henry Tully Martin, 20 a sophomore football guard from Pearsall; Walter Hiram Ligon, 21, a senior guard from Llano; and John Robert Lively, 22, Gatesville, a fifth-year student who was football team tri-captain last season.

Martin is among those scheduled to go to Austin Saturday for the Rice-Texas game. Ligon injured a knee earlier in the season. Lively completed his athletic eligibility last season.

The three were arrested after the traffic collision late Thursday night.

Hospital attendants said Bertling had a broken cheekbone, internal injuries and body bruises.

Lively is a son of X C. F. Lively and son-in-law of X Carl McClendon, all of Gatesville.

"X MARKS THE SPOT"

"Young lover sigh, and make no bones Of the fact that Xs in letters mean kisses, But now we hear of Editor Jones Who will swear that X is for Mr. and Mrs."

—Ted Brazzil

Now when we started using the X for Mr. and Mrs. we never had the idea that it would unearth or inspire a poet to write such a poem as above. Gosh, it worked better than we expected. Thanks, Mr. Brazzil.

Here's what he says also: "The above verse (?) popped into my mind (?) today while I was reading the "NEWS" (?)

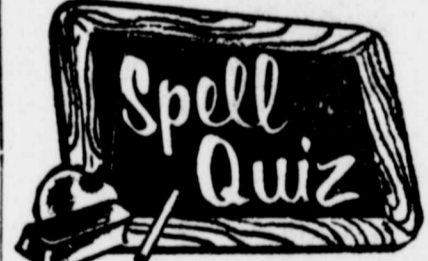

If you care to print it you have my permission.

P. S. All kidding aside, my mother and I enjoy your paper and look forward to reading it on Tuesday and Friday. I do agree with you that any town and city should have at least two newspapers. I also agree with your conservative view on politics."

(Thanks again, Mr. Brazzil). The letter was addressed to "X (less Mrs.) Mat Jones, Editor."

PLUM CREEK

WATERSHED MEET

A meeting to discuss development of the Plum Creek watershed will be held at 7:30 p. m. Thursday at the Levita school.

The meeting was called by officials of the Hamilton-Coryell Conservation District, who are urging all landowners of the area to attend.

A representative of the State Conservation Board will enumerate and explain the steps to be taken in watershed development.

Floods inflicted heavy damage in the Plum Creek watershed in October of 1959 and again just three weeks ago.

BROKEN BOTTLES: "TRIPLE THREAT" ON OUR HIGHWAYS
A triple threat on the football field is fine, but a triple threat on the highway spells trouble. Broken bottles are the "triple threat" of our highways. They are accident hazards to traffic; they injure people who step on them; they start costly and dangerous roadside grass fires. The dangers of the triple threat increase during the football season. The Texas Highway Department asks Texas travelers to dispose of bottles in proper containers. Help keep the "triple threat" on the gridiron—not on the highway.

Copperas Cove

Copperas Cove (SPL)— The Copperas Cove Bulldogs were edged out of the winner's spotlight Friday night by 10 points as the Mason Cowpunchers handed them a 38-28 defeat.

Both teams scored in the first quarter with the Cowpunchers racking up 14 points on a short run by Dale Gibson and 77-yard punt return by halfback George Brannies. The PAT run was good. Copperas Cove earned its 8 points on a keeper by quarterback Gary Kielman. The PAT run was good.

The second quarter saw Mason punch offer 24 points through the efforts of Back Tim Schmidt, back Terry McMillan, Brannies, and back T. Tartt.

In the third period Mason failed to score and Copperas Cove

FARM NEWS

Every farmer should make plans now for next year's crops. To make a crop, land prepara-

tion, fertilization, rotation etc. should be planned well in advance. Everyone knows that the farmland of Coryell County is not as productive as it was a generation ago. It appears we have more insects, less moisture and produce less per acre; Actually our soils

have been depleted of organic matter and fertility through erosion to aggravate this condition. We can do something about our situation by following sound farming practices. Many farmers are making good crops on so called "worn out farms."

Cotton producers should become alarmed about the situation existing today in the cotton business. With government control on cotton, wheat, barley, corn and maize each farmer should do everything in his power to see that his acreage history is maintained on his farm. If controls are tightened after his history and allotment is lost it is impossible to regain the acreage. Each farmer should consider that he will do if the acreage is small or lost. What is he to plant then?

About 5000 allotted cotton acres were not planted in 1960. Each producer is urged to either plant the allotment, release the acreage for someone else within the county and retain the allotment, or report the cause of not planting due to weather or other circumstances.

Remember that a farm is of greater value if it has a cotton allotment and also a history of the fed grains. This is another reason for maintaining a good

Could you locate valuable papers, deeds, wills, insurance policies in a hurry in your home? Most of us do not anticipate emergencies such as fires, accidents, or other disasters, but we do have times when we can't find important records or canceled checks simply because we do not have a well planned place to put them.

Planned business centers are appearing in more homes these days. They provide a comfortable place to work for a minute each day; a place to keep a ready file on bills, canceled checks, important papers,

cropping history.

Following is a report of the cotton committee:

Coryell County Cotton Program

The County cotton committee met on October 12, 1961 from 2 to 4 p. m. in The National Bank in Gatesville to outline a cotton program for 1962. Attending were Charles Powell, Henry Lengefeld, Charles Lengefeld, V. C. Green, Sam Goolsbee, Niy Lam, Tom Holeyfield, B. K. Cooper, Andrew Kendrick, Raymon Ray, Aud Miles, and County Agent LeRoy Hoermann. The committee worked out the following recommendations for a strong cotton industry in Coryell County.

Cotton is one of the major cash crops in Coryell County. The County had an allotment of 21,753 acres in 1960 with 16,444 acres being planted. For a healthier cotton industry and more net income for the producers, the following practices are recommended.

A good soil conservation program to include terracing, etc.; early deep plowing; test your soil early for fertilizer needs; plan for rotation—three year program recommends cotton, wheat or oats, and corn or maize.

Final land preparation completed 30 days before planting; fertilize 4 to 6 weeks before planting. A good practice is to apply fertilizer in middles and then rebled.

Planting dates: Plan to plant on a community basis so as to have all cotton the same age to reduce insect problems.

A. Oglesby—1st week in April.

B. Turnersville Area about April 15.

C. West part of county—1st week in May.

These planting dates are general dates and should be adjusted according to weather conditions.

Plant good treated seed of Lankhart 57 variety.

Insect control: An early season insect control program should be started as soon as the cotton emerges to control thrips and aphids. Two to four spray applications are generally needed at weekly intervals. If you expect up to 1-2 bale—2 to 4 early applications are needed; 1-2 to 3-4 bale—it is questionable if late season control will pay; 3-4 or more bales—continued spraying throughout the season will pay; good weed control—mechanical and chemical.

Defoliate when 75-80 percent of bolls are open to reduce ginning cost.

Stripping should begin after a dew has risen and moisture of cotton is low. This prevents packing and also reduces weight at gin.

Destroy stalks as early as possible. Deadline is Dec. 15. Several demonstrations will be set up over the county to follow all the above recommendations. Farmers that did most of these things made a fairly good crop his year.

All you need is an ample, comfortable, well-lighted writing center, a comfortable chair, handy file for current materials, another for storage space for back rollers, waste basket and desk supplies.

Go's do where and how you can plan your family center. You'll find it a real source of satisfaction.

Hornets Sting Trojans To A Tune Of 39 -- 7

By Joe Jones
News Sports Staff

The Gatesville Hornets met the West Trojans in a thrilling game Friday night at Holms Stadium. It was a game of superior passing and running on the part of the entire Hornets line up. There was one spark from the Trojans which was good for 7 points.

Gatesville chose to receive and due to an on-side kick took the pigskin on the 50 yard line where the Hornets started their first drive for a TD. Stanley Everett started right off the bat for the first down on a ten yard scamper

over guard. After a total of six such runs a pitchout from Robert Scott to back Stanley Everett for the first Hornet TD making the score 6-0. The attempt for conversion failed.

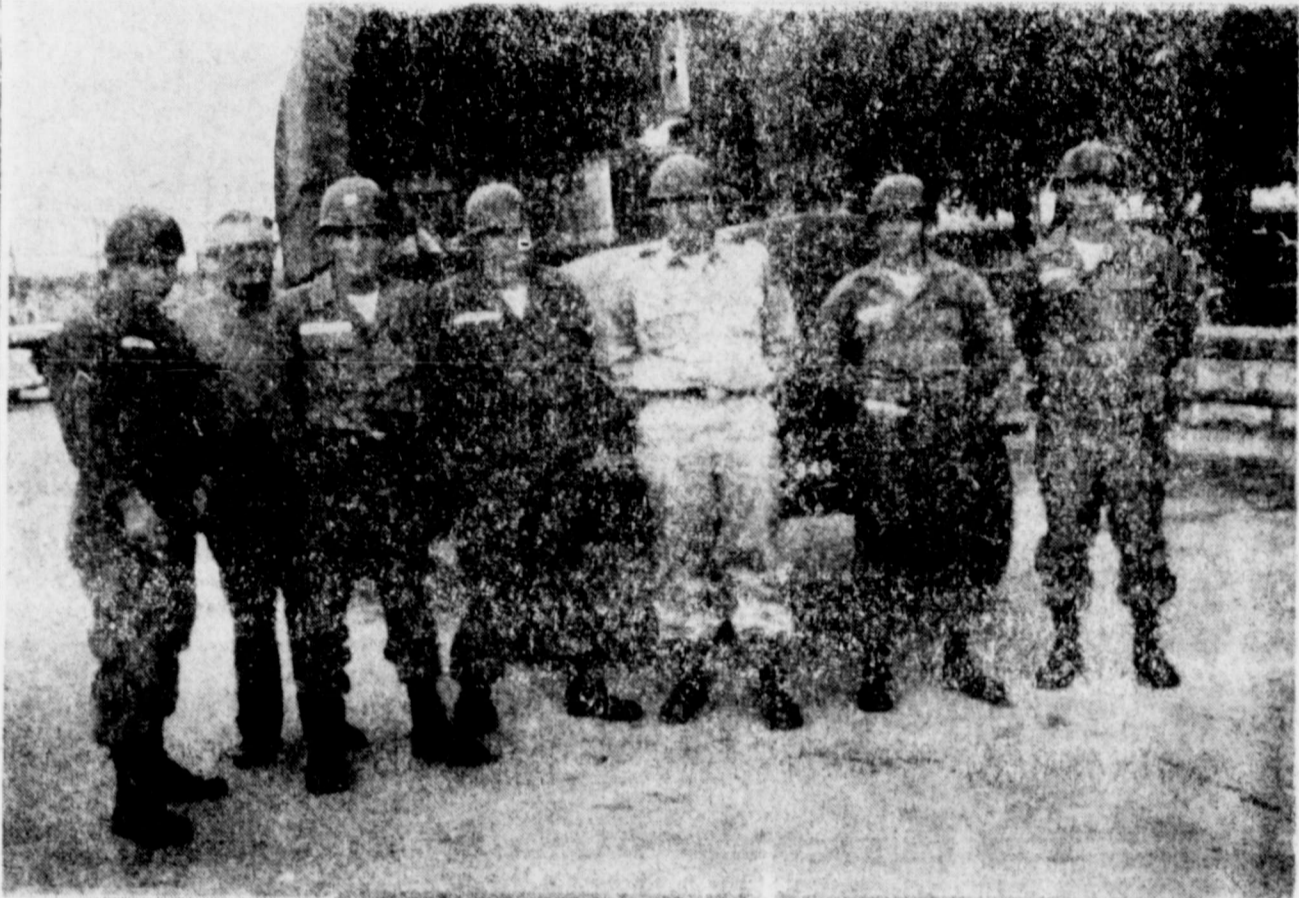

The defensive action of the Hornets slowed the Trojans down and thru a series of 13 plays and 4 first the Trojans marched over for the TD on a plunge by Terry Reddell. This put the Hornets behind for the first and last time for this Scott led battle. The quarter ended with the score standing at West 7-6.

In the second quarter on 11 plays the Hornets marched for the most spectacular runs of Everett's High school career, scored. Scott went over for the conversion on an end sweep around right end. Score 14-7.

Gatesville took the punt on their 42 and from there marched in 11 plays of different types and a plunge from the one by Sammy Betty for the third Hornet touch down and a shining score of 20-7.

The first half ended with Gatesville in possession of the ball on the West 27 yard line.

Shortly after the kick to West the Hornets took over the pigskin and started their fourth drive to victory. It took the Hornets only 8 plays and one penalty of 15 yards to cap a lead of 27-7. Billy Saltow a fine end for the Hornets wasn't quite tall enough for a pass from Bob Scott quarterback for the Hornets. Gatesville kicked to the 30 and after 3 plays took the punt on their 30 and after four plays got to the West 2 yard line and in three plays two by

the paucage of diminutive Robert Schange and Jerry Bilchrest went over for the conversion. Score 33-7.

The kick traveled to the 3 and was run back to the 10 where the Trojans started what was their only chance for a comeback. One of the up coming young freshmen, Robb Bennett started his High School activities with a bang by stopping the Trojan drive with an interception on the Gatesville 47. Back Curtis Davis scrambled for a 2 yard pick up to the 49 which put the ball on the move again for the fighting Gatesville Hornets. Bennett, Schange, Davis carry to the one in nine plays where Schaub plunged over for the TD. Extra point failed.

Schaub kicked to Terry Reddell of West on the 10. West in their final try for a score failed and Hornet's took possession on their 33 with 45 seconds to go. The Hornets then plunged into the line in order to run the clock out.

Defensive standouts for Gatesville were Bond at his linebacking post and guard Phil Ziegler and for West linemen Eugene Bajer and Louis Cepak.
