HOME COMING WEEK IN GATESVILLE

FRIDAY, OCTOBER 27 IS HOME COMING DAY FOR GATESVILLE SCHOOLS

Fall is here! The smell of leaves burning covers the countryside, the cool north wind begins its yearly toil and it's Homecoming in Gatesville.

Homecoming is a different thing to all people. For some it is a chance to meet old friends and to make new ones. For others it's the color, excitement, and pageantry of a football game and the crowning of a queen. But for all it's Homecoming.

The Homecoming activities begin Friday afternoon, October 27 with the traditional Hornet pep rally at the GHS gym. Then of course, the big homecoming game Friday night with Belton Tigers. At the halftime ceremonies at McKamie Stadium one of three lovely duchesses—Jackie Fry, Cherry Tatum and Janis Daniel will be crowned the 1967 Homecoming Queen.

At the Ex-Students Association general meeting Saturday night the 1967 Outstanding GHS student will be presented the N. S. Graves award for making outstanding contributions to the world.

The presentation of this award was made an annual occurrence in 1963.

The honor classes for this year are the classes of 1907, 1917, 1927, 1937, 1947, 1957 and 1967. At least three of these classes have scheduled reunions.

Members of the class of '17 which was graduated half a century ago, will gather in the home of Miss Leta Bennett, 401 Fennimore Street, at 4 p. m. Saturday Oct. 28. Miss Bennett has ex-

tended an invitation to all members of that class and their families. There were 48 in the class.

The Class of '27 will meet at 2 p. m. Oct. 28 in the National Bank Civic Room. Invited to this reunion, along with class members, are all their friends.

Members of the Class of 1947 will meet at the Gatesville Country Club at the close of the Ex-Students Association meeting the night of October 28.

The Ex-Students Association meeting will be preceded by a barbecue supper served at 6:30 p. m. October 28 in the high school dining hall. Association officials need to know how many people to prepare for, and money is needed to finance it.

JONESBORO LIONS CLUB HEARS HIGH SCHOOL STUDENT AT MEETING

The Jonesboro Lions Club met Monday night in the Fellowship Hall of the Methodist Church. They enjoyed a sumptuous meal together, which was prepared and served by Mrs. Francis Vise and Mrs. Wesley Jones. It consisted of baked ham, buttered bread, green beans, whole kernel corn, onions, pickles, radishes, cake squares, coffee and tea.

The speaker of the evening was Miss Ruth Ann Wilhelm, a senior student of Jonesboro High School. Ruth Ann is president of Area 3 Home Makers of America. She attended the National convention in Los Angeles, California this summer and has done quite a lot of other traveling in her official capacity as representative of our Area. She spoke on "Americanism", and among other things she made mention of all the bad publicity our young people are getting which represents only a small percent of total. She said she believed it was high time for our press to emphasize the many fine things our young people are accomplishing and play down the extreme and undesirable.

In the business session it was noted that eight families have requested a home for rent in the Jonesboro Community in the last week. A committee of two was appointed by Lion President Wayne Pruitt, for the purpose of contacting property owners with lots for sale or houses for rent. The committee is composed of L. D. Young and Rev. Wesley Jones, pastor of the Methodist Church.

The motion was made by Taylor Young Jr and passed unanimously that the price of the evening meals be raised from 75c to 91.

Lion P. T. Lemmons made a report on the completion of a section of bleacher seats at the school football field. The cost was \$556 and the Lions Club instrumental in getting this accomplished with the backing of the entire community. Mr. Lemmons

GATESVILLE CITY BUDGET \$347,769 FOR NEXT YEAR

During an overtime session at its regular October meeting, the city council approved the final details of 1967-68 municipal expenditures and came up with a \$347,769.14 budget.

That's about \$26,000 higher than the budget under which the city operated during the year that ended last September 30. It will be financed by \$5,000 in tax revenue and more than \$250,000 in income from the water and sewer systems, garbage collection fees, cemetery lot sales, etc.

Biggest single item in the new budget is a new water well near the reservoir on Highway 84 east of Gatesville. Plans and specifications are now being drawn by Layne Texas Co. of Dallas, and bids will probably be asked on the project within 30 days. The well which will produce from 750 to 1,000 gallons of water per minute, was first figured to cost around \$45,000 but new estimates have jumped to close to \$60,000.

"We hope to have it completed and in operation by late spring in 1968," City Manager Eiland Lovejoy said.

The council also ordered plans and specifications for a Junior Olympic-sized swimming pool and kiddie pool from Paddock Engineering Co. of Dallas. Forseen in

pool in Raby Park, but there is no money in the new budget for swimming pool construction.

JUDGE ROBERTS NOMINEE FOR VICE CHAIRMAN OF TEXAS BAR

District Judge Truman E. Roberts of Hamilton is the unopposed nominee for vice-chairman of the Texas State Bar's judicial section for 1967-68, the Bar announced.

Other officer nominees, also unopposed, are Justice Jack M. Langdon of Fort Worth Court of Civil Appeals for chairman, and District Judge James McCarthy of Dallas for secretary-treasurer.

The judicial section is comprised of more than 300 state judges whose courts range from domestic relations to the Supreme court of Texas.

Ballots mailed to the judges give them opportunity to approve the nominating committee's choices or to write in their own candidates. The judges also will vote on nominees for the executive committee and will choose between McAllen and San Antonio

stated that if it had not been for the leadership of the club as well as their contribution toward this project it could not have been accomplished.

The club also voted unanimously to contribute \$100 toward the expense of one little girl's special needs in time of treatment and specialized equipment.

There being no further business the Club adjourned.

Noel McGlaughlin Heads National Guard Unit

Noel McLaughlin, a caseworker at Mountain View School for Boys will become the commanding officer of Gatesville's National Guard company on Nov. 1.

He will succeed Capt. Maurice Campbell, Waco attorney who is resigning from the Guard to devote more time to his law practice.

McLaughlin is a first lieutenant in the National Guard and has been shop officer for the local unit — Company D of the 949th Maintenance Battalion, 49th Armored Division — since 1965.

A former football star at Gatesville High School and Tarleton State College, he was graduated from Sam Houston State College in Huntsville and received his commission after completing the Reserve Officers Training Corps program there. He then served two years on active duty. McLaughlin resides in Waco.

10,267 ARE NOW LIVING AT COPPERAS COVE

Copperas Cove's population is 10,267. The estimate is based on water meters in active service, using the ratio of persons per meter found in the 1960 census.

Cove now has 2,852 active meters and the ratio for figuring population is 3.6 persons per meter.

In September, 1966, the number of active meters had dropped to 2,029 as many Ft. Hood troops left for Vietnam.

STUDENTS ATTENDING SAM HOUSTON

The enrollment at Sam Houston State College has climbed to a new high of 7103 for the fall semester and includes students from 35 states and 22 foreign countries.

The new figure, exceeding last year's registration of 6830, also includes students from 179 countries. Harris 1982 leads in county enrollment. Other leading counties in enrollment are Walker, 836; Montgomery, 353; Galveston,

as the site for the annual judicial conference scheduled the last week of September 1968. Ballots must be returned by Nov. 6.

The 51st Judicial District, over which Judge Roberts presides, includes Hamilton, Comanche, Coryell and Bosque counties. Prior to his appointment to the bench in 1961, he was district attorney for the 52nd District.

In 1960, Roberts served as president of the Texas District and County Attorneys Association. He is a graduate of Baylor University School of Law and was admitted to the Texas Bar in 1949. He has been on the judicial section's executive committee for the past 12 months.

Fund For Cemetery Maintenance

Institution of a cemetery maintenance trust fund has been ordered by the city council to gain additional funds for perpetual care of city-kept cemeteries.

The fund has \$500 for a starter. It was a gift designated for this purpose by Daniel B. Lovejoy of Summit, N. J., in memory of the William Voss family.

The mechanics of setting up and administering the trust fund are still to be worked out, but envisioned is an investment fund the interest on which will pay a major portion of the cost of cemetery maintenance. This expense is presently met with tax money.

"We hope that other families and individuals will make memorial contributions to this fund, and it is planned to also place in it some of the money gained from the sale of cemetery lots," Mayor Wendell Lowrey explained.

Cemetery funds now on hand are earmarked to purchase additional land for cemetery expansion.

Lovejoy also made a \$500 contribution to the Arnett Baptist Church memorializing the Voss family.

334; and Brazoria, 230. New York leads in out-of-state students with 22.

The freshman class is the largest with 2,654. The senior class with 972 members is the smallest. Men outnumber women in the total registration 3,941 to 3,162.

Students attending Sam Houston from Gatesville include Sharon Ann Campbell, Jonny Lee Graham, Oscar Maurice Lathan, Leah June Leach, Billy Bob McCarley, Edward P. Reynolds, Carol Ann R. Scott, James Alvin Scott, Carol Ann Smith, and Gaines Marcus Smith.

LOCAL CONTROL NEEDED

URBAN UNREST

Our cities have many problems. No one will deny that. However, the causes of urban unrest won't be eliminated merely by the appropriation of more and more tax money. Leadership and

sound programs at the state and local level are the great need.

Federal funds for metropolitan areas have increased from \$3.9 billion in 1960 to an estimated \$10.3 billion in fiscal 1968. In fact, federal appropriations for programs in our cities have increased by 165 percent in less than a decade.

For example, in the last five years over \$3 billion has been appropriated for urban renewal, over \$1 billion for low-rent public housing, over \$1½ billion for neighborhood facilities and college housing.

These figures do not include more than \$2 billion for the poverty programs and other billions for such programs as highways, education, pollution control, welfare, and other federal programs.

Congress is deluged with pleas

to allocate many more billions in an effort to solve the problems of the cities. But it seems that the greater the flow of taxpayers' funds into our metropolitan areas, the more unrest we have, continuing evidence that congressional spending alone will not end the urban problems. Local leadership must supply the answers.

**FUNERAL HELD FOR
LEVITA AREA PIONEER**

Funeral services for Mrs. Artie M. Quicksall of San Angelo, former Coryell County resident, were at Levita Baptist Church Saturday. Burial was in Levita Cemetery.

Mrs. Quicksall died in a San Angelo rest home Thursday. She was 80.

Mrs. Quicksall lived in the Levita area most of her life before moving to San Angelo 15 years ago. She married John

Quicksall, a farmer, in 1907. He died in 1934. Mrs. Quicksall was a member of the Assembly of God Church.

Surviving are four sons, Ernest Quicksall of Eddy, Elvis Quicksall of San Angelo, D. L. Quicksall of LaJunta, Colo., and Floyd Quicksall of Albuquerque, N. M.; two daughters, Mrs. Eunice Smith of Kilgore and Mrs. Olene Lee of San Angelo; a sister, Mrs. Leo Voss of Gatesville; three brothers, Luther Braziel of Levita and Lige Braziel and Inch Braziel of Gatesville; 10 grandchildren and nine great-grandchildren.

the
element
of surprise

If you've never cooked electrically, you're due for a pleasant surprise when you do. The heat from an electric range surface element doesn't smudge or blacken pots and pans. That's because electric heating elements are flameless. They cook with pure radiant energy. So you spend less time scouring. You'll also notice that flameless electric heating elements cook cooler. They send their heat into the food by direct contact with utensil bottoms, do not waste it into the kitchen air. See the new electric ranges at your dealer's soon . . . for cleaner, cooler cooking the modern flameless way.

ECON JUNCTION NEWS

Mr. and Mrs. E. W. Rogers spent last week end with his sister and family, Mr. and Mrs. J. Bragwitz. His mother, Mrs. Marley Wood went home with them for a visit.

Mr. and Mrs. E. R. Haney of Fort Charlotte Fla have been visiting Mrs. Haney's mother, Mrs. Walter Robinson and spent several days also visited Mr. Haney's brothers in Waco. While they were here Mr. and Mrs. Lee Robinson and family of Fort Worth came to visit also and to

see her sister, Mrs. Haney. Mr. and Mrs. Billy T. Robinson spent a couple of days with all of them.

Mr and Mrs Joe Whigham had Mr. and Mrs. Bob Arnold and children Sunday.

We have heard that Doak Havins is improving some lately.

Mr. and Mrs. Pete Curtis visited Six Flags Sunday and carried the children to see all the sights and they had fun.

Mr. and Mrs. William Walls spent one day last week with Mr and Mrs. John Whigham. Her nephew, Jimmy Saudlan of Denison spent last Friday night with them.

Miss Paula Spencer has gone

to live with her grandmother in Oglesby so she could go to the Oglesby school.

Mrs. Billy Robinson is busy painting the living room in her home. It is going to look real nice when she gets it finished.

Mr. and Mrs. Loyd Allen of Killeen visited her mother and father Tuesday and had a big bunch of children, grandchildren of Mr. and Mrs. Bud Spence.

OGLESBY SCHOOL

REUNION OCT. 28

Oglesby School homecoming will be held Saturday, Oct. 28.

Activities start at 3:30 p. m. with dinner from 5 to 6 p. m. Tickets are \$1.25.

My Neighbors

"Daddy home, fella?"

With God all things are possible.—(Matt. 19:26)

There are within the body marvelous capacities for healing and renewal. Even when a healing need is very great and the condition is considered most serious, healing can come forth, restoration can take place. This is proved time and time again. Every day letters come to silent unity telling of healings of conditions that had been pronounced hopeless or incurable. We believe in healing. Through the years of the silent unity work we have rejoiced in reports of healing or conditions of every kind.

It's Time For A Clean-In

Housecleaning has been an important part of a homemaker's job since the first ingenious gal snapped a leaf-covered branch from a nearby tree and used it to brush accumulated debris from her cave home.

Through the years, methods of cleaning have made slow progress from the tree branch to straw brooms to electric powered portable vacuums of every size and description.

Today it's common for the homemaker to have a variety of cleaning tools—brooms, mops and powered equipment to keep up with the needs of a live-in household.

Just take a peek in the storage closet of a typical household. It shouldn't be too surprising to find at least one upright vacuum, a canister vacuum and a hand vacuum — each with an assortment of tools and replacement dust bags — a long handled broom, fire place broom, whisk broom, dust mop, wet mop, sponge mop, hand mop, buckets and a hodge-podge of other gadgets and gimmicks.

Could it be that the homemaker has become so routine-oriented that she no longer looks for a better, easier and faster way to accomplish her home cleaning? Even though she may enjoy housecleaning to some degree, it is doubtful that the homemaker finds pleasure in lugging around heavy vacuum cleaning equipment, tubing, tools and attachments with a power cord to trip over, hang-up on furniture or to get caught on the cleaner's wheels.

According to Whirlpool Corporation, leading appliance manufacturer, the common collection of cleaning equipment is not only space consuming, costly, and in many ways unpleasant to use, but also a needless assemblage. A central home cleaning system, on the market today, make the multiple vacuum and cleaning devices as antiquated as the tree branch.

Whirlpool central cleaning systems — called Jack Vacs — consist of a central power unit which is located in a basement, garage, utility room or closet — anywhere away from the living areas of the home — with sealed vacuum tubing connecting wall outlets in strategic

locations throughout the house, patio and garage, for full home cleaning.

To use, a homemaker simply plugs one end of a lightweight hose into the wall jack, connects a cleaning attachment to the other and presses a power switch at the wall outlet. There's no power cord, no heavy power unit, no wheels and — no noise other than the air suction.

Dirt removed from the rooms travels to the collection tank at the power unit through the sealed tube — and it cannot recirculate into the room. Dirt collection tank is so large that emptying is a once-in-a-great-while task.

Some systems, such as the Whirlpool wet-and-dry model, never need cleaning. This model has a power unit that connects directly into the sewage system so that liquid spills as well as dirt and dust can be picked up with a vacuum attachment, and whisked away forever.

Vacuum power in the central system does not diminish as it does in upright or canister units when collection bags become full. There's full suction power at all times.

With the wet and dry system a homemaker can wash and dry

windows, pick up accidental liquid spills and even scrub tile walls and floors.

A special rug cleaning attachment has a vacuum power head with revolving brush roller for deep pile cleaning. Another special clipper attachment can be used to clip children's hair or trim the family poodle. Clipper operates off vacuum power alone. Hair clippings are whisked away into the dirt collector tank with no mess to clean up.

Typical central system installations include outlets in the garage for general cleaning purposes and for cleaning the family automobiles. Outlets can also be installed on the exterior of the home for cleaning the patio, porch or sun decks.

It has been Whirlpool's experience that an average three bedroom home will require about five jacks for total cleaning needs.

Central cleaning systems like the Jack Vac can be installed in any new or existing home. A complete installation by a trained installer can be made in an existing home in about one day. Special do-it-yourself kits containing power unit, all components, tubing and valves also available from Whirlpool.

HIS SECRETARY

He lets her do the office supply buying and where does she go?

Jones boys inc ltd & sally maude's is the answer!

Just about everything in office supplies rubber stamps, notary seals, legal forms.

We could go over the entire list, but we'd surely leave out something.

Prices are in line, and what we don't have can be had in a couple of days. Place your order NOW.

JONES BOYS INC LTD & SALLY MAUDE

705 Main Street Jones Bldg. We Deliver 865-6397

Mr. and Mrs. James Billingsley, Mary and H. J.; Mrs. Lena Billingsley drove to Tyler for the week end. There they met their son and wife and baby, Mr. and Mrs. James Loyd Billingsley and Jimmy Don from Arkansas.

Mr. and Mrs. A. T. Jones of Hamilton called on the George Parrishes Sunday afternoon.

Others calling were Mrs. Walser, Mrs. Vera Shaffer, Mrs. Mary Darilek, Mrs. Springston, Mr. and Mrs. Marvin Winningham; also Mr and Mrs Fred Grubbs of Purmela.

The Gayle Calhouns drove to Granberry Sunday to visit their son and family, the Douglas Calhouns and on Monday they called on Mrs. Mary Burton and Mrs. Birtha Spencer in Gatesville.

G. W. Parrish left for Galveston Sunday to be with his nephew

Johnny Frank Woolner who was having surgery Monday morning in John Sealey Hospital. G. W. also visited in Houston with Mr. and Mrs. Bill Woolner.

The Liberty Ladies Club met Tuesday afternoon in the home of Mrs. Bishop Sanders. There were 16 ladies present. Mrs. Fred Grubbs will be hostess for the next meeting which will be Oct. 24. Visitors are welcome.

Mrs. George Parrish who has been on the sick list is improving and was able to attend the Ladies Club Tuesday.

Mrs. G. J. Baize and Miss Gladys Baize and Mrs. Leona Billingsley visited Wednesday in the A. O. Carpenter home in Jonesboro.

Calling in the Clovis Belvin home over the week end were Mr and Mrs. Gene Dowell and baby Gerald of Waco, Mr and Mrs E. J. Belvin and Troy of Gatesville.

Thursday night guests in the home of Mrs. John Laxson were Mrs. Etta May Blair, Navasota.

Mr and Mrs Fred Grubb went to Nolanville Sunday afternoon and called on friends, Mr and Mrs. Ben Thompson.

Mr. and Mrs. A. B. Graham attended the Heart O' Texas Rodeo in Waco last Thursday and spent the night in the Raymond Brod home.

Mrs. Bob Johnson of Waco visited her grandmother Mrs. J. O. Winslar, Sr. over the week end.

Mr and Mrs L. A. Brewer called Sunday afternoon in the home of his sister Mrs. Bessie Maddox. Other visitors were Mrs. Maddox's daughter and family. Mr. and Mrs. Bill Bass, Candie and Lisa of San Angelo.

Mrs. Megg Williams of Copperas Cove, Mrs. Ivy Edmondson and Mrs. Mary Pool of Arnett called in the home of Mrs. Bishop Sanders one day this week. Paul Edwards of Gatesville was guest speaker for the morning services at Purmela Baptist Church and was a dinner guest in the Jackie Parrish home Sunday.

Speedy Supper

by Betty Crocker

You know the kind of day when you're so rushed, you scarcely have time to think about a good hot supper for the family? Well, here's a menu I hope you'll save for just such a hectic day this fall. Our menu features tempting Creole Pie, Green Beans, Black-eyed Susan Salad. For dessert, serve ice cream and cookies. Plan to chop the celery, onion and green pepper, and section oranges the night before or in the morning. Refrigerate in plastic wrap or bags. Then you can walk in the door at 5:55, follow my timetable below and have an appetizing hot supper on the table by 6:30!

- 6:00 Prepare Creole Pie
- 6:10 Set table, wash greens
- 6:15 Bake biscuit crust
- 6:20 Cook green beans
- 6:25 Arrange salads
- 6:30 Creole Pie out of oven, green beans in a bowl; supper is served and you're the heroine!

CREOLE PIE

- 1/2 cup chopped celery
 - 1/4 cup chopped green pepper
 - 2 tablespoons chopped onion
 - 2 tablespoons shortening, melted
 - 1 pound ground beef
 - Biscuit dough
 - 1 can (10 1/2 ounces) tomato soup
 - 1 teaspoon salt
 - 1/4 cup water
- Heat oven to 450°. Cook and stir celery, green pepper and

onion in hot shortening until onion is tender. Add ground beef; cook until brown, stirring occasionally. Prepare rolled Biscuit dough as directed on Bisquick package except — roll dough into 10-inch circle. Fit gently into 9-inch pie pan. Flute edge. Bake about 15 minutes. Drain excess fat from meat mixture; stir in soup, salt and water. Heat thoroughly. Pour hot meat filling into hot baked shell; cut into wedge-shaped pieces and serve immediately, 6 servings.

Black-eyed Susan Salad: Arrange orange or grapefruit sections in a circle on greens. Place pitted dates in the center. Serve with a bottled fruit salad dressing.

To prepare French-style green beans, cook as directed on the package. Toss with butter, salt, pepper and slivered almonds.

Top Off With Toffee

A far cry from the usual kind of dessert to serve with after-dinner coffee are these crunchy chocolate-topped squares. Made with Post Grape-Nuts Cereal, this confection has a delicate nut-like crunch and flavor. So easy to do, too, you'll add this recipe to your "success" file immediately. A variety of other recipes using crunchy nut-like cereal nuggets has been compiled in a handy leaflet now available. Just send your name and address including ZIP code to: Special Request Recipes, Box 3024, Kankakee, Illinois 60901.

Chewy Toffee Squares

- 1 1/2 cups crunchy nut-like cereal nuggets
- 1/2 cup butter or margarine
- 1/4 cup dark corn syrup
- 1 1/2 teaspoons vanilla
- 3/4 cup firmly packed brown sugar
- 1/2 teaspoon salt
- 1 package (6 oz.) semi-sweet chocolate chips

Combine cereal, butter, syrup, and vanilla; let stand 10 minutes. Blend in sugar and salt; press into a well-buttered 8-inch square pan. Bake at 400° for 12 minutes. Cool thoroughly. Then loosen candy by striking pan on hard surface; remove from pan. Melt chocolate over hot water and spread over candy. Chill. Cut into small squares. Makes about 30 pieces.

Mr and Mrs Fabian Klecka and Miss Linda Conway of Gatesville visited in the L. A. Brewer home Saturday. Sunday guests were Mr. and Mrs. W. D. Lynch of Gatesville.

REMOVE WARTS!

Amazing Compound Dissolves Common Warts Away Without Cutting or Burning
Doctors warn picking or scratching at warts may cause bleeding, spreading. Now amazing Compound W® penetrates into warts, destroys their cells, actually melts warts away without cutting or burning. Painless, colorless Compound W, used as directed, removes common warts safely, effectively, leaves no ugly scars.

Mr. and Mrs. Douglas Calhoun and children of Granberry and Mr. and Mrs. Bill Warren and children. Mrs. Mary Buster of Gatesville were Saturday guests in the Gayle Calhoun home.

Mr. and Mrs. Joe Davis and children, Micky, Vicki Lun and Randy of Austin spent the week end with his parents, the Edd Davises.

'SAVE THOSE SOUVENIRS

USE THIS DOUBLE FOLD

Tourists exploring market-places all over the world delight in "finds" of beautiful native wools—but they often neglect to make sure that those bargains stay bargains once they get them home.

A Mexican rebozo makes a marvelous souvenir, but there's no way of telling if it's moth proof. Don't take chances with your treasures—take these tips from the Moth and Carpet Beetle Information Center.

1. All items to be stored should be clean, given a good dose of paradichlorobenzene (better known as para) and placed in a moth-proof, airtight, light-proof aluminum foil wrapping. Contrary to popular belief, it is the vapors that kill—not the odor of the moth preventive. When sealed with a tight double fold, super-strength Alcoa Wrap retains these vapors because it is impenetrable.

2. The foil wrapping method saves cedar chest space—packages can be tucked into a drawer or placed on a cupboard shelf. It's also a good idea to seal your packages with masking tape, and mark them for identification.

3. When mothproofing closets, place crystals on a high shelf or suspend them from a clothes rod or hook high in the closet, since the vapors from the moth crystals are heavier than air and tend to sink to the bottom.

4. Use 2 pounds of para for every 100 cubic feet of space. A closet that is 7' high, 5' wide and 3' deep (105 cubic feet) would require a bit more than two pounds of a good quality para such as Reeser-Galler moth crystals.

5. For a free booklet and information on storing wools, send a postcard to Woolens in Foil, 1661 Alcoa Bldg., Pittsburgh, Pa. 15219.

FORT HOOD FORCES

ENGAGE 'ENEMY'

WITH U. S. FORCES IN "JACINTO" — A United States Army task force made its first contact with enemy troops in this "small Tatin country" at 10 p. m. Tuesday. At 2 p. m. Wednesday an operations officer reported the main body of the invading force from "Chisos" had been pushed back almost 30 miles.

Lt Col. Calvin Emery, in charge of operations said the joint task force is made up of III Corps units and the 12th Air Force which arrived here Saturday.

Casualties during the first day's fighting were reported as "moderate."

Col. Emery said the 1st Armored Division had reported a counter attack against one of its units about noon but the attack had been repelled. He said there were indications during the day of enemy use of chemical warfare.

When Jacinto was invaded by Chisos and that country's aggressor allies, the small nation appealed

to the United States for help under a prior mutual assistance pact.

The U. S. responded with a task force advance party which landed here Sept. 23. At the same time, preparations were made at III Corps headquarters at Fort Hood for deployment of the assigned units. Preparations were completed Oct. 10 and the troops were landed in Jacinto Saturday.

Col. Emery said the Jacinto I Corps fought a delaying action as it was pushed south by the invaders and moved back through U.

WOMEN PAST 21 WITH BLADDER IRRITATION Suffer Many Troubles

After 21, common Kidney or Bladder Irritations affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondly, you may lose sleep and suffer from Headaches, Backache and feel old, tired, depressed. In such irritation, CYSTEX usually brings fast, relaxing comfort by curbing irritating germs in strong, acid urine and by analgesic pain relief. Get CYSTEX at drug-gists. See how fast it can help you.

DID YOU KNOW THAT:

Tiny insects, smaller than a grain of rice, have been responsible for killing 33 1/4 million cubic feet of pine timber in East Texas over the eight year period 1958-1965. Timber killed would build 3000 average sized homes. The culprit is the Southern pine beetle. The Texas Forest Service, U. S. Forest Service, forest industry and timberland owners have teamed up to combat this menace to our valuable East Texas forests.

Be sure to have your brakes checked before it is too late. We'll adjust or replace your brakes at little cost. Drive in today for fast, efficient service. No waiting.

Handy Tips For Preschooler Bathtime

Bathtime is fun time — if you're three years old! And mothers of preschoolers know that this is the time to help children develop good cleanliness habits.

Many youngsters will try to bathe themselves, imitating mother, as soon as they can reach their feet. This is mother's first clue that she can begin teaching her youngster to wash himself. She must guide his hand and show him how. Soon he'll be able to bathe with only a few directions from her.

Playing in the water is still a big treat, though, and it may seem easier to let him play, dry him off, and tuck him in for the night.

But instilling proper cleanliness habits when a child is young pays off for him through adolescence and adulthood.

Cleanliness and good health habits are important all our lives, and the ideal formula of soap 'n water stays with us through adulthood. To guide you through the "how" and

"why" of soap 'n water cleanliness for their babies and preschoolers, the makers of Dial soap have prepared a booklet, "Soap 'n Water — The Ideal Formula." This colorfully illustrated, 16-page booklet provides step-by-step directions for bathing baby, bathing and washing preschoolers, and includes special sections about diaper rash and cuts, scratches, and abrasions. Guidelines for teaching good cleanliness habits explain how to help youngsters develop good grooming habits.

For your free copy, write Research Laboratories, Armour Grocery Products Company, P. O. Box 4309, Chicago, Ill. 60680.

S. units to take up positions on the U. S. west flank.

Emery said the main attack is being launched to the north and "Does the above sound real?"

It's not. This is Caballo Blanco, III Corps and Fort Hood's first off-post command post exercise since 1965 and it's being conducted right here in Central Texas.

According to unit commanders, the maneuver is "going well."

Lt Gen. George R. Mather, III Corps and Fort Hood commander, told a group of his Civilian Advisory Committee members Wednesday morning that the move into the field had been "made very smoothly." He said the ground had dried after Sunday's

rains and no damage had been done to private property or roads. He expressed gratitude to landowners for their "courtesy" in allowing the Army to use the property. But just the same, Col. L. H. Williams, III Corps judge advocate, is on hand in case any problems do arise. He said any damage will be immediately repaired. "We want to come back again" he said.

Col. N. G. Steward who heads up III Corps G-1 section (personnel) is also in the field during the CPX. He said troop morale is "very high".

The Texas Highway Department spends \$1.5 million a year clearing litter off roadsides.

There is evidence that the game of polo was played in Persia as early as the time of King Darius.

Now Possible To Shrink Hemorrhoids

And Promptly Stop Itching, Relieve Pain In Most Cases.

Science has found a medication with the ability, in most cases—to relieve pain, itching and shrink hemorrhoids. In case after case doctors proved, while gently relieving pain, actual reduction took place. The secret is Preparation H®. It also soothes irritated tissues and helps prevent further infection. Just ask for Preparation H Ointment or Suppositories.

Hearing Aids Go To Viet Handicapped

Help for the handicapped is now being extended to needy citizens in South Vietnam. Through the efforts of a group of Florida businessmen, more than 200 partially deaf Vietnamese recently received hearing aids following a statewide drive to collect used instruments.

The project was launched by members of the Florida Hearing Aid Dealers Association, a chapter of the National Hearing Aid Society. The FHADA examined and repaired all instruments before shipment to South Vietnam. Distribution of the hearing aids is currently being coordinated by Major E. K. Stoddart, a member of the Florida group.

Major Stoddart praised the hearing aid dealers for their worthwhile campaign when he was guest of honor at a recent FHADA meeting in West Palm Beach, Fla. Also on hand to commend the members was Anthony DiRocco, Executive Secretary of the NHAS, who recommended conducting the drive on a national level. Mr. DiRocco is shown above (right) with Major Stoddart (center) and John B. Nafis of the FHADA.

Mr. DiRocco also suggested other means of helping the hearing handicapped in this country. "There are many persons with impaired hearing in the United States who are reluctant to seek help for their hearing problems," he pointed out. "Often they need encouragement to obtain assistance which will enable them to lead more normal lives."

He went on to announce the publication of a new NHAS booklet entitled "How to

Choose the Right Hearing Aid for You." Since it answers the most commonly asked questions about hearing aids and hearing aid dealers, he urged the widest possible distribution of the booklet.

The new publication, explained Mr. DiRocco, deals with such problems as: Should I consult my family doctor? What if my doctor suggests a hearing aid? How does the hearing aid dealer test my hearing? What comes after testing? Can I wear an aid that cannot be seen? Will I become too dependent on it?

The booklet also explains how to determine if there has been a hearing loss and what to do in the event of partial deafness. A special section lists minor symptoms of reduced hearing and suggests that improved hearing will help the partially deaf show more consideration for his family and friends. Finally, the booklet outlines the procedures in selecting a hearing instrument.

A free copy may be obtained by contacting any NHAS member or by writing: National Hearing Aid Society, 24261 Grand River Avenue, Detroit, Michigan 48219.

Sooner or later, that day comes, the day when a woman feels she's changing. It's not a good feeling either. And she could use a good old-fashioned medicine then.

Could be you feel a little edgy, or maybe cross. You might even have what we call hot flashes and feel sad and slightly off-balance.

Whatever you feel, we have something for the day you need a little comforting. Lydia E. Pinkham Tablets. They're made with gentle, natural ingredients that work to give you a better sense of well-being.

With an old-fashioned problem like this, couldn't you take an old-fashioned medicine?

Jones Wins Club Championship

The rain-delayed Gatesville Country Club Championship came to an end Sunday with six top-flight golfers battling each other and a brisk south wind for top honors.

At the end of the first round of play two weeks ago young Butch Price held a shaky 3 stroke lead over Johnny Jones. Last week's final match was postponed on account of heavy rains.

However, Sunday the action began with the scheduled 18-hole competition and ended in a sudden death playoff between Price and Jones. After a tie 18-hole score for both golfers, club manager Billy Clay McClelland ordered the playoff.

Both Jones and Price managed pars on the tough first hole at the Gatesville Club. On the par 5 2nd hole both golfers hit fine drives and second shots near the green. Price's pitch-up slipped past

the pin by twelve feet which altered his score one stroke. Then Price's fourth shot missed the center by two inches and he tapped in for a five.

Jones' pitch-up landed about four feet from the pin. With a four footer Jones got a four to take the championship.

Mention must be made of the fine competitors in the tourney. Last year's club champion, C. C. "Snooks" Shepherd came in third with a fine performance.

Young Mike Schloeman placed fourth two strokes short of Shepherd. From start to finish Schloeman concentrated and calculated every stroke and showed a very promising future in golf.

In both young golfers, Price and Schloeman, Gatesville High School has a good start on a top notch golf team capable of the state championship.

Ducks Demolish Hornets 35 - 6

Friday night in Taylor, the Gatesville Hornets met a well rounded Duck squad. The Ducks had what it takes to bring about an upset—a potent ground attack, a stinging aerial game, and a steadfast defense.

A young man by the name of Leonard Winn provided the potential in the ground gain by gobbling up 189 yards, two touchdowns and setting up two more Duck TD's. Duck quarterback, James Schroeder and halfback Steven Scruggs combined for two aerial TD's and set up a third.

The Duck defensive squad made it hard going for the Hornet squad to gain any ground. The defensive secondary made two key interceptions stopped a crucial Hornet's first score early in the 1st quarter of play. The second interception stopped a crucial Hornet drive late in the 2nd quarter with the score a close 13-6.

Gatesville's only scoring drive got a start with a defensive play by Bobby Cole who intercepted a Schroeder pass at the Hornet 29 yard line. Mike Gaston began the drive with a 1st down pass play to Randy Vroman for 10 yards and a 1st down. In the next play, powerful Vroman moved 5 yards over the right tackle. Then Vroman shot four yards over the left side. On 3rd down Gaston called on Bobby Cole to get the crucial 1st down at mid-field.

From that point quarterback Mike Gaston passed 36 yards to Kenny Gaston at the Duck 15 yard line. Then on two consecutive plays Larry McCutchin picked up 7 total yards placing the ball at the Taylor 8 yard line. Vroman followed with a 1st down run at

the four. On the next down Vroman crashed up the middle for the touchdown.

In the point after attempt, Bob Gillette's kick slipped off to the right of the post leaving the score at 13-6 with Taylor in the lead.

At the start of the 2nd half of play the score was Taylor 13: Gatesville 6. The Hornet offense was unable to move the ball and had to kick. The Ducks drove 59 yards to widen the gap in the score to 19-6. Again Gatesville's offense was stopped on its 2nd drive in the last half of play.

The 4th down kick by Kenny

Gaston was returned 24 yards to the Hornet 31 yard line setting up the 2nd Duck TD in 4 minutes and widening the gap still further to 26-6.

The Ducks moved the ball again in the final quarter after a four-down failure by the Hornets. This final drive took the Duck offensive five plays despite a major penalty. The final score: Taylor Ducks 35 Gatesville Hornets 6.

Penalties	1 for 5	2 for 10

Copperas Cove's Bulldogs won their first game of the season Friday by thrashing Burnet, 41-6, in a District 18-AA game.

Price romped for 60 yards on the first play from scrimmage, sending Copperas Cove out front, 6-0. Price then ran for seven yards later in the quarter as the Bulldogs took a 12-0 first quarter lead.

Burnet then got on the scoreboard as Royce Smith plowed over for one yard capping a 55-yard drive.

Price wrapped up the scoring in the first half as he barreled over from five yards. Quarterback David Newton got the PAT in a keeper as Cove led 20-0 at the half.

Price got his final score of the night in the third quarter as he took a pitchout from Newton and scampered 33-yards. Newton ran over the PAT making it 27-0.

Newton capped an 80 yard drive in the fourth quarter as he ran for 27 yards and a TD.

The final score of the evening was garnered by halfback John Spencer, also just back in action. He ran for 20 yards. Charles Cantrell kicked the PAT, giving the
