Cove Upsets Hornets In County Clash

Friday night, the Copperas Cove, Bulldogs won a stunning upset victory over the Gatesville Hornets in a tight 14-12 struggle. Cove and Gatesville each scored twice, but the Bulldogs' Charles Cantrell kicked two extra points which provided the margin of victory. The Bulldogs scored first and the Hornets came back to make the score 7-6 at half time. In the third quarter, Cove again hit paydirt, and in the final period of play, the Hornets again scored. Gatesville was on the move late in the final quarter but the drive fizzled, leaving the Bulldogs on top by two points.

Gatesville kicked off to the Bulldogs to open the game. Cove halfback, Tony Nichols took the kick and returned it to the Hornet 39. On the first play from scrimmage, Nichols was

Six Points

Buddy Wiggins, is a cautious receiver in the above picture. Rightfully so, as he hauls in a touchdown pass that puts the Hornets in position to tie Copperas Cove in the fourth quarter.

ability as he rambled 37 yards with the ball to give the Hornets excellent field position on the Bulldog 33. Gaston and Carothers ground out the yardage toward the Bulldog goal, setting up the scoring play, a seven yard pass from Barr to Reggie Schoenewolf. The attempted run for extra points failed and with 10:53 left in the second quarter, the Hornets trailed by one, 7-6.

Gatesville and Copperas Cove traded punts several times, neither team being able to move the ball successfully. With less than a minute left in the first half, the Hornets got a big break. A Bulldog fumbled a punt and Dale Cooper pounced on the ball for the Hornets. On the next play Gatesville ran an option play with Gaston passing to Buddy Wiggins who was hit immediately at the goal line. With less than a foot to go and less than 30 seconds in which to do it, the Hornets ran two plays into the line which were stopped by the tough Copperas Cove goal line defense. Time ran out on the Hornets, preventing them from scoring and taking a halftime lead.

Down by one point as the second half began, the Hornets were determined to score. Cole took the kickoff on his own

Cove took over on their own six yard line and proceeded to drive 94 yards for a score. In this drive, Nichols rushed for 31 yards and caught a pass which covered 44 yards. The scoring play was a four yard run by Daley. Cantrell kicked the extra point, and with a minute left in the third quarter, the Bulldogs held a 14-6 lead. The Hornets took the ensuing kick off and moved to the Cove 42 before being forced to punt. The punt by Wiggins rolled dead on the Bulldog three yard line. Gatesville held and the Bulldogs punted to their own 37 where the Hornets took over with seven minutes left to play. On a fourth down play, Barr passed 14 yards to Wiggins on the Cove 19 for a first down. Whitt ran for three yards, and

GATESVILLE SCHOOLS TO RECEIVE ADDITIONAL AID

Federal Aid Impacted School Districts in Texas have received word that \$5,162,000 in previously withheld funds have been released. The announcement was made by Senator Ralph Yarborough in a telegram to the News, October 24. The funds had been withheld as part of the \$6 billion spending out, which Congress had required of the executive branches of government in exchange for the 10% Surtax earlier this year.

Yarborough's telegram announced as follows: "Senator Ralph W. Yarborough D-Texas, today announced that the Bureau of the Budget (BOB) had released an additional \$5,162,000 for impacted school districts in Texas. There are 285 affected school districts in the state. Release came," said Yarborough, "After Congress made it clear that this was a priority educational program. Earlier this year, after Congress had appropriated an additional \$91 million for the program nationally, the BOB refused to release the funds. Congress then re-appropriated the money with special instructions that it be spent," Yarborough, in response to pleas from Texas school superintendents, including personal correspondence from Gatesville school Superintendent, L. C. McKamie, became a leader in the fight to restore the funds, he said, "Although the BOB still has the power to withhold the funds, it evidently realized that Congress meant business. Texas has already received \$20,905,000 under the Impacted Aid Program for fiscal 1968, but that simply isn't enough for these school districts who serve government employes but aren't able to

tax them for contributions." "These are the school districts that were entitled to some \$486 million under P. L. 874. These are the school districts upon which the Federal Government had placed heavy financial burdens. These are the school districts that educate the children of parents who work or live on Federal property, especially military bases and Federal agencies. Under this 1950 law, these school districts are entitled to financial aid from the national government. They prepare their yearly budgets on the basis of these entitlements. The school districts literally depend upon this money to educate the children. Yet the administration has said to many of these school districts, 'We will not honor our commitment to you; we will withhold the funds for the education of these children.'" Yarborough said that Texas is slated to get \$27,005,000 for the current fiscal year.

Gatesville Independent School District, Superintendent, L. C. McKamie estimated that if the funds are released in total (100%) it would mean approximately \$14,000 to \$15,000 to the Gatesville Schools this year. McKamie said, "We can do a lot with \$14,000 this year." Because of "the cut" in funds the Gatesville School system has been in a financial bind reported McKamie. The additional funds are as McKamie described "a bonanza for us". We were cutting our cost in many areas of operation, he reported. To larger schools the \$14,000 would be a much less significant amount but for a school the size of Gatesville, it will mean much to the day to day operation of the schools.

McKamie explained that following the \$6 billion spending cut, Congress lead by Patsy Mink of Hawaii, passed Legislation to re-instate the Education funds in the general budget. Complicated language of the bill allowed the Bureau of Budget to continue holding the funds.

McKamie continued that Congress cleared the bill in the spring of 1968 to make possible the additional funds to impacted School Districts. Superintendent McKamie said, "My contact with the proceedings has been through Senator John Tower, Senator Ralph Yarborough and Congressman Bob Poage." Senator Yarborough took personal interest in fight for the funds.

Assault To Murder Charge Filed Against Elge Brown

Charges were filed Monday, by Shirley Harden in Justice of Peace Stony Hammack's Court against Elge Brown of Gatesville, for attempted murder of his step daughter, Shirley Harden, 23 years old.

Sheriff Windy Cummings reported Monday, that the alleged incident occurred Sunday at about 5:45 p.m. on Barnes Street in North Gatesville.

Brown allegedly shot Shirley Harden with a 22 caliber single shot rifle in the abdomen. Shirley Harden is presently in Coryell Memorial Hospital. Sheriff Cummings, Deputy Dorsey, and Police Chief Gene Goins are investigating the incident.

Absentee Voting At Record Pace

Absentee voting in Coryell County is at an all time record rate this year with 132 votes received through October 28, reports County Clerk, Bubba Henson.

The County Clerk's office has mailed out 285 absentee ballots since October 20 with 79 ballots already returned.

The personal appearance balloting has reached 53 through Friday and will continue through Friday, November 1.

Mr. Henson said "Friday (November 1) is the last day we can mail out ballots and it is the last day for personal appearance voting."

The old record for absentee voting was in 1940 when 133 absentee votes were counted. This year will probably double the old record depending upon the number of mailed ballots returned and absentee

votes cast in these last few days before the election.

Mr. Henson reasoned that the closeness of the three candidates and the fact that there are three candidates in this year's election have erected the interest in voting.

Wendell Byrom Named to Head Youth Week Events

At a recent meeting of the Gatesville Optimist Club, David Sandefur, president, announced the appointment of Wendell Byrom, chairman, to plan and coordinate this year's Youth Appreciation Week events.

The program, to be held during the week of November 11-17, is an annual observance, co-sponsored by Optimist International and its 2700 clubs throughout the U. S. and Canada. Its primary purpose is to recognize the accomplishments of youth in the home, school, church and community....the decent majority.

Optimist International has focused its efforts on youth serving activities since its inception fifty years ago. The local Optimist Club presented trophy buckles to the Best All-Around Cowboy and Cowgirl winners during the recent Gatesville Junior Rodeo. Future plans in the club are an oratorical contest on December 9, 1968, and Bike Safety Week in April.

In its Youth Appreciation Week endeavor the local club will be requesting the cooperation of other organizations and individuals in the community.

The next meeting will be held November 12.

Cove's Nichols on the Move

off to the races again as he carried for 25 yards to the Hornet 14. Five plays later, quarterback Richard Daley hit end, Charles Cantrell with a seven-yard scoring toss. Cantrell booted the extra point, giving the Bulldogs a 7-0 lead with 9:23 left in the first quarter.

Gatesville took the ensuing kickoff, but could not move the ball, and punted to Cove. The Bulldogs lost the ball on a fumble which was recovered by Randy Schoenewolf, but two plays later the Hornets fumbled the ball back to Cove.

Late in the first quarter, Nichols broke free for a 19 yard run until Hornet safety man Raymond Cole hit him with a bone-jarring tackle which caused him to lose the ball. The Hornets recovered on their own 31 yard line. On the next play, Cole showed his offensive

Oglesby Outlasts Jonesboro 12-8

Two Weekend Accidents Reported By Highway Patrol

Two weekend accidents were reported by Texas Department of Public Safety Patrolman, J. K. Hamilton. Saturday morning at 4:30, El Marie Sanford of Gatesville was involved in a one vehicle accident on the Old Georgetown road, three miles south of Gatesville.

Hamilton reported that Sanford was traveling south when the 1950 Ford pickup she was driving ran off a bridge and overturned in a creek. The truck was damaged \$100. Mrs. Sanford was treated for minor cuts and bruises and released from Coryell Memorial Hospital.

Saturday afternoon at 1:45, Hamilton investigated a car-truck accident 20 miles west of Gatesville. Eddie Lee Moore of Dickens, Texas ran into the back end of a trailer truck driven by David Johnson of Abilene.

The Pontiac was damaged \$1000 and the truck was damaged \$200. Mr. Johnson the truck driver received no significant injuries. Eddie Lee Moore driver of the auto is presently in Coryell Memorial Hospital with undetermined injuries and Robert Moore a passenger in the auto received a broken finger and minor cuts and bruises.

Eddie Lee Moore was filed on for D.W.I. and possession of a prohibited weapon and Robert Moore was filed on for drunk in public. Hamilton identified the prohibited weapon as a 32 caliber pistol in the glove box of the Pontiac.

The annual Six-Man football championship of Coryell County was exciting as it always is, this year, with an estimated 800 fans at Oglesby Friday night, to see Jonesboro and Oglesby tangle, Oglesby winning 12 to 8.

Tangle, the teams did with only two points being scored in the first play from scrimmage, when Willie Leos was unable to hang on to a "pitch out". Leos chased the ball into the end zone and was tackled there.

The Tigers were stunned in the first half by the determined offensive play of Mickey Perry and the always tough Jonesboro defense. The Eagles moved the ball well in the first half running 35 offensive plays to the Tigers 17 plays.

The Tigers defense was put to the test time and time again in the early going and managed to halt the Eagles on each scoring drive.

Coach Jerry Fox pointed to

outstanding performances by Joe and Johnny Pitts for the big defensive plays and two sophomores Don Mackelvain and Mike Robinson for the pass defense which allowed only three pass completions for Jonesboro.

The first half struggle saw the tough Eagles hold Oglesby to only 73 yards rushing while the Eagles approximately 140 yards.

The second half changed the tempo when Joe Pitts ran 50 yards to the Jonesboro 15 yard line and then Ronnie Sullins passed to Johnny Pitts for a 15 yard score. The extra point effort failed and the score was 6 to 2, Oglesby.

Minutes later, Oglesby had

Rattlesnakes or Monsters

Sam Weaver

L.G. Barnhill

They do have big snakes in Coryell County as you can see in the above photos. At the left is Sam Weaver of Ater as he displays a five foot six inch rattler killed recently in that community by Orvin Haley. The snake weighed nine pounds and had 16 rattlers. Pictured at the right is Mr. L. G. Barnhill of the Coryell City area of the County. Mr. Barnhill plowed this snake up in a field about eight miles northwest of Gatesville recently. The rattler was six feet long and had four rattlers.

Elks Down Gorman 12-6

The Evant Elks recorded another victory this past week with a 12 to 6 defensive struggle with Gorman. The Elks scored on their first possession of the night. Evant

took possession after kicking to Gorman and the runner was downed at the 50 yard line where the Elks recovered a fumble.

The Elks relying on a strong inside attack, picked up yardage in short gains. Then Delbert Suggs, senior quarterback, hit Rickey Marriott with a pass carrying the ball to the Gorman 15 yard line.

Kyle Arnold got the call at the 15 yard line and answered with a powerful drive to the endzone. Point after touchdown failed for the Elks.

The Elks picked up their second score in the second quarter when Rickey Marriott halted a Gorman threat by intercepting a pass at the Evant 20 yard line. Marriott raced 80 yards to pay dirt for the second Elks score.

The game was a defensive battle all night long.

The second half naturally started with Gorman kicking to Evant. The unnatural thing about the kickoff is the Elks returned it to midfield only to fumble to Gorman and set up the only Gorman score.

With the margin cut to six points the Elks defense, lead by Kyle Arnold at linebacker, stopped the Gorman eleven at every turn.

The games last records proved to be just as exciting as the scoring plays with the Elks holding off a Gorman threat with fourth down on the two

yard line. The Gorman fourth down pass fell incomplete in the Evant end-zone and the Elks took over with five seconds to play.

Coach Bruce Jones, described the game as another fine defensive game with the entire squad contributing to the victory. Selecting outstanding performers is impossible. Marriott set up one score and scored the winning points.

The Elks are two win and one loss to date, and they face Richland Springs November 1, at Richland Springs. The Elks will be looking for their third win in a row Friday night.

Ralph Yarborough's

WASHINGTON REPORT

Passage of a sweeping new veterans bill on the next to last day of the 90th Congress was a great victory, not just for me, but for six million American veterans of the Cold War period and the war in Vietnam. Congress approved a series of amendments to my Cold War GI Bill of two years ago, and to other existing veterans laws -- giving today's young men in uniform the best opportunities ever to return to school and to better protect their families.

Congress improved on my original Cold War Bill by offering the returning veteran a minimum of 1 1/2 months of

Last Rites Held For Mrs. John Fegette

Mrs. John R. Fegette, 73, of Oglesby died at 5:45 a.m. Thursday in a Gatesville hospital.

Funeral Services were at 3 p.m. October 25 in the Lee Chapel with the Rev. M. E. Fairchild officiating, burial was in Post Oak Cemetery at Oglesby.

Mrs. Fegette, the former Miss Una Lee Duncan, was born in Jones County and married John Fegette at Oglesby in 1912. She had lived in Oglesby for 56 years. Mr. Fegette was a farmer and rancher in the area.

Grandson of Purmela

Resident Injured in Farm Mishap

Charles Engel, 13 year old son of Mr. and Mrs. Raymond Engel of Masonville, New York was severely injured on his fathers farm, three weeks ago, when he somehow became entangled in the mechanism of a self-unloading chopper wagon and was badly mangled. Young Engel is the grandson of Mr. and Mrs. Archie Engel of Purmela.

He was taken to Sidney Hospital in critical condition with a punctured lung and a fractured skull. During surgery, 100 stitches were taken in his head and a rib was removed. He remained unconscious for several days and was not taken off the critical list until October 16.

At the time of the accident he had a heavy cold and the mucous had settled in his lungs. He had a tube in his back for drainage, which has now been removed, and he is now breathing on his own and is able to take some food, according to word received by his grandparents last week.

Taylor's Have Louisiana Guest

Mrs. Dora Ranschenberg from Lafayette, Louisiana, visited with the Billy Taylors and Mrs. J. F. Rauschenberg and Vern Harris over the weekend.

schooling for each month he served in uniform -- up to 36 months of schooling with government financing. That does not mean college only. Returning GI's can choose to return to high school, or they can choose on-the-job training in a skill, business college, technical school, trade school, on-the-farm training, or even commercial flight training.

The new bill also includes-- for the first time-- educational opportunities for widows of servicemen. For many years we've had government pensions for military widows. But we've never given them an opportunity to return to school and become better prepared to support themselves.

Previously, veterans could receive a month of schooling for each month of active duty, so that a man drafted for two years could have two years of education upon discharge, with government support. Now he is guaranteed a minimum of one and one-half months for each month in the service; but every veteran who completes at least 18 months in the Armed Forces now is entitled to a full 36 months in school. That's enough for a high school graduate to earn a college degree, or enough for a veteran who chooses on-the-job training to master a skill.

Our Cold War veterans are finally being treated on a level with the veterans of World War II and Korea. Veterans of those wars returned to school by the millions and became well-educated, wage-earning, tax-paying citizens.

It's estimated that those two bills cost about \$15 billion. But it's also estimated that veterans who went to school under the GI bills will have paid \$30 to \$45 billion in additional taxes from their improved earning capacity.

These six million Cold War veterans -- including 300,000 Texans -- now can have the same chance to learn -- and the whole nation stands to gain from it.

Highlights and Sidelights

Vern Sanford

Lawyers and newsmen of Texas have jointly formed a special committee to establish guidelines to protect the right of the free press in covering arrests and trials while at the same time guaranteeing fair treatment of accused persons.

This combination state-bar and news-media panel includes representatives of the State Bar of Texas, Texas Press Association, Texas Daily Newspaper Association, Texas Association of Broadcasters, AP and UPI Managing Editors Associations and Sigma Delta Chi professional journalism fraternity.

Committee is the outgrowth of controversial recommendations made by the Reardon Advisory Committee on Fair Trial and Free Press (American Bar Association). Reardon Committee suggested tight restrictions by courts and law enforcement agencies on information to news media concerning arrests and pending criminal cases. American Bar adopted the restrictions, then urged state and local groups to make them effective.

Purpose of state committee, said Texas Bar President Ralph W. Brite of San Antonio, is "to promote a better understanding between the Bar and news media, particularly in their efforts to support the constitutional guarantees of freedom of the press and the

right of a fair, impartial and public trial."

Brite said guidelines will be established for both lawyers and newsmen in release of information related to criminal proceedings.

Bar representatives will include a prosecutor, a defense attorney, a general practitioner and one of the bar's judicial section which is made up of trial and appellate judges.

ABA already has formed a national committee on "guidelines for arrest and trial coverage."

Bar directors also okayed a 13-point legislative program for 1969. One important item is an act to reform the bail bond system. Others high on the list call for revision in statutes governing marriage, annulment and divorce, the Marital Property Act of 1967, and an amendment to the State Bar Act to suspend an attorney convicted of a felony. Conviction would disbar the attorney. The bill reform act is to do away with the present system which generally forces a person charged with a crime to pay a bondsman a fee.

ATTORNEY GENERAL SPEAKS

Contractors and repairmen learned with relief that they will not have to absorb the

sales tax on materials they use in their work.

Comptroller Robert S. Calvert had held that changes in the sales tax law required them to absorb the tax. But Atty. Gen. Crawford Martin held that the Legislature did not mean to do that, so the repairmen will continue to collect sales taxes from their customers on parts they use for repairs, or the materials they use.

In a variety of other recent opinions, Martin ruled that: Comptroller may issue warrants from appropriated funds without regard to invalid restrictions in an appropriations bill.

Initial terms of members of the Judicial Qualifications Commission terminate November 19, 1967, 1969 and 1971, respectively.

Special Temporary agricultural permit for truck movement of farm commodities does not permit transportation of equipment such as combines.

Drive-a-way in-transit license plates are authorized only for transportation of new vehicles moving under own power, not truck trailers and mobile homes. Holder does not have to be a state resident.

State Securities Commissioner is authorized to see copies of franchise tax reports made to the comptroller by corporations.

Parks and Wildlife Commission can amend a bond resolution to substitute another co-paying agent for park development bonds without re-advertising or new bids.

Whether pipeline rental is subject to the sales tax is a fact issue for the comptroller to determine.

A county attorney could serve as a professor for a college class, but could not accept pay for both jobs.

ANTI-TEEN DRINKING PROGRAM PUSHED

Liquor Control Board has launched an educational program to curb drinking by teenagers.

Acting Administrator O. N. Humphreys Jr. said the main objective is to show youngsters problems a single violation of liquor laws can cause them. LCB statistics show 10,872 violations involving minors and 10,184 convictions in the first eight months of the year.

LCB proposes distribution of literature explaining liquor laws to parents and teenagers; lectures in churches, schools and clubs; distribution of informational films and a new reporting system to keep tabs on liquor law violations involving minors (as a guide to areas where education needs to be concentrated).

A single violation, Humphreys warned, can mar the record of a youth for life.

PARKS AND WILDLIFE

Expenditure this year of \$1.9 million under the \$75 million park bond development program has the approval of the Parks and Wildlife Commission.

Bulk of initial expenditure will go to purchasing and developing Dinosaur Tracks State Park near Glen Rose in Somervell County and other parks within two hours driving time of Houston.

Commission adopted a policy requiring its own formal approval of any land purchased by P-W department for state use.

Commission also amended the Tropical Fish or Fish Eggs Importation Proclamation to include the Asian "walking catfish". Fish has been noticed

in some pet stores, but isn't popular because it leaves the tank and kills other fish. Amendment calls for a permit to sell or import the aggressive fish to prevent its spread to Texas waterways because of its menace to other fish.

COURTS SPEAK

Supreme Court has scheduled arguments for December 4 in a suit challenging the Fort Worth school district's authority to curb high school fraternity and sorority membership. Lower courts have upheld the school districts.

High court refused a motion for rehearing by the Houston Legal Foundation in a suit brought by four lawyers who claim it is economically harmful to attorneys. Foundation was set up under Economic Opportunity Act. High court has held lawyers should be permitted to maintain suit.

Motion to reconsider holding that cities are immune from most damage suits was rejected by court.

Court of Criminal Appeals ordered Clifford Darrell Carroll released from death row for re-trial (in view of a U. S. Supreme Court finding) in the scalding death of a two-year-old girl.

APPOINTMENTS

Gov. John Connally named nine state agency members and 12 representatives of local governments to a new state council to plan and coordinate law enforcement activities to implement provisions of the federal omnibus crime control and safe streets act of 1968.

Local representatives include Secretary of State Roy Barrera and Sheriff W. B. Hauck of San Antonio, Dallas Police Chief Charles Batchelor Jr., Eagle Pass Mayor Art Flores, McAllen District Judge Fidencio Guerra, Fort Worth City Councilman Dr. Edward Guinn, Al Henry of the Houston Mayor's staff, Nueces County Judge Noah Kennedy Jr. of Corpus Christi, Laredo Mayor J. C. Martin, Gatesville District Judge Truman Roberts, Amarillo City Councilman O'Brien Thompson and Houston District Attorney Carol Vance.

State representatives include Attorney General Martin, Wallace Beasley of the Commission on Law Enforcement Officer Standards and Education, Prison System head Dr. George Beto, Adjutant General Thomas S. Bishop, Mental Health Commissioner Dr. John Kinross-Wright, Department of Public Safety Director Col. Wilson E. Speir, Sam Houston State College President Dr. Arleigh Templeton and Texas Youth Council Director Dr. James Turman.

State Rep. Bill Clayton of Springlake has been named to the executive committee of the Interstate Conference on Water Problems.

VOCATIONAL EDUCATION REVAMPED

Vocational education, a critical area of learning, will get a new direction before 1973 according to the Texas Education Agency.

Change will begin next year with new state plan designed to coordinate efforts of schools and industry. Federal funds will be available in eight different areas, for improving home environments and family life in depressed areas, for expanding vocational homemaking programs, to work with those with physical handicaps and to aid cooperative industry-school training plans.

VETERANS LAND BOARD SALE

The Veterans Land Board will receive sealed bids at the General Land Office, Austin, Texas, until 11:00 o'clock A.M., November 19, 1968, for the sale of 65 tracts of land. There will be 32 tracts offered to eligible Texas veterans only in Brown, Callahan, Cameron, Clay, Dickens, Gaines, Guadalupe, Hidalgo, Hunt, Jasper, La Salle, Liberty, Milam, Potter, Rains, Randall, Reeves, Yoakum and Zavalla Counties. There will be 33 tracts offered to non-veterans and eligible Texas veterans in Cameron, Dimmit, Hidalgo, Maverick and Newton Counties.

Tracts may be financed through the Veterans Land Board. For information and listing of tracts write to:

JERRY SADLER
Commissioner of the General Land Office
Chairman of the Veterans Land Board

The Tiger defense played outstanding football against the Jonesboro Eagles, Friday night. The Tigers held the high scoring Eagles to eight points. Mickey Perry of Jonesboro was top ground gainer for the night with 153 yards.

the ball at their own 30 yard line and Johnny Pitts slipped outside the Jonesboro defense and raced 50 yards for Oglesby's second and final score.

Early in the fourth quarter Mickey Perry took a 35 yard pass and ran for a touchdown. The extra point failed and the score was 12-8 Oglesby.

The last quarter was filled with defensive work by both squads. The game ended with the Tigers in control at the Jonesboro 20 yard line.

Mickey Perry of Jonesboro was the games leading ground gainer with 153 yards and one touchdown followed by Willie Leos of Oglesby with 104 yards, Dale Summerfield 74 yards, Joe and Johnny Pitts each with 70 yards, and Randy Roebuck with 40 yards. Johnny Pitts scored twice for Oglesby.

Fox picked Johnny Pitts as outstanding Tiger in the game because of his performance on both defense and offense. Mickey Perry was the outstanding performer for Jonesboro. Fox pointed to Perry as tough to stop and a good defensive ball player.

Oglesby sees action this Friday night against Jerral at the Jerral Homecoming. Coach Fox anticipates a tough game.

Rounding out the Oglesby schedule are Homecoming contest with Buckholts and Milano the 9th and 15th of November respectively.

Proper Adjustment of Stripper Reduces Field Losses

Cotton stripping is one of the most efficient means of harvesting, but the amount of lint in the trailer will depend on the operator's ability to cut down on field losses. B. G. Reeves, Extension agricultural engineer with Texas A & M University, says,

To reduce these field losses the stripper should be adjusted properly, taking into consideration the stalk height and texture and the fruiting pattern of the crop. The tension on the stripping rows and pressure on the stripping bars are most important to assure a clean pass, the cotton ginning and mechanization specialist

The speed and travel of the machine should be checked by first making a test run of rows and observing the plants for

Hornet

then Barr passed to Wiggins again, this time for 19 yards and a touchdown. Once again the attempt to run for two points was stopped, and the Hornets trailed 14-12 with six minutes left to play.

Gatesville got the ball in fine field position after a Bulldog punt rolled dead on the Copperas Cove 42. Gaston ran for 17 yards on a reverse to move the ball to the Cove 25. Whitt then burst through for ten yards, but an offensive holding penalty on the Hornets not only wiped out the gain but also cost Gatesville 15 yards. Faced with 25 yards to go for a first down, Gatesville attempted two passes and two running plays but could not make the necessary yardage and were forced to give up the ball.

With about a minute left to play, the Hornets got the ball again on the Bulldog 48. Four desperate attempts to pass failed and Copperas Cove had only to run out the clock for the last 35 seconds to win the game 14-12.

The leading rushers for Copperas Cove were Nichols with 102 yards in 12 carries and Daley with 65 yards in nine

skinned or barked bases. If they are skinned or barked the

operator should see which side is off center and make his adjustments. Plants should also be checked for broken tops which will indicate too much pressure on the stripping rows or too fast a travel speed.

"Large stalks or branches can catch lint which should be processed and adjustments should be made to carry as much pressure on stripping rows as possible without barking. Once again it is important to slow down the speed," Reeves says.

"Skippy" or thin rows of cotton should be harvested carefully to avoid throwing bolls out of the front box. Rubber or chain curtains in front of the box, set about 18 inches down, will usually keep bolls from being thrown out of the front, according to the specialist.

Weedy fields or sections of fields should be stripped separately from the rest of the crop to insure cleaner lint and better prices, Reeves concludes.

Double Teamed

On a late fourth quarter attempt the Hornets sent Buddy Wiggins on the same pass route that he scored on earlier. This time he had plenty of company on the part of two Cove defenders.

Feeding To Labor Shortage On Agenda At Short Course

Subjects from improved cow feeding to labor shortage problems will be discussed here as part of the annual Dairyman's Short Course November 7-8.

Milk producers, industry personnel and commercial feed company fieldmen will converge on the Memorial Student Center on the Texas A & M University campus to become more informed on the subjects of dairy feeding, breeding and management, and marketing of milk and milk products, A. M. Meekma, program chairman and Extension dairy specialist, said.

Speakers from research, processing, animal health and production will address the group expected to exceed 150 persons.

An internationally known researcher in mastitis, Dr. W. Nelson Philpot, an associate professor at Louisiana State University, will talk on "Mastitis, Its Prevention and Control." Dr. Donald L. Bath, University of California at Davis, will discuss "Attracting and Keeping Well Qualified Dairy Farm Labor," Meekma pointed out.

Other speakers for the two day short course include Drs. L. S. (Bill) Pope and R. C. Potts, associate deans of agriculture at Texas A & M; Dr. O. D. Butler, head of the Animal Science Department here; and Dr. James B. Henderson, executive director of the Texas Animal Health Commission in Austin.

The Dairyman's Short Course is sponsored by the Department of Animal Science in cooperation with the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service.

A \$5 registration fee will be charged and will take care of all sessions of the short course. Tickets for a banquet Thursday night will also be available, the program chairman said.

Commit your way to the Lord.—(Psalms 37:5).

We know the many things that require our time and attention. We know what we would like to see adjusted and harmonized. We know what seems to be out of order. With His Spirit working in and through us to bless all that concerns us, we will bring forth the right answers in order to establish a good and orderly life for all those whose lives touch our own.
