**NOW IN USE**—The bridge which spans Grubbs Branch in the western part of Hico was in use again this week after city workers partially completed the new span. The bridge was put out of use when a heavily-loaded truck crashed through the structure more than two months ago. However, restriction of load limits of less than 5,000 pounds has been put into effect until the bridge is completed. Due to the unusual wet conditions, workers have been unable to place piers beneath the structure, and until this is done, the load limit will remain in effect. Meanwhile trucks will have to use the crossing directly below the bridge. City officials stated that the piers would be poured just as soon as the ground is dry.

## Candidates File For City and School Elections This Week

City politics began to shape up this week with the filing by four candidates in the Council and Mayor races, and two names submitted for places on the school trustee election ballot.

## Lawrence Tolliver Seeking Commissioner's Post in Bosque County

To the People of Precinct 1, Bosque County: In announcing my candidacy for Commissioner of Precinct 1 of Bosque County, I am asking for your vote and consideration in this coming election.

I have been a taxpayer, and a resident of Precinct 1 for twenty-five years.

I am forty-seven years old and was a resident of Hamilton County Precinct 3 before moving to Bosque County, and was employed by the late S. A. (Uncle Sam) Clark, Commissioner of Precinct 3, Hamilton County.

I believe that the experience I have had in these years enables me to know the responsibility of this office.

I want to see as many voters of this precinct as possible, but in case I fail to see some, I will greatly appreciate your vote and support.

I trust that I will have the honor of serving you as your next Commissioner of Bosque County, Precinct 1.

LAWRENCE TOLLIVER.

## NURSING HOME RESIDENTS GIVEN 'THE WORKS' MON.

In observance of National Beauty Week, Mrs. Grady Hooper, local beautician, visited the Hico Nursing Home Monday, and complimented each of the residents and employees of the home with a shampoo, set, and hair trim.

Mrs. Hooper carried her equipment to the home, enabling her to a complete hair style.

Recipients were Mrs. J. I. Tooley, Mrs. Anna Wolfe, Mrs. Bill Dunnagan, Mrs. H. R. Brummett, Mrs. T. O. Sowell, Mrs. Raymond Cody, Mrs. Opal Adkison, and Mrs. Mary Payne.

## Monday Rites Conducted For Hico Baby Flu Victim, LaVonda Phillips

Funeral services for LaVonda Kay Phillips, 11-month-old daughter of Mr. and Mrs. John Phillips, were held at 3:30 p.m. Monday, February 8, in the Barrow-Rutledge Funeral Chapel. Rev. D. L. Barnes conducted the services with burial in the Hico Cemetery.

LaVonda Kay had been ill about a week, and had been in the hospital five days. Her death was attributed to a combination of influenza and pneumonia.

Survivors include her parents; a brother, Kenneth Wayne Phillips; her maternal grandparents, Mr. and Mrs. W. B. Morris of Stamford; her paternal grandparents, Mr. and Mrs. Rufus Phillips of Hico.

Funeral services were held Thursday afternoon at 2:00 o'clock at the Barrow-Rutledge Funeral Chapel for Mrs. Ola Mae Wallace, 74, Mrs. Wallace, a former Hico resident, passed away Tuesday in Houston.

Rev. J. A. Richardson of Houston conducted the services, and burial was in Hico Cemetery.

## Funeral Services Held Thursday Afternoon For Mrs. Ola Wallace

Funeral services were held Thursday afternoon at 2:00 o'clock at the Barrow-Rutledge Funeral Chapel for Mrs. Ola Mae Wallace, 74, Mrs. Wallace, a former Hico resident, passed away Tuesday in Houston.

Rev. J. A. Richardson of Houston conducted the services, and burial was in Hico Cemetery.

Survivors include her parents; a brother, Kenneth Wayne Phillips; her maternal grandparents, Mr. and Mrs. W. B. Morris of Stamford; her paternal grandparents, Mr. and Mrs. Rufus Phillips of Hico.

Funeral services were held last Friday afternoon at 2:30 in the Chalk Mountain Church for Leslie Lois Jackson, 44, Rev. J. B. Everett officiated, with burial in the Chalk Mountain Cemetery under the direction of Barrow-Rutledge Funeral Home.

Mr. Jackson had been ill about a week and had been a patient in Hico Hospital where he passed away last Thursday morning of influenza. He was born in Erath County October 23, 1915, and had lived all of his life at Chalk Mountain. He operated a service station there, and was a member of the Baptist Church.

Survivors include his wife; a daughter, Connie Jackson of Chalk Mountain; two sons, Ronnie Jackson and Joey Jackson of Chalk Mountain; his mother, Mrs. J. T. Jackson of Chalk Mountain; three brothers, Clarence Jackson of Hico, Clyde Jackson of Crosbyton, and Clifton Jackson of Chalk Mountain.

## Mrs. Pearl Williams Makes Statement in Behalf of Candidacy

To the Voters of Hamilton County: I am now serving the unexpired term of Billy G. Wood as Tax Assessor-Collector of Hamilton County, having been appointed to the office by the Commissioners Court of Hamilton County. I am asking the voters of Hamilton County to elect me to this office for my first full term. I feel that my past experience qualifies me for the office.

I was born and reared in Hamilton and have made this my home all my life. I attended the Hamilton Schools and also took an extension course in bookkeeping and accounting. I was employed by Bob Riley Burial Insurance and T. M. White Abstract office for 10 years.

I have been chief deputy in the tax assessor-collector's office since 1952 and know all the details of the work. I am aware of the responsibility of this important office and my experience places me in position to handle all the details easily.

I will appreciate your vote and influence in my candidacy for this office. I will always feel my obligation to merit your confidence and friendship.

If elected, I will serve you in the future as in the past, rendering prompt and accurate service to all alike.

Yours very truly,  
PEARL B. WILLIAMS.

## Two From Area Go To Chicago For National Conference

Jerry Johnson of Hico and Kay Fulcher of Stephenville left Wednesday for Chicago where they will attend a three-day National Youth Power Conference.

The trip was made possible by several service clubs and individuals.

Johnson and Miss Fulcher were second place winners in a statewide "Food Comes First for Youthpower" editorial contest held late last year under the sponsorship of the Farm Bureau.

As runners-up in the contest the two were not eligible for the expense-paid trip to Chicago, but a Stephenville group organized the drive for funds for the two, enabling them to make the trip.

Contributions for the trip were from Hico Civic Club, Stephenville Lions Club, Stephenville Rotary, Stephenville Kiwanis, Dr. Vance Terrell, Central West Texas Milk Producers Association, Erath County Farm Bureau, and the directors of the North Texas Milk Producers Association.

Statistics on the boys' team released this week by Coach Jack Barnett reveal that Hico posted a 17-6 won-lost record for the season, and a 9-1 district record. They have won ten straight games, and 14 of the last 15 played.

In district play, the team has averaged scoring 60.4 points per game, while limiting their opponents to 37.8 per contest.

Four of the five starting team members have averaged more than 10 points per game in district play, with Doyle Crews posting the best mark, a 14-9 mean. Mark McElroy has averaged 13.4 points a game; Neil Ellis 12.6; and Don Jernigan 11.3. Mitchell Mayfield, the other starter, has only a four-point average, but Coach Barnett was quick to point out that he has consistently been one of the better defensive hands. Even with the small point-per-game average, Mayfield's shooting average is close to 50 per cent.

The Hico girls could never find the scoring punch this year which was needed to carry them to a championship. All of the girls' teams in the district were stronger than usual, with only Blum finishing with a perfect mark. Only three team members graduate from the squad, and Coach A. A. Chandler can look forward to future seasons with great anticipation. Freshmen on this year's squad logged enough playing time to gain experience to make them contenders for the title next year.

## Sonic Boom Decision on Hico Warehouse Upheld by Court

Hamilton.—Texas State Supreme Court has refused a writ of error in the case of Firemen's Insurance Company vs. J. E. Alexander. This action upheld the verdict of a Hamilton County District Court jury which awarded J. E. Alexander \$2,750, with interest, for damage to his warehouse in Hico he claimed was caused by a sonic boom from aircraft on Nov. 18, 1956. Alexander's insurance company had denied liability for the loss, contending any such damage was not covered by a Texas standard insurance policy.

The case involved extensive litigation after being filed in the 52nd Judicial District Court, being first moved to the Federal District Court in Waco and later remanded back to the local court.

It was first tried in Hamilton court in March of 1958. The court withdrew the case from the jury and ruled Alexander was not entitled to recover for his loss under the policy. This was appealed

## Hico posted a perfect 5-0 record to win the second half, the same that Blum won the first half with.

Coach Jack Barnett and Supt. O. C. Cook met with Blum officials Wednesday night to set the time and place of play-off games.

The first game will be played tonight, Friday, at Blum, beginning at 7:30 o'clock. The second game will be played at Hico Tuesday night, also at 7:30. The third game, if necessary, will be played next Friday night at Morgan, both schools agreeing on the neutral court.

Blum's girls won the district title outright, and will meet Meridian at a later date to determine the bi-district champion.

In Tuesday night's game, Doyle Crews led Hico scorers with 20 points, followed by Neil Ellis with 17. Four of the team's starters hit in the double figures as they completely out-classed the visitors. Other scorers for Hico were: Mark McElroy, 11; Mitchell Mayfield, 8; Don Jernigan 11; Harold Hatcock 4; and Mike Lowe 1.

## IT'S THE LAW—

### Without Will, Law Says Who Shall Get Your Property

In this unpredictable life of ours, it is the law's business to take a long look into the future and say what would "happen if."

For in your contracts, leases, wills, insurance policies, escrows, and the like, you had better say what would "happen if" some of your best laid plans go awry. Such events the law calls "contingencies."

Who gets the "earnest money" you put down, if you cannot go through with buying that house? What if you want to pay up that loan and save interest? What happens if a partnership goes sour, or a partner gets sick or dies? What happens if the people you name in your will should die before you do, or, if you all perish in a common catastrophe like a car smashup?

The law is wise but it cannot do your thinking for you. It settles such questions—but not always to your liking. If you don't make a will, the law says who shall get your property. If you leave cer-

tain things out of a contract, the law assumes that you meant to put them in the way you want them, by asking "what if?"

Take your will now: Your first desire, of course, is to take care of your wife and children—those nearest to you. But it won't hurt anything to put "contingent beneficiaries" in your will in case something happens to thwart your first intentions.

Review your will every year or so to see if it meets the new things that have come up, or arrange with your lawyer to write in "contingent beneficiaries"—those who will receive your property if your first beneficiaries should die before you do.

You may long ago have had your son provided for in your will, but what about those lovely grandchildren he and his wife have presented to you since you wrote the will? What would happen to them if things go wrong and your son should die before you?

Or take your widowed sister and her children now. Suppose you and your immediate family should be wiped out: Would you want your property to go equally to her and to your well-heeled bachelor brother? Or would you prefer to leave your brother some token of your affection, and then really take care of your sister.

You may be impatient with the laws long memory. Such things never happen, you think, but the court records are full of plans which failed. And so the law has

ways in which you can provide for "what happens — if." One way is the advise of contingent beneficiaries in your will and insurance policies.

### TIRED FEELING CAUSES FAILURE

Every day many men fail to make a good living because they are not well. Men especially reap a jumbo sized penalty when "that tired feeling" robs them of the necessary vim and enthusiasm which is required in successful living. A tired "I don't care" attitude kills any hope of success. Men are usually too proud to admit weakness until it becomes so serious they get frightened. That is why apparently strong men collapse and die in their prime, who might otherwise have lived to enjoy the fruits of their labors.

Dr. Robt. H. Walker

It is much smarter to consider your body as a machine, an electrical machine which our Creator designed to run smoothly, but it does need attention once in a while just the same as your tractor or your automobile.

A man of thirty-three years came to our Clinic complaining of awakening tired in the mornings with pain in his left arm and shoulder and numbness in his left hand. The numbness would clear up after he had been up for a short time but he had to force himself to his job. Our routine spinal examination located defective nerves and xrays disclosed vertebrae causing nerve interference. Today this man is feeling fine and wakes up every morning anxious to get to his work.

## FIRST PLAY PRACTICE

Monday night the Seniors started their series of many play practices. Those who are in the first act met at the home of Judy Griffiths to read over parts of the "Hillbilly Courtship." With a lot of stumbling and mumbling around we finally got through the first act.

Cold drinks were served as refreshers, and then the practice was adjourned. The next practice session was slated Thursday night.

## WHO'S WHO

The victim of my ever-roving eyes this week is a good "tall" ole Senior. He always has a ready

smile for everyone and a cheerful word. Although he keeps his time pretty well occupied by holding a part time job, he is always ready to do you a favor.

Among his interests are dancing, girls, music, rabbit hunting, cars (especially a black and white Mercury), and getting the clean clothes delivered on time.

No doubt by this time you have guessed I am talking about FLOYD DRAKE.

## THIS WEEK IN AUSTIN—

# Only 22 Candidates in 12 Statewide Races This Year

By VERN SANFORD  
Texas Press Association

Austin.—Here we go again!

It seems as if a segment of Texas history is repeating itself as the state and numerous gas companies go to court to decide the constitutionality of a new gas tax.

Some 80 gas companies have filed suit asking the court to declare invalid the natural gas severance beneficiary tax passed by the Legislature last summer. Six of the suits are set for trial beginning February 15.

They will be tried in the same Austin district court in which the contest over the old gas gathering tax was begun. This tax law was passed by the Legislature in 1951 and eventually declared un-

constitutional by the U. S. Supreme Court.

Gas companies are attacking the new severance beneficiary tax on much the same grounds they did the gathering tax. They contend it is in violation of interstate commerce laws.

Passage of the severance tax came after one of the hardest battles of the stormy six month session. It places a 1.5 per cent levy on the pipelines on the grounds that they benefit from the taking out of the gas.

Revenue-wise, the gas tax represents a rather modest portion of the overall tax program passed in 1959. It was estimated it would bring in about \$15,000,000 of an overall \$185,000,000.

## Short Ballot

In the 12 races for statewide office this year, there will be only 22 candidates.

Six state officials are seeking reelection unopposed.

Some years ago, there were almost as many candidates in the governor's race alone as there are now for all the statewide offices. In those days the filing fee was only \$100. Today's price is killing off the competition.

Filing fees today are 5 per cent of annual salary, which runs \$1,250 for governor, \$1,125 for U. S. Senator, \$600 for lieutenant governor, etc.

## Watch that "Flu"

If you're one of those lucky Texans who hasn't yet been hit by influenza, State Health Commissioner J. E. Peavy has advice for you: "Don't take any chances."

In several cities the flu has reached epidemic proportions. Dallas reported the highest flu-caused death toll since the 1918 siege.

Dr. Peavy said flu ordinarily lasts only three to five days but must be taken seriously because of the possibility of complications such as pneumonia.

He advised against self-treatment and urged victims to go to bed and call a doctor at the outset.

## P-TA Endorses Session

Some 85 per cent of local P-TA leaders in Texas favor a special session to raise teachers' salaries, according to a report made to Gov. Price Daniel.

Mrs. T. W. Whaley of Kosse, president of the Texas Congress of Parents and Teachers, told the governor that executive committee members of 563 local P-TA units were polled.

She said 8,155 favored a special session, 847 were undecided and 563 were against it. There were no suggestions as to how to pay the bill.

Governor Daniel has held off calling a special session pending the development of enough public and legislative support to carry it through to success.

## Poll Tax Assailed

Next Texas Legislature may be called upon to vote on whether the U. S. Constitution should be amended to outlaw the poll tax.

U. S. Senate has voted out a proposed amendment to void the tax. It goes next to the House, which has passed such a measure five times before.

If the House passes it, it will then have to be ratified within seven years by the legislatures of three-fourths of the states.

Texas is one of five states which still have a poll tax. Others are Virginia, Mississippi, Alabama and Arkansas.

## License Plates on Sale

Texas drivers have from now until midnight, April 1, to get new license plates for their cars.

State Highway Engineer DeWitt C. Greer predicts that nearly 5,000 cars will be registered this year. This adds up to some long lines April 1 unless a lot of people buy early.

Greer emphasized the importance of each vehicle owner's registering his car or truck in his home county. When he goes to register, each owner should take his certificate of title and last year registration receipt.

Penalty for an improper registration is \$200.

This year's license plates are black with white letters.

## City-County Study

Texas Commission on City and County Government plans to send a questionnaire to city and county officials and other interested persons on the possibility of combining some city and county functions.

Aim, according to the Commission,

# Springer Baby Seriously Ill in Waco Hospital

Mr. and Mrs. Leon Springer carried their baby daughter to Waco Tues., and the baby is confined to Providence Hospital seriously ill. Mr. and Mrs. Springer are with her.

Funeral services for Mrs. May Wolfe were held last Friday at Breckenridge. Mrs. Wolfe was the eldest daughter of the late Mr. and Mrs. T. L. Burris of Fairy. She was a niece of Mrs. Ben Wright of Hico.

sion, would not be to combine city and county government, but to find ways to economize by eliminating duplicating services.

Seventeen Texas counties, it was pointed out, have 55 per cent of the state's population. It is in these areas that city and county problems tend to overlap.

## Price Fixing Charged

Atty. Gen Will Wilson has charged a Wisconsin manufacturer of drafting equipment with fixing the prices of goods sold to the state.

Suit was filed in an Austin district court against the Hamilton Manufacturing Co. of Two Rivers, Wisconsin.

Wilson contends the company, through "suggestions" to its distributors, set the prices on more than 200 different items totaling \$100,000.00.

## SET OR MOVE SHRUBS NOW

This is a good time to organize shrubs into screen or foundation plantings around the home. Any shrubs that dot the lawn and complicate mowing may be reset at this time.

Consider potential size of the tree or shrub, when choosing a location for setting or resetting. Large growing plants are not suited for planting around the average home. They do make excellent screen-plantings to give privacy to the work or recreation area of the landscape. Some large plants that require little water are the althea, ligustrums, Arizona cypress, sherry laurel, crape myrtle, evergreen sumac and others. Nearly all of the hollies should be used in screen planting rather than placed around the house.

Shrubs for foundation plantings should be in proportion to the size of the house. For the low, ranch type house which is popular now, true shrubs, that is, shrubs that will not grow over 8 to 10 feet, are best suited. There are many true shrubs that are drought- and pest resistant. Among these are rosemary, lavender, the dwarf junipers, spirea, dwarf pyracantha, nandina, abelia, native agartia and others.

Proper location of shrubs will save work in pruning and care, and add to the attractiveness and comfort of home grounds.

## COLOR HELPS CREATE ROOM ATMOSPHERE

Looking for some way to brighten and change room interiors for spring? Color, lighting, and furniture groupings are inseparable in designing interiors. Skillful handling of these elements can help you create pleasant surroundings - without extravagance.

Before selecting colors, take stock of the room and its furnishings. Consider the size and shape of the room. Is it small? Out of proportion? It can be made

to seem larger and of better proportion with judicious use of color.

Are there many openings, ceilings too low or too high, the room sunny and light, or shaded and in need of warmth?

Who is to use the room? What will it be used for? Do you want a restful or stimulating effect?

Consider all these things in selecting wall colors. The effect of a room is usually most noticeable if muted or neutral colors are used for large areas, such as walls and brighter colors used on smaller areas. Then you might use additional colors for the ceiling, using the color wheel or color chart as a guide. Do not let a rug, printed fabric, or other cherished possession you in developing a color scheme.

For interest and balance, some light, some dark, some warm and some dull colors in the study colors in artificial light as well as in daylight before you make the final choice.

BIRTHDAY OBSERVED WITH OPEN HOUSE HONORING MR. J. H. WHITLOCK

H. Whitlock was honored on his 90th birthday Saturday, Feb. 6, with an open house at the home of Mr. and Mrs. C. Edward of Hico.

His daughters, Mrs. E. Coop of Merkel, Mrs. Havenhill of Fort Worth, Mrs. W. Broumley of Aledo, and Mrs. Woodward, assisted with the festivities.

Guests were Mrs. Morris and Mrs. Wallace Edwards. The arrangement of blue carnations and golden acacia centered the refreshment table.

Mrs. Leo Johnson of Winters, a granddaughter of the honoree, served the beautifully decorated birthday cake, baked by Mrs. Roy Seal. Mrs. George Newman of Arlington, another granddaughter, presided at the silver coffee and tea service.

Two great-granddaughters, Toni and Sharon Johnson of Winters, registered the guests. A spray of acacia complimented the registry table.

Eighty-seven guests attended, from Hico, Fair, Iredell, Walnut Springs, Morgan, Waco, Crosson, Dublin, Osage, Caddo, Fort Worth, Arlington, Dallas, Merkel, Winters, Gatesville and Temple.

Several floral arrangements, telephone calls, telegrams and many beautiful cards from relatives and friends unable to attend were sent, making the event a very happy occasion for Mr. Whitlock.

Valentine Theme Held at Monday Evening Bridge Party

Members and guests of the Monday Evening Bridge Club were entertained last week in the home of Mr. and Mrs. Sonny Christian with a Valentine theme.

The hostess in decorated the room and the dessert course during the evening.

The conclusion of bridge play was won by Ray Parks, who was high score.

CLAIRETTE HOME DEMONSTRATION CLUB WILL CONDUCT REUPHOLSTERY WORKSHOP

Mrs. H. G. Wolfe was hostess to the Clairette Home Demonstration Club at her ranch home last Friday, Feb. 5. The meeting was called to order by the president, Mrs. Goughly. The club creed and prayer were repeated in unison.

For recreation, Mrs. Wolfe requested each member compose a four-line poem. Mrs. Auvermann was awarded a gift for her poem, and Mrs. Sterling won a gift as lucky lady for the day.

Roll call was answered with "The Magazine I Enjoy Most, and Why."

Mrs. Edwards gave an interesting report on the January Council meeting. Mrs. Goughly, Mrs. Rush and Mrs. Johnson reported on the re-upholstery workshop they are attending in Stephenville, and which they will later teach to interested persons. The workshop will be conducted at the Clairette Recreation Center, and all ladies are invited to attend, regardless if they are club members or not.

Several things of interest were discussed and voted on. All members present signed a get-well card to be sent to Mrs. Pearl Durham at Waco, who has been gravely ill, but is much improved now. The hostess served a delicious plate of cookies, candy, nuts and frosted cakes to Mrs. John Goughly, Mrs. Chance Sterling, Mrs. Arthur Auvermann, Mrs. George Loden, Mrs. J. G. Edwards, Mrs. O. V. King, Mrs. Marvin Rush, Mrs. Frank Johnson, Mrs. H. K. Self and Mrs. John Willis.

The next meeting will be Feb. 19, with Mrs. Edwards as hostess. Reporter.

CHATTER

By HELEN OGLE

I haven't received any other word that this column might be rigged, so I presume that it is safe to continue with the Chatter.

I have received a suggested remedy for the skunk problem, given to me by one of our News Review readers. Scatter moth balls around the area where the pests stay. This information was published in a sports magazine, so it possibly is an answer to the problem.

Chatted with Luey Barrow last week while she was walking around town in her red shoes, attending to January bills.

Kay Jameson stumped her toe, and as a result, has been enjoying working in her comfortable house shoes.

Visited with Wilena Strey while she was in the office to insure their paper for another year. I found out that Wilena has a pet hobby; she thoroughly enjoys gathering pecans.

Jacksons Entertain With '42' Party

Mr. and Mrs. Robert Jackson entertained with a party in their home last Saturday evening for members of their club.

Following games of "42" the hostess served a salad plate and coffee.

Guests enjoying the occasion were Mr. and Mrs. Sim Everett, Mr. and Mrs. L. J. Chaney, Mr. and Mrs. George Griffiths, Mr. and Mrs. Marvin Marshall and Mr. and Mrs. Red Lackey.

I received a note from Mrs. C. L. Kinser stating that she had taken the paper so long that it was like one of her family, and she just couldn't do without a copy. Thanks, Mrs. Kinser, we'll try to see that you always receive a copy.

Wonder if our local golfers feel this way? Golfing businessmen often feel that if they shoot above par they are neglecting golf; and if they shoot below par they are neglecting their business.

Visited with Lena Hughes while on a coffee break and she asked if I might like to publish a recipe for custard that she has used for years. She has had several requests for her copy, so will be glad to pass it along to you:

3 slightly beaten eggs  
fourth cup sugar  
fourth tsp. salt  
2 cups milk, scalded  
half to 1 tsp. vanilla.

Combine eggs, sugar and salt. Slowly stir in slightly cooled milk. Cook in double boiler, (over hot, not boiling) water, stirring constantly. As soon as custard coats metal spoon, remove from heat. Cool slightly. Stir in vanilla. Chill rapidly. Keep in refrigerator.

I can highly recommend this recipe as Lena brought me a sample one day this week, along with a slice of cake.

The Grady Hoopers were contacted by phone this week on the National TV Survey, asking for the average family opinion of TV shows and programs, and their preferences. Life magazine carried a story on this survey and I think this would be appreciated by the public if it were carried out throughout the entire nation and not just certain areas.

# FAIRY

By MRS. EUNICE DANIEL

Our hearts were made sad last Friday and Saturday as news was circulated of the passing of one of our beloved citizens, Mrs. Mamie Bonner, who died very suddenly at the home of her son, L. F. (Frank) Bonner near Fairy late Friday. Mrs. Bonner had just returned home from a visit with her mother at Dallas. Not feeling very well, she had a relative drive her car home for her. She went by her home and lit a heater, then

went to the home of her son nearby for a short visit with them, and had been there only about 30 minutes when she suddenly passed away as she sat in a chair, holding her grandbaby.

Artificial respiration was administered and an ambulance was called, but to no avail.

Mrs. Bonner had suffered a light stroke last November and was hospitalized for a time, but recovered sufficiently to be up and about. She will be greatly missed from the community. She was the widow of the late Frank Bonner Sr.

Our deepest sympathy is extended to the bereaved son and family and other relatives in her passing.

Mr. N. S. Sellers of Hamilton, father of Carl Ray Sellers, Mrs. Raymond Jones and Mrs. Wesley Jones, is very ill at his home in Hamilton. He has been in ill health the past several years, but his condition grew worse last week and children were called to his bedside during the week end.

Mr. and Mrs. Roy Driver of Waco visited during the week end in the homes of their brothers, Mr. and Mrs. Frank Driver and Mr. and Mrs. J. T. Jackson. Mr. and Mrs. D. E. Allison of

# Victory "Brand Wagon"

Dublin and Mr. and Mrs. Texie Allison and Dana of De Leon visited last Thursday night, Feb. 4, in the home of the men's parents, Mr. and Mrs. Ed Allison in honor of Mr. Allison's 74th birthday. Mr. and Mrs. D. E. Allison also visited a short while in the home of her sister, Mr. and Mrs. Carl Ray Sellers and family.

Several from this and surrounding communities were in Hico Sunday afternoon to attend funeral services for Mrs. Mamie Bonner.

The writer visited a while Sunday afternoon at Hamilton nursing home with Mrs. Brittle Little, Mrs. Alford, Mrs. Smith and Mrs. Ganske. On our return home we stopped at the new Lanham Methodist Church which is under construction. Work is progressing rapidly. They now have the frame work of the wall up, and outer board decking and a portion of the rafters and joist. Most of the work is being donated by members of the church. The church will have four classrooms. The two at the rear of the building will be provided with folding doors, so that they may be opened and the space used as a seating capacity when needed. The old building which was razed recently was said to have been built some 73 years ago. Many of the nails removed were the old square type. Mr. and Mrs. Helms of Cranfills Gap were also visitors at the site Sunday.

While at the Lanham Church we walked over the nearby Lanham Cemetery and noted the markers of the graves of many we had known in their lifetime. We especially took notice to the marker at the D. C. Hendrix lot. It will be remembered by many that Mr. Hendrix and his daughter, Malinda, age 31, both were drowned at Blue Hole near the present Honey Creek crossing. This was on May 25, 1903. Though only a small child we can remember hearing our parents and others talk of the tragedy and remember seeing their team of horses lying dead beside the road after they had been removed from the hole of water. Mr. Hendrix, who was about 64, and his daughter had been to Hico for a load of feed and supplies. On their return home they stopped at the crossing for the team to drink. This dangerous hole was just at the crossing's edge. The team got too far to one side and all went down in that dangerous 20-foot deep hole together. Sacks of feed were said to have fell on Mr. Hendrix and daughter. The grief-stricken mother, Mrs. D. C. Hendrix, passed away in November of the following year.

Then exactly 36 years and one day, this same dangerous hole of water took the life of our dear son, James Dudley Richardson on June 25, 1939. His death still remains a partial mystery. We can also remember back around 1900 or maybe a year or two later when our parents and family were on their way to Moody, Texas to visit relatives, in the covered wagon days. Our dad also stopped for the team to drink. As they kept inching along as they drank, dad noticed the right hand wheels of the wagon seemed to be sinking. He hurriedly rushed the team out to the left, saving the life of our entire family.

We understand there has been other drownings there, back in the

who have drank of the bitter cup of sorrow.

Mrs. Leon Springer carried their two-week-old infant daughter to the Hico Hospital Monday, and is there with the baby, which is under observation. The four other Springer children had been ill with colds and it was first thought the infant was ill of the same, but at this writing, Tuesday, cause of its illness has not been determined.

Mr. and Mrs. Carl Ray Sellers and family visited a while Sunday afternoon in the home of his parents, Mr. and Mrs. N. S. Sellers of Hamilton.

Mr. and Mrs. E. M. Hoover were in Hamilton Sunday afternoon for a visit with his mother, Mrs. A. R. Hoover at the Hamilton Hospital, where she has been a patient for almost two weeks. Glad to report her able to be returned to the Hamilton rest home

Sunday. All are enjoying the sunshine for a change.

We received a short letter from Mrs. Fannie Michael of Haywood, Calif. last week, who takes the News Review and she stated she appreciated hearing from friends in this section. She is the former Miss Fannie Anderson of near Fairy. Along with her letter was a check or \$5.00 for the Fairy Cemetery. Her donation is the second received this year. We thank her very much, for we're sure going to have to stay after grass and weed growth. As we look at the pretty green meadows and patches of winter grass here and there as one travels the highways, would leave us to believe spring was just around the corner.

Mr. and Mrs. H. O. Richardson, and Jerry were shopping in Waco one day last week.

**CARD OF THANKS**  
We wish to thank Dr. and the hospital staff and visitors and patients at the Hospital for their kindness during the illness and death of our baby daughter. Also to our friends who brought food. May God bless each and everyone of you.

**OPEN THE TRUNK... PROVE HOW MUCH EASIER CHEVY IS TO LOAD!**

- 1 Single key locking for convenience Who wants to play guess-which-key-opens-the-trunk? One key opens Chevy's trunk, doors, glove compartment and starts the car.
- 2 No loose wiring Chevy's luggage compartment keeps snagging wires away from your cargo for extra safety and easy stowing.
- 3 Wider storage space And you don't have to reach underneath anything to take advantage of Chevy's wide open spaces, either. Just load away in this big trunk.
- 4 As much as a foot-and-a-half-wider

- 5 Up to 22.5% more usable luggage space in a Chevy You've got 30 cubic feet of solid air in Chevy's big trunk, and every cubic inch of it is right at your fingertips.
- 6 Deeper trunk for bulky loads You can stand most packages up in this deep well—no crushed groceries! Yet you needn't reach way down to unload.

- 7 Lower sill for easier loading Why should you hoist heavy bundles any higher than you have to? Chevy's sill is lowered for faster, easier loading.
- 8 And the gas tank filler tube doesn't take a big bite out of luggage room It's tucked away virtually out of sight and cargo area. Any way you look at it, Chevy takes mighty good care of your loads. You can open the door to all of Chevy's wonders at your Chevrolet dealer's. What's keeping you?

**LONE STAR AGRICULTURE—**

**New Seed Laboratory Planned For East Texas**

Expansion of the Texas Certified Seed Program is such that it has prompted the Texas Department of Agriculture to plan a new seed laboratory for East Texas, construction of which will begin in Tyler about March 15.

Texas has now taken the lead from California as the nation's top producing state for certified seeds. Texas acreage dedicated to the production of certified seed is now in the neighborhood of 200,000 acres, while California's certified seed acreage has dropped about 16,000 acres, from 178,296 acres to 161,297 acres.

The Texas Certified Seed Program is a voluntary program. Farmers or individuals apply voluntarily for inspection of their acreage and they must meet all of the requirements necessary for the Foundation Registration and Certification Classification.

The Texas Department of Agriculture used some 55 inspectors in 1959, who inspected around 200,000 acres of 20 different field crops consisting of 190 different varieties. An average of two and a half inspections was made on each field, and in 1959 the department issued more than 250,000 Foundation and Registered tags and more than 2,000,000 Certified tags.

This service is paid for by those making application for certification, without cost to the taxpayers of the State. In 1959, the depart-

ment took in a total of \$193,485 for services rendered to seed producers and spent \$181,781 to provide these services and certifications.

A field upon which application for inspection is made must show evidence of good management. The Texas Department of Agriculture approved inspector must inspect for isolation varietal purity, other crop diseases, weed and noxious weeds. The field must meet high standards for each of these factors. Seed eligible under the Certification Program must pass high laboratory standards for purity, other crop seed inert matter, weed seed, noxious weed seed, and germination.

The Texas Department of Agriculture inspector draws official seed samples from tagged Foundation, Registered and Certified Seed for testing by the department's seed laboratories as a further means of checking to see that such seed meets with seed certification standards.

## COUNTY AGENT REPORTS

By E. B. LAWRENCE

Two Hamilton 4-H Club boys are about ready to get off to the Houston fat stock show. These boys are Donald Ray Jones of Lanham, and Larry Smith of Hamilton. Donald will take two Shorthorns to the show, one a steer and one a heifer. He plans to sell both animals while at Houston.

Last year he won reserve champion with his heifer. Larry is taking some capons, and he too, will sell while there.

Herman and Herman T. Rea tagged their ewes last week in preparation to spring lambing. Tagging is a practice that generally pays to sheep growers to do. It gets rid of the heavy dung tags before shearing making a more desirable bag of wool when it is bagged. Too, it allows lambs to nurse easier and better. By clipping the face, it generally will produce more lamb. An open face allows the ewe to graze better and do a better job of caring for the lamb.

— E R L —  
A week or so ago, Donald Gromatsky, son of Mr. and Mrs. Paul Gromatsky purchased a 15-month-old Hereford heifer which he is going to grow as his 4-H Club project. This is his start in the cattle business. He is a member of the Pottsville club.

— E R L —  
J. C. Kinney, dairyman at Lanham, has a fine field of winter peas that will be grazed when the weather permits.

— E R L —  
Newman Fuqua, on his place at Pottsville, has one of the good fields of small grain. The grain has spread to where the drill rows can hardly be seen. Grain is doing well over the county but a few more warm sunny days would do it good—and how!

— E R L —  
Ed Blum, Route 3, Hico, is getting a good start in the hog business. He has approximately 80 to 100 head about ready for market and will breed quite a few sows for feeder pigs.

— E R L —  
Owen Drake, Grade A dairyman south of Hamilton, has a field of winter peas he had planned to graze, but says the weather has about ruined them as far as grazing is concerned.

— E R L —  
Kent Parrish, Vista Mountain, got back into dairying about two weeks ago. He had been dairying for all the hard dry years, made money, too, but got out of the business about two years ago. After about a year he realized that he had let go of a pretty good business. He reworked his milking barn, put in new stanchions, a bulk tank and a few other new items, purchased cows and is now back in and happy to be.

— E R L —  
I have always heard it said that river bottom fields did not develop seeps, but it's not so on our place, said Moody Courtney, Moody and Frank farm and ranch on the Leon a few miles up the river from Jonesboro.

— E R L —  
Van Wisdom has lived in Hamilton County for many years and he says he believes that it is wetter than he has ever seen it. But I'm not ready for it to stop. It has been too dry for too long, says Van.

— E R L —  
Howard Kirby, Evant, turned his ewes into his fields the other day but had to carry each one out. They bogged up and couldn't walk.

— E R L —  
Babe Garner, east of Olin, sowed one of his soil bank fields to Indian grass and as a result he has a fine stand over a large part of

## Congress Reports

By OMAR BURLESON, M.C.  
17th District, Texas

Washington, D. C.—In 1946, the United States Senate ratified United States membership in the International Court of Justice, commonly referred to as the World Court.

At that time an amendment by Senator Tom Connally, who was then the Chairman of the Foreign

Relations Committee, was adopted to provide that the World Court should not have jurisdiction in our domestic affairs and that the United States should reserve its right to determine whether a case was of a domestic nature or should be submitted to the World Court for a decision.

Senator Hubert Humphrey of Minnesota has now introduced a Resolution which would repeal this reservation.

President Eisenhower, Secretary of State Herter, and Attorney General William P. Rogers, are now urging the Senate to pass the Humphrey Resolution and repeal the Connally Amendment.

The repeal of the amendment would permit the World Court to rule on legal disputes that they decided were within their jurisdiction. With the repeal of the Connally Amendment would go the surrender of an important part of the sovereignty of the United States.

The World Court is made up of fifteen judges. The United States has but one member. A majority of nine members of the Court

may render decisions, thus making it possible that five judges, all of whom may be from foreign countries, and even from Communist nations, could render decisions for or against America.

The Secretary of State, testifying before the Senate Committee, said that we should not be misapprehensive that repeal of the Connally Amendment would threaten the control of the United States over its own domestic matters. He says that domestic issues are "clearly beyond" the Court's jurisdiction.

It is true that domestic matters are beyond the Court's jurisdiction, but with the repeal of the Connally Amendment, it would be up to the World Court as to whether it had jurisdiction or not.

The Secretary of State also said that such matters as immigration, tariffs, and the Panama Canal should come under the International Court's jurisdiction. That is exactly what might happen should the Connally Amendment be repealed.

Attorney General Rogers said that repeal would "greatly enhance the prestige" of the United States. It should seem clear to anyone that the surrender of national sovereignty to possibly five individuals who may be from Communist nations is a terrible price to pay for "prestige."

If this nation does not have prestige by this time, by reason of all it has done for the world since World War II, it is not likely to buy it with capitulations of this sort.

Since, under the Constitution, only the United States Senate ratifies treaties and agreements of this nature, the matter will not come to the House of Representatives. Every citizen should hope that our Senate will not repeal the Connally Amendment.

## A Few Decades Past . . .

### A NEWSPAPER WAS A RARITY IN MANY AMERICAN COMMUNITIES!

Then—a newspaper was a thing to be marveled at—for memories of the Press' fight for freedom were fresh in mind. Although newspapers are common in our country today, their existence should not be taken for granted. It is a wonderful fact that almost all of our modern communities have their own hometown newspapers, freely edited by members of their own communities—spreading the news, stimulating the business of the community, and keeping their readers informed of important events elsewhere. It is well to keep in mind that a free press and a free people are an unbeatable team.
