NEW WAR TAXES GO INTO EFFECT AFTER MIDNIGHT

NUMBER OF PROVISIONS OF MEASURE ENACTED TO BE COME LAW.

POSTAGE RAISED FRIDAY

Tobacco, Amusement Admissions, Passenger Fares, Pullman Accommodations Included.

By Associated Press. Washington, Oct. 31.—This is the last day of grace from many new taxes. With the exception of increased letter rates and tobacco taxes which go into effect Friday, the special stamp taxes on documents, legal instruments and parcel post packages which go into operation December 1, all special taxes begin to apply at midnight tonight. They include: One cent on each dime paid for amusement admissions. Three per cent on payments for freight transportation. Eight per cent on passenger fares. Ten per cent on payments for Pullman and similar accommodations. Five per cent on oil pipe line transportation. One cent on each 20 cents or fraction paid for express packages. Five cents on each telegraph, telephone or radio message costing fifteen cents or more. Various taxes on cigars, cigarettes, tobacco and products. Ten per cent on each dollar of premiums paid on fire, marine, casualty and other insurances. Although the tobacco taxes do not become operative until Friday, many dealers have already advanced retail prices in anticipation of the new law. Other taxes of the new law, including those on hard and soft drinks, incomes and war-excess profits, have been in effect since the law was approved October 2, but in indirect form. New Stamp Taxes. On December 1 the new stamp taxes, including those on parcel post packages, will be payable, putting the entire law into complete operation, except for increased rates on second class mail, postponed until July 1, next. Increases in first class mail rates probably will be most generally felt by the people. The law provides that the postage on letters, except "drop" or local letters, shall be three cents, and that on post cards, including private mailing cards, shall be one cent more than heretofore. This increase includes so-called picture post cards. The advances were made effective thirty days after passage of the law, and are construed by the Post Office Department to begin with letters and post cards post-marked Nov. 2. The increase in postage on second class mail to many foreign countries, which, under postal conventions, have enjoyed the domestic rate, is three cents per letter, therefore, will apply to letters to Canada, Cuba, Mexico, Panama, England, Ireland, Scotland, Wales, Bahamas, British Honduras, British Guiana, British Honduras, Santo Domingo, Dutch West Indies, Leeward Islands, Newfoundland and New Zealand. The post card rate will extend to Canada, Cuba, Mexico and Panama, the only countries which have enjoyed the domestic post card rate. For consumers' convenience, books of postage stamps containing three-cent stamps are in readiness for sale and the department has had printed thousands of two-cent post cards. First class mail post-marked tomorrow or any time prior to 12:01 a. m. Nov. 2 requires a postage of one cent for delivery, will be transmitted at the old rates, but that post-marked thereafter must pay the increased toll. Amusement taxes. The tax on amusements will be increased to one cent effective tomorrow at places charging more than five cents. They are 1 cent for each ten cents or fraction paid for amusements, but collected by the person admitted, but collected by the government from the amusement proprietor, required to make out returns to the treasury. A flat tax of one cent for each child under 12 admitted when children are charged also is provided. Passes also are taxed from one cent to one cent per hundred. As the taxes are now reaching the ultimate consumer, the raises mean about one cent more on five-cent tobacco packages, from two to five cents on cigarette packages and from one to ten cents on cigars. The taxes on freight and passenger transportation are also extended to motor vehicles competitors of steam and electric railways and water lines. The passenger transportation tax is not applicable to fares costing 25 cents or less for commutation or season tickets for trips less than thirty miles. Payments for services rendered the Federal and state governments are exempt from taxation. The ten per cent tax on Pullman accommodations is applicable to payments for seats, berths and state-rooms in parlor and sleeping cars or on vessels. The five-cent tax on telegraph, telephone or radio messages costing 15 cents or more, applies only to (Continued on page 4.)

SHIP BUILDING IS PROGRESSING FAST HURLEY ANNOUNCES

MILLION TONS EXPECTED TO BE READY FOR CARGOS BY MARCH FIRST.

EFFORTS ARE REDOUBLED

Labor Head, Owners and Government Officials Are Gathered Together At National Capital.

Washington, Oct. 31.—American shipyards will complete 1,600,000 tons of ships by March 1, Chairman Hurley of the shipping board, told a conference of Atlantic coast builders and government officials called to discuss speeding up the shipbuilding program. "In the whole of 1916," said Mr. Hurley, "we turned out little over 750,000 tons. We will achieve in the next four months far more than we achieved in twelve months. The new goal of our expectations is ten times the production of 1916." Chief Subject. The chief subjects taken up at the meeting of shipyard workers and owners here were increasing the labor supply and better co-operation between the government and the shipbuilders. "I want to pay tribute to the patriotism of labor in this situation," continued Mr. Hurley. "Shipyard owners probably do not understand the obstacles which the patriotic labor of the country has had to overcome. Nor does labor probably understand the obstacles faced by the shipyard owners. If we may all understand each other better, pull together and speed up that Admiralty call I called this meeting." Mark For 1918. "We will build six million dead weight tons of ships in 1918. I say we are going to do it, rather than that we are going to try to do it, because anything America sets out to do she does. We are cutting out red tape. Whatever help labor needs, I shall give to labor. Whatever help the shipyard needs we shall give to the shipyards." Many Pledge Cards Signed in New York In Economic Campaign. New York, Oct. 31.—Nearly 100,000 housewives in New York already have signed pledges to assist the Food Administration in conserving the nation's food supply, according to statistics made today. Pledges in several stuffs here dropped yesterday and further decreases soon are predicted by leading men in the trade. The downward tendency in prices is attributed to the plan to license big distributors throughout the country commencing tomorrow. Beef has fallen from four to seven cents a pound and cold storage eggs have dropped to the lowest price in three years—33 to 33 1/2 cents a dozen wholesale. Fred Ulrich Injured In Machine Shop Here Where Father Was Hurt. Fred Ulrich, aged about 18, suffered severe cuts on the left of his left leg this afternoon about 2 o'clock when that member was caught between a shift gear in the machine shop at the Kelly round house. The injury is very painful, but will not necessarily prove serious, it is thought. Between fifteen and twenty stitches were necessary to close the wound. Young Ulrich is the son of T. A. Ulrich, Katy engineer, who was injured more than a month ago in the same roundhouse when he was pinned to the wall by an engine. Mr. Ulrich is now in a Dallas sanitarium; his son will leave for Dallas tonight for treatment.

MAKING TOUR OF CANTONMENTS.

Captain R. Hugh Knyvett, of the British army, who during the last weeks, has stirred several audiences in this country with his descriptions of life in the trenches and his travels through "No Man's Land," has been granted an extended furlough by Lord Northcliffe. He is now on a tour of the National Army cantonments throughout the country, under the direct supervision of the War Department, explaining to the embryo soldiers just what conditions are "over there." The N. Y. H. says.

SWITCHMEN DECIDE TO MAKE DEMANDS FOR HIGHER WAGE

ANOTHER TRANSPORTATION CRISIS IS NOW FEARED FOR THE COUNTRY.

Chicago, Oct. 31.—Another railroad labor crisis is anticipated next month by officials of the roads. Switchmen members of the Brotherhood of Railway Trainmen two weeks ago formulated demands which would make \$5 a day the minimum wage. Yesterday another big organization, the Switchmen's Union of North America, drew up a schedule for a fifty per cent advance. Chairman of the two big railroad organizations, the trainmen and the Order of Railroad Conductors meet here tomorrow. This meeting will bring together representatives of tens of thousands of railroad employees who at local meetings have made it plain that the general meeting here will make heavy demands on the railroads. Chairman of these roads resident in Chicago were in secret session today preparing for tomorrow's program. Their attitude, according to railroad officials, confirms the prediction made at the time that the hurried passage of the Adamson law postponed, but did not avert the crisis. So far there has been no open talk of a strike.

SOMEONE TRYING TO BURN UP CITY? CHIEF THINKS SO

WINDY NIGHTS SELECTED FREQUENTLY FOR UNEXPLAINABLE BLAZES.

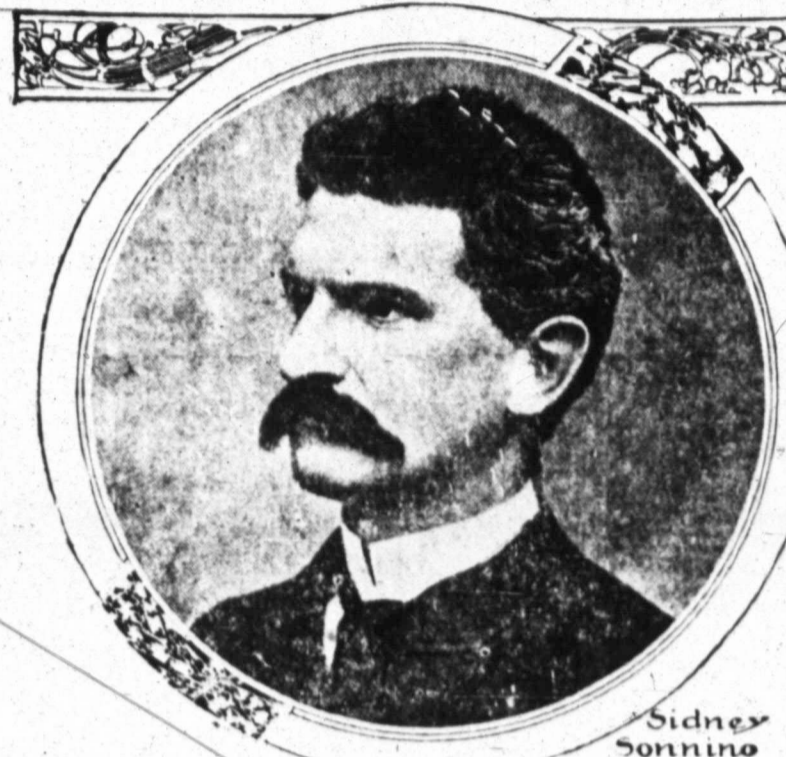

INQUIRY IS LAUNCHED

Oil Cocks On Fire Apparatus Found Recently To Have Been Left Open And Machines Drained.

Is an attempt being made to burn up Wichita Falls? Fire Chief McClure suspects there is and is redoubling precautions at the fire stations. Men are being kept on watch every hour of the twenty-four to see that there is no tampering with the fire fighting apparatus. Oil cocks on the fire engines at the Tenth Street station were found turned on, and the engine drained off when the last call came in yesterday, according to Fire Chief McClure, who stated this morning that as a result, both stations would be placed under guard, day and night. There are several "little things" that have been discovered lately, the chief added, that do not look very well, and that have no appearance of being accidental. Evidence of incendiarism. Evidence of incendiarism has been found in connection with most of the seventeen fires in the last sixteen days. Such fires have always broken out at a time of high wind and places where they would spread easily if they once got a good start. Mr. McClure believes that the fire which destroyed the home of Bob Marlow Monday night was of incendiary origin. This belief is shared by Mr. J. J. Marlow, the fire apparently originated in a part of the house where there are no stoves and where without disturbing the members of the family, the fire could be started and their children escaped from the building in their night clothes and were glad to get out even at that. All the contents of the house, including the clothing of the whole family. The loss is a serious one for Mr. Marlow, as he had no insurance, he did not discover until yesterday that he had an insurance on the house, his wife could advise two objects transferred the insurance to him with his knowledge, several months ago when he sold his home. An incendiary whose object is to hinder the activities of the people and to embarrass the government in its war activities, has achieved two objects by starting fires. He might cause a general conflagration which would destroy an immense amount of property and cause thousands of men to be unemployed. He could rebuild the city, and he can diminish the water supply. Fire fighting requires an immense amount of water and every fire further depletes the water supply. It is probable that in view of the recent occurrences the city council will be asked to employ one or more men to patrol either for incendiarism or as a means to an end.

TIDE OF HUNS SWEEPS INTO VENETIA

HIS COUNTRY TO FIGHT UNTIL VICTORY IS WON

No change in Italy's foreign policy nor weakening of her aggressive prosecution of the war is expected here as a result of the fall of the Boselli Cabinet. Official despatches from Rome say that before the failure of a vote of confidence in the Chamber of Deputies Thursday the entire chamber enthusiastically applauded a speech by Foreign Minister Sonnino reviewing the international situation, calling phases of the Pope's peace proposal pro-German and declaring the intention of Italy and her allies to fight until victory is won. All references to the Allies were greeted with enthusiasm.

ANOTHER FORCE SEEKS TO ENTER BY CARNIC ALPS

ADVANCE GUARD OF AUSTRIANS WHICH TOOK UDINE ARE HARRASSED.

CADORNA SAVES ARMIES

More Than Eight Hundred Square Miles Occupied by the Germans Since Last Wednesday, Is Report.

The war situation of today is summarized by the Associated Press as follows: General Cadorna's rear guards are doing double work in their efforts to slow up the advance of the Austro-German invaders of northeastern Italy, according to indications in today's official report from Rome. The retreat toward the line of the Tagliamento river is continuing under this protecting shield. Along the stream that thickly thread the Friuli Plain and on the eminence further north the covering troops are making numerous stands and compelling the Austrians to halt and fight while the Italian cavalry continues to harass the advancing columns. Berlin's announcement says the campaign is being developed in accordance with the Austro-German intentions. German and Austro-Hungarian troops are driving through the plains of Venetia toward the Tagliamento river, while another army is endeavoring to break through the Italian defenses in the Carnic Alps in an attempt to outflank the Tagliamento line. Udine, the last position held by General Cadorna, has been occupied by the invaders whose advance guards are being harassed by Italian cavalry between Udine and the Tagliamento. General Cadorna apparently has succeeded in saving the bulk of the forces which were in the region of Tolmino, as during the last two days Berlin has made no claim of additional captures of large numbers of prisoners or of the taking of more than fifteen miles from the Tagliamento and if the Italian commander is to take a stand there, heavy fighting is about that should take place within a day or two at the latest. Threaten Carnia Region. The Germans' threatening movement in the Carnia region has not developed greatly and seemingly is not yet a serious menace to the Tagliamento line. Vienna reports the capture from the Italians of positions near Pontafel, near the Ploekoen Pass and on St. Paul. These positions are on the Austro-Italian border and it is probably the Italian commander's intention to draw in his lines there to better protect the line of the Tagliamento in the Impezzo and Tolmino regions. Berlin reports an advance toward the upper course of the Tagliamento but does not say how near the German forces are to the river. Since last Wednesday the Austro-Germans have occupied more than 800 square miles of territory formerly held by the Italians. The greatest depth of the advance has been from Tolmino southeastward to Udine, a distance of about 25 miles.

COUNT GEORGE VON HERTLING IS RECOGNIZED LEADER OF CATHOLIC CENTER IN THE GERMAN REICHSTAG

Reichstag leaders according to their expressed wish in this case would have nothing favorable from the Socialists and part of the radicals, who already had expressed themselves as being opposed to its candidacy. Von Hertling's conservative orthodoxy, concerning parliamentary reform, is highly acceptable and probably the national liberals also would be willing to work with him. Von Hertling's name has been anathema to the Pan-Germans of the Reichstag, the count remained one of the ruling influences in the Catholic party and as head of the government of the second largest federal state he has played an important role in imperial affairs during the war. He supported Chancellor Von Bethmann-Hollweg against the conservative campaign for a long time and when he withdrew his support Von Bethmann-Hollweg fell. Count Von Hertling may have asked for time in which to consider the appointment in order to consult with

CRIMINAL APPEALS COURT HANDS DOWN NUMBER OF CASES

Mrs. Sallie Booser's Case, Charged With Murder, Remanded by Tribunal. Austin, Texas, Oct. 31.—The Court of Criminal Appeals today reversed and remanded the case of Mrs. Sallie Booser, from Nacogdoches county, the woman having been given a term of six years in the penitentiary on conviction of the killing of her husband. The conviction was based on circumstantial evidence. The testimony adduced at the trial failed to disclose any motive for the killing by the woman. The principal error, however, which caused the reversal of the case, was the action of the jury in commenting on the failure of the woman to testify in her own behalf. Other cases reversed and remanded are: Marcelino Galavis, from Bee county, criminal assault, five years; Ed Gardner, from Dallas, criminal assault, seven years; Davis Williams, from Fokid county, cattle theft, five years; L. H. Harkey, from Rains, operating moving picture without license, five years in state prison, each; Sabine, assault with intent to murder, two years in the penitentiary. Among the cases affirmed are: Marcus Fisher, from Fort Bend, murder, 10 years; Joe Hamilton, from Williamson, robbery, seven years; J. H. Lay and Palmer Jones, from El Paso, five years in state prison, each, on conviction of robbery; Henry Baldwin, from Dallas, pandering, seven years. There were also several cases on violations of local option laws.

MANY OIL WORKERS OF COAST SECTION DECIDE TO STRIKE

Houston, Tex., Oct. 31.—Nine thousand workers in the Gulf Coast Oil field will strike beginning at midnight tonight and continuing as each shift thereafter concludes its work, according to W. A. Campbell, chairman of the grievance committee and Ed Cunningham, president of the Texas Federation of Labor John J. Barret, federal conciliator says he has little hope of preventing the walkout because of the refusal of the operators to consider negotiations with the union men. Barret conferred with both sides through today but was unable to effect an agreement. The grievance committee today issued a statement offering to arrange with the producers to maintain a supply of gas for necessary industries and household use but state their offer has been ignored by the companies.

ALLIED AIRMEN WILL BEGIN FLYING SOON AT FORT WORTH CAMP

Fort Worth, Texas, Oct. 31.—It was announced this morning that the Canadian, British and American airmen in final training here will begin flying immediately. Such training as this was impossible in Canada because of the local conditions there.

SUB-COMMITTEES OF SENATE ARE ASSIGNED WORK

Senate members of the legislative investigating committee were assigned today on the different ten sub-committees. The committee on the operations of the house members. The senate committee also adopted a motion today that it have the same powers as the house central committee in making recommendations to the legislature when the report of the investigation is completed. These are the assignments of the senators made today. Sub-committee No. 1—Senator O. S. Lattimore, labor and other departments. Number 2—Penitentiaries, Senator J. C. McNeal. Number 3—Attorney general's department and other departments, C. B. Huddleston. Number 4—Departments of insurance and banking and other kindred departments, Senator Lon S. Smith. Number 5—State library and other commissions, Senator George M. Hopkins. Number 6—Comptroller and other departments, Senator J. M. Alderdice. Number 7—Public buildings and grounds and other departments, Senator C. R. Buchanan. Number 8—Elementary institutions, Senator Ed Westbrook. Number 9—University and other educational institutions, Senator I. E. Clark. Number 10—Department of agriculture and others, Senator E. A. Deggler.

SEVEN LIVES ARE LOST IN FIRE AT BALTIMORE

Baltimore, Oct. 31.—A disastrous fire which wrecked two of the Baltimore and Ohio railroad terminal piers at Locust point and spread to a British steamship that had just docked at one of the piers for loading, broke out last night, causing the probable loss of seven lives and a financial loss estimated at between \$3,000,000 and \$4,000,000 before it was subdued. Five of the missing men were members of the crew of the steamship. Among them were two of the ship officers and the chief gunner of the naval crew aboard. Vice President J. M. Davis, of the Baltimore and Ohio, said it was the belief of the railroad officials that the fire was of incendiary origin as credible witnesses stated that they saw the flames leap from pier 8 to pier 9 at five points almost simultaneously. Already the police in their investigation have arrested one man. The piers represented a value of \$1,500,000; the merchandise stored in them \$1,500,000 and the steamer and cargo \$500,000. The steamer will be towed into shallow water and scuttled in order to extinguish the fire which was still burning in her hold at 11 a. m. The steamer had on board eighty anti-submarine shells from a British port. These exploded with loud reports when the ship took fire. Chief of Police Leigh of the Baltimore and Ohio, began an investigation of the report of the pier watchman that he saw five or six men jump from Pier Nine just as the flames broke out. Several months ago a quantity of dynamite was found in a loaded grain car in one of the elevators of the railroad at Locust Point. The grain was in final train and was being loaded. The car was traced to its loading point in the central west and found to have been loaded by Austrian stevedores. A number of department of justice operatives were reported to be on the scene. The customs house officials saved their records on Pier Eight, but those on Pier Nine were destroyed.

Capt. Pillinger to Go to Pacific Coast to Build Artillery Camp

Fort Worth, Texas, Oct. 31.—Capt. A. Pillinger, who had charge of the construction of Camp Bowie here, has been ordered to the Pacific Coast to direct the building of a new artillery camp. It was announced here today. Pillinger was called to Washington a few days ago.

ITALIANS DETERMINED TO CARRY ON FIGHT

Washington, Oct. 31.—The Italian ambassador, Count Di Colera, in a message today to America's Italian population declared that people of Italy and their army are firm in their determination to carry on the fight against the Austro-German invaders to a victorious end.

BRITISH WRENCH MORE GROUND FROM BAARIANS

British Front in Belgium, Tuesday, Oct. 30.—The forces of Crown Prince Rupprecht of Bavaria today suffered another stinging defeat when the British reached out across a sea of mud and wrenched away still more of the few remaining defenses of the Passchendaele system. It has been another proud day for Canada. Her troops this afternoon were sitting almost at the gates of Passchendaele and from their positions astride the Broodseinde-Passchendaele highway along the river they could see only four hundred yards away the great church which stands in the center of the village.

BOYS' CAMPAIGN BEING HELD UP BY FEW PARENTS

MISUNDERSTANDING OF MEANING OF PLEDGE CARDS SAID TO BE CAUSE.

Andrew Urban, Jr., who has charge of the boys' campaign for the raising of the Y. M. C. A. war fund, stated this morning that the work was being held up because of a misunderstanding on the part of some of the parents. It appears that the pledge cards which the boys are required to sign, obligating them to work for and donate \$10, must be also signed by the parents, in order that the parents may be sure that the Y. M. C. A.

does not wish the boys to undertake anything against the wishes of the parents.

According to the reports of some of the boys, their parents have understood that their signature on the cards necessitates their standing good for the money, and it is positively stated that the parents themselves are not only not obligated to pay the money themselves, but are forbidden to do so.

Must Earn Money.

The money given by the boys must be earned. All the pamphlets dealing with the subject state emphatically that the boys must ask their parents or friends to give them the money, but that they must earn it. They may, if that arrangement is satisfactory, work for their parents, and earn the money from them, but the money must be earned, and the parents, signing the cards, simply indicate their willingness for the boys to earn the money and donate it to the Y. M. C. A. war fund, and do not in any way obligate themselves to pay the money.

This misunderstanding has held up the progress of the campaign to some extent, it was announced this morning, and it is hoped that when the matter is clearly understood, the boys will be allowed the opportunity of doing their part of the great work that is being undertaken. The boys themselves are very anxious to get right to work and earn the money, and it is believed that if they are allowed to do so, their quota of \$650 will be very quickly raised, and probably over-subscribed.

Will Work Vigorously.

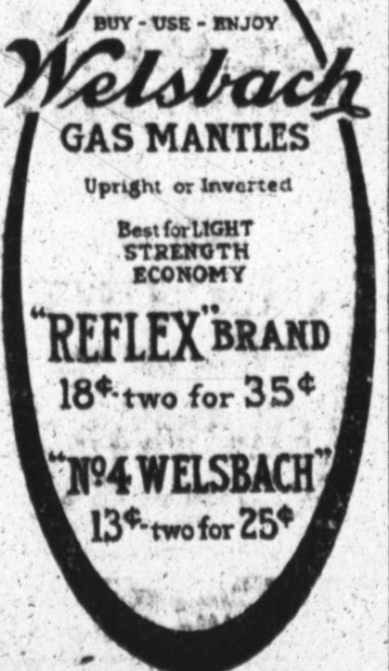

The local organization for the vigorous prosecution of the coming campaign has been perfected, and J. W. Stringer has been elected as chairman. The rest of the executive committee are J. W. Bradley, J. W. Culbertson, C. H. Clark, P. B. Cox, and C. W. Snider, treasurer.

The team captains are Rev. Percy C. Cross, J. C. Hunt, G. W. Wood, J. B. Marlow, F. N. Lawton, Joe Art, Eugene Leopold, T. B. Smock, P. B. Cox, Marvin Smith, J. S. Bridwell and A. L. Huey. Each of these men is to appoint five others, and at a banquet to be held shortly, the whole campaign will be outlined, and some speaker of prominence in Y. M. C. A. work will be present to address the men who are to do the work.

J. W. Hogue, who is managing the campaign in this district, said yesterday that Liberty Bonds would be accepted as subscriptions, in cases where people wished to make their contributions in that way. Mr. Hogue also announced that the girls' campaign would be opened shortly. When at the High School last Monday, telling the boys how to go about their work, Mr. Hogue was asked by one of the ladies, "Why cannot the girls do something in this?" and she was assured that she would shortly have an opportunity to give all the assistance possible.

METHODIST LEAGUE SOCIAL HELD MONDAY NIGHT

The Epworth League of the First Methodist church met for a combined business and social session at the home of Mrs. E. L. Richardson Monday night.

Thirty-eight Leaguers were present, and at the business session new officers were elected for the coming year. They are Mrs. E. L. Richardson, president, Miss Bonnie Zetsche, 1st vice president, H. C. Hasler 2nd vice president, Miss Estelle Friberg, 3rd vice

president, Miss Birdie Simmons 4th vice president Robert Carey, chorister, Miss Nettie Friberg, organist, Donald Ross, usher, and Urin Simons, secretary-treasurer. The rest of the evening was spent in Halloween games, ghost walks, witches' enchantments and the like; and pumpkin pie and other Halloween delicacies were the refreshments. The house was beautifully decorated with leaves, colored lanterns, black cats, and such suitable adornments. The party, which was a most enjoyable one, broke up at a late hour.

BIRTHDAY PARTY FOR LOUISE COX SATURDAY

Saturday afternoon little Miss Louise Cox celebrated her tenth birthday with a party at the home of her parents, Mr. and Mrs. E. A. Cox, 1512 Downing. There were numerous games to amuse the children, then a donkey contest was instituted. The first prize in this contest was won by Virginia Herron and the booby prize, a doll, went to Margaret Barber. Late in the afternoon the children were invited to the dining room

and their joy at serving the fighting men makes their gatherings a veritable source of inspiration. Mrs. Walker and Mrs. Marchman had noted the Halloween season in their tables and room decorations, which bespoke an artist's careful hand. The table arranged in the sun room was decorated with a pumpkin and cornstalk arrangement with streamers of yellow and black from the light cluster to the table's edge. Witches, black cats and pumpkins intermingled with tiny yellow candles in holders, were scattered over the table. The large table in the dining room was covered with a very realistic witch with her broomstick and cats, bats, pumpkins and other conceits dotted the cloth. Covers were marked with appropriate Halloween place cards. The two leaders in the knitting class, Mrs. D. B. Walker and Mrs. Post were given places of honor and they were called on for Red Cross talks. The collectible dinner was served in two courses and in the afternoon the busy needles clicked a merry tune for the chat of the workers. Those enjoying this delightful hospitality were: Mesdames Whitney, Young, Walker, Curry, Noble, Roberts, Kemp, Benoit, Hutton, Hartsook, Nolen, Thatcher, Taylor, Hyatt, Mann, Huff, Post, Snyder, Darrell, Naylor, Smith, Coquitt, Davis, Gardner and Togenton.

SENIOR KNITTERS HONORED WITH DINNER TODAY

The Senior Knitting Class who devote their time to knitting for the soldiers to fill the local Red Cross quota, were guests of honor at a twelve o'clock dinner today at the home of Mrs. Wade Walker, Mrs. O. F. Marchman joining her as hostess for the occasion. There were twenty-five guests, all patriotic knitters and their interest in the work

prettily decorated in a color scheme of pink and white. Here refreshments of pink and white brick cream and cakes were served. The little hostess received a number of pretty remembrances in honor of the occasion. The guests included Misses Virginia Herron, Edna Kay, Dorothy Dalton, Louise Kay, Lillian Deaton, Virginia Ross, Margaret Bartle, Dorothy Stanbury, Fay Dewitt, Hazel Johnson, Agnes Jordan, Berenice Shell, Gwendolin Mudd, Norah Conoway, Ellen Dunaway, Margaret Malone, Hazel Hibbs, Thelma Hibbs, Elizabeth Hill. Mrs. Cox was assisted throughout the afternoon by Mesdames T. F. Harris and T. R. Radford.

SHOWER FOR MISS HICKMAN TUESDAY AFTERNOON

In compliment to Miss Muriel Hickman who on November 12th will become the bride of Earl Ruffner of Dallas, Mrs. T. Riley Hickman, sister-in-law of the bride, and Mrs. A. H. Drake, sister of the groom, entertained the Wesley Girls Tuesday afternoon at the home of Mrs. Hickman. The guests brought loveliness with them and hemmed towels which were later presented to the honoree. Late in the afternoon the guests were invited to the dining room. The dining table was prettily arranged, and the bride's brides for place cards and the bride's cake. In the cake cutting Miss Hickman found the dime. Refreshments of salad, wafers, cake and tea were served. Those present included Miss Hickman, the honoree, Misses Grace Nolen, Ila Cook, Ruth Downing, Mrs. T. F. Hickman, mother of the bride-elect, Mesdames Deaton, McCarty, Loren Taylor, Lester, Jones, Barnes, Hanks, Tra-week, Rhea Howard, Walker Smith and Ruffner.

HALLOWEEN PARTY FOR INTERMEDIATE LEAGUERS

For their Halloween frolics the boys and girls of the Intermediate League of the First Methodist Church masked in all sorts of fancy costumes and gathered at the church Tuesday evening. Some little time was spent in "piercing the disguises" and a prize, a black cat, went to Miss Maude Oline Soule, the only masker whose identity was not discovered. The young folks then adjourned to the gymnasium, which had been decorated by the Boy Scouts in corn stalks, pumpkins and other Halloween symbols. In unusual and pleasing manner here numerous games were played until a late hour when refreshments were served. A cornmeal cake honored the guests, but was accepted as proof of true patriotism and Hooverism. Coffee, ginger snaps and apples also were served. There were about fifty young people present. Mr. and Mrs. Harrison B. Bachman, the League leaders, and Mrs. O. B. Ross were responsible for the entertainment.

FOOD WILL WIN THE WAR DON'T WASTE IT GRAND PRIZE WINDOW CONTEST FOR THE Conservation of Food Stuff

Merchants of the city are urged to show their patriotism tomorrow by making a special display of Food, in connection with the United States Government campaign for food conservation. Alex Sanger, of Dallas, is State Representative for Texas, and has offered a series of valuable prizes for the best displays, and a representative of Dallas will be judge.

It will be the sensation of the season in the Food Conservation work, and Merchants will reap abundant returns for their effort whether they win the prize or not, and at the same time will be aiding the government in this most necessary work

The plan of the campaign is to decorate every store window in the city for the balance of the week with displays of food stuffs, with especially stress on particular items that must be conserved in order to furnish our army and Allies with the necessities with which to win the war. Details of the contest may be had by application to the chairman.

The Circle will be the guests of the Lodge at their meeting tonight, and one of the greatest meetings held this year is expected on this occasion.

Naval Station Here Start Meal Tickets For Their Recruits

The navy recruiting officers are in a feverish state of excitement because they are out of meal tickets. Not their own, however, but those which they furnish to enlisted recruits, whereby meals may be obtained while they are waiting in Dallas or elsewhere for the final enlistment papers.

In this deplorable condition, requisitions have been sent in, and again sent in, to the headquarters at Dallas, but without visible result in the form of meal tickets. They are still hoping.

Luxburg Plotted to Frighten Residents of Latin America

By Associated Press. Washington, Oct. 31.—New light was thrown on the widespread ramifications of German intrigue by the publication of the state department's revelations that the notorious Count Von Luxburg, German charge in Buenos Aires, plotted to obtain German domination in Southern Brazil.

Luxburg appealed to his government for a squadron of submarines to intimidate Latin Americans unfriendly to the German cause, according to the new disclosures.

UNCLE SAM TO NAIL THE LIARS.

Just about the greatest curse in this world is the liar.

There was a time when the nation which lied, which failed to keep the faith, was placed in the same category with our civilian untruthfuls.

When the Central Powers have learned their lesson, the truthfulness of the nation will be even more important in the matter of their standing

among other countries of the world than in the past.

Uncle Sam has finally arrived at the definite conclusion that the liar, like the snake, must be done away with.

Only untruths could have started throughout the country such sporadic uprisings as were occasioned by the F. I. P. A. and other anti-draft organizations. These untruths were put into circulation by friends of the Kaiser. Men of limited intelligence were filled with wild stories and in consequence they learned to hate the government which is nurturing them.

Their naturally patriotic instincts were changed to a desire to "do something about" conditions which they were told had come to exist.

But the private liar against the American government is now going to find that his path is strewn with thorns. The United States authorities propose to arrest such men, thus striking at the root of practically all the evils with which the country has been stricken since its entrance into the great war.

By all means, nail the liar!

COSSACKS WANT MEMBERS ON THE KORNILOFF JURY

By Associated Press. Petrograd, Oct. 31.—The request of the Siberian Cossacks that they be given representation on the jury which will try General Korniloff, leader of the recent abortive revolt, has been granted by the government.

The request was based on the ground that the general was a father to the Siberians. A Siberian regiment has been designated to guard General Korniloff pending his trial.

WICHITA COUNTY CHALLENGES CLAIM MADE FOR TARRANT

GREATER OVER SUBSCRIPTION HERE THAN THERE, POPULATION CONSIDERED

R. E. Huff, president of the Chamber of Commerce, has challenged the claim of the Fort Worth Record that Tarrant county showed a larger percentage of over-subscription for the Liberty Loan than any other county in the state.

The civilian subscriptions in Tarrant county were \$5,651,000, according to the Record, this being an over-subscription of \$1,716,365, or 43.82 percent.

Mr. Huff has sent the following telegram to the Record:

To Fort Worth Record: Ft. Worth Tex. Think your statement in today's paper that Tarrant county leads all Texas in Liberty Loan subscriptions incorrect. Wichita county with a subscription of thirteen hundred fifty three thousand three hundred, an over-subscription of over fifty per cent claims that honor; but does not claim to be one of the big counties; on the contrary is one of the smallest in the state in area.

R. E. HUFF, President Wichita Falls Chamber of Commerce.

EIGHT MEN ARE FINED ON DRUNKENNESS CHARGE

This morning eight men, in a condition of forty-five dollars worth of drunkenness, appeared at the police court and were collectively sobered by that assessment. The fine was distributed in five dollar allotments with the exception of one man who arrived at the ten dollar stage. The police court was otherwise peaceful.

SEVERAL STORES COMPLETE WINDOW ECONOMY DISPLAY

LOCAL DEALERS ARE ENTHUSIASTIC IN AIDING FOOD CONSERVATION

Fourteen local merchants have undertaken to put in window displays to aid the Food Administration in calling public attention to the great need of substituting foods that cannot be exported for those that are needed for the nations allied with the United States. In addition to these, all the grocers are co-operating with the movement in the most practical way by furnishing supplies of food stuffs for the displays.

The following merchants are giving window space for this work: Baum & Gardner, Jones-Kenney, Perkins, P. B. M. Co., P. H. Pennington, Collier and Hendricks, McClernan Co., Freear brothers, The North Texas Furniture Co., McConnell Bros., Joza Dickson, Loeb-Leopold, G. H. Gildhouse and The Clothing Co.

Three hundred dollars will be distributed in cash prizes to the successful merchants; but it has been stated that although no merchant has stated any positive objection to the cash they are going into the matter from a purely patriotic standpoint, with a view to helping the Food Administration. "Food will win the War. Don't Waste It" is the slogan adopted by the Retail Merchants, and the idea is to bring that thought close home to the public. The committee has expressed much gratification at the way in which the merchants have taken hold of the work.

Classes of Stores. For the purpose of rendering the decision of the judges a simpler matter, all stores have been divided into three classes. The classes and their conditions together with the manner of distribution of the prizes is described in the following extracts from the Record. The classes are pamphlets which have been issued.

It is not the purpose of the Federal government to encourage false economy. The Food Administration is asking you to help conserve food supplies only and such foods as are necessary for our Allies and our armies.

Realizing the close relationship between the retail merchants, we earnestly request your co-operation and ask that you contribute a good window display whether you enter the prize contest or not.

Classes of Stores. The plan suggested by the Economist includes a window contest, in which each prize, given by the United Publishers' Corporation, will be awarded to the stores making the most effective displays. For the purpose of the contest, all stores are divided into three classes, and in order that practically all stores may have an equal chance to secure a prize the stores have been divided into three classes, as follows:

Class "A" will include all dry goods and department stores and other stores whose principal merchandise comprises men's, women's and children's wearing apparel and shoes.

Class "B" include stores whose principal merchandise comprises hardware and house furnishings.

Class "C" comprises all stores not included in either of the above classes.

Work Will be Valued. For the best window display in each of the above classes, a cash prize of \$50.00 will be awarded.

For the second best window display there will be a cash prize of \$30.00.

For the third best window display, a cash prize of \$20.00.

Every store that puts in a display which conforms to the rules of the contest will receive recognition from the Food Administration. Such evidence of the appreciation of that body for the co-operation given will be a valuable record, testifying as it will to the merchant's patriotism.

TODAY'S MARKETS

PRICES OF CORN AGAIN ARE EASED BY GOOD WEATHER

Chicago, Oct. 31.—Good weather throughout the entire corn belt favoring the movement of the crop to market tended to ease down corn prices today. Fresh weakness in the New York stock market counted also as a bearish factor. Reports, however, than an unusually large amount of new corn was turning out to be of unsatisfactory grade checked any disposition toward aggressive selling. Opening quotations which ranged from 1 1/4 to 1 1/8 advance with Dec. \$1.18 1/2 to \$1.18 1/4 and May \$1.13 1/2 to \$1.14 were followed by a moderate general decline.

STEEL FEATURES LOWER TREND OF SECURITY PRICES

New York, Oct. 31.—United States Steel featured the lower trend of prices at the opening of today's stock market with a sale of 8,000 shares at 101 1/2 to 101 1/4 against yesterday's final price of 102 1/2. Later the stock fell to 101 1/4, but rallied fractionally. Canadian Pacific was under further pressure at a decline of 1 1/4 and Central Leather was the heaviest specialty, losing 1 1/2. The reaction embraced General Motors, shipping and Pullman at recessions of 1 to 3 1/2 points. Liberty 4's sold at par and the 3 1/2 at 99.94 to 99.96.

BUYING MOVEMENT IN COTTON MARKET IS RENEWED TODAY

New York, Oct. 31.—There was a renewal of yesterday's buying movement at the opening of the cotton market today, the first prices being 23 to 21 points higher. December contracts sold at 27.90 and Jan. 27.12; making a recovery of 127 to 135 points from the low level of Monday. Liverpool and local trade interests were buyers while there was continued covering by Wall Street and commission houses but there seemed to be considerable southern selling on the advance and reactions followed with December reacting to 27.60 and January to 26.98 before the end of the first hour.

Commissioner Estill Proves Interesting Talker Outlining Great Accomplishments of Body.

How the Salvation Army is performing its share of war service, the manner in which it helps the governments of the allies to meet physical and mental as well as spiritual needs of the soldiers, made the opening address Tuesday of Commissioner Estill of Chicago, of the Salvation Army here for the district council of Army Workers one of unusual interest. Last night's meeting at the Citadel was one of exceptional importance, considering the commissioner's address with the burning of the mortgage on the Wichita Falls Citadel.

their way forward here in the face of the fierce resistance from the Bavarians, comrades on their left were hammering their way along the Meetechee or Bellevue Spur to points, which seem to have carried them well beyond Meetechee and the numerous machine gun defenses with which the elevation was covered. There was sanguinary fighting in both sections. The German losses were heavy and the men from overseas did not achieve their triumph without some cost in casualties.

## "JACK AND JILL"

We have the pleasure of showing this picture quite a while before release date which date is supposed to be the 5th of November. We are allowed this privilege for reason that "The Ghost-House" could not reach us for today.  
The "Mother Goose" title, however, is not to be taken literally, for this is anything but a fairy tale.

GEORGE WALSH in "THE YANKEE WAY"

The smile a minute man, that's George Walsh, the breeziest, most genial and effervescent star who ever made an audience roar with laughter at new, clean and refreshing humor. He's the best antidote in the world for anything resembling the blues.

## At the Theatres

REAL CABARET LIFE IN "EXPERIENCE"

Cabaret life as seen in the larger cities, is vividly shown in the Golden Cabaret act on the Primrose Path of Pleasure in "Experience," to show here Nov. 17 at the Wichita Theatre. In this act one finds seated at the various tables in the cabaret, dining and quietly chatting, such fascinating women as Fashion, Beauty, Excitement, Scam, Slander, Deceit and Frivolity, and with them are their escorts, typical men who frequent cabarets, especially where dancing is indulged in. They are Sport, Style, Snob, Conceit, Blueblood, Travel and Drivel. To look at these gay and festive diners, one would think that they were simply intent on eating and chatting.

But the moment the orchestra strikes up a one-step is changed. Knives and forks are hurriedly dropped, and the ladies and their escorts get up and dance. For this is the realm of enjoyment where pleasure is ever the reigning queen and in this scene the famous battle of the bottle and the bird is waged. Drivel describes it best by saying: "Here is where the wine is perfect and the birds just melt in your mouth," while ever-restless Excitement says, "here's where we have an ever glorious time."

The music in the Golden Cabaret in "Experience" is typical of the sort one finds in such clubs and Sport, one of the characters in the play, replying to a question by Song. "What shall I sing?—something classical!" she says "classical nothing—sing something we can move our feet to. When you are out on the Primrose Path of Pleasure, you don't want any music that gives you time to think. You know that classical stuff is all right on the piano, because you can get up and leave the room, but for me—something with pep in it—something with a little ginger behind it. My brain is all wrapped up in dancing and I don't want to take the cover off."

THE GEM.  
Today's feature attraction at the Gem is "The Storm Woman," a Gold Medal three act drama of extraordinary merit, produced by Ruth Ann Baldwin. This is a story of the loves and hates of Sunny Italy as brought out in a tale told of extrordinary climax and denouements is splendid. Claire McDowell, Violet Schramm and Morris Foster are stars.

GEORGE WALSH AT THE EMPRESS THURSDAY

George Walsh returns to the Empress Theatre on Thursday with a day's showing of his latest William Fox production, "The Yankee Way."

This is another of George's smile-minute dramas set up to the Fox standard in every respect. The action of the story takes George to Lithuania, a small Balkan state, to manage his father's cattle concession. Before sailing he falls in love with a brunette beauty. He also meets her on the ship. He runs across her again in Lithuania when he finds out she is Princess Alexia, ruler of the principality.

George dares to make love to the Princess and although she returns his love diplomatic reasons compel her to accept Count Vortsky.

To add to the troubles in Lithuania the people start a revolt. George sets this with American gold and turns to his Princess only to find that she and the Count are to be married next day.

But George's two pals whom he took with him from the States bundle the Count into a box car and ship him to Bulgaria.

LOUISE GLAUM AT THE MAJESTIC THURSDAY

Louise Glaum was a sagebrush siren in her latest Triangle play "Golden Rule Kate," will be the feature at the Majestic Theatre Thursday. She appears as the proprietress of the "Right-Light" saloon and dance hall in a western mining town. The curious garments, such as "the devil gown," "the spider dress," "the peacock robe," which have contributed to the fame of this "siren supreme," are temporarily displaced by the buckskin skirt and bead-trimmed accoutrements of a dance hall girl, who might be described as a "female Bill Hight."

One of the most exciting and humorous moments of the play is sup-

## PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you such long if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Clears the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and skin complaints, and Olive Tablets are an immensely effective result.

Take one or two nightly for a week. See how much better you feel and how clear your skin becomes. All druggists.

## "A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there."

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui, it should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, tiredness, nervousness, sleeplessness, siren-ache, are all signs of womanly troubles. Other women get relief by taking Cardui. Why not you? All druggists.

"NO MAN'S LAND" LECTURE HERE IS INTERESTING MANY

Arrangements for the lecture "No Man's Land," by Corporal F. K. Wishart, are going rapidly forward, and there is every indication of a huge audience at the Wichita Theatre next Tuesday night at 8 o'clock. Corporal Wishart comes here under the auspices of the Lions' Club and the proceeds are for the benefit of the local chapter of the Red Cross.

Look at 1510 Tenth Street

An elegantly built, ten story house, in the heart of the city and the best residential section. Built by myself for a home. Brick foundation, walls storm sheeted and storm papered. Order lot, 50x12 1/2, near car line. Hot and cold water. Seven rooms and bath, and ball upstairs. Good well, water stands 8 or 10 feet below all the time. Good paved street. Fence and shade trees. If you want to buy a good home reasonably, write me at 3506, Cole Ave., Dallas, Texas.

E. L. WHITE

People are saying all the time that these things do not happen, and they really do not believe that they do. The state council of defense has said again and again that one of the most pressing necessities at the present time is to get the general public to realize what is going on, and we intend to do what we can to help this part of the work.
