The committee chairmen of the Gatesville Centennial celebration met Thursday with the Steering Committee to learn of the responsibilities and overall program planned for the August 2-8, week-long celebration.

The Centennial Week will be packed full of interesting and entertaining activities for young and old. Katherine Healer spokesman for the steering committee, emphasized the event in entertainment for all ages throughout the meeting. She further emphasized that in all activities including the pageant "participation by all age groups, young and old, is essential."

Mrs. Healer noted several overall themes that the steering committee had settled on. The symbols of the Centennial will be the courthouse and Log Jail. Art work and printed materials were planned to contain both symbols. She noted the Centennial colors would be red, white, and blue.

Centennial Headquarters will be located at 812 Main Street across from the new library. The facility was cleaned and readied for service on Thursday.

Gatesville received its charter on August 2, 1870. Mrs. Healer received preliminary plans on the week long celebration for the committee. She noted that churches in the community have been asked to present a brief history of their churches at the morning services on Sunday, Aug. 2.

At 2:00 p.m. on August 2, ceremonies will begin with the formal opening of the new library. Unveiling of the new city historical marker is planned for the Sunday afternoon ceremonies. The marker is part of the Texas Historical Survey Committee's 5 year RAMPS program. Chairman of the Coryell County Historical Survey Committee, Bob Cummings, will arrange the unveiling ceremonies.

Sunday night, August 2 at 6:00 p.m., there will be an old time camp-ground meeting at the Faunt LeRoys Park with supper on the ground, fellowship and a guest speaker to be selected by the Gatesville Ministerial Alliance.

At the Sunday camp-ground meeting there will be entertainment for all ages in the old time tradition, sack races and other games.

Frank Holmes of Hamilton will be on hand to perform an old time fireworks display "The Shooting of the Anvils." Holmes is one of the few practicing "anvil shooters" in Texas. Jim Miller explained that two anvils are placed together and black

Eiland Lovejoy recalled that the last time he recalls anvils being shot in Gatesville was in celebration of the ending of World War I. That ceremony was conducted on the Courthouse court yard.

Monday will feature a real "First Monday" trades day. Jim Miller indicated that a large area of sixth street along the west side of the square and down past the blacksmith shop will be roped off for the trades day activities. Miller pointed out that the trades day could be run through Wednesday.

A water festival show is set for the new swimming pool Tuesday with professional talent performing intricate swimming drills. Following the water festival the Miss First Century Beauty Pageant will be presented. Miss First Century will reign over the Centennial activities for the remainder of the week.

On Wednesday fine arts exhibits will head the program with leading artist of the community displaying their work. During the entire week antique exhibits of all kinds will be on display in vacant buildings in the downtown area. Other displays will include old farm

equipment, antique autos, and a military exhibit.

Thursday features the Centennial parade tentatively scheduled for 5:30 p.m. Antique cars, horse drawn floats, and the Owens County Sausage Belgium Horses. Following the parade a barbecue at Faunt LeRoy's Park will fete the parade participants.

At 8:15 p.m., "To Gatesville With Love" will be presented on stage at the Fireman's Rodeo Arena. The musical pageant will be an account of Gatesville's unique and exciting first 100 years.

Friday will be Armed Forces Day in recognition of the effect and influence on the city by Fort Hood.

At 5:00 p.m., a more complete array of antique cars will parade down main street and remain on display at the square for the evening. The second performance of "To Gatesville With Love" will begin at 8:15 p.m.

Saturday the Courthouse will ring with the sound of fiddle music as the annual OLD FIDDLERS Contest is presented. Officials in charge of the fiddling contest are hoping to hold the State Fiddling Contest to add to the days activities.

The final performance of "To Gatesville With Love" will be presented at 8:15 p.m.

August 8.

The week will end with a Saturday night street dance at the town square featuring O. K. Davis and his band. Many other activities will

be presented as merchants and civic leaders join in the celebration. Jim Miller is planning special activities for see 1870 page 6

1970 RODEO QUEEN KAY PETSICK

## Gatesville Rodeo Queen Is No Newcomer To Arena

In the spring, a young cowboy's "fancy" turns to thoughts of that rough 'n' tough rambunctious sport called rodeo.

Yes, youngsters and adults from all over Coryell County will don their wranglers, bell-bottoms, boots and cowboy hats and join the ranks of the millions of rodeo fans across the land as another excitement packed rodeo season begins.

Sure there's rugged, dirt-flying action, but what's a rodeo without a Rodeo Sweetheart?

A cowboy's fancy won't turn so far that he can't appreciate a rodeo sweetheart--especially a pretty, petite, brunette beauty like Miss Kay Petsick, 1970 Gatesville Jaycee Rodeo Queen.

Kay, a 17 year old daughter of Mr. and Mrs. I. T. Petsick of Gatesville, is no newcomer to the rodeo arena. Kay began her "horsing around" at the ripe old age of six months when dad put her aboard her first horse, Gravel Gurdy. Actual rodeo competition had to wait until the delightful Miss Petsick grew into the saddle a bit. Her first entry in the

arena was at age six in the barrel racing event at the Goltswaite FFA Rodeo.

Sweetheart and queen titles are no new tag for Kay either. She was named queen of the 1965 American Junior Rodeo Association rodeo at Gatesville, and has reigned as Gatesville Riding Club Sweetheart.

Kay will be a senior at GHS next fall and has an

enviable list of honors already. She was Freshman Class Secretary and Sophomore Class Favorite.

MISS PETSICK

A former member of the Coryell County 4-H chapter, Kay has entered many of the area 4-H horse shows and rodeo competition. She holds over 200 ribbons, 22 trophies and 2 belt buckle awards and is working toward winning a saddle someday.

Kay was high point female contestant at a 1966 Gatesville

## Hamilton Competes With State's Best In Austin Pistol Match

Texas Highway Patrolman J. K. Hamilton brought home two third place trophies Thursday from competition in the DPS State Pistol Matches at Austin last week. Hamilton's trophies represented individual as well as team competition.

In the rapid fire competition, each contestant fires 20 rounds in 4 five shot strings at 25 yards. The contestant is allowed 10 seconds per string.

Hamilton was one of four DPS patrolmen to represent Region 6 in the team competition with a center fire revolver.

On a national match course, each contestant fires a total of thirty rounds. He fires 10 slowfire rounds at 50 yards. He has 10 minutes to do so. In timed fire, he fires 10 rounds in 2 five-

### food for thought

BY MRS. B.A. SNOODY

And when Jesus came into the ruler's house, and saw the minstrels, and the people making a noise, He said unto them, "Give place, for the maid is not dead, but sleepeth." And they laughed him to scorn. But when the people were put forth, he went in, and took her by the hand, and the maid arose. And the fame here of went abroad into all that land. Matt. 9:23-26.

In life, as we know it, when different personalities appear in different places, each one has their different causes to represent, their opinions to express and they have their impact to make, either for good, or for bad. And for our line of thought for this week, I would like for us to consider what happened "When Jesus Came."

Naturally speaking, Jesus had no family prestige, He never went to College, He never wrote a book, He didn't travel very far, He had no earthly possessions, never owned a home, but the impact of his life has reached more people than any one, before, or since. He came, Other famous men, have lived, and died, and their works forgotten, but men and women are still believing in the changes which were made "When Jesus Came."

The above scripture tells us that a certain ruler, in Jesus' day, had a very ill little daughter, and he came to Jesus for help. He had heard about Jesus, and believed that, even though she died, Jesus could raise her up again.

In studying God's word we find that Jesus never refused to help any one who came to him for help. His invitation was always "Come", and "When He Came" into the rulers home, regardless of the unbelief and scorn, he took her by the hand, and she arose.

On another occasion two blind men followed Jesus crying out: "Thou Son of David, have mercy on us." And "When He Came" into the house the blind men came to him, Jesus said unto them, "Believe ye that I am able to do this?" And they told him they did, so he touched their eyes, and they were able to see. Matt. 9:27-30.

When the storm arose in the sea, and the waters were so rough, the men, on ship were so scared, but "When Jesus Came" into the ship, a great calm settled, and everything was alright. Matt. 8:27.

"When Jesus Came" into the Temple of God, and found them buying and selling in the Temple, he cast them out, and said: "My house shall be called the house of prayer", but "Ye have made it a den of thieves." Matt. 21:10-13. "When Jesus Came" to the tomb of Lazarus, the power of death had to be broken,

and when Jesus called out: "Lazarus, come forth", death lost its grip, and Lazarus came forth. John. 11:46. And "When Jesus Came" to the Garden of Gethsemane, it was here, he prayed until he was willing to go to Calvary's Cross, and "when he came" to Mount Calvary, and was lifted up between heaven and earth, it was here, the ransom was paid to redeem us, or but us back, from the devil. He had been to the scourging where many stripes were laid on his back, and "By his stripes we are healed." (1 Peter 2:24) It was here, he shed his blood, to redeem us from our sins.

To compromise these great Truths is to get down to the World's level, we cannot win the people of the world, by compromising. We can win them only, by holding the line, and standing up for Christ, and morality. We must ever be ready to defend the faith. We must restore morality or else the lack of it, will destroy our beloved America.

The moral decay with in our land, is eating away at the very things that has made our country great, like a monstrous cancer.

He that the son (Jesus) makes free, is free indeed, and because the Faith of our Fathers is being laid aside, as being out of date, and traditional, our freedom is in peril.

Dr. Eric Hatching, one of Britains best known evangelists, is beginning a campaign to call the Nation to repentance, the churches to revival, and individuals to salvation in Christ. His aim is to call the country to a spiritual renewal in the 1970's.

Let us pray that this will catch on, not only in our own beloved country, but all over the world.

God is love, and if we find God, and his love, and a renewal of faith in Him, He is the Arthur of Peace, not of confusion.

PROUD GRANDPARENTS? GRAND MASTERS?...Who knows what it means! I don't know what to call David and I. Our female Heinz 57 dog has six new additions to that variety. Hobo, as she is affectionately called, is our pet and we are her masters, so I guess maybe we are Grandmasters.

The name Hobo is a bit confusing; I guess I'd better explain. On a cold rainy night in late autumn of last year David found Hobo Hoboing at a roadside park near Gatesville. So what did I have 30 minutes later? A Hobo!

If you would like a mut of questionable K-9 lines, just let me know. We're grandparents, I mean grandmasters of 6 of 'em!

ARE THINGS GREENER ON THE OTHER SIDE O' THE FENCE?...Are you tired of looking across the backyard fence onto your neighbor's lush green carpet of cool grass? Well, what are you waiting for? Wage a war against that dry, brown, stubble you call a yard. Just cultivate these do's and-dont's.

DO water a new lawn lightly and often until it is established. DO soak the lawn when it is established. A depth of three to six inches is advisable. Remember to not water the grass again until the soil becomes dry and cracks.

DON'T mow a newly planted lawn until it reaches a height of three inches. Always-keep the grass at about one and one-half to two inches

DO use a quality seed mixture. It will prove to be a bigger bargain in the "lawn" run.

DO follow instructions on the fertilizer package very carefully. Remember the yard you burn may be your own.

DON'T apply lime, fertilizer or anything else except with a properly adjusted spreader.

DO, by all means, use a sharp mower. A dull blade will split the tops of the grass causing them to turn brown.

Okay, ready, go! Make your neighbors GREEN with envy about that luscious carpet o' green of your own.

DOESN'T THE LIBRARY LOOK LOVELY?...We Gatesvillites can be proud of our new library facility with all of its shiny new shelves and cushioned seating. Even though some of the furniture has still not arrived, business is as usual at the reading center.

The new library will get the "once-over" by a female VIP soon, when Mrs. Lloyd Bentsen, wife of the Democratic U. S. Senate candidate, comes to town. The library is one of several points of interest the campaigning Mrs. Bentsen will visit.

Our chests can fill with pride when a traveling dignitary can see what a modern library we have to provide that all-important ingredient for healthy young minds-knowledge.

The ladies at the library must be commended for their energetic efforts in moving the 17,000 volumes to "their" new home one half block away. You know, when you think about the small distance between that cramped "over-stuffed" library of old to our new spacious building, you can fully realize the great length in those paces from 8th and Saunders and the 800 block of Main!

Good news travels fast and here is some good news for children from ages 5-9. The Gatesville Public Library's summertime Children's Story Hour will begin Wednesday at 8:30 a.m. with registration.

The children will be entertained, and more important, enlightened on the characteristics of good citizenship. There will be several storytellers under the guidance of coordinator Mrs. James McLean, retired school teacher.

Don't let your child miss these fine opportunities to better his character and citizenship!

VISIT IN LOUISIANA MEMORIAL DAY...Mr. and Mrs. Kearney Cole of Gatesville enjoyed a Memorial Day visit in Alexandria, Louisiana with Mrs. Cole's sister Mrs. Leo Andries.

While in Alexandria, the Coles traveled to a nearby lake where Mr. and Mrs. Andries have a lovely cabin. The object of the jaunt were tasty bass and there were plenty of them. Mrs. Cole and her sister are natives of Temple.

SOMETHING COOKING UNDER THE HOOD...Housewives and fem fatals of the business world, do you smell something cooking under the hood? Well it's not roast, it's radiator and if you don't know what to do, you had better get an antedote recipe but quick!

Unless a driver knows what to do when overheating occurs, she risks personal injury and damage to her auto engine. Even removing the radiator cap takes a few important steps:

1. When you notice overheating as a problem, stop the car as soon and as safely as possible. Then turn off the ignition.

2. Wait for the bubbling engine to cool down. The wait may be several minutes long but it is vital. A fine mist of water will help cool the radiator. Be careful NOT to put a stream of cool water on the engine or radiator.

3. When removing the radiator cap, protect your hands with a heavy glove or several cloths or rags. Keep your face as far away as possible from the radiator area.

4. If there is a lever or button (for pressure) on the cap, (release) use it to allow the hot steam to escape. In any case slowly turn the cap counterclockwise until you feel the seal is released. Wait until the hissing sound stops before removing the cap.

5. After the engine is cooled, start it again and add water slowly. Be careful not to add the water too quickly. Doing so in an uncooled engine could crack the block.

If you are planning a summer vacation, it is wise to have your auto's cooling system checked out in advance. This is especially important if you plan to pull a trailer or if your auto is air conditioned. Take some tips from the Car Care Council!

\*If coolant is laden with rust and other contaminants, have it replaced. Even permanent-type anti-freeze can lose its effectiveness if it has been in use for a year or more and additional water has been added from time to time. If the system is to be drained, it should be flushed thoroughly to remove scale and rust.

ROUND NUMBER THREE...In a mock barrel run, Kay shows the NEWS "eye" a bit of barrel racing technique.

**...Rodeo Queen**  
from page 1

Riding Club Junior Rodeo, high point trophy in timed events at the 1967 Coryell County 4-H Horse Club show, first place in barrel racing (her specialty) at the Gatesville Youth Rodeo.

Out-of-town, Kay's abilities don't change. She took first place in the pole bending event at a Hamilton rodeo in 1969 and a first in goat tying at Clifton FFA Rodeo in 1968 and 1969. This year, Kay took 4th place in Clifton's barrel racing event.

Talk about "horse sense," that Petsick girl has got it! She has trained seven horses for barrel racing in her arena career.

One of Kay's top winning horses was a quarter horse named BABO. She won many of her 4-H and junior rodeo ribbons on BABO, who she trained at the age of 11.

PROUD OF TROPHIES...Some of Miss Petsick's most prized possessions are the 22 trophies she has won at area youth rodeos.

Presently, Kay rides and trains a quarter horse called Bo MacKay's Miss, owned by her uncle L. R. Rudd of Goltswalte. She is also readying her own two-year old registered quarter horse gelding, Sully's Mac. "I'm training him for barrels and hope to make a top knotch barrel horse out of him," the rodeo queen said.

Workouts on both horses are daily and involve "figure 8's" them to develop speed around the barrels.

For her new gelding, Sully's Mac, Kay concentrates her efforts on barrel racing.

A workout consists of walking and trotting the horse through the cloverleaf pattern. She purchased the horse in December 1969, and predicts he'll be ready for racing in a year or more.

"Lot's of times I just ride with friends or take my horses swimming for their exercise," Miss Petsick said.

Rodeoing will not end with Kay's graduation from Gatesville High School next spring. Instead of slowing down, she plans to increase her rodeo activity with the Tarleton State Rodeo Team in her sights. The TSC team is one of about 15 National Intercollegiate Rodeo Association (NIRA) teams that compete in NIRA's southwestern region.

Other members of the Region 6 squad competed in the difficult (Practical) Police Combat Course. Two Beltonians, Sgt. Sam Smith and Tom Lovelace, formerly of Ireland, were on the team which took second in the state.

Jerry McLaughlin Thursday as he reported his early progress on "To Gatesville With Love."

McLaughlin introduced an elaborate stage setting sketch showing a complex of five stages. He noted that the stages would help to keep the action moving in the large open arena at the Fireman's Rodeo Arena.

Costumes for the musical tour of Gatesville history were on display for the committee chairmen to review. Steering Committee spokesman, Mrs. Katherine

Healer remarked that McLaughlin is expecting to use nearly 170 persons in the cast to tell the story of Gatesville.

The musical "To Gatesville With Love" will play three nights, August 6, 7, and 8, in the Fireman's Arena. Admission will be charged to help pay for expenses of the entire pageant week.

Financially, committee-men noted that Coryell County's Centennial in 1954 cost nearly \$9,000. Centennial officials have planned two money-making events to finance the 100 year celebration.
