

Reeve Awarded Fellowship In Geology

Scott Reeve, son of Mr. and Mrs. Charles Reeve of Gatesville received a National Science Foundation Graduate Fellowship for a year of predoctoral study in geology. The National Science Foundation, an agency of the federal government, selects Graduate Fellows from nation-wide competition among students of the humanities and sciences. The stipend grants the student \$2400 plus \$500 for each dependent

REEVE

and the institution of his studies receives \$2500 to cover tuition and fees.

In March 1969 he was one of twelve undergraduates in the College of Arts and Sciences of UT at Austin elected to membership in Phi Kappa Phi, national interdisciplinary honor society.

He is also an elected member of Phi Eta Sigma, national honor fraternity for freshmen, and Sigma Gamma Epsilon, national earth sciences honor society.

A member of Alpha Phi Omega, national service fraternity, he received from the UT chapter a Pledge Service Award plaque for giving the most voluntary service in the spring semester of 1968.

For the past three years he has held the Pan American Undergraduate Scholarship, awarded him by the Department of Geological Sciences at Texas and financed by Pan American Petroleum Company's support of the Geology Foundation.

May 31, Scott expects to receive from UT at Austin the B.A. degree with a mathematics major and the B.S. in Geology degree.

Barbara Patterson, pictured above, bursted the tape in the 60 yard dash Prelims at the Hornette Relays Thursday. Running alongside Miss Patterson is Debbie Sims, Freshman sprinter.

U.S. Department of Commerce
BUREAU OF THE CENSUS

CENSUS ENUMERATOR

Official Credential
EXPIRES JUNE 30, 1970

U.S. DEPARTMENT OF COMMERCE
BUREAU OF THE CENSUS
Washington, D.C. 20233

This is to certify that the holder of this card, whose signature appears hereon, is authorized to perform the duties of a Census Enumerator and as such, has sworn to uphold the confidential nature of census data.

DIRECTOR
Bureau of the Census

April 1 the Federal Census will be taken all over the Nation. Census takers will be wearing an identification card in red white and blue like the one pictured above. On the back side of the ID card each census taker will display his signature and certifies that he is authorized to perform census duties.

Persons pretending to be census takers without proper identification should be reported to the police or to the census district office at 1209 Washington in Waco, (817-752-9245).

Census takers in Coryell County will supply census forms and help explain information asked for on the forms.

Hornettes Take Third At Hornette Relays

Ennis took first place in the Hornette Relays Thursday at McKamie Stadium with over 120 points. The one day relay meet drew Central Texas' finest girl athletes.

Midway took second by six points over Temple and Gatesville, who tied at 80 points each. Other teams competing in Division A were West, Stephenville, Rockdale, Robinson, Comanche.

The Hornettes scored points in ten events but failed to pick any first place points in the meet.

The Hornette one mile relay team of Daphana Lamb, Carla Winters, Debbie Pruitt and Margo Veazey took third place in the event.

The 880 and 440 yard relay teams with Barbara Patterson Debra Cobb, Paula Petty and Debbie Pruitt took two second place finishes. In the 440 yard relay the girls ran a 52.3 second time.

The Hornette's Margo Veazey took fourth in the 100 yard dash with a 12.2 second time.

Tonya Price picked up a fourth place with her 65.4 second time in the 440 yard run.

Veazey proved to be strong in the 220 yard dash with a 27.6 second run to take second place.

In the 60 yard dash Paula Petty took fourth and Barbara

Patterson picked up sixth for the Hornettes.

June Chambers continues to be the top Hornette representative in the field events as she picked up third in the shot put and fifth in the discus. Margo Veazey lead the Hornette scorers with 16 points.

PTA Discusses District Conference, Plans Project

The executive committee of the Gatesville Parent-Teacher Association discussed the upcoming District PTA Conference slated April 8-9 at a special session March 19.

PTA officers were urged by President Mrs. Charles C. Burton to attend the two-day meeting to be held at the Stagecoach Inn in Salado. Mrs. Burton who is also district cultural arts chairman and Mrs. Charles Wilson, district vice president, will be attending the conference as district officers from Gatesville. Mrs. Burton will be in charge of intro-

Local Highway Patrolmen J.K. Hamilton (left) and David Jund (right) are displaying the new Stephenson Breathalyzer and Simulator at the Sheriff's Office. Hamilton noted "The Breathalyzer will convict the guilty and free the innocent."

Club Golf Calendar Announced

Gatesville Country Club has announced both a social and golf calendar for the spring-summer months this week.

Seven tournaments have been planned for the men and women golfers at the club by Tournament Director B.C. McClellan.

The men will begin play in April on a ladder tournament, featuring challenge matches between the club members according to handicap.

The annual Low-Ball Tournament is set for April 18-19 with many of the members expected to play with out of town partners. The partnership tourney should be the best of recent years this year as the newly remodeled clubhouse and the course changes, making it attract more players.

The Men's Handicap Tournament which is usually scheduled for August-September will remain in the schedule this season.

A Father-Son (son-in-law) tournament is set for June 6-21 and will be a 36 hole low ball affair. The first 18 holes will determine flights and count toward the final score.

The Ladies will hold two major tournaments this season starting with the Ladies Club Championship in August. The Championship will be three nine hole matches according to handicaps.

A Mother-Daughter tournament will be played Sept. 5-20. Teams will be flighted and match play will determine the winners of nine hole rounds.

On a regular schedule each second and fourth Sunday of each month Scotch Foursomes will play. May 9 will be the first tournament in this series.

A Husband and Wife Tourney is set for the month of July. It will be match play handicapped. see COUNTRY CLUB page 6

Convicts Guilty, Frees Innocent

Local Highway Patrol Now Using Breathalyzer Unit

A Breathalyzer unit has been installed in the local Department of Public Safety headquarters in the Sheriff's office as part of a state wide program to equip the DPS with the latest in equipment.

Patrolman J.K. Hamilton and David Jund recently went through a training course on the equipment. The unit is a Stephenson Alcoholic Breathalyzer and Simulator which measures "percent blood alcohol" by a simple exhaling of air from a person's lungs.

Hamilton noted, "The breathalyzer makes photoelectric comparison between a test chemical reaction and an uncontaminated sample of the test chemicals."

The person being tested is

asked to exhale "deep lung air" called "Alvol air" into a tube which fills a cylinder with a precise test volume of air.

The air sample is then forced into a small flask containing the test solution which reacts with the alcohol in the breath sample. A light and two photoelectric cells are stationed in a manner where light intensity on both photoelectric cells can be balanced. The test solution and an uncontaminated test solution are placed between the photoelectric cells and the light source.

Alcohol lightens the test solution while the uncontaminated solution remains constant. By rebalancing the photoelectric cells through a galvanometer the measured difference between the original value and the adjusted value will show the "percent blood alcohol."

CTCOG Environmental

Control Panel To Be Headed By Temple Dr.

Dr. Paul F. Guilliand, Scott and White Clinic, has been appointed to be the Chairman of the Environmental Control Panel of the Central Texas Health Coordinating Committee by Dr. John B. Bryson, Chairman of the Health Coordinating Committee.

The Environmental Control Panel is one of the Committees under the Central Texas Health Coordinating Committee designed to work specifically in the area of environmental pollution in the 6-county planning region of the Central Texas Council of Governments.

The creation of the Environmental Control Panel by the Health Coordinating Committee came in response to activities started by the Bell County Bar Association and the Bell County Medical Society's Joint Committee on Air and Water Pollution. Recently this joint committee voted to become a part of the Environmental Control Panel of the Central Texas Council of Governments Health Coordinating Committee.

Interest has been high in the area of Environmental Control in the Central Texas Region, as well as in Texas and the entire nation.

Much emphasis has been placed lately by the State and National Government on Environmental Control concerning land, water and air pollution. Water and air pollution along with solid waste management has recently sky-rocketed into the public consciousness.

Each day new demand are being placed on government, business and industry evidencing a determination to improve our environment.

In response to these increases POLLUTION page 5

Hamilton noted that following the actual breathalyzer test the officer administering the test conducts a simulation test through the same machine with present solution which will measure .16 % blood alcohol on the breathalyzer.

Simply by first balancing the two photoelectric cells and setting a dial to zero and then balancing the two cells following the test solution reaction with alcoholic breath the percent blood alcohol can be determined.

This type of breathalyzer has been in use by the Department of Public Safety for about a year and a half. In the testing stages of the equipment very accurate results were reached by testing a sample of breath against an actual blood test taken at the same time as the breath sample.

Hamilton explains, "The breathalyzer will make accurate and immediate information available to us in DWI cases." He noted, "It will convict the guilty and free the innocent." The breathalyzer has been proven helpful in special cases where a person appears drunk and in reality is sick or some other problem exists.

Jund noted that previously sick persons could be mistaken as drunk and placed in jail instead of the hospital. The breathalyzer will make an accurate distinction. He also noted the breathalyzer will sometimes turn investigation to possible drug use after showing no apparent alcoholic intoxication.

Texas law presently holds that a person refusing to take a breathalyzer test can have his drivers license revoked at a hearing on the subject. Hamilton noted an example where a person plead guilty to charges of DWI after first refusing the breathalyzer test and then had his license revoked at the hearing.

Roberts Out Polls Opponent In Bar Vote

Judge Truman Roberts of Hamilton, candidate for the Texas Court of Criminal Appeals in the May 2 Democratic Primary, said here Monday he was highly pleased and gratified with the results of the State Bar poll, in which he received 61% of the 10,076 votes cast in his race.

"I want to express my appreciation to my fellow lawyers and judges and my gratification for their tremendous vote of confidence and support of me in my campaign for the Court of Criminal Appeals," Roberts said.

"Those in the legal profession naturally have a great interest in the state's judicial races, and their choices for these offices, as expressed in the bar poll, have always been valuable to the voting public, who sometimes cannot be fully informed on these races and the candidates involved," Roberts said.

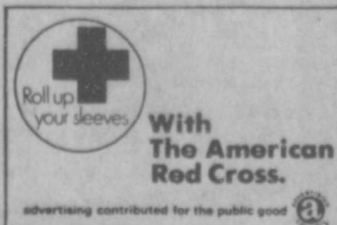

"I will, however, conduct a vigorous campaign during the remaining weeks in all parts of Texas. I think it is ex-

tremely important that every voter in Texas have the opportunity to meet the candidates in the judicial races and to become acquainted with the various courts, their needs and their problems," Roberts said.

Roberts received 6,135 votes in the bar poll, compared to 3,940 for his opponent, Earl Smith. The contested position is currently held by Judge Ernest W. Belcher, who is not seeking reelection. Belcher's term expires on January 1, 1971.

Roberts, a native of McLennan County, is presently District Judge of the 52nd Judicial District at Hamilton, a position in which he has served since 1961. He was District Attorney of the 52nd District for five years and Hamilton County Attorney for six years. A graduate of Baylor University Law School, he is immediate past chairman of the Judicial Section of the State Bar and is a member of the Governor's Criminal Justice Council.

He has established his state campaign headquarters at the Commodore Perry Hotel.

HONORED GUEST—Mrs. Lloyd M. Bentsen, Jr. whose husband is candidate for the Democratic nomination for United States Senator from Texas; is pictured (center) with Mrs. George Painter (left) of Gatesville at the reception held in her honor Wednesday afternoon. At right is Mrs. T.R. Williams, Gatesville city councilwoman and hostess. Approximately 115 Gatesville and Coryell County residents attended the Chateau Ville Reception. Accompanying Mrs. Bentsen to Gatesville was her son, Lan.

Highlights and Sidelights

Vern Sanford

Concern over the continuing rise in Texas' crime rate has brought new responses from top state officials.

Gov. Preston Smith created the new Texas Organized Crime Prevention Council to check organized crime encroachment and appointed Atty. Gen. Crawford Martin and Col. Wilson E. Speir, Department of Public Safety Director as co-chairmen.

Also named to the Council were Harris County District Atty. Carol Vance, Dallas Police Chief Frank Dyson, Dallas County District Atty., Henry Wade, Bexar County District Atty. Marvin Ted Butler and Houston Police Chief Herman Short.

Spert set up a specialized criminal task force to assist in the new coordinated fight on crime. Unit will be composed of DPS criminal law enforcement division members who include Texas Rangers, intelligence and narcotics agents.

Task force will work closely with the governor's Criminal Justice Council and local law enforcement agencies in an "accelerated and coordinated drive to combat statewide lawlessness in all its forms." Number of officers assigned to the new unit remains restricted information.

Meanwhile, state and federal officials met in the governor's office to pledge continued cooperation in control of drug abuse. Smith told U.S. Justice Department representatives that Texas is "pledged to stamp out illicit drug traffic." Governor also announced an April 2 conference sponsored by the Texas Pharmaceutical Association on drug abuse problems.

OIL ALLOWABLE UNCHANGED- For the fourth month in

a row, Texas Railroad Commission set a high statewide oil production allowable of 68 per cent of potential for April. Factor will allow a maximum of 3,655,018 barrels a day for next month, same as March.

COURTS SPEAK- Mobile homes can be claimed as homesteads and made immune from seizure for debt, State Supreme Court agreed.

In other recent cases, High Court concluded that: A youth who appears in juvenile court without parents must have a temporary guardian appointed.

Widow of an El Paso man who died of a heart attack gets no workmen's compensation because she could not prove the lifting work on his oil well servicing job brought on her husband's fatal illness.

Girl struck by a bottle thrown in a Marshall theater cannot collect damages from the theater operator. (Decision reversed lower courts.)

To void a policy on grounds of a false statement by applicants, an insurance company must show that falsification was willfully made with intent to defraud or deceive.

Court of Criminal Appeals held that it is not necessary to prove who fired the fatal bullet in a multi-gun shoot out during an armed robbery to get a conviction.

Fact that a fugitive may have been brought into Texas from Mexico illegally does not prevent his extradition to a sister state, Court of Criminal Appeals held in the case involving an Illinois man wanted on a murder charge.

AG OPINIONS- Optional retirement program for hiring educational personnel is limited to fixed or variable retirement annuities and does not con-

template carriers offering life insurance, Atty. Gen. Martin held.

In other recent opinions, Martin found:

Filing deadline for Hardin County treasurer was extended until March 10 by incumbent's notifying the Democratic county chairman on February 23 of his intent to withdraw from the race and refusing to pay the balance of his filing fee.

Ellis County Road District No. 16 has no authority to pay out of its funds for the cost of removing pipeline belonging to the city of Ennis from right-of-way of State Highway 34 within district boundaries. Same opinion noted that the highway district can require the city to move the pipeline at city's own expense.

APPOINTMENTS- Gov. Preston Smith has appointed Dr. Russell L. Curtis Jr., of Austin as the state's new coordinator for early childhood development. Dr. Curtis, an assistant professor in the Department of Sociology at the University of Texas, will work part-time until the end of the semester.

Smith appointed two new staff members to the Texas Office of Economic Opportunity: Miss Stella Buentellos, child development specialist, and Mrs. Yvonne McClendon Wilson, administrative technician.

Lt. Gov. Ben Barnes appointed nine committees out of the Legislative Council to come up with proposals for legislation during the next Legislature. Council makes recommendations for bills on the basis of a statewide need. Committees and their chairmen are:

programs and services for the handicapped, Sen. Barbara Jordan of Houston; safeguards for public buildings, Rep. John Traeger of Sequin; tax benefits and competitive advantages of catalogue stores, Rep. George T. Hinson of Mineola; services for the deaf, Sen. Jack Hightower of Vernon; population bracket laws, Rep. Dick Cory of Victoria; study of using part of the mineral income of the public school lands as available school fund money, Sen. David Ratliff of Stamford; holidays for state colleges and universities, Rep. Delwin Jones of Lubbock; statutory revision program of the Legislative Council, Sen. J.P. Word of Meridian; and the committee to work on a permanent rule book for the Legislature, Rep. Tommy Shannon of Ft. Worth.

DRAFT QUOTA SET- Texas draft call for April is 940 with lottery numbers between 90 and 115. Figure is down from March call of 1,064.

State Selective Service further summoned for pre-induction exams next month 8,442 with lottery numbers through 215.

Group born in 1951 has become eligible for draft since the original drawing. Col. Morris S. Schwartz, selective service director, said a July drawing may be held to establish the sequence of this group.

CLUB LICENSES THREATEND With some private clubs late in paying the new five-cents-a-drink state service tax or under-paying, Alcoholic Beverage Commission threatened license suspensions or cancellations for the offenders.

New tax produced only \$1.6 million in the first five months. Comptroller Robert S. Calvert had estimated it would raise \$13 million from last October through August 1971 but indications are that it will bring in only \$8 million at the present rate.

Acting ABC Administrator Kenneth Cook figured collections of the service tax are about a third behind original estimates.

1970 HIGHWAY MAPS OUT- New highway maps began rolling off the presses last week. This year's colorful map features "Texas Travel Trails" Cover photo shows a portion of Transmountain Loop in El Paso, starting point of the scenic Mountain Trail. Major additions include more than 100 miles of interstate highway system recently completed. Conversion table (for kilometers into miles and liters into gallons) benefits Latin American visitors.

More than 500,000 copies have been printed, with a million more to be run off during the year. They can be obtained through Highway Department tourist bureaus, at department district offices or the Texas Highway Department Travel and Information Division, Austin, 78703.

SALES TAX INCOME UP- More than 400 cities--ranging from the largest to among the smallest--which levy municipal sales tax--received more than \$116.4 million from the source last year.

One per cent local option levy yielded \$34 million for the last quarter of 1969 alone. Inclusion of alcoholic beverages under the sales tax base is expected to bring in even more for cities this year. Take ranged for the quarter from Houston's \$7.4 million to Liveoak's \$87.21.

Congressman Poage Reports To The People

Chairman W.R. (Bob) Poage, D-Tex., of the U.S. House Committee on Agriculture, declared here today American cotton farmers must receive government subsidies as do businessmen in many other segments of the Nation's economy if they are to keep planting.

Speaking to a convention of the Texas Cotton Association the Congressional farm leader cited the U.S. Merchant fleets as one segment which gets tax-funded assistance, and noted that only last week he had supported passage of a bill authorizing a half billion dollar subsidy to help keep American flag vessels on the high seas.

"American cotton producers can at this time no more collect a fair return for their labor and investment in the market place than can American ship owners charge enough for ocean transportation to pay their seamen American wages," Congressman Poage said.

Just as American ship owners need subsidies to compete with foreign flag ships manned with seamen whose standard of living is much below that of U.S. sailors, the American producer needs crop price supports to compete with cotton grown abroad, he added, citing a 20 cent-a-pound market price in Uganda as compared with a 32 cent approximate cost or production figure in the United States.

Pointing out that subsidies to American industry come both as direct and indirect forms of aid, Poage said:

"All but the largest airlines are given direct subsidies from the Treasury and the non-subsidized lines enjoy governmental protection against competition over their assigned routes.

"Of course, this protection is in fact a limited form of monopoly granted directly by the government. The same type of monopoly is granted to most public utilities as a means of forcing the public to pay the bill rather than subsidizing a service."

The Agriculture Committee Chairman then alluded to pending legislation to continue general farm price support programs, saying:

"It seems to me then that the whole crux of this farm question, and more especially as it relates to cotton, is: Is the Government justified in putting a substantial sum into the cotton economy in order to maintain American production on an American standard of living?"

"If we do not believe this is worthwhile, then it seems to me that we should make the decision to abandon cotton as a source of income in the United States--and I might point out that, basically the same problem confronts the wheat and the feed grain farmer, especially the wheat grower."

"My decision was made a good long time ago. I think that it is worthwhile to maintain American agriculture, just as I think it is worthwhile to maintain American shipping."

The mechanics of governmental assistance will vary from industry to industry, he said, and observed that maintenance of wage scales through governmental sanctions rather than open competition is a big factor in determination of prices put on machinery and other items which a farmer must buy to produce his crops.

"Farmers are still by far the largest purchasers of steel, of machinery of trucks, of barbed wire, of lumber and of gasoline of any single industry in the United States," he continued. "When they cease to take in enough to pay for these products, someone is going to lose his job in Houston or in Detroit or in St. Louis."

After pointing out that the American housewife is now spending relatively less for food than at any time in history--actually a fraction over 16 percent of the family disposable income after taxes, Poage called attention to the capital investment required now to go into farming. He pointed to Department of Agriculture figures showing that the investment per worker in agriculture now stand at \$50,000 as against only \$35,000 for the average American industrial worker. Department data shows that a minimum investment of \$100,000 is necessary to acquire the land and machinery and other items to farm successfully, and almost \$200,000 investment is ne-

Obituaries

Henry Austin

Funeral services were held Tuesday for Henry Austin of Boerne, brother of Mrs. Lillie A. Saunders.

Mr. Austin died Sunday in a San Antonio hospital at the age of 82.

He was born in Ireland, Texas, March 21, 1888, the son of Mr. and Mrs. Tom Austin. He was a rancher and a veteran of World War I. His wife preceded him in death two years ago.

Other survivors include three sisters and a number of nieces and nephews.

Charles Pearce

Charles Lee Pearce, 55, died March 22, in John Wesley Hospital in Los Angeles, California. Funeral services were held March 25, at 1:00 p.m. in Moreland's Mortuary Lynwood Chapel. Revered B.J. Robinson officiated. Burial was in Rose Hills Memorial Park in Lynwood, California.

Pearce was born February 5, 1915 in Talihina, Oklahoma. He had been a longtime resident of Compton, California.

Survivors include his wife, Ester of Compton, California; two daughters, Mrs. Evelyn Wiley of Cypress, California and Miss Sharon Pearce of Compton, California; four sons, Earl Pearce of Oregon, Merle Pearce of Compton, California, Dale Pearce of Independence, Missouri, and Glenn Pearce of Compton, California; six grandchildren; two brothers, Clarence Pearce and Cecil Pearce of Gatesville, four sisters, Mrs. Earl Bond and Mrs. Arthur Gray of Gatesville, Mrs. Loyd Crocker of Lampasas and Mrs. Clara Howell of California.

Cherie Reed

Cherie Lou Reed, 4, daughter of Mr. and Mrs. Gordon Reed of Temple died Wednesday in a Houston hospital. She had been ill since January.

Funeral services were held at 4 p.m. Friday in Heights Baptist Church with Reverend W.H. Causey officiating, burial in Bellwood Memorial Park.

She was born in Temple. Survivors are her parents; one sister, Mary Catherine Reed of Temple; grandparents, Mr. and Mrs. Johnny Mayberry of Flat and Mr. and Mrs. Russell Reed of Bluffton, Indiana.

Mrs. Ingram

Mrs. Bonnie Laura Ingram, died March 25, in Coryell Memorial Hospital.

Funeral services were held March 27, at 10 a.m. in Scotts Chapel with Reverend Joe Broadway officiating. Burial was in Pidcoke Cemetery.

Mrs. Ingram was born July 16, 1891 in Kosse, Texas. She was reared in Falls County. She moved to the Harman Community where she lived until 1939 when she moved to White Hall. Mrs. Ingram married W.T. Ingram November 23, 1922. He passed away in 1956. She was a member of White Hall Baptist Church.

Survivors include four daughters, Mrs. J.R. Cook of Gatesville, Mrs. Doris Culp of Waco, Mrs. Ruth Walden of Temple and Mrs. J.C. Wood of Victoria; five grandchildren; one great grandchild, four sisters, Mrs. W.S. Gray of Marlin, Mrs. W.D. Craft of Kempner, Mrs. E.M. Linebarger of Waco and Mrs. Lillian Graham of Gatesville and one brother, Jack Logan of Marlin.

Dora Wilson

Funeral services for Mrs. Dora Mae Wilson of Ireland, Texas, were held in Ireland Methodist Church Tuesday, March 24, at 2 p.m. with Reverend Bill Easley officiating. Interment was in Ireland Cemetery. Mrs. Wilson died March 23 in the Hamilton County General Hospital following an extended illness.

Born April 15, 1905 in Hamilton County, she was the daughter of the late Dan and Ocie Smith. She married Charlie Wilson September 12, 1932. She was a registered nurse.

Survivors include her husband; four sisters, Mrs. Eva Williams of Evant, Mrs. Irene Bennett of Hasse, Mrs. Ida Manning of O'Brian, and Mrs. Lillie Kincheol of Comanche; and one brother, Dick Smith of Espanola, N.M.

Junior High News

Freedom's Council Presents Program

American Heritage Program The Freedom Council of high school assisted section 8-6, Mrs. Holmes' homeroom, recently in presenting an American Heritage program by junior high school students. The presentation of colors was followed by the pledge of allegiance.

Stephen Storm, serving as master of ceremonies, introduced Larry Parham, who, in turn, recognized members of the Freedom Council. Boys and girls from the three grades in junior high expressed appreciation to the council for the splendid work they are doing to preserve our heritage.

Mr. Barron's Room Hosts Play

Students from Mr. Barron's homeroom gave a play Wednesday, March 25, entitled "Beat That Bongo." Characters were Brenda Buth, Cathy Barnard, Don Horton, Jim Brown, Teresa Davis, George Whitaker, Keith Crawford, Hian Davidson, Sandra Brown, James Ford, Debra Brown, Roberta Carothers, Carol Brading, Buddy Lam, Ken Jones, Paul Elam, Claud Sims, David Greenwood, Audie Moonney, Kim Featherston, Lisa Bauman, Darlene Foote, Susan Avilla, David Russell and Keith Maxwell were prompters.

Easter Program Presented

Eldon Willie was the master of ceremonies for an Easter program presented by Mrs. Moreland's section of the seventh grade. Brian Foote led the Pledge of Allegiance, Virginia Frye gave the invocation and Melissa Brown read the Scripture lesson. Minister Roland McLean guest speaker, was introduced by Charles Niemeier. The benediction was given by Mr. Whittenberg.

English Classes Doing Research

The eighth grade English classes are doing research on folklore this six-weeks. We are reading myths, legends, tall tales, folktales, fairy tales, and fables. We are also studying stories of Uncle Remus, Robin Hood, King Arthur, and others.

We are making bibliography and note cards. All students are doing illustrations to go with their work. Some students are doing special research themes. We are gaining useful experience in learning to use earphones to listen to recordings, and to use the film previewer to view film strips. We would like to thank Mrs. Kendrick, our librarian, for all the help she has given us in gathering our material.

lers of Jonesboro, J.F. Sellers Jr. of 2604 North Thirty-second and Dick Sellers of 3612 North Twenty-seventh; 14 grandchildren; 24 great-grandchildren; one great-great grandchild.

Junior High Highlights

The junior high students are certainly enjoying the "goodies" they buy from Mrs. White's coordinated Vocational Academic Education Class. By purchasing the things they make the girls are able to have more funds and gain experience at the same time. We feel they will turn out to be real good cooks. They have been working with yeast breads this week. The faces are brighter this week, since they have completed achievement tests. A few students that were absent due to sickness are now doing make-up tests.

The student body thoroughly enjoyed a program presented by Dennis Baw and Grady Snider. They are holding a youth revival at Live Oak Baptist Church. The two did some musical numbers and Dennis gave a very inspirational talk. We certainly appreciated them taking time from a busy schedule to come our way.

...POAGE from page 2

necessary to provide an income sufficient to house, feed and clothe a family of four and provide education for the two children.

Discussing the status of legislation which would replace the current Agriculture Act which expires at the end of this year, Chairman Poage noted that his committee has met on numerous occasions over a period of many months with Secretary of Agriculture Clifford M. Hardin trying to reach an agreement on solutions to farm problems.

After saying that the Secretary has "repeatedly suggested that he recognizes that any substantial reduction in the input of Federal money into any one of these programs would result in a lowering of the living standards of the producers," and that he didn't want that to occur, Poage added:

"I think that still expresses the Secretary's view, and I commend him for that view, but we have found that it is a vastly different thing to convince the Secretary of Agriculture of the need of maintaining the money in these programs and of getting Administration support for the programs."

This failure so far to come to an understanding has made it appear that progress has stopped on the legislative front, he said, adding:

"We have sought to secure the general cooperation and I have not given up hope."
He observed that the Department originally had wanted to guarantee the maintenance of the farmer's present income levels for only a one year period, but that it has now indicated it would agree to back legislation which would provide guarantees for three years.

Gatesvilleites Greet Mrs Bentsen Homemakers

Son To Help With Campaign

CANDIDATE'S SON—Lan Chase Bentsen, son of U.S. Senate candidate and Mrs. Loyd M. Bentsen, Jr. greets Mrs. Billy Powell and Mrs. Nan Lee of Gatesville Wednesday afternoon at a Chateau Ville reception held in honor of Mrs. Bentsen. Lan, 22 received his liberal arts degree from the University of Texas. He chose to put aside post graduate work in business administration at Harvard to work in the campaign.

Homemakers Can Test For Harmful Lead In Pottery

Homemakers can test their own Mexican pottery to detect harmful lead in the glaze. The lead can cause severe illness through lead poisoning.

Recently the Food and Drug Administration warned that continued use of some Mexican pottery or earthenware for food purposes could cause lead poisoning. Lead is a cumulative poison so it is essential for people to take all steps possible to see that lead intake is kept to a minimum, according to the Extension Foods and nutrition specialist at Texas A&M University.

The homemaker can place vinegar in the dish or casserole and let it stand overnight. The dish should be only partly filled with vinegar so she can easily see if there is any difference in the glaze below the vinegar line, says the specialist.

If she detects a change in the glaze, the dish should be used only for non-acid foods. Acid foods include fruits such as tomatoes and citrus fruits and vegetables such as green beans, spinach and broccoli. If the homemaker wishes to bake in the pottery, it should be lined with aluminum foil.

Pottery that shows a rough or dull glaze rather than a glossy one gives the most lead when mildly acid solutions are placed in it. The Specialist recommends that the careful consumer test any highly glazed dishes before using them for foods with a high acid content.

The warning has been conveyed by FDA to all state health authorities as the first in a series of steps to remove hazardous products from the market.

gatesville at a glance

by sally jund

SINGING AT TURNERSVILLE GYM...Voices will sound in song Thursday night in the Turnersville Gymnasium when the community will gather for an oldtime singing. Everyone is invited to attend the two hours of gospel singing.

"The sing will begin at 7:30 p.m., just bring your song book and sing along," said a spokesman for the community. Don't miss this fun activity!

JOKING, JESTING AND JUST PLAIN FUN...Wednesday will bring pranksters and jesters to the fore when April will be heralded by its Fool's Day, April 1. For unknown centuries April 1 has been set aside for practical joking, fun and frolic.

Also known as All Fool's Day and April Fool's Day, the first of April is not a real American holiday like our Fourth of July or Labor Day.

Have no fear because good old jesting Coryellians and Gatesvilleites will be yelling "April Fool" Wednesday without fail!

Not confined to any particular people or period, the custom of April 1 jesting is believed to be of very early origin. Authorities have theories about how "April fooling" got its start.

One such theory is that the day came from the veranal equinox celebration which marked a new year for some peoples about March 21. During this festive time, several days of activities with gift giving and celebrating were the custom. Some researchers trace the origin to the pagan Hindu nature festival, termed "Huli." On the last day of this spring celebration—April 1—unsuspecting persons were sent on foolish errands.

Another version of the fun-fest started from the story of Proserpina, beautiful daughter of Ceres. While she was gathering daffodils in the Elysian fields, Pluto, underworld king, carried her away. Ceres heard her lovely daughter cry and began an unsuccessful search for her daughter—a fool's errand.

Other theories pertain to the Christian story of Christ's trials in Jerusalem and the story of Noah's Ark. Some sources credit the French ancient spring festival, the French noticed more fish in the streams and found the young fish easy to be "hooked."

The custom of fooling in France is linked by some historians to the 1564 adoption of the Georgian calendar by Charles IX. The new calendar set New Year's Day at January 1 instead of April 1.

The ideal of observing a spring holiday continued and the French made their customary New Year's calls and exchanged gifts as if April 1 was indeed New Year's Day. This calling and gift giving evolved into jokes—mock gifts and prankster calls. Gradually April 1, became a day for pranksters and jesters—fun, fooling and frolic.

As for the British, April 1 was termed "as a high and general festival, in which an unbounded hilarity reigned through every order of its inhabitants..." Gullible souls in Scotland were sent out in search of hen's teeth, pigeon's milk and other fantastic items. April fools were termed "gowks" in Scotland—"gowks" sent in search of gawk or cuckoo.

The custom of April foolery came to the New World via settlers from England. Even today youngsters and adults alike use ancient trickery to produce a "gowk" in a friend. In case you thought that signs on a friend's back, which read, "kick Me," "Punch Me" or "Pinch Me" were modern-day jests—forget it—those tricks are deep in the "jest bags" of old England and Scotland!

Since the joys and laughter of an April fool have run out over the cobble-stone streets of the 1500's to the asphalt roadways of today, we can safely say that this day of merry making will continue to make "gowks" of us all!

HOME FOR THE HOLIDAYS...As in untold Easters past, college students flocked to Gatesville to make the town come alive with added brightness of our youth. We have seen a few of these students, home for a brief Easter visit.

From Texas University Sara Nell Lowrey, Sue Byrom, Paula Bromser, John Anderson, Mike Meador, Ruth Ann Wilhelm, Scott Reeve and Reed Williams have returned to fill their parents in on all the latest from UT.

One SMU'er we've seen is Katherine Lowrey, recently named as a nominee for queen of Manada, the school's annual spring festival. The lovely daughter of Dr. and Mrs. E.E. Lowrey, Katherine was selected by the girls of her dormitory, Peyton Hall.

Baylor Bears home for a visit were Sue Ray and Charles Ivy. Another Ray, Jean is home from San Angelo State College with a guest, a native of Massachusetts.

Texas Tech has its representatives in Coryell County. Gary McCorkle, Jerry Morgan, Doyce Wright and Nelda Whatley skipped the rock festival for the rocks of Coryell County!

EASTER BUNNY LAYS LEATHER EGG...For those of you who think that Easter eggs are made of chocolate, colored candy or the natural shelled egg—you are wrong! An Easter egg can be made of anything—even leather.

Recently my bunny presented me with a gigantic leather egg in the form of a saddle! You good people should see Decem 6 in her Easter finery—looks more like a horse every day!

ATTENDS FUNERAL SERVICE IN CALIFORNIA...Three localites attended funeral services for Charlie Pearce, March 25, in Lynwood, California. Mrs. Earl Bond, Cecil Pearce, and Al Pearce flew to Los Angeles March 22.

Charlie Pearce was the brother of Mrs. Bond and Cecil Pearce. Al Pearce is a nephew of the Californian.

Mr. Pearce died March 22nd at 9 a.m. in John Wesley Hospital in Los Angeles after a long illness.

EX-GATESVILLEITE ATTENDS ROCK FESTIVAL...West Texas has been invaded by long-haired hippies destined to feel the groovy sounds of such rock groups as Canned Heat, Beast, Flock and Frantic at the Southwest -70 Peace Festival near the tiny West Texas town of Woodrow. Woodrow, located just south of Lubbock, is said to have taken on the appearance of a military encampment with "hip" makeshift tent houses springing up from the dusty panhandle farmland.

Among the 20,000 to 100,000 expected to attend the festival is an ex-Gatesvilleite. His reasons for being at the roudy mass meeting are not for meditation or merrymaking, not to break the law—but to enforce it! Of course the ex-Gatesvilleite I am speaking of is Department of Public Safety Patrolman Fred Cummings. Fred, son of Sheriff and Mrs. Windy Cummings of Gatesville, was one of three Stephenville area officers sent to keep a watchful eye on the festival.

Low Calorie Appetite Appeaser

With more and more people wanting to reduce, diets have become a favorite topic of conversation. The smart dieters know that even though their choice of foods is somewhat limited, the way in which it is prepared and served, can be most attractive and appetizing as well.

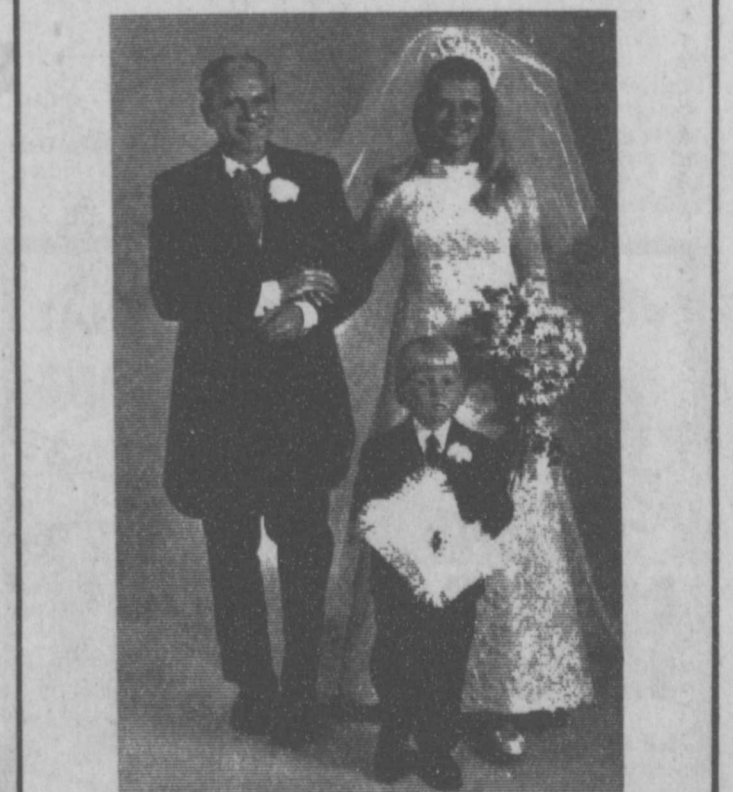

For instance, take cottage cheese. Long the dieter's staple, it no longer need be bland. By using Chive Cottage Cheese which is available in dairy or delicatessen departments of food markets, lunch becomes a treat. The bright green of the chives enhances color appeal as well.

An unusual and interesting way to serve Chive Cottage Cheese is in a ring mold. In this recipe, the tangy flavor of chives is rounded out with a dash of mustard, a nip of vinegar and a blend of mayonnaise. This mold then becomes a perfect centerpiece for fresh or canned fruit.

- CHIVE COTTAGE CHEESE RING MOLD**
- 1 envelope gelatin
 - 1/4 cup cold water
 - 2 cups chive cottage cheese
 - 1/2 teaspoon dry mustard
 - 1/2 teaspoon sugar or honey
 - 1/4 teaspoon salt
 - 1 tablespoon vinegar
 - 1/4 cup mayonnaise
 - Iceberg lettuce
 - Fruit, fresh or canned

Soften gelatin in cold water and dissolve over hot water. Place chive cottage cheese in mixing bowl. Mix together mustard, sugar or honey and salt. Stir in vinegar. Stir vinegar-spice mixture into chive cottage cheese. Blend in mayonnaise. Stir in gelatin. Pour into 3 cup ring mold and chill until firm. Unmold on lettuce and surround with fresh or canned fruit of your choice. Serves 6.

Wedding Dreams Come True Here

Easter, Time For Pint-Size Egg Hunters

Where are they?...Here's one!...Oops, I stepped on that one!... Look, at all of these eggs the bunny left!

Tiny voices rang out with similar thoughts March 23 in Raby Park where the First Baptist Church of Gatesville held its annual Easter egg hunt. About 70 local youngsters filled their baskets to capacity at the Youth Coordinating Committee sponsored event.

The annual hunt is open to members of the nursery, beginners and primary departments at the church.

Hunters were divided into three groups according to ages. The child in each group finding the most eggs was awarded a chocolate bunny. Second place hunters were presented chocolate eggs.

In Group 1, ages 1-3, Kelley Bauman won the chocolate bunny

with brother Larry Lee taking second place. The Bauman children are daughter and son of Mr. and Mrs. E.C. Bauman of Gatesville.

Karie Stephens, daughter of Mr. and Mrs. Royce Stephens, won first place in the 4-6 age group. Second place chocolate eggs went to Tyree Davidson, son of Mr. and Mrs. Cotton Davidson of Gatesville.

Tops in the 6-8 age group was Timmy Blanchard, Brother Tommy Blanchard was a close second. The Blanchard boys are sons of Mr. and Mrs. William Earl Blanchard of Gatesville. Hostess for the egg hunt was Mrs. Bob Boyd. Mrs. Robert J. Hunt assisted at the annual event.

...Pollution

from page 1

ing demands in the field of Environmental Control, the Environmental Control Panel under the leadership of Dr. Guiliand, will seek to find solutions to many of the problems of pollution in the Central Texas Region.

In response to a recent news article describing some of the activities of the Environmental Control Panel, complaints about local pollution have already been filed with the office of the Central Texas Council of Governments. As these complaints about pollution are filed, the Environmental Control Panel will be the Committee charged with the responsibility of seeing that needed and necessary action is taken.

In addition to air and water pollution, the Environmental Control Panel will also be concerned with problems of food and drug resources, human settlements and residents, ionizing radiation, waste disposal and general sanitation.

Hornets Pick Up 18 Points At Killeen Track Meet

The Hornets picked up 18 points against Central Texas' toughest 3 A and 4 A Competition in Killeen Thursday March 26.

Hornet high jumper Gary Kafer lead the Hornets with 14 points. He gained ten points with a first place jump of 6 feet 5 1/2 inches in the high jump. He picked up four points for a fourth place finish in the High hurdles. In the high hurdles Kafer ran a 15.2 second time in the finals to set a new GHS record in the event.

Hornet sprinter, Larry Moore, picked up four points in the 440 yard dash in his first real run at that distance. Moore had been running the 100 yard dash until Coaches noted his outstanding speed in the mile relay.

In other events the Hornets found the 4A competition just too keen as no Hornets made the finals.

The Hornets did show improvement in the Sprint Relay with a time of 45 seconds.

Running in the Killeen Relay were Chris Bone, Larry Moore, Don Rogers, and Ray Ortega.

In the 880 yard dash the Hornet entries Richard Dunlap, Lawrence Brown and Ronnie Price were all bunched around 2:20 well back in the field. The 100 yard dash was slower for the Hornets without Moore running but Billy Hord provided a mild surprise by running a 10.9 second time. James McCauley ran a 11.1 and Chris Bone was timed at 11.3 for the 100 yard dash.

In the 330 yard intermediate hurdles Gary Kafer set a new GHS with a 42.9 second run but still too slow to make the finals. Mike Williams seemed to have a slow day as he ran a 16.2 second high hurdle and a 43.7 intermediate hurdle race.

The 220 yard dash provided another mild surprise for the Hornets when Don Rogers ran his first race at the distance in 23.8 seconds. Ray Ortega ran the dash in 24 seconds. The Hornets improved their

one mile relay time with the team of Ray Ortega 55.2, Billy Hord 55.6, Don Rogers 54.6 and Larry Moore 51.5. The team total amounted to 3:37. No other 13AAA team completing at the Killeen meet showed improvement in the mile relay.

The one mile run was run in 4:57 by William Ayers and in 5:29 by Jerry Tippit.

Pole Vaulter, Steve Palmer cleared 11 feet 6 inches but failed to make the finals in the event. In the shot put Terry King increased his own personal record to 43 feet but failed to reach the finals.

In sophomore events the Sprint Relay team of Ronald Brown, Billy Hord, Phil Bone, and Steve Braziel ran a 48.9 second time. The sophomores 100 yard dash results showed Steve Braziel at 11.1 seconds, Phil Bone 11.6 and Ronald Brown 11.5.

The Sophomore 440 runners Ricky Thompson and Willie Knox turned in times of 56.5 and 58.1 respectively. The Soph. mile relay team ran a 3:50 time.

Fort Hood-Country Club Tourney Ends In Tie

The Fort Hood-Gatesville Country Club Golf Tournament was played under bright sunshine and cool temperatures Thursday with both teams tying with 15 matches each for the 18 holes.

Each of the matches was played on a handicap basis with actual match to be determined on a hole by hole basis.

The low score for the afternoon was turned in by Johnny Arreaga with a three under par 69.

The players and guests were treated to a fish fry following the 18 hole event in the Club-house ballroom.

Club professional, David Shackelford presented the Fort Hood Golfers with a trophy marking this first home-home tournament. General Beverly Powell accepted the trophy noting that a re-match would be scheduled soon on the Ft. Hood Golf Course.

Hamilton Horse Show Set For April 25th.

The American Quarter Horse Association headquarters in Amarillo has approved the date of April 25 for the annual Hamilton Quarter Horse Show. It will be held at the American Legion Park in the Sheriff's Posse Arena.

Roy G. Chumney will be the chairman of the show. Mrs. Fay Oglesby is secretary. The Honorable Byrom Matthews, presiding judge of Criminal District Court No. 1 in Fort Worth, will be the judge for the horse show.

Judging will begin at 10 a.m. Admission to the show is free. Mrs. Oglesby invites the public to attend and promises that they will see "some of the finest horses in America." Past shows in Hamilton have attracted horse entries from five states in addition to Texas.

Halter classes will be offered for all age stallions, mares and geldings.

Performance classes will include Western Pleasure, reining, barrel racing, pole bending, English Western Pleasure calf roping and cutting.

Ribbons will be given through six places in each class with trophies going to the winners. Mrs. Oglesby said that any individual or firm wishing to sponsor a class or classes will be welcome to do so.

Open youth classes will follow the registered Quarter Horse show.

Letter To The Editor

May I give the status of Mound School in relation to how we need the County Superintendent.

Our school district receives pupils from the Leon Junction and Mound communities, and is approximately fifteen miles from Gatesville. We operate a six grade elementary with three teachers, a part-time music teacher, a secretary, a cook, a bus driver, and a custodian. Keeping our school open means a great deal to our community and our children. It lessens the school day for our children in grade one through six as they do not have a long bus ride to and from school. Our school is the focal point for a good many activities within the community.

School classes are small so the children receive a great deal of individualized instruction. We have an abundance of audio-visual material. We make total use of these aids because of undercrowded conditions. Each child gets to realize his full potential in every instructional area.

We are proud of our school and our teachers are doing a wonderful job in fulfilling the needs of our children in a controlled environment of small classes.

The County Superintendent is the person we depend on to coordinate and help us develop our school to its fullest potential. This office receives and disburses all money to our district; receives and gives us our proportional share of Federal money; receives and brings us government commodities for our lunch room; takes care of transportation facilities by providing a bus, fixing routes, providing operational money for bus maintenance; serves as a book depository for all state textbooks.

The County Superintendent provides extra instructional and counseling service by providing us with a supervisor and counselor on a share basis. He provides a school nurse on a share basis. We are adequately staffed for a small school because of the County Superintendent.

The small school still has a place in the growing school society of America. We need our County Superintendent.

Mrs. Annette Bruce, principal Mound School

Let's Keep the County Superintendent's Office

Country Club

cap and low ball.

Social activities have been set for the first part of the spring-summer months.

Teenagers will hold dances on April 10th and May 1st.

The club will hold the following club activities starting with a Golf Ball dance on Saturday April 18, the night of the Low Ball Tournament with Mitta McDonald and Pat Braziel as hostesses.

On Sunday April 26th there will be a Kite Fly for all kids starting at 2 p.m. with Bob Thrasher in charge.

On Sunday May 3 the club will hold a fishing contest at 4 p.m. for all ages with Bob Thrasher and Joe Skelton to supervise.

A Spring Dance has been planned for May with the final date to be announced. Mr. and Mrs. Bob Thrasher will act as hosts.

Then on Saturday June 20th the club will host a Sadie Hawkins Dance with Mr. and Mrs. Billy C. McClellan, Mr. and Mrs. Cleo Woodard in charge.

On Friday July 3 there will be a Western Dance.
