

HOSPITAL RECEIVES GREEN LIGHT ON EXPANSION PROJECT

The Coryell County Commissioners held an active session Monday, including approval of plans to go ahead with final plans on a \$60,000 improvement project for the Coryell Memorial Hospital.

Hospital Administrator, John Gilmer, noted that the \$60,000 improvement project would be financed by time warrants payable from the hospital income over a period of years. Gilmer estimated that could be handled under present financial conditions.

The project is aimed at improving surgical, dietary, X-ray and emergency facilities at

the hospital. Gilmer pointed out this week that the surgical unit at the hospital would be expanded to include major surgery facilities, minor surgery facilities and recovery rooms. The dietary facilities will be enlarged, and new storage facilities will be provided to eliminate present storage problems.

Gilmer said emergency facilities will be rebuilt where the present ambulance entrance is located. "It will create two new rooms for hospital beds," said Gilmer. The X-ray department will be made larger.

Gilmer noted that the improvements would not be limited to just building, but would include an undetermined amount of equipment.

The project architects, Holeman and Wiedeman of Waco, have estimated that final plans and specifications would probably be completed within a month to six weeks.

Construction bids will follow soon after final plans are approved. Gilmer expressed hope that local contractors would bid on the project.

In other action, the Court has authorized the placement of a new County Home Demonstration Agent in the county effective November 1.

Judge Norman Storm notified the A&M Extension Service at Stephenville this week concerning the Commissioners' action. The H-D Agent post has been vacant since December, 1968, when Grace Chandler resigned the post.

The Court has rented office space from the Gatesville Housing Authority at its new office

building at the corner of Waco and 14 Street for the Texas Department of Public Welfare. The new office will be open November 1, 1969.

The Welfare office will have a mailing address of 1308 A St. Louis Street.

Floyd Murray, District Clerk of Coryell County, has been appointed by the Commissioners' Court as Veteran Administration County Service Officer to replace Carl McClendon who recently retired from the post.

Murray will take over Service Office duties as of November 1, 1969. He was also appointed a member of the Coryell County Veterans' Land Board Committee. Murray will join Cleo Carroll and Don Callahan on the Veterans' Land Board.

Radio equipment will be purchased soon for the County Sheriff's office and jail. Judge Storm noted the Court voted to purchase a new base radio station for the office in the courthouse and also a remote unit at the county jail. Cost of the new equipment is estimated at \$1,600.

County Educators to Attend State Teachers' Convention

Three Gatesville educators will be official, voting delegates to the 91st annual state convention of the Texas State Teachers Association Oct. 23-25 in San Antonio.

They are Mrs. Eva Bates, W. H. Donaldson, and Beryl Wright.

The three Gatesville delegates are among the 1,288 certified members of the 1969 House of Delegates, which will meet on the last day of the convention to discuss and act on proposed amendments to the TSTA constitution, new policies, recommendations of standing committees, and other business.

The official delegates are selected from the 419 TSTA local associations throughout the state and certified by districts on the basis of one delegate per 100 members or fraction of 100. Every local association in the state is entitled to at least one official delegate.

With total membership in TSTA expected to hit a record 124,000 this year, attendance at the convention will probably total about 8,000. Featured speakers include Gov. Preston Smith, Sam M. Lambert, executive secretary of the National Education Association, and Charles D. Holleyman, superintendent of schools at Mustang, Oklahoma.

Also attending as official delegates from the immediate area are C. L. Mitchell of Cranfills Gap and Mrs. Gail Owens of Star.

Members of Gatesville High School's Future Farmers of America club selected Miss Debbie Hairston as the 1969-70 FFA Sweetheart on Wednesday. The beautiful Miss Hairston was awarded the traditional white FFA Sweetheart jacket at an assembly the same day.

Miss Hairston, daughter of Mr. and Mrs. LeRoy Hairston of Gatesville, is an active participant in many areas at GHS including head cheerleader and forward on the GHS Hornets basketball team. She reigned as Sweetheart at the 1969 Gatesville Jaycee Rodeo in June.

Miss Hairston will represent the local FFA Chapter in the District FFA Sweetheart contest later this year.

PTA HEARS SCHOOL BOARD PANEL

The Gatesville PTA Executive Committee met at 6:30 p.m., Monday, October 13, in the junior high principal's office. Present were Mr. L. C. McKamie, Mr. Sidney Pruitt, Mr. Glenn Whittenberg, Mr. Don Edwards, and 10 officers.

It was decided to make a change in previous plans for the annual fund-raising project. The project this year will be a talent show but no chili supper as in past years. The talent show is scheduled for the early part of February.

A report was made on the Daylight Savings Time poll, and it was decided to discuss the recommended change in the general business meeting and call for a vote.

Mr. McKamie presented a resolution to the Texas Highway Department in appreciation of their work in installing the traffic light at Highway 84 and Lovers Lane. The committee voted to accept the resolution to be sent to the THD District

Office in Waco. It was signed by all committee members present.

The Gatesville PTA met in regular session Monday night, October 13, in the junior high auditorium with nearly 100 parents, teachers and others present.

After the call to order, Mrs. Charles C. Bruton, President, gave a short devotional. Minutes of the previous meeting were read by Mrs. Howard Porter, Secretary, and were approved as read. Mrs. Charles Wilson, Membership Chairman, reported a membership of 364 so far this year. It was also announced that there will be a membership campaign this month. A prize will be awarded to the room with the most PTA members. Mrs. Place's sixth grade room won the room count again this month and will receive \$5.00 as well as the PTA Attendance Banner for the month.

The main item of business was a discussion of the Daylight Savings Time Program and its effect on our school

SWIMMING POOL CONTRACT AWARDED TO WACO FIRM

The City Council received two bids for construction of the new swimming pool at the Tuesday, October 14, Council meeting. Homer Hodge of Mart entered a bid of \$56,924 and Lake Air

Pools entered a bid of \$59,750. According to City Manager Elland Lovejoy the Council awarded the contract to Lake Air Pools after careful consideration of the bids.

The pool, in the planning stages for several years, will require 90 working days for completion. Parks and Recreation Department Chairman Gene Chitwood has described the pool as in the shape of a "plus sign."

The pool will have about 80% "swimming water." Chitwood noted that swimming water at depth around four feet. The deep water area is as deep as 12 feet. Three diving boards are to be located around the diving well.

Shallow water and a baby pool will provide adequate play area for young children.

The pool will feature a filtration system to keep the water clean and purified at all times. Water consumption at the new pool will be drastically reduced from the present non-filtered pool.

Construction plans for the bath house, refreshment center and fence have not been completed. These facilities are scheduled to begin undergoing construction as soon as pool construction will permit.

CITY COUNCIL TO CONSIDER GAS RATE HIKE

The Lone Star Gas Company met with the City Council this week to discuss a proposed gas rate hike which would raise average residential bills by \$1.83 per month.

The Council decided to take the rate hike under consideration, reported Mayor Bob Miller.

Lone Star Gas has requested rate hikes in many Central Texas towns serviced by the company. City governments in Hamilton, Belmead, Temple, and Waco are among those affected. Hamilton has approved a rate increase averaging \$1.59 per month on a residential bill. In Temple, the increase will be about \$1.41 per month.

The rate hike will probably be considered again at the next Council meeting.

In other Council action, a zoning ordinance was passed changing Lot 6, Block 21 of the new addition from residential to commercial. Farington Oil Company had requested the ordinance change.

The specifications of a new fire truck will be advertised for bids in the near future. The Council approved the purchase of the truck Tuesday night. Bids are to be reviewed by a committee of firemen headed by Chief Pat Patterson on November 11, 1969. The firemen's committee will then make recommendations at the November 11 meeting of the City Council.

The new pumper truck will

drastically improve fire equipment available to the G.V.F.D. presently. The new truck, coupled with the Department's own converted military truck, which will be completed in a few months, will be definite improvements in the department's fire fighting capabilities.

The Council held a public hearing on the issuance of time warrants to pay for the construction of the new swimming pool. Mayor Miller reported, "no opposition to the time warrants was aired at the hearing." The Council voted to issue the warrants not to exceed \$60,000.

Street repair is proceeding in three areas of the city. Streets in the housing project area are ready for surfacing; work continues in the Live Oak Street area; and street improvement in the area of Walls Manufacturing is underway.

Streets in many areas of the city have received a patch-work job by city crews.

Full Military Services Set for Captain Charles D. Jageler Today

Full military services for Captain Charles David Jageler will be held at 2:00 p.m. this afternoon, October 17, at St. John's Lutheran Church in Coryell City. Interment will be in the St. John Cemetery.

Jageler was killed during a helicopter crash last Thursday in Vietnam.

He was the son of Mr. and Mrs. George Jageler, Jr. of Gatesville.

Girl Scout Uniforms Wanted

If you have used Girl Scout Junior Scout, Cadette or Senior Scout uniforms, now is the time to sell them.

Saturday, October 18, is the day to bring the uniforms to the Scout House in Raby Park. Uniforms to be sold should be at the Scout House by 9:00 a.m. The sale will take place from 9:30 a.m. until 3:30 p.m.

Entire uniforms or individual items can be brought to sell. All items should be tagged with the seller's name and asking price.

Clothing items should be clean, pressed, and on hangers. Money and unsold items should be picked up by 4:00 p.m. Unclaimed money will be put into the Day Camp Fund.

Girl Scout Leaders will be present to help girls select the correct uniforms or accessories.

EVANT TO BEGIN WATER-SEWER PROJECT SOON

A condemnation hearing was held October 9 to make a ruling in the question involving the Evant Water Supply Corporation and Era Williams, Jean Drake, Bobby Drake, and Robert Lee Williams.

The Court set judgment at \$1250 for one acre of land, easement into the acre, a drainage easement from the acre, and a sanitation easement.

The court decision will allow the Evant Water Supply Corporation to begin work on a \$244,000 water and sewage system for Evant. The Farmers' Home Administration is financing the project.

The Evant Water Supply Corporation has been approved for the F.H.A. loan since June 21, 1968. Work on the water and sewage project has been underway since mid-1966.

The Steering Committee for

the project are: A.M. Sparks, Paul January, W. M. Glover, Charles Faubion, and L. L. Pruden all of Evant.

Attorney for the Corporation, Albert Dickie, noted that the Corporation has put up twice the amount of money with the County Clerk's office to take immediate possession of the property.

Dickie reported that defendants in the case had indicated that they would appeal the case to County Court.

The judgment became effective on October 14, and defendants will have until November 3 to enter their appeal.

F. H. A. County Supervisor Vance Stephens has already requested the \$244,000 check from the F. H. A.

The check should be turned over to the Corporation within the next 10 days.

GRAZING PERMITTED ON DIVERTED ACREAGE

Acreage diverted under the 1969 feed grain and wheat programs may now be used for livestock grazing, Robert L. Melbern, Chairman of the Coryell County Agricultural Stabilization and Conservation (ASC) Committee, has announced. Grazing can begin now.

He reminded farmers that under normal circumstances no grazing is permitted on acreage still under contract in long-term land retirement programs such as the Conservation Reserve and the Cropland Adjustment Program. In counties designated for emergency assistance because of natural disaster, county ASC committees may permit haying and grazing on these lands.

Today's announcement affects only livestock grazing on land diverted under annual commodity programs. No diverted acreage may be harvested, again with the exception of those counties designated for the emergency program, where both grazing and haying may be permitted by county committees.

Diverted acreage is land set aside from crop production by farmers participating in voluntary commodity programs. Diverted acreage must be kept in conserving uses. Among other provisions, this means no livestock may graze during

the growing season. (May 14-October 14 this year in Coryell County) Vegetative cover is required to be maintained to protect the diverted land from erosion.

Public benefits are provided by conserving use of diverted acres, Melbern said, as well as protection of the farmer's land. By helping prevent soil erosion, conserving uses help keep water run-off more silt-free than if the land were left idle but unprotected. Diverted land also provides many thousands of acres of wildlife habitat.

Cotton farmers are reminded to turn in cotton production for the years 1966-67 and 1968 now, as cotton yields will be considered soon. Forms have been mailed to all farms with cotton allotments. If the years 1966-67 have previously been reported, acreage is already entered on the form before the form was mailed.

Farmers are reminded that fall grazing of diverted acres is now permitted. This is the acreage farmers have kept out of wheat, feed grain and cotton under the 1969 Farm Programs. Since conserving use is required, livestock may not be grazed on diverted acres during the growing season. However, the prohibited grazing period is now over.

The First United Methodist Church of Gatesville has just completed a Crusade for Christ fund-raising campaign. The Crusade reached its goal of \$90,000 for the building of the new church and an annual operating budget of \$35,000.

By Wednesday the three-year pledges and cash had swelled to \$110,000 for the building and over \$38,000 for the annual budget. Crusade leaders estimated that the fund-raising drive would receive still further contributions and pledges.

Lockhart Is District Contender Hornets Hopes On Line Tonight

The Hornets have faced definite tests each week of this football season, and tonight Lockhart will pose another different and highly important test.

The Lions have, according to Coach Jack Moss, "one of the best physical teams we will play this year." "They're a tough football team," he added.

Moss reviewed the defensive front seven for Lockhart, "210 pounds, 183, 210, 175, 185, 186, and 198." The Lions average 197 pounds for the front seven while offensively the Hornets will be pushing 175 pounds average for the normal seven blockers.

Mike Mathews, tight end; Terry King and Lyn Mohandro, tackles; George Thompson and Keith Bell, guards; Larry Harrington, center; and Doug Freeman, wingback, will have the job of moving out the big Lion defensive line.

The Hornets have established a well-balanced offense with good running and passing this season. Establishing the running attack lead by Ronald Brown has opened up the air lanes in non-district clashes. Against the Lions, with the big defense, the Hornets will face the task of opening up the defense with sweeps and a passing attack and then use the running.

The offensive blocking will face the biggest test in tonight's battle at Lockhart, but the Lions will pose a threat on offense with Ralph Sneed at left halfback and George Rodriguez at quarterback.

Sneed, at 166 pounds, is a tough runner, and against Coperas Cove last week, he gained 120 yards in 22 carries. Rodriguez is a fine quarterback according to scouting reports with good execution as the key to his performance. Rodriguez passes to his backs

mostly, and the Hornet defense will have the hard job of picking up the receivers coming out of the backfield.

Coach Moss noted this week that even with a 2-2 record, the Lions can be a tough team. "They lost to San Marcos (4A) and Gonzales (3A)," noted Moss, "both tough teams."

The Lions host the Hornets this year knowing that in the past two seasons, they have been beaten badly, last year 35 to 7. Moss pointed to this as an emotional incentive for the Lions—a very real threat to the Hornets.

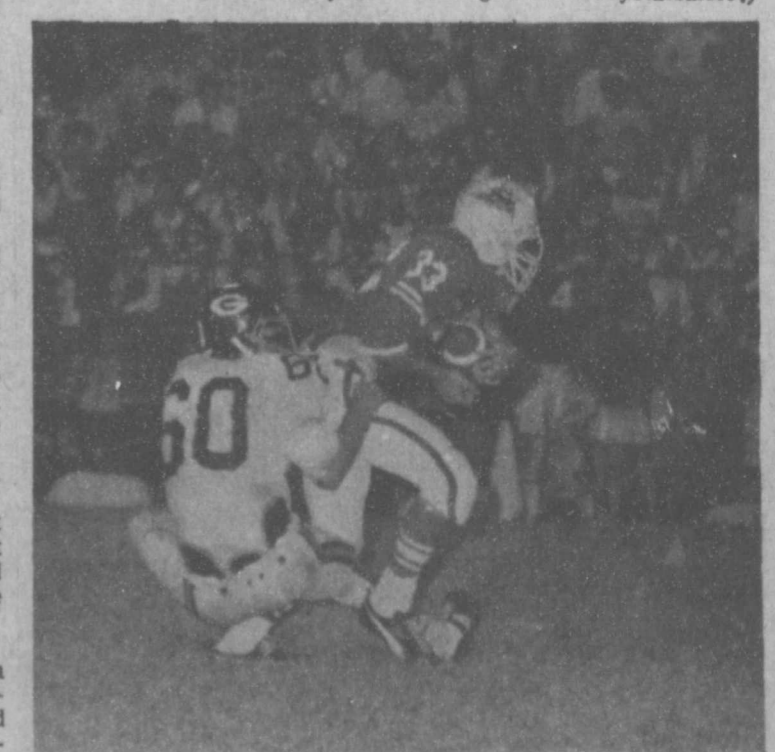

This week in practice, the Hornets looked good, and no injuries were reported. Moss summed up the Hornet attitude, "We will be ready to

play them."

Hornet coaches will still not comment about games on down the road (Belton, Taylor, etc.) and no one talks of chances to win district. However, walking the sidelines and seeing the faces of the players, one can only describe the look as determination and desire.

Moss talked this week about the boys having tasted victory and a sense of pride developing from each victory. "Each game takes on a critical importance now," said Moss.

The Hornets can be tough on defense, and the offense has potential in all areas. Hornets 14, Lockhart 6 (according to one "neo-crystalballer" Hornets 22, Lockhart 13 (according to Ye'ol crystalballer.)

Keith Bell grabs a Cardinal behind the line of scrimmage for one of many losses inflicted on the Del Valle eleven by the Hornet defense. The Hornet defense will have to stop a well-balanced Lockhart offense this week.

Unlimited Spending On Construction May Deflate Buck

WASHINGTON, October 15... Unlimited federal spending on construction projects, no matter how worthwhile they may be, would cause more inflation and could make the dollar as worthless as the German Mark after World War I, Texas Congressman W.R. (Bob) Poage said during discussions on the Public Works Appropriation Bill.

As passed by the House and pending now in the Senate, the measure included among other items \$600 million in new funds for waste treatment facilities. Poage voted for the bill and supported the \$600 million figure, which the Administration said was all it could prudently spend in a year.

The veteran lawmaker's views on the long range effects of unbridled spending were expressed in response to urging he received from persons advocating the appropriation of one billion dollars on waste treatment facilities. In response to one individual who wanted this amount raised, Poage agreed to the desirability of providing all the facilities of this kind the Nation needs as soon as it can be done.

"It would also be desirable to provide all of the hospitals that we need," he continued, "all of the roads and airports that we need; all of the schools and

recreational facilities which we need; all of the defense and transportation facilities which we need; and to fully finance all of the social and assistance programs we need; but, of course, the cold facts are that we cannot provide all of these things at once and maintain our economy."

After noting that the Texas State Government, like the Federal Government, is faced with the same problems of balancing needs against ability to raise revenue, he added:

"We at the Federal level are faced with another problem which I believe can to a large degree be ignored at the State level, and that is the problem of inflation.

"To the extent that we 'heat up' our economy—that is, increase government expenditures—we put more and more money into circulation and this tends to decrease the buying power of our dollars. This adds a burden both to the Federal Government and to the State of Texas and to every one of its citizens because it makes everyone pay more for the goods and services they have to buy.

"I recognize that no one can lay down a hard and fast rule that can be 100 percent correct as to the exact amount of government spending which is de-

stable. If we look only to satisfying our wants and desires, we can readily see an almost unlimited number of worthwhile projects for which we could spend stupendous sums of money."

Expressing the belief that no sound thinking individual would want the government to crank out unlimited amounts of money to put all the projects everyone wanted under construction, he said:

"Such action would be completely self-defeating because, by the time we spent such vast sums, our money would not be buying very much in the way of either goods or services, and we would certainly be headed for, and a long way down the road toward, a complete loss of monetary buying power, such as Germany experienced after World War I.

"Neither can we afford to ignore the obvious needs of our country and its people for new and improved facilities and services. It seems to me that the real question is, just how fast can we move without creating more problems than we solve."

He then observed that this was a matter of judgment, and added that in supporting the \$600 million appropriation he was agreeing to triple the a-

mount of funds that had been provided last year for the waste water treatment facilities. In fact \$65 million had been left over unspent from last year's funds and would be added to the \$600 million in new funds.

"It seems to me that it is always proper to ask those who conclude that it is desirable to spend vastly more than seems to me to be feasible, just where they would raise the money," Poage concluded.

"I think it is clear that any substantial increase in the Federal budget must result either in further inflation (decreasing buying power), which I think is the cruelest form of taxation, or an invasion by the Federal government into the retail sales tax field."

MRS. GOSSETT BURIED HERE THURSDAY

Mrs. Irene Eugene Gossett, a life-long resident of Coryell County, died on the afternoon of October 14 in Scott and White Hospital, Temple. At the time of her death, Mrs. Gossett was 70 and had been in Scott and White for ten days.

COLONEL DEAVERS AWARDED DISTINGUISHED FLYING CROSS FOR VIET BRAVERY

COLORADO SPRINGS, Colo. The Distinguished Flying Cross (DFC) and 12 awards of the Air Medal have been presented to U.S. Air Force Lieutenant Colonel Glenn W. Deavers of Gatesville, Tex., for heroism and meritorious achievements as an F-4 Phantom pilot and aircraft commander in Vietnam.

Colonel Deavers, son of Mr. and Mrs. Virgel Deavers, Rt. 3, Gatesville, earned the DFC--his second award of the decoration--for a Phantom flight in support of a small unit of allied forces near Tay Ninh.

In spite of the forceful opposition, he made multiple low passes over the area, delivering his ordnance on target and causing the hostile troops to flee their positions.

The Air Medals were awarded

to Colonel Deavers, then assigned at Cam Ranh Bay Air Base, for outstanding airmanship and courage displayed while completing numerous hazardous missions in Southeast Asia.

Colonel Deavers, who received his commission in the Air Force in 1952 through the aviation cadet program, is currently assigned as an operations staff officer at Headquarters, Aerospace Defense Command, Ent AFB, Colo.

The colonel graduated from Gatesville High School in 1948 and Navarro Junior College, Corsicana, Tex., in 1950. He received a B. S. degree in industrial engineering in 1965 from Texas A&M University.

Colonel Deavers' wife is the former Shirley L. McDonald, daughter of Mrs. J. A. McDonald, 502 E. 37 St., San Angelo, Tex. Colonel and Mrs. Deavers have three children, Greg, Lisa, and Kami.

A GRIM CHALLENGE!

PUBLIC RESPONSIBILITY

More than three and one-half million Americans will reach voting age this year. They face a heavy responsibility.

The future of the nation depends on citizens who are willing to study carefully and weigh the economic, educational and social issues—and vote for candidates who stand for sound government at every level—national, state and local.

We are talking particularly to the new voters—and the generations to follow—because they will have to cope with the colossal expenditures for programs implemented before they could have their say at the polls.

We are talking to the new voters also in the hope that they will believe that progress depends on individual incentive—not federal paternalism.

Where this nation will head in the '70s should be the prime concern of the young people of this generation. To a large degree, it's their responsibility. The time to start is now. A major public decision will come this November with your initial vote. It could be a determining factor in the establishing of a more responsible electorate.

BUTTERFLIES AND CLEAN AIR -- Governor Preston Smith displays a butterfly perched on his finger to two curious young friends, Karen Lynn Cole (center) and Carren Weir. The butterfly has been chosen as a symbol of Clean Air, and Governor Smith brought the importance of Clean Air to the attention of all Texans by proclaiming Clean Air Week, October 19-25. Grandfathers of Karen Lynn and Carren are Senators Criss Cole of Houston and Charles Herring of Austin, who led in legislative efforts against air pollution. Clean Air Week in Texas is jointly sponsored by the Texas Tuberculosis and Respiratory Disease Association, the Texas Medical Association, the Texas Air Control Board, and the Air Pollution Control Association.

and children, Kristi and Scotty, Dallas, visited with Mr. and Mrs. Peck Sharp, Sunday afternoon.

Mr. and Mrs. C. C. Franks, Gatesville, were callers of Miss Laura Sharp, Saturday night.

We had record attendance at two of our meetings this week, the first being at our community meeting when nine attended which were the officers and the refreshment committee members who had prepared enough food to serve a hundred. And second, at the church service Sunday night at the Methodist Church, when five, including the guest speaker, pastor and three members attended. The scripture, Where two or three are gathered together in my name, there am I in the midst of them was quoted by the speaker, then the regular service was enjoyed.

We had a two inch rain in the Turnersville community Sunday.

Mr. and Mrs. Fred Schulz, Ben Brook, visited with Mr. and Mrs. L. L. Hollingsworth, Tuesday.

Wednesday, Mr. and Mrs. L. L. Hollingsworth took off to see their grand daughters, visiting Mr. and Mrs. Charles Fisher, at Mansfield Wednesday and having fish supper with all of the kin in that part of Texas, then Thursday they visited with Mr. and Mrs. Joe Newton, Carrollton.

Guests of Mr. and Mrs. Ernest Taylor over the weekend were two of their sons, Jack and Frazier and son Richard, Odessa, and Mr. and Mrs. Vance Dollins, Hillsboro for Sunday dinner.

Mrs. Florine Kyser has reported the following memorials to the cemetery memorial fund this week: For Ollie Sherer's father, by Mrs. Florine Kyser, Mrs. Samantha Pruitt, Mr. and Mrs. Vance Cude and for Miss Zou Steele Daniel by Laura Sharp.

Mr. and Mrs. Richard McClendon are visiting his mother Mrs. Bertha McClendon, and Ralph.

American Red Cross Trying To Relieve Captive GI's

WASHINGTON, D. C., Oct. 16, 1969--The American Red Cross is intensifying its efforts to open channels of communication and relief to U.S. servicemen being held as prisoners of war in North Vietnam.

A resolution sponsored by the American society urging that prisoners of war be given the benefits and protection of the Geneva Conventions was adopted without a dissenting vote last month by the representatives of 77 governments and 91 national Red Cross societies attending the quadrennial International Conference of the Red Cross in Istanbul.

Last week the American Red Cross followed this action with a cable message to Red Cross societies in all parts of the world, asking that they appeal to the Red Cross society of North Vietnam to take appropriate steps to insure that American prisoners are receiving the humane treatment called for in the Conventions. The Red Cross societies were also urged to have their governments address similar appeals to the government of North Vietnam.

In commenting in the Senate on this action last week, Senator J. William Fulbright of Arkansas said, "Irrespective of the nature of the conflict which gives rise to his imprisonment a captor should be mindful, in the words of the Convention, that a prisoner is in the hands of a detaining power 'as a result of circumstances independent of his own will.' He should, as recited in the International Red Cross Conference resolution, be promptly identified; afforded an adequate diet and medical care; permitted to communicate with other prisoners and with the exterior; promptly repatriated if seriously sick or wounded; and at all times be protected from abuse or reprisals. And, as specifically prescribed in the Convention, a neutral intermediary such as the International Committee of the Red Cross should be afforded free access to prisoners of war and their places of detention."

Earlier, the Senator pointed out that the steps taken by the International Red Cross Conference and the American Red Cross are not only entirely appropriate, but "should command the support of all men of good will."

He added, "The lot of a prisoner of war is at best an unhappy one, and all governments should be persuaded that the mistreatment of the prisoners of war lends no support to the political and military causes those governments espouse."

Latest Department of Defense reports show that 413

the treatment of prisoners of war, it has refused to permit delegates of the International Committee of the Red Cross to visit prison camps where Americans are being held. The Hanoi government also has refused to provide ICRC with the names of American prisoners they hold or to permit the regular flow of mail between the prisoners and their families in this country.

The purpose of the Red Cross in this renewed appeal is to strip the issue of political and all other partisan considerations, and simply, in the name of humanity and all mankind, to urge North Vietnam to lift its curtain of silence and provide relief and comfort to these helpless men and their grieving families.

MY APOLOGIES...Of utmost importance in the column this week is my apology to Mrs. Clyde Parker for a mistake I made in writing up her minor auto accident in Tuesday's paper.

The story should have stated that Mrs. Parker was traveling west on Main when Carol Jean Jackson struck her car. Carol Jackson was attempting a left turn and charges were filed against her in connection with the mishap.

NICE SURPRISE... How happy Mrs. Albert Milsap must have been when her grandson Koby Milsap telephoned her from Dallas!

It seems Koby was enjoying the 1969 State Fair of Texas on Saturday when he won a free long-distance telephone call. He chose to call his "Mamma" at Evant, Texas.

Little Koby is the son of Mr. and Mrs. Clevan (Pete) Milsap of Lewisville.

How nice it must be for Mrs. Milsap to have such a thoughtful and loving grandson.

GSSB TEACHERS LEARNING, TOO...English teachers from the Gatesville State School for Boys attended District XII Workshop of the Texas Joint English Committee for school and college last Friday.

Those attending the workshop at Navarro Junior College in Corsicana were Mmes. Donna Giebler, Hilltop School; Glenda Rogers, Hackberry School; Betsy Polgue, Terrace School; Joyce Easley and Barbara Adams, Sycamore School.

TO SING ON KAWA..The well-known Sid White Singers will begin religious singing on KAWA radio, Waco-Marlin, from 8-2:30 p.m. Sundays at the 1010 spot on the dial.

The group, comprised of several local people, sang for seven years on KCLW in Hamilton. Following the Hamilton assignment, the Singers performed on KLEN in Killeen until three weeks ago. They were KLEN specialties for nine months.

Members of the group are Mr. and Mrs. Sid White, Mr. and Mrs. W. P. Paul, Jr., and Mr. Boyd Rogers. Rev. McNeeley and daughter Corlis and son Terry sometimes join the religious singers.

Miss Dolores Jean Ortega And Dennis Ashley Exchange Baptist Wedding Rites October 11

Miss Dolores Jean Ortega and Dennis L. Ashley exchanged nuptial vows in a candlelight ceremony Saturday in the First Baptist Church of Gatesville. The Rev. Joe Cranfill of Waco officiated at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Jim E. Ortega of Gatesville. Parents of the bride-groom are Mr. and Mrs. Frank Ashley of Merrville, Indiana.

Three arrangements of white gladioli and white stock complimented by three brass candleabra decorated the bridal altar.

Providing bridal music for the ceremony was Mrs. Merle Carroll and Rev. Maurice James.

Mrs. Carroll played the organ, and Rev. James sang "Together" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a formal gown of peau de soie, caged with white Alencon lace. The lace sleeves came to points at the wrists. The gown was characterized by a square neckline edged with lace scallops. For her illusion veil, the bride chose a mantilla trimmed with Alencon lace. A full-length train was attached to a headpiece. She carried a nosegay of white feathered carnations centered by a white orchid on a bible given her by her grandmother.

Miss Diana Ortega was her sister's maid of honor. Bridesmaids were Carol Morgan and Martha Parrish. They wore floor length dresses in royal blue crepe, trimmed in pale blue peau de soie. The gowns were short-sleeved with stand-up collars. The attendants carried nosegays of bright yellow pom pom chrysanthemums.

Jim Ledger of Indianapolis, Indiana, served as best man. Doyle Cronan of Portagerville, Missouri, and Carl Sheppard of Macon, Georgia, were groomsmen.

John Ortega, brother of the bride, was ring bearer.

Ushers were David Griffin of Gatesville and Uthan Cole of Gulf Port, Mississippi.

Following the ceremony, a reception was held in the church parlor. The refreshment table was centered with an arrangement of yellow and white chrysanthemums. The appointments were of crystal and silver. Serving in the house party were Miss Sharon Powell, Miss Linda Cohagan, Miss Cathy Schraeder, Mrs. David Griffin, and Mrs. Fernando Garcia.

After a short wedding trip, the couple will live at 4586 East 73 Avenue, Merrville, Indiana.

ENJOY OZARK TOUR... Mr. and Mrs. Hershel Wittie of Gatesville have nothing but good reports on their stay in Bella Vista, Arkansas, recently.

The Witties left Gatesville Tuesday, October 7 for the beautiful Bella Vista resort in the northern part of the state just a "stone's throw" from Missouri. They enjoyed miniature golf, bowling and all sorts of fun that's found at Bella Vista. The resort is a settlement of cabins in the Ozarks which many Texans have occupied. The Witties said lots of Lone Star Staters have property in Bella Vista.

While on their Ozark tour, the local family strayed away from Arkansas for a while and took a peek at Missouri all dressed for fall. Mrs. Wittie was especially impressed with the mountain beauty of the hillbilly country but amazed at the ease with which the huge trucks squeezed their way through those passes in the hills.

After their Missouri jaunt, it was time to head home to good ole Gatesville, but not until they stopped in Tyler for one more sight-seeing tour.

The Witties returned to the city Friday, October 10, tired but certainly satisfied and happy with lots of memories of the Ozarks in autumn.

ATTENDS FUNERAL SERVICES IN MT. CALM...Mrs. George B. Adams of Gatesville attended the graveside service for Mrs. C. A. Elliot in Mt. Calm Monday. Mrs. Elliot was Mrs. Adams' aunt and had lived in Gatesville for several months before moving to the Masonic Home for the Aged in Arlington where she lived until the time of her death.

Mr. & Mrs. E. B. Glass

To Note 50th Anniversary

Mr. and Mrs. E. B. Glass

The children of Mr. and Mrs. E. B. (To) Glass will honor their parents with an open house on their 50th anniversary, Sunday, October 19, in the honorees' home in Flat. Friends and neighbors are cordially invited to attend from 2 p.m. to 5 p.m.

Mr. and Mrs. Glass were married October 19, 1919 in the home of Jim Clawson of Flat and have resided most of their lives in Coryell County. Mrs. Glass was born in Bell County but came to Coryell as an infant, and Mr. Glass is a native of this county.

The couple has three children—Mrs. James (Vida) Tippit of Flat, Mrs. F. E. (La Verne) Campbell, also of Flat, and E. B. Glass, Jr., of Copperas Cove—six grandchildren and three great-grandchildren.

Miss Sharon Ballard Honored With Shower

A bridal shower honoring Miss Sharon Ballard was held in the home of Mrs. Frank Haines of Purlme Saturday afternoon, October 4, 1969. Hostesses assisting Mrs. Haines were Mmes. R. A. Manning, Bruce Jones, Arthur Brewer and Glen Herrman.

Receiving at the door were Mrs. Haines, Miss Ballard, Mrs. Cecil Ballard, mother of the bride-to-be, and Mrs. Paul Bearden, sister of the honoree. The serving table was draped with a white linen cloth and centered with a fall arrangement of

flowers. The table was further enhanced with crystal appointments.

Miss Barbara Lee ladled punch from a handsome silver-footed compote. Interlocking ring cakes and other appropriate tea foods were served by Miss Sandra Lee. Mrs. Evon Self, cousin of Miss Ballard, registered guests. Misses Tammy Haines and Lisa Brewer, assisted by Master Craig Manning, assisted in opening gifts.

Approximately forty guests attended the afternoon event.

Caufield Mountain Homecoming Slated October 19

Homecoming for Caufield Mountain will be held Sunday, October 19 at the Mountain School House.

The all-day affair will include lunch on the grounds and an afternoon singing.

Charlie Barton invites one and all to come and bring a basket lunch for fun and visiting with all your old friends.

LIBRARY NEWS

The Gatesville Public Library now has a wide variety of books about America's favorite hobby, antique collecting.

Goblins Arrive Early For 6 Weeks Trick

Halloween goblins arrived a few weeks early this year in the form of Six Week's Tests.

The week of October 6-10 was a nightmare for many students as they crammed for the many upcoming tests. For some it's the first time for taking the tests in High School, but for many others, it's the second, third, or even fourth time.

It all started on Monday when the students reviewed for their

Score was the name of the game Friday night as the Hornets swatted the Cardinals 42-7 in their first District 13-AAA game.

It all started with Gene Brazier when he captured a Cardinal fumble on their 22-yard line in the opening minutes of the game. About three plays later, Ronald Brown ran 15 yards for the first Hornet touchdown. The point after was no good. The Hornets then pushed 88 yards for their second touchdown but were unable to make the extra point. Gatesville then socked the Cardinals with two more touchdowns, one was a six yard running play by Ronald Brown, and the second was a 37-yard pass from end Larry Moore to halfback Mike Matthews. Mike Barr ran for both extra points, and the Hornets led 28-0.

An interception by Mike Williams led the Hornets into their fifth touchdown. Quarterback Mike Barr threw a pass to end Larry Smith who went over for the score. The run for extra points failed.

Playing with reserves, the Hornet team scored again late in the third quarter. On a 20-yard pass from quarterback Jim Saunders to Mike Matthews the Hornets made the extra point and led 42-0.

With seven minutes left in the game, Del Valle scored on a five-yard run by quarterback Larry Erickson. The extra point was good, but the Hornets won fair and square with a final score of 42-7.

Tonight the Hornets travel to Lockhart where they will challenge the Lions in their second district game.

Everyone is invited to attend and support the "Fighting Hornets" who are "No. 1."

REPORT CARDS

ISSUED AS FIRST

SIX WEEKS ENDS

Report cards came out for the first time Wednesday, and as one watched the students leave the building at 3:40, he notices smiles or frowns as they carried the cards home to their parents.

Gatesville Smashes Del Valle Cards In First District Duel 42-7 Friday

Hornet Spirit Running High

The Hornets lowered their heads and plowed through the Cardinal defense last week and won 42 to 7. This week Lockhart will require the same determination and hard hitting from the Hornets. Above Ronald Brown crashes for a touchdown as Larry Harrington and Mike Mathews prepare to block.

VOE COMMITTEES SELECTED

The committees of the Vocational Office Education program were announced this week. Social committee members are: Chairman Pat Gilmore, June Chambers, Kay Roberts, Honey Bear Perryman, Deborah McCoy, Kenneth Thompson, and Linda McLeod. Members of the Finance Committee are: Chairman Gloria Blanchard, Terry Long, Carolyn Delano, Lyn McLaughlin, Pam Duncan, Becky

Griffin, and Debbie Herring. Members of the Scrapbook Committee are Judy Bruton and Patsy Baize. This year each student has to pay \$2.00 for State and National dues and \$2.00 for local dues.

College Night

Requests Filled

By Junior Class

Students from the Junior Class were given forms to fill out to tell which college or university they wish to attend after high school graduation. The forms were asking if the students would like to attend a "College Night" and have representation from colleges and universities in Texas and out-of-state to speak to them on such subjects as cost of college entrance, the registration of freshmen, cost of books, and study material.

Scholastic Tests

Scheduled at GHS

On Tuesday, October 21, the Junior Class will be given a Preliminary Scholastic Test at the cost of \$1.50. The test will give the students an idea of what their college entrance exams will be like.

Charlie Pride's Latest on Sale Now

"The Best of CHARLEY PRIDE" is here! And it does have most of his best on it. Such great songs as "Does My Ring Hurt Your Finger," "The Snakes Crawl at Night," "The Easy Part's Over," "Kawliga" and his newest hit single, "All I Have to Offer You (is Me)" are all on this album. SANTANA have an album out titled simply "Santana." This is a Latin-Rock group that was one of the big hits at the Woodstock Music Festival in New York this last summer. This album grew from their popularity there, and from all reports, it lives up to their popularity.

children. This has been under consideration, since the PTA has as one of its objects: "To promote the welfare of children and youth in home, school, church and community."

The point in question was not whether to keep or abolish the DST program, but rather, if it is to be put into effect each year, to have the time changes coincide with the opening and closing of the school year. The general feeling seemed to be that the elementary students in particular, do not get sufficient sleep to do their work properly in school when DST is in effect. A poll of parents in the community was made to see how they felt about this change. The results were that 393 would recommend that the time change coincide with the school year, while 270 did not approve the change.

The motion made to the PTA was to send a letter to the PTA State Convention next month asking that a resolution be passed and sent to the State Legislature in Austin, stating that the Texas PTA feels it would be to the best interest of our children if this change to coincide with the school year were made. A vote was taken and carried by a large majority. This will now be brought before the PTA on a state level.

After the completion of business, Mrs. Bruton introduced Mrs. Dale White, Program Chairman, who presented the October theme, "Education: Whose Responsibility?" A 12-minute film entitled "Just One More" was shown. It was a Texas State Teachers' Association film which portrayed the teacher's role in the complete education of our children.

Mrs. White then introduced guests for the evening: Mr. Doug Smith, President of the Board of Education; Mr. James R. Powell, member of the Board; and Mr. L. C. McKamie, Superintendent of Schools. These men told about the workings of a school board and answered questions from the audience. Some of the questions and answers follow:

Q. What is the main function of the school board?

A. To set the policies of the school district. Changes must be made each year to comply with new school laws. The board sets the policies to be used in the administration of these laws. The board watches for and recommends any needed changes and improvements in the schools. Probably the hardest and most important job is to hire a new superintendent when the need arises.

Q. Does the board meet at set intervals, and do the members receive a salary of any kind?

A. The board meets the second Tuesday night of each month. There is no salary.

Q. As a board, how do you arrive at decisions?

A. First, a "round-table discussion" of the matter. There must be a deep concern on the part of board members to do what is best for the schools and the students, with no regard for personal feelings. After a thorough discussion and any necessary study, a vote is taken. Sometimes many hours are spent before a decision is made. Sometimes, as in the case of the bond issue, it may take many months.

Q. Is the public ever invited to board meetings?

A. No. But if any citizen has a legitimate complaint or request, he is allowed to bring it before the board at a regular meeting.

Q. How do you become a member of the school board?

A. By public election (Mr. Smith noted here that there is usually a poor turn-out for school board elections and that citizens should be more interested in who is elected to the board "since we handle maybe a million dollars a year of YOUR money.")

Q. How many are on the board?

A. Seven. Serving at this time are: Doug H. Smith, President; Dan Edwards, Vice-President; Ray Byrom, Secretary; and Jack Saunders, Fred Koch, Jr., Hal N. Anderson, and James R. Powell. (At this point it was noted that none of the present board members were serving at the time the elementary and senior high schools were built, and that the junior high building was already on the planning board before any of these men were elected. Mr. Smith sympathetically pointed out that Mr. McKamie had been through all three!)

Q. In waiting for a break in high interest rates before going on with the building program, will any such savings more than offset the current rise in cost of materials and labor?

A. This has been considered, and we feel that in all probability, it will more than offset this increase. If not, we've made a mistake, but we're human, too.

Q. Is the board limited to men or can a woman be elected?

A. It is not limited to men, and probably all a woman would need to do would be to file and wait for election. "There isn't much competition."

Q. How long is your term of office? How many terms can you serve?

A. It is a 3-year term with no limits on re-election. At least one member was known to serve six terms (that is 18 years any way you look at it--and without pay!)

Q. When a new building is built, will there be room to include kindergarten in the elementary school?

A. In September, 1973, kindergarten as part of the public school system will be compulsory statewide.

Everyone seemed to enjoy the chance to learn more about the school board, its functions, some of its responsibilities, and some of its problems. Mrs. White and Mrs. Bruton both expressed the appreciation of the PTA for the time these men spent answering questions, and special appreciation to the entire board for its work.

The meeting adjourned for refreshments in the cafeteria. The theme for the November meeting will be "The Realities of Patriotism." Plans are being made for a program by members of the Freedoms Council of Gatesville High School.
