WORRIED OVER PENTAGON PLAN — Maj. Gen. Selden Simpson above, commander of the 36th Division of the Texas National Guard, is concerned that excessive streamlining as proposed by the Pentagon could endanger national security. (AP Wirephoto)

COPPERAS COVE COUNCIL OK'S ORDINANCES REGULATING 'JUNK'

COPPERAS COVE — The Copperas Cove City Council Tuesday night passed two city ordinances dealing with junk cars and household appliances and agreed to change the speed limit on Topsey Road.

The council voted unanimously

MAN FOUND DEAD POLICE PUZZLED

An autopsy has been performed in connection with the death of a 45 year old Copperas Cove man.

Steven York, retired Army personnel, was found Monday, September 4th at 2:30 a. m. along the side of FM 116 near Copperas Cove; his body at attention.

The autopsy was performed at Hillcrest Baptist Hospital in Waco Tuesday, September 5th. No results have been revealed as yet.

Coryell County Sheriff Windy Cummings told the News that it is not known whether foul play was the cause of death. Sheriff Cummings said that an extensive investigation is now underway by the Coryell County Sheriff's Department, Copperas Cove Police, C.I.D. of Fort Hood, Texas Ranger Trent Horton of Belton and the Texas State Highway Patrol.

to accept two new city ordinances which make it illegal to have junk cars or household appliances sitting unused in a location for more than 60 days. The other ordinance concerns junk dealers and specifies that such businesses must have a solid fence six feet high to hide the junk.

The new speed limit on Topsey Road, which goes past the city park, will be 30 miles per hour from FM 1113 to 9th Street, 35 miles per hour from 9th Street through the residential area, which would take it past the park and would then change to 45 miles per hour to the city limits.

In other action the council agreed to pay \$850 to Marvin Mickan and Long Mountain Estates for painting the inside of the water tank. The council had previously agreed to pay the bill on March 16 1965.

COPPERAS COVE CC TO DISCUSS DEVELOPMENT

COPPERAS COVE — Community development will be discussed at a Dutch treat luncheon Wednesday at the Cactus Restaurant after the monthly Copperas Cove Chamber of Commerce directors meeting at 11 a. m.

Copperas Cove businessmen, civic organizations, ministers, city councilmen and school board members have been invited to participate.

A representative of Texas Power & Light Co's community development department will take part in the discussion.

CRADLE ROLL CALL

Baby girl born Sept. 3 at 9:10 a. m. to Mr. and Mrs. Verlon Baize of Rt. 2, Gatesville.

Baby girl born Sept. 3 at 4:40 p. m. to Mr. and Mrs. Jimmy Whitt of 404 W. Henry Street, Hamilton.

Baby boy born Sept. 5 at 4:30 a. m. to Mr. and Mrs. Kirby Voss of Rt. 3, Gatesville.

RAINFALL

This week Gatesvilleites and the area have enjoyed welcomed September rains. So far we have soaked up 1.05 inches of the precious liquid.

ANY OLDER TWINS? — When Mrs. Leta G. Scales of Dallas, seated, and her twin sister, Mrs. Bertie G. Trube, of Austin, saw an Associated Press photo of twin sisters from Truth or Consequences, N. M., who at 83 thought they might be the oldest living twins, they were prompted to get together for this picture. Mrs. Scales and Mrs. Trube were born in Val Alstyne, Tex., July 17, 1881, making them 86 years old.

EIGHTY-ONE DIE IN TEXAS FROM VIOLENCE DURING LABOR DAY WEEK END

By The Associated Press
Death took no holiday in Texas during the extended Labor Day week end.

At least 81 persons died violently in a rash of automobile accidents, plane crashes, shootings and other lethal incidents.

Included in that figure were 44 deaths from traffic alone. Shootings took 17 lives and air-

MAILED OUT ELECTION INSTRUCTIONS — Secretary of State John Hill, left, who is also the Chief Election Officer of Texas, turns over to U. S. Postal Clerk E. L. Davis at Austin, several bags of mail to elector

officials throughout the state. The material mailed contains certain directives and instructions on voter registration and election law revisions enacted by the 60th legislature. (AP Wirephoto).

HAYING-GRAZING ALLOWED ON CROPLAND TAKEN OUT OF PRODUCTION IN COUNTY

Editor, Coryell County News:
Gatesville, Texas

DEPARTMENT OF AGRICULTURE TODAY OFFERED HAYING AND GRAZING PRIVILEGES ON CROPLAND TAKEN OUT OF PRODUCTION IN CORYELL, GILLESPIE AND LAMPASAS COUNTIES.

RALPH YARBOROUGH

ACCIDENTS REPORTED FOR WEEK END, AND OTHER LAW VIOLATIONS

Monday, Sept. 4 at 5:15 p. m. a minor accident occurred at 19th and Main Streets in Gatesville.

A '62 Corvair driven by Linda Jean Smith of Gatesville was attempting a left turn on 19th Street when a 1961 Chevy driven by Lois Jean Wright, also of Gatesville, slammed into the rear of the Smith auto.

Police Chief Gene Goins reported no injuries in the smashup and \$200 damage to Corvair and \$300 to the Chevy.

Also Monday, Henry James Knight of Waco sustained minor injuries when he was involved in a two car smashup on Main Street.

Knight's 1966 Buick was struck in the side by a 1966 Plymouth driven by William Kieth Billy Stovall of Gatesville. Stovall was traveling north on Lovell Lane.

Knight was rushed by ambulance to Coryell Memorial Hospital where he was treated and released. Chief Goins set damages at \$400 to Knight's auto and \$300 to Stovall's auto.

Chief Goins also reported the Saturday arrest of a drunk. The man was filed on for drunkenness and contributing to the delinquency of a minor. Monday in City Court the man was fined \$19.00 on the drunk charge and \$25.00 for contributing to the delinquency of a minor.

craft crashes in rainy weather claimed 11.

Assorted other causes contributed to the grim toll recorded between 6 p. m. Friday and midnight Monday.

One of the last major accidents to be reported was a fiery crash which killed four persons late Monday night when an old model car ran off a US 80 overpass near the east edge of Dallas in the rainy darkness.

WASHINGTON AND

"SMALL BUSINESS"

By C. WILSON HARDER

House Small Business Committee Chairman Joe L. Evinr, Tennessee, has announced that he and eight other Members of the Committee have petitioned the Post Office and Civil Service Committee to exempt small, independent newspapers from a proposed rate increase.

In a letter to Rep. Thaddeus Dulski, New York, Chairman of the Post Office and Civil Service Committee, and Rep. Arnold Olsen, Montana Chairman of the Subcommittee on Postal Rates which is considering the proposal, the Committee members wrote:

"The House Small Business Committee has received numerous communications from publishers of small independently owned newspapers, all of whom raise objections to the proposed increase in postal rates for second class mail. The newspapers referred to are those in the business of disseminating general news of both national and local interest. Their preservation is vital."

"There can be no question about the necessity of bringing the operations of the Post Office Department into better fiscal balance, which will require increased operating revenues. The small, independent news-

paper, however, has traditionally been the hub around which the life of small town and rural America has revolved. The heavy rate of attrition has substantially reduced the numbers of such newspapers which have successfully competed for the advertiser's dollar. It would be a calamity if the small independently owned newspaper ceased to function as a vital part of American life.

"Most small independent newspapers, by their very nature, must use the mails in large measure to accomplish delivery of the papers to subscribers. Route delivery of such papers is almost non-existent."

"The publishing of small newspapers has never been a high profit enterprise. They perform a vital and essential service and this small business must be protected and preserved . . . exempt from the proposed increase in postal rates which are now being considered by our committee."

Today papers are fighting a life-and-death struggle for existence—against publishing giants as well as contending with great modern communications media such as TV, which can disseminate news and advertising rapidly and vividly. But there remains an enduring need for the community paper whose printed material is at hand to be discussed, preserved, reread. In a sense, small, independent paper represents a cornerstone of our free society.

Sept. 3, 1898—The first municipal subway was built for street railway transportation in Boston—the Tremont Street Subway.

Sept. 7, 1813—The nickname "Uncle Sam" stems from this day when a writer for the Troy (New York) Post used it as a symbolic reference to the United States.

Sept. 10, 1919—General John J. Pershing, America's World War I military leader, and 25,000 soldiers of the United States First Division were welcomed home by the City of New York in one of the greatest parades and receptions ever tendered by that city.

Sept. 13, 1909—Oskar Straus' operetta The Chocolate Soldier, with its waltz song "My Hero" opened at the Casino Theatre in New York.

Sept. 16, 1630—The village of Shawmut, Massachusetts changed its name to Boston, taking its new

name from Boston, England.

Sept. 18 1927—The Columbia Broadcasting System went on the air with a basic network of six-teen stations.

Sept. 21, 1938—A great hurricane swept the Atlantic Coast of New England and New York, leaving at least 450 persons dead in its wake. Many lives were saved as a result of an early warning by the Yankee network weather observatory.

Sept. 25, 1690—The first American newspaper "Public Occurrences, Both Foreign and Domestic" was published by Benjamin Harris in Boston, Mass.

Berry L. Carlow et ux to Keith B. Saunders et ux part of the A. Arocha survey Coryell County, Texar \$4,250.

ITCHING LIKE MAD?

Get this doctor's formula! Zemo speedily stops torment of externally caused itching... of eczema, minor skin irritations, non-poisonous insect bites. Desensitizes nerve endings. Kills millions of surface germs. "De-itch" skin with Zemo—Liquid or Ointment.

Cookware For Camping

One of the great things about camping is the way outdoor appetites seem to make everything taste better. Camp cooking doesn't have to be elaborate to make every dish on the menu disappear in a second and third helpings.

Since you have to carry your whole kitchen with you, you'll have to give careful attention to selecting your cookware for camping. It should be easy to transport, easy to clean and have good heat conductivity to make the most of the cooking heat available from camp stoves or fires.

Non-stick coated aluminum utensils—a couple of saucepans and at least one skillet—are perfect for outdoor cooking. It's strong yet light in weight, and the non-stick finish comes clean without scrubbing or using lots of precious water. Because aluminum has the highest heat conductivity of any metal commonly used for cookware, any aluminum utensil will take the heat from a small alcohol or butane stove, and spread it evenly and rapidly, giving you better cooking with less fuel.

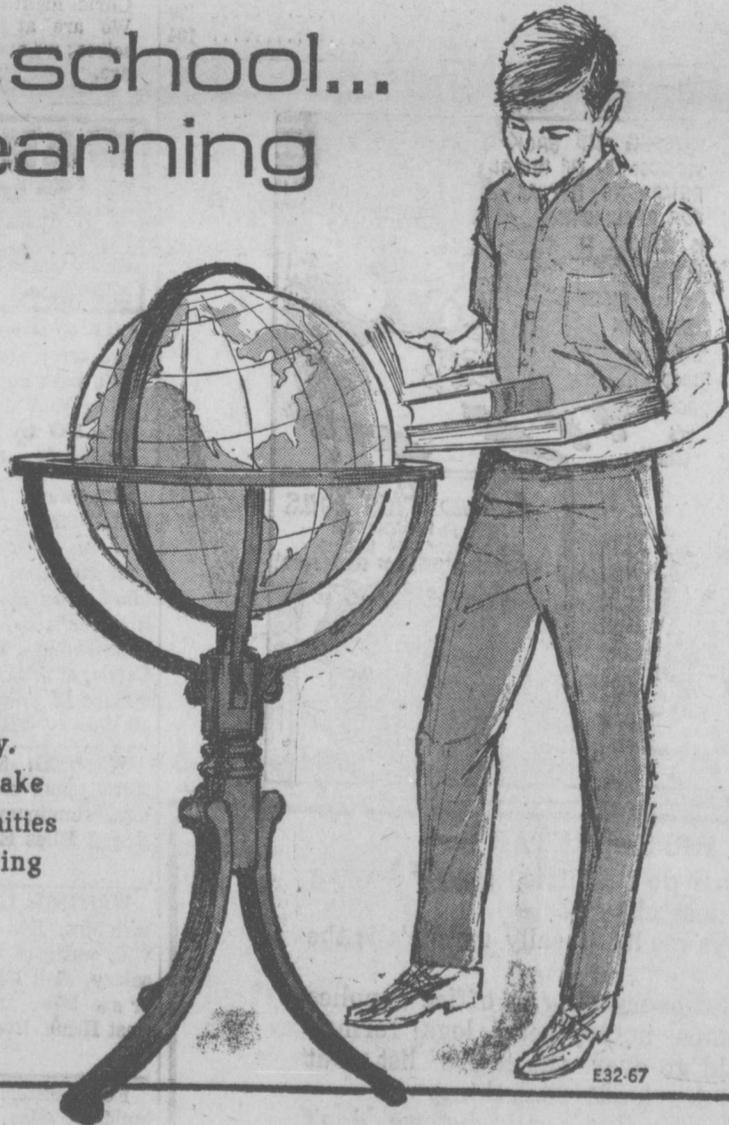

Several cookware manufacturers market special sets of aluminum camping cookware, designed to nest into a compact carrying case. When selecting your portable kitchen inventory, don't forget that most indispensable item, the coffee-pot.

Electrifying Your Patio

Portable electric aluminum cooking appliances are a big help in broadening patio menus. If you don't have outdoor outlets convenient to your patio, make sure you use heavy-duty rubberized extension cords to supply adequate power safely.

Back to school... where learning leads to earning

A wonderful world of knowledge again awaits our school-bound youngsters. And the more they learn, the more they'll earn once they have completed their education. It takes a good education to get a good job today. Let's encourage our youth to take full advantage of the opportunities at school that lead to rewarding careers in the future.

ARE THE HUNDREDS! DO THEY MAKE YOU HOTTER? ANY MORE TO COME

Here are the hundreds as they've appeared on Mrs. Pat Holt's

official weather thermometer. These are nough to burn you but there probably will be many more where these came from. We'll add to 'em as they show up.

The Shape Of A Tomato

mense fruits. Some gardeners will grow no other slicing tomato. Other gardeners wouldn't grow Ponderosa if it meant they grew no tomatoes. Controversy has raged for years about its mild flavor.

Earliana is an example of a tomato with deep oblate shape. This variety is grown not only for its early fruiting but also for medium-size, uniform fruits and heavy productivity.

The globe-form tomatoes dominate the field. Here belong such popular varieties as Pritchard and Rutgers, Jubilee, John Baer and Bonny Best.

Marglobe was named partly for its shape — the deep globe shown at the bottom of the left column in the illustration. The chief tomato crops of both gardeners and commercial growers are of globe shape.

In the second column of the illustration are the forms of the small-fruited tomatoes. The top outline represents the shape of the red or yellow plum tomatoes, the second drawing the pear tomatoes and the third the red Summer Cherry tomato. All three of these are known as "cocktail" tomatoes for their frequent use as accompaniments to drinks.

But fruits of Tiny Tim or Patio, both developed for growing in flower pots, are similar in shape to those of Summer Cherry and Roma, a tomato used for making paste, also is pear-shaped. However, the prime paste varieties, Early Paste and San Marzano, are formed with the straight sides like the bottom outline.

Tomato shapes vary both within the large and the small-fruited types. Most tomato varieties are globe-shaped, 3rd from the top in the left hand column of the outlines above.

Have you ever thought of the varying shapes in which tomatoes are formed? And how those differing shapes often indicate either the flavor or the use to which the particular variety or varieties are put?

The first four shapes, from top to bottom of the left hand column in the illustration, have descriptive names: oblate, deep oblate, globe and deep globe. The leading variety of oblate shape is Ponderosa with im-

GATESVILLE GETS STATE FRESHMAN LEAGUE TOURNNEY FOR 1967

Gatesville has been given the nod for the locale of the 1967 Texas Teenage Baseball Tournament in Brownwood next summer.

STRENGTH FOR THESE DAYS
from The Bible
Be steadfast, immovable.— (I Cor. 15:58.)

When we are centered in Christ and established in our Christ identity, we are more than equal to changing conditions in the outer. If we are changing jobs, if we are moving to a new home, if we are moving to a different city or country, if we are changing schools — any such major change in our life calls for adjustment to new circumstances, to new surroundings, to different personalities. At such times the realization of our Christ identity is most helpful. We are at peace with ourselves; we are happy where we are.

Miss Linda Diane Lynch Is Bride Of Fabian John Klecka Jr., Saturday Evening

Mrs. Fabian John Klecka Jr.

Miss Linda Diane Lynch and Fabian John Klecka Jr. exchanged wedding vows Saturday evening in the West Main Church of Christ with Minister Rolland McLean officiating.

Parents of the couple are Mr. and Mrs. W. D. Lynch of Gatesville and Mr. Fabian J. Klecka Sr. of Cameron.

The bride, given in marriage by her father, wore a formal A-line gown of white satin with long tapered sleeves of re-embroidered Alencon lace. The detachable chapel train, also of lace, fell in soft folds from the shoulders. Her veil of illusion fell from an organza rose surrounded by tiny rosebuds. She carried a bouquet of stephanotis centered with a white orchid.

She wore a pearl necklace, a gift of the bridegroom.

Mrs. Jerry Necessary was her sister's maid of honor, Miss Barbara Lynch, also the bride's sister, and Miss Linda Conway, were bridesmaids. They wore matching formal length empire gowns of American Beauty red satin with bands of pink re-embroidered lace on the bell sleeves. The bouquets were of pink gladioli. Pink illusion encircled their matching tailored head bows.

Best man as Jerry Necessary and groomsmen were Charles Benner and Clayton Lynch. Ushers were Gene Goins and Bobby Strickland of Dallas.

Wedding music was by Mrs. Rolland McLean, Mrs. Dale White, Miss Rebecca Adams and Mrs. Herb Bolland.

The bride's parents were hosts for a reception in the "Little House" following the ceremony. Members of the house party were Mrs. Doyle Wayne Barton, Mrs. Gene Goins and Miss Barbara Beize.

Mrs. Klecka attended Gatesville High School and Trumans School of Beauty Culture in Waco. She is employed by the David and Beverly Beauty Salon in Waco.

Mr. Klecka attended Rogers High School and is employed by the Gatesville Police Department and Quinton's Body Shop.

After a wedding trip the couple will make their home at 2002 Waco St., Gatesville.

Miss Sharon Chappell Is Honored With Tea At Country Club

A tea honoring Miss Sharon Chappell, bride-elect of Larry Van Necessary, was held July 29th at the Gatesville Country Club.

In the receiving line with the bride were her mother, Mrs. Jack Chappell; grandmother, Mrs. Lonnie Reynolds; bridegroom's mother Mrs. Dewey Necessary.

The tea table was covered with white lace over pink. The centerpiece was of pink carnations and white mums, white ribbon streamers bearing the names Sharon and Van in silver. Appointments

Coryell County News, Gatesville, Tex., Fri., Sept. 8, 1967

of silver were used.

Miss Linda Sue Taylor and Mesdames Mike Blanchard and Joe Pat Rauscheberg served white cake squares, punch, nuts, and mints. Mrs. Jerry Necessary presided at the bride's book and registered 50 guests calling from 3 to 5 p. m.

MARRIAGE LICENSES GRANTED

Fabian John Klecka Jr. and Miss Linda Diane Lynch.

Gary Erle Hodges and Miss Janet B. Draper.

Mr. and Mrs. J. E. Blankenship of Gatesville plan to depart for Montreal, Canada Tues., Sept. 12. They plan to attend several performances of the Vienna State Opera. They have a personal interest in these presentations for William L. Blankenship, their son, is the tenor star in these performances; perhaps a dozen roles will be sung by William during the three weeks performances.

Besides seeing and hearing their son, the Blankenships will, of course, attend the Ex-Po-67 Fair, besides taking a tour of Vermont. They plan to be gone 10 days.

WICHITA FALLS, Tex.—Second Lieutenant Arline L. Carter, daughter of Mrs. Minnie P. Carter of 1315 St. Louis St., Gatesville, has completed the orientation course for U. S. Air Force nurses at Sheppard AFB, Texas.

Lieutenant Carter, who studied specialized aerospace medical subjects and hospital administration, is being assigned to Blytheville, AFB, Arkansas.

The lieutenant, a 1962 graduate of Carver High School, received a B. S. degree in nursing in 1967 from Prairie View A&M College.

Ripe Olives Packed For Picnics

Olive Advisory Board Photo

Canned California ripe olives go to picnics in individual potato salads. For a new look, coarsely chop ripe olives — small or medium ones will do here — and add to mashed potatoes. Celery, radishes and green onion go in too for more texture and color.

With conveniently canned California ripe olives and instant potato mixes, this potato salad is no chore. Pack it in small waxed cups with carrots speared with whole ripe olives.

OLIVE MASHED POTATO SALAD

- 3/4 cup canned pitted California ripe olives
- 2 cups cold mashed potatoes*
- 1/2 cup mayonnaise
- 1 tablespoon vinegar
- 1/2 cup finely chopped celery
- 1/2 cup thinly sliced radishes
- 1/4 cup thinly sliced green onion
- 1/2 teaspoon salt
- 1/8 teaspoon pepper
- 5 thin carrot sticks

Reserve 5 ripe olives; cut remainder in wedges. Combine potatoes with mayonnaise and vinegar. Mix in ripe olive wedges, celery, radishes, onions, salt and pepper. Spoon into paper cups; chill. Stand carrot sticks upright in salads; top with ripe olives. Garnish with parsley, as desired. Makes 5 servings.

*If instant mashed potatoes are used, prepare as package directs for 4 servings, reducing liquid by one-fourth.

AG MACHINE MECHANICS COURSE OFFERED AT CONNALLY TECH

Officials at James Connally Technical Institute, Waco, have announced a class in agricultural machine mechanics beginning September 7. James Connally Technical Institute is a part of Texas A&M University and conducts a large number of classes in various professional skills.

Officials of the Institute indicate a need for high school graduates who are interested in agricultural machinery mechanics. Anyone interested in entering this course may write or call the registrar of James Connally Technica Instiute, Waco, Texas for information on tuition and other courses in connection with this.

AGRICULTURAL BRIEFS

FOREIGN MARKETS AND TEXAS AGRICULTURE—

Producers of agricultural products in Texas rely on foreign markets for slightly more than \$1 of each \$5 they receive, says Dr. Randall Stelly of Texas A&M University's Department of Agricultural Economics and Sociology. Export sales of Texas agricultural products will amount to more than \$500 million. Foreign markets, he adds, take the output of about 5.5 million harvested acres in Texas, or about one of every four harvested.

ALERT FOR SCREW-WORMS—Livestock producers are urged to keep on the alert for possible screw-worm cases in their livestock. Only in this way can program officials know where to drop sterile screw-worm flies. Worm sample should be taken from all animal wounds and submitted to the laboratory at Mission for positive identification.

CAREERS IN AGRICULTURE

Young people have been challenged by Secretary of Agriculture Orville L. Freeman to look to agriculture for careers of excitement and service — and profit. He said "Agriculture has been, is, and I believe, will continue to be the pace-setter of our Nation's advance." There are more than 500 distinct occupations in eight major fields in agriculture, including farming. The decline in farm numbers, he said, indicates farming's status as a growth industry, one in which output per man-hour rose nearly three times as fast as that of the rest of the economy from 1950 to 1965.

ELEGANCE UNLIMITED will be on parade in daily free fashion shows at the 1967 State Fair of Texas Oct. 7-22 in Dallas—but so will a mini-skirt or two, just for variety. Theme of the free shows in the auditorium of the Women's Department will be "Sights and Sounds, A Psychedelic Fashion Safari." On the left is a luxurious greatcoat by Sir John Coats of Athens, Texas. The handsome natural fox fur collar is detachable. Pictured in the center is iridescent Alaskine fashioning a dramatic ballgown of ethereal white. The bodice and bell sleeves are heavily encrusted with gold and pearl beads. This elegant gown is by Clifton Wilhite. On the right, by Nardis of Dallas, is a two-piece soft knit in pale pink, highlighted with a touch of silver braid at the collar, cuff line and edge of the overblouse. The pastoral setting is in front of the Dallas Museum of Natural History at State Fair Park.

Home Administration loan for a community water system, Henry Olejnik, J. W. Graham, Ted Graham and George Clawson form the committee in charge of the project.

The Coryell County office of the FHA is now working on the loan requests for water systems in five other communities — Oglesby, Evant, Coryell City, Levita and West Riverside.

It has already financed six water supply corporations in providing sanitary water for 440 rural families in the county. The water systems are located at Turnersville, Jonesboro, Fort Gates, Flat, Mountain and State Road.

Canada Celebrates Birthday

Spotlights World Need For Good Water

Expo '67 hostess with a new water purifier, selected to portray the importance of water quality to man's health.

MONTREAL — This year the International spotlight is focused on Canada as it celebrates its 100th birthday as a nation — and the outstanding event — Expo '67, the Canadian Universal and International Exposition. Seventy-seven nations are participating,

each depicting some aspect of the central theme, "Man and His World." One of the main Expo attractions is the "Man and His Health" exhibit. As one enters, a 21 foot high "graphic wall" depicts the role of research in man's progress toward health, and gives examples of present and potential serious problems affecting man's health. Good health — man's prime essential to work, to play, to build, and to enjoy his world — is based upon good water, good air and good food.

Culligan's Aqua I Water Purifier was selected to portray a new technique developed for desalination of water, which is now being used to convert water from almost any source into high-quality drinking water. This new development, using the "reverse osmosis" principal, is the first household appliance which produces water of high quality and purity for drinking, cooking, food preparation and many other uses. In every area of the world it is of utmost importance that the one quart of water a man needs daily for drinking is absolutely safe. Because it has the capability of removing bacteria and viruses, the reverse osmosis process has great potential for providing safe drinking water to those underdeveloped areas of the world where polluted water is the source or carrier of many serious epidemic diseases. The Aqua I Water Purifier can turn salty water into fresh water. It can also transform ordinary city or private well water supplies into water of extremely high quality. Cloudiness, sediment, undesirable dissolved minerals, organic matter, detergents, offensive color, bad odors and bad tastes such as chlorine, are removed by the purifier, to produce crystal clear palatable water.

AP SPORTLIGHT

TEMPLE WRITERS LOOK AT HORNETS REBUILDING PROGRAM: OPEN TONITE

Inexperienced seniors will be called upon to carry much of the load for the Gatesville Hornets this fall as Coach Jack Gunlock is in the midst of a rebuilding campaign.

Gatesville, after losing many talented players via graduation, returns only five starters from a 5-5 club. And with only eight let terms in camp, District 13-AAA coaches picked the Hornets to finish fifth.

But district foes should not take the Hornets so lightly. Among those returning are two boys with abundant talent. Fullback Bobby Cole (180) and tackle Stanley Kopec (200) are the regulars. Coach Jack Gunlock is counting on to upset the form chart.

To complement them, Gatesville will field an offensive team composed of 8 seniors and 3 juniors. The only flaw is that five of these players have logged only B-team experience.

If Gunlock can get good performances from these newcomers, Gatesville could be a serious contender as in years past.

Returning with Cole and Kopec will be wingback Randy Vroman (170), and Linemen Charles Ivy (186) David Allen (178) and Jimmy Ferguson (165).

With Vroman combining with Cole, Gatesville should have a

potent running attack. Larry McCutchen (150) will also be a backfield starter and the junior with B-team experience should help take some of the load off Cole and Vroman.

Quarterbacking will be in the hands of senior Jerry Morgan (155). Morgan started last year on the defensive platoon, but did not see action at the man-under slot. If his passing improves, Gatesville will have mustered a good scoring punch.

Up front, the Hornets don't have much experience to go with Kopec. Guard Mark Reeve (176) and end Kenny Gaston (169) are seniors with only B-team knowledge while end Raymond Cole (160) and center Wayne Shidley (179) are juniors off the B team.

The left side will have Gaston at end, letterman David Allen (178) at tackle and Reeve at guard. On the opposite side Cole is lined up at end, Kopec at tackle and Ivy at guard.

Gatesville will insert 3 players on defense with only B-team or freshman savvy. The biggest of the lot is left guard James Ingram (220), who is only a sophomore.

Right guard Gene Brazie (178) and linebacker Gary Carothers (186) are the other two sophomores in the defensive lineup.

Eight seniors will round the defensive line. However, two of the eight only have had B-experience so that brings to five the number of new faces in the Hornet defensive trench.

Kopec and Cole will see action on defense at right tackle and safety respectively. They are also the only two-year lettermen on the unit.

Doyce Wright (160) and Jim Ferguson (165) will see action at defensive ends for Gatesville. Both boys are seniors with one letter apiece. Reeve will team with Kopec as tackles and Ingram and Brazie will handle the guard posts. Vroman will handle the line-backer chores with Carothers.

The lack of experience could hurt the defensive secondary where Bob Gillette (158) and Joe Pat Rainer (156) will join Cole. All three boys are seniors but Cole and Gillette are the only lettermen. Rainer is another boy off the B-team whom Gunlock is counting on to fill a starting vacancy.

Watson will handle the kicking chores for the Hornets.

Wendell McAndrew, Jack Bell and Lowell Bishop will assist Gunlock in coaching duties.

Although the picture isn't too bright at the moment the Hornets may not be in for such a lean year if the seniors can profit from non-district games fast enough to be ready for the start of district action.

And with a couple of outstanding athletes such as Kopec and Cole Gatesville already has a good nucleus to build around.

TEXAS HWY. COMMISSION APPROVES FUND FOR FM ROADS IN CORYELL COUNTY

The Texas Highway Commission today approved the expenditure of funds for highway safety and betterment and improvement of the farm to market road system in Coryell County during 1968.

District Engineer Elton B. Evans of Waco said that a total of 15.4 miles of highway in Coryell County will be involved in the annual program. Work will be under the supervision of Paul T. Hensler, Senior Resident Engineer, Gatesville.

The work is part of the Highway Commission's combined Farm to Market Road Improvement and State Highway Safety and Betterment Program for 1968.

The safety and betterment portion of the program will cover 6.7 highway miles in the county. The farm to market road improvement program will cover 8.7 miles of FM roads.

State wide the program calls for the improvement of 5,182 miles at an estimated construction cost of \$39.8 million and right of way cost of \$137.5 thousand. Work will include 859 projects in 212 of 254 counties. In all 389 projects are on State—and U. S.—numbered highways in 160 counties and 460 projects are on farm to market roads in 170 counties.

The safety and betterment portion of the program calls for work on 2,408.9 miles of highways at an estimated cost of \$22.2 million. Purchase of 9.8 miles of right of way will cost an additional \$137.5 thousand.

The farm to market road improvement portion of the program calls for work on 2,763 miles at an estimated cost of \$17.7 million.

Hal C. Woodard, chairman of the Highway Commission, cited the proposed improvements for their important role in the Department's continuing highway safety

GATESVILLE GUARD PLANS RIOT DRILLS

Thirty-two hours of training in civil disturbances and riot control operations lies ahead for members of Gatesville's National Guard unit.

Drill dates for this month have been changed from Sept. 9-10 to

GATESVILLE WOMAN HEADS MOUND SCHOOL

Mrs. W. H. Donaldson of Gatesville, who has been teaching at Mound, has been named the new principal of the elementary school there. Another Gatesville resident, Mrs. LeRoy Hoermann is a new teacher on the Mound faculty.

Miss Helen Watson has joined the elementary school faculty at Jonesboro and S. L. Smith has been employed as junior high teacher at Evant.

This combined effort extends and amplifies the Texas Highway Department's long-standing concern for the safety of those who travel on these two vital highway networks.

He said types of work included by the program includes surface widening, bridge widening and replacement, base strengthening, seal coating, and resurfacing and rebuilding of shoulders.

The projects approved for Coryell County are:

Additional surfacing on FM 116 from U. S. 190 to FM 1113, a distance of approximately 0.7 miles.

Level up and seal coat on FM 932 from Hamilton County Line to U. S. 84, a distance of approximately 8.0 miles.

Seal coat on shoulders, U. S. 84, from E. C. L. of Gatesville to FM 1629, a distance of approximately 6.7 miles.

Sept. 16-17 for the start of the riot training. This first week end of riot training will be held at the National Guard Armory in Clifton and Gatesville unit members will take field equipment with them for the overnight stay there.

The 3rd Battalion, 143rd Infantry Regiment, headquartered in Waco, is in charge of riot training for Guard troops in this area.

Two 16-hour week ends will be devoted to this training by the Gatesville unit—Company D of the 949th Maintenance Battalion. There are 93 officers and men in the company.
