## FLOODING IN SOUTHERN TEXAS KEEPS THOUSANDS IN RED CROSS SHELTERS

Although Hurricane Beulah has blown herself out in the vast plains area of southern Texas, torrential rains, which in some places reached 28 inches, kept thousands of people in 223 Red Cross shelters. Highways were hazy deep in rushing water.

The great flood stretched for hundreds of square miles in a great strip running north from Brownsville and Harlingen almost to San Antonio. Transportation ceased, marooning thousands, and causing a growing food shortage throughout the entire area.

The Red Cross called upon the Texas National Guard to fly food into many areas by helicopter.

Worst flooding was in general area of Corpus Christi where the Red Cross was operating 102 shelters and housing 53,000 people; 107,000 people were fed. Fifty-five shelters housing 37,000 operated in the Brownsville-Harlingen area, a reduction from the previous night. The Red Cross was feeding 60,000 people there. Further north in Victoria, 17 shelters were operated, housing 10,400 people and 20,800 were fed.

Unable to return to their homes because of the high water, nearly 10,000 persons still remain in the 49 shelters operated in San Antonio, and here also the Red Cross fed nearly 20,000 people.

Thousands of volunteers — estimated at 4,600 persons — manned the shelters, assisted in the feeding operation and carried out hundreds of welfare activities. The number of trained Red Cross staff increased to 83 as the problem of caring for families increased.

## YOUR CITY AND MINE

### CITY COUNCIL HOLDS SPECIAL FINANCIAL MEETING TUESDAY, 26TH

The Gatesville City Council held a special financial meeting Tuesday evening September 26 at City Hall.

The chief matters on the program were the 1967-68 city budget and the 1967-68 tax rate.

The new budget provides for a \$25,000 allotment for the new library building fund, \$45,000 for the construction of a new city water well near the present reservoir, a new police car, a new Water Department pickup, a new truck for the Street Department, a new garbage truck for the Sanitation Department, proposed street repairs and other similar projects for the betterment of our city.

The 1967-68 tax rate was discussed among the council and a rate of \$1.35 per \$100 value was established.

Mayor O. W. Lowrey reported to the council concerning his recent trip to Austin to attend a meeting pertaining to the State and Federal aid to library construction.

Mayor Lowrey and civil engineer Doug Hearn spent Monday and Tuesday consulting with state agencies about plans for financing aid for the new Gatesville City Library.

The new library will be located in the city owned Chamlee property and will give Gatesville a modern 5,000 sq. ft. library facility.

Matching grants are available to cities who qualify for construction to up-grade the general library situation in the State of Texas.

Also on the program, Garland Anderson Jr. presented to the council the architectural sketches and model of his "America the Beautiful" study of downtown Gatesville.

Mr. Anderson's plans were presented to sororities and the Lions Club this week. Plans are being made to preview the civic project to the Parent-Teachers Association Chamber of Commerce, Gatesville Jaycees and other groups before presentation to the public.

In the small community of Roma, population 1,500 — 3,500 Mexican citizens arrived hungry and with no place to stay. They had come across the border when immigration restrictions were temporarily lifted. To care for them, the Red Cross arranged for C-rations and other food to be airlifted by helicopter into the tiny community from Fort Bliss. Large supplies of food and snake bite kits were flown by Red Cross helicopters to Sinton and C-rations to Victoria.

The Coryell County Chapter of the Red Cross will receive donations for the victims of Hurricane Beulah's fury. All clothing, food, and medical supplies, will be utilized for the storm refugees. Send or bring your donations to the local chapter of the American Red Cross. Please mark contents for "Hurricane Beulah."

### ATTRACTS 100 AT COVE DEVELOPMENT MEETING

A city is what its people want it to be, Jake Billingsley, community planning consultant for Texas Power & Light Co., said in Copperas Cove Tuesday.

He was speaker at a town-hall type meeting on community sponsored by the Copperas Cove Chamber of Commerce.

About 100 persons attended the meeting. They were given cards on which they wrote suggestions as to how to improve the community and possibly attract industry.

- Among the suggestions were:
- Bus service between Copperas Cove and Central Texas College.
  - Improved medical facilities.
  - A better and cheaper water supply system.
  - A livestock auction barn.
  - City beautification and street improvements.
  - A savings and loan company.
  - A golf course.
  - More recreation facilities for teen-agers.

ally made. The announcement was made by Lt. Gen. George B. Mather, III Corps and Ft. Hood commander.

The big armor base has about 38,000 troops. Its military payroll is \$88,000,000 a year, and total payroll, including civilian pay is \$104,000,000 a year.

## WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

It still does not make sense. And 72 per cent of the nation's independent businessmen, voting through the National Federation of Independent Business do not think so, either.

This is the matter of Social Security benefits to the aged. As the law now stands, any person on reaching Social Security age can have unlimited income from property, investments, or other sources, and still draw the full amount of Social Security.

But if a less fortunate aged seeks to supplement this monthly check by working, and makes over \$1500 per year, part of the Social Security benefits are lost on a sliding scale. If the earnings hit \$2700, all benefits are lost.

Of course, if they live to reach 72 years of age, then they can make all they can without sacrificing any part of their Social Security benefits.

Congressman Theodore Kupperman, New York, has a bill before Congress to knock out these restrictive clauses. After all, any private insurance company that received premiums for retirement annuities, and

prescribed under what conditions the benefits would be paid would soon be hauled into court.

But now the situation has been further aggravated by the minimum wage-hour law pushed through Congress in 1966 because employers of any Social Security beneficiaries find they cannot meet new requirements for compensation.

For example, a laundromat operator in Kentucky reports that he has been paying women drawing Social Security for their services which comprise no more duty than being present on the premises to discourage vandalism, but cannot afford to pay new minimum wage for this light duty.

The comment is that it is impossible to increase volume to offset the difference, and as the machines are made to take quarters, a price increase is not possible.

Thus, the plight of the nation's Social Security recipients is made even more parlous.

If one hits age 65 a millionaire, there is no problem. If not, then there is the prospect of seven lean years until one can, at the age of 72 start out fresh. Is this the type of thinking that will bring a better life to the Vietnamese? Maybe that is why so many of them seem to continue fighting the U. S.

My peace I give to you. — (John 14:27.)

The world needs peace today. It needs it in every person, every home, every city. Peace needs to be let flow like a wide river, sweeping all discord, despair, desperation away. Today we are peaceful no matter what is going on around us. We let nothing disturb us, we react to interruptions with patience. Unhurried, we wait for others, we speak gently. We smile, praise, and say thank you, again and again.

**MAIL FOR ARMED FORCES OVERSEAS**

The following periods have been designated for mailing Christmas parcels to members of the Armed Forces overseas:

1. Surface Transportation, Oct. 16 to November 11.
2. Space Available Mail (SAM) October 21 to December 1.
3. Airmail, December 1 to December 11.

The term "Armed Forces overseas" includes personnel of the Armed Forces, members of their families, and U. S. Civilians employed overseas who receive their mail through an APO or FPO, New York, San Francisco, or Seattle.

The "Space Available Mail", referred to above, consists of gift parcels weighing not more than five pounds and measuring

not more than 60 inches in length and girth combined addressed to members of the armed forces in Vietnam, which will be provided air-lift service on a space available basis from the west coast even though prepaid at the surface rate.

Needless to say, Christmas parcels going overseas will have a rough trip and must be packed with that in mind. The bounds should be strong, wrapped in heavy paper and tied with strong

cord. Equally important is the use of plenty of cushioning material inside the box. Unless tightly filled, boxes are likely to be crushed. A slip showing contents of the box, and the name and address of the sender and addressee should be enclosed. Addresses must be legible and complete.

The earlier a parcel is mailed, the better chance it has of arriving on time and in good condition.

With modern medicine doing so well at increasing our life expectancy, we'd better be careful about adding to the national debt. We might have to pay it ourselves instead of passing it on.

**CARD OF THANKS**

We wish to take this means of thanking all our friends and neighbors for the flowers, food, cards of sympathy, and for your every act of kindness shown us during the passing of our loved one.

May God bless each of you in our prayer.

**SMALL SAVINGS ADD UP TO MANY DOLLARS**

..... **By Grace Chandler** .....  
County Home Dem. Agent

Small savings can add up to dollars over the year. And this is particularly evident where automobiles are concerned.

An automobile is the most expensive item, next to a house, that a family is likely to buy. The average car owning family spends about \$900 per year on automobile expenses. This is more than is spent on clothing, medical care, household expenses or any other item except food.

Dollars can be cut off the operation expenses of an automobile. Change from premium to regular gasoline, unless the manufacturer specifies premium.

Buy the lowest grade of gasoline that will give satisfactory operation in your car. Develop good driving habits to get as much mileage as possible from the gasoline you buy. Avoid jackrabbit starts and sudden stops, accelerate smoothly and maintain steady, moderate speed. Look ahead and slow down gradually.

Keeping a car in good condition helps to cut depreciation to a reasonable minimum. Have periodic tuneups and oil changes, carburetor checks occasionally and keeping filters clean.

Regular washing keeps the finish looking new longer, and protection from the sun, snow, salt water and other elements mean a longer life for the paint and body of your car.

Rouge is the most misused of all the cosmetic glamour products. Consequently, many women are afraid to use this most important beauty aid.

But every woman should use rouge in her daily make-up routine. Rouge counteracts the natural droop of the facial muscles by drawing attention up toward the cheekbones, brightens eyes and gives a healthy glow to dull complexions.

In keeping with today's natural, unmade-up look, Fashion Two Twenty has created the ideal rouge. This delicate peaches-and-cream cosmetic goes on easily, and blends beautifully with all skin tones or lipstick shades.

Here's the proper way to apply rouge:

1. Place a tiny dot of rouge at a point the width of two fingers away from your nose.
2. Tenderly blend the rouge upward along the cheekbone to the hairline until your cheeks shyly flush with color.
3. Lightly press translucent powder over your face.
4. After make-up is completed, gently pat a moist sponge over your entire face.

Notice how your eyes sud-

denly appear larger. That tired look has disappeared.

Today's lively, colorful fashions call for make-up that's just as vivacious as a gal's wardrobe. So, don't let a pale, wan complexion detract from your good looks.

Remember, a subtle blush of rouge will give your "pretty face" the bright, lively look of now.

**INDUSTRIAL FOOT HEALTH CUTS COSTS**

Foot fatigue and disorders are a leading cause of industrial accidents, employee absenteeism, and lowered morale.

In addition to the obvious personal discomfort to the employee, foot ailments are estimated to cost American business approximately \$125 million a year in clerical errors, delayed deliveries, cancelled orders and lost production.

In one plant, for example, a worker's elbow was caught in a whirling machine and a costly industrial insurance claim plus the loss of a skilled worker resulted. The real culprit in this accident, however, was a painful bunion which the employee had neglected. In order to shift his weight from the aching foot, he supported himself by resting his elbow on the edge of the machine. A sudden slip forced the elbow into the mechanism.

Studies made of industrial workers show that the average employee moves his weight from foot to foot approximately 39,600 times a day. In walking one mile, he forces 181 tons of his own weight down on his feet. Retail store clerks multiply this pressure by seven to eight times during a normal working day.

No wonder, then, that the U.S. Department of Labor reports that 26% of all industrial accidents occur to the feet and legs. It's difficult to keep your mind on your work when you're in pain and even standing becomes an effort.

To reduce this human and financial toll, many businesses are instituting foot clinics, under the direction of a podiatrist, as part of their medical departments. Depending on the need for his services, the podiatrist may visit the plant or store for a few hours a day or spend one or more full days there. Industries providing

such care for employees find that safety records improve, production increases and employee morale soars.

Insurance companies approve introduction of this service, viewing it as a means of reducing sick and accident compensation payments. Industrial foot health clinics have been endorsed by the Department of Labor, U.S. Public Health Service, Veterans Administration and AFL-CIO.

Where such clinics do not exist, employees can avoid many of the consequences of poor foot health by following some general rules recommended by the American Podiatry Association.

1. Keep your feet clean. Use warm water and a mild soap.
2. Dry feet thoroughly. Blot, do not rub hard with the towel. Use a foot powder.
3. Do not wear tight garters.
4. Avoid cutting corns, calluses or ingrown nails. Corns and calluses are nature's angry defense against a continued pressure. Seek professional care.
5. If you suffer foot injuries such as bruises, burns, cuts, cracks, or frostbite, or if an ulcer or sore appears on the foot, see your podiatrist or medical doctor promptly.
6. Be careful of exposing feet to cold and dampness. Always change your hose and shoes promptly if your feet get wet.
7. Wear the type of shoe that will give you the maximum comfort and protection for the work you are doing. Remember that run-down heels and worn soles can be the direct cause of falls.

For additional information, write The American Podiatry Association, 3301 Sixteenth St., N. W., Washington, D.C. 20010.

## FREEDOMS COUNCIL SPEAKS OUT

Awareness  
by Colleen Coward

The Freedoms Council has been very busy this past week interviewing sixteen freshmen who have applied for membership on the council. Needless to say, it was a difficult task choosing five members and an alternate out of so many, sincere, alert and knowledgeable students. These qualities are what surprised so many of the senior members who comprised the Electoral Committee. We, as seniors, often overlook or disregard the sincere desires and abundant knowledge possessed by our freshmen. This week, however, our eyes were opened, as were our mouths, as we listened to the word of these students, "I want to learn more about our democratic way of life; there's so much trouble in the world, I want to be a part of something that is doing what it can to help; I want to gain experience and knowledge of how to protect our American ideals."

Throughout the interviews there prevailed a feeling of awareness, alertness and sincerity, on the part of the students which prompted the Council to encourage the entire student body to "buckle down" and study harder, to read more, and to become aware of the events occurring in our busy world. This last encouragement concerning awareness is one of the basic purposes of the Freedoms Council, for only through awareness can we as students combat the many threats to our American society. The words of Dwight D. Eisenhower emphasize this point, "A strong society of free men must be kept fully informed. Liberty can flourish only in the climate of truth. When Americans know the truth, they are strong and free to act for the best interest of the Nation and the world."

The art of awareness is keeping mentally alert to all that goes on around you; it is being curious, observant, and imaginative. Although awareness cannot be found in a textbook, the basis for its cultivation is in education. A teacher told her students, "There is a ladder that goes right up through the floor of this schoolhouse. You can climb up that ladder as high as you want to go, but the base of it is here in this school. This is where you get on it. This is the only place you can start up it." Sometimes students become discouraged with school, studies, and grades. But America has given us this great chance—can we pass up the chance to make her great by slighting the privilege of education? By means of education students can become aware of the needs and activities of their country.

Examples of this kind of student awareness may be found in the new members which have been selected to the Council and whom we would like to welcome: Teddy Foele, Paula Wheat, Dick Scott, Jeanette Davidson, Larry Parham, and sophomore alternate, Margaret Hopson.

Travel Information Centers operated by the Texas Highway Department at seven key highway gateways and in the rotunda of the State Capitol in Austin, served as hosts to three quarters of a million travelers during 1966.

## CHOIR PLANS FOR COMING ACTIVITIES

The Gatesville High School Choir, under the direction of Bill Rucker, has recently been split into two choirs, a mixed choir and a girls' choir. It is Mr. Rucker's hope that at the end of the first semester the two choirs can be conducted at different class periods during the day.

The choir is made up of a group of 60 students from the four classes. The officers which were selected at the end of the previous school year are Bobby Thrasher, president; Brenda Bonner, vice president; and Janis Daniel, secretary. There are also five section leaders that help Mr. Rucker hand out music and that learn the new music before it is given to the other students in order to help them learn it more easily. These five students are Barbara Bennett, Paul Edwards, Martha Parrish, Wayne Shirley, and Cathy Ussery. The choir's pianist is Colleen Coward.

At present the choir is preparing a program to be given at the Lions Club on Oct. 4. Also, in October the choir members will go to Brownwood for all-regional try-outs and to Tarleton for a choir clinic.

In December the choir will give a Christmas program for the student body and program for the public.

Later on in the year Mr. Rucker is planning a presentation of a musical although the plans for it are not definite yet. He hopes to announce the name of the musical and the date it will be presented some time in the near future.

## SPIRIT RUNS HIGH

### AT GHS

Gatesville High School spirit was greatly boosted last week by a street painting and two pep rallies. After the freshman football game Thursday night, Sept. 21, there was a street painting in the high school parking lot. GHS cheerleaders, Cherry Tatum, Jackie Fry, Debbie Dyer, Debbie Hairston, and Carla Pfeiffer conducted the street painting. An early morning pep rally was held Friday, before daily classes began. The cheerleaders led the students in several yells and the singing of the Alma Mater. The regular Friday evening pep rally was recognized by Coach Gunlock as the best pep rally of the three the school has had. One of the tri-captains Bobby Cole, gave a short speech in which he expressed an optimistic outlook for the night's game. The GHS students then sang the school song, after which the players left the gym as the students clapped to the song "Hot Time."

## INTRAMURAL GAMES

Last Tuesday before the eighth grade game the intramural program opened its season with the Mustangs playing the Red Raiders.

Billy Bartlett scored two quick touchdowns for the Raiders early in the game making the score 14-0. For the remainder of the game it was all defense for both teams, the final score was 14-0.

The next intramural night game will be Oct. 10 at 5:30.

## FHA LAUNCHES MEMBERSHIP DRIVE

The Future Homemakers of America launched its yearly membership drive Tuesday, Sept. 26 with its first meeting. Martha Parrish, president of the organization, presided over the meeting, while Mrs. Nerine Kinsey and Mrs. Jeanne King, sponsors, supervised the prospective members attending the meeting.

Martha conducted the opening ceremony with the assistance of the other officers. To begin the meeting Kathy Sims, secretary, read the minutes from the last meeting and Jeffrey Neel, treasurer, reported the financial standing of the organization to the group.

Margaret Rogers, first vice president and the program chairman, introduced the program, which was a horoscope of the activities planned for the coming year. Each of the officers represented a month of the year, and told of the events planned for her designated month.

Susan Fry, historian, represented the month of June. In this month the members gave a coke party to introduce the freshmen girls to the organization. Also, in June, the officers met each Friday at workshops held at the high school.

Janis Daniel, fifth vice president represented the month of August. In this month a swim party was given for the incoming members. The party was held in Raby Park.

Martha Parrish, president, represented the month of September. In this month the first meeting was held. The purpose of this meeting was to begin the membership drive by acquainting the prospective members with the plans that the FHA had made for the coming year.

Margaret Rogers, first vice president, represented November. This month the "Toys for Tots" party is given, at which toys will be collected to give to needy children at Christmas. Also at the November meeting the FHA beau will be selected.

Dionitia Lee, third vice president, represented the month of December. This is the month for the annual Christmas party, which was described as very "unusual".

Jeffery Neel, treasurer, represented the month of January. In this month the theme for the regular meeting is "Possibilities Un-

Kay Roberts, parliamentarian, represented the month of February. In this month the junior chapter officers will conduct the regularly scheduled meeting.

Ramona Thorp, fourth vice president, represented the month of March. The program for the meeting for this month will have the theme "Morals Matter."

Joan Sayetta, pianist, represented the month of April. This is the month that the State Convention is held. Four girls, two from the junior chapter and two from the senior chapter, will be selected on the basis of their work in FHA to go to the convention. One week in April is designated as National FHA Week. To honor the occasion the local chapter will present a program to the student body. Also, April is the month for the election of officers.

Kathy Sims, secretary, represented the last month of the school year, May. In this month the Mother-Daughter Banquet and the installation of officers will be held. Also, plans for the June workshops will be made.

It was also announced at the meeting that Margaret Rogers and Martha Parrish will work in a booth at the Heart of Texas Fair sponsored by the Future Homemakers of America. These two girls will be the Gatesville chapter representatives. The girls will work from 8 p. m. to 9 p. m. on Saturday night, Oct. 7.

## LIBRARY RECEIVES THREE NEW BOOKS

The library has recently received two books in memory of Mr. L. C. Gibson, father of Mrs. L. C. McKamie. Allan Place gave *Get in the Game* by Bill Glass, and Mr. and Mrs. Dwain Place gave *That Girl in Your Mirror* by Vonda Kay Van Dyke, each honoring Mr. Gibson.

Another gift book added to the library this week is *Life Around Us* which will be used as a reference book in seventh grade science classes. Mr. Glenn Whittenberg, principal of Junior High School, gave this book to the library.

## JUNIORS SPONSOR CONCESSION STAND

The juniors operated one of their two annual concession stands Friday, Sept. 22. Miss Sarah Boone and Mrs. Gail Callahan were in charge. Miss Boone was in charge of food preparation and getting volunteers to work. Those working were Don Bohne, Sharon Brown, Clarence Baker, John King, Anne Shults, Lynn Hensen, Sharon Hightower, Harmon Rogers, Corliss Worthy, Jeannie Warden, Kathy Blanchard and Barbara Parks. Each junior in every class contributed in one way or another. The class made \$135.00 which will go toward the junior-senior banquet. The juniors will work another concession stand the night of the San Marcos game, Nov. 10.

PENSACOLA, FLA. (FHTNC) Sept. 11— Marine Reserve Second Lieutenant David V. Martin, son of Mr. and Mrs. J. B. Martin of Rt. 1, Gatesville, has completed courses in basic aerodynamics and aviation physiology at the Navy's Flight Preparation school at the Naval Air Station, Pensacola, Fla.

In addition, he received courses in air operations, air navigation, power plants and accessories, as well as physical fitness and swimming.

After completing his next phase of training under the Naval Training Program he will receive his "Wings of Gold."

USS ENTERPRISE (FHTNC) Sept. 12— Ship's Serviceman Third Class Elmo H. Bond, USN, son of Mrs. Inez Bond of 2402 E. Bridge Street, Gatesville, and husband of the former Miss Priscilla M. Lakeman of Rt. 2, Carmel, Maine, has reported aboard the nuclear powered attack aircraft carrier USS Enterprise.

He joined the carrier's 5,000 man crew during a recent repair and maintenance period in San Francisco Bay.

The 90,000 ton carrier recently returned from the coast of North Vietnam where her planes flew strikes against the supply lines of the north. This was the second combat tour in Vietnam for the Enterprise, the world's largest warship.

**COUNSELOR'S NOTES**  
The eighth graders are receiving test results from last year. Sections 8-1, 8-2, 8-5 have received their Metropolitan Achievement Battery and will receive their Academic Promise Battery in about two weeks. Sections 8-3, 8-4, and 8-6 will be receiving both Metropolitan and Academic Promise results the last of this week or the first of next week. Any parent who would like these results explained, please feel free to come by the counselor's office.

The seventh graders have been busy filling out basic information forms to add to their previous school records.

Silsbee is 13th in the Harris ratings with a power mark of 125.9.

Wichita Falls Hirschi remained Harris' top team (140.2) followed by Brownwood (135.0), Monahans (134.6), El Campo (134), and Lake Highlands (133.5).

Rockdale in fifth spot is followed by Ennis, McKinney, Seminole and Kermit.

The AP sees 't as Brownwood, Ennis, Hirschi, Dumas, Rockdale, and Silsbee, Nacogdoches, Lake

Highlands, McKinney, and Odessa Ector.

District 13-AAA schools were wide spread in the latest release.

San Marcos jumped 24 places from 55th to 31st (power rated at 117.4) on its 33-0 whitewash of Gonzales.

Taylor fell to 36th (116.5) as it was forced to come from behind to eke past Georgetown 23-22. The Ducksh ad originally jumped from a pre-season 46th to 14th.

Belton moved from 5th to 48th (114.0) while Gatesville slid another 18 places from 50th to 68th (109.8).

New Braunfels managed to climb 10 places back on the basis of its win over Beeville, from 113 and 91.2 poer index to 103 and 97.7.

Lockhart continued its slide, moving to No. 106 (95.4) from 90th (102.6).

And even Lampasas, No. 126 (82.0) among the 130 triple A teams listed by Harris, found it possible to fall. The Badgers dropped to No. 128 (82.0) but may find it difficult to sink lower.

## What To Do In a Tornado

- People in open country can view the approach of a tornado and move at right angles to its path. If there is no time to escape, lie flat in the nearest depression, such as a ditch or ravine.
- In towns or cities, seek shelter inside, preferably in a substantial building. Stay away from windows.
- The southwest corner of the basement of a frame house is safer than in a brick or stone house. If there is no basement, lie down on the first floor under a table or bed (preferably in the southwest corner).
- Urban schools: Stay inside, away from windows; remain near an inside wall on a lower floor. Avoid auditoriums and gymnasiums.
- Rural schools of frame construction: Teachers should move children to a safe place.
