SALVATION ARMY TO END FUND DRIVE

The Salvation Army fund raising drive now is in its fifth week and is presently 29% over its goal of \$1,750.00. Bubba Henson, director of the drive, said that the drive was almost complete with about only prospective donors yet to be contacted. Mr. Henson said the drive would end Monday November 27.

At last report, Tuesday night, the drive had collected \$2,200.83 a large portion of which will be used for aid to county residents in time of hardship. Anyone needing help can receive it from the Salvation Army by merely applying for it.

A case to illustrate the job of the Salvation Army occurred recently. A farm worker from the Beaumont area was stranded in Gatesville with no money. The man was handicapped and had not eaten in two days. He was trying to get to West Texas for the Wheat Harvest at the time. He was sent to a local restaurant for breakfast and given some warm clothing the Salvation Army had accumulated. Hardship cases of all types can receive assistance from the Salvation Army.

The Salvation Army is one of the many things we can be thankful for this Thanksgiving. I know the Salvation Army is thankful for those who contributed so generously to the drive.

The Copperas Cove City Council Tuesday night was informed that A.H. Mickan had indicated that he would sue the city for the \$850 he says the city owes him.

The council adopted the fire prevention code and Mayor George Leonhard appointed E. C. Katner as Copperas Cove Civil Defense director at a salary of \$100 per month.

In other action, the city called a meeting for Nov. 8 to "inform and enlighten the public" about the Dec. 15 sales tax election.

POSTMASTER URGES USE OF CORRECT ADDRESSES

Postmaster Hal Anderson today urged the citizens of Gatesville to be sure to use the correct address on their letters and packages going to servicemen overseas to avoid serious delays in delivery.

Postmaster Anderson reported that millions of letters and packages going overseas have been delayed because they were insufficiently addressed. He said that one of the biggest problems has been the failure of persons to include the very important 5 digit APO and fpo number in the military address. Mail not containing this number is incorrectly addressed.

He said that last year more than 9 million pieces of mail were delayed in delivery. Of this number 3 1/2 million pieces failed to include the complete 5 digit APO or FPO number in the address. This improper-

ly addressed mail and to be sent to a military location directly where time consuming searches were made to determine the proper addresses.

"As the Christmas mail volume going overseas is expected to increase up to 30 percent or over 4 million pounds above last year, every precaution should be taken by friends and relatives of servicemen to address the letters and packages properly to assure rapid delivery to its destination", Postmaster Anderson said.

There are for essential elements to an overseas military address. They are: 1. The Serviceman's identity - grade, full name and service number. 2. His military unit - complete 3. Gateway post office - New York, San Francisco or Seattle 4. APO or FPO. A digit number where any of these elements is missing, the letter or package will be delayed in delivery.

Only Beautyrest has these independent coils that give more restful sleep.

Beautyrest coils act independently... adjust to your weight and body contours... give perfect support from head to toe. In an ordinary mattress when one spring is pressed down the others sag along with it. Support is uneven... comfort goes way down. DEAR UNCLE CHARLIE

Dear Uncle Charlie, I have the worst problem anybody could ever have. My temper is very bad and causes me to get into trouble. Most of the time it gives me a bad attitude. A temper can cause you to lose all your friends and is very embarrassing. What is your solution to my very bad problem.

Mr. Temper

Dear Mr. Temper, You have already solved one-half the problem because you realize the seriousness of the situation. Every time you feel your temper rising, just try to remember that anger doesn't solve anything and usually leads to serious problems. As for the lost friends, if you apologize and explain that you are trying to solve your temper problem, I am sure they will forgive you.

u.c.

Dear Uncle Charlie, What do you do about English teachers who make you correct tests like a third grader?

An Harassed Student

Dear Harassed, Correct it like third grader. Third grade errors need third grade corrections.

Dear Uncle Charlie, There is a couple that wants to get married, but they are afraid that they won't have enough money. What should they do?

Dear Interested, If the couple can't support themselves, they are in no position to get married.

Dear Uncle Charlie, This certain guy likes this certain girl, but she doesn't even know that he is alive. What should he do?

CASTS BECOME POPULAR

By Linda Lam

Casts seem to be a growing fad in G.H.S. They have been a popular attire with boys and girls alike. Since the beginning of school this year, casts have been worn on many legs and arms.

The only girl in G.H.S. to be found in a cast is Jan Byrom. Jan tore the ligaments in her ankle during basketball practice. Her cast reaches all the way from her foot to her knee. A black racing stripe runs all the way down the front of her cast.

One of the male cast wearers, Robert Ayres, broke his leg in a motorcycle wreck shortly after school started. He is still wearing his cast and is wheeled from class to class in a wheel chair.

Then, Mickie Mattiza cracked the bone in his right elbow last week while practicing his high kick for "drill team" try-outs. Well, needless to say, he is also "casted".

Barry Tippit said he broke his leg when he ran over a car with a motorcycle. Barry, who for a while had to be pushed to class in a wheel chair, has now graduated to crutches.

Several of the football boys have required casts for injuries in football games. Dick Belf and George Thompson both suffered injuries in the Gatesville-Richfield "B" game. George suffered separated bones in his wrist and Dick chipped a bone in his arm.

Finally, the soon to be seventh G.H.S. cast wearer, Gary Rainer, broke his arm in the Belton-Gatesville "B" game. Gary is still in Coryell County Memorial Hospital. The doctors are waiting for proper bone growth before they apply a cast.

The Old Timer

"Unhappy is the head that always wears a frown."

The prayer of faith will save the sick.—(James 5:15)

How often we have heard the words, "Thy faith hath made thee whole." Yet, during times when we have had need of healing, we may have wondered how to have the faith that heals and sets free. Many persons who have been healed have spoken of a peace and a release that come to them, like a prelude to their healing, as they prayed. Let us make our prayers powerful and vital, prayers of living faith in God's healing love.

FREEDOMS COUNCIL SPEAKE OUT By Dionitia Lee

The people of America were given the most priceless possession they will ever know some one-hundred, ninety-one years ago as the founding fathers of our great nation pledged to defend the Declaration of Independence and all it stood for with their lives, fortunes, and sacred honor. This was freedom. This was only one of the first steps that was taken to give us the immense freedom which we know today. After this many men bravely sacrificed their lives for a cause they considered just. The price of freedom is great.

As Americans of today, we find that we tend to forget the principles behind our government and shirk the responsibilities and duties we owe our nation. It is important that the American people realize that there can be no freedom without responsibility. "This country" as Lincoln once said, "belongs to the people"; therefore, the fate of our beloved nation lies solely in the hands of its citizens.

Many Americans have assumed the attitude of "let someone else do it" or "let the government do it." Little do they realize that each time they shirk their responsibilities they are surrendering a comparable amount of their own personal freedom.

Americanism is individual liberty founded on individual responsibility. It is up to the Americans of today to accept the responsibility of preserving the freedom which was paid for by many American lives in order to make America a place in which liberty can be enjoyed by future generations.

JONESBORO FACES POWERFUL COOLIDGE YELLOWJACKETS TONIGHT

After a weeks layoff the Jonesboro Eagles fly back into action in the Class B football play off against Coolidge. The fireworks will begin Friday night at 8:00 p.m. in McKamie Stadium. At stake for both squads is the Bi District Championship and a shot at the top most spot in Class B football, the Regional title.

Scouting reports show the Coolidge Jackets to be big and pass minded. Defensively the Yellowjackets size tends to make them somewhat slower but still dangerous.

Coach Bill Dyer needed the weeks lay off to let injuries heal. He reported Tuesday that the team was in good condition with even the most serious injuries coming along satisfactorily. Ray Summerfield's pulled muscle could cause him to see only occasional action. Perry's ankle is out of the cast and he is exercising but is a doubtful starter.

Coach Dyer's tentative starting line up offensively will be Bill Ashby, QB; Flan Nichols, HB; Charlie Gilmore HB; Randy Robuck C; Larry Pruitt LE; and Bobby Murry RE. Defensively it looks like David Young C; Randy Roebuck LE; Flan Nichols RE; Bill Ashby Linebacker; Larry Pruitt LH; and Bobby Murray RH.

Looking ahead to the Regional Game, it will be either Iradelle or Venis to play the winner of the Jonesboro Coolidge game. This Iradelle - Venis game will be in Cleburne Saturday night. Scouting reports favor Venis in this game but

one never knows does one? There will be no advance ticket sales for the Jonesboro -Coolidge game so come early and be assured a good seat. Action will be fast and furious and that is almost a guarantee.

BIDS OPEN ON HOUSING PROJECT

The Housing Authority of the City of Oglesby, Texas will receive bids for the construction of 14 units for a low-rent project to be built on College Street in the City of Oglesby.

The main construction contract calls for 10 units for the elderly, with 4 units family type dwellings.

The plans also call for an office building and a storage and maintenance area.

The project will be constructed of brick and the homes will be built duplex type. Many new and modern innovations are planned--especially for the safety and convenience of the elderly.

Mrs. Marris Fagg, Executive Director, and Mr. Olin Boose and Associates, Architects of Fort Worth, Texas will be in at the First National Bank, Oglesby, on January 9, 1968, the final day bids will be received and opened at 3 p.m.

Civilization has now reached the point where miracle drugs and get-well cards have a hard time keeping up with each other.

LIONS LITTLE LEAGUE BASEBALL

At the last Lions Club meeting, Treasurer Jack Straw issued the Lions Little League Baseball income statement for this past year. Income of \$5,055.05. The organization has been self supporting since it beginning.

Lion Jim Miller is baseball commissioner and general administrator of the program. Mr. Miller reported that Season Ticket sales were the leg to the programs financial success. Season Tickets along with team sponsors account for 59% of the income for the program for this year. The ticket sales began in April each year.

This years program saw 250 boys participate in over 100 games locally on two fields. Lions field and the Jaycee field sees action nearly every night during a two month period starting in late May.

The success of the program is largely dependent upon voluntary contributions of time and skills of Lions, Jaycees and other individuals interested in the youth of our community. Many hours by many managers, coaches, ticket collectors, and concession attendants are the leg to the programs ultimate success.

Commissioner Miller expects some 300 boys to play on 18 teams in next years schedule. Miller has always made it a policy to limit the teams to 12 to 15 boys to give each boy an opportunity to play.

The local Little League has hosted the Freshman League state champion on several occasions including this past year. The tournament is scheduled for Lions park again this year, August 1968.

THE PRESIDENTS PRIEST FRIEND

Stonewall, Texas (AP) - The Rev. W. Schneider would scarcely be known outside Fredericksburg and Stonewall and the Texas Hill Country were it not that he also is the President's priest-friend.

"Mr. President, why are you so kind, so good, so concerned about me?" the priest said he asked Lyndon B. Johnson.

"The President's answer was 'My people on the ranch and in Stonewall, they all like you, and I like you, too. You are a good man,' the priest recalled.

The conversation took place on Air Force One after Father Schneider and the President attended the funeral in Germany of former German chancellor Konrad Adenauer.

The short, balding, German-accented Roman Catholic priest had conducted a mass in the German language for Adenauer years before when the chancellor visited Texas with the Vice President Johnson.

Chancellor Adenauer told me how much he enjoyed meeting you, "began Johnson's letter to Father Schneider inviting him to accompany him to the German statesman's funeral.

The priest keeps stowed away carefully his mementoes of the trip and of another historic event for him, an audience with the Pope which he said the President helped arrange.

On his arm he wears an alarm wristwatch, inscribed "Father W. Schneider from his devoted friend President Johnson."

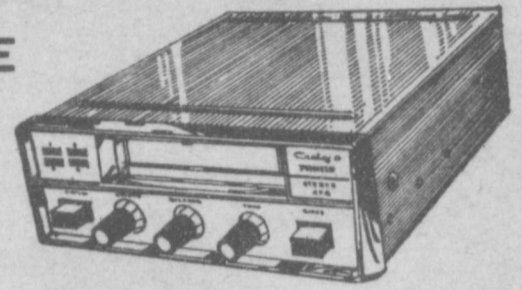

The height of his ambition, he says, is not to be a President's friend. "It is still my priesthood. That's what I know what I love."

Coolidge must face the quick hitting offense of the Eagles pictured here. Left to right from the back: Bobby Murray, Randy Robuck, Larry Pruitt, Bill Ashby, Ray Summerfield, and Flan Nichols.
