deo. The Jaycee Wife float featuring old west theme of a saloon complete with card players, bartender, piano and dance hall girls captured the first place prize of \$50.00.

RODEO ATTRACTS LARGE CROWDS HUFFMAN STOCK TOUGH ON COWBOYS

Rodeo with a real wild west flavor is an early description of the 32nd Annual Jaycee Rodeo.

With one performance still to go at press time, cowboys and cowgirls were finding the L. J. Huffman stock hard to tame.

The fast action rodeo has several Gatesville contestants as front runners through the first two performances.

The top event of the show is probably the calf scramble with nearly 100 youthful contestants each night attempting to grab the elusive calf's tail and the ultimate money ribbon.

The Clinton Harlow dog and monkey act was a popular point of the show as his two dogs herded sheep into different pens on voice command from their master. Harlow later put his Greyhound through the clover-leaf barrel pattern in 18.1 seconds with a monkey riding the Greyhound.

In the actual rodeo money events, leaders after two nights included Ronnie Van Winkle, 57 points leading the bare-back riding, John Ringstaff, 53 points, and Rusty Man, 49 points rounded out the early leaders in the bare-back riding.

In calf roping Mike Wilson lead the first two performances with a 9.3 second time. Tied for second and third are Ed Worthman and Richard Fry of Gatesville with a 9.5 second time.

Steer Dogging leaders through Friday night were Louie Rogers, 5.2 seconds; Larry Smith, 6.6 seconds, and Ed Learson 19.5 seconds.

In team Steer Roping Preston Menley and Jerry Howe lead with a 19.2 second time.

In the Wild Cow Milking contest Wayne Ward was in first place with 33.7 seconds. Ray Tippit of Gatesville was in second place with a 48.5 second time. Tippit's helper in the event was Bill Bankhead.

Barrel Racing is a nightly event with prizes awarded for the top three performances each night. Thursday night winners were Carol Striff, 19.1 seconds; Kay Williams, 19.4 seconds; and Shyrl Hyde, 19.7 seconds. Friday night Susie Oglesby won first place with an 18.4 second time and Joby Tatum and Weda DeOrman tied for second with a 18.9 second time.

In two nights of bull riding Randy Belt of Gatesville lead the iron nerved riders with 46 points. Second was Jimmy Oliver with 45 points and Jerry Hutchins, 44 points in third place.

The Jaycee ticket sales had reached over \$4,000 in the first two nights of the show. Jaycee President, Henry Brim, noted that the crowds seemed to be larger than last year.

JONESBORO CHURCH WILL RAISE FUNDS FOR EXPANSION

Jonesboro Baptist Church, located in the Jonesboro community between Hamilton and Gatesville, voted to raise funds for the adaptation and expansion of the present church building.

The total goal exceeds \$18,000, but whatever money is received will be used to complete as much of the proposal as possible. The proposed improvements include a central air and heat unit, brick exterior, renovation of the educational building and the addition of a fellowship hall.

A building-fund committee has been established to tabulate

and direct the gathering of offerings. The entire congregation is now actively engaged in fund-raising, including the youth of the church who held a car-wash and gave \$122 in proceeds to the church. The church will continue to receive donations until June 21st.

The congregation believes that tomorrow holds a promise of good things for our church's ministry in Jonesboro. The forward step by the church will have significant implications for the spirit and stability of the entire community. "We sense a ste-

wardship toward our community, its school, and its families. Perhaps our church's action will kindle a vision for other much needed projects," said Rev. Bruce Corley, pastor.

Above all, this venture of faith will enhance the potential of our church's growth because it will provide us with superb facilities and adequate space, he added. We feel that it is God's will that we grow and look to the future optimistically, he concluded.

food for thought

BY MRS. B.A. SNODDY

For the Memorial Day weekend, my husband and I, made a trip to Lubbock, to visit our son, and his family there.

They drove us thru the area where the recent tornado there left to much destruction. We had read, and heard, and seen pictures about it, but I was reminded of the statement the Queen of Sheba made when she visited King Solomon, to learn if the things she had heard about him, and his kingdom, were true: Then she told him "the half was not told me." You'll have to see for yourself, before you can really know, the terrible destruction there. It seems unbelievable, what those things can really do. Many freak things happen. It seems, a miracle, that so few people were killed.

While we were there, we read the following article, published in the morning edition, of the Lubbock Avalanche Journal, May 19, 1970: "So persecute them with Thy tempest, and make them afraid with Thy storm." These words stood out on the open page, and immediately caught the eyes of two Texas Highways Department workers, as they cleared the rubble in the Guadalupe area of Lubbock, Friday.

They were printed in a battered, water soaked, pocket testament, opened to the 83rd Psalm, with the preceding page folded back - found in the aftermath of the tornado that roared thru the Hub City, May 11.

David H. Patton, and Charles Penick, both of Slaton, found the testament atop a pile of debris that had lodged beneath a small bridge, in the vicinity of N. Ave. K, and Emory St.

"It was open right here,"

Patton said Monday, as he pulled the book from a plastic bag. "Start reading at verse 13."

From that point the 83rd Psalm reads: "O, My God, make them like a wheel; As the stubble before the wind, as the fire burneth a wood, and as the flame setteth the mountains on fire."

"So persecute them with Thy tempest, and make them afraid with Thy storm." Fill their faces with shame; that they may seek Thy name, O Lord." "Let them be confounded, and troubled forever; yet, let them be put to shame, and perish; "That men may know that thou whose name above is Jehovah, art the most high, over all the earth."

Patton said if there had been any identification of the owner in the testament, it had been obliterated by water, that flooded the area, Monday night.

The above is an exact quotation, as we read it, in the Lubbock paper.

As a Bible student, I do not doubt but that God had his hand in the fact, of this little testament being found, as it was.

The Bible teaches that God has worked, in many ways, down thru the ages of time, to prove to man that He is God. And it also teaches that there are things, yet to be fulfilled, to still prove, that He is God. Eze. 38: 23; Eze. 36:23; Eze. 37: 28.

We do not know how this little testament came to be, where it was, or to whom it belonged, but we know that the message that was on the open pages, is saying that God is still the most high over all the earth. And truly, this incident, is food for thought.

AUSTIN, Tex. -- Search for treasure off Padre Island will continue in a big way this summer.

Texas Antiquities Committee granted a reconnaissance permit to the Institute for Underwater Research Inc. to pinpoint locations of additional 16th century Spanish galleons believed to have sunk in Padre area waters.

Agiant survey, using geophysical detection devices and scuba divers, may serve as the basis for a state master plan for protection, study and possible future excavation of submerged historic sites.

State agencies, including the Land Office and major universities, will cooperate. Antiquities Committee granted \$3,000 to assist Underwater Research, a non-profit corporation financed with private foundation funds.

"It sounds good to me," commented Land Commissioner Jerry Sadler, storm center of the controversy over disposition of treasure recovered from an ancient Spanish galleon of Padre in 1967.

Antiquities Committee Chairman Dr. Fred Wendorf said there is good historical evidence that a fleet of Span-

ish ships was wrecked along the Texas coast in 1553. Committee, Dr. Wendorf emphasized, wants to prevent future looting by profiteers and to preserve remaining ships so that historic data and artifacts may be retained by the state.

Committee also put up \$6,000 to hire graduate students to compile inventory of major archeological land sites in Texas. Inventory would enable sites to be nominated to National Register of Historic Places and gain some protection from future destruction.

Wendorf, meanwhile, issued a new statement telling amateur treasure hunters, collectors and beachcombers not to think the Committee is spoiling their fun.

Committee permits are required to dig on state or public land. But activities on private lands are covered only where property is declared a State archeological landmark, and so far none has been so identified.

Big city districts urged a more equitable formula for dispensing state aid.

"Small districts have twice as much taxable wealth per student and receive 13 per cent more state aid per student," said Dr. Marvin H. Berkeley, Dallas Independent School District President.

Eighteen-member committee headed by veteran Sen. A.M. Aikin Jr. of Paris was authorized by the last Legislature to study the financial relationship between state and local districts and examine structure of current economic index for schools. In its session the Committee heard financial woes of Dallas, Fort Worth, San Antonio, New Braunfels and Lumberton school districts.

WELFARE COST SOARING -- Predictions about cost to Texas taxpayers of new federal welfare legislation get steadily more alarming.

Senate welfare reform committee was told by its staff chief, Dr. June Hyer, that bills before Congress would increase state spending for medical care of needy by \$252 million to \$293 million during the next two and a half years.

Welfare Commissioner Burton Hackney said assistance programs can be maintained at present levels until July 1, 1971, only if the legislature boosts welfare appropriations to a ceiling of \$80 million in January. Hackney also saw a chance of getting \$8 million in emergency funds through rejiggering procedures for purchasing medicines.

APPOINTMENTS -- Gov. Preston Smith announced these appointments:

Committee to Study Employer-Employee Relations -- William Norwood Hollis and Don Horn of Houston, Tommy V. Smith of Austin, Angus S. McSwain Jr. of Waco and W. T. Satterwhite of Dallas. Nueces River Conservation and Reclamation Dis-

trict Board -- Joe E. Briscoe of Devine.

INSURANCE HEARING SLATED -- State Board of Insurance announced income of insurance companies writing auto coverage in Texas and its effect on rates will be the major subject of a special hearing on July 14-15.

Main hearing on statewide automobile rates is tentatively set for August 17. Board promised study and review of the entire rating formula.

AG RULES -- Atty. Gen. Crawford Martin slapped down Texas Water Development Board's plan to commit itself to the purchase of political subdivision bonds in the future, subject to availability of the funds at marketable interest rates.

At the same time, Martin held constitutional a 1969 statute aimed at authorizing political subdivisions to purchase water development board bonds and sell them at a discount. Opinion put the Board out of water project aid business for the time being.

Martin also upheld the constitutionality of the new destination franchise tax on out-of-state firms selling products in Texas, but said it can't be collected on strictly-mail order business.

In other recent opinions, Martin concluded that:

County judge cannot grant misdemeanor probation to anyone who has received probationary sentence during the preceding five-year period.

Cottonseed in physical possession of Vally Co-op Mill in Cameron County on January

1 is exempt from property taxes.

LARY CHILDREN HONOR MOM AND DAD...What a happy day Sunday was for Mr. and Mrs. M. S. Lary of Jonesboro. The Lary couple celebrated 50 years of marital bliss at a reception in their home.

Hosting the party were their four children: Mrs. W. H. (Orlene) Donnell of Marshall, Missouri, T. M. Lary of Midland, J. T. Lary of Midland and Belvin Lary of Austin.

The couple have five grandchildren and a host of congratulating relatives. We at the NEWS congratulate you too!

MRS. DAVIS IS ON THE JOB...Mrs. G. B. Davis, former Gatesville resident, is on the job at Macinac Island, Michigan in the world-famous Grand Hotel.

Mrs. Davis' duties as shopkeeper in the hotel's Colony Shop May 25. June 1, was the official opening date for the island's thousands of visitors. The season lasts until October 1.

The island (pronounced Mackinaw) has become one of the world's most famous summer resorts for people of all walks of life. The Grank Hotel, a massive Colonial structure with gleaming white columns along the world's largest porch, was built in 1887, and is a landmark of the Great Lakes. The hotel takes on the appearance of a great 4th of July celebration with American flags spaced from end to end of the lengthy porch.

The island is located in the Straits of Macinac and is a world away from the polluted cities of our country. In fact, the isle can boast "the cleanest air in the world" because of its lack of automobiles--no autos or combustion vehicles are allowed on the island with the exception of an ambulance and fire engine. All other transportation is by REAL HORSE-POWER! Most traveling is done on horseback or by buggy!

In a postal card received from the former Coryeller this week, she said the island was beautiful and the 22nd of May, the isle had sleet and wintry weather. At the time of her writing, Mrs. Davis said it was 45 degrees but she could see swimmers in the hotel pool! Brrrr!

IT'S VACATION BIBLE SCHOOL TIME...Several of our area churches will open their doors today to their annual Vacation Bible School sessions. These schools are an important part of a child's religious education and offer both study and fun for every youngster.

Among the area churches holding Bible schools are the Mountain Baptist Church, Live Oak Baptist Church and Purmela Baptist Church.

If your child is attending any of these churches do not fail to use this opportunity to learn about the Bible and God's word.

DON QUIXOTE WILL BE AT CASA...The tireless searcher Don Quixote will travel across the round stage at Fort Worth's Casa Manana in his endless quest to right the evils of the world when the theater opens its two week run of the smash hit musical "Man of La Mancha."

The musical, starring Joshua Hecht and Marilyn Child will be performed from June 8-June 20. The story is based on the book, "Don Quixote," by Miguel de Cervantes which is considered one of literature's masterpieces. Two of the most famous songs to come out of the musical are "The Impossible Dream" and "Dulcinea."

I was lucky to see the "Man of La Mancha" in Lubbock last year and recommend it as a great show that will make an evening out an hilarious event! Go see it!

APPLE CRISP FROM AL...Those who claim a man can not cook are wrong! Al Pearce of Gatesville sent two taste-tempting recipes from an old fashioned cookbook. Of course both are deserts (a natural favorite for a man!)

APPLE CRISP

1 qt. sliced apples (peeled and sweetened to taste)
2/3 c. brown sugar
1/2 c. flour

1/2 c. oat
3/4 t. cinnamon
3/4 t. nutmeg
1/3 stick butter

Pour the sweetened apples into a pan which measures about 8 inches square. Mix all other ingredients together and pour over the apples. Bake 30 to 35 minutes at 375 degrees.

Now, serve it with your favorites for a meal with a sweet ending!

OATMEAL COOKIES

1 c. oats (quick)
1 1/4 c. hot water
1 stick oleo
1 c. white sugar
1 c. brown sugar

2 eggs
1 1/2 c. flour
1 t. soda
1 t. cinnamon
1 1/2 t. salt

Al's second recipe is for that old-time kid-pleaser, oatmeal cookies.

Pour oatmeal over hot water and let stand for 20 minutes. Cream butter and sugar; add oatmeal-water mixture, then sift in dry ingredients. Mix well. Pour into a greased and floured pan measuring 9 X 13 inches. Bake 35 to 40 minutes at 350 degrees.

If you have a favorite recipe, share it with our readers.

HAVE A SUMMER BIRTHDAY BOY OR GIRL...If a member of your family has a summer birthday, take advantage of the warm weather and move the festivities outside! Make things easier on the other Moms by letting the invitation tell everyone to wear old clothes.

Make the main entertainment event an art "happening." Wind rolls of shelf paper around posts and give each child a section to do his own art thing. After the "painters" are finished, award prizes to the best works.

For refreshments, pack box lunches of sandwiches and trimmings in gayly wrapped packages and tie them so that they hang from a tree. Let paper cloths represent tables. Use plastic glasses for party punch made with fruit juice and a package of soft drink mix.

BIRTHDAY PARTY PUNCH

1 envelope sugar-sweetened soft drink mix, any flavor
1 cup unsweetened pineapple juice
1 quart water with ice cubes

In a non-metal or stainless steel container, combine all ingredients, stirring until soft drink mix is dissolved. Makes about 5 cups or 10 servings.

For apple party punch, prepare as directed, substituting unsweetened apple juice for the pineapple juice.

Miss McAlpine Is Shower Honoree

Miss Linda McAlpine, bride of Jack Maxwell, was honored May 19, with a mix-cellaneous bridal shower in the home of Mrs. F. J. Maresh of Freeport.

The refreshment table, laid with a hand crocheted cloth was centered with an arrangement of pink roses in a three tier silver bowl. Friendship Club To Hold Ice Cream Supper

Mrs. Ruby Young was hostess at her home for the May 28 meeting of the Craft Friendship Club.

Three guests, Lisa, Brenda, and Lainya Young met with the thirteen members present.

The group quilted one quilt and made blocks for a friendship quilt for the hostess.

Refreshments were served and plans were discussed for the June 11 gathering to be held at Faunt LeRoy's Park. Ice cream will be served to the members and their families. A special treat will be having the grandchildren present.

Given in marriage by her brother, David Zane Hancock, the bride wore a formal gown of chantilly lace fashioned with a sabrina neckline and long tapered sleeves ending in petal points. The bouffant skirt was accented by a basque waist dipping to a point in front and tiers of lace formed the back skirt which extended into a full length chapel train. Black Reunion Scheduled June 14

The Black family reunion is set for Sunday, June 14, at Raby Park in Gatesville.

"We invite all of our friends and relatives to be with us," said F. R. Black, spokesman for the pioneer Coryell family.

According to the archives in Austin, J. O. Black was reared on the farm and received only limited educational advantages. At the outbreak of the late war he enlisted in Emrine's battalion of infantry, but remained in the service only four months, being discharged on account of sickness. He was subsequently taken up for examination eighteen times, and as many times was released. When the struggle closed he had no less than eighteen discharges.

In 1873 Mr. Black came to Coryell County, Texas, and located on Henson's creek, where he bought a 100 acres of land. Disposing of this farm in 1883, he engaged in selling goods at Ruth, and was thus occupied four years. Since then he farmed near Ruth. There he owned a farm of 235 acres, sixty acres of which were under cultivation. It was through Mr. Black's efforts that the post office of Ruth was established, and for four years he served as Postmaster.

He and his wife had twelve children, eight of which they lost in infancy. The remaining four were Mary S., wife of J. A. Galloway; Ida, wife of James Barrett; Alfred B. and Frank Ross.

Frank Ross (Noog) Black is still living and is 83 years of age.

**WASHINGTON VIEWS
AND NEWS
BY BOB POAGE**

There has been very little progress on the Farm Bill and no further definite concessions on the part of the Administration. I find it very difficult to understand this Administration's willingness to support generous assistance to other groups and to deny it to our largest industry: agriculture.

Just yesterday the House voted overwhelmingly, and with strong Republican support, to embark upon a tremendous program of subsidized ocean shipping. I recognize that if American seamen are to enjoy American standard of living we must subsidize these vessels and I vote for the bill. It seems to me that exactly the same reasoning which justifies support for this merchant shipping would justify support by the government of agricultural production.

Of much more far-reaching importance was the vote yesterday on an increase in Social Security payments by about five percent and increasing Social Security taxes to pay the bill in the future. This bill also shifted from the Federal Government a very substantial obligation in connection with Medicaid. There is much argument as to exactly the effect of this shift. I do not want to have the Federal Government assume all of the obligations incident to the care of all of our people who reside in nursing homes or homes for the aged, but on the other hand,

I don't want the Government to throw out needy people who have returned from our hospitals and can be much more cheaply cared for in nursing homes.

The advocates of this change say that the State will pick up the tab. I think this is clearly impossible in Texas without a Constitutional Amendment which means the Legislature would have to meet, submit the Amendment for a vote of the people, and then have another session of the Legislature to implement it. I thought we were entitled to a clear explanation by the members of the Ways and Means Committee which presented this bill and that we were then entitled to have the opportunity if it seemed proper to amend the bill. Instead, the Ways and Means Committee asked, and secured, a "closed rule" providing no amendments. I voted against the closed rule, but it was adopted; I then voted against the entire bill. I know that it has some good features, but I cannot believe that if the Committee is going to deny us the opportunity to change anything they bring out that we should accept their handwork without question. This is a bad legislative practice and one about which I have complained many times in the past. This same Social Security bill provides an escalation clause for both payments and taxes as the cost of living goes up. This provision was placed in the bill at the specific instigation of the Republican Leadership.

**Time To Be On Guard
For Fire Prevention**

Once again it is time for ranchers and others to guard against fire, the greatest hazard to rangeland during the hot summer months, Bobby J. Ragsdale, range specialist with the Texas Agricultural Extension Service, has noted. "Good moisture during the spring has resulted in good vegetative growth in many areas of the state, and the high temperatures and summer dry period will result in optimum fire conditions," Ragsdale said. "Everyone has a stake in preventing range fires, he said. The rancher depends upon the vegetation produced for livestock forage which ends up in the steaks, lamb chops, and other products which all Texans enjoy, Ragsdale said. "Fishermen and water enthusiasts want clear lakes for fishing or other forms of re-

creation," he said. "However, fire denuded rangeland leads to soil erosion when the rains come, resulting in silt-filled muddy lakes."

The forage produced on rangeland provides cover and food for wildlife, too, Ragsdale remarked. A wild fire can reduce the hunter's opportunity for plentiful and well-fed game, he added.

"There are solutions to prevention of fire," Ragsdale said. "The motorist can make sure all cigarettes are put out and placed in the ash tray instead of thrown out the window; recreationists can be careful with camp fires; landowners can build fire guards, have sprayers and other fire fighting equipment in good repair and readily available and local governments can have up-to-date workable plans for fighting fires."

Everyone has a part in preventing range fires and all will suffer from such fires, he remarked. Everyone should do their part to help prevent range fires, Ragsdale urged.

One will be for members only, and the other one will be open to everyone interested.

After the business meeting homemade ice-cream of several varieties and cakes were enjoyed by all members present. Special guests for the supper were the Jaycees who were working to add the finishing touches to the arena for the Rodeo.
