LET THE JUDGED BE JUDGES—A turn around event occurs each year when members of High School judging teams pit their skills at livestock judging against other school teams. Here members of teams judge swine entries with considerable thought as others look on. Then the official judges will judge the student judges' judging!

County Fair Continues Highly Successful Tradition

Coryell County's youth displayed their showmanship and special talents at the Youth fair Friday and Saturday. The cold weather which had held on over the state for days let up Friday and the sun peaked through by mid-afternoon to warm the fair. Mild weather made Saturday's final day pleasant for the fair goers. Entries fell slightly this year, going below 400 for the first time in recent years.

The judging was kept on an accurate schedule this year to cut down on confusion.

Judges for the Youth Fair were B.W. Lee of Gatesville; Rabbits; George Draper of College Station; Poultry, Willie Perry of Hamilton, Dairy, Robert Rich, Meridian County Agent; Beef, Swine, and Horses; Clyde Glump of Lometa, Goats and Sheep.

The Fair was a top attraction this year as many interested individuals took time to review the agricultural and home economics accomplishments of the youth of the county.

SEN. YARBOROUGH REPORTS ON H.E.W. \$20 MILLION BILL

We worked up to the afternoon of December 23, just 2 days before Christmas, and Opal and I didn't get home to Texas until the night of Dec. 26, one day after Christmas--the first Christmas we didn't spend in Texas. The next session started January 19, and the big issue in the minds of the people is what's going to happen to the appropriations for health, education and welfare of the United States?

The House and the Senate got together on a conference report just before the Congress adjourned in December and voted \$19 3/4 billion for health and education for the American people--for the 204 million people. But it wasn't sent to the President. The President promptly said he'd veto that bill--he'd veto it because it had money for health and education in it.

We had a billion and 1/8 more than the President recommended in his budget. We raised his budget for health and education by one and 1/8 billion dollars, and he says that's going to bust the budget.

We do not bust the budget; we save the taxpayers \$5 1/2 billion. Why? The President sent a budget to us and asked the Congress to vote a budget of \$135 billion to run the government. We voted a budget of 129 1/2 billion, and we conserved \$5 1/2 billion on the budget. Now, how did we save \$5 1/2 billion when we added 1 1/8 billion for education? We cut more than \$6 1/2 billion out of the President's extravagant military expenditures and his extravagant foreign aid. We cut that military expenditure by \$5 billion, 600 million and we cut that foreign aid by a billion, 120 million dollars. That's \$6 3/4 billion we saved and put it back in for health and education.

The President's budget of last

April, 1969, cut President Johnson's budget way down--cut out money for schools, hospitals, cut out all money for Hill-Burton hospitals when we need thousands of new hospital beds. If we don't build some more hospitals, fellow Texans, the experts tell me that within 2 years it will cost \$100 a day for an individual's hospital room. And we're short thousands of dentists, thousands of doctors, 150,000 nurses, thousands of hospital beds. This Administration cut all that back--cut back for medical schools, medical education, hospitals, all school, all school libraries--just cut the heart out of these programs.

So, mindful of our obligation to do something for this country with your own money--your taxpayers money--we put

a billion and 1/8 back in this budget for health and education, and we cut out \$6 3/4 billion of overseas extravagances. A net savings to you, the taxpayer, of \$5 billion, 600 million. President Nixon asked us to total it all up and vote \$135 billion, 200 million this year. Totalling it all up with our increase for health and education, the budget is \$129 billion, 595 million. Five billion, 600 million we've saved on the budget and the President says it's inflationary. It's not inflationary. This is an inaccurate report, and I'm going to go back and try to pass this bill. And if the President vetoes it, I'm going to try to pass it over his veto.

AUSTIN, TEX.--As the January 31 deadline for voters to register draws near, Secretary of State Martin Dies Jr., the state's election officer, issued a "last call" to those who are 21 and over.

Registration is at the county tax assessor-collector's office, but in many counties, deputies have set up at convenient locations. Persons over 60 who live in towns of less than 10,000 or in rural areas must re-register every year.

Under the old law, persons past 60 in small towns and rural areas did not have to register, but it now is required every year. If they fail to register by January 31, they will not be able to vote in this year's important elections.

Dies also pointed out that young people who will become 21

during 1970 can register before their 21st birthday. Tax office will mark on their registration certificate the date on which they will become 21 and therefore eligible to vote.

Both political parties and a number of civic groups are putting on registration drives, seeking a goal of more than 4 million registered voters this year.

OIL IMPORT WORRIES-- Concern over possible federal elimination of oil import quotas caused state political and industry leaders to hoist new storm warnings.

New taxes and serious economic losses are in store for Texas if the Nixon administration scraps the import quota for the tariff system, say informed officials.

Lt. Gov. Ben Barnes called on the Legislative Budget Board staff to determine how much the removal of import barriers would reduce state revenue should oil prices tumble from \$3 to \$2.25 a barrel. Import problem, together with long range appropriation commitments, could create a "very, very grave" tax problem for the Legislature next year, Barnes said.

Gov. Preston Smith expressed a similar view in a press conference, terming the potential tax loss from tampering with import quotas, "severe."

Democratic Senate candidate Lloyd M. Bentsen Jr. predicted that state tax revenues, 40 percent of which are derived from the petroleum industry, would "drastically decline" if the tariff system is imposed. He noted that many school districts also draw the bulk of their local revenues for public school support from the oil and gas industry.

Alvin Hope, San Antonio independent oil man, told the Texas Railroad Commission that proposals to reduce crude oil through a sliding scale tariff collected by the U.S. Treasury

would be the "death knell of the domestic industry as we know it."

CAMPUS MADE-- Coordinating Board, Texas College and University System, had some jarring news for students.

Board voted tough new regulations to curb the "alarmingly-high" delinquency rate on repayments to the \$285 million Hinson-Hazelwood student loan program. Put into effect was a requirement that applications (except in extreme hardship cases) have co-signers. Colleges may also lose their eligibility to continue their students participation in the program if they don't help police delinquencies.

A careful system of interviews, followups, parental signatures and required letters of recommendation also will be invoked.

Chairman Manuel DeBusk of Dallas, the new board chairman, said he thinks tuitions should be tied to a fixed percentage cost of the overall education program--which would mean a sharp increase.

DeBusk also recommended

COURTS SPEAK-- Third Court of Civil Appeals, reversing an Austin trial court, granted a temporary injunction to block the Alcoholic Beverage Commission from enforcing its tough new private-bottle-club regulations, pending trial on merits. Court said the rule is invalid because the Commission adopted no supporting findings of fact, although proper regulations could be adopted.

Third Court of Civil Appeals also held that the cost of trading stamps cannot be deducted from sales tax payments made by merchants to the state.

State Supreme Court agreed that the driver of a city bus in Dallas was not obliged to remove from his bus an unruly passenger who later shot and killed another passenger.

CELEBRATES 4TH BIRTHDAY ON THE RIGHT TRACK... Little Billy Dearmore, son of Mr. and Mrs. Dale Smith of Gatesville, was guest of honor at a birthday party January 18th.

Though outside it was chilly, icy and cold, inside the atmosphere was festive fun-full and warm. Hostess for the occasion was Billy's mom.

The party got off on the right track with lots of fun and merry-making by the "kids" and the adult "kids" attending. Refreshments were both colorful and delicious by all reports. The birthday cake was quite unusual and depicted a typically boyish train. Mrs. Joe Ayers, Billy's grandmother, made the delightful cake. One cake was oblong with the engine on it. Following the engine were cake squares each sporting a different kind of train car until the caboose square. All the "car-cakes" were on a track. Punch, bubble gum and candy were also served to the excited, hungry party guests.

Each guest received favors of little paddles and balls and tops.

Present at the gala celebration were Mrs. Bill Adcock, Stacy and Tracey; Mrs. Jimmy Everts and Michelle; Mrs. Johnny Moore and Charles; Mrs. Cris Vernon and Doug; Mrs. Joe Ford and Beckey; Miss Anira La Pointe and nephew Allen; Mrs. Butch Thorp; Mrs. Larry Wright; Mrs. Joe Ayers and Robert Dale.

We at the NEWS wish you a most Happy Birthday Billy!

FAIR WEATHER FOR FAIR... Friday and Saturday weather conditions weren't the best but the youths attending the Coryell County Youth Fair felt no pain. And by the end of the afternoon Friday, only sunshine and stiff competition were remembered. Weather was far from a worry to the competitors in this years record-breaking fair. A fair such as ours in Coryell County brings to mind how youthful energy channeled in the right direction can be fruitful and productive.

I was fortunate to be assigned to cover the fair with words and camera and I must say I've never enjoyed covering a more fascinating event. It was a joy to see youngsters nine or ten years old leading their own cattle, horses and swine into the judges eye—and doing so in such a professional manner.

Gatesville can brag of some of the finest showmen at the fair but equally as fine were boys and girls from Copperas Cove, Oglesby, Jonesboro, Evant, and others.

I could write all day about the different points of excellence in the livestock area of the competition but space must be allotted to a division that seldom is glorified by the press at fairs—the women's division.

The feminine part of the competition was as keen as the boy-oriented competition (I must say boy-oriented because the girls of Coryell County were also represented in the livestock areas!) The foods and nutrition divisions were packed with taste-tempting delights that would satisfy even the most particular food connoisseur. In clothing the entries were outstanding in design and detail. Hobbies and crafts was another interesting division at the Youth Show. Everything from "house" purses to tiny ornate chairs and ottoman's made from tin cans were displayed in the Community Center.

All in all, the fair was more than I had expected—more fun, more people, more competition, more animals, more entries, I just wish MORE of you had taken time to see what our youths are doing.

PROUD OF NEW GRANDCHILD... Mr. and Mrs. W.E. Foster of Gatesville and Mr. and Mrs. Alex Campbell of Jonesboro are sporting grandpa and grandma smiles since the birth of their granddaughter, Jill Annette, January 16th in Harris Hospital in Ft. Worth. Proud parents are Reverend and Mrs. Tony Campbell of Alvarado, Little Jill Annette weighed in at a husky healthy eight pounds and fifteen ounces.

The new arrival has great grandparents smiling too! Mr. and Mrs. C.F. Everett and Mrs. J.B. Foster of Oglesby are great-grandparents.

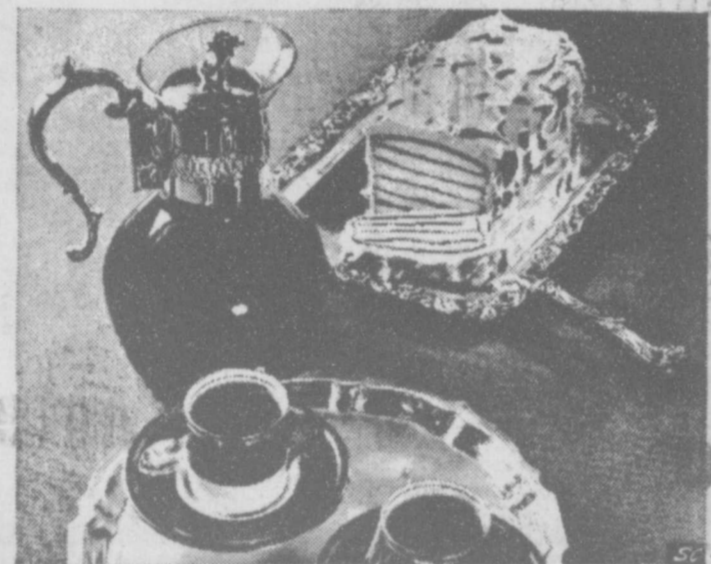

Mr. and Mrs. Lawton Searcy, Mr. and Mrs. W.C. Layne and Mrs. Jimmy Welska traveled to Ft. Worth January 17th to see little Jill Annette.

Congratulations to all the proud parents—plain or grand or great-grand!

LOOK AT THIS KLASZY KOFFEE... Doesn't this look delicious? Think of having some piping hot coffee and some Mocha Torte next time you have company or have the urge for something delicious!

New Touch for Kaffeeklatsch

Down with the all-feminine kaffeeklatsch—men enjoy good coffee, pastry, and conversation as much as women. The pastry part is easy when you make an elegant torte based on a frozen pound cake. Make Freeze-Dried Sanka Brand 97% Caffeine Free Coffee by the carafe, so both coffee and conversation can go on to the wee small hours.

Mocha Torte

- 3 tablespoons confectioners' sugar
- 1 tablespoon cocoa
- 1 teaspoon freeze-dried decaffeinated coffee
- 1 cup (1/2 pt.) heavy cream
- 1/2 teaspoon vanilla
- 1 frozen 12-ounce pound cake (8x4-inch size)
- 1/2 cup strawberry or red currant jelly

Combine confectioners' sugar, cocoa, coffee, heavy cream, and vanilla. Stir until thoroughly blended and dry ingredients are dissolved. Then whip until stiff peaks form.

Slice frozen cake horizontally into 5 layers. Spread each layer with about 1 tablespoon strawberry jelly and about 1 tablespoon whipped coffee-cream mixture. Reassemble cake. Cover top and sides of cake with remaining coffee-cream mixture. Chill until ready to serve. Makes 8 to 10 servings.

Food For Thought

Mrs. B. A. Snoddy

"And it shall come to pass, if thou shalt hearken, diligently unto the voice of the Lord, thy God, to observe, and to do all his commandments which I command thee this day, that the Lord, thy God will set thee on high above all nations of the earth, and all these blessings shall come on thee, and overtake thee, if thou shalt hearken unto the voice of the Lord, thy God," Deut. 28:1 and 2.

They were promised to be blessed in the city, and in the field, in the fruit of their bodies, and of their ground, of their kine, and of their sheep, and that God would command a blessing in all that they would set their hands to do—This was all on condition: If they would keep the commandments of the Lord, their God, and walk in his ways. Deut. 28-verses 3 thru 9.

But all these blessings were to be reversed, into cursed things, if they refused to keep the commandments, and statutes of the Lord, which he had commanded them, and would not serve the Lord Deut. 28:15-47. The above scriptures were given to the children of Israel by Moses after they were delivered out of Egyptian Bondage.

Some one may say: "Oh, that was back under the old Mosaic law," but we find this teaching: "For what so ever things were written, aforetime, were written for our learning" Rom. 15:4; And, "Now all these things happened unto them (the Israelites) for examples, and they are written for our admonition, upon whom the ends of the world are come." I Cor. 10:11, so we cannot discard it, and say it is not to be applicable for our day. "The word of the Lord

endureth forever" I Pet. 1:25. There is nothing by chance; There is no perhaps, in the will of God.

The word of God is to be preached, and interpreted, as it was written by the Holy Spirit, and a God called true minister, will not stand in the pulpit, and tell his people what he believes, but what God's word says.

Jesus own words: "For the Son of man is come, to seek and to save, that which was lost," Luke 19:10—So if that was Jesus mission in the world, and what he came for, you know He wouldn't mislead them, or lay down a pattern for anything else, and when Nicodemus, a ruler of the Jews, came to Jesus by night, Jesus said unto him: "Verily, Verily, I say unto thee, except a man be born again (or anew) he cannot see the Kingdom of God" John 3:1-3.

"And, as Moses lifted up the serpent in the wilderness, even so must the Son of man be lifted up that who so ever believeth in him, should not perish, but have eternal life" (14th and 15th verses)

And John 3:16 has been preached out of the pulpits of

many churches for generation after generation. "For God so loved the world that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." And the 17th verse is just as wonderful: "For God sent not his Son into the world to condemn the world, but that the world thru him might be saved." These are Jesus's own words as he talked with the Jewish ruler, that night.

The ages of time cannot erase these vital facts, concerning the redemption of our souls, I heard a minister say that the world and its social standards, have changed so much, until the old standards of living and doctrines of the old fashioned churches, will not meet the demands of our day, but sin and its degradation stains and destroys the hearts of men and women, just as it did in Jesus's day, and the wages of sin still is death; and the soul must be cleansed and made over in the same manner, as were the saints of old.

It is one of the most blessed privileges to be taught of the Lord thru his word, and to know

that he is speaking to us today, as he has from of old, and the study of his word is one of the most rewarding labors of love, the believer can set himself to. This is our privilege as an American, one of which in some countries the people have to go under ground, to do-no one can truly be educated who lacks a knowledge of the Bible and the Christ of the Bible.

I wish to bring you a few thoughts for your consideration: In the chemical laboratory there is no place for deviation from the proven fact that water is composed of two parts hydrogen and one part oxygen.

There is no room for broad mindedness in music. The skilled director will not permit so much as one half not off the written notes, chord, and key. In the mathematics class, neither geometry, calculus, nor trigonometry allows any variation from exact accuracy; the solution of the problem is either right or it is wrong.

There can be no broadmindedness in biology. One varying result out of a thousand experiments will invalidate an entire theory.

There can be no compromise on the athletic field; the game is to be played according to the rules; with no favors shown.

There can be no broadmindedness in the garage. The mechanic there, says the rings must fit the cylinder walls within an exact thousandth part of an inch. There can be no variation if the motor is to run smoothly. Then, how shall we expect broad-mindedness, or a variation from God's word, to rule in the realm of Christianity and morals?

We do so appreciate our own Gatesville High School, that in the face of the onslaughts of the athletic movements in our country, (who would deny us, even the privilege of prayer in our schools) have decided to teach a course in Bible.

This in our opinion is a very noble gesture.

"The Bible is God's truth divine, its pages never lie, its stories cannot be disproved no matter how men try." You must either receive Christ as held forth in the scriptures or perish. There is no medium. He that forsakes the Truth of God, forsakes the God of Truth.

New 1040 Form Ready For Taxpayers

This is the first in a series on ways you can save on your income tax returns this year. The articles are written by Henry Block, president of H&R Block, Inc., America's largest tax service.

Prior to 1969, the Internal Revenue Service utilized two forms for the preparation of individual income tax returns; Form 1040A, usually referred to as the "short form" or "card form," and Form 1040, commonly known as the "long form." Approximately 22 million American taxpayers who have been using the "card form" to file their income taxes each year will be surprised, and perhaps even dismayed, to learn that the 1040A has been discontinued this year. Instead, a brand-new revised form 1040 (a combination of Form 1040 and Form 1040A) will be used by every individual required to file a return.

CONFUSION MAY RESULT It is likely that this change will confuse many individuals who have grown accustomed to filing the "painless," "easy," card form through the years. However, for others, it may very well be a blessing somewhat strangely disguised. An individual filing the new Form 1040 will begin with the basic page one, (still called Form 1040) and include, with his or her return, the additional schedules (Forms) required to file a complete return. Page two of the 1040 has been discontinued and new schedules replace it. Included is a schedule "T" for tax computation. Taxpayers with income under \$5,000 who do not itemize will compute their tax from line 15c of the tax table, enter that tax on line 16, compute their surcharge on line 17, and then enter total tax on line 18. All taxpayers with income over \$5,000 must compute tax due on schedule "T".

LOWEST BRACKETS NOT AFFECTED

The surcharge on individuals does not apply to the two lowest tax brackets, or up to \$1,000 of taxable income in the case of a single taxpayer, and up to \$2,000 in the case of a married couple. For a Head of Household there is no charge tax on taxable income up to \$1,500.

...BEST

and vice-president of the senior class. Bell was an outstanding guard for the Hornets both defensively and offensively. He was awarded the Hornet Pride Award and Helmet Award at the recent Football banquet.

George Thompson, senior is another top football player for the 1969 Hornet team. Thompson won All-District Honors on defense and was selected the Most Valuable Player for the 1969 Hornets. Mike Barr, senior co-captain of the football team was one of the districts outstanding quarterbacks this season. Barr was selected by his team mates as the Most Valuable Player during the 1969 season.
