

Student Suffers Burns Dies In Hospital

Miss Thelma Edwards of Adamsville, a 20 year old special education student at Evant High School, died about 6:30 p.m. Thursday in a Lampasas Hospital after suffering burns at the school here shortly after noon.

School officials said Miss Edwards entered a rest room alone after leaving the school lunch room. A few minutes later a teacher smelled smoke coming from the rest room, investigated, and found Miss Edwards' clothes on fire. She wrapped a blanket around the student, extinguished the fire, and called for an ambulance from the Evant Funeral Home. The ambulance took the girl to a hospital in Lampasas.

Principal Grady Baker said a teacher had taken some

matches from the girl earlier. He said the girl told a teacher after the fire that she had "struck a match." There were matches on the floor of the rest room.

Funeral services will be held at 2:30 p.m. today in Evant Funeral Home Chapel, Rev. Bob Stokes, pastor of Evant Baptist Church, and Rev. Charles Conley, pastor of Adamsville Baptist Church officiating. Burial will be in Pilgrim Rest Cemetery near Evant.

Survivors include the parents Mr. and Mrs. Jim Loden of Adamsville; three brothers, Bob Edwards of Fort Stockton, James Edwards of Adamsville and John Loden of Adamsville and two sisters, Mrs. Ann Bell of Van Horn and Mrs. Bertha Clark of Irving.

Brooks Evans, district engineer for the Texas Highway Department, points to a map of the proposed Highway 36 route favored by the Department during the Friday Public Hearing on the proposed Highway 36 by-pass. The hearing covered three possible corridor routes considered by the Highway Department.

The original announced corridor is preferred by the department with a change in the state school area to eliminate bisecting the school. The final proposed route is estimated at 4.8 miles in length.

Construction is estimated to begin within three to four years.

No Opposition Voiced At Highway 36 Hearing

No opposition was presented at the Thursday Public Hearing on the proposed re-routing of Highway 36 east of Gatesville. The Highway Department presented three alternatives for the 41 interested landowners and citizens.

District Engineer, Brooks Evans explained each of the routes noting that the original proposal was the shortest and most economical route. The first alternative discussed by Evans concerned a change in routing at the State School for Boys.

Evans indicated at the hearing that state school officials had noted security problems and underground utilities could arise if the route separated Sycamore School from the other sections of school.

An alternative route which looped north and east of Sycamore school was introduced. Evans said the wider swing of the route at the state school would add approximately .2 of a mile to the construction.

The second alternative presented by the Highway Department would have carried the planned by-pass east of the City water reservoir and intersect with Highway 36 near the intersection of FM 107 on the south.

Evans explained the functions of the Relocation Assistance Program for the citizens. He indicated that possible relocation might occur.

In summing up the Highway Department position Evans indicated that the original route corridor with the .2 mile alteration at the State School was favored by the Highway Department. He indicated that minimum right of way requirements would be 250 feet, Evans cautioned that right of way would vary along the route.

The right of way will be purchased on 50-50 basis by the state and county with the county having responsibility for acquiring the property. Presently highway officials plan a two lane facility on the route with future development of four lanes. At highway 84 and 36 intersections a grade separation is planned.

Following the Highway Department explanation of the proposed route Evans invited the citizens to make public statements concerning the route. Norman Storm read for the record statements formulated by the Coryell County Commissioners' Court and the Central Texas Council of Governments. The two statements are as follows:

The Coryell County Commissioners' Court approve and

endorse the proposed route re-locating State Highway 36 immediately east of the city limits of Gatesville.

On August 25, 1969, the Commissioners' Court passed a resolution requesting the Texas Highway Department to establish the new location of Highway 36 immediately to the east of the city limits of Gatesville and west of the Gatesville water tower located on U.S. Highway 84; secure adequate right-of-way for a four-lane highway and grade separation at the intersection of State Highway 36 and U.S. Highway 84; continue to maintain the present route and location of State Highway 36 as an alternate route; up-

grade and improve Highway 36 from the Gulf Coast to Abilene along its present route in order to make said highway a first class transportation artery.

The proposed new route satisfies our request that the Texas Highway Department, in cooperation with the counties and cities along the route of State Highway 36 from the Gulf Coast to the Plains, continue to upgrade this important route and eventually make it a four-lane highway from the Coast to the Plains.

As President of the Central Texas Council of Governments see HIGHWAY 36 page 5

Absentee Voting Brisk In Coryell

Absentee voting opened on April 13 and in the first five days County Clerk, Rebel Henson, reports 20 personal appearance votes have been cast and 23 ballots have been mailed out to voters.

Henson estimates the early voting to be well ahead of the last town county primary election.

In 1968 a total of 120 absentee votes were cast. The election included a presidential election, ten gubernatorial candidates, and contested races in the county for Tax Asses-

sor Collector and two Commissioner positions.

In 1966, the last year that this slate of offices were on the ballot 92 absentee votes were cast.

Henson has 43 potential votes already cast in the May 2 Democratic Primary which is nearly half of the 1966 total for absentee voting.

The pre-election tempo seems to have increased since the final two weeks of campaigning open.

Citizens plan to vote Saturday May 2.

4-H Food Show Today

The Gatesville 4-H Foods and Nutrition Project Group displayed dishes from the four main food groups at the club's annual Food Show today.

The show is slated for 4 p.m. in the National Bank Civic Room with adult leaders Mrs. Jerry Notes and Mrs. Bob Tippitt in charge.

Two localities will judge the entries and select the top entry in each group and the overall show winner. Judges are Mrs. B.K. Cooper and Mrs. Dale White.

Each of the project show entries will display a dish from one of the four food groups: meat, milk, bread and fruits, and vegetables. Their entries

see 4-H'er page 5

Floral "Symphony" Viewed By Coryellers

"Melody Time With Flowers," the 22nd annual Gatesville Garden Club Flower Show became a "symphony" Friday in the eyes of many Coryell residents who passed by the colorful exhibits of local gardening talent. The 1970 show was staged at the National Bank Civic Room from 2-6:30 p.m.

Over 140 visitors viewed the end products of months of careful planning, hard work and constant care by garden club members. The 1970 show's entry list totaled 250.

In the Artistic Division which includes home-grown flowers arranged by the exhibitor 44 garden club members tied for top honors.

Mrs. Louie Powell of Gatesville librarian, took the Tri-Color Award home for her strikingly beautiful arrangement of greenery. The Tri-Color Award, a rosette of blue, red, and yellow was presented to Mrs. Powell's blue ribbon winning entry with "distinction" as one of the qualities in the scale of points by which it was scored. Her entry was in Class 3, Green Leaves of Summer, which required the use of all green, including the container.

The coveted Creativity Award was presented to Mrs. Otis Prewitt of Jonesboro. This award is a purple rosette given to the Jonesboro resident's blue ribbon winning entry which scored the necessary 95 points and displayed clever personal expression. Mrs. Prewitt's entry was a combination of rock and fresh and dried materials. Her prize winner was entered in Class 10, Rock Around The Clock, required the use of rock or rocks as containers or accessories and dried or untreated materials.

Entries in the Horticulture Division reached a total of approximately 200. This division was composed of floral specimens or potted plants grown by the exhibitor.

Winning the Award of Merit an orange rosette for the finest specimen in the division was

SWEEPSTAKES AWARD

Mrs. Otis Prewitt (Above)

SPECIAL AWARD

Mrs. Sam Powell Sr. (Right)

Mrs. Emmett Brumalow of Gatesville. Her specimen for competition was a pink double Begonia. The prize-winning potted plant was listed in Class 11, flowering plants.

Two Special Awards, pink rosettes, were awarded to two ladies for outstanding displays.

Mrs. Sam Powell, Sr. of Gatesville was awarded the rosette for non-competitive dried arrangements. Also receiving a pink rosette was Mrs. Otis Prewitt of Jonesboro. Mrs.

Morris Federation Holds Two-Day Art Show

Pictured above are only a part of the parade of art enthusiasts who inspected the different types of art media Friday and Saturday at the 2nd Annual Morris Federation Art Show.

The show was held at the Hix building on the southeast corner of the square from 2 p.m. to 8 p.m.

The hostess committee and their hours as hostesses for Friday's show were: Mrs. K.R. Adams and Mrs. Claude

Byrom 12-2 p.m.; Mrs. A.W. Ellis and Mrs. Price Bauman 2-4 p.m.; Mrs. T.A. Burt and Mrs. Sarah McMurry, 4-6 p.m.; Miss Molly Montgomery and Mrs. Genella Post, 6-8 p.m.

Saturday hostesses included: Miss Ruth Yongue and Mrs. G. H. Sawyer 10-12 p.m.; Mrs. Mary Brumalow and Mrs. W.F. Stiles, 12 to 2 p.m.; Mrs. Louie Powell and Mrs. Walter Allen 2-4 p.m.

Mr. And Miss E.H.S.

JOHN CONNER AND BARBARA CONNER

Evant High School named Mr. and Miss EHS recently for 1969-70. Selected were John Conner, son of Mr. and Mrs. John H. Conner Jr. of Bee House and Miss Barbara Conner, daughter of Mr. and Mrs. Roy Conner of Bee House.

RALPH YARBOROUGH'S WASHINGTON REPORT

There is a great need in this nation for more hospitals outpatient clinics and other health facilities. This country needs over 200,000 new hospital beds now. It needs nearly 900 more public health centers and 872 more outpatient clinics. Existing hospitals and other centers with nearly half a million hospital beds need modernizing.

The health authorities of the 50 states have certified to the United States government, including the Congress, that at today's prices it would cost \$16.5 billion to build the needed hospitals and do the remodeling of the old ones.

This week the Senate of the United States moved to meet this demand. The Senate by a vote of 79-0 passed my hospital bill, authored by me, which authorizes \$6 billion in money and credit to be extended by the Federal government over a

five-year period for grants-out-right, loans, loan guarantees, and low interest direct loans to build new hospitals and to modernize the older hospitals.

Both public and private hospitals are provided for in my bill. The bill also included provisions for outpatient clinics, long time care facilities, such as nursing homes and for emergency operating rooms so that the many people being injured in industrial accidents and highway accidents can be brought immediately to an emergency room and many lives saved that way.

This bill is the best approach toward providing federal construction assistance in overcoming this great need for more hospitals and health care facilities. It is the greatest hospital construction bill ever approved by the United States Senate. I am proud to be the author.

Let's Keep the County Superintendent's Office
W.H. Donaldson
Pd. Pol. Annce.

passed in 1946. The bill the Senate passed this week is the first major revision of the entire original Hill-Burton program. My bill contains some features of the Hill-Burton program, changes other parts to meet today's needs and adds new provisions not in the law before.

The construction of more outpatient facilities, which is part of my bill, will ease the burden on hospitals. Many people are now being sent to hospitals if they had outpatient clinics they could be treated near their homes at less expense to them and to the country, and the daily charges for hospital rooms, running \$100 a day in some parts of the country could be alleviated.

Under my bill, over \$21 million would be authorized for use in Texas during 1971. Texas needs more than this, but the \$21 million would be more than double what Texas has been receiving under the Hill-Burton program.

Marine Reserve Has Openings

Major Byron B. Brown, United States Marine Corps Reserve, Commanding Officer of the Waco Reserve unit, has announced that openings for the months of April, May and June are now available.

The Marine Corps Reserve Program require a six year military obligation, however only the first six months are spent on active duty. The remainder of the tour is satisfied by one weekend drill period each month and a two week summer camp. The active duty portion consists of about 8 to 10 weeks at the Marine Corps Recruit Depot at San Diego, California for basic training, 3 to 5 weeks at the Marine Corps Base at Camp Pendleton, California for Infantry Training. The remainder of the six months is spent on Technical Training on Tracked Vehicles. This training will be utilized for the remainder of the six year enlistment here in his home town.

This program has proved to be an excellent method for a young man to fully satisfy his military obligation while still being able to pursue his business career or to finish college.

Any interested men from the Waco area and surrounding cities are encouraged to call the Marine Reserve recruiter at 753-1077, area code 817, for more information.

"CANCER CURE FOUND" CHOICE IN MANY LANDS FOR MOST WANTED HEADLINE TO BE SEEN

Surveys have been conducted in many lands to find out what newspaper headline people would most like to see. Almost invariably their choice was: **CANCER CURE FOUND**

After the tremendous scientific triumph attained when men walked on the moon many people asked a pointed question: Why can't the same resources be devoted to finding a cancer cure? The American Cancer Society has told the nation that we are in a delicate and critical period in the history of cancer control. The Society has warned that the leveling off of government expenditures for cancer research is placing a heavy demand on the society for increased research support.

At the same time scientists have frankly indicated the difference between reaching for the moon and seeking the conquest of cancer. All the basic scientific knowledge was available when the moon project was undertaken. It became a matter of applying maximum

technology and effort to the goal and the goal was reached even before the scheduled time.

With respect to cancer, much of the scientific information is still to be discovered and unraveled. The innermost secrets of life processes are involved. Much has already been found and that's why one of three cancer patients is now being saved. The doctors tell us that with present knowledge it could be one of two saved if the cancer is diagnosed in time and properly treated.

But the difference between the moon project and the scientific war against cancer only points up the importance of getting our priorities straight. The American Cancer Society says that the cancer control effort is in jeopardy in two vital areas in the need for speedier and more efficient application of research results to the patient, and in the development of cancer research itself.

To help meet these urgent needs the Cancer Crusade this year deserves greater support than ever before.

Off-Campus Short Courses Drawing Many Agriculturists This Year

Commercial agricultural producers and those in related parts of the great Texas agricultural industry went back to school last year in record numbers. A.H. Walker, state agricultural leader for the Agricultural Extension Service, cited figures from last year's annual report to emphasize the importance of continuing education for agriculturists.

He said that off-campus short courses, clinics and workshops numbered 1,049 and that they were held in every section of Texas. Teaching in the educational activities was handled in most instances by Extension subject-matter specialists. Most of the events, Walker said, were planned and conducted by county agricultural agents with assistance from their program building committees.

More than 76,000 persons attended the 1,049 events which ranged in hours of instruction from 1 to 40 and in number of instructors from 1 to 38. Subjects taught ranged from agrribusiness, agricultural chemicals, beef cattle, cotton and insect and disease control to wildlife management, including fish production for a grand total of 29 different subject-matter areas, Walker said.

He noted that producers, farm credit suppliers, cooperative leaders and managers, lumbermen, nurserymen, home gardeners, pond owners, fish producers, agrribusiness leaders,

INTERESTED GATESVILLEITES, H.K. Jackson Sr., John Gilmer and Paul Hensler take a closer look at Highway Department proposed corridor routes just east of the Gatesville city limits. A crowd of 41 persons attended the Public Hearing.

feed lot owners and managers and chemical and fertilizer dealers were among those participating in the training programs.

The off-campus sessions result from requests from the counties for in-depth training in fields of vital importance to local agricultural enterprises and are held at a time and place convenient to those involved, Walker said. The instructors often work in teams in order to more completely cover all aspects of an enter-

prise. It's our way, Walker said, of taking needed information to those who can use it without their having to leave their home counties.

FLOWER POWER... This weekend, Gatesvilleites were subjected to a bit of flower power when our local garden club staged another successful flower show. I attended the show and found it to be extremely interesting and beautiful. This was my first exposure to a flower show and I can't compare the 22nd annual show with the 21st or 20th but I can vouch for its interest and beauty.

If you missed a tour through the "Melody with Flowers" show, you missed one of the best staged exhibits presented in Gatesville this year. The display and order of the show made the many different classes in both the artistic and horticulture exhibits easy to recognize and to understand.

Blue ribbons were plentiful and each ribbon was tagged to a real winning plant or arrangement. In addition to prize winning entries there were several displays. One was an arrangement representing each class in the artistic division, using drift wood. Another clever exhibit emphatically showed the seriousness of littering the highways of our state.

I say congratulations to the Gatesville Garden Club for an outstanding show. Also congratulations to all of the winners of ribbons—of any color!

KITCHENS GRANDCHILDREN VISIT HERE... How happy Mr. and Mrs. Irving Kitchens of Gatesville were when their granddaughters came visiting recently. A visit from grandchildren can really brighten up a weekend for grandparents and grandkids too!

Visiting were Leisa and Deana Kitchens of Poteau, Oklahoma. The weekend ended so quickly for the foursome but what memories the group has now!

SPRING FIESTA IN NEW ORLEANS... Springtime in New Orleans is a special fragrant time of the year—but Spring Fiesta Time—Wow, that's the greatest. At least that is the testimony of two Levita residents. Actually we should say "Lee-vita," the two residents are former Miss Lees and occupy two homes in that rural community. The fiesta goes are Rae Juan Markunas and Rita Wensorski. Of course Jay Jay was there too!

The fiesta began in 1937 and each following celebration has brought more interest and attention. Now the spring tours are known the world over, bringing visitors from all over the globe.

During fiesta private club rooms and homes, ordinarily closed to visitors, are opened as a courtesy to Spring Fiesta guests.

The three "Lee-vita"-ites arrived in New Orleans April 2 just in time for the April 3 opening of the Spring Fiesta celebrations. The fiesta got underway with the exciting and colorful coronation of the queen and presentation of her court in the famed Jackson Square. The coronation was followed by the historical, glittering pageant. Later that evening Rae Juan and Rita took in the "Night In New Orleans Parade."

April 4, Saturday, activities were plentiful for the visiting Coryellers. The tourists saw the famed Pirates Alley Art Show. This show is an art exhibition sponsored by the Pirates Alley Art Group, an organization of local and part-time resident artists, in the Cabildo and old Cathedral. The Latin surroundings turn the event into a bit of Left-Bank Paris which is transported to the heart of New Orleans, Vieux Carre.

That evening the wide-eyed homefolks took in the Patios By Candlelight Tour which toured some of the most elegant New Orleans mansions by candlelight. Among the lush homes toured was the home of Mrs. Gareld Stantos Hotchkiss, a stately southern mansion once owned by the socially prominent Felix Jean Forstall and in 1930 owned by William Warrington, philanthropist. Another interesting old home visited was that of Mr. Stephen Scalia and Mr. Milton Metton. This home once belonged to Mrs. John Clay, sister-in-law of the illustrious Henry Clay. Each of the homes visited were hosted by their occupants in antebellum costume.

Another tour, the River Road Plantations tour, took in the famed San Francisco mansion. This "whimsical, fantastic" home was the setting for the Steamboat Gothic on the banks of the Mississippi. Erected by a sugar planter in 1849-1850, the home was made in the style of the river packets that passed by its broad deck-like galleries.

An unusual quirk of fate accompanies the exquisite mansion. The owner builder never lived in the home. In fact, the house was almost unused until Mr. and Mrs. Clark Thompson discovered and restored it to its former beauty. Today the 22-room home "houses" art and antique treasures of another day and has become a symbol of the hospitality of the River Road.

A special treat for Rae Juan was seeing the Thompsons again. The Thompsons and Mrs. Markunas are close friends. The fun ended all too soon for our "Lee-vita" girls and Jay Jay. They returned April 7, filled with thoughts of Rhett Butler and Scarlet O'Hara.

BIG FISH STORY... Spring has arrived. With all of its "false" starts flunked by February weather, spring has indeed arrived. With this outdoors climate comes the urge to go fishing in the creeks, streams, rivers, lakes or whatever puddle there is to be found.

Several Gatesvilleites took a fishing jaunt recently to beautiful Toledo Bend, Louisiana. This green natural wonderland beckons visitors from all over the south and sports fun for everyone—even non-fishermen.

Traveling to the pelican state April 10, were Mrs. Glynn Mathis, Tony 12, Dea Ann 10, Glynda 9, and Bill 4; and Mrs. Sandra Shepherd and sons Jimmy 7, and David 6. While at the Toledo Bend campsite, the group visited with two of Mrs. Mathis's sisters and families, Mr. and Mrs. W.A. Pullen of Dallas and Mr. and Mrs. D.S. Blythe of Pine Bluff, Arkansas.

Little Jimmy Shepherd caught the only fish. Don't you know Jimmy was a sight to see!
The group returned to Gatesville April 13.

Miss Slone — Johnny Blansit To Wed May 26

Mr. and Mrs. J.R. Slone of Evant announce the engagement and approaching marriage of their daughter, Sandra, to Mr. Johnny Blansit, son of Mrs. Lois Livingston of Hamilton. Miss Slone is a 1969 graduate of Evant High School.

The couple will exchange wedding vows on Tuesday, May 26, 1970 at 8 o'clock p.m. in the Evant Church of Christ with Dr. George Tolbert officiating.

All friends and relatives are invited.
Mr. Blansit is attending Evant High School and is making his home with Dr. and Mrs. George Tolbert of Hamilton. He plans to enter Connally Tech in Waco in September and study commercial art.

Evant FHA Announces '70 Officers

The Evant FHA Chapter held their local meeting on Tuesday, April 14th. The chapter will help collect funds for the cancer drive April 28th at 7:30 p.m.

The new chapter officers for the 1970-71 school year were announced. They are: President- Patsy Rodgers; 1st Vice President- Sandra Lee; 2nd Vice President- Sondra Conner; 3rd Vice President- Phyllis Adams; 4th Vice President- Coraleen Hill; 5th Vice President- Mary Holloway, Secretary- Deborah Conner, Treasurer- Jan Green, and Historian- Donna Johnson.

Our guest speaker for this month was Mr. Jack Elam, president of the First National Bank of Evant. The title of his speech was "The Wise Use of Credit." Mr. Elam spoke on the advantages and disadvantages of credit, explained interest rates, and explained some details about credit cards which are useful for everyone to know.

Refreshments were served afterwards by Wanda Kinsey and Darlene Sheldon.

The Evant FHA has been active in the FHA Week activities.

An FHA Parent- Daughter Banquet was held in the school cafeteria on Tuesday night, April 7, at 7:30 p.m. Attending the banquet as guest speaker was Barbara Baley, the FHA President of Area IV. Miss Baley spoke on the importance of the home.

Miss FHA and Miss Freshman FHA were announced. Miss FHA is Patsy Rodgers and Miss Freshman FHA is Mary Holloway.

On Thursday and Friday of FHA Week, refreshments were served to the teachers of Evant School.

Mr. & Mrs. J.Y. Hamilton Celebrate Golden Anniversary April 12

MR. AND MRS. J.Y. HAMILTON

Mr. and Mrs. J.Y. Hamilton of Evant were guests of honor April 12, at a reception celebrating their golden wedding anniversary.

Hosting the occasion were the couple's son R.N. Hamilton and family.

Mr. and Mrs. Hamilton were wed April 7, 1920 in a home ceremony performed by Reverend Allen, pastor of the Star Baptist Church. Both Mr. and

The refreshment table was laid with a gold lace cloth Mrs. Hamilton are natives of Star. Mr. Hamilton is the son of the late Mr. and Mrs. O.N. Hamilton and Mrs. Hamilton's parents are the late Mr. and Mrs. Robert Campbell.

The couple moved to Evant in the late 1920's and began farming near that rural community. In 1948, the Hamilton's became the owners of the Evant Funeral Home.

over white linen. Centering the table was an arrangement of white rose buds. A striking four-tiered cake stood at one side. The lovely confection was made by Mrs. Melvin Horton and Mrs. Cheryl Slone of Evant. Gold punch, mints and nuts were served also. Appointments were of silver and crystal.

Mrs. L.E. Hamilton of Brownfield, sister-in-law of Mr. Hamilton, and Mrs. Wilber Waggoner of Winters, sister of Mr. Hamilton, served the guests. Mrs. D.D. Henry of Star also helped with refreshments. At the gift displays were Mr. and Mrs. Dean Tumbler of Dallas.

Over 300 guests called on the Hamilton Home from 2-4 p.m. Out-of-town guests came from Gatesville, Hamilton, Gustine, Comanche, Lampasas, Abilene, Winters, Austin, Dallas, San Antonio, Houston, Goldthwaite, Brownwood, Star and many Coryell County communities.

Sigma Rho Fetes Sister Sorority

The Sigma Phi Sorority met in the Civic Room of the National Bank April 13th. Sigma Rho Chapter honored the sister sorority, Xi Iota

Chapter with a salad supper. The social committee for the occasion were, Anne Byrom, Marilyn Myrick, Jeanne Cochran, Barbara Edwards, Barbara Pearce, Sue Bankhead, and Janda Coward.

A spring theme was carried throughout. Tables for four were covered with white cloths bordered in bright yellow daisies. Cups, plates and napkins in a matching pattern were also used. Assorted salads were served from a buffet table.

Guests were Mesdames: Byrd Ann Bromser, Joy Cummings, Martha Ann Stevens, Barbara Brown, Corine Erwin, Linda Graham, Inez Arnold, Cathrine Healer, Mary Jo Arnold, Billie Voss and Joyce Arnold.

Hostess other than the social committee were: Mesdames Barbara Huntley, Patricia Jones, Dixie Duke, Doris Reynolds, Nelda Wolfe, Becky Kenworthy, Evelyn Lovejoy, Betsy Bruton, Becky Necessary, Lillian Vidler, and Ann Eubanks.

FHA Club Honored
The Gatesville High School Chapter of the Future Homemakers of America were honored last Thursday by William A. Stone, district director of the Muscular Dystrophy Association of America. Stone (pictured at left) presented chapter president Miss Lucie Powell with a plaque in appreciation for the FHA's recent door-to-door march. The chapter collected almost \$350 for Muscular Dystrophy. Also pictured is Margaret Hopson, first vice president of the local chapter of FHA.

Jonesboro Choir To Sing To Lions

The Jonesboro High School choir will entertain the Jonesboro Lion's Club today at 7:30 p.m. in the Jonesboro Methodist Church.

The 17 member choral group is composed of youngsters from the 8th through 12th grade. The choir will sing "Wendy" by the Association, "Rain Drops Keep Falling On My Head" the recent Oscar winning song, "I Like It Here," "How Great Thou Art," and "When the Saints Go Marching In."

Also scheduled on the program are speeches by two stand out JHS Future Homemakers of America. Miss Ponce Holden, state FHA Historian, will speak to the Jonesboro Club. Area 3rd Vice President, Kathy Schrank of JHS will talk about her planned trip to the National Future Homemakers of America convention in New York.

 are shown with their proper table setting, another phase of the project group.

Girls participating in the Foods and Nutrition Project are Leah Bromser, Judy Tippitt, Brenda Noles, Peggy McCorkle, Donna Henson, Beverly Bankhead, Debra Noles, Kim Powell, Rosemary King, Laura Stephens and Donna Loden.

Miss Torres-James Phillips To Say Vows

MISS SUZANA TORRES

Mr. and Mrs. Medardo Torres of McAllen have announced the engagement and approaching marriage of their daughter, Suzana, to James Phillips, son of Mr. and Mrs. W.D. McElvany of Gatesville. The couple will exchange wedding vows in a ceremony in Our Lady of Perpetual Help Church, McAllen at 7 p.m. May 30.

Miss Torres is a graduate of Pan American College and Mr. Phillips is a graduate of Tarleton State College.

The couple has done graduate work at Texas A and I University. Miss Torres is currently teaching mathematics at a McAllen junior high school. Mr. Phillips is teaching mathematics at the junior high school level in nearby Pharr.

Four GHS Seniors Feted In Lowrey Home

Mrs. O.W. Lowrey and Mrs. E.E. Lowrey were hostesses for a dinner Friday evening in the E.E. Lowrey home at 1600 Oak Park Circle. Honorees were four members of the Class of 1970 of Gatesville High School, Melinda Anderson, Jean Jackson, Celia Powell and Jan Byrom.

Carrying out April showers theme, the centerpiece on the buffet table was a green umbrella-covered pond with floating candles and a spring arrangement of yellow daffodils and birds. Guest tables were centered with a miniature pond identical to that on the buffet table. Places were marked with small packages containing the girl's fortunes.

Enjoying the dinner with the honorees were their senior class friends, Misses Pam Duncan, Jan Quicksall, Deborah McCoy, Paula Martin, Linda Burton, Jeffrey Neel, Cindy Kopec, Debbie Pruitt, Joy Brookshire and Paula Melbern; and Miss Jo Bess Reesing of Baylor University in Waco.

Miss Debbie Pruitt Is Breakfast Honoree

Russell and Frank Morgan.

Miss Debbie Pruitt, member of the 1970 graduating class of Gatesville High School, was honored with a breakfast Saturday in the home of Mrs. Frank Morgan.

Miniature graduates were used to decorate the table and place cards were fashioned of miniature mint boxes of black and gold with a diploma.

The menu consisted of bacon, link sausage, cheese grits, eggs, hot biscuits, jelly and orange juice.

Guests attending with the honoree were Misses Jan Byrom, Celia Powell, Jean Jackson, Cindy Kopec, Joy Brookshire, Debby Day, and Melinda Anderson, and Mesdames Sidney Pruitt, Joe Maxwell, Oscar

Make Berry Sauce In Blender

Fresh fruit flavor abounds from this easy berry sauce. Mixed in a blender, it uses frozen fruit, and takes mere minutes to prepare. Serve the sauce warm over ice cream for sundaes or on cake.

Blender Berry Sauce
 1 (10-ounce) package frozen raspberries or strawberries, thawed
 1/2 cup orange juice
 1 tablespoon corn starch

Put all ingredients in blender. Cover and run blender at high speed until ingredients are well blended, about 1 minute. Pour into saucepan. Bring to full boil, stirring constantly. Boil 1 minute. Sauce will be slightly thickened. Serve warm over ice cream or cake. Makes 1 1/2 cups.

AWARD OF MERIT Mrs. Emmett Brumbalow

... Flower Show

from page 1
 Prewitt's educational display was a parallel to the Artistic Division which included arrangements with driftwood, representing each of the 11 classes. The green and white Sweepstakes rosette winner was Mrs. Otis Prewitt. Mrs. Prewitt's entries took the greatest number of blue ribbons.

Judges included four nationally accredited judges: Mrs. T. Frank Davis of Waco, Mrs. A.E. Neuman of Waco, Mrs. E.L. Mayhugh of Blooming Grove and Mrs. John E. Strong of Crawford. Junior judges were Mrs. Gerald Ballard of Waco and Mrs. Donald Fadel of Waco.

Judges and club members enjoyed a show-day luncheon at the Chateau Ville Restaurant following the judging. Hostess for the noon meal was Mrs. Sam Powell, Sr.

"We wish to extend a hearty thank you to everyone connected to the show and especially want to commend the staging committee for a job well done," said Mrs. A.A. Alford, general chairman of the show.

Members of the 1970 staging committee included Mrs. O. Clawson, chairman, Mrs. Louie Powell and Mrs. Elbert Panckake.

Other committees and members were: Judges, Mrs. Sam Powell Sr.; Hospitality: Mrs. Lydia Patillo; Publicity and Posters: Mrs. W.H. Everetts and Mrs. D.R. Boone; Clerks: Mrs. Emmett Brumbalow, Mrs. Bob Cummings and Mrs. Joseph Kenworthy.

Committee members in the artistic division were: Entries: Mrs. C.C. Franks, Mrs. Lloyd Lam and Miss Ima Fellers. Classification: Mrs. Sam Powell, Sr., and Mrs. Raby Richardson; Placements: Mrs. H.S. Compton and Mrs. Mattie Thompson.

In the horticulture division committee members were: Entries: Mrs. E.J. Timmons and Mrs. D.R. Boone; Classification: Mrs. Otis Prewitt, and Mrs. Emmett Brumbalow; Placement: Mrs. S.L. Handcock and Mrs. Pat Hopson.

... Highway 36

from page 1

I offer the following comments: The Central Texas Council of Governments is of the opinion that the State Highway 36 project is not inconsistent with the areawide and the longrange planning program of the Central Texas Region. The Council also wishes to express support for the project and it is believed by the Council that the State Highway

36 project will be most beneficial to the area which it will serve.

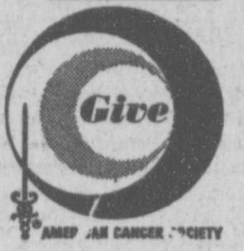

We also urge the Texas Highway Department to upgrade and improve State Highway 36 from the Coast to the Plains in order to make it a first class transportation artery.

Mayor Bob Miller then took the stand to comment briefly on the proposed project. Miller said, "The city council examined the proposed route corridor. We appreciate the fact that it comes as near to the city as it does." Miller indicated that the city saw no objection to the "Alternate A" (the rerouting around the State School.) However, Miller indicated that Alternate B (the route further east) was objectionable because it would limit development of the city to the east.

My Neighbors

"It's okay, mother, when I say I'm going to be an activist... I mean within the Boy Scout movement."

Highlights and Sidelights

Vern Sanford

Adequacy of planned public school education programs on the dangers of drug abuse drew a challenge last week from Lt. Gov. Ben Barnes as the war on narcotics increased in tempo.

Barnes told newsmen he feels the program can be "redeemed" and straightened out by the beginning of the next school year. He suggested that bona fide authorities on drugs and former addicts should be included among teacher-resource personnel.

Meanwhile, the Lt. Gov. told a narcotics seminar for law officers and prosecutors that Texas is spending far too little money on drug law enforcement.

Gov. Preston Smith, in the opening address to the conference, said the primary obligation of law enforcement is to rid society of pushers who traffic in narcotics for profit. Smith also said education is the key weapon in fighting drug abuse by addict and experimenters.

Barnes said the new school course on narcotics should be made as "personal" as possible. Both Smith and Barnes agreed that teaching must be done by those who know what they are talking about.

Lt. Gov. Barnes believes that lowering of penalties for first offense possession of marijuana to misdemeanors would end the reluctance of juries to convict. He reported heavy response to his suggestion, and said that correspondence is running four to one in favor of lighter sentences. Pushers, he emphasized, should get tougher punishment than at present.

Spending for enforcement, the Lt. Gov. claims could be increased "200, 300 to 400 per cent" without undue burden on taxpayers--by "reevaluation of priorities."

ATTORNEY GENERAL RULES State Board of Health may adopt reasonable rules and regulations relating to minimal equipment for ambulances, Atty. Gen. Crawford Martin has held.

In other recent opinions, Martin concluded that: Members of Chambers-Liberty Counties Navigation District are authorized to receive \$25 per day or "reasonable per diem" for time spent on duty as fixed by county commissioners.

Board of trustees for a firemen's relief and retirement fund may not invest in mutual funds.

Changes in boundaries of county election precincts may be made only during July and August terms of county commissioners' court and the month of September, 1970. Changes do not become effective until the following voting year. Voters on the new Bailey County precincts must vote in precincts where they are residents.

APPOINTMENTS- Gov. Smith named Wayland Holt of Snyder Judge of the 132nd judicial district to succeed Judge Sterling Williams who resigned. Holt had been serving as district attorney, and Governor named Tommie J. Mills, also from Snyder, to replace him in D.A.'s office.

Smith also filled these positions: Rannels County Water Authority Board of Directors E. E. King of Ballinger and Harley Hilliard of Norton for six year terms.

Tri-County Municipal Water District W.W. Siddons Jr. of Hillsboro.

Judicial Qualifications Commission- F. Howard Walsh of Ft. Worth and Vernon Butler of Carthage.

Governor named group of Texas A&M University scientists to advise him and the legislature on safe use of agricultural chemicals. Members include Dr. P.L. Adkisson, Dr. William B. Davis, Dr. John Griffiths, Dr. Morris Merkle, Dr. F.W. Plapp Jr., Dr. Jack Price, Dr. Sammy Ray, Dr. Rudolph Radeleff, Dr. James

Teer, Dr. J. Vanoverbeek, Charles Chapman, assistant commissioner of Texas Department of Agriculture, will work with group.

Smith also appointed the twelve member advisory council for children with learning difficulties.

OIL PRODUCTION- Texas Railroad Commission trimmed statewide oil allowable for May to 64.5 percent of potential. Reduction follows four months at a high 68 percent level. Commission said a re-study of the producing ability of Texas oil wells and increases in above-ground stocks of crude oil led to the cut-back.

May allowable will mean maximum production of 3,505,375 barrels a day, or 147,530 less than April. Estimated actual production will decline only about 43,750 Commission figures.

Nominations by major producers actually totalled 20,922 barrels a day more than April.

HOSPITAL GRANTS CLEARED State Board of Health has approved \$10.1 million in federal grant allocations for 24 hospital-health facility construction or improvement projects. Program pays up to 50 percent of construction or modernization costs.

Grants of \$1 million each went to El Paso's Hotel Dieu Hospital, Houston's Christian Home for the Aged, Dallas County Hospital District and Weatherford Memorial Hospital. Other projects and allocations included:

San Antonio Metropolitan Health District, \$153,000; Brownsville- Cameron County Public Health Center, \$312,500 Crossroads Community Center of Dallas, \$639,350; Ft. Worth Tarrant County Public Health Center, \$262,625; Southwest Texas Methodist Hospital at San Antonio, \$106,000; Children's Rehabilitation Center at Amarillo, \$228,472; Spohn Hospital at Corpus Christi, \$250,000; San Jacinto Methodist Hospital at Baytown, \$171,100 Youens Memorial Hospital at Weimar, \$206,900; Holy Cross Hospital at Austin, \$750,000; Goodall-Witcher Hospital Foundation, Clifton, \$789,973; Teague Hospital Authority at Teague, \$230,285; M.D. Anderson Hospital and Tumor Institute at Houston, \$660,000; New Braunfels Hospital, \$450,000; Trinity Memorial Hospital \$216,500 Fayette Memorial Hospital, La Grange, \$200,000; Mercy Hospital, Laredo, \$50,000; Northwest Texas Hospital, Amarillo, \$237,500; Good Shepherd Hospital at Longview, \$75,000 and San Antonio Cerebral Palsy Treatment Center at San Antonio, \$106,217.

COURTS SPEAK- State Supreme Court held that an El Pasoan should be repaid his investment on a car repossessed by a finance company and resold, although the man claimed he was promised more time on payments. High court threw out punitive damages assessed against the finance company in a lower court, finding no proof of malice.

Fifth federal circuit court of appeals ordered Crosby Independent School District to implement a school desegregation pairing plan by June 1. District previously had been given until September 1.

CHOLERA FUNDS PROVIDED Gov. Smith has asked the Comptroller to transfer \$50,000 to the nearly depleted Hog Cholera Eradication Program. These transferred funds are to be used to indemnify owners whose swine are exterminated to prevent the spread of the disease.

This program, administered by the Texas Animal Health Commission as part of a nationwide campaign to eradicate the disease, is about to run out of money. Smith said only \$5,000 of the \$200,000 appro-

riated for the fiscal year ending Aug. 31, 1970, remained for the program. Money will come from unbudgeted funds of the meat inspection program of the State Department of Health. Money is needed for the state to maintain its Phase III status in the program, Smith said. Phase III is the top federal classification in eradication of the disease.

PARKS- Parks and Wildlife Commission is being called upon to renovate Abilene and Possum Kingdom State Parks and five historic West Texas Forts. Last Legislature appropriated specific money for each of the projects, and the P&W staff has drawn up proposals which are to be approved by Commission members.

Restoration Project includes Fort Richardson at Jacksboro, Fort Friffin, 15 miles north of Albany, Fort McKavett, 23 miles west of Menard; Fort Lancaster, 14 miles east of Sheffield, and Fort Leaton at Presidio.

EDUCATION AIDES- State funds to pay teacher aides, non-professional helpers trained to take over the more routine tasks of classroom and laboratory, will be available for the first time during the 1970-71 school year.

Texas Education Agency Commissioner J.W. Edgar said the State Foundation School Program will provide \$300 a month for 10 months for each aide authorized. Salaries can be supplemented by local districts.

Hay Producers Foresee Better and Larger Year

Hay supplies were tight at the end of the current winter season and now is the time to make sure the same situation doesn't happen again. Neal Pratt, Extension agronomist, says the now favorable soil moisture situation gives hay producers an opportunity to make large tonnage of high quality hay this year.

But, he adds, soil moisture alone will not get the job done. High quality hay is no accident and its production requires advanced planning and prompt action, emphasizes the Texas A&M University agronomist.

He recommends a soil test as a guide to proper fertilization. High rates of fertilizer are needed to produce top yields of quality hay and to take advantage of the moisture situation. Pratt says even if the soil moisture changes, and it can do that in a hurry, proper fertilization will help the plants to more effectively use available moisture.

The timing of harvest is an important factor in quality hay production. As hay crops mature, the quality rapidly declines. Protein content, digestibility and palatability decline; hence, the value of the hay as livestock feed declines, emphasizes the agronomist.

Grass plants should be harvested before seedheads begin to form. This usually represents four weeks growth for such crops as bermuda and Johnson grass and many of the sudan hybrids.

Pratt recommends top dressing hay fields after each cutting to maintain top yields of high quality forage. Don't, advises Pratt, leave quality hay production to chance. Get a soil test, fertilize according to the test recommendations and harvest the crop at the proper growth stage and see the local county agent for specific suggestions on hay production in your county.
