Mark Stephens Wins Bike

Chamber Christmas Drawing Held

The cold drizzly damp weather that engulfed Gatesville over the weekend didn't dilute the excitement and anticipation of the host of young Gatesvillites present at the Gatesville Chamber of Commerce drawing. The affair, second in a series of three Chamber of Commerce drawings, was held at the South steps of the Coryell County Court House in a miserable haze of cold mist.

However, no one noticed the weather as the tension mounted. Master of Ceremonies for the drawing was again Lloyd Ivy. Ivy selected a young lady to help in the selection of the lucky winner. The name drawn from the box was 10 year old Mark Stephens.

Young Stevens is the son of Mr. and Mrs. Royce Stephens of Gatesville and the owner of a brand new dragster bike. Stephens is the second winner of a Chamber bicycle. Graig

"SHOP GATESVILLE FIRST"

Have you ever given thought to who pays the bills for running our County, City, and Schools? Sure you have, we all pay these bills through our taxes. There are some who pay more than others, such as your local merchants. Before you make your final purchase on anything try Gatesville first. These merchants are deserving of first chance because they are here to help you, your county, your city, and your schools. Their profits are reinvested locally and this makes for better things for our community.

HELP THY NEIGHBOR

At the present time the Gatesville Fire Department is making their appeal to the citizens for their annual Christmas Fund. This is, and always has been, a very worthwhile project. There are so many people, especially children, in our area who are in need and this helping hand makes their Christmas come true. If you possibly can, make your donation to the "Firemans Fund."

EVANT YOUTH DIES IN WEEKEND CRASH

Charles A. Elam, 18, a Baylor University freshman from Evant, was killed about 9:30 a.m. Friday when his car collided with a truck near Chilton.

Another Baylor freshman, Robert Hucklebridge, 18, of Vivian, La., was injured. He is listed in satisfactory condition at Torbett, Hutchings and Smith Hospital in Marlin with head injuries and a broken right thigh.

Elam enrolled at Baylor this semester to begin studies toward a major in business and accounting. He was a graduate of Evant High School. While in high school, he was a member of the Beta Club for students with high scholastic rank and the student council and also participated in all sports. He was assistant church school superintendent of a Methodist church of which he was a member.

Survivors include his parents, Mr. and Mrs. Jack Elam Evant, a sister, Mrs. Linda Kay Comer of Fort Worth; and

a grandfather, Tucker Austin of Evant.

Funeral services were held Sunday at Evant Funeral Home.

The accident occurred about four miles south of Chilton at the intersection of Highway 77 and Farm Road 935 in Falls County.

Highway patrolman J.D. Phipps of Marlin said the 1967 Oldsmobile Elam was driving south on Highway 77 ran under the side of a truck driven by Tony Lewis of Marlin. Lewis was treated at Torbett, Hutchings and Smith and released. The truck was crossing Highway 77.

NOTICE

Persons using fireworks on public property or private property other than their own will be fined for their use. This is a city ordinance.

Gene Goins
Chief of Police.

CHRISTMAS DECORATIONS JUDGED

Local Christmas decoration contest was held Friday night at 7:00. Judges from McGregor were invited over to appraise all entries.

The home decoration competition was won by Mr. Bill Price who lives on Royal Drive in Gatesville. Second prize in this division went to Mrs. Lila Holmes who lives at 1210 Leon Street. Third place was won by Mrs. Joe Culler of 2101 Saunders.

Take time to go and see all the home decorations in your town they are all beautiful.

In the commercial competition the Gatesville Savings & Loan captured the annual event and will have the honor of keeping the plaque for the year 1968. Last years winner, Bennett's Department Store has the plaque presently.

Mail Submerges Post Office

With the rapid onset of Christmas day the mound of packages grows and grows. Our local Post Office is no exception as rural carrier Bill Nesbitt attempts to sort out the burage of Christmas packages. The old rule for getting packages to their destination - shop early, mail early and use your zip codes - holds true for all. Remember no mail will be shipped Sunday or Monday - give your packages time to arrive at their destination.

HemisFair Seeks Employees

The fun and excitement of employment at a World's Fair is available to more than 1,500 young Texans.

B.F. Agee, manager of personnel for HemisFair 1968, has announced that a statewide recruiting program has started to hire at least that many young persons for employment from March 15 to October 6, 1968.

Agee is working with Texas Employment Commission offices throughout the state to find accountants, ticket sellers, ticket takers, hostesses, security guards, maintenance personnel, secretaries, general clerical help, writers, guides, ushers and parking lot attendants.

Another 1,500 employees are being sought by restaurants, concession stands and exhibition halls on the 92.6 - acre site of the international exposition.

Texas Employment Commission offices in all parts of the state will accept applications for HemisFair work, and forward them to Agee. TEC applicants also will be available for consideration by exhibitors, concessionaires and restaurateurs who are hiring their own help.

"Since the goal of HemisFair is to be the best international exhibition ever held," Agee said, "we will need people who are young in heart and spirit, energetic, not afraid of hard work and who enjoy being of service."

The need now is for workers who can work from March 15 to October 6, 1968. The program has not yet been worked out for college students seeking employment for only the summer months, Agee said.

Applicants seeking employment form March 15 to October 6 should apply at their Texas Employment Commission now. They should be 18 years of age, bondable, have a high school education or equivalent experience, be neat, have

a pleasant personality, be of good character and be physically fit. The exception is for work as HemisFair's official hostesses and guides. These must be between 20 and 30 years of age and be bilingual and must have had previous experience in dealing with the public. Agee said there will be at least two shifts of workers, since the exhibition halls open from 10 a.m. to 10 p.m. and

Businesswhirl

Swift's Grocery, located in the Sun Valley Center north of Gatesville has just completed an extensive expansion and remodeling project. According to owner-manager Ewell Swift, the expansion has provided additional display space with a larger selection of merchandise. The exterior of the store has been bricked to match the other stores of the shopping center. Mr. Swift, a veteran of six years in the grocery business and makes his home at Sun Valley Addition.

INDIAN TOURIST PROGRAM TO RECEIVE HONORS

Texas only Indian Reservation tourist development program of the Alabama-Coushatta Tribes will receive honors on a National basis for what can be done through assistance of the Small Business Administration.

Donald Grose, Regional Director of the Small Business Administration in Houston told the Texas Commission of Indian Affairs and the Tribal Council of the Alabama-Coushattas in a joint meeting this week that the tourist program at the Reservation would be nominated for national honors.

The Tribal Enterprise program which has attracted just under 100,000 visitors for 1967

to the Reservation between Livingston and one in Woodville, and underwritten in part by S.B.A.

The joint meeting report presented by Superintendent Walter W. Broemer showed that some 80 part time jobs were offered during the season to bring Reservation citizens a \$50,000 payroll. Broemer projected the 1968 season payroll at \$80,000 to more than 100 employees. The projected 1967 visitor number had been set at 100,000 and fell short some 3,200 but the dollar income estimated exceeded the figures \$6,000.

The Texas Commissioners and Tribal Council have given approval for the expanded pro-

gram to develop a major tourist attraction addition and phase one of the project is expected to be underway next year. Immediate plans to be undertaken call for improvements to the Reservation camp grounds and trailer area, the building of an animal compound for Texas Wild Life and animals of by-gone days, a kiddie pony ride and improvements to the present activity area to care for the expected additional visitors. The major project includes a lake, recreation area, additional activity areas for the expanding present attractions and an outdoor theatre. The project calls for the Tribal Enterprise to operate its own arts and crafts plant where Reservation citizens will find employment in making the items now sold in the Museum arts and crafts store. Projections indicate that every member of the Alabama-

Coushatta Tribes will find gainful employment on the Reservation.

The joint meeting business session gave approval for the program ahead in setting schedules of operation from 9 a.m. to 6 p.m. on week days and on Sundays from 12:30 p.m. to 6 p.m.

The winter operation is scheduled only on Saturdays and Sunday afternoons. Opening date for the Spring Season has been set for Saturday March 2nd.

Dempsey Henley, Chairman of the Texas Commission of Indian Affairs, stated at the joint meeting that "Texans could be proud of the performance of Tribal Enterprise as a business operation and that with the continued progress would bring about the goals that had been set by both the Commission and the Council."

IN SERVICE

Ft. HOOD, TEX., (AHTNC)-- Army Captain Clarence W. Smith Jr., 26, whose parents live at 1010 W. Neville St., Beckley, W. Va., was promoted to Captain and received the Army Commendation Medal while serving with the Medical Company, Darnall Army Hospital, Ft. Hood, Texas.

Capt. Smith earned the award for meritorious service during his last assignment with the 61st Medical Battalion at Cam Ranh Bay, Vietnam.

Capt. Smith is presently commander of the company at Ft. Hood, Texas.

His wife, Marion, is with him in Texas.

The captain received a bachelor of science degree in business administration in 1965 from West Virginia University at Morgantown.

THE FAMILY—1967

CHRISTMAS 1967

One of the first satellites was launched by divine edict, to guide the Wise Men from the East to Jerusalem, to pay homage to the newborn Jesus.

Much has been learned about the celestial galaxies since that time, and men of science continue to challenge their mysteries.

Complicated measuring instruments have reached the moon and are sending back research data, paving the way for future space observation and travel.

Over these nineteen-hundred odd years, the oft-told story of the journey of Mary and Joseph to Bethlehem and their later flight into Egypt epitomizes the philosophy of the family—the cornerstone of civilization.

Man, while attempting to unlock the mysteries of outer space, should take time out to pause and recall that it was the birth of a Savior in a stable at Bethlehem that helped to make this all possible.

Today's wise men who challenge the universe by orbiting new and bigger vehicles into space should also fall in behind the original three Wise Men guided by the first satellite, to pay homage to the Christ concept and the design of brotherly love. Love of one's fellow-man begins with the family.

Care For Your Fishing Gear

With sportsmen heading for the woods for hunting instead of lakes for fishing, it's a sure thing that fishing gear will be neglected for a spell.

To make sure your fishing gear is ready for use when the rivers, lakes and streams beckon again, a major fishing equipment manufacturer recommends certain procedures prior to storage or long periods of non-use.

However, most Texas fisherman fish all winter long. The suggestions below should be followed throughout the year—every two or three months, recommends the Texas Parks

and Wildlife Department, RODS

1. Wash the rod thoroughly with soap and water, using a small brush (toothbrush will do) on the line guides. Rinse the rod and let it dry completely.

2. Clean the ferrules and grease both male and female. This will help prevent oxidation.

3. Using auto body wax, apply a light coat to the entire rod—not including the grip—and buff to a high gloss.

... FISHING GEAR

4. Put the rod in its container and store it flat, if possible. This is a "must" if you have bamboo rods.

REELS AND LINES

Retire the worn lines. If one end of the line has taken all the abuse, reverse it with the aid of an extra spool. Follow this brief check list for reel care:

1. Release drag tension on

all reels to eliminate spring fatigue.

2. Check the operation of each reel. Now is the time to send reels to the factory for repair.

3. Cover reels with a light film of grease and store in a cloth bag. Cloth allows the reel to "breathe" whereas leather shuts out the air.

TACKLE BOX

"Trying to get the tackle box in order can be a frustrating

experience, as any angler knows," the manufacturer said.

1. Pick out all lures and hooks and lay them out on the table. Don't just dump them in a pile.

2. Clean the box, using a vacuum cleaner to reach into the corners, first make sure all the hooks are out. Wives object to such items turning up inside the vacuum.

3. Wipe the inside of the box with an oily rag and lubricate the hinges.

4. Go through the lures and eliminate all those beyond repair and those that simply didn't catch fish. Replace the lures you lost while they're still fresh in your mind.

5. Check for broken barbs on hooks and plugs. A flat stone can be used to sharpen barbs on a plug you want to save.

6. Coat all hooks with light oil to prevent rust. Accessory equipment should

receive the same care as basic tackle. Landing net fibers should be washed with a mild detergent. Boots and wadders should be rolled into a compact package, wrapped in newspaper, and stored in a cool, dark area.

To complete the check, flashlight batteries should be removed to prevent corrosion, the first aid kit re-equipped, and a list of tackle items needed in the spring prepared now, while you remember.

HORNETS FINISH THIRD AT LAMPASAS TOURNEY

Gatesville finished third at the Lampasas Basketball Tournament this past weekend. A very strong last quarter against Copperas Cove made possible the good showing.

Copperas Cove lead the local's by 36-27 half time score and moved even further ahead in the third quarter 56-35. Something happened and the Hornet five poured in 30 points in the last period. Cove only managed 7 points in the final quarter and Gatesville blazed into third place 65-63. They can play basketball.

Leading the attack against Cove was Bobby Cole with 16 points; Stovall with 11 points; Gaston with 10 points; Shirly, Scheonewolf, and Wiggins with 8 points each; and Raymond Cole and Swindall with 2 points.

Gatesville met the Killeen B team in the first game and held the lead all the way with quarter scores of 19-15, 28-26, 45-36 and the final 57-46. In this first action Reggie Scheonewolf and Kenny Gaston led the Hornets with 16 & 12 points respectively. Raymond Cole connected on 8 points while brother Bobby picked up 7 points. Also picking up 7 points; Kermit Swindall, Bobby Stovall

contributed 4 points and Wayne Shirley got 3 points.

On Saturday morning at 9:00 the Hornets met the host club and found them short of hospitality and long on points. The Badgers would not let Gatesville have the lead even for a quarter but the Hornets were in contention most of the game. Raymond Cole and Kenny Gaston were widest awake Saturday morning with 9 points each. Then three Hornets contributed 7 points each Bobby Cole, Bobby Stovall, and Reggie Scheonewolf. Wayne Shirley picked up four and Kermit Swindall got 1 point.

Saturday afternoon, of course turned out fine with the Hornets grabbing off third place in the 8 team tournament.

Accumulated points for the year are as follows:

Bobby Cole	118
Kenny Gaston	98
Raymond Cole	96
Reggie Scheonewolf	82
Jerry Morgan	43
Wayne Shirley	42

The Hornets go into Holiday action here December 21, Thursday night against Midway. The Hornets lost to Midway early last week and now is the time to welcome the Panthers

to the Gatesville gym.

The Hornets will break for Christmas and then it is off to the Brownwood Invitational Basketball tournament on the 28-29-30 of December.

SUPPORT BASKETBALL.

STATE CAPITOL NEWS

By Vern Sanford
AUSTIN, TEXAS.

A massive new realignment of the Texas National Guard will increase its strength by 500 and add a new parachute unit serving the southeast and central parts of the state.

Reorganization will insure better operational capability and improved riot control potential, according to Maj. Gen. Thomas S. Bishop, the adjutant general.

Texas' two Guard divisions--the 36th Infantry and the 49th Armored--will be replaced by the 72nd Mechanized Infantry Brigade and the 71st Airborne Infantry Brigade, plus miscellaneous units.

Headquarters of the 72nd, covering North Texas and the Panhandle, will be in Dallas. Headquarters of the 71st Airborne will be in Houston. Present 36th Infantry Brigade will maintain its headquarters in San Antonio and cover all of South Texas.

Guardsmen from Fort Worth-Dallas and Odessa-Midland areas will form two new types of command units, called "emergency operations headquarters."

Canyon, Clarksville, Belton, Dumas, New Boston and Rusk will lose their guard units in the reorganization. An artillery battalion with headquarters in El Paso and batteries in Odessa, Midland, Pecos, Lamesa and Big Spring will be separate from the three brigades. So will an engineer battalion in Abilene, a tank battalion in the Brownwood-San Angelo area and an armor group in Fort Worth.

Bishop says other specialized units will be placed throughout the state within areas of the brigades, but not as a part of them.

Total authorized strength will be increased to 17,375. Although the number of company-sized units will be reduced from 189 to 122, units will be larger and sometimes divided between two and three cities.

While general recruiting is banned for new Guardsmen without prior experience, enlistments are wide open for the new airborne brigade with units in Houston, Columbus, Brenham, Orange, Austin, Port Arthur, Beaumont, Port Neches, Waco, Whitney, Stephenville, Clifton, Hillsboro, Cleburne and Corsicana.

COURTS SPEAK—

State Supreme Court, in reversing a Johnson County district court finding, ruled that a man cannot be held in jail indefinitely if he proves he is unable to pay delinquent child support payments.

In other recent decisions, the high court:

Set February 21 to review a Jim Wells County malpractice suit against an Alice hospital and two doctors. Mrs. C.K. Gravis claims an operation was performed on her without consent and that she suffered ill effects.

Agreed to hear oral arguments February 21 in the appeal of Otis Elevator Company from a \$50,000 award to a Waco department store employee injured in an escalator accident.

Up held lower court decisions denying recovery by a Corpus Christi woman in a suit against the city after her car was struck at an intersection regulated by a faulty traffic signal.

Sustained lower courts in denying injunction to Bishop R.E. Ranger to prevent his removal as bishop of Texas southwest division of Church of Christ in God.

A divided Court of Criminal Appeals again upheld the death sentence of Alton Charles for the 1966 shotgun slaying of a retired Caddo Lake game warden.

U.S. Supreme Court has given Texas and New Mexico permission to sue Colorado to collect a 939,000 acre-foot water debt under a 1940 Rio Grande interstate compact. El Paso and Hudspeth County have a

big stake in the dispute.

APPOINTMENTS—
Lt. Gov. Preston Smith named Senators William N. Patman of Ganado, Charles Herring of Austin and J.P. Word of Meridian to the Senate's "little Hoover" commission to promote economy and efficiency in state government.

Smith placed Clint C. Small Jr. of Austin and Reverend J. Carroll Chadwick of Center and Sens. Tom Creighton of Mineral Wells, Dorsey B. Hardeman of San Angelo and Charles Herring of Austin on the legislative committee looking into exemption of charitable organizations from liability for acts of employees and agents.

AIRPORT AID SOUGHT
Texas Aeronautics Commission will seek \$500,000 in federal aid for airport construction in 1968, an increase of \$50,000 over this year.

Sixty-seven Texas communities are on the waiting list for airports and 23 more are ready to start construction.

At its meeting here, Commission heard an application by Miller Aircraft Company for a route from McGregor to Dallas and set an additional hearing to find out if Hood Airlines intends to use its permit for the same schedule.

Hearing originally set for December 18 on Air Southwest Company's application to operate an economy service between Dallas-Fort Worth, Houston and San Antonio was postponed until January 15.

NEW TEXAS TRAVEL HANDBOOK

Texas Highway Department has released an expanded version of its 208-page travel handbook.

Publication new lists 400 cities and towns, more than 2,500 individual items and contains 112 photographs, including such attractions as El Paso's aerial tramway and restored Predidio La Bahia near Goliad. Special sections are devoted

to recreational facilities in Texas forests and parks and hunting and fishing regulations are summarized.

...SULPHUR FROM PAGE 7

Sulphur blew of Regents collected \$766,124.43 from the sale west Texas sulphur--

Sulphur blew into the Texas economy last week, and the University of Texas and West Texas in general can only benefit from it.

UT Board on Regents collected \$766,124.43 from the sale of mineral leases on 20 university-owned tracts in a bid-opening. Bid on one tract alone almost equaled the total minimum that the University expected on the sale.

"All indications point to the birth of a new industry in West Texas," James B. Zimmerman of Midland, geologist in charge of University lands, said. Oil and gas, of course, will remain the financial backbone of West Texas, but in some areas, sulphur is the object of most of the present exploration.

JUNIORS WANT IN

Representatives of public and private junior colleges have told the interim legislative Committee on Faculty Compensation that they want all the new fringe benefits being given to the state's senior colleges.

Particularly, they cite group-insurance plans, leaves of absence and tuition waivers for the families of faculty members.

"We too long have been associated with the high schools and not the senior colleges, Delton Goodin of Lee Junior College told the Committee. "Any college legislation should include all colleges so we won't be segregated."

SHORT SNORTS--

Gov. John Connally announced a \$21,000 regional-planning grant to the Houston-Galveston Area Council, a council of governments covering Brazoria, Chambers, Fort Bend, Galveston, Harris, Liberty, Montgomery and Waller Counties.

A total of 116 Texas cities have approved the one-cent city sales tax as of December 13, 18, cities rejected the tax and more elections will occur in December and January.

Col Homer Homer Garrison, director of the Texas Department of Public Safety, was honored at a testimonial luncheon at Waco, attended by Governor Connally and representatives of the nation's leading law-enforcement agencies.

Atty. Gen. Crawford C. Martin has held that the state and counties cannot be charged clerical fees in counties of more than 20,000 population and where county officers are on salary.

U.S. Office of Emergency Planning has approved 130 applications for projects totaling \$6,700,000 to repair Hurricane Beulah damage to public property.

Federal grants totaling \$159,110 have been awarded to Texas A & M, Southern Methodist, Texas Christian, North Texas State and Texas Woman's universities to encourage effective use of scientific-technical information in commerce, business and industry.

Attorney General Martin has ruled that the Parks and Wildlife Commission has authority to close the entire Somerville Reservoir area (Burleson, Lee and Washington counties) to

Scott Reeve Receives Scholarship

Scott C. Reeve, a sophomore at The University of Texas, has been awarded a Pan American Petroleum Foundation, Inc., undergraduate honors scholarship in geology at the university. The award was announced jointly by C.F. Bedford, Foundation vice president, and by Dr. Earle F. McBride, assistant chairman of the department of geology at the university.

Reeve is the son of Mr. and Mrs. Charles Reeve, 114 N. 27th, Gatesville, Texas. He graduated from Gatesville High School in 1966.

Mr. Bedford said that Reeve will receive a scholarship award of \$800. for the sophomore year, \$900 for the junior year, and \$1,000 for the senior year. Continuance of the award is dependent upon Reeve's maintaining a B average or better in his studies.

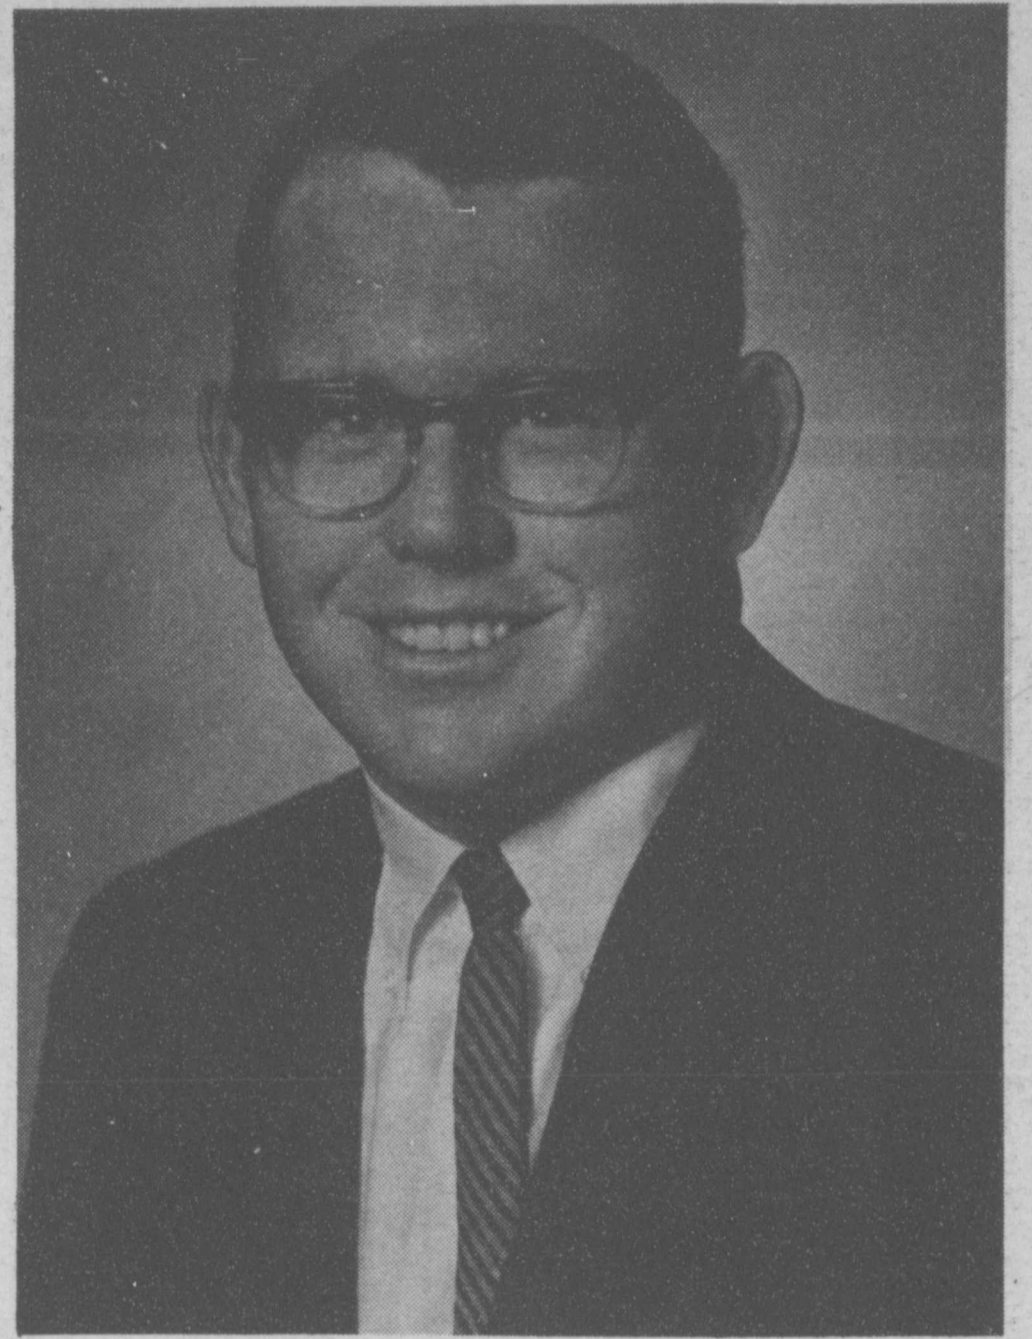

"This award is part of Pan American Petroleum Foundation's program of encouraging talented young men and women to pursue their academic stu-

all hunting after public hearing on proposed regulations for water area.

State Banking Department received application for Montrose State Bank at Houston.

Ray Gabler, Austin businessman, is GOP candidate for 10th District seat held by Democratic Congressman J.J. (Jake) Pickle.

New 1967-68 Texas Fishing Guide now is available from the Parks and Wildlife Commission.

Mr. Scott C. Reeve

dies in fields that are important to the nation's future energy supplies," Mr. Bedford said. Mr. Reeve was the recipient last year of two scholarships,

a Robert H. Cuyler Memorial Scholarship and a Sun Oil Company scholarship. He worked as a student assistant in the department of geology during the 1966-67 academic year.

FINE FOODS FOR HOLIDAY FEASTING!

The Gatesville Jaycees opened a fireworks stand Sunday, December 17 on the A & P parking lot on Main Street. The stand is another fund raising project for lighting the Coryell County Courthouse. Shown purchasing fireworks from stand operator, David Powers, are left to right, Dickie Smith, Mike Smith and David Maio.

JAYCEES OPEN FIREWORKS STAND

Jaycees are still working on their first \$1000 for the Coryell County Court House light project. The optimistic project is aimed at lighting the exterior of the famed structure at a cost of approximately \$5000. The Junior Chamber has taken the lead in the project with an auction, a fireworks sale and later a Bingo game

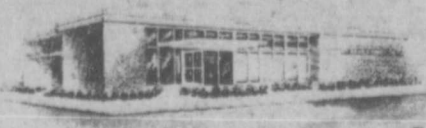

all in an effort to raise funds for the project. To date the projects have brought in approximately \$350. The present business venture (fireworks) is set up in the A & P parking lot at the corner of N. 14th and Main Street. Donating time to the projects are the Jaycees and Explorer Post 174. Other civic groups - Lions

SANTA DELIGHTS THE CHILDREN

Little Johnny Ortega thinks Jolly ole Saint Nicholas is the greatest, Johnny is the son of Mr. and Mrs. Jimmy Ortega of Gatesville.

Two young Lathams, Jeannie and Troy captured Santa Claus on the square Saturday to find him quite nice and with lots of Christmas candy. Jeannie and Troy's parents are Mr. and Mrs. Bobby Latham of Gatesville.

Little Brenda Lee Blackman hugs Santa after telling him her wishes for a Merry Christmas. She is the daughter of Mr. and Mrs. M.J. Blackman of Gatesville.

Excited youngsters anxiously await the results of the Chamber of Commerce drawing held Saturday at 3:00 p.m. on the Courthouse steps. Moments later Master of Ceremonies, Lloyd Ivy announced the lucky winner, Mark Stephens.

... Bike

Burns won the first bike last week in the kickoff drawing held at the same location.

Next Saturday at 3:00 p.m. on the south steps of the Coryell County Court House, the Chamber of Commerce will hold the third and final drawing of the series. The prize will be as it was in the first and second drawings - a brand new dragster bike.

No weather conditions, no matter how fierce, would keep Santa Claus from being with the children and with the children he was! Throughout the afternoon Santa walked around the square and visited all the stores spreading Christmas Cheer wherever he went. Children flocked to him from everywhere. Santa gave candy and wishes to the children and listened to their wishes for toys for Christmas now just 6 days away!

NO CHANGE INDICATED IN SPRING VEGETABLE ACREAGE

It will take 296,600 acres planted to the 13 principal spring vegetables to supply the commercial market needs of these crops, points out John Larsen of the Texas Agricultural Extension Service.

This is the same acreage as was grown last year, he says, as he calls attention to the acreage-marketing guides just released by the Consumer and Marketing Service of the U.S. Department of Agriculture.

Texas and Louisiana are among the states that produce most of the spring vegetables.

If growing conditions are normal in 1968, the recommended acreage will provide 3 percent more than last year. This acreage would provide a crop just slightly smaller than in 1967 but well above 1966. Output of late-spring watermelons on the recommended 63,800 acres would be 13 percent

greater than in 1967 and above average.

C & M S market analysts said that if spring vegetable and melon crops are in line with

the guides, and if harvest timing is normal, supplies should be adequate for anticipated needs.

NEWS \$1.00

As Christmas draws nearer the children get more excited and eyes are bright in all children, ages 8 to 80. Be on hand in Gatesville next Saturday for the Chamber drawing and bring your child. He or she could be a lucky winner!

National Football League Goes Into Playoff

Professional football's National football league has realigned the teams divisions: Central, Capitol, Coastal and Century. Last year saw the end of the old two division system.

Under last years alignment it would be a championship playoff between Los Angeles representing the Western Division and either the Cleveland Browns 9-5 record or the Dallas Cowboys 9-5 record.

The Eastern Division title will come next weekend in Dallas. Both teams have the same record and normally there would be a playoff.

In the Coastal Division both Baltimore and Los Angeles have fine records 11-1-1 and 11-1-1 respectively. But with the Ram victory Sunday it will be Green Bay and the Rams playing for the Western Conference title.

For the season you can line up the winning teams Los Angeles, Baltimore, Green Bay, Cleveland and Dallas. It seems funny that the Colts will not be in the playoffs; they had the second best record this year.

School-Boy Championship To End

All school-boy state championships came to a climax this past weekend with a couple of games won a single point.

In the 4A State Championship, Austin Reagan came from behind to beat Abilene Cooper. Cooper led 19-7 at the half. With a brilliant second half and last minute goal line stand, Reagan captured the title 20-19.

In 3A action, Brownwood, who took our Hornets 35-0 in early season action, took a convincing victory over El Campo. El Campo took out Seguin in Semi-finals a week earlier. Brownwood took a commanding lead in the early going and never lost the lead 36-12.

In Waco the 2A title ended with Plano coming back to win 27-8 over San Antonio Randolph with long scoring plays.

In the Clifton and Tidehaven clash for Class A honors, it ended up 7 to 6 Tidehaven. One can't stop here because on all statistics it was a Clifton victory all the way. The Waco News Tribune carried it like this, "A one point defeat is undoubtedly sports bitterest loss."

THE NEWS IS YOUR BEST BUY AT \$1.00 FOR 104 ISSUES.

EDITORIAL OF THE WEEK

Hell-raising anti-war demonstrations were organized by something calling itself the National Mobilization Committee to end the War in Vietnam.

No one supports the work of this committee more enthusiastically than Ho Chi Ninh, leader of the Communist enemy forces.

"We warmly hail your drive of struggle... aimed at strong action to demand the U.S. government put an end to its war in Vietnam," was the message of congratulations from Hanoi. "We highly value the American People's movement against the U.S. war in Vietnam."

"We wish you brilliant success."

This, far better than anything we could say, shows what cause the anti-war demonstrations are serving.

OVERCROWDED?

With the population of America reaching 200 million on November 20, we are still not overcrowded; The Dutch have a population of 935 people per square mile, compared to America's 55. The Dutch seem to be surviving quite well. The estimated population of America by the year 2030 is 400 million. Our trouble is that 125 out of our 200 million are packed into 10% of our land.
