

Third Hornet Relays Set For Running

MISS KOPEC

MISS EASLEY

The third annual Hornet Relays are set for this weekend with 33 teams expected to participate in the two day, two division meet.

The track and field meet has attracted central Texas finest teams this year.

The meet will get underway at 2 p.m. Friday March 21 at McKamie Stadium with Coach Jack Moss to be Meet Director.

During the meet the Hornet track team will crown the new Hornet Relay Queen. This year nominees will represent each class with the Queen to be announced Saturday.

Representing the freshman class, Miss Darcy Belf; Sophomore class, Miss Debbie Tippit; Junior class, Miss Cindy Easley; and Senior class, Miss Cindy Kopec.

High School students will vote for their queen by donating one penny for each vote. Students may vote as often as they wish. Money raised in the election will go to the Hornet track fund.

The Hornets will join Marlin, Brownwood, and Taylor in a race for the team trophy along with Athens, San Saba, Rockdale Georgetown, Lampasas, Midway, Copperas Cove, Teague, McGregor, West, Connally, Hamilton, and Marble Falls.

The first division consists of 3A and 2A schools over central Texas. Two weeks ago the Hornets faced most

Chamber Directors Voice Support For School Bond

A unanimous endorsement of the \$500,000 school bond proposal was voted by the Chamber of Commerce Board of Directors at their breakfast meeting Thursday, March 12.

The Directors, retiring and newly elected, voted to support the bond issue which is set for vote Saturday May 16.

School Superintendent, L.C. McKamie was at the morning meeting to answer questions and give the directors an informa-

tion look at education and the future for the Gatesville Independent School District (GISD).

McKamie noted at the outset "The actual net indebtedness will amount to \$350,000 due to \$150,000 in funds already available."

In explaining the bond election McKamie noted "Here is the hard thing to get over to people about the bonds. It will relieve pressure from the first grade through the twelfth grade." He indicated that the

new facilities made possible by a favorable vote on May 16 would create a three grade high school (10, 11, 12 grades); junior high would include grades seven, eight, and nine; Elementary would include grades four, five, and six with kindergarten and the new elementary would have grades one, two and three.

McKamie indicated that funds for the vocational building hopefully was included in the package bond. The vocational building would return all classrooms to the school complex in east Gatesville. Presently the vocational training programs are scattered with some being taught in the old white building on College Street. McKamie told Chamber directors that following passage of the bond issue contract could be let and construction started by September with construction to be completed by the school term of 1971.

The bond market was one question asked McKamie. He said, "We think we have it timed pretty well." Tight money and high interest rates have hurt the bond market in recent months.

A director asked McKamie "What can we do to help?" "Go Vote," he answered.

North Hood Will Host 17000 Army NG's This Summer

Major Texas Army National Guard commanders and staff officers met this week with representatives of 4th U.S. Army and III Corps at Fort Hood to work out final details for support during annual training periods this summer.

A majority of Texas' 17,000 Army National Guardsmen will under go their annual field training period at Fort Hood again this summer. The first 15-day period starts June 7, with the last National Guard unit to complete its training on August 2.

Most units will be involved

in basic unit training programs. First major unit to undergo training this year will be the 72nd Brigade (Mechanized) with Guardsmen from West and North Texas generally making up the brigade. Brig. Gen. D.A. Thompson of Dallas is commanding general of the brigade, which reports to Fort Hood June 7.

The 36th Infantry Brigade, commanded by Brig. Gen. Clarence A. Wilson of Luling will train at the Central Texas Army post from June 28 through July 6

see ARMY NG page 6

UNSUNG HERO—Senior Scout Becky Floyd presents Glenn Whittenberg with a framed certificate of his efforts as Girl Scout 1970 Fund Drive chairman. He was praised for his support and involvement in the local Girl Scout program. Whittenberg and Mrs. Nita Floyd were honored at the annual Dad and Daughter banquet held Thursday night in the elementary school cafeteria. see STORY page 4

RECEIVE CAPS—Members of the Coryell Memorial Hospital School of Vocational Nursing who received their caps were: (left to right) Faye Davis, Carol Dumas, Margerete Conner,

Leah Pender, Ethel Gammael, Mildred Skelton, R.N., Sharon Jeffcoat, Janice Johnson, Rebecca Ware and Margie Krempin.

Capping Ceremony Honors Nine Student Nurses

Nine student nurses of the Coryell Memorial Hospital School of Vocational Nurses received their caps in ceremonies Thursday night at the West Main Street Church of Christ.

Reverend John Harper delivered the invocation and spoke to the class about the dedication which their profession demands.

Following Reverend Harper's remarks, John Gilmer, hospital administrator presented the class.

Prior to the capping ceremony, Reverend Howard Porter spoke kind words about the nurses and their unselfish efforts to aid the suffering.

Registered Nurses Mrs. Mildred Skelton, Mrs. Fay Zeigler and Mrs. Cherry Foote were in charge of the capping ceremony. Mrs. Skelton and Mrs. Foote placed the caps on the student's heads as Mrs. Zeigler lighted a candle for each nurse.

The students, candle in hand, recited the Florence Nightingale prayer.

see NURSES page 5

GSSB Youth Captured In Huntsville

The second State School youth allegedly involved in the recent burglaries and car theft was returned to the school Friday.

The 14 year old youth was captured in Huntsville and returned to Gatesville. No charges could be filed due to the youth's age.

Late Friday authorities in Huntsville notified Sheriff Cummings that the Bill Truss automobile had been located. The car was a total loss and the two youths are prime suspects in the theft near Flat.

The two youths will probably be recommended for the Mountain View School by the Texas Youth Council.

In other action Sheriff Winfred Cummings arrested a man in Temple Thursday morning for theft of two tires and wheels along with some fishing equipment in the Flat community. The man made \$1500 bond late Thursday afternoon.

In this Centennial year for Gatesville many "First" for the City are noted and the airplane pictured above is thought to be the first airplane to land, take off and crash in Gatesville. Maybe the only one?

Mr. J.E. Braziel of 307 North 14th brought the photo post card by the NEWS this week. Braziel can talk with some authority about the incident because he was at the scene that day in 1913.

Braziel recalls the pilot was demonstrating the mechanical aspects of the doubled wing, single engine, modern airplane. In a take off demonstration Braziel and other spectators helped "hold the wings during the take off."

The crash occurred, noted Braziel as the plane took off from near the present Meeks Cafe and flew over the jail. The plane suddenly dipped down beyond the jail and crashed in Dr. Hayens yard.

The pilot did receive some injuries in the crash. A local photographer shot the above picture and within a short time was selling post cards on the square for a nickel each.

James Clifford Stubbs Rites Held in Cransfill Gap Sat.

James Clifford Stubbs, former State School Employee, died March 12 at Hillcrest Hospital in Waco.

Funeral services were held March 14, at 2 p.m. in Olaf Lutheran Church in Cransfill Gap. Reverend Reich officiated assisted by Reverend Kenneth Patrick of the First Baptist Church of Gatesville.

Mr. Stubbs was born September 28, 1902. He was a member of the First Lutheran Church of Gatesville. He married May 12, 1950. He worked 12 1/2 years at the Gatesville State School for Boys before retiring in 1968.

Survivors include his wife, Rachael, four sons, E.T. Stubbs, of Waco, Charles Stubbs of Temple, John Stubbs of Houston, James Stubbs of Gatesville, three daughters Mrs. Estelle Burns of Gatesville Mrs. George Haven of Waco, Mrs. Robert Gohlke of Gatesville, thirteen grandchildren, two brothers, Harvey Stubbs of Jonesboro and G.B. Stubbs of Gatesville, two sisters Mrs. Price Brock of Valley Mills and Mrs. Cecil Hennessey of Fort Worth. Two sons Carroll and Gene preceded him in death.

Damon Chumney is at the halter of his champion heifer in the junior Angus show at the 1970 Houston Livestock Show and Rodeo. The heifer is Pride of Aberdeen 56 of 4M. Shown with the champion (left to right) are: Janet Schmidt, Texas Angus Queen from Mason; Wade Caves, Houston; C.E. Campbell.

EVANT YOUTH HAS CHAMPION ANGUS AT HOUSTON STOCK SHOW

In the Junior Heifer Show, judge Jack Ragsdale, Prospect Kentucky awarded champion honors to Damon Chumney, a 4-H Club member from Evant, Damon's heifer entry was Pride

of Aberdeen 56 of 4M. Damon is the 18 year old son of Mr. and Mrs. Bill Chumney.

Reserve champion heifer was Bartletties B of Four H, a home raised entry of 17 year old Patricia Preslar, Borger.

A 1,080 pound steer named "Sue" shown by a Three River 4-H Club member was named champion of the Angus steer show at the recently concluded Houston Livestock Show and Rodeo. Keith Esse, Campbellton, Texas, exhibited the champion that was raised on the Tom Brothers Ranch in Campbellton. The steer later sold for \$2,25 per pound in the auction of champions and was purchased by Blue Ribbons Packing Company of Houston. Keith is the 13-year old son of Mr. and Mrs. James Esse.

Reserve champion Angus steer was a 1,075-pound heavy-weight entry of 15-year old Rusty Holloway, Merker. The steer was raised on the L.C. Jennings Ranch at Copperas Cove and was purchased by the Schlitz Distributors of Houston for \$1,30 per pound. Rusty is the son of Mr. and Mrs. E.L. Holloway.

Judging the Houston Steer Show was Miles McKee, State University, Manhattan.

In the sire group carcass class, grand champion honors went to three choice grade Charolais-Angus crossbreeds sired by I.I. Fortin 38th, and exhibited by Char-Mar Farm, New Ulm

SENATE OKAYS 18 YEAR-OLD VOTE

The Senate passed, 64 to 12 Friday a voting-rights bill that runs counter to legislation passed by the House and recommended by President Nixon.

It extends for five years key sections of the 1965 Voting Rights Act, designed primarily to prevent discriminatory denial of the franchise to Negroes in the South.

The administration requested and the House approved last December by a five-vote margin a broader bill that would treat all states alike.

The measure passed by the Senate, after two weeks of debate, also would lower the voting age to 18 in all elections after January 1, 1971 and suspend the use of voter literacy

tests in all states.

In addition it requires states to permit persons to register to vote in presidential elections up to 30 days before the election. And persons who moved to a state too late to qualify would be permitted to vote by absentee ballot or in person in the state where they formerly resided.

The main issue in the Senate was whether to substitute for the House-passed administration bill a measure to extend the 1965 act keeping Southern states subject to the key provisions of the 1965 Act.

The substitute, offered by Republican leader Hugh Scott see 18 YEAR OLDS page 6

Obituaries

Former Turnersville Resident Dies

Mrs. Dollie Jones, former Turnersville resident, died March 11, in Corpus Christi where she resided.

Funeral services were held March 13, at 10:00 a.m. in Scott's Chapel with Dr. Elmore officiating. Burial was in Turnersville Cemetery.

Mrs. Jones was born September 12, 1886 in Tennessee. She came to Coryell County as a child living in the Turnersville Community. She lived in West Texas, the Valley and Austin before moving to Corpus Christi. She was a member of the First Baptist Church in Corpus.

Survivors include three sons, J.T. Jones of Bovina, Ralph Jones of Sanford, Dan Jones of Bentonville, Arkansas; two daughters, Mrs. Merle De Ville of Corpus, and Mrs. Margie Skinner of Austin, seven grandchildren, three great grandchildren and one sister Mrs. Leona Hays of New Orleans.

Rubarth Burial In Masonic Cemetery

R. Lee Rubarth, retired construction worker, died March 12, at his home in Morgan.

Funeral services were held March 14, at 4:30 p.m. in Scott's Chapel with Reverend Kenneth Patrick officiating.

Burial was in the Masonic Cemetery.

Rubarth was born February 20, 1892 in Coryell County. He lived here until 1926. June 17, 1926 he married the former Alma Netherton. He was a member of Polytec United Methodist Church. He resided near Whitney Lake the past three years.

Survivors include one son David Rubarth of Houston, one daughter, Mrs. Charles Rudelle of Conally, Lancaster California; nine grandchildren, three great grandchildren, one brother Frank Rubarth of Austin, four sisters, Mrs. Evelyn Potts Mrs. Mary Forrest, and Mrs. Bessie Herzer all of Gatesville and Mrs. Lenola Snyder of Pomona, Missouri.

1970 Census Leaders Appointed Robert C. Ford Announces

Appointment of crew leaders for the 1970 Census of Population and Housing in this area was announced today by Manager Robert C. Ford of the Census Bureau's temporary census office in Waco, Texas. Each crew leader will supervise 15 to 20 enumerators in the big nationwide census that begins April 1. Crew leader training is now under way. Topics being covered in the training sessions include procedures for recruiting census enumerators, training canvassing methods, preparation and submission of reports, and supervision of enumerators to insure a complete and accurate count.

Names and addresses of crew leaders follow:

DRIVE FRIENDLY—Governor Preston Smith and A. Rossammel, Traffic Safety Administrator, have issued an appeal to Texas motorists to "Drive Friendly." Dashboard, window and bumper stickers bearing "Drive Friendly" are being used on most state vehicles, driver education cars and school buses.

Governor Goes All Out For Safe Driving

Governor Preston Smith is continuing an all out effort on traffic safety with use of "Drive friendly" to make an impact on Texas drivers. "Drive friendly" was officially introduced by the Governor today in Austin.

The other driver. It's not worth dying over. Keeping your vehicle in good operating condition. Not driving when in an unfit condition—Particularly while drinking.

"I am deeply concerned over the ever increasing trend of death, injury and economic losses on our streets and highways from traffic crashes and I intend to apply all the influences and prestige of the Governor's office to do something about it," he said in Austin today.

"I strongly urge all news media, private employers, local governments, civic clubs, women's groups and all other community organizations to get behind "Drive Friendly" and I appeal to all law enforcement agencies and traffic courts to be as strict and firm as the law allows to convince errant drivers that "Drive Friendly" has a real meaning.

"Texas now, for the first time, has a coordinated traffic safety program aimed at one target—the citizens of this State who operate motor vehicles. His program has but one objective—to keep Texans from killing and maiming themselves and each other at a rate which tatters the imagination," he continued.

"If "Drive Friendly" is seen and heard enough around this state, I believe an impact can be made and these needless tragedies will not strike the homes and citizens of Texas in such appalling proportions," the Governor concluded.

"1969 witnessed an all time high of over 3,500 dead citizens, 50,000 injured at a cost approaching one billion dollars. The most distressing part of this is the tragedy and heart-rending which resulted, but an equally disturbing aspect of this record is the fact that nearly all of these cases involved drinking drivers.

Over 400,000 "Drive Friendly" dashboard, window and bumper stickers are already in use in Texas. They are used on state vehicles, driver education cars and school buses. Business firms are using them on company vehicles, billing statements, insurance policies, new car papers and under letter signatures.

"I am convinced Texas citizens can do something about this, because I have utmost faith in the people of this State. I am appealing to every motorist to follow what "Drive friendly" means. "Drive Friendly" simply means: operating your vehicle as a responsible citizen, obeying all traffic laws, respecting state and local police officers who patrol streets and highways for our benefit, being generous with your right way. If in doubt, give it to

Governor Smith Commends Jaycees

REHABILITATION—Gov. Smith gave Texas Jaycees a certificate of commendation for their efforts to re-open a rehabilitation hospital at Gonzales. The group is conducting a statewide drive to raise \$50,000 for the hospital, to help match a \$140,000 Federal grant. When completed it will be able to treat 300 patients a year, doubling the state's facilities for rehabilitation work.

Highlights and Sidelights Vern Sanford

Local school districts will contribute \$217.2 million toward financing Texas' basic foundation education program in 1970-71.

State Board of Education settled on this figure in approving local fund assignments of approximately 20 per cent of the total program cost. State pays the rest.

Sixty-first Legislature set local fund assignment at \$204.9 million, plus 20 per cent of the cost of new programs.

Board approved the economic index for each of 254 counties, determining the contribution to be made by districts as a fair share of costs. Each district is further assigned an amount based on the percentage of tax valuations. Tentative indexes have been mailed to district and county superintendents.

Economic index is recomputed each year, based on three-year averages of valuations, scholastic population and income.

In other action, the board reversed the Taylor County School Board order to transfer 73.9 acres of land and 10 pupils from Wylie to the Abilene School districts, on grounds that local trustees made the original decision in a secret meeting, which is not legal under Texas laws.

Approved for readdoption \$3,076,149 worth of textbooks in 36 subjects covering all grades.

Awarded a \$150,000 contract to Texas A&M University to train driver education teachers and teaching assistants in two summer short courses.

Heard a report that there is no significant disadvantages for driver education students from use of non-degree teaching assistants in driving courses.

Voted to continue the School for the Blind project to develop a perceptual training program for visually-handicapped children into 1971 under a new \$69,041 contract with the U.S. Office of Education.

COURTS SPEAK—In a precedent-setting case, State Supreme Court held that mineral rights are dominant over surface rights in lands condemned by government agencies.

Owners have a right to reasonable use of the surface to get minerals under such lands, says the Court, and where public use interferes with recovery of minerals, a second condemnation proceeding is necessary. Case involved 7.6 acres of land condemned by Chambers-Liberty Counties Navigation district.

High court also agreed to hear arguments April 1 as to whether a house owned by the San Antonio Methodist Church should be exempt from property taxation. House is used as a residence for the church's district supervisor. Fourth Court of Civil Appeals earlier reversed a local district court which contended the house is exempt.

Abilene appeal from judgment of \$29,545 favoring a landowner whose 35 acres were condemned for a city airport was rejected by the Supreme Court.

Local Girl Scouts Fete Dads At Annual Banquet

Miss Kinsey - Danny Parr To Wed In May

MISS KINSEY

The engagement and approaching marriage of Miss Eleanor Patricia Kinsey to Daniel Eugene Parr has been announced by her parents, Mr. and Mrs. Melvin E. Kinsey. He is the son of Mr. and Mrs. Floyd Parr of Purmeila. The wedding is planned for May 29 in the First United Methodist Church. Miss Kinsey is a graduate of Lampasas High School where she was FHA Chapter president, a member of XFX, Sub-Junior Pierian Club, National Honor Society, and the yearbook staff. The bride-elect is a freshman student in Central Texas College.

A graduate of Evant High School, the future groom was Mr. EHS, high point boy in the senior class, served as president of the Student Council, was a member of the FFA, and captain of the football team. He is attending Central Texas College as a sophomore student.

brought a box lunch for her dad and herself in decorated boxes. Highlighting the program was the presentation of two framed certificates to two "unsung heroes of the Gatesville girl scouts."

Glen Whittenberg was cited for his entergetic work in the Girl Scout 1970 fund drive held last fall.

Mrs. Nita Floyd received a certificate of appreciation for her continued support of scout groups for seven years. Mrs. Floyd was cookie sales chairman for four years.

Each troop of Brownies, Junior Scouts and Cadettes presented short skits or songs for banquet entertainment. Senior Scouts served as hostesses in charge of the program and announcers for all of the troops skits and songs.

Gatesville Girl Scouts honored their fathers Thursday night at the group's annual Dad and Daughter banquet held in the elementary school cafeteria.

The invocation was a girl scout blessing sung by all to open the festivities. Each girl

Whittenberg and Mrs. Floyd Honored

UNsung HEROINE—Mrs. Nita Floyd happily receives a framed certificate of appreciation from daughter and senior scout Becky Floyd.

Mrs. Floyd has given numerous hours of her time to helping with local girl scout troops for seven years. She was instrumental to the success of the Girl Scout Cookie Sales for four years as sale chairman.

SPRING IS BURSTING OUT ALL OVER...If you take a drive down any of our county highways, farm roads or take off on unimproved roads you can bet you'll see that spring is bursting out all over!

The hillsides and meadows are taking on the two-tone colors of early spring—brown remnants of a long cold winter and green promises of those mild days of springtime in central Texas. When looking out the window Saturday morning the dewy dawn was really something to see and the pleasant day that followed made this writer want no more cold spells just more days like Saturday and Sunday!

The mild days are on their way to us so don't waste the beauty of the fruit trees in bloom with their perfumed fragrance. Just watch out for those buzzing little bees—they have "noses" too!

'WEASIN' OF THE GREEN'...All of you O'Learys, O'Haras, Blyths, Murphies and McCormicks get ready to celebrate the day of days for the Irish—Saint Patrick's Day! Tuesday Irishmen all over the world will celebrate the day by wearing green, holding masses in the Saint's honor and being proud of their Irish heritage.

Saint Patrick's Day was not the date of the birth of Ireland's patron saint but the date of his death, March 17, 493. According to authorities, St. Patrick was born in 387 A.D., not in Ireland but in Scotland! St. Patrick named Maewyn, was captured by Irish marauders and sold as a slave at the age of 16. He spent six years a swineherd for a Druid chief, during which time the lad learned the Celtic language and became familiar with Irish ways. This early exposure to Irishmen and Ireland gave rise to his desire to convert the people from their pagan ways.

The legend tells that St. Patrick saw a vision one day and was commanded to board a ship and go to Scotland. He later studied at the monastery of St. Martin at Tours, France. After 18 years on the continent he became a priest and later a bishop.

In 431 the Pope named him Patricius and assigned him to an Irish mission. He met great opposition from the Druid priests who tried in every way to kill him.

Several times St. Patrick and his followers were captured by Druids but miraculously escaped death. The shamrock is connected to St. Patrick by his use of the three leaved white clover as an example of the Trinity. In 433, after he was almost stoned to death, he begged the pagans to hear him. He told them that the three leaves of the shamrock represented the three numbers of Trinity, that the stem was symbolic of the Godhead, and of the Three-in-One. It was reported that St. Patrick said, "Is it not as possible for the Father, Son and Holy Ghost as for these leaves to grow upon a single stalk?" Thus he convinced the people of the truth.

Legends are so numerous about the Irish hero that it is difficult to distinguish between truth and legend. He is usually remembered for driving the snakes out of Ireland.

Until his death, the saint visited and watched over his churches. He became ill at Sabbath and received sacrament from his disciple, St. Tassach, before his death on March 17, 493. So don't forget to wear the green of the Irish Tuesday and blyme, think about the meaning o' the Shamrock.

SOUNDS LIKE FUN...If you are a senior citizen, don't miss the Senior Citizen's Club song fest slated for Thursday at 2 p.m. in the Civic Room of the National Bank.

The fest is open to any senior citizen who is interested in having a good time with fellow citizens. Special guest will be Reverend Roland McLean who will lead the singing and sing a solo or two. The program will include lots of old favorite hymns and timeless tunes of yesteryears, so don't miss the fun!

CHICKEN COOKER, WILD HORSE RIDER...Have you ever been really embarrassed? The feeling came over me last week when I was riding Decem 6 around the "Pounded Rosa". Everything was lovely that springtime day and Decem was easy to handle.

I rode her to a tank just off Texas Highway 36 which was buzzing with 5:30 p.m. traffic. Deciding to let my horse have a drink I rode her into the tank a bit. As I sat atop the "noble steed," I thought what a good rider I was. This thought was soon blanked as I found myself atop my horse "squatting" down in the pond—saddle, rider and all! About that time as legs and arms were flying in the air in an attempt to get my then "not so noble steed" off of her tummy, I noticed that passer-byers had noticed too! It was one of those choice moments when you really want to crawl under a rock!

PICTURE 375 PITCHERS AND SAY IT, TOO!...In case you think the preceding is a tongue twister—well you're half right. Can you picture 375 pitchers? If you stop by the lovely farm home of Mrs. E.J. Pierce north of Gatesville at what once was the Pancake community, you'll see for yourself—375 pitchers.

They range in size from one fourth inch to about nine inches in height, from glass to brass and from ornate to plain. The huge collection is displayed in a large corner shelving and in a unique wall cabinet with a special shelf for the favorite family clock, an antique chiming clock a half century old. Surrounding the clock and jamed into the other shelves are pitchers, pitchers, and more pitchers. According to Mrs. Pierce, the 375-plus pitchers have been gifts from friends and relatives or just accumulated through years of traveling with one eye out for pitchers.

She notes her first set of dishes as the beginning of her love for pitchers. The dishes are a tea set given to her on her seventh Christmas. Still in tact, and in the same box the tea set has a special place in her collection and in her heart. Her actual collection began in the late 1930's and she claims that no two pitchers aquired since that time are alike!

Her most bulky pitcher was given to her in 1948 when she was hospitalized. Her smallest pitcher, the tiniest size in the world, holds a single drop! Wanda Williams, now of Wichita Falls sent her the lemon seed sized pitcher from Mississippi about 30 years ago. Through the years, the collector has added a three drop, four drop, five drop and seven drop pitcher to the timble-size section of her massive pitcher display. The three drop pitcher was also given by Mrs. Williams who bought it in Wichita Falls. The five drop metal pitcher was a gift from Mrs. B.F. Young of Gatesville.

Some of the most interesting pitchers were the ones on the two shelves designated animals and faces. Among the animals in Mrs. Pierce's "pitcheresque" collection are a skunk, a goat, a dog, a horse, a pig, a bird and a cow each with a spout out its mouth. Some of the animal's tails serve as clever pitcher handles.

One particularly unique human figure was that of a Revolutionary soldier at a stiff attention. The three-cornered hat atop the gent's head was a pouring spout for liquids. In the same fashion, a king and queen like pair pitchers had pointed hats atop their regal heads to form their spouts.

Mrs. Pierce had only one left handed pitcher in her collection and said the left handed pitcher was a rare occurrence.

Pitchers are not her only hobby. Mrs. Pierce quilts beautifully and has one quilt that brings in the tiny sized as in the one-drop pitcher. One quilt has 14,864 tiny pieces in it—and it is Hand-stitched! The work is actually a quilt-bedsread but involves the same meticulous stitching as a quilt. The piece measures 94 inches by 85 inches.

Mrs. Pierce talked of other quilts made for members of the family friends and for just plain fun. Many of the stories of pitchers and quilts had to be missed because of lack of time—at any rate Mrs. Pierce was a lovely hostess and displays one of the most picturesque collections I've seen!

HANDFULL OF PITCHERS—Mrs. Pierce holds five pitchers in her hand—ranging from 1-7 drop capacities. The tiniest pitcher (in the left foreground) is almost invisible to the camera's eye. The midget pitcher is mounted on a piece of cardboard to avoid loss. To the right of the 1-drop pitcher is a 3-drop pitcher. In the back row (left to right) are a 7-drop, 5 drop and a 4 drop pitcher.

FOURTEEN THOUSAND SQUARES—The quilt which Mrs. Pierce displays is made of 14,864 tiny blocks of varied materials. Mrs. Pierce said the squares are handstitched and measure one half inch per side. The elegant piece took several months of work for the talented seamstress, but according to Mrs. Pierce it was "worth every minute."

Third Graders View The Eclipse

Future Citizens Tell It Like It Is

SCOTT STEPHENS

... not green cheese

"It was interesting to young scientists. It took great instruments. The animals in the zoo were supposed to get together in fright. When I was little I thought the moon was made of green cheese. But I was wrong. I liked the corona the best of all. How about you?"

MARK DAVIS

... "hope you'll watch it"

"The Eclipse was the most exciting thing that every happen to me the blackout of the sun. The corona of the sun was pretties part about it. The next Eclipse will be in 2024. I hope you will watch it."

Mrs. Hollingsworth

Hosts Xi Iota Club

Members of the Xi Iota Epsilon chapter of Beta Sigma Phi "traveled" through the wilds of North Africa February 26, as Linda Graham presented a talk, "North Africa" and "Bantu Africa."

Final plans and progress reports on Little Mister and Miss personality contest were discussed at the meeting in the Guaranty Bank Community Room. The tot contest officials turned in all the entries for the Saturday night competition.

Hostess at the meeting was Ella Hollingsworth. Refreshments were served around a large table where discussion of Africa continued and centered around witchcraft which is still being practiced in Africa and spreading into the United States.

March 7, a phenomenon occurred that has not been witnessed in this century and will not be witnessed again by the people of this continent until 2024. All eyes were on the skies in the eastern United States and Mexico to view the spectacular event. In the Coryell County area, however, most eyes were glued to television sets because of the cloud cover that gloomy Saturday.

As in most big events in the history of modern man, people talked the happening over and expressed opinions on what happened and what it meant to mankind. Through the ages scientists study, digest the facts and form opinions on the phenomena that occurs. Gatesville had its own "little scientists" that Saturday afternoon watching the eclipse, digesting the facts and here they express their opinions on the subject as only a bright, alert perceptive youngster can!

These six third graders expressed varied opinions about the eclipse and its value to mankind.

The students are only a few who told vivid, fresh, and to-the-point reactions.

Our "little scientists" are Scott Stephens, Mark Davis, Marshall Henson, Joe Brookshire, Bobby Jones and Suzanne White.

MARSHALL HENSON

... play by play

"The moon started to move over toward the sun about 10:20. The sun began to darken in about 10 minutes. Then in about 15 or 20 minutes it got a little bit darker. Then in another 5 or 6 minutes the sun was nearly blacked out but it wasn't. Then in about 20 minutes it was about over."

JOE BROOKSHIRE

... darker at times

I thought it was darker than some of the other times. But it was cloudy and raining. And I could not tell if it was the clouds are if it was the eclipse. The reason that the eclipse gets dark is because the moon goes in front of the sun. And some parts of the earth sun and some parts of the earth is blacked out.

BOBBY JONES

... compares to Mayflower

"When you compare the eclipse with the founding of the mayflower I would pick the eclipse because you have a great deal more to learn about eclipse than the mayflower. The eclipse is something that happens once in a lifetime. We learn things about the sea, we learn things about the stars. But we learn most about the eclipse.

SUZANNE WHITE

... rooster stood stiff

The eclipse was a wonder it will not happen again until 2024. There was fright in Mexico from the sight of the eclipse. Different people from different lands were frightened from the sight too. The Chinese thought that a dragon was closing up on the moon. The Eskimo people thought the sun was floating on a river on an iceberg. Many scientists went different places to see what the people thought of the sight. In one place, a boy had a pet rooster. A scientist asked him what his rooster did. He said, "What did he do? Did he crow roost, scream?" The boy said, "Well when it was beginning to get dark he stood stiff." So that's the story of the eclipse. Do not look directly into the sun. It will hurt your eyes.

CARD OF THANKS

I want to take this time to express my sincere thanks to all the friends and neighbors who extended kindness to me during my illness.

I want to especially thank Dr. Massey of M.D. Anderson Hospital and Dr. Brown and the nurses of this hospital. May God bless each of you.

Mrs. Jim Martin

Xi Iota Epsilon

Elects 1970-71 Officers

Xi Iota Epsilon chapter of Beta Sigma Phi elected club officers for 1970-71 at their Thursday night meeting.

Named as new club president was Mary Jo Arnold who will take the gavel at installation ceremonies in May. Other officers include: Joyce Arnold, vice president; Inez Arnold, recording secretary; Carol Brim, corresponding secretary; Billie Voss, treasurer; Barbara Brown, civil

...Nurses

gale Pledge climaxing the ceremony. Reverend Harper delivered the benediction.

The capping represents six months of student vocational nurses. This week Dr. O.W. Lowrey will administer their medical tests. And upon passing the examination, the students will be general vocational nurses, LVN. The class will be tested by the state in October and upon passing the test will become licensed vocational nurses, LVN.

Following the ceremony a reception was held in the fellowship hall of the church. Cake and punch were served to 100 relatives, friends and fellow nurses.

defense chairman and Joy Cummings, extension officer.

The group enjoyed a "tour" through "Southern South America" as told by Xi Iota Inez Arnold. Helping with the program were "Senoritas Lola and Margarita", Billie Voss and Carol Brim.

Reports were presented on the success of the tot contest by all committees. Plans were made to send two delegates to the state convention in Houston in June.

A social hour with Catherine Healer as hostess followed the business meeting.

Pack 272 To Enter Fort Hood Exposition

Pack 272, Cub Scouts of Gatesville will enter the scout fair at Ft. Hood on March 21st. Many other packs and troops of boy scouts will enter too. This fair is held once a year so the boys can show their skills. Each of our dens will perform in the booth for one and one half hour each with Den number 4 starting at 2 p.m. till 3:30 p.m. Under the leadership of Mrs. Carla Christian these boys will do Indian Sign Language and make rope on a homemade rope making machine.

Mrs. Margaret Wright of Den 2 will have whittling (knife care) and also deaf sign language. These boys have been invited to perform on the stage at 3, 5 and 8 p.m. They will sign "God Bless America" in deaf language and the State School for boys choir will provide the voice for it. They will have the booth from 3:30 to 5 p.m. From 5 to 6:30 p.m. Den number 1 with Mrs. Betty Cummings will have music and handicraft. These boys are making their own musical instruments to play when they sing cub scout songs.

Dennis Cummings our Webelos Den leader will have leather craft. These boys are 10 to 11 year olds.

Ribbons are to be awarded for the best booth. There will be 1st, 2nd and 3rd places.

Pack 272 boys are selling tickets to this fair. Thirty per cent of the money is to be kept in Gatesville. Part will be used for fair expenses. The rest will go to be used for scout work in the Leon Valley district. We need Gatesville support. Tickets are 50¢ each.

Hornet Invitational Attracts Largest Field Ever

The Gatesville Hornet Invitational Golf Tournament has attracted the largest field ever this year with fifteen teams scheduled to begin play Saturday at 8:30 a.m.

The 15 teams, mostly 3A and 4A, will begin the one day 18 hole tournament with a shotgun start in pairings of four players.

...18 Year Olds

of Pennsylvania and Sen. Philip A. Hart-D-Michigan, was approved by a 51-22 vote just before final action on the amended legislation.

Since passage of the 1965 act, nearly a million Southern Negroes have been registered as voters. Supporters of the act have called it the most effective civil rights legislation in the nation's history.

Senate opposition to the House passed administration bill centered only secondarily on its nationwide application of the ban on literacy tests.

Of more concern to civil rights advocates was the elimination of a requirement that the states covered get prior approval from the attorney general of any changes in election laws.

The Nixon bill would substitute for this provision authority for the attorney general to bring court action against changes which he felt were discriminatory.

Civil rights forces argued that this would open the way for many new bars to registration of Negroes.

The Senate bill now goes to the House, which could accept it or direct the appointment of conferees to try to work out a compromise.

House Democratic leader, Carl Albert of Oklahoma, questioned at a news conference said personally he supports the Senate proposal to permit 18-year olds to vote.

Rep. John Brademas, D-Ind., added "I hope the House takes the Senate bill."

Rep. Lloyd Meeds, D-Wash., who said he long has backed lowering the voting age, said "I hope it is constitutional."

Meeds referred to the Senate effort to make the change by statute rather than by a separate constitutional amendment.

Teams signing up to play include Waco High, Athens, Mart, Marlin, Killeen, Belton, Rockdale, Richfield, Robinson, Copperas Cove, Temple, Mexia, Crockett High (Austin) Stephenville, and the host Hornets.

Trophies will be awarded to the top three teams and individual awards will be given to medalist, second and thirds.

The Medal play tournament will be in five men teams with the best four scores to count toward team totals.

The Hornets will face three of the District 13AAA teams and possibly the tournament will be a preview of Hornet district chances.

... Hornet Relays

of these teams at the Cotton Boll Relays in Taylor and walked away with third place behind Marlin and Belton.

The winning teams and runner up in each division will receive trophies. All winning relay team will receive trophies and medals will be awarded to the first three finishers in each event.

In division II spectators will see some of this areas top Class B and A athletes but none of the three Coryell County small schools. The Gatesville B team track squad will run in this category reports Coach Moss.

The second division will include Troy, Rosebud, Leander, Rogers, Lometa, Mart, Valley Mills, China Springs, Hico, Goldthwaite, Whitney, Crawford Clifton and Bruceville-Eddy.

The second division will include Troy, Rosebud, Leander, Rogers, Lometa, Mart, Valley Mills, China Springs, Hico, Goldthwaite, Whitney, Crawford Clifton and Bruceville-Eddy.

... Army NG

12. The brigade units generally are located in South Texas and the Rio Grande Valley areas.

Texas' paratroopers, members of the 71st Airborne Brigade, will be at North Fort Hood from July 19 through Aug. 2. Brig. Gen. Thomas D. Blackwell of Austin, commands the brigade which draws personnel primarily from East and Southeast Texas.

Non-brigade units of the Texas Army National Guard will be training with the three brigades throughout the summer.

Making the longest trip for training this year will be the 21st Engineer Dredge Detachment of Fort Neches. The small detachment will train with the St. Louis Engineer District at the Missouri city, May 30-June 13.

Austin's 736th Heavy Equipment Maintenance Company is slated to undergo basic unit training at the Red River Army Depot, Texarkana, July 19th through Aug. 2.

The 1249th Transportation Company (Aircraft Maintenance) of Camp Mabry will undergo annual field training at the U.S. Army Aeronautical Depot Maintenance Center, Corpus Christi, from June 14 to June 28.

Maj. Gen. Selden Simpson of Amarillo, Commander of State Headquarters Command Augmentation Section, and Brig. Gen. Carl F. Schupp, II, Assistant Adjutant General (Army) headed up the National Guard delegation to this week's pre-camp conference.

For Coryell County Farmers since 1905

Service

Farmers Mutual Fire Ass'n.

Vern Perryman- Pres.
Office in Pollard & Sellers Barber Shop- Ph. 865-2816

ACCORDING TO THE TEXAS EDUCATION AGENCY, THE FOLLOWING IS THE ANNUAL BUDGET FOR THE OFFICE OF COUNTY SUPERINTENDENT IN CORYELL COUNTY:

SALARY OF COUNTY SUPERINTENDENT.....	\$13,428.00
TRAVEL ALLOWANCE.....	\$1,080.00
ASSISTANT.....	\$4,500.00
SECOND ASSISTANT.....	\$2,700.00
SUPPLIES.....	\$450.00
COUNTY BOARD.....	\$360.00
TOTAL	\$22,518.00

THE ABOVE EXPENSES ARE FROM PUBLIC FUNDS, REGARDLESS OF WHICH POCKET IT COMES FROM. WE ONLY HAVE SIX SCHOOLS IN OUR COUNTY. ALL OF THESE HAVE A FULL TIME SUPERINTENDENT, EXCEPT ONE. 108 OF OUR TEXAS COUNTIES HAVE CLOSED THIS OFFICE, OR TURNED THE REMAINING DUTIES OVER TO THE COUNTY JUDGE. MANY OF OUR CORYELL COUNTY CITIZENS BELIEVE WE SHOULD DO LIKEWISE.

Morris Bell

CANDIDATE FOR COUNTY SUPERINTENDENT
