

"THIRD TIME IS CHARM" FOR AREA POLICE OFFICERS

"Third time is a charm." However, it is not necessarily a charm for the persons making an attempt to burglarize R.E. Powell's Hardware Store in Gatesville.

Thursday night officers were called to the R.E. Powell building at the corner of 8th Street and Main by Dan Hoell and Sgt. Couch to investigate possible prowlers on the roof. Hoell and Couch were working on a boat in the rear of the Powell Store and heard the commotion on the roof.

Sheriff Windy Cummings and City Patrolman Clarence Beasley were dispatched to the scene. The officers arrived and found one teen-age youth in the custody of Hoell and Couch and another youth still on the roof of the building.

In questioning the youths at the Sheriff's office a third youth was implicated in the two previous burglaries of the store. Two of the youths age 13 and

14 were turned over to their parents. The 18 year old was jailed and charged with burglary with bond set at \$3500.

Thursday Police Chief Gene Goins and Sheriff Cummings were notified by Sheriff Carl Black of Cameron that two Latin men had been picked up and thought to be involved in the Saturday Feb. 7th burglary of Jim Miller Army Store in Gatesville.

Goins and Cummings picked up the two men in Cameron where they had attempted to sell part of the merchandise taken from the Army store.

James Christopher (left) is welcomed to his new "Hornet Home" by Coach Jack Moss Saturday. Christopher will move to Gatesville this week end to begin working as assistant coach at GHS.

Tom Holeyfield, Conservationist, Dies Suddenly

Hazen Ament Files For Alderman In Place 4, Ward 1

Tom Price Holeyfield, soil conservationist died Thursday February 12, in Coryell Memorial Hospital. Holeyfield suffered a heart attack Thursday morning.

Funeral services were held Sunday February 15, in Scott's Funeral with Rev. Bob Richmond of the First United Methodist Church officiating. Burial was in Restland Cemetery.

Holeyfield was born January 20, 1920 in Albany, Texas. He was reared in Floyd County and moved to Erath in 1934. May 30, 1949 he graduated from Texas A&M University with a degree in Agriculture Education. He came to Gatesville in July of 1949 and began work in the Soil Conservation Service as a range reservationist. In 1952 he became Head Conservationist for the local office. Holeyfield was active in the Lion's Club and First United Methodist Church. He has served as an active member of the little league baseball program for the past 10 years. He married the former Vivian Hensley September 10, 1941.

Survivors include his wife, two daughters, Mrs. Carol Copeland of Fort Worth, and Jo Ann of Gatesville; one grand child; two brothers, Joe Holeyfield of Farmington, New Mexico and W.K. Holeyfield of Hurst; and one sister, Mrs. Carl Morrison of Ruidosa, New Mexico. One son, Fred, preceeds him in death.

teaching at Anton and will teach next year in Gatesville. The couple have an eight month old daughter, Carry.

New Assistant Coach Hired At Gatesville

James Christopher, 27, of Duncannon was hired by the Gatesville School Board as an assistant coach replacing Fred Walker who recently resigned to take a coaching position in Abilene.

Christopher comes to Gatesville from Anton High School where he was head coach for the last three years. He began his coaching career in 1966-67 as a ninth grade coach in Midland.

Gatesville Head Coach, Jack Moss, announced the hiring of Christopher Friday. Moss said "He is the only coach I know of right now that could take the place of Fred Walker." Christopher will coach the offensive and defensive line on the varsity football team and will be head track coach.

Coach Moss indicated that Christopher would probably move to Gatesville this month and begin working as second assistant coach and take over the track coaching within a few weeks.

The Hornet coaching staff is rounded out with Wilson Elliott, first assistant offense and defense backs; and Basketball coach Ronnie Barr, Freshman coach in all sports and Moss will direct the overall athletic program and coach linebackers and defensive ends.

Christopher is a graduate of McMurray College in Abilene where he received a BS degree in Math and Physical Education. His wife, Judy is presently

CITY MANAGERS—MAYORS ATTEND HOOD BRIEFING

Ft. Hood, Tex., Feb. 13-Lt. Gen. Beverly E. Powell III Corps and Ft. Hood Commander, his senior subordinate commanders and senior members of his staff met with the mayors and city managers of seven communities surrounding Ft. Hood Friday at the Ft. Hood Officers Open Mess to discuss current and future events of mutual interest.

Attending the meeting were the mayors and city managers of Belton, Thomas L. Jones and George W. Ferrell of Coppas Cove, George Leonard and John W. Carlton, Gatesville, Robert J. Miller and B.R. Wallace; Harker Heights, Danny R. Hurd and Frank C. Norvell; Killeen R.Q. Bay and Lloyd E. Moss; Lampasas, Henry V. Campbell Jr. and Dudley K. Terry; Temple, Henry Taylor Jr. and H.K. Dodgen.

Topics that were presented were similar to those discussed at a meeting of the Ft. Hood Civilian Advisory Committee held at Ft. Hood Wednesday,

"Gatesville's First Century" Plans Revealed By Committee

Gatesville's First Hundred Years Celebration is now taking shape as the steering committee for the Centennial Celebration has released a tentative schedule of events for the week August 2, 1870.

Yes, August 2, 1870, for Gatesville the clock will turn back and for a week Gatesville will relive the early days of Coryell County.

The schedule worked out by the committee is tentative and subject to change notes committee woman, Katherine Healer. The schedule is very basic with each days detail planning to be worked out in complete detail over the coming months.

Sunday, August 2, 1870-Camp Ground Meeting at Faunte LeRoy Crossing will open the old time week of celebration. Tentatively, the days activities includes a open air old time preaching with a speaker provided by the Ministreal Alliance. The old family style get-together will have old time singing dinner on the ground, box or basket supper and shooting of the anvils. Mrs. Healer explained last week that possibly an auction would be held for the basket supper as in the old

days. The real old time fireworks display will be performed in the grand style of placing two anvils together and filling the slot with black powder and setting it off.

Monday, August 3, 1870-A trades day filled with antiques and items to trade or sale will be held all day Monday, much like the old First Monday activities of this area. Jim Miller has been placed in charge of the antique and historical displays during the week.

Miller has indicated that special activities around the square will include old auto displays and relics of the 1800's.

Tuesday, August 4, 1870-The celebration will include a Water Festival at the new municipal pool. A water show and the Men's First Century Contest will be held. Final details of the Contest have not been completed.

Wednesday, August 5, 1870-Fine Arts displays will be shown and local artist will have items for sale at places around the town. The steering committee placed Mrs. George Painter, Mrs. Roger Miller, and Mrs. Mable Bailey in charge of the Fine Arts activities.

Thursday, August 6, 1870-The celebration will start the day with a parade down Main Street. The parade will feature the Waco Antique Car Club of which D.W. McDonald is a member, a mule team, an oxen team, and floats, Miss First Century and possibly other interesting attractions.

The First 100 Years Pageant will be held on Thursday, Fri-

day and Saturday nights. Mrs. Healer indicated that College Drama Clubs will be asked to put on the story of Gatesville over the last hundred years at the Pageant.

Friday, August 7, 1870- Presently the second night of the colorful Pageant is the only activity scheduled but more activities will be scheduled as weeks go by.

Saturday, August 8, 1870-The Annual Chamber of Commerce Old Fiddlers Contest will be scheduled for Saturday on the Courthouse lawn. The old time music will ring through the

streets all afternoon. Then the final night of the Pageant will be held with the celebration to end with a Street Dance on the courthouse square.

The steering committee Mrs. J.R. Saunders, Jim Miller, Sam Powell, and Katherine Healer, indicated that the tentative schedule is only a guideline with many details still to be completed. All citizens are encouraged to dress in old costumes during the week to help relive the 1870 Summer.

The committee has appealed for suggestions and help in working out final details on the weeks activities.

Scott Stephens sang "Two Little Orphans", to the full house crowd as Paul Stone provided guitar accompaniment. There were many youthful performers which delighted the crowd. The PTA will use the proceeds from the show to buy needed items for the school.

Overflow Crowd Sees P.T.A. Talent Show

An overflow crowd of parents teachers and talent enthusiasts watched as 44 local youths presented their winning talent routines, skits, and songs at the 1970 Parent Teachers association Talent Show Tuesday night.

According to Mrs. Dale White, show official and PTA program chairman, the show was not a talent contest but an all school talent review in which all students were winners. Any student who is selected by the show judges as a performer is a winner, Mrs. White added.

The annual talent review netted \$240 at the door and \$88 at intermission refreshment sales. Proceeds from the event will be used to purchase some needed item or items for the school as a gift from the PTA.

One Gatesvilleite who has attended the talent review for several years termed this year's event as "the biggest crowd I've seen at a PTA talent show." Mrs. White, show official for two years, said the association was surprised at the enthusiastic response to this year's review.

Emcee for the program was Mrs. Dale White. Mrs. Dan Davidson was in charge of the refreshment center. All of the PTA officers were instrumental in either program or refreshment center work, said Mrs. White.

Officers in the education-oriented organization are Mrs. Charles Bruton, president; Mrs. Dan Davidson, 1st vice president and hospitality chairman; Mrs. Dale White, 2nd vice president and program chairman; Mrs. Charles Wilson, 3rd vice president and membership chairman; Mrs. Clifford Worthing, 4th vice president and high school representative;

Mrs. Doyle Blanchard, 5th vice president and junior high representative; Mrs. Don Wolfe, 6th vice president and elementary representative; Mrs. Howard Porter, secretary, Mrs. William F. Floyd treasurer; Mrs. Curtis Harvey publicity chairman; Mrs. James Ried Powell, parliamentarian; Mrs. Raymond Leonard, publications chairman; Mrs. Thomas G. Stewart historian; and Mrs. Cecil Fleetwood, parent and family life education chairman.

Dancers and their numbers included Brian Brown, Winchester Cathedral; Stanley Sims Lee and Lorenzo Ford, Get It From the Bottom; Sheila and Rose Fisher, Stephanie Sims, It's Your Thing; Soul Brothers and Sisters of 1970, Charlene Kelly, Gerald Booker, Shirley Hamilton, Bobby Hamilton, Pam Cobb and Tommy Fowler, I Want You Back; and Al Pearce, Moog and Me.

Vocalists and their selections were Lisa Christmas, I Wanna Be Like You; Kathy Daschofsky On Top of Old Smokey; piano accompaniment by Loreta Daschofsky, Marlene and Carlene Baize and Nancy Darts, He's Got the Whole World in His Hand; piano accompaniment by Mrs. Marvin Baize, Bless America, piano accompaniment by Mrs. Marvin Baize, Scott Stephens, Two Little Orphans, guitar accompaniment by Paul Stone; Drew and Andrea Meeks, Nelly, a comedy skit; Kathy Tull and Nita Collins, What the World Needs Now, piano accompaniment by Philip Williamson; Sheryl Stewart The Impossible Dream; Becky Ezparza, I-O-V-E; Janet Porter and Pat Barnett, Blowin' in the Wind, piano accompaniment by Kathy Porter; Tommy Fowler, I met My Father

see TALENT SHOW page 4

...Pool Filled

The new Municipal Swimming Pool will be completed this week well ahead of the summer swimming crowds. The pool was filled with water last week and diving boards put in place as Lake Air Pools Inc. put on the finishing touches. The pool was fenced temporarily by the City to make the area safe. Contracts and plans for fencing, lighting and bathhouse facilities will be completed within the next two weeks.

see REGISTRATION page 6

Highlights and Sidelights

Vern Sanford

A sharp cut in welfare and medical assistance payments, to be effective April 1, was announced by the State Board of Public Welfare.

Board said the unprecedented increase in assistance rolls, the decrease in federal medical aid funds and the constitutional spending ceiling required an average \$11 a month cut in the Aid to Families with Dependent Children program and a 20 per cent slash in medical.

Board member Louis R. Sarazan of Fort Worth said there is no alternative.

Sarazan and board member W. Kendall Baker of Houston warned that further cuts may be in the offing before the end of the fiscal period next year.

Board ordered the lowering of AFDC payments from 75 per cent to 66 per cent of budget needs. Average AFDC family now draws \$120.37 a month. Reduction would reduce this to \$109.54.

Earliest and loudest protest came from Texas nursing home operators who claimed Medicaid outlay shrinkage would put 95 per cent of them out of business.

Texas Nursing Home Association termed the situation of "crisis" proportions and urged Gov. Preston Smith to take immediate action to summon lawmakers into special session for emergency appropriations.

Texas Medical Association charged the federal government has "promised more than it can deliver" in the health care area and is, in effect, asking providers of services to take a loss.

Land Program Folds--Texas 20-year old veterans land program has folded. Through it more than 41,000 Texas veterans had purchased land under low-interest, long-term pay provisions. It was a victim of high interest rates.

Veterans land board said that since the prime interest rate has been raised to eight and a half per cent, veteran's bonds, with a constitutional four and a half per cent ceiling, simply could not continue to attract investor capital.

More than 1,000 applications on file will be processed, but no more can be accepted until the interest-rate binds eases.

Courts Speak--All insurance company can be required to foot the damage bill for accidents that occur before a policy is actually written--if the contract already had been made without either applicant or company knowing of a loss, or an impending loss--the Supreme Court has held.

Supreme Court told a Dallas trial court that it should not have granted summary judgment against a couple suing General Motors Corporation on a claim that a faulty balljoint unit on a pickup truck caused an accident in which a woman was injured. Trial court held there was no defeat.

In a divided verdict, the High Court held that Austin contractors cannot collect another \$17,000 which all parties agreed is due them over and above the \$864,888 contract for library and science building additions at Southwest Texas State University in San Marcos.

Third Court of Civil Appeals held fast on its January 21 ruling invalidating the Alcoholic Beverage Commission's proposed tough rules for private drinking clubs, including guest card restrictions.

Antiquities Rules--State Antiquities Committee, charged

with regulating those who dig for historic treasures in the state, has set its rules and issued its first permit.

Rules require that any person or group seeking to excavate or salvage an archeological or historical site obtain a permit from the Committee. Supervision by a trained archeologist, recording and publication of results and a scientific manner of working are the major points stressed in the rule.

Committee deleted from its rules a proposal that beachcombers and arrowhead hunters would have to get state permits. They will, however, be required to make reports on their discoveries. Explorers would be required to stop work immediately once a permit is cancelled.

First permit went to the Lower Plains Archeological Society for a salvage project at Big Spring. West Texas State University has agreed to sponsor the project.

College Money---Coordinating Board, Texas College and University System has voted to cut back on requests for increased higher education funds.

Board adopted a four per cent faculty salary increase for the 1972-73 biennium. But this was below the 7.9 per cent increase recommended by the Board's staff and the 8.1 per cent increase requested by the institutions.

Staff asked for \$206.3 million more for state senior colleges over the biennium, apart from salary increases. Board approved \$166.8 million in additional funds.

State Kindergarten--Texas Education Agency has begun working out the details of setting up state-supported kindergarten programs in all Texas public schools. Last Legislature authorized implementation of the program in a stair-step approach over the next seven years, with under privileged children having first chance.

TEA said the major problem is finding 1,500 kindergarten teachers for the 1970-71 school year and 7,000 teachers by 1977-78. They estimate it will cost the state \$10 million the first year to implement the program.

Job Project Launched--New public service careers project seeks to open job opportunities in government to disadvantaged Texans and upgrade skills of state employees.

Governor Smith asked 12 key state agencies to cooperate, emphasizing a mutual policy of non-discrimination regardless of racial backgrounds or sex. U.S. Department of Labor training funds are sought for Texas.

Smith expressed concern that over one fourth of the state's employees are separated from their jobs each year, while the positions remain vacant for months and half a million Texans seek work opportunities. Demos To Meet--State Democratic Executive Committee will meet in San Antonio March 9 to certify names of statewide candidates for the May 2 primary ballot.

Committee will also: Decide the hour and place of the September 15 Democratic state convention, establish a ratio for the number of delegates from each county or senatorial district convention to the state convention, select site and hour for a May 12 SDEC meeting to canvass the first primary results and consider any other business.

Astronaut Neil Armstrong Named Chairman of 1970 Easter Seal Campaign

Astronaut Neil A. Armstrong has been named chairman of the 1970 Easter Seal campaign in Texas.

P.O. Settle, Jr., of Fort Worth president of the Texas Easter Seal Society, said that Armstrong will lead over 20,000 volunteers in the annual appeal for funds.

A spacecraft commander for Apollo IX, July 16-24, 1969, Armstrong 40, holds the distinction of being the first man to walk on the moon.

A 1955 aeronautical engineering graduate of Purdue University, Armstrong was a naval aviator in the Korean Conflict and an aeronautical research pilot, prior to his selection as an astronaut by NASA in September 1962. As command pilot for the Gemini 3 mission in 1966, he performed the first successful docking of two vehicles in space.

"I am deeply honored to take on this responsible role," said Armstrong in accepting the chairmanship. "The Texas Easter Seal Society is a volun-

tary agency which has taken the leadership in providing help for the handicapped in Texas 41 years."

"The needs for rehabilitation," he continued, "are growing rapidly, and I invite the cooperation of all Texans in helping to bring this excellent work to as many crippled children and adults as possible in 1970."

As State Chairman, Armstrong joins with 237 Easter Seal Appeal Chairmen throughout Texas who are participating in the largest funds appeal ever staged by the Texas Easter Seal Society.

Last year 20,591 crippled children and adults in Texas received rehabilitation and other services, rendered by the Texas Society through 20 treatment centers and affiliated Easter Seal chapters, regardless of race, religion economic status, or the cause of crippling.

Armstrong and his wife Janet have two sons, Eric, 12, and Mark 6.

Blanchard Returns To Pearl Harbor With Seventh Fleet

USS KAWISHIWK (FHTNC)-Jan. 26--Navy Chief Petty Officer Ommie N. Blanchard of Gatesville, Texas, has returned to his homeported at Pearl Harbor, Hawaii, after a seven-month tour of duty in the Western Pacific aboard the fleet

oiler USS Kawishiwi. While serving with the Seventh Fleet, the Kawishiwi provided services to various U.S. Naval ships operating in support of Allied operations in Vietnam.

Junior High News

Students Collect Coupons To Aid Brigh's Disease Victim

The students in junior high are collecting Betty Crocker coupons to assist the young people of Lakeview Baptist Church of Waco. These young people are working to help a student at Wayland Baptist College in Plainview sustain the life of a ministerial student at the school.

Larry Parks of Circleville, Ohio is a victim of Bright's

disease and must either have a kidney transplant or use a kidney machine twice a week at \$600 a treatment.

Wayland officials say General Mills has promised a kidney machine if students will gather 600,000 coupons. Anyone having coupons may bring them to the school and we will send them to Waco without collection.

JUNIOR HIGH HIGHLIGHTS

We have had a number of people out with the flu. Donald Prullitt, a sixth grader had surgery on an arm last week at Hillcrest in Waco. Reports were good and he is back in school this week. Mark Henson also a sixth grader will have surgery on a hand at Scott and White the last of the week.

Our principal, Mr. Whittenberg, the girls' P.E. teacher, Mrs. Duncan and Mrs. Woodson, seventh grade science teachers were on the sick list last week.

While Mr. Burton has been out we have had some students from high school helping Mr. Adams with band. Paul Coon has been working with beginner band. Charles Ament, Dennis Fleetwood, and Joe Frye have been working with junior band. They are doing a fine job.

Choir Works On Musical

The seventh and eighth grade choir students are working on a musical titled "No Wedding Bells For Nellie." They have selected the following cast: Nellie, Kathy Porter; Noah, Terry McNeely; Ma, Lynne Drake; Village First, Carliss McNeely; Wiley Fox, Robin Ussery; Brighton Early, Keith Crawford; Willie Wynn, Bryan Foote; Mazie, Roberta Carothers; Gossips, Cathy Barnard, Jeffri Botkin, Robin Norfleet, and Janice Schreder.

The other choir members have bit parts and will be doing much of the hard work behind the scenes.

THE INDIVIDUAL

by John T. Davis

"I pledge allegiance to the flag of the United States of America..." The first phrase of the pledge of Allegiance states that one person devotes his life, his soul, and money to the flag of the United States of America.

New Emphasis On Drivers Licenses

Austi- The Texas Department of Public Safety today announced an intensive, statewide driver licensing emphasis program to be launched immediately on the basis of a study revealing a disproportionate involvement of unlicensed drivers in serious traffic accidents.

Col. Wilson E. Speir, DPS Director said the drive is in conjunction with Governor Preston Smith's coordinated traffic safety program to combat increasing deaths, injuries and economic loss in Texas traffic which cost the state an estimated 3,580 lives, hundreds of thousands of injuries, and upwards of a billion dollars last year.

"Statistical data compiled from reports of motor vehicle accidents occurring on the public streets and highways of Texas during the first six months of 1969 reveal that some 9.6 per cent of the drivers involved in fatal accidents were unlicensed; that 7.6 per cent of the drivers involved in personal injury accidents were unlicensed; and that more than 5.8 per cent of those Texas residents involved in all motor vehicle accidents were not licensed," Speir said.

"In view of the fact that one out of each 17 Texas residents involved in motor vehicle accidents during the period were not licensed, and the higher per centage of fatal and injury collisions in which the unlicensed drivers were involved an increase in enforcement efforts against unlicensed drivers would seem to be justified. It is estimated that there are as many as 400,000 unlicensed drivers in Texas at this time."

The Public Safety Director said the emphasis program will consist of: 1. Urging all drivers in Texas to see that they are properly licensed, 2. An intensive, stepped-up program of enforcement by means of frequent periodic license checks to be made on the road by DPS patrolmen, 3. Development of driver training schools for persons who need more knowledge and skill to qualify for driver licenses, 4. Urging employers in large plants and business establishments to encourage their employees to obtain proper driver licenses, particularly those moving to Texas from other states.

Speir said the DPS will call upon all agencies and organizations concerned with the traffic problem, including municipal and county law enforcement agencies and citizens' groups, to make the statewide licensing drive a concerted effort.

"It is our considered opinion," he said, "that a driver licensing emphasis program will have, in addition to tangible results, the effect of creating among the general driving public an awareness of the critical traffic situation and their involvement in it, as permitted by their qualification to obtain and hold a license granting them the privilege of sharing the streets and highways with their fellow citizens."

Services Held For Mrs. Roxie McDonald

Mrs. Roxie McDonald, 82, passed away February 12, in Coryell Memorial Hospital.

Funeral services were held Saturday February 14 in Scott's Chapel, Reverend Kenneth Patrick officiated. Burial was in Restland Cemetery.

Mrs. McDonald was born January 22, 1888 in Coryell County. She lived in the county all her life. She married W.M. McDonald December 22, 1907.

Survivors include her husband, two sons, W.A. McDonald, of Irving and J.W. McDonald of Gatesville; five daughters, Mrs. Ruby Hart, Gatesville, Miss Lottie McDonald of Gatesville, Mrs. Willie Black of Gustine, Mrs. Alma Watkins of Gatesville and Mrs. Ruth Pettigrew of Dallas, nine grandchildren, one great grandchild, and three brothers, Sam Shultz of Kempner, Pete Shultz of Odesa and James Shultz of Gatesville.

America must work as one single unit, for democracy is based on the people as a group. Nevertheless as in any working component there must be individual parts working to their fullest capacity to keep the unit functioning properly.

Today the average American sits in his big lovely home and in his big soft chair watching 5:30 p.m. news on the big color TV set. As he watches he sees the news caster speak of war, poverty, crime, pollution, over-population, hippies and drugs and governmental strifes. But what does he do?

Does he give of himself to forward peace? Does he work with the starving people on their environment? Does he help discipline our youth and make them law-abiding citizens? Does he try to help stop pollution? Does he try to make conditions favorable for the

massive population that faces us in the 21st century? Does he make himself aware of narcotics and the harm they cause? Does he even run his business fairly to cut down on inflation? Or does he sit there, sigh deeply and gather wrinkles as he worries about balancing his bank account?

It would be probable that the average American citizen would take this second course of action unfortunately. And though he would not suffer the brunt of it now, his lack of interest could make it very easy for his children's children to live under "the hammer and scythe."

It's Census Time For Americans Again

Every 10 years Americans take a good look at themselves to reinforce the platform of facts on which to base plans for the future course of the Nation.

The occasion is the census of population and housing conducted once each decade as required by the Constitution. The 19th in a series stretching back without interruption to 1790 will be taken on April 1.

Responsible for the census is the Bureau of the Census U.S. Department of Commerce. The count will be conducted from 395 temporary Bureau district offices throughout the United States, each of which will cover an area containing approximately 500,000 persons. District offices began opening on January 19, with the entire group scheduled to be in operation by February 9.

The census tells us what we are as a Nation and is a necessary stock-taking. History has shown us to be a practical people, busy in the pursuit of our concerns, and we need a careful look at ourselves at regular intervals. The census will throw light on all the changes that have taken place in recent years.

For the average American, the census will be a simple exercise. The Government asks that he devote a few minutes to answer questions about himself and his housing. The questions will be on printed forms that will be sent by mail to each household.

For 80 percent of the households there will be about 23 questions that require perhaps 15 minutes to answer. Fifteen minutes every 10 years is not a heavy burden. For the other 20 percent of the households there will be an average of 69 questions that will require 45 minutes.

It is impossible to overstate the importance of taking these few minutes to put the facts on record. Crucial decisions affecting every person in the Nation depend upon the accuracy and completeness of the census. To begin with, political power hinges on the census count: Official population figures are used to determine the fair apportionment of seats in the Congress as well as in State and local legislative bodies. Further, Federal funds are distributed locally on the basis of census population figures. Government leaders from the highest Federal authorities to local officials plan and develop programs involving billions of dollars on the basis of the census tells of the characteristics of people and their housing. And the same holds for non-government leaders responsible for the stewardship of our many enterprises.

President Nixon has said of the census: "Even as our population has grown in size over the decades, so the function of the regular census also have expanded. Today, we are interested not only in an accurate counting of heads but also in a better description of our social condition. We know that unless a people can be adequately informed about their present they cannot make intelligent judgments about their future."

For the individual, the census is secret. No individual need fear that he is exposing himself to public view. The answers he gives about himself and his housing are held in strictest confidence. Census employees are forbidden by law from disclosing any fact about a person and would be subject to heavy fine or imprisonment for a violation of the law. In processing, facts about individuals are added in various

ways resulting in statistical totals that depict the state of the Nation.

Change has even affected the mode of taking the 1970 census. This year, the 65 million U.S. households can be their own census takers. Each household will receive a census questionnaire by mail on or about March 28 and will be asked to fill it out as of April 1 according to enclosed instructions. The number of questions asked will be on the average the fewest of any census in the past century.

In most of the large metropolitan areas, people will be asked to mail completed questionnaires back to their census district offices in a brown post-paid envelope provided for the purpose. The envelope and form with all questions answered should be mailed on April 1. These people need not see a census taker unless they return the form incomplete, neglect to return it at all, or ask for assistance.

In the remainder of the Nation, people will be asked to fill out the form on April 1 and hold it until it is picked up by a census taker.

About 185,000 temporary workers will be hired by the Bureau to take the census. Included will be 160,000 census takers (called enumerators); 13,000 workers in the 395 temporary offices and 12,000 crew leaders and other supervisors, including a manager for each district office. Had not the changes in census taking methods been made and successfully proved out in field tests over a period of several years, it is estimated that 220,000 workers would have been needed to take this year's census using the same procedures employed in 1960. The 1960 total population was 180 million compared with an estimated 205 million for 1970. The cost of taking and compiling the 1970 census will be about \$210 million.

Census workers will be employed 4-6 weeks, some longer. The process of hiring and training is underway now and will continue until April. The record that these census takers compile will become part of the fabric of American history. Their job is a challenging one, and the Nation awaits the results with anticipation.

CARD OF THANKS

We wish to express our sincere thanks to the many friends neighbors and relatives who helped in so many ways during the illness and passing of our father and grandfather.

For the food, flowers, cards, telegrams, telephone calls, and comforting words, we are deeply grateful. A special thanks to Dr. Jones, Reverend Derrick and Mrs. Wittie, the Nurses and staff at Riverside Nursing Home for their wonderful care and devoted attention.

Mr. and Mrs. Orba Jackson Mr. and Mrs. Vernon Powell and grandchildren

Food For Thought

Mrs. B. A. Snoddy

"And there were certain Greeks among them that came up to worship at the feast: The same came therefore to Phillip, which was of Bethsaida of Galilee, and desired him saying, 'Sir, we would see Jesus' John 12:20 and 21.

I've had the above scripture on my mind for the last several days.

Basically people are much the same as they have always been— We hear of different things; we wonder how true they are, and ordinarily, we make some effort to find out; Such was the setting of the time, when the Greeks came to see Jesus. They heard about Jesus; they had heard how he had just recently called forth a young man, named Lazarus from the dead, and of the many other miracles which he did, and the Pharisees had done all they could to discredit Jesus influence but still the common people heard him gladly, and all this stirred a concern among the Greeks so they came to Phillip and expressed their desire to see Jesus.

It seems that we are in a time when much shame is being practiced. Synthetics of many kinds giving an appearance as being genuine, wigs, and hair dyes, imitation "add too's" of different kinds, giving an appearance of being something which they aren't.

Personally speaking, I appreciate people for being what they really are. I believe those Greeks came that day to see what Jesus was really like.

The line of thought that I've had this week concerning the above scripture is the fact, that people everywhere want to see a reality in our lives, if we profess to know Christ.

"Sirs, we would see Jesus." We were privileged to hear Mr. Dave Wilkerson, the man who has dedicated his life to work with the teen-agers and try to rescue them from drugs, gangs, and other forms of delinquency. He has established what is known as "Teen Challenge" in many different cities. He told us he had personally talked with many young people

asking them why they chose to live like they did; many said Dad was too busy with his business, and Mom left them alone too much, because of her social activities, and they wanted companionship and found it with other kids on the streets.

Others said: "My parents are just phonies. They are church members, go to church on Sunday but after Sunday is over, they live all but christian lives."

Truly, many precious young people could be saved from such a down fall, if they could see Jesus in their parents and others with whom they are associated.

If we believe in Jesus lets live for him. If we are children of God, lets act like it. If we bear his name, lets not bring reproach on it. If we are a new creature in Christ Jesus, lets not hold on to the old life we once lived.

There is a reality in the new birth. Jesus said "Ye are the light of the world" Matt. 5:14 and verse 13 reads: "Ye are the salt of the earth." I'm sure there are many who are anxious to see Jesus in us. It is much better to see a sermon lived than to hear one preached.

Stephen, a man of great faith and power, of the early church spoke with such wisdom and by the spirit of God until those who rose up against him could not resist his words and even tho he was the first martyr of the new Testament church, he stood true until the end, and as he was being stoned to death, he saw Jesus standing at the right hand of God. The Bible says they saw his face, as if it had been the face of an Angel— Acts 6:15.

How do we measure up? Do we conform to the pattern, as laid down in God's word?

Whose image do people see, when they look at our lives? "And he that taketh not his cross, and followeth after me, is not worthy of me." Matt. 10:38.

Right Before Your Eyes....

Miss Lauralee Hodge And Thomas Ray Wallace Exchange Vows In Del Rio

Miss Lauralee Hodge and Thomas Ray Wallace exchanged nuptial vows Saturday, February 14 at 7 p.m. in the First Presbyterian Church of Del Rio. Reverend Walter C. Guind, former pastor officiated at the double ring ceremony. Rev. Guin was assisted by Reverend Miller Robinson, pastor of the Colonial Hill Baptist Church of Snyder.

The bride is the daughter of Mr. and Mrs. R.W. Hodge of Del Rio. She is the granddaughter of Mrs. B.E. Wilson and the late Mr. Wilson and Mr. and Mrs. W.C. Hodge of Del Rio. The groom is the son of Mrs. C.H. Wallace and the late Mr. Wallace of Gatesville.

The altar held a pedestal containing white gladioli and china mums. Decorated candelabras encompassed the bridal party, forming a background of greenery, white flowers, and white candles. The bride entered down an aisle lined with

slim line candelabras holding burning white tapers.

Mrs. W.G. Schrier of Del Rio played soft organ music preceding the wedding, as well as the traditional wedding marches for the ceremony. Torvill Henriksen of Del Rio sang "The Wedding Prayer" immediately before the ceremony and "The Lord's Prayer" during the ceremony.

The bride chose a gown of candlelight re-embroidered Alencon lace and peau de sole. The molded bodice of Alencon lace featured a regal neckline and elbow sleeves. The lace applied skirt of peau de sole fell from an empire waistline to carpet length. The train fell in gathered fullness from beneath a high lace yoke in the back to chapel length. She wore a mantilla of matching lace which extended past the train and carried a bouquet of candlelight roses.

Miss Merily Hodge of Del Rio was her sister's maid of

honor. Bridesmaids were Mrs. John B. Ross of Del Rio and Mrs. Lewis Sheriff of Dallas, cousin of the bride, Miss Beverly Bloodworth of Bryan and Miss Patty McBride of Philadelphia Penn.

Her attendants were identically attired in dresses of red velvet and candlelight. The dresses were fashioned with

softly gathered candlelight skirts which fell to the floor from a natural waistline. They wore double bows of matching candlelight and carried bouquets of cascading red tulips.

Serving as his brothers best man was Kenneth Wallace of Austin. Groomsman were James L. Powell of Fort McKavett, Mr. Byron W. Hodge of Del Rio, brother of the bride Charles L. Walker of Houston and Hilary B. Doran of Del Rio.

The mother of the bride wore a mint-green ensemble of faldasine with matching accessories. The mother of the groom chose a lovely melon-pink silk dress and matching accessories.

Parents of the bride were hosts for a reception at San Felipe Country Club in Del Rio following the ceremony. The bride's table featured a two-tiered silver and crystal epergne holding white stock roses and tulips. Similar flowers topped the bride's cake. A white organdy cloth covered the table.

The groom's table covered with a white organdy cloth, was centered with a cut-glass footed bowl holding an arrangement of red tulips. Decorating the bridal registry table were red tulips and white china birds on a white organdy cloth.

Following a wedding trip to Mexico City and Cozumel Island, off the Yucatan Peninsula the couple will reside in Lubbock.

The bride is a graduate of the University of Texas at Austin and the University of Texas Law School.

The bridegroom, a graduate of North Texas State University at Denton, is presently the Assistant to the Director of the Textile Research Center at Texas Tech University in Lubbock.

Out of town guests included Mrs. C.H. Wallace of Gatesville, Mr. and Mrs. Kenneth Wallace and Ken of Austin, C.H. Wallace, Jr. of Houston, Mr. and Mrs. Charles Walker of Houston and Rev. and Mrs. Miller Robinson of Snyder.

MRS. THOMAS RAY WALLACE

gatesville at a glance

by sally jund

TALENT, TALENT, EVERYWHERE...If you missed the 1970 Parent-Teacher Association Talent Show Tuesday night, you missed perhaps the best PTA Talent review ever presented on the GHS stage.

The public response to the youth show was overwhelming. The GHS auditorium which seats 500 persons was packed with people standing in the back! And what better reason for such enthusiastic response but Gatesville's children.

The show was filled from opening curtain to closing curtain with some of our city's most talented youngsters ranging from elementary school to high school seniors.

Officials and members of the audience said this year's show was the biggest and best and we agree!

WE'RE ABOUT SOME MOVERS...If you fine people have noticed a blond headed moving lady totting heavy boxes from 1105 and 1108 1/2 Main you are on to the coincidental phenomena of 1970—every branch of the Jones tree has moved or will move during February.

Of course you know that we Junds are moved to Route 1, Gatesville, but did you know that the Johnny Joneses are now located 204 8th Street, Gatesville (they moved from Route 1). The Jan Joneses moved from 2nd Street to 7th Street in Temple. The Joe Kermit Joneses will move to Temple this week and Mat, Jr. will make the shortest move from the "boy's room" to my old room at 1105—that does it—all of us Joneses are movers this month!

I can say one thing more about country living—I've heard sounds I never dreamed were possible!

LINCOLN'S DAY DINNER...But this dinner wasn't in Lincoln's honor but in honor of "psuedo-Yankee" named James Haug. You see, David and I attended a welcome home supper for a dear friend and relative, too!

Present at the dinner in Marlin hosted by mom and dad Jund, were David, myself, Mrs. Jean Holze, Mr. and Mrs. Monroe Haug, Mr. and Mrs. Norman D. Erskine and of course the honoree, James Haug.

James will leave soon for a 6-month stay aboard a Naval vessel for a Mediterranean cruise!

We take off our Lincoln's top-hat to James and wish him a bon voyage.

Local Cadette Scouts

To Attend Conference

Fourteen Cadette Girl Scouts from Gatesville plan to attend a conference Saturday, Feb. 21, when approximately 600 Cadette Scouts from the 13-county Bluebonnet Girl Scout Council will gather at the Connally Tech Campus of the Texas State Technical Institute. The theme of the conference is "Do Your Thing!" The meeting will begin at 10:00 a.m., and following the opening flag ceremony by a Temple Cadette Girl Scout troop, discussion groups will be held on the following subjects: Problems of the Opposite Sex, Moratoriums, Teen-Age Parent Trouble, You and Your Country, Good Grooming, and Wigs and Hairpieces. Leaders of these discussion groups will include the Bell County Juvenile Officer, F.E. Freudenbert of Marlin, and Mrs. Claudine Hanks of Waco. The meeting will conclude with a luncheon which is to be served at the TSTI Student Center, and a teen-age style show will be given through the cooperation of Montgomery Wards, Pennv's, and Goldstein-Migel Company of Waco.

Adults, including Cadette leaders in the Council, who will accompany the girls to the event will be taken on a tour of the Baylor Browning Library and the Carroll Library of the Texas collection. They will rejoin the Cadettes at the Technical Institute Campus for the luncheon and the style show. Mrs. Jack Tompkins of Waco is the Council Cadette coordinator and Mrs. Joe Sheldon is the Council Cadette Advisor. Girls from Gatesville's Cadette troop 424 planning to attend are Leigh Ann Sexton, Jeffriann Botkin, Gail Ashcraft, Debbie and Gayla Price, Michele White, Patty Powers, Judy Wright, Rosemarie Montgomery, Tommie Ruth Shelton, Debbie Shirley, Lana Stovall, Betsy Floyd, and Melissa Brown. Adults accompanying these girls are leaders Mrs. Sue Powers and Mrs. Laura White, and troop committee member Mrs. William F. Floyd.

hang at a uniform level. Along the walls, a chalk line snapped at the desired level lets you attach the borders of the metal grid molding directly to the wall at the elevation you wish.

However, the main runners of the grid which extend out from the walls must also be leveled. So must the metal cross tees between runners. It is easy to make the precise adjustments necessary if you use chain.

ISN'T IT FUN TO VISIT RELATIVES...It was an even brighter week end than forecasted for a Gatesville woman this week-end! I'm speaking of Mrs. Emmitt Stewart of course.

Mrs. Stewart traveled to Austin for a much enjoyed visit with her daughter Penelope Burleson and family.

SPRING CLEANING TIME AGAIN...Anyone who didn't take time to enjoy the warm spring-like weather last week end missed two perfect days for concentrated spring cleaning a few days early—but a stitch in time saves nine you know.

When traveling around Gatesville town I found many a Gatesvilleite busy freshening up their homes while the sunshine and warm breezes lasted. It seemed to be just the weather for beginning their spring yard work, gardening etc.

A few especially entergetic homemakers were closet and garage cleaning.

I have a few hints to the "custodians" who found old baskets or other wicker items. Don't throw them away! Why not restore the articles by first washing them in a pine cleaner solution. Then rinse the old oddities well and air dry them.

Now that the baskets are springtime fresh, they are ready for a lovely floral arrangement of bright spring flowers, or perhaps make a cool delicious-looking fruit display.

Some decorators suggest painting baskets bright cheerful colors for accent pieces in the home, but the scrubbed unpainted natural look is popular, too.

Wouldn't a quaint wicker basket make a darling bread tray or place to keep collector's items?

Old stone crocks, sipping jugs and other pottery items can be re-done for a unique decorative item with a purpose. Of course the size and shape of the crock determines whether it will be a "floral jug" or umbrella caddy. Whatever the function of the crock a good cleaning before any further action is definitely a must.

If you have been snooping around the tool shed or barn, perhaps you have found a nail keg or maybe an old wagon wheel. A nail keg makes a terrific base for a table for the den or that screened porch that could be fixed up. The wagon wheel could be used as a quaint rustic base for next year's Christmas tree!

If you fine these "priceless prizes" think before you throw!

Baylor International

Club Will Hold Open House

The Baylor University International Club will hold an exhibition called International Open House during Saturday and Sunday, February 14-15 from 1:30-5:00 p.m. at the Student Union building at Baylor University. More than twenty nations are participating in displaying the interesting objects and attractive features from their countries.

All students from the entire school system and all people of Coryell County are invited. The display is expected to be educational and entertaining. Admission fee is 25¢ per student.

...TALENT SHOW

One Day, piano accompaniment by Mrs. Fisher.

Piano members were Kim Hollingsworth, March of the Wee Folks; Mary Wicker and Shane Springstun, I'm Little Buttercup; Jan Bridges, Battle Hymn of the Republic; Kim Gossett, By the Blue Lagoon; Suzanne White, Minuet from "Don Juan"; Andy Gomez, Lotus Garden; Jeff Arnold, Waltz in A-Flat by Brahms; Kathy Wise, Blue Boogie; Laura Stephens, Somewhere Over the Rainbow; piano and vocal; Carla Donaldson, Love Theme from Romeo and Juliet; and Howard and Kathy Porter, Up, Up and Away, piano and vocal.

Twirlers and selections included Kari Donaldson, Cotton Fluff; Donna Bartlett, Cotton Candy; Tamela Blanchard, Aquarius; Terri Blanchard, Wall Street Rag; Debbie Shirley, He's My Sunny Boy; and Brenda Buth, King of the Road.

Pantomimes were Preston Tatum, Tiptoe Through the Tulips and Glenn Delano, Guitar-zan.

Two performers were unable to attend. They were Wylanta Taylor and Ellis Fain.

A PTA spokesman publicly thanked Carl Parker, GHS, junior, who was sound technician for the show.

Sigma Rho Presents 1970 Valentine Sweetheart

By Marjorie Marsh

I was on a family visit to England a few weeks ago and took some time off to play "visiting firelady" at the annual Carplex exhibition. That's the English version of our semi-annual home furnishings market in Chicago where all the carpet companies show their new wares to retailers.

My, was I surprised! I think we Americans tend to laugh a little and look down our noses at English carpets. Many of them, with their dark colors and patterns, seem downright old-fashioned and dowdy to us. The kind of thing my grandmother had in her parlor!

But I'm happy to report that our English cousins are right in step. Although most companies don't bring out as many colors in each line as American companies do, the shades are soft and clear. One new broadloom that looks like England's very first shag is aimed at the "country manor" market and all the colors are muted . . .

muted wine, willow, mushroom . . . like the painted woods of French provincial furniture. I spoke to one manufacturer who only makes tufted wool carpets and he told me that his best selling color in every line was white.

Woolmark Carpet of the Year
The facts about white being such a best seller was confirmed by the wool people in England. They give a Woolmark Carpet of the Year award annually and the winner is chosen by 500 English retailers. Yup, last year's prize went to a white carpet and the sales have tripled since the winner was announced! I guess English housewives don't have trouble keeping their wool carpets white.

Hung Ceilings

It's quicker and easier to achieve a level suspended ceiling when you use chains to adjust metal grids and runners to exact uniform heights.

Instead of wire, which must be bent and crimped, use either single jack chain or register chain.

Metal grids and runners that are spaced and flanged to hold lay-in ceiling panels and lighting fixtures make it relatively simple to suspend a new ceiling below the old one.

All the grid runners must

Doris Reynolds Presents Gift To Queen

The Sigma Rho Chapter of Beta Sigma Phi International Sorority presented Barbara Pearce, 1970 Valentine Queen, at the club's annual Valentine dinner held Thursday night.

Members and their husbands dined at the Captain's Table at Morgan's Point on Lake Belton.

Mrs. Pearce is Sigma Rho's candidate in the International Valentine Sweetheart Contest sponsored annually by Beta Sigma Phi. She is a 1958 graduate of Saint Michael's School in Dallas and attended Draughts Business School in Dallas and Durhams Business College of Waco. She furthered her business study through the In-

ternational Accounting Correspondence School.

Barbara and husband Wayne moved to Gatesville in 1963. She is employed as Office Manager at Anchor Plastics Incorporated. She is a member of the First Baptist Church of Gatesville and the Eastern Star. She is an avid bowling enthusiast, competes in both the couples and women's leagues.

As a member of the Beta Sigma Phi, Barbara has served on the ways and means committee and social committee and as chairman of the publicity committee. She has also been recording secretary for two years.

TEXTURED WORMY CHESTNUT prefinished paneling provides effective background for furnishing and accessories in Early American decor. Interesting touches are window bench and prefab fireplace.

Prefinished Panels Make Task Easier

If you're working alone finishing a room addition, choosing a prefinished paneling may make the job easier.

One type that is popular with many home handymen is a 16" x 8' plank, a 1/4" thick plastic-finished hardboard that does not require any finishing. It is highly resistant to heat, moisture and hard wear. An occasional damp-wiping is the only maintenance required.

These planks come in modern colors, woodgrains, and textured finishes and can be used in almost any room of the house. They go up quickly over old walls or solid backing.

Special wallboard adhesive and concealed metal clips are used to secure a strong bond. You can inject an entirely new decorative theme in a room addition. For instance, one do-it-yourselfer created a comfortable Early American decor in his new room. Textured wormy

chestnut paneling established an effective background for the furnishing and accessories.

Detailed instructions are included in each carton of the paneling. Matching moldings are available with the paneling at local building material dealers.

Remember when painting or otherwise finishing stairs that only every other step should be done so that the stairs can continue to be used. When those steps are thoroughly dry, the others can be tackled.

Painting windows will be much easier if you follow this sequence: The mullions or wood around the panes; the horizontal parts of the sash; the vertical parts of the sash; the verticals of the frame; the horizontal parts of the frame; and the sill and sash track.

One out of every four homes being built today has central air conditioning.

About 10 million homes are estimated to have electric dishwashers.

PLASTIC-FINISHED HARDBOARD panels fit in place perfectly because of tongue-and-groove edges. Note how panel being set in place has been pre-cut to fit around a window.

Registration

Parts of the form: DO take your county tax collector to mail it in one piece. DON'T send your application to the Highway Department Motor Vehicle Division in Austin; DO send it to your county tax collector and DO enclose the amount of your registration fee and an extra dollar if ordering by mail. DO send your application before March 1 if ordering by mail; no mail applications will be processed after March 1. If you did not receive a three-part registration form in the mail, or if you have lost it, DO take last year's motor vehicle registration and your car title to your county tax collector's office or branch station. Your vehicle registration will be processed as before and you'll receive a time-saving computerized form next year. Remember, you will save one at your county tax collector's office if you use the computerized form. There is no extra charge if you obtain your license plates in person.

Burglaries

Locations in likely places to be on the look out for the stolen goods. Sheriff Cummings indicated that most of the weapons and watches were returned to Miller last week. "We are still working on the recent burglaries," said Cummings. "Thursday Gene Goins, and I were in Waco working on the cases." The two latin men were jailed on burglary charges with bond set at \$5000 each. Sheriff Cummings was called to investigate a "drinkbox" break in at O'Hair's gas station. Small change estimated at \$5 was taken in the incident. The Sheriff's Copperas Cove office reported a similar break in at a Texaco Station there. Following the burglary early Saturday morning the Sheriff Cummings "short-waved" the information on the stolen rifles, shot guns, pistols and watches to all areas of the state. Sheriff Black in Cameron notified per-

- a material whose natural beauty and great durability have appealed to artists and craftsmen throughout history.

PEACH TREE OWNERS SHOULD SPRAY NOW TO INSURE SUMMER CROP

Peach tree owners need to plan a program of regular spraying to insure a good summer crop, according to Jerral D. Johnson, Extension Plant pathologist at Texas A&M University. The plant specialist says that two diseases can strike blooming peach trees this spring; and improper protection can result in a complete crop failure. Peach leaf curl is a fungal disease that overwinters in the peach buds. As the buds open, the fungus causes a puffy appearance and the leaves have a yellow to reddish color. The disease should hit trees in South Texas within the next two weeks and begin in North Texas about mid-March. Spray treatment now should be either with Bordeaux Mixture or fixed copper in combination with a

dormant oil spray for scale insects. After the leaves open, Johnson says to spray with ferbam at the rate of one and one-half tablespoons per gallon of water. The fixed copper treatment should not be used after leaf opening because of possible burning. Another possible problem is brown rot on the swelling peach bud. The best treatment is spraying with wettable sulfur. Failure to spray results in blossoms that take on a brownish, water-soaked appearance and die. The young terminals of limbs also die back. Johnson says the proper chemicals can be obtained at most local feed stores or nursery centers. He adds that spraying for both diseases should continue at two to three week intervals until harvest.
