ASCS COMMUNITY VOTING SCHEDULED

Coryell County's ASCS community committee elections will be held Sept. 20, and nominations may be made now, it was announced Thursday by Clois Stone.

The county is divided into four ASCS communities — A, B, C and D — and the boundaries have not changed from last year. A county map showing these boundaries is posted in the county ASCS office.

A slate of nominees will be selected by the present community committee. The county committee may add additional nominees. Others may be added by petition if they are found to be eligible and willing to serve.

Petitions must be limited to one nominee each and must be signed by at least six eligible voters in the community (eligible voters may sign as many petitions as they desire.) Petitions must be received in the county ASCS office by Aug. 25.

SCHOOL-OPENING DATES ARE LISTED

County School Superintendent W. H. Donaldson this week released opening dates for the 1967 term in seven Coryell County public school systems.

Jonesboro will be the first to begin classes, with Aug. 28 pegged as the starting date there. Copperas Cove and Gatesville

ONE MAN ARRESTED FOR DOOR-TO-DOOR PEDDLING WITHOUT PERMIT

Police Chief Gene Goins reported that he arrested a man for peddling without a permit. The man was brought before Justice of the Peace Stony Hammack and fined \$50. Chief Goins asks for all door-to-door salesmen to be reported to the Sheriff's office. Door-to-door salesmen are unauthorized in this city.

JAY ROSE TO HEAD HUMBLE MEDIA RELATIONS IN TEXAS AND NEW MEXICO

Jay H. Rose has been named coordinator of media relations in Texas and New Mexico for Humble Oil and Refining Company, it was announced by Arch A. Smith II, public relations manager for the area.

In this new position, Mr. Rose will be responsible for coordinating Humble's press activities in the two states and for maintaining liaison with the various new media.

Mr. Rose was born in Coolidge. He received his college education at Rice University, where he was elected to Phi Beta Kappa and was graduated in 1937 with a BA degree. After three years on the editorial staff of the Houston Post, he was called to active duty with the 124th Cavalry in November, 1940. He later attended officer candidate school and served for 27 months in the South Pacific with the 13th Air Force, at-

\$582,944 COUNTY BUDGET PROPOSED; HEARING CARDED

Public hearing on a \$582,944.03 county budget for 1968 has been scheduled by the commissioners for 10 a. m. Sept. 1 in the county courtroom. The budget is about \$73,000 bigger than the one for the current year.

County Judge Norman Storm says the increase can be traced to more liberal allowances for the cost of county operations and the allotment of funds for some increased salaries.

The new budget proposes \$276,936 in salaries for Coryell County's 73 officers and employees. For this year, \$257,075 will be expended for salaries. The 1968 figure represents an eight per cent increase.

Storm said present indications are that the county will have a \$90,000 balance at the end of the year.

DAVID S. BARNARD IS SCHEDULED TO GO TO CANADA ON DEBATE

David S. Barnard, son of Mr. and Mrs. Sterling Barnard, Rt. 1, Gatesville, was scheduled to leave Friday from Texas Tech in Lubbock with Texas Tech debaters who will attend the annual joint meeting of the American and Canadian Farm Economics Association.

Barnard will compete in the speech contest and the debates are Lu Ann Aday, Agricultural Economics senior from Waxahatchie and senior Dan M. Newman of Stratford. They will be under the direction of Prof. Hong Y. Lee of the school.

DOMESTIC PROBLEM

JUST SOME FACTS

There are some important facts that we should know about, facts that will help us prevent a vastly higher level of Federal spending in the future. They are facts that are going up and up. They are:

1. Since 1960 the personnel comprising the civilian payroll of the Federal government has grown by 25 percent.
2. Since 1960 the cost of government payrolls, including the military, has grown by 75 percent.
3. Since 1960, non-defense expenditures of the government are up 97 percent.
4. Since 1960, expenditures for national welfare and health programs are up 210 percent.

These are just a few items that all Americans should consider. Facts that show there is a strong probability that government spending will double again in the 1970's unless a major change in attitude takes place. It is being predicted that we will have a \$300 billion Federal budget by 1980. We wonder if the people really want this much government. Are we willing to pay for it? Can we pay for it? Your legislators in Washington would like to know what you think.

This is the way, walk in it.—(Isa. 30:21.)

There is a right way for things to work out, and we follow in this way, easily, happily, effortlessly we make divine order. We begin this day with the idea of divine order and we keep this idea of divine order before us continually. As we work today, we work in a spirit of divine order, and our accomplishment is rewarding and satisfying. We bless our home today with the thought of divine order and see every member of the household blessed, at peace, and successful in their endeavors.

Gary Kafer, who will be a high school freshman this fall won fifth in the high jump for 14 and 15

year old boys in the recent Junior Olympics state track and field meet at Richardson. He was the only 14 year old to place in the event. He leaped 5 ft., 8 in.

Mike Williams also competed in the meet, winning his heat in the 70 yard high hurdles in 10.1 seconds but failing to qualify for the finals.

Coach Lowell Bishop accompanied the duo to Richardson.

Chef's TOUCH

Pepper—A Hot Story

Pepper has been a hot item for at least 5000 years. Since earliest times, pepper was regarded as a form of wealth equal to gold and silver.

Tenants paid rent in pepper, pepper was included in a bride's dowry and an inheritance was considered meager if it didn't contain some pepper.

For just as long, there has been a spicy pepper controversy. Cooks who flavor everything from soups to salads to soufflés will argue at the drop of a pepper mill which is better—whole or ground? Black or white? A little or a lot?

Actually, it depends on your taste and the best peppercorns available. McCormick/Schilling, one of the largest producers of spice, finds that the most flavorful peppercorns are grown on the Malabar Coast of India, in Indonesia, the Malay Peninsula and Malaysia. The berries (peppercorns) take about seven years to come into full maturity.

Quality ground pepper used for cooking should provide a consistent flavor. McCormick/Schilling has developed a process that slices the berries into particles with high-speed stainless steel blades; which preserves and protects the "bite" and volatile oils, responsible for aroma, the heart of pepper seasoning.

Although the quality is the same, nations have favorites when it comes to pepper's color. Europeans have long been partial to the subtle aroma of white pepper, while Americans prefer the luster black pepper—consuming about 1/3 of that pepper harvest yearly. But, when all's said and done—it's not the color that counts—it's the quality.

Create A Cutlet Of Cheddar

Cheddar—king of cheeses—reigns with good taste over many fine foods. In this Borden Kitchen recipe it presides in a new form—a high-spirited cutlet that's great for gatherings. Just mix, then refrigerate until it's time for the frying and fun. Complete the menu colorfully with a mushroom sauce, small boiled white onions, string beans, tomato wedges, and brown crescent rolls.

**Cheese Cutlets
(Makes 6 servings)**

- | | |
|---|---|
| 1/4 cup (1/2 stick) new Danish flavor margarine, melted | 2 teaspoons prepared mustard |
| 2-1/2 cups finely shredded (one 8-oz. pkg.) Borden's natural sharp Cheddar cheese | 1/2 teaspoon salt |
| 1 tablespoon dehydrated parsley flakes | 3 eggs |
| 1 tablespoon dehydrated instant minced onions | 2 cups cracker meal |
| | 2 tablespoons homogenized milk |
| | 1/4 cup vegetable oil |
| | 2 cups (two 7-oz. cans) Mushrooms a la Brandywine, optional |

In a medium-size mixing bowl, combine the melted margarine, cheese, parsley flakes, onions, mustard, salt and 2 eggs. Blend thoroughly. Add 1-2/3 cups of the cracker meal. Mix well. Measure a rounded 1/3 cup of the mixture for each patty; shape into six 3 x 1/2-inch patties. Beat the remaining egg with milk. Dip patties into egg-milk mixture. Coat with remaining 1/3 cup cracker meal. In a 12-inch skillet, over medium heat, heat vegetable oil. Fry cutlets on each side, about 5 minutes, or until golden brown. Heat Mushrooms a la Brandywine as directed on can. If desired, serve with string beans, boiled white onions and fresh tomato wedges. If desired, sauce cutlets with Mushrooms a la Brandywine.

Damon Runyon

Damon Runyon, one of the most versatile of newspapermen of the 20th century, reported such diverse events as murder trials and pole-vaulting contests. He spanned four decades of reporting that included covering two World Wars.

Chronicler of the 20's, Runyon created a new style of writing in America by taking Broadwayese from Broadway. He immortalized characters like Big Julie, Hot Horse Harry, and Louie the Lug, introducing the American public to the gangster with the heart of gold.

Interesting innovations in language, reporting and printing are still going on in today's world of communications. For example, the type you're now reading was set by a special new IBM machine—about the size of a typewriter. More than fifty type styles are available. The new machine arranges lines of words with straight right and left margins.

TURNERSVILLE STUDENTS SPLIT ON SCHOOL PREFERENCE

Some choice will have to be made soon on a high school district to serve the Turnersville area, which has abandoned its high school for 1967-68. Among the students, it's a four-way deadlock.

County School Supt. W. H. Donaldson said this week that 16 pupils of high school age reside in the district, and that a survey has shown that four of them want to go to Gatesville, four to Jonesboro, four to Clifton and four to Cranfills Gap.

Donaldson said the Texas Education Agency has ruled that one school district will have to be designated the "receiving high school" for Turnersville district. Selection of the receiving school will have to be made either by the Turnersville school board or the county school board.

DROUTH SYMPTOMS ON TREES AND SHRUBS — The most common symptom for drowth injury is the dying around the margins of leaves with the dead area progressing into the leaf and causing desiccation of leaf tissue between veins toward the midrib, say Extension Plant Pathologists Wendell Horne and Norman McCoy. They report a growing number of plant specimens, especially of shade trees and shrubs, are being received at the plant diagnostic lab showing drowth injury. Soil moisture is short in many areas of the state and should be supported by irrigation.

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty-five Cents (35¢) on the One Hundred Dollars (\$100) valuation; and no county, city or town shall levy a tax rate in excess of Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes; provided further that at the time the Commissioners Court meets to levy the annual tax rate for each county it shall levy whatever tax rate may be needed for the four (4) constitutional purposes; namely, general fund, permanent improvement fund, road and bridge fund and jury fund so long as the Court does not impair any outstanding bonds or other obligations and so long as the total of the foregoing tax levies does not exceed Eighty Cents (80¢) on the One Hundred Dollars (\$100) valuation in any one (1) year. Once the Court has levied the annual tax rate, the same shall remain in force and effect during that taxable year; and the Legislature may also author-

ize an additional annual ad valorem tax to be levied and collected for the further maintenance of the public roads; provided, that a majority of the qualified property taxpaying voters of the county voting at an election to be held for that purpose shall vote such tax, not to exceed Fifteen Cents (15¢) on the One Hundred Dollars (\$100) valuation of the property subject to taxation in such county. Any county may put all tax money collected by the county into one general fund, without regard to the purpose or source of each tax. And the Legislature may pass local laws for the maintenance of the public roads and highways, without the local notice required for special or local laws. This Section shall not be construed as a limitation of powers delegated to counties, cities or towns by any other Section or Sections of this Constitution."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed on them the following:

"FOR the constitutional amendment allowing counties to put all county taxes into one general fund."

"AGAINST the constitutional amendment allowing counties to put all county taxes into one general fund."

BRUCE NEELEY, 6-TEENAGER WINS JAN JONES MEMORIAL TROPHY: ONE IN ONE

Bruce Neeley, 16, son of Mr. and Mrs. Price Neeley, playing with Pete McIver, Dr. Tom Williams and Cleo Woodard is another one of the few to win the Jan Jones Memorial Trophy for making a hole-in-one at Gatesville Country Club. He can pick his up at THE NEWS if Manager Ed Powell of the Club doesn't have one there.

A member of GHS golf team, who has been playing since he was 11, scored his 'single' on No. 4, 165 yard hole with a five-iron shot that landed on the green and rolled into the cup.

Personally, playing the game off and on since 1920, we have never connected with a 1 in 1.

Congratulations, Bruce.

EVANT ALL-STARS SLUG THEIR WAY TO TITLE IN KIWANIS TOURNAMENT

Playing under the "Evant" Banner, a team of all-star Little Leaguers from Pearl and Evant won the Hamilton Kiwanis Club's Invitational Baseball Tournament at Hamilton Saturday night by whipping Hamilton in the finals 12 to 6.

Gustine took the consolation title with a 14 to 9 come-from-behind victory over Dublin.

Evant advanced to the finals in the four team tourney on the strength of a 10 to 6 Friday night win over Gustine. Hamilton blasted Dublin the same night 13 to 9 to earn a ticket to the finals. Mel Henkes had a great hand in the victory scoring three of the runs for the home-town lads.

Evant's triumph can be attributed to steady play, both in the field and at bat. The four-county-corner boys committed few errors and stroked many timely bingles. Against Hamilton, Evant was in control from the second inning on, but Hamilton gamely fought back. By the end of the third inning Hamilton had closed the gap 5 to 4, Evant's favor, but that was as close as they got.

In the consolation contest, Gustine overcame a 9 to 3 deficit with 11 runs in the final stanza. The winning run crossed the plate on 10th pupils over's three-run homer. side in the Wilton Kawinis Club survey has showsies to the champion want to go to clubs.

CORRECT STORAGE PROTECTS OUTBOARD

Improper winter storage will do more harm to your outboard motor than three seasons of normal operation, warns Bill Spaeth, manager of engineering at Evinrude Motors.

Moisture is the biggest culprit, says Spaeth. During the course of the winter, it will rust piston rings and cylinder walls; shorten the life of lower unit gears; and corrode the ignition and fuel systems. Any one of these would result in a costly and time-consuming repair job.

Fogging oil offers effective protection of internal engine parts. With the engine running in fresh water, either on the boat or in a test tank, inject this rust preventative directly into the carburetor intake. Give it several good squirts. Allow the engine to run a few seconds, circulating the oil throughout, before shutting it off.

Drain the lower unit. Watch carefully for traces of water. This would indicate a crack or distortion in the gearcase preventing a perfect seal. This damage could occur if you struck an underwater obstruction. If you suspect problems, your marine dealer is the man to see. If everything checks out, refill the lower unit with a lubricant recommended by the outboard manufacturer.

Drain residual water from the outboard by pulling the starter rope several times. The engine should be in an upright position out of the water. The throttle should be fully advanced and the gear shift set at neutral.

The entire fuel system should be drained and flushed with acetone or lacquer thinner to remove gummy deposits. This includes the tank, lines and carburetor.

If the propeller is nicked or bent, a marine dealer can repair or replace it. Keep the old prop as an emergency spare.

Complete the job with a light coat of oil over all exposed metal parts. If you own an electric start outboard, remove the battery. Clean it, make sure it's fully charged and store it in a cool, dry place.

with the fortitude and skill required for survival in another grueling District 13-AAA campaign.

Full-scale workouts started yesterday.

The Hornet squad, figured to finish in the middle of the 13-AAA standings again this fall, will be buttressed by nine returning letter men from last year's 5-5 crew. They are Stan Kopec, tackle; Bobby Cole, fullback; Jerry Morgan, quarterback; Bob Gillette, wingback; Randy Vroman, wingback; Doyle Wright, Jimmy Ferguson and David Allen, linebackers; and Ronnie Moore, guard.

Gunlock is expecting to field a more stalwart defensive unit this fall but fears his eleven won't be as potent on the attack as last year's crew, which has a couple of premier touchdown manufacturers in Johnny Weaver and David Easley.

Gunlock and his aides—Wendell McAndrew, Jack Bell, Lowell Bishop and Kenneth Marshall—attended the Texas High School Coaches Association school and convention in San Antonio recently.

HERE ARE THE HUNDREDS! DO THEY MAKE YOU HOTTER? MANY MORE TO COME

Here are the hundreds as they have appeared on Mrs. Pat Holt's official weather thermometer.

These are nough to burn you but there probably will be many more where these came from.

We'll add to 'em as they show up!
