Deer Season Opens

With the sudden onset of fall, the country side took on a badge of beautiful leaves - crimson, purple, yellow - but more important to the hunting enthusiast the cool wintery wind has set a mood of anxiety. The hunters are impatiently awaiting the "green light". Saturday, November 11, for the Texas State Wildlife Commission to declare the 1967 Deer Season officially open.

From all indications from

landowners of Coryell County and the area and local Game officials, the 1967 season should prove to be one of the best in hunting history. Game officials report deer in plentiful supply and in excellent condition.

Steadfast hunters of the Coryell and Lampassas County area are readying their hunting place for the annual influx of city hunters to the region.

This past weekend the Gatesville Jaycees played host to some 250 rifle and shotgun enthusiasts in their annual Turkey Shoot. The two day event at Bankhead's gravel pit saw the Jaycees give away 28 big Thanksgiving Turkeys to the best marksmen.

The shoot was climaxed by the drawing for the rifle and scope valued at \$100.00. Holding the lucky ticket was Mr. Foster Williams, an employee of the State School for Boys.

The Jaycees termed the shoot very successful and they were happy with the large turn out of shooters.

Telephone Rates Reduced

Gulf States-United Telephone Company announces that it's customers will participate in over a hundred million dollars annual savings for telephone users from coast to coast.

The seventh Long Distance rate reduction in five years went into effect November 1.

The new rates apply to Station - To-Station Interstate (calls to points outside of the state) Long Distance calls.

A new after-midnight economy rate schedule has been put into effect and from midnight to 7:00 A.M. subscribers may now call the furthest point in the U.S., excluding Hawaii and Alaska, for 75 cents, not including overtime and Federal Tax. This applies only to Station- To-Station calls and Credit Card, collect or other calls needing operator assistance are not included.

Savings will also be realized by customers because of the low priced rate periods having been extended to include more hours. Station - To - Station calls now have day rates Monday through Friday from 7:00 A.M. until 5:00 P.M. This day rate formerly was from 4:30 A.M. until 6:00P.M.

New early evening rates are in effect from 5:00 P.M. to 7:00 P.M. Monday through Friday. This rate permits calls to the furthest point in the U.S., excluding Hawaii and Alaska, for \$1.25 plus Federal Tax, for the initial three minutes.

The night rates which were

in effect from 8:00 P.M. to 4:30 A.M. Monday through Friday and all day Sunday, during which time a call could be placed to the longest distance in the Continental U.S. for \$1.00, now apply from 7:00 P.M. to 7:00 A.M. each week day plus all day on both Saturday and Sunday. This rate will also apply all day Thanksgiving, Christmas, New Year's Day, July 4th, and Labor Day.

T.W. Grisham, the Telephone Company's District Manager, states: "while intrastate calls (those within the state) are not affected by the new rates, this change represents the 22nd. major cost reduction in Long Distance rates since Coast-To-Coast service began in 1915. That year a call between New York and San Francisco cost \$20.70. Now the night rate is \$1.00. It should be emphasized that the new rates and schedules apply only to Station-To-Station calls to points outside of Texas."

TEXAS DRIVERS NEED EYE TESTS

AUSTIN, Nov. 7 - Drivers must see well enough to recognize danger in time to avoid accidents, and high speed driving makes the best of vision an absolute necessity.

These basic facts were emphasized today in a news release by the Texas Safety Association and Texans for Traffic Safety when they pointed out that thousands of licensed drivers may well be driving in today's heavy traffic with defective vision.

"Each year in Texas more than two million drivers licenses are renewed without the benefit of an eye examination. Visual capabilities often change, and sometimes rapidly. Advancing age, diseases and eye injuries can adversely affect a person's vision," Dr. Otto Lippmann, Austin, Chairman, Texans for Traffic Safety, said.

"It is not unusual for a 40 or 50-year old driver who had good vision 20 years ago to have some visual problem now that calls for correction or treatment," he said.

"Some drivers with failing eyesight are aware of their problems, but many others are not. These drivers with unknown visual defects may endanger all other users of the streets and highways."

Both the Texas Safety Association and Texans for Traffic Safety strongly advocate vision re-examination at the time of driver license renewal. They think that their vision might be deteriorating, have competent eye examinations.

"They owe it to themselves, as well as others -- for the unseen traffic hazard can kill or cripple," Dr. Lippmann concluded.

bara Bennett, second alto; Janna Bonner, second alto; Margaret Hopson, second soprano; Duncan Manning, first tenor; Wayne Shirley, baritone; and Ruthie Sims, first soprano.

Choir students earning a place in the All-State tryouts include Paul Edwards, first tenor; Sara Nelle Lowrey, first alto; Martha Parrish, second soprano; Kermit Swindal

Geiselbrechts Note 50th Wedding Date

Mr. and Mrs. Jack Geiselbrecht of Gatesville celebrated their golden wedding anniversary Sunday afternoon in their home at 2601 Mearo Drive. The couple was honored with an open house attended by approximately one hundred friends and relatives.

Mr. and Mrs. Geiselbrecht were married half a century ago

on November 3, 1917, in Bell County. Mrs. Geiselbrecht, the former Miss Georgia Vaden lived in Bell County all her life until she and Mr. Geiselbrecht moved to Gatesville from their home near The Grove in September.

Mr. and Mrs. Geiselbrecht have one daughter Mrs. Burt Watts of Gatesville.

Hornets Face Well-Balanced San Marcos

Gatesville is coming off of a two game winning streak, Belton (41-12) and Lockhart (31-7). Measured against these two foes, San Marcos took Belton (22-20) and Lockhart (40-0). San Marcos had more success with Taylor (28-21) where the Hornets lost convincingly (35-6). San Marcos' early season match with Rockdale ended with Rockdale holding all the marbles (48-6).

District teams have moved the ball against San Marcos on the ground with success and this is the Hornet haven (Cole and Vroman). Vroman has been consistent all year long and Bobby Cole has been very impressive in the last two Hornet outings.

Of course, San Marcos' defense is improving as the year progresses but until last week the Rattlers had not faced anyone with an offence in three weeks. The Hornets should score with Cole and or Vroman with occasional air strike by Mike Gaston.

At the other end of the pole, San Marcos seems to have a well balanced offense. The Rattlers running attack lead by Bobby Phillips, 165 lb. senior fullback, halfbacks Johnny Bratton (178 pound junior) and Ty Harrison (190 pound senior) has been gaining an average of approximately 200 yards per game.

Teaming these with one of the districts best passers, Steve Sessom who has a better than 50% completion record, it looks like rough going for the Hornet

One of the important figures in the dissemination of jazz was Fate Marable, a bandleader who played on steamboats sailing up the Mississippi from New Orleans. Although he was known as a pianist, Marable also played jazz on the steam calliope.

Certificates On Stadium Being Recalled

GATESVILLE — Gatesville public schools announced the calling in of the last of \$13,660 in option certificates issued in 1966 to help finance construction of McKamie Stadium.

The stadium, with its cinder track, cost \$110,000. It is already nearly free of debt.

Only 260 of the \$20 option certificates — \$5,200 worth — are still outstanding. School officials are asking that holders bring them to the high school office for redemption by Nov. 15. Certificates not cashed by the Nov. 15 deadline will not be called in until October of 1968.

The school has already cashed 423 of the option certificates, or \$8,460 worth.

The 4,100-seat stadium was completed at the start of the 1966 football season and the cinder track was added last winter. It replaced Holmes Stadium as the home of Gatesville football.

Riding Club Holds Fun Night

Such events as goat sacking, ribbon roping and western pleasure are planned. It will all be free.

Mr. and Mrs. Snow were married November 4, 1917 and have

lived in Gatesville all of their lives. Mr. and Mrs. Snow had five sons and five daughters.

The Republic of America
 "Each generation must defend its freedom and its heritage. Every battle which the framers of our constitution thought was finished will have to be fought again by each generation. Freedom, while God-given, does not perpetuate itself. We have given you a Republic, if you can keep it." So said Benjamin Franklin as he left the Convention Hall in Philadelphia on September 17, 1787.

The most fateful period of our history was probably the summer 180 years ago when, from May 25 to September 17, the Constitution that was to determine the destiny of our Nation was drafted in Philadelphia. The wise fathers of our Constitution were unmatched in their ability to understand the relationship of government and people. They believed the best form of government to be a republic based on citizen participation with a representative form of government. With this type of government they believed people would be able to keep a constant surveillance of the political power. In addition, it was thought that our constitution must limit government in purpose, reach, method and duration in order to prevent a totalitarian form of government. For this reason, they created a simple, plain, understandable government which would be kept close to the people by frequent elections.

It is important to remember that our Constitution places law superior to the acts of any officer or governmental bureau. Ours, therefore, is a government of laws, not of men, with the

Constitution guaranteeing the rights of life, of liberty, and of ownership of property.

Today, as with every past generation, we are faced with Franklin's challenge--"You have been given a Republic. Now can you keep it?" Freedom has more often been lost by carelessness and selfishness than by the force of conquering armies. Indifference on the part of citizens causes Republics to erode. Then, the government formally controlled by conscientious people gives way to demands for "wants," "needs," and "rights."

Freedom does not continue by itself. A government big enough to give us everything we want or demand is big enough to take away everything we have, including our freedom. Those who expect to enjoy the blessings of freedom must undergo the sacrifices of supporting it. When freedom is lost, it is seldom regained. Freedom is never free. It only comes at a price and that price may be as high as life itself.

Bobby Cole Leads Hornets To Victory

Fullback Bobby Cole tallied four touchdowns as Gatesville's Hornets won their second straight District 13-AAA game here Friday defeating Lockhart, 31-7.

The victory upped the Hornets' district record to 2-4 and left them with a 3-5 season mark. The loss shoved

Lockhart further down into the standings as the Lions are now 1-4 in district and 1-6 for the year.

Cole opened the scoring in the first quarter as he sped for 68 yards and a TD. Bobby Gillette kicked the PAT and Gatesville led, 7-0.

In the second quarter Cole

scored again, this time on a one yard run. The PAT failed and the Hornets led 13-0.

Lockhart closed the gap to 13-7 as Rale Gideon took a pass for 20 yards from quarterback George Rodriguez. Rusty Linney kicked the PAT. In the third quarter Cole got his third TD as he galloped for six yards. The run on the PAT attempt failed and the Hornets led 19-7.

The Hornets tallied twice in the fourth quarter to wrap up the game. Cole sped 40 yards for the first TD and Randy Vroman passed to Kenny Gaston for six yards and the final TD.

Wednesday, November 1, the boy's health classes were privileged to hear Mr. David Sandefur and Mr. Glen Ridge from GSSB. Both men came on the request of Coach Jack Bell to address the first and third period health classes on the subjects "Emotional Problems" and "Mental Illness."

Mr. Sandefur spoke on the mental mechanisms which people use for self-preservation. Mr. Ridge discussed hypnosis, dreams, and explained the administration of the Rorschach or "ink-blot" test. Both speeches were followed by brief

Debbie Pruitt, B team forward, leaps high in a desperate attempt for a Hornet Goal against the Robinson Rockettes.

Hornets Lose Season Opener

The season opener for the GHS Hornets was quite a disappointment. Both A and B teams came away from their first basketball rallies with defeat.

Under the direction of coach Gerald Poe, the B squad girls opened the double header at 6:30 in the GHS gym to a large crowd. The Hornettes were pitted against a tough, accurate Robinson Rockette Squad. The B girls scored continually but could not catch the Rockette tally. The outcome of that game

was Robinson on top.

In the varsity game, Gatesville was able to rack up 15 points. Too strong for the Hornettes, the Robinson squad scored 44 points with young Venner high point at 16 points. Coach Bradley of the Robinson team is a former GHS student and basketball star.

The high point girl for the Hornettes was Corliss Worthy with 6 points. The Hornettes just couldn't seem to hit pay dirt throughout the game.
