

CTCOG SEMINAR SET FOR WEDNESDAY IN BELTON

Plans for a Solid Waste Management Seminar December 3rd at the Belton High School Auditorium, Belton, Texas were announced Thursday at the Executive Committee Meeting of the Central Texas Council of Governments.

The Seminar will be an all day affair for interested governmental units from a sixteen county area and the night closing session will be devoted to Bell County Garbage Dump problems in particular. The Sixteen Counties (Bell, Coryell, Hamilton, Lampassas, Milam, Mills, McLennon, Bosque, Falls, Limestone, Hill, Burnet, Llano, Williamson, and San Saba) and all municipalities within, will be invited to the daytime session.

The Seminar is being planned at the direction and request of the Bell County Commissioners Court. Subjects to be covered at the seminar include collection of refuse and garbage, garbage incineration, disposal of special type of refuse (industrial, auto bodies, aluminum cans, etc) and sanitary landfills.

On the night panel for the Bell County Problems will be County Judge William C. Black and Bell County Commissioners R.D. Chanslor of Killeen, John Hood Garner of Belton, Ralph Doshier of Temple, and A.J. Lanham of Little River.

NEW EMPHASIS-The problem of dump ground for rural residents came on strong after July 1st this year, after that date no city within Texas with a population of more than 5,000 could burn trash. Trash must be dumped at dump grounds and covered over daily in what are called sanitary landfills.

A large number of rural residents, particularly those living in the Lake Belton area were permitted free use of facilities at the City of Belton dump ground until just recently. However, when the ban on burning went into effect the rapid consumption of dump ground space in Belton's dump ground forced the City to shut the dump grounds to all rural residents.

Killeen City Manager Lloyd Moss recently illustrated another point that has come up because of the new non-burning edict. U.S. Army Corp of Engineers at Stillhouse Hollow Moss said, has used the Belton dump grounds for trash collection at the lake. When the Belton dump was closed to the Engineers, Moss said, the City of Killeen to dump lake trash at Killeen's dump.

COST DOUBLED- "Our maintenance cost to bury garbage at the dump grounds has doubled since burning was stopped" Moss said. Moss also said the City of Killeen does not charge rural residents for use of the City dump grounds but added this could change. How it changes Moss said, depends on what the county decides to do about rural garbage service. "Our Concern," Moss said "is who should pay for dump grounds." Moss said Killeen has no dump problems at this time, but Temple City Manager George Ferrell also commented that Belton does too. Ferrell said "Some of you who

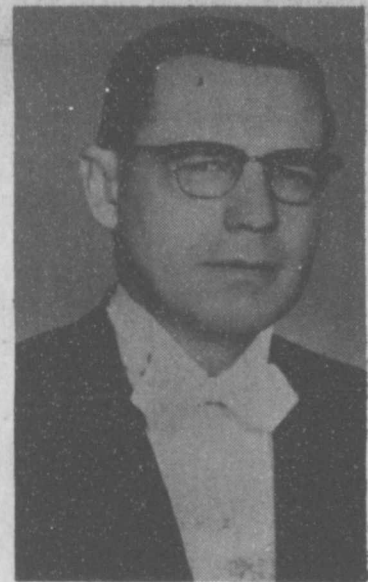

don't have dump ground problems today, may find you will have them to-morrow." Concerning the mounting problem of solid waste, garbage and refuse disposal people have tried burning it, burying it, shredding it, squeezing it, crushing it, turning it into compost and building blocks hauling it by truck, railroad, car and boat dumping into the ocean, abandoned mineshafts, and one city is even experimenting with building hills out of it.

Is there anything else we can

do with the third population solid waste? Hopefully so, and that's the reason the Solid Waste Management Seminar is being held on December 3rd in Belton, Texas. The objective of this seminar is to stimulate the active participation of Local, Regional, State and Federal Officials, private citizens, and to provide awareness of solid waste, garbage and refuse problems and solutions for communities, cities and counties and industries in the Central Texas Area.

B.U. Choir Presents Concert At First Baptist

Waco--The Baylor University A Cappella Choir, under the direction of Dr. Euell Porter, will present a concert at 7:30 p.m. Dec. 3, at the First Baptist Church of Gatesville.

PORTER

The 55-voice choir's performance is part of a five-day concert tour of five Texas towns and cities including Fort Worth, Birdville, Henderson and Tyler, where the choir will present seven concerts.

The concerts are in preparation for a Canadian concert tour planned by the choir for the spring semester.

The choir will sing selections of sacred music ranging from the Baroque period to contemporary compositions and Christmas music. The program will include "My Soul Doth Magnify the Lord" and "Psalm 100," both by Schuetz; "Ecce Vidimus Eum" by Palestrina; and "Sing We Merrily Unto God" by William Child.

Mary Robinson, Garland Senior, and Margia Carter, Temple senior, will sing a duet, "I Waited For The Lord" by Mendelssohn.

The Christmas music selections will include Leontovich and Wilhousky's "Carol of the Bells," and Robert Shaw and Alice Parker's "The Holly and the Ivy." Miss Robinson, pianist, will accompany the choir in Van Christy's "Christmas-tide." Two other Shaw-Parker numbers will feature tenor soloists, Mike Davidson, Dripping Springs senior, singing "Mary Had a Baby" and Dwayne Wise, Victoria senior, singing "The Cherry Tree Carol."

Contemporary selections on the program will include "O Thou In Whose Presence" by Noble Cain, "Advent Motet" by Schreck, "Bless the Lord O My Soul" by Bill Littleton, "The Lord's Prayer" by Malotte and a spiritual "John Saw Duh Numb uh" arranged by Shaw-Parker.

The feature number of the contemporary selections will be "The Singers," a composition based on Henry W. Longfellow's poems and written especially

for the Baylor choir by Lannie Allen, minister of music at First Baptist Church in San Antonio.

The Baylor A Cappella Choir was organized in 1934 by Robert Hopkins, music professor, and was directed by him until his death in 1957.

The choir was reorganized in the fall of 1958 by Porter. Since 1958, it has presented concert tours throughout the United States and in Mexico.

SECOND GRADER RECEIVES BURNS

Elmo Dossey, 7 year old son of Mr. and Mrs. Lonnie Dossey of 1204 College Street, Gatesville, was burned early Saturday morning when he fell on a bathroom heater at the family residence.

The youngster was admitted at Coryell Memorial Hospital after being treated for second and third degree burns on his back and neck. The youth is a second grader in Gatesville Elementary School.

Young Dossey's 17 year old sister, Vickie, was treated and released from the local medical center for second and third degree burns on her hands and right arm. Miss Dossey was burned as she put her brother's blazing clothes out.

CORYELL DECK THE HALLS...

The Christmas Season is becoming more and more evident all over Gatesville and Coryell County. As the horn of plenty decorations-colored with warm harvest golds and oranges-give way to bright reds and greens of the Christmas seasonal decor, local residents ready themselves for the Yule merriment to follow.

Home decorations began to show up in dots over Gatesville with every color in the rainbow being used. Along with the post-Thanksgiving home decorating, Gatesville businesses were dressed up by proprietors this weekend and the business district turned from the subdued hues of autumn to the bright balls, lights, ornaments and signs of Christmas.

Even the Coryell County Courthouse has gotten into the holiday mood. Courthouse caretaker, R. P. Cummings, is responsible for the lovely Christmas tree in the Rotunda of the local landmark. Citizens are urged to drop by and see the Yule scene.

Above, Billy Don Kellerman, 9, can vouch for lots of Coryell County residents when he says how lovely the Courthouse decorations are.

Almost every citizen has noticed the white tinsel and light decorations draped across Main Street and the colorful pyramid of lights strung from the street to the top of the Courthouse. Though the lights were not on this weekend, Gatesvilleites still got into a holiday mood with the anticipation of the colorful lighting of the bulbs.

The Chamber of Commerce will soon announce the days that Jolly Ole Saint Nick will be strolling the streets in Gatesville's business district. It is being arranged by the Council for the gent to travel around the square and distribute candy to all the youngsters and lend a ear to their Christmas wishes.

SCOREBOARD TROUBLE

Larry Ross and Coach Gary Fox discuss strategy as the Tigers fight to the finish against the powerful Aquilla Cougars. Fox has coached the Tigers to two straight district titles and last year defeated these same Cougars in the Regional play off.

MOTORCYCLE MISHAP CLAIMS LOCAL YOUTH FRIDAY

Fred Lanier Holeyfield 15 year old son of Mr. and Mrs. Tom Holeyfield of Gatesville

died early Friday morning in Hillcrest Baptist hospital. Holeyfield, a freshman at

Gatesville High School, was critically injured in a motor bike mishap Saturday, November 22, near Arnett. Young Holeyfield sustained severe head injuries in the bike mishap which occurred shortly after 3 p.m.

Funeral services for Holeyfield were held Sunday at 2 p.m. in Scott's Funeral Home, Rev. Bob Richmond officiated, assisted by Rev. Frank Turner.

Cotton Vote Ends Dec. 5

December 5 is the last day on which ballots may be post-marked or returned to the Coryell County ASCS Office in order to be counted in the national cotton referendum, according to Robert L. Melbern, Chairman of the Coryell County Agricultural Stabilization and Conservation Committee.

The referendum is being held Dec. 1-5, by mail, to determine if cotton marketing quotas will be in effect for the 1970 crop.

If two-thirds or more of cotton growers voting in the referendum approve quotas, price-support loans and payments will be applied on cotton grown in excess of allotments. If quotas fail to receive approval of two-thirds or more of those voting,

no penalties will be applied on cotton grown in excess of allotment. No price-support payments will be available. Price-support loans at 50 percent of parity will be available for procedures who do not exceed their cotton allotment.

If cotton marketing quotas are approved, the national average price-support loan rate for Middling 1-1/8 cotton at average location has been set at 20.25 cents a pound for the 1970 crop. The price-support payment rate will be 16.80 cents a pound on acreage planted within the domestic allotment which is 65 percent of the total farm allotment. Both loans and payments will be available to co-operators who sign up in the upland cotton program for 1970 and comply with its provisions.

The stand-out GHS athletes had not regained consciousness since being found after lying in the roadway for several minutes.

HOLEYFIELD

Holeyfield was reported to be on his way to a friend, Oran Montgomery's home when the bike wreck occurred about eight miles West of Gatesville and approximately one half mile north of U.S. Highway 84.

One of the Montgomery youngsters spotted Holeyfield lying face down in the roadway. Investigating officer DPS Patrolman J.K. Hamilton reported that it looked like the youth tried to stop for something but slid and then turned over.

There is some speculation that horses might have been on the roadway, Hamilton continued.

Survivors include his parents, Mr. and Mrs. Tom Holeyfield of Gatesville, two sisters, Mrs. Carol Copeland of Ft. Worth, and Jo Ann Holeyfield, of Gatesville, and his grandmother, Mrs. E.J. Hensly of Stephenville.

AQUILLA STOPS TIGER BID FOR REGIONAL

The Aquilla Cougars remembered last year's defeat in the Regional Six Man Championship to the Oglesby Tigers, 77-44 and this year the Cougars shut out the Tigers and picked up a 46 to 0 victory midway in the fourth period.

Aquilla receives 100% effort from its football team with every boy in high school suited up and ready to play. The Cougar roster list 27 players, 12 seniors, 2 juniors, 5 sophomores and 8 freshmen.

Aquilla took the opening kick off on a damp field in Whitney and moved 62 yards in eight plays for their first touchdown. The Cougars offense featured a "tight T" formation with some precision ball handling in the backfield.

In six man football the ball cannot be handed off from player to player. It must be pitched off.

The Cougars using Holley Pick and Randy Ryno on a running game ground out the first touchdown without a pass.

The Tiger offense did not move the ball on their first possession as two passes from Quarterback Don McKelvain fell incomplete.

The Cougars wasted no time following the short kick to the Oglesby 32 yard line. Pick, a speedy 150 pound senior, lashed left end for 16 yards to the Tiger 15. Two plays later from the four yard line Pick hit up the middle for the second Cougar touchdown. The extra point was good and the Cougars lead 14 to 0 early in the first quarter.

Again the Tigers offense failed to move for a first down as Larry Ross and Willie Leos tried to run for the first down. The Cougar defense was quick-reacting and alert to all the Tiger offensive tricks.

The Ross kick drove the Cougars back to the 13 yard line. The Cougar offense continued to roll up yardage on the ground with Ryno going 25 yards on the first play from scrimmage. Pick then picked up 6 yards into Tiger territory. On second down Bivian Cox, quarterback, lost yardage on a good tackle by Stanley Peveto and Charles Vandiver. A forty yard run by Pick on third down

put the Cougars on the scoreboard for the third time in the first quarter. The extra point failed, 20 to 0.

The Tigers began to move now with 3:20 left in the first quarter as Leos returned the kick off 21 yards to the Tiger 31 yard line. McKelvain fired a strike to Mike Robinson at midfield on first down. McKelvain hit his other end Charles Vandiver on third down at the Cougar 25 yard line for a first down.

With the Tigers, threatening Aquilla played tough on defense

Jehovah's Witnesses To Assemble Dec. 19-21

Jehovah's Witnesses of McGregor and vicinity were notified by their minister, Michael Palacio, that their next Circuit Assembly of ministers is scheduled for December 19-21 in Bryan, Texas, at the Bryan Civic Auditorium.

Mr. Palacio stated that twice a year congregations of Jehovah's Witnesses join together as a "circuit" and meet for three days to discuss the Bible's answer to world problems. In addition to special talks and demonstrations, an opportunity is presented for those who now qualify for the Ministry to symbolize their ordination through a ceremony of public baptism. Over 103,000 new ministers of Jehovah's Witnesses were ordained in this manner during their past service year.

These assemblies play a very important part in the strict religion of Jehovah's Witnesses. At intervals larger gatherings are held called District Assemblies. There are also national and international conventions. The Witnesses' first convention was in 1893 when a total of 360 assembled in Chicago. Their largest inter-

national assembly to be held in New York City totaled 253,922 delegates. This past summer in North America alone 492,310 attended the "Peace on Earth" International Assemblies.

Palacio continued that the coming together of large numbers of God's people has long been a feature of true worship. During the festival of Pentecost 33 C.E.; reverent Jews from fifteen nations and provinces heard Jesus' disciples bear thorough witness to the good news about Christ. (Acts Chapter 2) So today, conventions of Jehovah's people afford an opportunity to give a witness to God's Kingdom in an impressive way.

Mr. Palacio said that "True Christians today face an over-towering issue. What course will they take when confronted with a conflict of true worship with that of the false? Pointedly speaking, it's a life or death issue. Therefore, the climax of the Bryan event will be Sunday afternoon, December 21, at 3:00, when Eugene Brandt from New York will speak on "True Worship Versus the False." All interested persons are invited."

25 Days Left

3 Million Show and Tell

The biggest youth demonstrations in the world have been going on this year throughout the United States. More than three million pre-teens and teenagers took part. There were no protests, no arrests, and no violence. And the demonstrations had the approval of parents, teachers, government officials and business-

men. Who are these young people? They are the nation's 4-H members who demonstrated what they have learned by being a 4-H'er. They have learned plenty, according to the Cooperative Extension Service which directs 4-H activities in 95,000 clubs supervised by 500,000 volunteer adult and junior leaders. Demonstrations were given on how to operate automobiles and tractors safely; bake a loaf of bread or can a jar of peaches; make a dress and model it; catch, identify and display insects; take a

Demonstrate 4-H Know How!

picture; give a speech; judge crops and show livestock; ride and show horses or train dogs.

The list could go on and on because there are dozens of categories wherein the 4-H'ers "learn-by-doing" with the guidance of competent project leaders. Part of the learning process is to demonstrate to others correct methods and procedures.

Large Audience
Demonstrations are given before local groups, at special 4-H meetings, at county and state fairs, and other events to show competence of the individual in his special field.

In recognition of perseverance and progress, scores of business firms have for many years presented annual incentive awards to 4-H members. They range from county medals to national scholarships. Awards are usually pre-

sented in late summer or in the fall when projects have been completed.

Support 4-H

Among the 4-H backers who this year have supported programs through the National 4-H Service Committee are: The Conrad Hilton Hotel; John Deere; Eastman Kodak Company; Elgin National Industries, Inc.; The Goodyear Tire & Rubber Company; Homelite, A Division of Textron Inc.; Elanco Products Company, A Division of Eli Lilly and Company; Livestock Conservation, Inc.; Merck & Co., Inc. and Edwin T. Meredith Foundation.

Also The Milwaukee Road; The Sears-Roebuck Foundation; The S&H Foundation Inc.; Standard Oil Company (Kentucky); Sunbeam Corporation; Tupperware; The West Bend Company and Westinghouse Electric Corporation.

HIGHLIGHTS and SIDELIGHTS

DDT BAN URGED BY AUSTIN SOCIETY

Austin, Tex.--A 1968 constitutional amendment did not affect the amount of fees that should be paid county tax assessor-collectors for assessing and collecting county taxes, but it limits the amount that may be paid by the state. So ruled Atty. Gen. Crawford Martin recently. (State cannot be required to pay more than two per cent of state taxes assessed which are actually collected.)

In other recent opinions, Martin concluded that: State Department of Public Welfare is authorized to spend money to refurbish the interior of a building which is leased by a county on a long-term basis and furnished the welfare agency rent-free.

An otherwise recordable affidavit of heirship may be recorded in the office of a county clerk even though the unprobated will is attached. However, the unprobated will not constitute the exhibit to an affidavit may not be recorded with the clerk although it contains acknowledgement.

Texas Board of Corrections is not obligated to collect, nor must public utilities pay, for placing lines along public roadways transversing state-owned lands under prison system control. (TBC has no authority to reserve the exclusive right to grant utility easements over such public roadways.)

Harris County Hospital District may legally enter into a lease contract for an X-Ray equipment system for a period of five years, contingent on availability of appropriated funds.

DDT BAN URGED--Travis Audubon Society of Austin cal-

led on Governor Smith to use "all resources" to ban the use of insecticide DDT in Texas.

Resolution claimed that DDT is harmful to wildlife, remains toxic in environment for 10 years, is spread by wind and water, and has been "implicated" as a possible cancer cause.

Arizona, California and Michigan, Czechoslovakia, Sweden and Denmark have banned DDT already, the Society contended further noting that "numerous other insecticides can do the job and become harmless to the environment within a few weeks."

COURTS SPEAK--Supreme Court found that a truck driver who was shot during an overnight stop was not entitled to workmen's compensation for disabilities.

In other cases the high court ruled that: A former liquor store executive is not entitled to recover \$1 million in "back salary" from the business.

Court has no jurisdiction to hear the appeal of a Houston attorney who was disbarred in 1963 for alleged fraudulent and dishonorable conduct.

High court also heard arguments that refusal to approve a new economy air flight service between Dallas/Ft. Worth Houston and San Antonio would frustrate efforts of Texas Aeronautics Commission to develop an efficient intra-state air carrier system.

Air South-west Company seeks certification for service, but Braniff International, Texas International and Continental Airlines have blocked TAC from

issuing credentials. Federal court here took under advisement the government's request to dismiss atheist Madalyn Murray O'Hair's suit to outlaw prayers by astronauts in outer space.

Court of Criminal Appeals upheld the death sentence of a man convicted of slaying during service station robbery in West.

CAUSEWAY URGED--A Rio Grande Valley delegation, including Cameron County officials and Chamber of Commerce spokesmen, urged the Texas Highway Commission to approve a \$7.8 million Port Isabel-South Padre Island causeway.

At the same hearing, an East Texas group asked for a \$1 million four-lane railroad overpass in Jacksonville.

Highway commissioners indicated they favor the idea of a new Queen Isabella Causeway since traffic has nearly doubled during the last two years. Local officials pledged \$300,000 of the cost.

APPOINTMENTS--Dr. Fred Wendorf, Southern Methodist University professor from Dallas, is new chairman of the fledgling State Antiquities Committee, and Truett Latimer is acting executive director.

Woodville attorney and State Bar President Josiah Wheat has been appointed to the National Water Commission of the U.S. Department of Interior.

Jerry Brock of Austin, formerly of San Antonio and Dallas is a new research staff assistant to Gov. Smith.

ANTIQUITIES--Texas' State Antiquities Committee has decided to spend \$2,000 of its \$25,000 budget to help preserve the artifacts found in the wreck of a Spanish galleon off Padre Island.

Dr. Fred Wendorf, Southern Methodist University archaeologist who was elected chairman of the committee, proposed the expenditures for chemicals and photographic supplies for emergency work to prevent rusting of iron cannons and other iron artifacts.

Land Commissioner Jerry Sadler, who is a member of the Committee, made it clear that it is now absolutely illegal for anyone to explore for offshore artifacts without a permit from the new committee.

SPANISH LAND CLAIMS--Mrs. Celia Saiz Montez of Victoria is trying to collect a debt from the United States that she says Mexico has owed her, under a treaty between the two governments, since 1934.

Debt goes back to a land grant given her ancestors by the King of Spain. Under a treaty, the United States agreed to pay the claims of Americans living in Mexico and Mexico agreed to pay the claims of Mexicans living in the United States. However, the Mexican government has refused to pay Mrs. Saiz Montez because she is an American citizen and the United States has refused because it argues that her ancestors were Mexicans. She is taking the case to Federal district court.

NATURAL GAS RATE--Texas Railroad Commission after hearing testimony by consultants and Pioneer Natural Gas Company officials, has recessed its hearings on a proposed increase on the city gas rate for 61 West Texas towns until Dec. 15.

The proposed increase amounts to 8.33 cents per thousand cubic feet.

LABORERS--R.L. Coffman, Texas Employment Commission administrator, reports that the moderate increase in placement of farm workers in October was due to early citrus fruit harvesting in the Lower Rio Grande Valley. Increase came amid the seasonal decline in most other activities reported by local offices.

TEC filled almost 3,000 more farm jobs in October than September. Non-farm openings in October were down 6,727 from September and non-farm job placements were down 3,604 from the preceding month.

HOG CHOLERA--Both the State and Federal Departments of Agriculture are warning ranchers to be careful of hog cholera during winter. They report that hog cholera struck 19 Texas herds during October. A total of 1,684 animals in 19 infected and 23 exposed herds were disposed of during the month at a cost of \$46,300. Departments said that "Every outbreak that is located and eliminated this winter reduces the chance for spread next spring when movements of pigs will increase again."

DEMONSTRATORS--Texas' Board of Regents of State Senior Colleges endorsed the suspension of 10 Southwest Texas State University students by participating in an unauthorized demonstration. Students were suspended by Dr. Billy M. Jones after they failed to break up a moratorium demonstration on the university property. American Civil Liberties Union has said they will take the case to the courts.

Page Blames

Railways For Poor Mail Service

Gause, Tex., Nov. 29--Blame for the deterioration of mail service through this area is placed today by Texas Congressman W.R. (Bob) Poage, D., as one main cause for poor postal service between distant communities and states throughout the nation.

Speaking at the dedication of a new post office building here, the veteran legislator had words of praise for the efficiency of the postal service on the local level, especially in this area of Texas.

"I don't want to try to fix any blame or condemn anyone but when our railroads began to pull off their passenger trains the Post Office Department's ability to deliver mail to the local offices became impaired," he said.

"I don't know whether we can blame the railroads for pulling off the trains or blame the Post Office Department for taking its mail away from the trains. I recognize that as the Post Office Department transferred mail to the trucks, it reduced the revenue of the trains and their service became still poorer. As their service declined, the Post Office Department took more mail off."

Most long distance mail now moves by air, said Poage, but without priorities which were formerly associated with the movement of mail, so that "the airlines haul ordinary mail only when they do not have a load of passengers."

"My own experience is that although I can travel from Washington to Texas in a fraction of the time that it took when I first went to Washington," he added, "my mail comes no quicker than it did 30 years ago, and indeed it is not nearly so dependable."

Sgt. Patterson Receives Air Force Commission

San Bernardino, Calif.-- Master Sergeant Joyce A. Patterson, son of Mrs. Claude A. Patterson, Rt. 1, The Grove, Tex., has graduated from the U.S. Air Force Senior Non-commissioned Officer Academy at Norton AFB, Calif.

Sergeant Patterson, who received advanced military leadership and management training, is first sergeant at McChord AFB, Wash., for the 7th Military Airlift Squadron, a unit of the Military Airlift Command which provides global airlift for U.S. military forces.

The sergeant, a 1950 graduate of Moody (Tex.) High School previously served at Mountain Home AFB, Idaho, and has served in Vietnam and the Republic of Korea.

His wife, Berdean, is the daughter of Mrs. J.B. Burgess Moody.

A BREAK FOR THE TAX PAYER

"THE KINDEST CUT OF ALL"

Tax reform means different things to different people and it's easy to be confused. But a prominent businessman recently put the issue simply in straight-forward language.

Robert C. Tyson, Chairman, Finance Committee, United States Steel Corp., said: "I am all for tax reform. But reform from what and to what? Oftentimes what one man calls a 'loophole' another man calls a 'life preserver'. In retrospect, a so-called tax loophole usually originates as a tax concession designed to alleviate the hardship of some earlier tax provision.

"The rub with previous tax reform waves all too frequently has been that the tacked-on relief provisions are themselves complex amendments to an already rigid, overcomplicated and overburdening Internal Revenue Code. And here, too, we more often than not get political solutions to economic problems. Tax reform represents to many a citizen the opportunity to practice taxmanship--that is, that 'a good tax is a tax that the other fellow pays and a bad tax is a tax that I pay.'"

"The most important long-range tax reform for economic development and for the general well-being for both the public and private sector is tax reduction. Tax reduction presupposes expenditure control. At any rate, a tax cut is the kindest cut of all," Mr. Tyson added.

Rising private investment is the key to economic development. More money at work means more people at work. Profit-seeking investment is not government-to-government. It's people to people. In addition to lower tax rates, the retention of the investment tax credit would help industry expansion and help to combat inflation.

Americans Are the Spiciest Eaters

Over \$37 million was spent in importing all the various spices needed to satisfy the American tastes this past year. Those imported in quantity are allspice, cardamom seed, cassia, cinnamon, cloves, ginger, nutmeg, mace, pepper, turmeric and vanilla beans. Curry powder (spice blends) comes mainly from India, and 60,500 pounds were imported last year.

Gatesville at a Glance

by sally jones

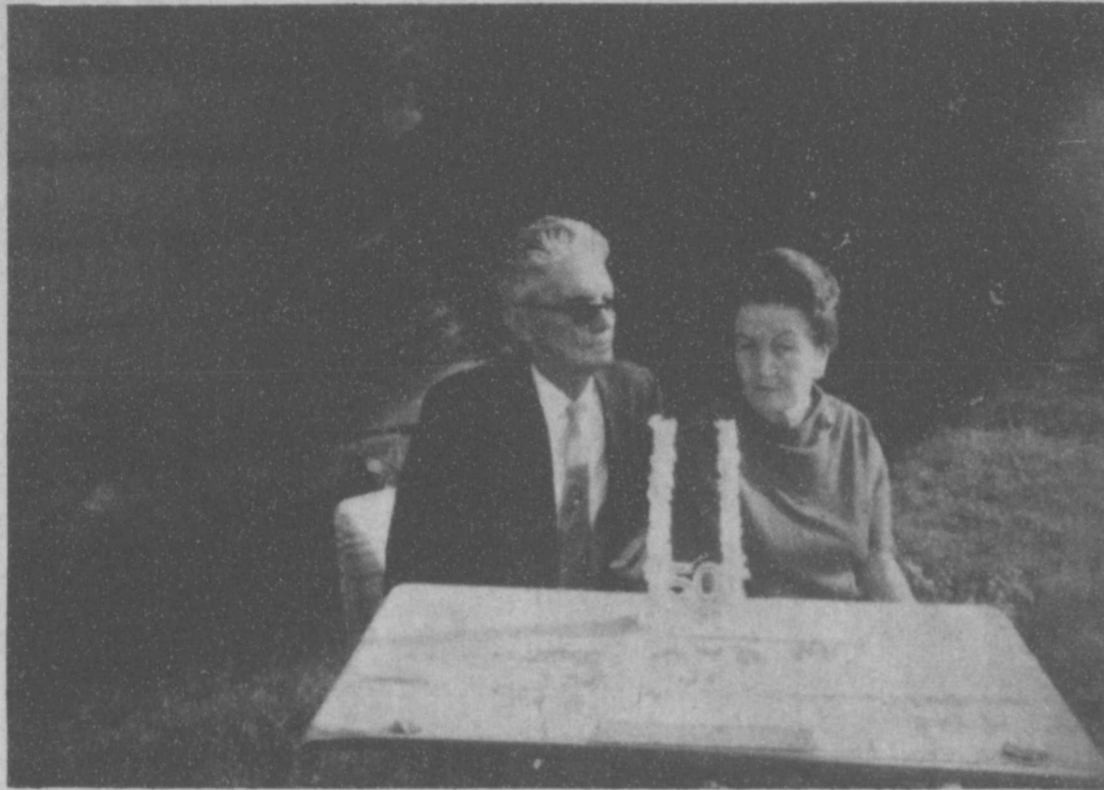

OPPS- OPPI-I GOOFED...I "taught I saw de end o' dat" I've told a "fib" in my column! Last issue I told you good folks that it was my last column for a while. Well, I for-

got to figure this issue of the NEWS into the picture! I can't give up the ship yet! So, I guess you fine people are stuck with me!

Celebrate 50 Years Of Marriage

JOHN L. LEWIS IS BACK AGAIN... As I was browsing through one of Texas' Top Newspapers this week I noticed a somewhat striking man in an odd "zuite suit" of broad striped material. After I read the outline I found that the gent was a male fashion model and that he was modeling the new John L. Lewis look! The look is the "All American Fighter" by Laguna Sportswear. The outfit is the latest in mens swimwear and features a low-cut "action tank top" and John L.'s knee cutter length!

MR. & MRS. BLAKLEY

BLAKLEYS

HONORED

Mr. and Mrs. Joe Blakley, of Pearl, who were married Nov. 22, 1919, were honored Sunday by their son, Joe H. Blakley, and family of Pearl. They gathered with a few close acquaintances at the Chateau Ville restaurant,

and drove on in to Gatesville."

The following Monday morning found both Mr. and Mrs. Blakley in the cotton field. The only regret heard spoken that day by the couple was that they had not had a party rather not have outstayed their welcome in the cotton patch. Although Joe surmised that, "it might be well today if more of our younger generation were to bend somewhat and trod the straight and narrow path of the cotton rows."

SOMETHING FOR THE LADIES...A new idea from fashion designers for women is the scarf's new winter work. Scarves have really come into the "fashion eye" of American women this fall and are continuing there this winter.

The new scarf idea is achieved by tying a brightly colored scarf or mufflers to the sleeve of a coat or jacket. The new location has two features: a lovely accent in movement and a nice warmer when the weather gets cold!

Fashion models who champion the scarf-on-sleeve look say the flowing motion of the scarves tend to give added grace to your movement.

Parrish-Zim To Wed Saturday

H.R. Colliers Honored On 60th Anniversary By Children

MR. & MRS. COLLIER.

The children of Mr. and Mrs. H.R. Collier honored them with open house for their 60th wedding anniversary Sunday, Nov. 16, in their home south of Center City.

Their children home for the occasion were Mr. and Mrs. Leonard Collier of Gatesville, Mr. and Mrs. Herman Collier of Munday, Mrs. Emma Whitlock of Blythe, Calif., Mr. and Mrs. A.E. Hiller of Eagle Pass, Mr. and Mrs. Lloyd Hiller of Abilene, Mrs. De Albert Carter, Mr. and Mrs. Vestus T. Horton and Mr. and Mrs. Darrell Head of Goldwaite. Thirteen of their 23 grandchildren and 8 of the 24 great grandchildren attended.

Mr. Collier son of the late Mr. and Mrs. I.J. Collier was born June 24, 1890 in the Center City community, where he has lived all his life. His three brothers, Tom, Archie, and Marion, and their wives of Goldthwaite; two of his three sisters, Mrs. Bill Virden of Indian Gap, and Mrs. Ray Blackburn of Goldthwaite, and their husbands attended. Mrs. Lewis Cavington of Goldthwaite was unable to attend due to illness.

Willie Mason Collier, daughter of the late Mr. and Mrs. J.W. Mason, was born Feb. 17, 1891 in Le High, Okla., and moved to Mills County in 1900. Mrs. Collier's brother Bert Mason of Tulsa, Okla., and her sister and husband, Mr. and Mrs. Clarence Jones of Skiatook, Okla., attended.

The honorees were married Nov. 17, 1909 and have lived in their present home since 1912.

The table was covered with a white crocheted pineapple tablecloth over a yellow cloth. A beautiful bouquet of yellow mums, white daisies and Yellow gladioli, arranged by Mrs. Jack Elms, served as the centerpiece. Mrs. Elms also arranged a bouquet for the living room. The center piece was flanked by two yellow streamers embossed with the names "Hardy" and "Willie". A three-tiered wedding cake, decorated with silver leaves and white sugar bells, and orange punch was served by granddaughters.

Among the host of friends and relatives attending were the following: Mrs. Charles Vaughn of Mannford, Okla., Mr. and Mrs. Ben Wiggins of Mexia, Clarence Wiggins of Ft. Worth, Mr. and Mrs. Weldon Wiggins of Weatherford; Mr. and Mrs. J.W. Mason of Houston, Mr. and Mrs. Aubrey Spears of

San Saba; Mr. and Mrs. Curtis Koen of Eastlan; Mr. and Mrs. Gus Roberts of Arlington; Mr. and Mrs. Roy A. Collier of Kel-

ler; Mr. and Mrs. Freeman Mason of Grand Prairie Mr. and Mrs. Jerry Collier of Abilene.

The honored couple received many beautiful cards and phone calls. Approximately 180 guests registered during the afternoon,

CHRISTMAS SEALS FIGHT DEADLY EMPHYSEMA

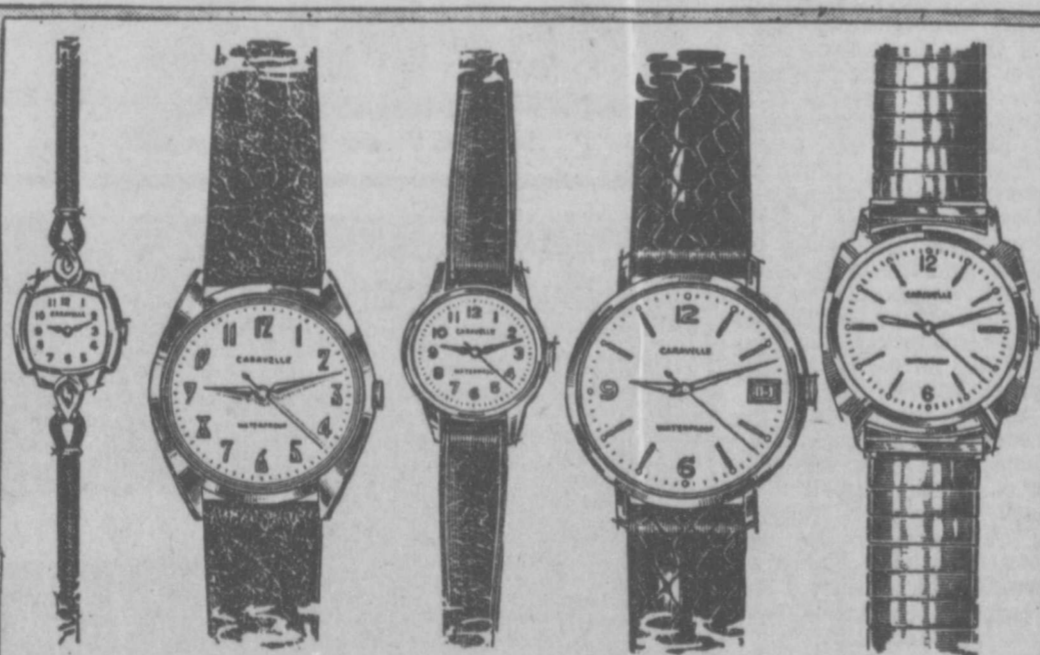

"Contributions to Christmas Seals help support the struggle against Tuberculosis and many different kinds of respiratory diseases," Mrs. L.L. Ledger, Christmas Seal Chairman for Coryell county said. "Life-crushing conditions such as emphysema are showing new increases among both young and old." Nearly one million Americans now have emphysema.

physema was an unfamiliar word to almost everyone," Mrs. Ledger said. "Today it is a lot more familiar because so many people are developing the disease."

During the last 20 years, according to Mrs. Ledger, the number of patients with emphysema has approximately doubled every five years. The majority of emphysema patients are males between 50 and 70 years old. But more women

and young people now have the chronic lung disease. "Nobody knows what causes emphysema," she said, but a cigarette smoking is suspected as a contributing factor. For many patients, a doctor's care can ease the breathing problem and stop further damage to the lungs. Information about emphysema is available from the Central Texas TB & RD Association, P.O. Box 330, Belton, Texas. Christmas Seals which support the association help combat emphysema, TB other respiratory diseases, air pollution, and smoking. The slogan of this year's campaign is "Use Christmas Seals-- It's a matter of Life and Breath."

SINCE 1925

Will Note Golden Wedding Anniversary December 7

Mr. and Mrs. Otha Rogers of Rt. 3, Gatesville will observe their Golden Wedding Anniversary with a reception from 2 p.m. to 4 p.m. Sunday, December 7, at their home in Westview Addition, Gatesville. Hosts for the reception will be the couple's children—Mrs. Milton Lee of Temple and Mrs. Glenn Gatlin of Lake Jackson.

The couple also has six grandchildren and one great-grand child.

All friends and relatives are cordially invited to attend the reception.

Mr. and Mrs. Rogers have lived in Coryell County all their lives. She is the former Miss Jessie Mae Watts. They were married on Dec. 7th, 1919 by Rev. W.J. Nelson who was Pastor of the First Baptist Church in Gatesville.

**MARRIED
IN GATESVILLE**

Jones-Jund Will Marry Dec. 6

Miss Sally Maude Jones and David Paul Jund will exchange wedding vows in a candlelight ceremony Saturday, December 6, at 7 p.m. in the First Presbyterian Church of Gatesville. Rev. Tom Stewart will officiate at the double-ring ceremony.

Miss Jones is the daughter of Mrs. W. Mat Jones of Gatesville. Mr. Jund's parents are Mr. and Mrs. Paul O. Jund of Marlin.

All friends and relatives are cordially invited.

Pre-Nuptial Tea Fetes Martha Parrish

A pre-nuptial tea honoring Miss Martha Ann Parrish, bride-elect of Fred Zim, Dallas, was held Saturday afternoon in the home of Mrs. Bruce Jones, Purlmea.

In the receiving line with the

honoree were her mother, Mrs. Jake Parrish; the mother of the prospective bridegroom, Mrs. Joseph Zim, of Dallas; and Mrs. Bruce Jones.

Misses Kathy Keeton and Terry Haines registered the guests. Miss Sue Gartman registered the gifts.

Two of the honoree's grandmothers were present, Mrs. Hill Parrish and Mrs. H.M. Brown. Mr. Kistenmacher of Dallas, grandfather of the bridegroom, called in the afternoon.

The tea table was laid with a floor length white satin and net cloth. The table was centered with a candle and floral arrangement of large white chrysanthemums and red carnations. Cherry punch, white cup cakes, nuts and mints were served by Misses Susan Martin and Becky Parrish.

Serving as hostesses with Mrs. Jones were, Mesdames George Wilkinson, Robert Newland, T.J. Smith, Fred Grubb, Curtis Smith, and A.L. Brazel.

The wedding is planned for December 6 in the Purlmea Baptist Church with Rev. Fred Grubb officiating.

Miss Brock-Dr. Louis Williams To Wed

MISS BROCK

Chaplain and Mrs. Ray Brock of Gatesville announce the forthcoming marriage of their daughter, Jessie Ray, of Dallas to Dr. Louis A. Williams of Ennis.

The couple will be married December 20 in the Skillman Avenue Church of Christ in Dallas. Minister Frank L. Cox of Tyler will unite them in marriage.

Miss Brock received both bachelor's and master's degrees from Abilene Christian College and has taught in the Dallas school system the last five years.

The couple will reside in Dallas.

PEARL NEWS by Mrs. Lyda Cooper

Community Center Readies For Christmas

The next Community Center will meet on Saturday night December 20th at 6:30 p.m. The entertainment Committee is making plans for a Christmas program and gift exchange. The gifts are not to cost over fifty cents. The gifts are to be wrapped even if its just news paper or brown paper bags. Every one keep this date in mind and in later news you will hear more about the program.

Ricky Williamson and his friend Randy of Waco visited Mr. and Mrs. Charlie Freeman, Ricky hunted on his Paw-pa's ranch and killed a spike. He killed a doe last year, he is hoping to kill a big buck with lots of horns.

Mr. and Mrs. Will L. Gray of Temple visited Sunday afternoon with Mr. and Mrs. Dan Fillerman.

Mr. and Mrs. Lee Powell and Lyda Cooper attended funeral service for Mr. J.B. Hart in Gatesville.

Mr. and Mrs. Eugene Graham and boys of Sweetwater and Mr. and Mrs. Edwin Graham and children of Gatesville visited last Saturday with their mother and grandmother Mrs. Lesta Graham.

Mr. and Mrs. O.Z. Ballard has been in Ft. Worth taking care of their grandson Ronnie, while Ronald was in the hospital having his teeth extracted.

Light makes a difference

by Nancy Evans Residential Lighting Specialist General Electric, Nela Park

Wall paper is featured by cornice lighting on a dimmer. Series floodlighted by reflector lamps. Ceiling-mounted "ball" highlights piano. Portable lamps provide ample light and add decorative accent.

The living room can be the most important one in your house from a visual standpoint, it is the living room. This room is usually the focal point of a home... the one most visitors see first, establishing the mood and decorative theme for the rest of the house.

But the most tastefully decorated living room is lost if not seen in the proper light. Good, balanced lighting should be an integral part of any home decorating plan.

Whether you plan an elaborate installation with built-in light sources and wiring or a more economical and simple treatment, three basic types of lighting will apply: overall illumination, light for specific work areas and decorative or accent lighting.

A FEW decades ago, builders planned rooms with central overhead fixtures, giving no thought to other light sources. This type of fixture is not as common today but is still excellent for overall illumination. It should complement, rather than dominate, the rest of the lighting treatment.

Overall lighting is necessary to fill in between pools of light from table or floor lamps, eliminating harsh contrasts between light and shadows. Three-way bulbs are ideal with such lamps, changing the light level for TV viewing, conversations or other activities.

Areas of the living room used for sewing or reading should be illuminated with adequate yet comfortable and glare-free lighting. Floor, table and wall-mounted lamps or spot lights recessed in the ceiling are some of the lighting units which can be used.

ACCENT lighting is employed purely for its artistic or decorative effect. It can vary from tiny, recessed, incandescent spotlights highlighting a painting or piece of sculpture to "washing" a wall with fluorescent tubes concealed behind a valance board.

NEW FEATURES ADDED TO 1970 TEXAS ALMANAC

Many new features have been combined with traditional information in the 1970-71 edition of the Texas Almanac published by The Dallas Morning News.

The 704-page publication includes, among other material the following information not found in previous editions, Walter B. Moore, editor said: Texas athletic records since World War II.

A new map for use in calculating sunrise and sunset times in Texas.

A summary of major non-petroleum minerals in Texas. A history of the sheep and goat industry in Texas.

Number of deer killed in each Texas county.

The original account of Col. Wm. B. Travis drawing a line with his sword in the Alamo as first published in the 1873 Texas Almanac.

New listings of courts, congressional, Texas Senate and House districts by counties. Latitude and longitude of 254 county seat towns.

Literary awards to Texas authors and list of poets laureate of Texas.

Updated information will include the vote in elections, names of state, county and municipal officials, members of state and regional civic organizations, enrollment in colleges and universities, estimated populations of cities and counties, statistics on employment, payroll banking, insurance public welfare and much other material.

Other features include the complete text of the Texas Constitution, up-to-date maps and historical, agricultural and economic information for 254 counties, and chapters on minerals, agricultural, business, transportation, and other phases of Texas today.

Tourism and recreation are

emphasized in the 1970-71 edition, with a description of recreational attractions written especially for the Texas Almanac by Texas Tourist Development Agency.

MOUND NEWS Mrs. Walter Wiggins

Green's Sister In Hospital

Mr. and Mrs. Loyd Green visited his sister in a Waco Hospital last Thursday night.

Visiting in the home of Mrs. W.S. Garnett over the weekend, Saturday and Sunday were: Miss Karen Frost, a student at Baylor University, Pat Patterson, of Tyler, who is a student in Texas Univ., in Austin, Mrs. Melvin Hyde of Austin and Mrs. Aubrey Davidson of Mound. Mrs. Garnett is expecting all other children and grandchildren, for Thanksgiving. Her granddaughters, Mrs. Hyde and Miss Frost and Mr. Patterson were here to help her with the preparations. Mrs. Garnett returned to Temple Sunday afternoon to stay until Wednesday, when the company will begin to arrive.

The Douglass Mayberry family, of Brookshire were here for the Homecoming at GHS and Mr. Mayberry attended church services here Sunday morning.

Visiting in the home of Mr. and Mrs. S.J. Barnard Sunday were: Mr. and Mrs. Sterlin Barnard and Sue, Mrs. Ronnie Barnard, Mr. and Mrs. J.C. Barnard, all of Mound. Mr. and Mrs. F.R. Cole Jr., and children, Gaylene and Randy, Mr. and Mrs. Roy Dean Cole and little Miss Angela Smith of Flat. Mrs. Ronnie Barnard is staying with relatives here and at Flat while her husband is in training at Ft. Lewis, Washington.

Visiting in the home of Mrs. Quince Davidson Sr. Sat. and Sun. were her son, Quince Davidson Jr., and Mr. and Mrs. Johnnie Davidson of Dallas.

A group of young people from the White Mound Baptist Church and some friends from Gatesville went to Waco Saturday morning to attend an Area Youth

Rally at 7th and James Church in Waco. They all ate lunch in the home of Rev. and Mrs. Ronald Scott and then attended the Baylor-SMU football game in the afternoon. Young people attending were: Kathi Maye, Deborah Magee, Mike Magee, Nancy Hopson, Sue Barnard, Pat Lam, Helen Bomar, David Hopson, and Keith Bomar, also Glenda Franks, Mildred Baker, and Mike Blanchard of Gatesville, and Lisa Lockridge, of Waco, who was visiting Helen Bomar.

The group was accompanied by Mrs. Maurice Magee, Mrs. James Bruce, Mrs. Bruce Bomar, and Rev. and Mrs. Ronald Scott.

Rev. and Mrs. Ronald Scott were guests in the Bruce Bomar home Sunday. Mrs. Beatrice Powell of Gatesville, visited Mrs. H.W. Bragerwitz last Wed. morning.

Oran Bragerwitz and daughter Jennetta, of Leon Junction visited Mrs. Bragerwitz Saturday morning and she accompanied them to Gatesville.

Mrs. Ben Clement, Mrs. Aubrey Davidson, Mrs. James Bruce, Mrs. Marvin Stevens, and Miss Ina Fellers attended a crematic show in Waco, Sunday afternoon.

Mr. and Mrs. Robert McHargue visited Willie McHargue and Mrs. Will Lawrence in the Gatesville Convalescent Home and Mrs. H.M. Fellers in the Rotunda Rest Home Sunday afternoon. Mrs. Ted Mayberry of Flat also visited.

Visiting in the O.E. McHargue home Sunday and Monday were Mrs. Muri Montgomery and family, of Gatesville.

Mr. and Mrs. James T. Bruce received word that his mother Mrs. A.T. Bruce Sr. was seriously ill in Hillcrest Hospital in Waco. Mr. and Mrs. Bruce left Monday afternoon to be at the bedside of Mrs. Bruce. Mrs. Bruce passed away Tuesday at 2:30 a.m. Funeral services are pending.

The Old Timer

"To bear fruit, most grapevines, trees, and speeches need pruning."

Willie Leos provided the power punch to the Tiger offense against Aquilla as the defeated Tigers fought hard until the last second. Hitting was crisp as the late November evening throughout the game.

...REGIONAL

with three straight incomplete passes the Tigers were faced with a fourth down at the 25 yard line. McKelvain passed complete to Robinson but the Cougars stopped the speedy end short of the first down.

The Cougars had a score called back on third down at the 30 yard line as Pick broke for 50 yards only to have a clipping penalty pull the ball back to the Cougar 30 yard line. Three plays later Pick scored his third touchdown with only 34 seconds gone in the second quarter. Again the extra point failed.

Leos opened up the next series of downs for the Tigers going 15 yards on first down and then picking up 4 yards on the next first down.

The Tigers offense failed again but the Tiger offense found the range on the Cougar defense for the rest of the first half.

Oglesby mounted a good drive with 6:40 left in the half from the 21 yard line. Leos raced eleven yards to the 32 yard line. Ross was held for no gain on second down but a 15 yard penalty set up a first down at the Aquilla 31 yard line.

McKelvain passed 18 yards to Leos for a first down at the Cougar 13 yard line. Leos ran twice gaining 7 yards to the 6 yard line. From the six

yard line the Cougars pushed the Tigers back to the 10 yard line.

In the second half Oglesby was forced to kick on fourth down and on the Cougars first play from scrimmage Pick raced 34 yards for a touch-

The Cougars final score came early in the fourth quarter as the Aquilla offensive machine moved 57 yards on six plays with Jerry Gerik scoring on a four yard pass from Cox.

The Tigers, champions of District 10B for the second straight year, were unable to stop the running game of Pick down making the score 32-0.

The Tigers Leos took the kick off 25 yards back to the Cougars 35 yard line but still the Tigers were unable to move. Aquilla took over at the 27 yard line and Pick burst free for a 53 yard touchdown run on the first play. The extra point kick was good, 40-0.

The Tiger passing attack failed to click on several scoring opportunities like the one pictured above. Mike Robinson, No. 28, almost made a reception near the goal line in the third quarter but Aquilla's Michael Simmons tipped the ball.

ELKS DROP

SEASON FINALE

TO MERIDAN

The game left the District 19B squad with a 5-5 record for the season.

The Elks went to work against the Yellow Jackets right away and scored in the opening quarter with a Kyle Arnold 5 yard carry. The two point conversion was good and the Elks were out in front 8-0.

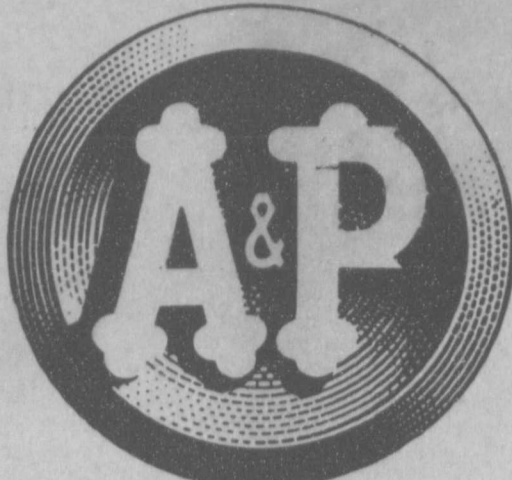

Meridan came back with a Hennessee to Colquitt pass for a 40 yard TD and 6 points. The extra point attempt failed.

The Elks kept the steam on as they scored in the second quarter with a 3 yard plunge by star footballer Arnold. David Pruden followed through with a four yard smash across the goal line and added another score to the widening Elk margin. Both extra attempts were successful and the Elks totaled a 24-6 lead against the Yellow Jackets.

The gap was closed in the third quarter after a 75 yard race by Meridan's speedster Crawford. The Jacket offense pushed a 2 point conversion through to bring score to 24-14.

Again in the third quarter the Jackets scored on a 30 yard gallop by Hilderbrand. The two-point conversion was good and the score tallied 24-22. The Elks added 8 points to the scoreboard on a four yard run by Arnold. The Yellow Jackets counter attack netted two scores. Hilderbrand collected both scores with 62 and 28 yard gallops. Both 2-point tries failed.

Kyle Arnold, Keeth Sugg and David Pruden were standouts on the Elk offensive squad and Arnold, Connor, Horton and Harker sparked the EHS defense.
