LIBERTY LADIES CLUB

By Bess Brown

Mrs. Gayle Calhoun entertained members of the Liberty Ladies' Club at her home Nov. 12. About 20 members attended. While the younger ladies quilted for the hostesses, the oldsters chatted and reminisced in the chimney corner.

A former very active club member, Mrs. Maude Belvin of Temple was a welcome visitor.

The ladies were delighted when Mr. and Mrs. George Parrish gave them a fine turkey for the club's Thanksgiving dinner. We were again made happy to learn that "Aunt Kate", Mrs. Hill Parrish, will bake the turkey. We all know that we are in for a real treat.

Mrs. Leona Billingsley will be the Thanksgiving hostess at the regular meeting Nov. 28.

Mrs. Calhoun served sandwiches, cookies and bottled drinks to Mesdames George Parrish, Es-

were: Mr. and Mrs. T. J. Smith, Mr. and Mrs. Raymond Winslar, Mrs. Lillie Jones and Mr. and Mrs. Other Winslar and Misses Sue and JoAnn Winslar, all from Gatesville; Mrs. Bob Johnson and daughter, Cheryle from Waco; Mr. and Mrs. John Baskin from Jonesboro.

Mr. Winslar has spent most of his life in this locality. One of his most vivid childhood recollections was his arrival at Gatesville when they moved from Dallas.

He recalls the many hitching posts, the public watering trough that was supplied by windmills.

It was raining and the streets were a "loblolly of mud and slush." When their covered wagon reached the Leon River, it was on a rampage, about the widest he has ever seen it, it reached the present site of Perry Hale's residence. There were no bridges, but a long ferry cable was stretched across the river and anchored to large trees on each side. The flat ferry raft was large enough to take a wagon and team. Mr. Winslar was a very small boy and when they drove onto the raft, he knew they'd all be drowned, consequently, he hid his face in his mother's lap until they landed on this side.

Mr. Winslar has been with us for more than 75 years. He has helped this area develop from a raw frontier to our present standard of living.

A natural musician, he has always furnished music for our social functions. Nor has he lost the touch, he can still make that old violin fairly talk. A member of the Pearl String Band, he still plays for their community meetings. He also furnishes music for people of this area.

His many friends extend congratulations and wish for him many more happy birthdays.

Mrs. Maude Belvin, who has been on her long vacation has visited these: her brothers, Bob Jones, Abilene; M. G. Jones at Ballinger; at Santa Ana, Calif. she visited her aunt, Mrs. Emma Rose, who is still going strong, at 85; at Browley, Calif. Mrs. Belvin visited a nurse friend, Mrs. Ruby Gilbert, who was administrator of Kings Daughters Hospital for the 7 years that the two worked together.

er. For the past two weeks we have had Mrs. Belvin back home with us. She is now returning to Temple to resume her nursing profession.

Mrs. Ora Bartlett from Gatesville visited Mrs. E. J. Baize and Gladys Sunday.

Mr. and Mrs. Clovis Belvin had the pleasure of entertaining their grandson, Keith Buralow, in their home all last week. They, their son, E. J., a friend, James Lloyd Billingsley and Mother Belvin, all spent the week end in Dallas, the guests of Mr. and Mrs. Clyde Huff, Mr. and Mrs. Don Buralow, the Haynes Baize and other relatives.

Last week Mr. and Mrs. Tommy Gibbs, George and Brenda of Wichita Falls visited her parents, and brother, Mr. and Mrs. George Parrish and G. W. This week the Parrishes will have with them another daughter's family, Mr. and Mrs. Paul Stewart, Johnnie, Frank and Connie from Denver, Colo.

Mr. and Mrs. Jim Striplin Evant visited the J. Frank Tuesday.

We learn with interest the education, Jerry Bob Brewer, with others who have not had their basic training, are known to some place unknown to them. We hope to hear from them soon.

Sunday dinner guests with L. A. Brewer's were: Mrs. J. Brewer from Waco; Mr. and Jackie Brewer and Lisa from Crosser and Rev. Leon McBe Ft. Worth.

Mrs. Gayle Calhoun was overnight guest of her parents and Mrs. Lester Burton of Co Church Wed. She visited uncle and his wife, Mr. and Jake Smith at Gatesville Thurs. Mr. and Mrs. Smith, who had both been hospitalized with ailments are much improved and are at home now.

Week end visitors with the J. Parrishes were: Mr. and Mrs. A. B. Parrish, the David Hennes, the Galant Leonards, all Hamilton, Mrs. Kittie Calhoun, Mr. and Mrs. Norvell Slover, Fann, Leslie and George, all from Gatesville, Mr. and Mrs. Kent Parrish from Evant.

CHANGES

IN
 SOCIAL
 SECURITY

Durrelle L. Allen, TSSDO

The new amendment to the
 social security law, signed by
 President Kennedy June 30, give
 men early benefit rights similar to
 those women have had since 19-
 56.

The change applies to men be-
 tween 62 and 65 years of age,
 and is designed especially to help
 those who are unable to find em-
 ployment because of their age or
 poor health.

A man now 62 to 65 years of
 age can begin receiving benefits.
 But if he retires before he reach-
 es age 65, the monthly amount of
 benefits paid to him is reduced.
 He will continue to be paid the
 reduced amount even after he
 reaches age 65.

Dependent widowers and the
 dependent fathers of workers who
 have died also can get benefits at
 age 62. Their benefits, like those
 of widows and dependent moth-
 ers, are not reduced.

For men who retire early, the
 amount by which their benefits
 will be reduced depends on the
 number of months for which they
 will receive benefits while still
 under age 65. A worker who re-
 tires and claims his benefits as
 soon as he reaches age 62 will
 qualify for 80 per cent of the
 amount that he would receive at
 age 65 based on his average earn-
 ings up until his retirement. If
 he waits until he is 63, he will
 get 86 2-3 per cent of his full
 benefit; and if he waits until age
 64, the amount will be 93 1-3
 per cent.

The reductions are figured so
 that a person may expect to re-
 ceive, on the average, about the
 same amount over his lifetime if
 he takes reduced benefits begin-
 ning before he is 65 or waits un-
 til age 65.

Members of the immediate
 family of a retired worker can get
 dependents' benefits if the work-
 er retires at age 62. Eligible de-
 pendents include a wife age 62 or
 older, or a wife at any age if she
 has in her care children who are
 eligible for benefits. The child of
 a retired worker is eligible if he
 is under age 18, or he has been
 totally disabled since childhood.

The Committee on Finance of
 the Senate, in recommending this
 change in the law, said "The
 provision of benefits at age 62
 for men will help to alleviate the
 hardships faced by that group of
 men who because of ill health,

automation, or other technologi-
 cal change, are forced into per-
 manent retirement before age 65."
 For more information about
 this change in the law and other
 changes made by the new amend-
 ments to the law, ask your social
 security office for your free copy

of leaflet No. 1. Men 62 to 65
 years old who decide to take their
 social security benefits now in-
 stead of waiting can also apply
 for those benefits at their social
 security office. The office in Tem-
 ple is located at 909 First Nation-
 al Building.

What You Need to Survive Fallout

By Prof. Willard F. Libby

To draw up a list of essentials needed in a fallout shelter, imagine you are actually living in it for 48 hours, or two weeks.

Do you have plenty of canned foods—and no can opener? Put one aside now. A jar of instant coffee, but no cup or glass?

Hot coffee, or warmed milk for a baby, could be morale boosters. If power is knocked out, have you thought to provide a supply of canned heat which burns without smoke or a camp stove if your shelter has enough room for it?

I have a friend who built a \$25,000 shelter, perhaps the best ever built. He has stocked it well, and gone on to add a set of the Encyclopedia Britannica as a choice of reading matter. The Bible, a dictionary, Shakespeare, current novels, your selection of books taking relatively little space can help adults pass the boring time, even if the shelter only permits reading by daylight. For insurance, however, take sleeping pills too. Ask your doctor what kind.

But let's look at true essentials for survival in your shelter.

Radio and Meter Top List

I'd list highest the transistor radio, radiation meter, flashlights and candles. AND plenty of spare batteries; checked at intervals for age and condition. Check whether YOUR shelter needs an aerial for your radio. This could be especially important in rural or farm areas and in underground shelters.

Add a shovel, even an axe and pick, in case your shelter collapses and you must dig your way out. And a broom to sweep out fallout dust, and a first aid kit.

Let me emphasize again that the main thing in protecting yourself is an understanding of what you might face, what these weapons might do, and then having the equipment to deal with situations.

You need water. Your shelter should have a minimum of five gallons of bottled water per person using the shelter. Plan a 14-day supply, go easy on the water at the outset.

Some bottled water could be left just outside the entrance of a cramped shelter, but within easy reach. Cover it with paper or plastic film, which would hold off any fallout dust settling down—then flip off the paper or film and bring the water inside. X-rays from the fallout will not harm the water one iota, nor make it radioactive and the same thing holds for food too. You must not eat the dust itself but the radiation doesn't hurt the food. Wash the food or open can and it will be safe.

If you run out of water, tap water still is safe IF your supply comes from deep wells. But if your town or city depends on open reservoirs, the water could be contaminated by dust.

If doubtful whether water from water mains is safe to drink, draw drinking water from the hot water

CHECK LIST FOR YOUR SHELTER

Do You Have:

- Radiation meter
- Transistor radio
- Flashlight or lantern
- Extra batteries for:
 - Radiation Meter
 - Radio
 - Flashlight
- Food
- Water
- Broom
- Shovel

- Axe and Pick
- Blankets
- Can Opener

- Toys, Games for Children
- Sleeping Pills
- Medicines, prescribed by doctor

- First Aid Kit
- Canned heat, or camp stove
- Toilet Facility

Have You Done These Things:

- Turned off the gas.

heater. If the water had filled the tank before the bombing and so before any fallout could have entered the water mains from reservoirs or any other way. word about safety of water in your shelter. In time, Conelrad can pass area.

Sanitary Facilities

Do you have blankets, sleeping bags, if not "loom for cots or bunks? Extra blankets for cold weather? Games and toys for children? Again, sleeping pills could help combat boredom.

You need toilet or sanitary facilities. A chemical toilet is best if

your shelter is large enough. the tank before the bombing and so before any fallout could have entered the water mains from reservoirs or any other way. word about safety of water in your shelter. In time, Conelrad can pass area.

As for food, quick trip to your refrigerator might supply enough food to prevent hunger for 48 hours without spoiling.

But plan on having to stay 14 days, and choose your tinned and packaged foods carefully with an eye to nutrition, storage space and taste.

There are concentrated foods which need only addition of water to supply a rounded diet.

Don't overlook plates, knives, forks and spoons. Just thinking of the things you do every day will remind you about essential supplies.

One essential of life is oxygen, and I am considering putting a tank of oxygen in my shelter, in case of firestorms from a bombing. That's a subject to be considered later.

(Next: H-Hour—Where does it find you—)

IEWS and NEWS

from our Congressman **BOB POAGE**

Nov. 20, 1961

Dear Friends:
On Saturday, Nov. 18, I saw the end of an era. Speaker Sam Rayburn was laid to rest in his home town, Bonham. President

Kennedy, Vice President Johnson and two former Presidents were present as were well over 100 members of the House and Senate. It was indeed an impressive display of government leaders but I felt that by far the greatest tribute was rendered by the thousands of little people from Northeast Texas and from all over Texas who stood patiently on the streets to express their friendship for "Mr. Sam" and their grief at his passing. His name will not be filled, but those of us who are left will find it far more difficult to obtain the unity and cooperation for which the Texas Delegation has long been noted. Indeed, for the first time in a dozen years Texas will have three new Congressmen next January—and each one will be succeeding an outstanding one.

Last week I completed a tour which took me to almost every post office in our Congressional District. I did not see nearly so many people as I would have liked to be able to, but I feel that I was able to get a much better understanding of the current problems and needs of every section of our District.

I think that every representative must do something of this kind from time to time if he is to be able to really "represent" a district. We will be in Texas until after the first of January, as the Congress does not convene until January 10 (the latest date since the adoption of the Lame Duck Amendment). I expect to continue to visit over the District but I will not be tied down with such a rigid schedule. I shall still try to be in the office in Waco, 245 Federal Building, on Monday.

days and in Temple, second floor of the Post Office, on Wednesday mornings. At other times please write us or talk with any of my staff at Waco.

This will be the last regular newsletter until next session, unless some event should occur to justify a special letter. However, I hope to renew these letters in January. In the meantime, just let me know if we can serve you or your neighbors.

With best wishes for the forthcoming Holiday Season, I am,
Your friend,

W. R. Poage, Congress

Now, this isn't a "closed corporation" and if any other merchants would like some free publicity until it "freezes" the contest tell THE NEWS about your gift for the guesser of the first freeze on the Guaranty corner in 1961.
