BUCKNER ORPHAN HOME

There is an epidemic of typhoid fever among the inmates of Buckner Orphan Home at Dallas. Dr. Buckner says they are in great financial straits; they have plenty of nurses, but need money. Can't you help? Send what you can to Dr. R. C. Buckner, Dallas. The people of Texas owe a debt of gratitude to Dr. Buckner and wife that they can never repay. These grand old people have given their life work to others without the hope of earthly reward. Dr. Buckner says they never needed financial assistance more than at this time.

OLD TIMER GONE

A. W. Booth died at his home near Cottonwood a few days ago. See notice elsewhere. We regret the passing of our old friend. We first met Mr. Booth 45 years ago in Brown county and have known him ever since. He was a diamond in the rough. Peace to his ashes.

Miss Ethel Conner, of Abilene, spent Sunday with her parents, Mr. and Mrs. C. W. Conner.

RESIDENCE BURNED.

Tom Perry, living out on Rt. No. 1, lost his house and contents by fire Tuesday night. No insurance. We are sorry that this misfortune came to this family. It is a hard struggle at best for most of us to make a living and a loss of this kind to one not able to rebuild, it is a great disaster. A collection was taken up in town Wednesday for the family, who lost all they had, even their bedding and clothing.

MARRIED.

Mr. J. F. McLaughlin and Mrs. Mattie Terry were quietly married at the home of the bride Tuesday, July 25th, 1916, at 8:30 p. m., Rev. W. Y. Switzer performing the marriage ceremony. By her winning ways and charming disposition Mrs. Terry has endeared herself to the people of Baird where she has lived most of the time for the past fifteen years. Her friends are numbered by those who know her. Her most intimate friends presented her with a beautiful little token of their appreciation to her for the many kindnesses shown them while they were in her hospitable home.

Mr. McLaughlin is well and favorably known in railroad circles, being in the employ of the T. & P. Ry. between Baird and Fort Worth, and is held in high esteem by all who know him.

Mr. and Mrs. McLaughlin left for a trip to Denver, Salt Lake and other points, and will be at home in Baird after Sept. 1st.

Their many friends wish for them happiness and prosperity.

KILLING AT DENTON

There was a difficulty between two of the Holland boys and Lee Clement at Denton last Saturday in which Lee Clement was shot by Darmon Holland. The wounded man lived about two hours after he was shot. The Holland boys are sons of Mr. T. B. Holland, three times County Treasurer of this county and one of the most highly esteemed citizens of this county. We have known the family for over thirty years and we never knew a more quiet or peaceable family than this family. Lee Clement was a son of C. H. Clement and a brother of M. B. and Ira Clement of Baird.

This unfortunate tragedy has brought lasting sorrow to a number of families on both sides and we deeply sympathize with all of them for they are all our friends. There is the wife and little orphan children, aged parents, brothers and sisters of the dead man to mourn his untimely death. Then on the other side is T. B. Holland, the father of the boy charged with the killing. A man who, if he ever had an unkind word with a neighbor we never heard of it, a man who tried to raise his children right. What could have caused the awful tragedy? We do not understand it.

We have heard so many conflicting stories about the killing that we do not know what brought it on, and express no opinion. The examining trial will be held at Baird today when the facts will be made known.

PRECINCT CONVENTION

The Democrats held their Convention Saturday. The Convention was called to order by V. E. Hill, Colonel Dyer was elected secretary. The following delegates to the County Convention were elected and instructed to vote as a unit on all questions.

W. E. Gilliland, W. L. Bowlus, V. E. Hill, H. F. Foy, Otis Bowyer, B. H. Ramsey, A. R. Day, Joe Mitchell, O. J. Russell, W. L. Ashton, W. A. Hinds, J. I. McWhorter, F. L. Driskill, Dr. S. T. Frazer, R. E. Bounds, G. H. Brame, Harry Meyer, W. J. Cooke, Pat Murphy, Bob Cox, W. S. Hinds, J. H. McGowen, B. L. Russell, B. G. Powell, C. H. Mahan, C. B. Holmes, Joe McGowen, A. T. Vestal, W. C. Powell, J. H. Rowley, J. H. Terrell, T. E. Powell, E. C. Fulton, L. M. Hadley, C. B. Snyder, Homer Driskill, Geo. B. Scott, H. Schwartz, Colonel Dyer, Justin Anderson, Lee Estes, R. L. Darby, F. L. Walker.

These Delegates are all expected to be present at the Court House tomorrow at 2 p. m.

The Ferguson men controlled the Convention but elected some pros as delegates.

Mr. and Mrs. W. D. Clinton, living south of Putnam, were in town Monday and Mr. Clinton paid THE STAR office a pleasant call. We are always glad to meet the old timers.

John Bloom, formerly of this county, but now living "out west" is in town. We are sorry to find that our old time friend is in ill health and has just spent sometime at Mineral Wells. John Bloom is a good, honest, hard-working man and we regret to see him broken in health in his old age.

COUNTY OFFICERS

The following county officers were nominated Saturday:

For County Judge: W. R. Ely
For County Clerk: Chas. Nordyke
For Tax Collector: Gene Melton
For District Clerk: A. R. (Lonnie) Day
For Tax Assessor: M. G. (Melvin) Farmer
For Superintendent Public Schools: S. Ernest Settle
For Sheriff: J. A. Moore
For County Attorney: R. L. (Koscoe) Surles
For County Treasurer: W. P. Ramsey
County Commissioners: A. E. Kendrick, Pre. No. 1. H. Windham, Pre. No. 2. J. S. Yeager, Pre. No. 3. J. M. Houston, Pre. No. 4.

The last three were reelected, Herschel Bryant of Precinct No. 1, was not a candidate and is succeeded by Kendrick.

Dr. R. G. Powell carried this county by a good majority for representative, but was defeated for reelection by D. J. Neal, of Gorman, Eastland county.

H. P. Taylor of Brown county was reelected.

The following state officers are known to have carried the county: Governor, Ferguson; Attorney General, J. W. Woods; Senate, O. B. Colquitt.

We understand submission was defeated in the county. Most of the returns are sealed up and we cannot get the vote until returns are opened. Blanton carried the county over Smith by about 370 majority. Brelford for senate; Burkett, district judge; Rosenquest, district attorney.

It is reported that Brelford is defeated in the district. Blanton is over two thousand votes ahead of Smith and claims he is elected.

The County Convention meets at Baird, Saturday at 2 p. m.

SCHOOL NOTICE

Those parents who live out of the Baird Independent District and expect to send their children to school in Baird, will please see, or write, the County Superintendent before the first of August. The law provides that no transfers can be made after that time.

The Baird School is classified by the State Superintendent as a High School of the First Class, and is affiliated with the State University of the state.

We have a good library, and splendid equipment for teaching the sciences, and expect to have the best term of school that Baird has ever known.

Yours for service,
J. F. Boren, Supt

We are sorry to learn that A. L. Biggerstaff, one of Callahan counties most estimable citizens, suffered a stroke of paralysis a few days ago, and is in, what the doctors believe, rather serious condition. We hope he will fully recover.

See the large ad of the Chalmers Auto, sold by the Baird Automobile Co. Harry Berry, Manager. The Chalmers people are certainly pushing their business in Texas. This 1917 model is a handsome one and the the Company claims it is equally as good as it is handsome.

WARREN PLEASED.
Former Senator Robert L. Warren of Terrell, who acted as chairman of the campaign committee for the retention of the Robertson life insurance law, at Dallas headquarters said:

"It is indeed very gratifying to us to know that the indications are that the Democracy of Texas has, by a large majority, endorsed at the ballot box the splendid law for the retention of which we have made our fight. Four days ago I made the prediction, after a careful survey of the outlook, that we would receive a majority of 75,000 at today's primary, and at this hour the indications are that the majority will probably exceed that estimate."

"Never in the history of our State has there been such an effort made to ruin a great law which the people approved and to substitute in place thereof a mischief which meets the approval of the big life insurance companies of New York City."

"Time after time, with varying species of artillery, under the leadership of intellectual giants, have the enemies of the Robertson law made their assaults. They have been before each recurring session of the Legislature for the last several sessions; they have made the attack from every other angle; they have used every argument. But each time they have been hurled back, each time have the representatives of the people stood by their guns, and with a heroism which is most commendable have turned a deaf ear to the machinations of power and have refused to heed the warnings of ruin which were made by misguided advocates of those measures which sought to amend or emasculate out of existence that which we have sought to preserve."

AND AS A RESULT of the confusing elements which corporate power can engender, the people on reference to them of the question, stated as it was in plain and unmistakable terms, have spoken in no uncertain tones, and we indulge the hope that their verdict, as this day rendered, will be final. The vote of today informs the world, within and without our borders, that Texas people are not a cringing people, that they bending not the knee to King or potentate, and know not the language of sycophantic fawning around the thrones of financial despotism or in the drawing-rooms of insurance power."

WOMAN WINS.
Complete returns show that Miss Florence Corner of Kaufman, the first woman to win in a public election in Kaufman County and the second that ever ran for office in the county, has been nominated for County Superintendent of Public Instruction by over 1,000 majority over her nearest opponent. She received more votes than both her men opponents put together.

Bomb Causes Deaths.
During a preparedness parade at San Francisco Saturday, in which 50,000 residents of San Francisco and the bay cities participated, a bomb was exploded among those watching the procession. Four persons were killed outright, two expired in an hour and forty were injured. A panic prevailed and the parade was completely broken up at that point. The dynamite made his escape. San Francisco papers had received letters threatening the "direct action against preparedness parade."

NEW LIVE STOCK BARN AT STATE FAIR OF TEXAS

When the State Fair of Texas opens at Dallas October 14, 1916, it will be provided with better facilities for housing live stock entries than have ever heretofore been the property of any Fair Association.

During the past year, according to an announcement from W. H. Stratton, secretary of the Fair Association, a number of new barns have been constructed and these are of the latest modern type of construction and of an architectural design which will make them harmonize with the many other beautiful permanent buildings owned by the Fair Association.

Those who have had the pleasure of a visit to Fair Park, Dallas, during the State Fair, know that in number and beauty of permanent buildings, the State Fair of Texas is surpassed by that of no other State. These new barns are thoroughly keeping with their surroundings, and will reflect added credit to the "Fair With an Equus." At the same time they will add greatly to the pleasure of exhibitors in showing their stock and will facilitate matters generally in the Live Stock Department.

Secretary Stratton also announces that there is every present indication to the effect that the entries in all agricultural and live stock divisions will be greatly increased this year and that there is no doubt but what the largely increased facilities provided by these new barns, will be taxed to the utmost to provide suitable quarters for all entries in these divisions.

POULTRY SHOW AT STATE FAIR

W. H. Stratton, secretary of the Fair Association, recently announced that, in keeping with the increased value of Southern poultry productions, the State Fair of Texas would materially increase the premiums offered for poultry exhibits, and this announcement is followed by the statement that a division has been created for pigeons, and that a special building is being constructed to house the exhibits in this new class. Better facilities have likewise been provided for the exhibits of ducks, and a large duck pond is now in course of construction.

In the main section of the poultry division increased space has been allotted for the exhibits of all standard and utility breeds, and present indications are that each breed will have a large following. Numerous requests for entry blanks have been received from the premier poultry fanciers of the Southwest, and there is every reason to believe that the best and biggest poultry show ever seen in the South will be a part of the 1916 State Fair of Texas.

Entries in the poultry department will close Wednesday, October 11, and poultry fanciers who contemplate making an exhibit at the Fair should send in their entries promptly.

Major John Wilson of the state board of water engineers is in the Panhandle section making an investigation of the irrigation and water diversion projects proposed in that part of the state.

Another new 3400 r. p. m. Chalmers, 7 ft. And the original 3400 r. p. m. Chalmers, double

Picture a giant of rare strength and ability, him in fine garments—and you have a picture of this new Chalmers—

the 1917 3400 r. p. m. Chalmers with wheelbase, double cowl body and Fr upholstery.

A good day's work was done when they took as a base the 1916 3400 r. p. m. A car that had 1,000,000 miles of record behind a service mark of 99.21 percent perfect.

They didn't touch the 3400 r. p. m. They stood pat there.

And on this magnificent chassis they laid surpasses the ordinary man's power of expression.

To describe this gorgeous body is like to scribe a Rocky Mountain sunset. It's impossible. You get an optic sensation that fills the picture you'll never forget.

Lines—ladies, they're so severely modern first the Chalmers people thought they'd have them—too far ahead of the procession.

But Mr. Chalmers finally said to go ahead was right, because the first one that sailed up stopped traffic.

Men driving cars actually drove up ahead see what car it was.

And performance—gentlemen! There's but one that could touch her—her 3400 r. p. m. She performs with a laugh. She has never a failure. She has never failed to answer my 3400 r. p. m. is the reason.

But what I like most about her is her corksing body.

a giant of rare strength and ability, in fine garments—and you have a new of this new Chalmers—the 1917 3400 r. p. m. Chalmers with a wheelbase, double cowl body and French upholstery.

Good day's work was done when the took as a base the 1916 3400 r. p. m. that had 1,000,000 miles of record before they didn't touch the 3400 r. p. m. motor at there.

And on this magnificent chassis they laid the ordinary man's power of expression describe this gorgeous body is like a Rocky Mountain sunset. It's impossible to get an optic sensation that fills the heart you'll never forget.

Ladies—ladies, they're so severely modern the Chalmers people thought they'd have to go too far ahead of the procession. Mr. Chalmers finally said to go ahead, because the first one that sailed up and down traffic.

On driving cars actually drove up ahead of that car it was. Performance—gentlemen! There's no one that could touch her—her 3400 r. p. m. performs with a laugh. She has never failed to answer my question. 3400 r. p. m. is the reason.

What I like most about her is her body.

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

CARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers. **Has Helped Thousands.**

HANLY AND LANDRITH NAMED NATIONAL PROHIBITIONISTS SELECT THEM AS STANDARD BEARERS

In convention at St. Paul the National Prohibition party nominated J. Frank Hanly, former governor of Indiana, on the last day and on first ballot as the presidential candidate over six others, receiving 440 votes. Former Governor William Sulzer of New York was second, with 181 votes. Effort to make Mr. Hanly's nomination was unsuccessful, over twenty delegates objecting.

After all other candidates withdrew Dr. Ira D. Landrith of Nashville, Tenn., was unanimously nominated for vice president.

The Platform.

Liquor traffic denounced as a crime and nationwide prohibition and equal suffrage declared for; military programs of Democratic and Republican parties opposed, but "constructive ones in preparation for peace" favored; favors reciprocal trade treaties to be negotiated with all nations and commissions appointed to gather facts, favors national legislation to encourage the establishment of an adequate fleet of American merchant ships; opposes war with Mexico; pledges aid to protect American lives; favors use of force if necessary; approves strict interpretation of Monroe doctrine.

Dr. Landrith Native of Texas.

Dr. Ira D. Landrith is widely known as a religious writer, reformer and educator. He was born at Milford, Ellis county, Tex., March 23, 1865, and received the degrees of doctor of law and doctor of divinity from Trinity university, the well known Texas educational institution.

CHARGE AGAINST CALLOWAY. HOUSE COMMITTEE TO INVESTIGATE TEXAN'S REMARKS.

Speaker Champ Clark was authorized to appoint a committee of five to investigate the remarks made by Representative Oscar Calloway of Texas, made in June which are alleged to reflect upon the motive of Representative Gardner of Massachusetts for supporting large appropriation for preparedness movements. Mr. Calloway signified his willingness for the investigation.

His remarks, made on the floor of the house during debate, suggested that the high price of war stocks led Mr. Gardner and others to suggest large appropriations rather than patriotic motives.

Honorable Post Dead.

James Whitecomb Riley, the noted Indiana poet, died at his home in Indianapolis Saturday night following a stroke of paralysis. He was born in Greenfield, that state, in 1853. Riley was a bachelor but one of most famous poems was "An Old Swallowtail of Mine," full of love and tenderness. Works which endeared him to the children included "The Raggedy Man," "Little Orphan Annie" and a number of others published in a volume known as "Rhymes of Childhood." "Good-bye, Jim. Take Care of Yourself," is one of his most widely quoted poems.

Texas Scholastics.

Figures compiled by State Superintendent of Public Instruction Daugherty up to July 22 indicate the scholastic census recently taken will show a total approximately of 1,500,000 scholastics, compared with 1,129,231 last year. This will mean an increase of about \$400,000 in the public school fund this year. Increase in scholastics is mainly due to the new law increasing the maximum age of scholastics from seventeen to eighteen years. Official census figures will probably be ready by Aug. 1.

Women Beaten to Death.

Beaten to death with a club, the body of Mrs. J. J. Hoops was found on her place, over four miles south of Lancaster, Dallas county. A number of roasting ears she had gathered for dinner were centered about, indicated Mrs. Hoops had made a heroic fight for her life. She leaves a husband and seven children. Mr. Hoops was away at work. Richard Hawkins, a negro, was arrested on suspicion and jailed at Dallas.

Aids Aid for Poland.

Personal messages have been sent by President Wilson to European rulers urging their co-operation in getting food supplies from the United States to the starving people of Poland. Efforts by the state department to this end were failures.

RAILROAD WAGES

Shall they be determined by Industrial Warfare or Federal Inquiry?

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employes is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Western railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest and average of all) as shown by the pay rolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers	\$1747 3094	\$2195	\$1537 3076	\$2071	\$1056 2445	\$1378
Conductors	1543 2789	1878	1454 2933	1935	1151 2045	1355
Firemen	1053 2078	1317	751 2059	1181	418 1552	973
Brakemen	854 1719	967	874 1961	1135	862 1821	1107

The average yearly wage payments to all Western train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers	\$2038	\$1737	\$1218
Conductors	1772	1624	1292
Firemen	1218	973	832
Brakemen	921	1000	1026

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?

Jeff McLemore seems to have a dead cinch on that seat in Congress.

Tom Campbell doubtless thinks, just as the Dutch boy thought, when his daddy make him wait at meals.

Charley Jenkins made a good race for Chief Justice of the Supreme Court; but the A. S. League was too big a load for him to carry.

Too bad! Morris will not be in a position to compel Gov. Ferguson to refund that forty-two dollars Morris alleges he spent for groceries.

It is all over, but Jim Ferguson carried a bigger load than necessary. He should have let Judges Phillips and Yantis make their own fight.

Not one of the county officers of Callahan county that had an opponent was defeated. Something unusual and not likely to be repeated soon.

Wonder if the Texas managers of President Wilson's campaign would be willing to accept campaign contributions from any not original Wilson men four years ago.

Cyclone Davis says he will come to Texas and campaign against Colquitt for the senate. Gov. Colquitt seems to have been born under a lucky star.

The Pros did one good deed, they put Dan Garrett in Cyclone Davis' place in Congress. This seems to be about all the important victory they won. We congratulate them. It was a good exchange.

Grand Larceny: Bob Henry says sixty thousand of his supporters were stolen from him on the night of July 21st and given to one of his opponents. Well John Davis is not guilty of receiving the stolen property.

It is generally conceded that Senator Culberson ran very well for a "sick man." If he enters the race in the second primary the Senator will have to come to Texas and convince his friends that he is not sick.

The Dallas News gives the comforting assurance to the defeated candidates that there are no sharks up Salt River. The assurance is of no avail, the defeated candidates met the sharks at the mouth of the river and lost all. What more have they to fear up the saline stream.

Doubtless Banker Morris' wife is glad her husband was defeated for governor, because he promised to have her make lye soap in the backyard of the Governors Mansion for the entertainment of his former friends when they called on him. Was not this a great campaign slogan, though?

Samuel Palmer Brooks was defeated because many of the pros could not distinguish a really great man from a political pugny who thinks he is great. In defeat, Brooks towers above the other defeated candidates, as a giant oak towers its head above a bunch of sage brush. This is said by one who did not support Brooks but recognizes his splendid attainments, and his sterling character.

SOME BUSTED PROPHECIES

Morris is sure to win. Jenkins will make a great Chief Justice.

Brooks the only statesman in the race for the senate. Hall the great (?) orator will make a great supreme Judge, and so on down the line.

We are sorry for Paul Waples, the State Chairman. Cyclone Davis is defeated and he will be madder than ever and may sue Waples for one hundred thousand dollars damage in place of fifty thousand, as he threatened, because Waples lopped off the Cyclone in Davis' cognomen.

The opinion seems to be general that if El Paso had to elect a president that Wilson would be overwhelmingly defeated, yet Congressman Smith, the President's warm personal friend, so much so that he was afraid to let Baird have a primary to select a postmaster lest a Harmon man might win, carried El Paso.

The Anti Saloon League probably realizes now that it cannot rule the Democratic party of Grand old Texas. Look at the slain: Campbell, Riddle, Davis, Jenkins, Hall, White, Baker, Harper, Morris, Robbins. At this writing it is not known whether S. P. Brooks, the best man they had by the way, is dead or alive politically.

Cyclone Davis says Booze, Boodle and Big Business, combined and defeated him. Cyclone left out the main cause: his "bazoo." Cyclone is a splendid fellow personally, but he shoots off his mouth at random and shot it off once too often when he traduced the good name of Jefferson Davis, W. L. Yancy and Bob Toombs.

Last Saturday was "moving day" for some of the Texas Congressman and perhaps one Senator. Among the Congressman defeated for re-nomination are J. H. Stephens, W. R. Smith, Geo. Burgess, Callaway, "Cyclone" Davis. The vote for Culberson and Brooks is so close that it is uncertain which of the two will enter the second primary with Colquitt. John Stephens was considered the most useful members of Congress and had served the longest, except Bob Henry who gave up his seat in Congress to run for the senate.

A. W. BOOTH DEAD

Mr. A. W. Booth, for more than thirty years a resident of Callahan county died at his home near town Tuesday night, and was buried at the Cottonwood cemetery Wednesday afternoon. Virgil Hart of Cross Plains conducting the services. The deceased was born in Kentucky in 1844, which makes him seventy-two years old. The deceased was well known by the old-timers. He has prospered. He was a friend to many. The deceased leaves to mourn his death his wife and ten children, all of whom were present at the funeral. Bee, Dannie, Zella, Tommie and Fay Booth, John Booth, of Northfield, J. B. Booth, of New Mexico, Bob Booth, of Cottonwood, Mesdames Gertie Hunt and Mary Farrel. The Review offers condolence to the bereaved family.—Cross Plains Review.

TO MY FRIENDS

I desire to thank my friends throughout the county for your kind assistance rendered me in my race for County Judge.

I especially do appreciate my home people standing by me in the contest. Eola gave me a strong vote, but Clyde in which I have lived for 12 years gave me a major-

ty of forty votes over the combined effort of two popular opponents. This confidence and kindness of my home people shall never be forgotten.

A light vote in some other good boxes defeated me. Places in which I believed I had a fairly good support, until about 2 days before the election, when the steam roller started and crushed me.

Reports and conditions sometimes contrate a large vote. I know that the men who voted against me are not all unfriendly to me, and I believe that when the smoke clears away they will be my friends; because, I made an honorable race, I slandered no man, I stood for what I believed was right, I have nothing to regret.

I am still a Callahan County citizen, my idea of duty and of justice remain unchanged. My ambition is yet alive, and I am here to serve my country, and my friends who have been so good to me.

in railroad service as passenger conductor. The railroads of Mexico are operated by the government and four years ago they dispensed with the services of all American employees. Mr. Hamrick was one of the employees who had become attached to Mexico and her possibilities and remained, engaging in the real estate business. He is also engaged in the culture of citrus fruit, having a fine orange grove near Tampico. He says out of the thousands of Americans who are engaged in agriculture and other pursuits in Mexico none are discouraged and all are going back. Speaking of peace in Mexico he says no man or set of men in Mexico can ever bring peace to the country, that there is only one way to bring peace and that is for the United States to intervene, make peace and establish a stable govern-

ment and make it possible for the Mexican people to reconstruct the country. He says 90 per cent of the Mexican people would welcome any foreign nation that will come in and help them to bring about peace in theirwar ridden country.

COUNTRY CORRESPONDENCE

BURNT BRANCH CULLINGS

The Socialist Party of N. Y. protested and demanded of Wilson the withdrawal of all American troops from Mexico. Great Lord on what a slender cord hangs everlasting thing and further I reckon he will do it.

Today is picnic day and grand rally at the Terminal City and judging by the passage of people they are having the time of their lives. I simply can't go, feebleness and hard work being the principal cause. The Review man will write it up to whose report of the "pull off" I refer the many readers of The Star. I wouldn't go to Cottonwood only I promised "Uncle Jimmie" to be present and make that speech to that pretty widow and I can't afford to disappoint the parties to the transaction.

Thrashing suspended for Tuesday and Wednesday on account of plenty money in circulation for celebration purposes, and the boys naturally want to see the sights and hear the vast herd of "wind jammers" who so dearly love the people.

Tommy Aiken is carrying the mail while "Slim Jim" is doing the circus act.

Politics in the Pecos country as per the Toyah Valley Herald is now siding and is at a white heat and the aspirants are causing one another Frits, George Boshier and the whole Outbirth push are up at their Rough Creek ranch working the cattle for the good of their health, that is the cows.

When the prohibition question was first agitated in Callahan county a prominent candidate was before the people. How do you stand on prohibition, he was generally asked. Like Uncle Abe Lincoln he would "beat around the bush" until he got the views of his constituents and with a "you are right, old fellow" the two coincided. Great is politics, but greater still is the politician.

"Uncle Jimmie" wants an introduction to the grand Star force of correspondents. Ladies and Gentlemen in vast numbers, permit me to present to you your own "Uncle Jimmie" of Cottonwood, the greatest correspondent of The Star force. Now are you acquainted, my dear

uncle? Here's a jug of beer to bet that Submission is defeated in Callahan county. If not its all the same to me and mine.

This is the rhyme for the past two days: "Whither art thou going my dear little man?" "Going to the picnic as hard as I can." They howled on the road south the live natives in the early morn of Wednesday, the effects of the stale beer we presume.

The thrashing machine with a great stack of toll is silent at Ed Odum's, dead for a time but covered with "cues words."

Mrs. J. B. Aiken is visiting at the Terminal City.

Do you love chin music? If so listen to a candidate. When I courted my wife it was the hardest job of my life, but not so with an aspirant. When he is courting for your vote he says to himself, "dam the influence, the vote was what I was after and I think I got it."

Oh yes, we went to the celebration Wednesday evening, a vast crowd but dispersing. On Tuesday more people were assembled in Cross Plains than ever before and it was the hottest day of the year. Everybody seemed to have had a grand, good and glorious time. I only saw one representative from Baird, my young friend Judge B. L. Russell, but they were said to have been there by the score and doubtless were.

Arthur Young was among the representatives from the Burkett county.

Capt. Jones and my old friend Sam Windham of Byrds Store were on hand and making inquiries about "Juan." Next time boys, I'll meet you at the Forks of the Road. The Lord bless you.

Everybody said Judge Bianton made the speech of his life, which I am sorry to say I failed to hear, but he will be elected and the same, but no garden seed, boys.

Uncle Bill, I send this in but it is "too late to classify."

"Juan."

COTTONWOOD LOCALS

July 25th.—Now the picnic is over and the primary is over and everybody is saying, "I told you

so." Well to say we had a crowd at the picnic, is putting it mildly. We had the crowd and we had the dinner and everybody enjoyed themselves and went home tired and satisfied. And do you think "Old Juan" showed his "mug" here that day? Well he did not, and he certainly did miss a fine opportunity to fill up.

To say the primary passed off satisfactory to all would be wrong, for some of the aspirants to office came "tearing out behind", very much to their discomfort and chagrin. Take courage gentlemen "better luck next time."

Misses Bertha and Beulah Ray, of Baird are visiting in Cottonwood, the guests of their grand-parents, Mr. and Mrs. J. S. Ray.

The Missionary Baptist are conducting a revival meeting at the tabernacle in Cottonwood, with Eld. McNair doing the preaching. We are not prepared to quote results.

A. B. Everette, of Rising Star, father of the Everett brothers, of Cottonwood, who visited them last week and incidentally took in the picnic, has returned to his home. His wife accompanied him.

Quite a number of fine cows have died in this community from the effects of fever, but we think the trouble is abated, if not entirely eradicated.

The Bank of Cottonwood has undergone another change. One week ago today the directors met and elected W. A. Everette cashier to fill the vacancy made by the resignation of Homer Shanks the former Cashier. We are not posted as to who is the President of the Bank, the place left vacant by Mr. Everette.

Mr. Shanks has moved to Clyde and has accepted the position of cashier in a bank at that place. There is also a vacancy created in the mercantile business of Everette Brothers the same being filled for the present by Mrs. Warren Everette.

This weather is getting unpleasantly warm, and your Uncle Jimmie is getting somewhat advanced in years and with a constant desire of the female portion of the family for stove wood and etc, it renders our position a very undesirable one and we sometimes feel like we would like to resign.

Eld. J. J. Edwards, a Primitive Baptist minister of Blanket, Brown county, preached at Cottonwood last Wednesday. He was accompanied by Elder Downing of Anson.

Grady Respass, who has been on an extended visit to relatives in Ellis county, has returned to his home at Cottonwood.

Miss Fay Tartt, daughter of Wayne Tartt, a former citizen of Cottonwood, who has been visiting friends here has returned to her home at Cross Plains.

B. C. McCarty, a teacher at Fort Worth, was a visitor at Cottonwood Monday and Tuesday. He was looking after some land he owns just south of town. He returned to Fort Worth, Tuesday. He expressed himself pleased with his property except the sand and brush.

Now we would enquire if "Dottie Dimple" of Admral and the "Star Staff Foot" attended our picnic, and if they did why was it they did not meet "Uncle Jimmie"? Now if you are guilty do not do anything of the kind again but hunt up the original "Uncle Jimmie" and let's shake.

Now owing to the excessively warm morning, and the approach of mail time and the scarcity of material to continue our communication it becomes very necessary that we "keno."

"Beautifully yours,"
"Uncle Jimmie,"

**PROPOSED AMENDMENT TO THE
STATE CONSTITUTION RELATING
TO LEVYING TAX FOR SCHOOL
PURPOSES.**

H. J. R. No. 30, House Joint Res-
olution.

Proposing an amendment to Section
3, Article 7, of the Constitution
of the State of Texas, authoriz-
ing the levy and collection of an
ad valorem county tax not to ex-
ceed fifty cents on the one hun-
dred dollars valuation of property
for the maintenance of the public
schools of the county, and author-
izing the levy and collection of an
ad valorem district tax not to ex-
ceed one dollar on the one hun-
dred dollars valuation of property
for the maintenance of the public
schools of the district.

Be it resolved by the Legislature of
the State of Texas:

Section 1. That Section 3 of
Article 7 of the Constitution of the
State of Texas be amended to here-
after read as follows:

Section 3. School Taxes.—One-
fourth of the revenue derived from
the State occupation taxes, and a
poll tax of \$1.00 on every male in-
habitant of this State between the
ages of 21 and 60 years shall be set
apart annually for the benefit of the
public free schools, and in addition
thereto there shall be levied and
collected an annual ad valorem State
tax of such an amount, not to ex-
ceed 20 cents on the \$100.00 valua-
tion, as with the available school
fund arising from all other sources
will be sufficient to maintain and
support the public free schools of
this State for a period of not less
than six months in each year. The
Legislature may authorize the levy
and collection of an annual ad va-
lorem county tax within the counties
of this State not to exceed 50 cents
on the \$100.00 valuation of property
situated within the county; provided,
a majority of the qualified property
taxpaying voters of the county vot-
ing at an election to be held for that
purpose shall vote such tax, for the
purpose of maintaining the public
free schools of the county, and the
Legislature may also provide for the
formation of school districts by gen-
eral or special law, without the
local notice required in other cases
of special legislation, and all such
school districts, whether created by
general or special law, may embrace
parts of two or more counties, and
the Legislature shall be authorized
to pass laws for the assessment and
collection of taxes in all said dis-
tricts and for the management and
control of the public school or
schools of such district, whether
such districts are composed of terri-
tory wholly within a county or in
parts of two or more counties. And
the Legislature may authorize an
additional ad valorem tax to be
levied and collected within all school
districts heretofore formed, or here-
after formed, for the further main-

tenance of public free schools, and
the erection and equipment of school
buildings thereon; provided, that a
majority of the qualified property
tax-paying voters of the district,
voting at an election to be held for
that purpose, shall vote such tax
not to exceed in any one year one
dollar on the \$100.00 valuation of
the property subject to taxation in
such districts, but the limitation
upon the amount of school tax here-
in authorized shall not apply to in-
corporated cities or towns, constitu-
ing separate and independent school
districts.

Sec. 2. The Governor of this
State is hereby instructed to issue the
necessary proclamation for the sub-
mission of this amendment to the
qualified voters of the State of Texas
at the next general election to be
held in November, 1916, at which
election all voters favoring this
amendment shall have written or
printed on their ballots the words,
"For the amendment to Section 3,
Article 7, of the Constitution of the
State of Texas, relating to the levy
of ad valorem school taxes not to
exceed fifty cents on the \$100.00
valuation in the county and not to
exceed one dollar on the \$100.00
valuation in the district, for the pur-
pose of maintaining the public
schools of the county or of the dis-
trict."

Sec. 3. The sum of \$5,000.00,
or as much thereof as may be neces-
sary therefor is hereby appropriated
to pay the expenses of carrying out
the provisions of this resolution.

[Note.—H. J. R. No. 30 was ad-
opted by the House March 6, year
1914, says 12. Was adopted by the
Senate, with amendments, March 19,
year 25, says 2. House concurred
in Senate amendments March 19,

Bankrupts.

No. 512 in Bankruptcy. Abilene, Texas, July 29th, 1916. To The Creditors of Tidwell Brothers a copartnership composed of Frank Lowery Tidwell and John Schlyer Tidwell of Baird in the county of Callahan and District aforesaid, bankrupts. Notice is hereby given that on the 29th day of July A. D., 1916, at 10 o'clock in the forenoon, at which time the said creditors may attend, prove their claims, appoint a trustee, examine the bankrupts and transact such other business as may properly come before said meeting.

K. K. Leggett,
34-1t. Referee in Bankruptcy.

We regret to have to announce the failure of Tidwell Brothers, grocers. The boys did a good business for a time but too much credit business with slow collections and no collections brought the inevitable. We sincerely regret the misfortune that has overtaken the firm, but one thing it is an honest failure which they tried in every way to avert, even adopting a cash system but it was too late. Limited capital and unlimited credit won't work together. One thing that failure cannot take away from the firm and that is they were honest and dealt fairly with their customers. Had all their customers dealt fairly with them there would be a different story to tell. We sympathize with the boys.
