The Texas Californian Rabbit Specialty Club held a State Californian show Sunday December 3, at the Coryell Community Center in Gatesville.

A total of 49 prize rabbits were entered in the Sunday afternoon show. Entrees were from all over the State. Ben Lee, Local, manager of the Discount Shoe Center of Gatesville was in charge of the show proceedings. Mr. Lee reported a fine selection of rabbits entered and the show was a success.

Judging the event were two veterans of the rabbitry industry, Mr. Bob Berry of Lubbock and Mr. Matt Keivil of Ft. Worth.

In its 5th year at Gatesville the State Californian Show awarded three trophies.

The Best Opposite Sex trophy was awarded to Mr. Tom Whiteaker of Buffalo Gap, Texas.

The Best of Breeds award went to Mr. Carl Kieth Cook of Vernon, Texas. Mr. Cook, in rabbitry for the past two years, owns a total of 45 rabbits. In his first year to enter in the Gatesville Californian Show, Mr. Cook entered 10 rabbits along with his Best of Breeds winner.

Queen Sharron Hutton

Lovely Miss Sharron Hutton, 18, will add a touch of glamor to the Texas delegation attending the 49th annual convention of the American Farm Bureau Federation December 10-14 in Chicago. Sharron, daughter of Mr. and Mrs. Horace Hutton of Muleshoe, Bailey County, was chosen TFB Queen last month in Austin over 12 other district finalists. Miss Hutton, a senior in Muleshoe High School, has dark brown hair, blue eyes and stands 5'7". She enjoys skiing, swimming, sewing, singing and cooking.

JAYCEES KICK OFF DRIVE

Saturday afternoon, at 2 p.m., the Gatesville Jaycees held a "white elephant" auction on the south lawn of the Coryell County Courthouse. The auction was the kick-off effort in the Jaycee's project to light the exterior of Coryell County's most beautiful structure - the County Courthouse - .

A total of \$280. was raised in the initiating program of the project. Items to be auctioned off were donated by generous Gatesville merchants. Sam Powell Jr. was in charge of auctioneering with the help of Bob Manning.

Johnny Brown is the Jaycee in charge of the fund raising drive to light the courthouse. The goal of the drive is between \$4,000 and \$6,000 to cover the cost of installing the lighting system. The system was demonstrated to Gatesville citizens in the latter part of the summer.

The Jaycees along with many other civic minded citizens, believe the lighting of the County Courthouse will incite in each citizen, a new eagerness to beautify the city.

The Jaycees have taken this project as their responsibility and declare that the success of the project depends in a great part on the citizens of Gatesville and the county.

head injuries late Saturday at Hillcrest Hospital in Waco.

Highway patrolmen said the car occupied by the three men apparently sideswiped a pickup truck, and then collided headon with Lucas' car, which overturned in a ditch.

The driver of the pickup truck and the persons in a fourth vehicle which rammed into the wreckage were not injured.

BUGS HOST GATESVILLE

Connally tournament champion La Vega tries to avenge its only loss of the season tonight when the Pirates host the Gatesville Hornets in a Class AAA non-district basketball game.

Tipoff time at the La Vega gym will be 7:30 p.m. with the B team game at 6 p.m.

Coach Jack Sheppard's Pirates won the Connally Tournament last weekend and are riding a five-game winning streak after losing to Gatesville, 55-52, in their second game of the season.

La Vega is 5-1 for the season and starts play in District 8-AAA next week.

The first recorded use of wine in therapy was around 4000 B.C., on the tomb of Ptah-Hotep.

SIX FLAGS ENDS RECORD SEASON

Arlington, Texas: SIX FLAGS Over Texas, the popular historical-theme amusement park located midway between Dallas and Fort Worth, closed out its 1967 season of Sunday, November 26, with an all-time record of 2,037,050 visitors.

It topped last year's record of 1,915,000 visitors and marked the first 2,000,000-visitors season ever, since the Park opened in 1961.

SIX FLAGS Over Georgia, the 276-acre, \$12,000,000 theme park in Atlanta, which began its first season of operations in June of this year, also recorded an impressive total of 1,109,030 visitors.

The Texas and Georgia theme parks were created by Angus G. Wynne, Jr., president of Great Southwest Corporation, which owns and operates both attractions.

EXCESS OIL

Teen-agers often have overly active oil glands located in the face which cause complexion disturbances. Frequent use of the Saundex Facial Bath or Saunda home beauty appliance is recommended for removal of excess oil. The appliance produces a warm mist that deep cleanses the skin through perspiration. Medicated or regular beauty preparations complete the treatment.

Double Population

Texas will almost double its population—to nearly 18,000,000 by 1990—and residents will have more money to spend, if not as much room to live in. These are among predictions for the not-so-distant future contained in a new forward look at the state's economy prepared by the University of Texas Bureau of Business Research.

Their publication, Texas 90: An Economic Profile of Texas to 1990, includes these highlights:

New factory growth will bolster the Texas economy more powerfully than any other factor between 1967 and 1990, as the state becomes constantly more dependent upon manufacturing. Value added by manufacture (a measure of the difference in value between the raw materials that flow into a factory and the goods shipped out) will increase to \$37,500,000,000 a year. It now is less the \$10,000,000,000.

Due for rapid expansion is the work force—although not uniformly in all industries. Most dynamic employment growth will be in the service industries: laundries, barber and beauty shops, auto repairs, transportation, hotel management, recreation, professional services, etc.

Texas agriculture will approximately double its output (cash receipts from farm marketings are seen as reaching nearly \$5,000,000,000 in 1990), although farm employment probably will decrease.

Texas cities will lead the population growth trend. By 1990 both the Houston and the combined Dallas-Fort Worth metropolitan areas will have populations of more than 3,300,000. That nearly equals the entire U.S. of 1790. All seven of the state's biggest standard metropolitan statistical areas will see massive growth.

Negro population, while increasing in numbers, now represents less than 13 percent of the total, compared to 25 per cent a century ago.

Spanish-surname population is increasing rapidly and now makes up 15 per cent of the Texas total.

HE'S GOT 'EM GUESSING AGAIN

Once more Gov. John Connally's plans are the No. 1 topic of state capitol speculation.

In a press conference here, Connally vigorously denied rumors he may be the next U.S. Secretary of Defense. He plans to serve out his term as governor. But less than 12 hours

later in Washington, he acknowledged the secretary's job "would be very difficult to turn down" if offered. With the rumor mill still buzzing, he flew to France on a promotional mission for Hemis Fair '68, the world's fair in San Antonio next year.

Before he left Texas, Connally had kind words to say about two men who have been mentioned as prospects to succeed him: former Congressman Frank Ikard of Wichita Falls (who has stated he does not intend to run) and Secretary of State John L. Hill (who indicates that he plans to announce by mid-January).

Actual declared-candidate list picked up one new name: State Rep. Don Gladden, Fort Worth liberal, announced for lieutenant governor against House Speaker Ben Barnes. Gladden said he would like to

run on a ticket headed by Sen. Ralph Yarborough as a candidate for governor. Houston attorney Don Yarborough, another likely gubernatorial candidate, said he wouldn't seek the governor's office if the senator does.

ATTORNEY GENERAL RULES
Atty. Gen. Crawford C. Martin has held that telephone companies owe sales taxes on electricity used to perform their operations. Decision means about \$400,000 in revenue to the state.

In other recent opinions, Martin has concluded that:

School board vacancy positions must be specifically designated on ballot.

To qualify under "grandfather clause", for permit, a corporation need show it was engaged in the legal alcoholic beverage business in the State under a charter or permit prior to August 24, 1935.

University of Texas may enter into interagency contracts with Coordinating Board, College and University System to

furnish it, at cost, data processing equipment and services.

Firemen in certain cities are entitled to refund of paid-in contributions to retirement fund on separation from service, not-

withstanding prior payment of disability benefits.

THE STRIKES OVER! WE LOST 61 DAYS. WE HAVE A LOT OF CATCHING UP TO DO!

We're going to sell 12 months' worth of Fords in 10 months ...and here are 4 ways we're going to do it!

- 1. LTD and XL priced lower than last year!** We did it by changing what comes as standard equipment . . . and made it even easier to get what you want. Now LTD comes with a bigger V-8—302 cu. in.; XL has a 240-cu. in. Six and a choice of 5 V-8's. Last year you could choose V-8's only. On LTD and XL, 3-speed manual transmission is standard, instead of SelectShift Cruise-O-Matic—now optional. Vinyl roof on 2-door LTD's and Comfort-Stream Ventilation are optional this year. Choose them now only if you want them. And hidden headlamps, strong die-cast grille are all standard for '68.
- 2. Fastbacks priced the same as hardtops!** Take your choice of full-sized or intermediate models, with no extra charge for fastback styling. See the handsome Torino GT Fastback with the luxury ride of a 116-in. wheelbase (longer than 38 competing intermediate models). Choice of bucket seats or full-width seats for six.
- 3. Wagons in three sizes—all available with Ford's two-way Magic Doorgate!** Only Ford offers so wide a choice—and only Ford offers its Magic Doorgate with every model. It opens down for cargo—opens out for passengers—and it's only one of the many better ideas that make Ford first in wagon sales.
- 4. Mustang—the one car on the road you can't mistake for any other!** The only one to offer you wall-to-wall carpeting, bucket seats, floor-mounted stick shift, functional hood louvers with turn indicators, and sport steering wheel—all standard. And only Mustang makes it happen at such an economical price! No wonder it's America's favorite sporty car.

Let the weak say, I am strong.—(Joel 3:10)

Feelings of weakness are overcome as we hold to the thought that we are strong in the Lord and in the power of His might. To affirm our strength in the Lord is to call on reinforcements, on reserves of power mighty within us. Energy, strength, power are not depleted through use but are built up and increased. We stir up the God-power within us; we call on and use the innate energy and strength with which we are endowed.

LOW DOWN ON TOP SUBJECT

A new 24-page booklet, "The Low-Down on Roofs," now gives homeowners and buyers all the information they need to intelligently select a roof.

The comprehensive guide points out the quality features to look for in a roof, the places to first inspect on an older roof and it contains a detailed color guide so a home's exterior can be color coordinated. A study of the glossary of roofing terms permits the reader to sound like a roof expert.

The booklet is published as a public service by 3M Company and is available by sending 25 cents to cover mailing and handling to 3M Company, P.O. Box 3500, 3M Center, St. Paul, Minnesota, 55101.

GRITS SOUFFLE

Here's a hot treat for cold winter, a recipe for a luscious grits soufflé from the Home Economics Department of The Quaker Oats Company: Combine 1½ cups cold cooked enriched white hominy grits, ½ teaspoon salt and ¼ cup hot milk, and beat until blended. Beat 4 egg yolks until they are thick and lemon-colored, and add them to the grits mixture. Fold in 4 egg whites, stiffly beaten. Then fold in 1 cup grated Cheddar cheese. Pour the mixture into a 1-quart casserole set into a shallow baking pan. Pour hot water around the casserole to a depth of 1 inch. Bake in preheated moderate oven (350° F.) for 55 to 60 minutes. Serve immediately. Makes 6 servings.
