NUMBER 2

## OFFICIALS OF MINES ARRESTED

By Associated Press. TUSCON, ARIZ., May 15.—Twenty-one of the leading mining company officials, employees and business men of the Warren district were arrested at Bisbee this morning on indictments returned by the federal grand jury which last week completed an investigation of the deportation last July of nearly 1,200 alleged members of the I. W. W.

Grant H. Dowell, general manager of the Copper Queen Consolidated Mining Company, at Bisbee, was the first man arrested. The warrant was served by U. S. Marshal Dillon. The man arrested was the first of a group of Ellingwood and Ross in Bisbee, where their bonds were fixed at \$5,000 each by the U. S. commissioner.

Without Names. Federal Judge William H. Sawtelle, in Tucson, said an inspection of the indictments would not be allowed until official notification had been received that all the men indicted had been taken into custody.

Judge Sawtelle in his charge to the jury last week instructed that not only should the charge of conspiracy to deprive citizens of their rights be considered but the question of obstructing the draft in deporting a large number of registered men also should be considered.

Warrants Served. After the arrest of Dowell, warrants were served on the following: Gerald Fitzgerald, superintendent of the mine department, Copper Queen Consolidated Mining Company. Basset T. Watkins, miner, former city marshal and leader in the Bisbee loyalty league. Captain H. H. Stout, superintendent of the Phelps Dodge Smelter at Douglas.

Robert Rae, auditor of the Phelps Dodge interests in the southwest. Miles Merrill, Copper Queen miner, one of the organizers of Warren district loyalty league.

Cunningham, cashier of the bank of Bisbee, director in bank of Douglas and Douglas Investment Company, secretary of Bisbee Naco Vase Company and former president Arizona Bankers Association. Dr. N. C. Bledsoe, head of the Calumet and Arizona Mining Company's medical staff.

Captain Joseph Park Hodgson, consulting engineer Phelps Dodge corporation, member of district exemption board. J. H. Wilson, city marshal of Bisbee, former Copper Queen miner. Alvin E. Howe, deputy sheriff of Cochise county. W. F. Sims, Bisbee dentist, former Arizona state senator. Lomuel C. Shattuck, president and general manager of the Shattuck mine and president of the Miners' and Merchants bank.

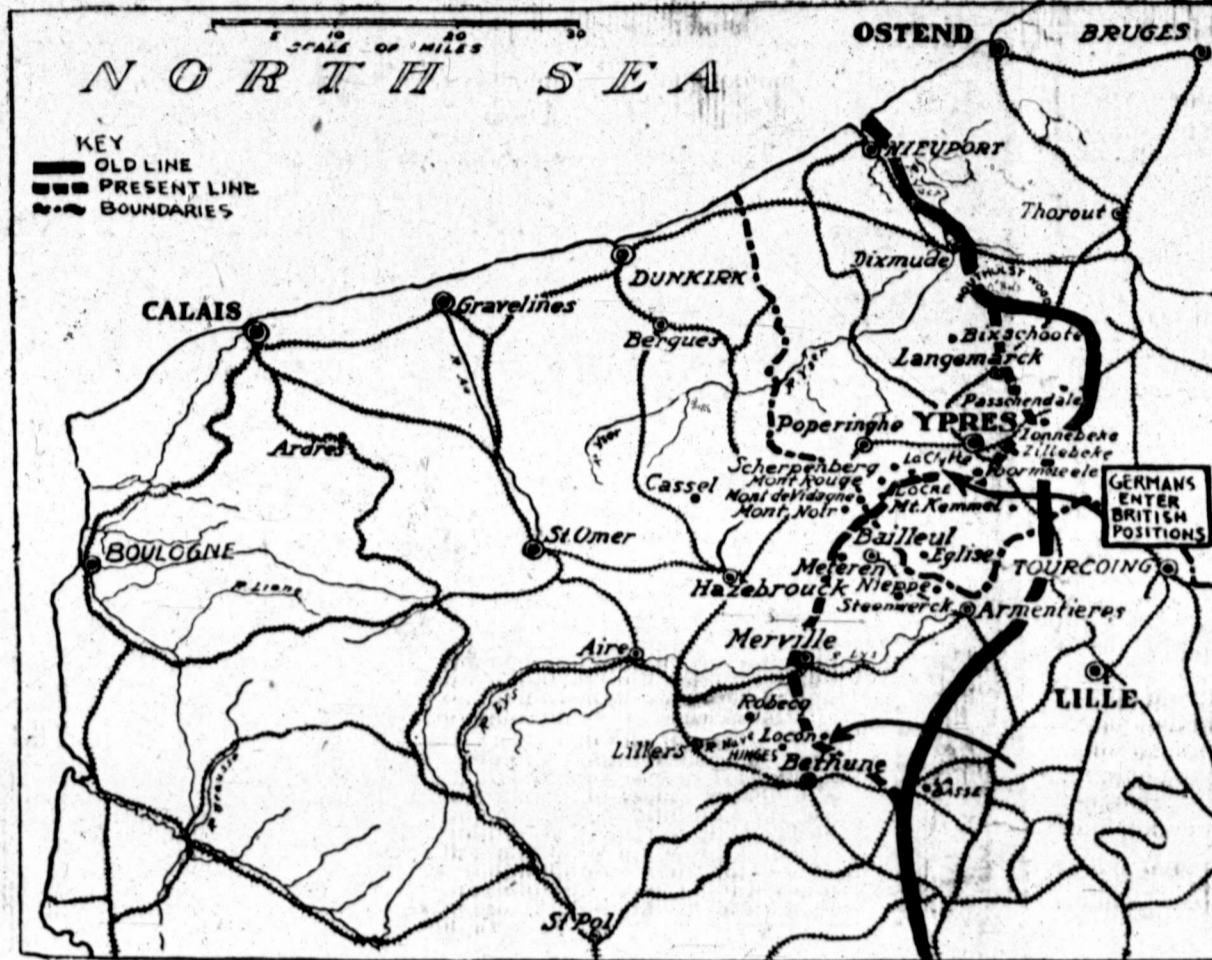

## Court of Criminal Appeals Rules Upon License Tax Matter

By Associated Press. AUSTIN, TEX., May 15.—The court of criminal appeals today held that the act of 1909, levying an annual state tax of \$2,000, and a county tax of \$1,000 on all persons selling non-intoxicating malt liquors in prohibition territory, was repealed by the "disorderly house" act passed by the legislature in 1910, which absolutely prohibits the selling of non-intoxicating malt liquors in prohibition territory. This decision was in the case of W. W. Claunch, from Fisher county, in which a motion for re-hearing was granted and the case reversed.

Claunch was fined \$150 and given thirty days in jail for failure to pay this annual tax. The court today, however, affirmed another case against Claunch in which he was fined \$200 and given twenty days in jail for the violation of the "disorderly house" act, which prohibits the sale of non-intoxicating liquors in prohibition territory.

The act defines non-intoxicating malt liquors as beverages containing alcohol, but not of such a quantity as to be intoxicating, and sale is prohibited where the person selling is required to take out an internal revenue malt liquor license.

## HUNS GAIN NEAR YPRES, BUT REPULSED ELSEWHERE ALL ALONG LINE

For six weeks the battle line has remained practically as it is given above. The allies are patiently awaiting a resumption of the offensive by the Germans, but apparently the latter are content to take their time before endeavoring to force an enemy which recently gave a wonderful example of staying power, the while reaping a heavy harvest of German lives. In the region shown above it is believed probably that a resumption of the drive, possibly more powerful than the first one, will take place.

## MEETING OF TWO EMPERORS TOPIC IN GREAT BRITAIN

MILITARY PLANS THOUGHT TO HAVE BEEN CONSIDERED AT CONFERENCE. LONDON, May 15.—The recent meeting of Emperor William of Germany and Emperor Charles of Austria is of absorbing interest to the British public. There are two viewpoints which appear in the comment on the meeting, one as to the immediate result of the conference and the other as to its future results, but both are of paramount importance. The first is the effect which the meeting is likely to have in military events, whether another great blow at Italy may be expected to coincide with the onslaught at the Aene French front. Also whether Austria can be persuaded to send troops to the western front to strengthen exhausted German divisions.

Distant Outcome. The more distant outcome of the meeting and its cementing of a political and defensive alliance of the central powers is a realization that eventually must be faced in the materialization of the Mittel Europa policy, and it is argued that if this is accomplished the natural reply of the Entente nations would be the placing in operation of the resolutions calling for economic pressure against Germany, known as the "Paris resolution," because it is contended that only by the strong economic pressure could the entente deal with the greatest unit of power ever known in the world's history.

Comments from Austrian newspapers reaching London tonight tend to confirm the opinion that the alliance of the central powers had been consolidated in an all-embracing manner. Vienna newspapers are unanimous in the view that a multitude of enemies necessitates self preservation and demand that Germany and Austria-Hungary should give their decisive alliance a general character. They also emphasize that neither empire will give up its political, military or economic personality.

Powers United. The Fremdenblatt says that the two powers are united for common defense, not only as formerly against Russia, but also against any other powers which should attack either ally, and adds that in accordance with the political deepening of the alliance, Austria-Hungary will guarantee compensation to the German and Austro-Hungarian armies by which neither the individuality nor the organization of the armies of Germany or of Austria-Hungary will be assailed.

## RELATIONS OF CENTRAL POWERS IS DISCUSSED

LONDON, May 15.—At the meeting of Emperor William and Emperor Charles the Daily Chronicle says apparently a step was taken toward formally defining and recognizing the subservient relations of the dual monarchy toward the German empire. "An independent Austria-Hungary," the newspaper adds, "is impossible, chiefly because not one of its constituent nationalities wants it. The Austro-German and Magyar dominions also will be taken to involve majorities do not want an independent monarchy, but a monarchy dependent on Germany, which can help them to maintain their national position."

## MONARCHS SELECTED FOR OCCUPIED LANDS?

LONDON, May 15.—The Austrian and German emperors at their meeting at German great headquarters, German newspapers say, according to an Exchange Telegraph dispatch from Copenhagen, selected monarchs for Lithuania, Courland, Estonia and Poland.

## AIRPLANE MAIL SERVICE BEGINS N. Y. TO CAPITAL

LIEUTENANTS CARRY FIRST MAIL POUCHES BETWEEN TWO CITIES. WASHINGTON, May 15.—Airplane mail service between Washington and New York went into operation today when the first mail carrier, piloted by Lieutenant George L. Boyle, left Potomac Park for Philadelphia at 11:15 o'clock. President and Mrs. Wilson witnessed the initial start.

The airplane that left Washington was forced to descend at Waldorf, Md. The pilot, Lieutenant Boyle, reported that the plane was forced to descend because of a mechanical difficulty. The plane was forced to land at Waldorf, Md., and the mail was carried by other means.

PHILADELPHIA, May 15.—Airplane mail service under the direction and authority of the United States government was today instituted over a regular route for the first time in this country with Philadelphia as the central point of the system. The pioneer plane of the service arrived from New York at the landing place here at 1 p. m.

JACKSONVILLE FLORIDA IS NOW DRY TOWN. JACKSONVILLE, FLA., May 15.—Jacksonville and Duval county yesterday voted "dry" by a majority of about 700, according to returns from 25 of the 36 voting precincts.

## SPECIAL PRAYER FOR COUNTRY IS TO BE OFFERED

DURANT, OKLA., May 15.—An appeal to all churches to make the time of the meeting of the southern Presbyterian general assembly which begins here tomorrow a season of special prayer and intercession was made today by the Rev. John Welis, moderator of the assembly and pastor of the First Church, Wilmington, N. C.

"Let us pray for our country," the call states, "for those in authority; that they may have special strength and wisdom in this day; for those called to the service of the country on sea or land; that they may be blessed; and for the nation, that it may have that righteousness that exalts a nation; that victory that cometh only from the hand of God and that peace that shall be everlasting."

"Let us pray for our Assembly that the spirit of God may manifest and guide all its deliberations. Let us pray for our Church that its members may be more truly repentant, more securely consoled and more true to our Master's will that its great causes may be richly blessed and prosper and that its ministrations may, amidst all the clamor and confusion of the day, faithfully proclaim His will."

## BAPTISTS ELECT DR. GAMBRELL TO OFFICE AGAIN

UNION WITH OTHER CHURCHES IN ARMY WORK IS OPPOSED. SPRINGFIELD, ARK., May 15.—Without a dissenting vote the general officers of the Southern Baptist convention were re-elected at this morning's session of the convention. The following were chosen: President, James B. Gambrell, Dallas, Texas.

Vice Presidents (new officers): Governor Charles H. Brough, Little Rock, Ark.; George Moss, Shreveport, La.; John L. Mell, Athens, Ga.; Dr. Livingston Johnson, Raleigh, N. C.; Secretary, O. P. Gregory, Baltimore, Md.; H. C. Moore, Raleigh, N. C.; Treasurer, George W. Norton, Louisville, Ky.

Auditor, William P. Harvey, Harrodsburg, Ky. The officers were all elected by acclamation and without opposing nominations. Union with churches of other denominations in work within army cantonments here and abroad was denounced by Dr. Gambrell, the president, who insisted that the Baptists have no tenet or doctrine which they are willing to subvert. The president characterized all such talk as "unionism."

Pledge Support. The convention pledged its support to President Wilson in carrying on the war. Dr. Gambrell discussing the war, asked that a "judicious committee be appointed to report back to the convention its attitude toward the war."

## LORD MAYOR OF DUBLIN WILL COME TO AMERICA

DUBLIN, May 14.—The lord mayor received passports for America and arrangements for his immediate departure are in progress. It was announced at a meeting of the city corporation held at the Mansion house today.

Call For Conference To Stimulate Interest In Y.M.C.A. Work Made. AUSTIN, TEX., May 15.—With a view to stimulating interest in getting recruits for war service for the Y. M. C. A., Governor Hobby today issued a call for a conference of prominent business men of Texas to be held here Friday evening. James A. Whitmore, who has had experience with the Y. M. C. A. in France and Franking Kirkbridge, New York banker, who was a member of a special commission to France on behalf of the Y. M. C. A., will be here to outline the plan. It is not financial aid that is needed, but men for service, says the governor's call.

ANOTHER CALL IS RECEIVED AT AUSTIN. Associated Press. AUSTIN, TEX., May 15.—A call for 800 drafted men to be sent to Fort Sam Houston May 29, was received today by Major C. J. Townes, of the Texas selective service, from a report Marshal General Crowder.

## PRESIDENT ANNOUNCES HIS OPPOSITION CHAMBERLAIN WAR INQUIRY MEASURE

### GERMAN OFFENSIVE IS STILL PENDING; ALLIES GET READY

FRENCH AND BRITISH CONTINUE TO TAKE POSITIONS OF VANTAGE.

The war situation of today is summarized by the Associated Press as follows: The expected renewal of the German offensive having failed to develop, the allies are continuing their tactics, and looking for a thrust by reaching out for new vantage points from which the better to resist it.

The French were the aggressors in the last operation of this kind, carried out late yesterday. They pushed out from their lines south of Hilles, on the Somme front, their objective being a wood situated at about the point where the German had made their furthest westward advance and are within a short distance of the Paris-Amiens railway.

Operation Successful. The offensive was entirely successful, resulting in the capture of the wood, on the slopes west of the Avere river, possession of which improves the allied offensive position in this important sector. The Germans evidently recognized this fact, for they countered strongly at night. The determined attack was a failure, however, after spirited fighting the French remained in entire control of their new position after having cut the enemy up badly with their fire, besides taking more than three score prisoners.

The artillery fire is reported by Paris to have been violent last night north of Montdidier, just to the south of this sector, where American troops are holding a portion of the line. The bombardment was heavy also along the southern side of the Montdidier salient, as far east as Noyon and the Germans attempted to attack at one point on this line, but were promptly checked.

London Statement. The London statement also indicates considerable activity by the hostile artillery on the British portion of the Somme front, in the Somme and Ancre valleys, while this morning increased in the region between the Somme and the Ancre, near Morlaucourt, where the Australians recently have made notable advances and where yesterday they repulsed a German effort to recapture the lost ground.

On the Flanders battle front the Germans likewise speeded up their fire early today in the Kemmel sector, after working their guns moderately hard during the night on the southern side of the Lys salient, in the Bethune and Nieppe wood regions. In the southern battle field the German effort was made on a front of one mile near Morlaucourt between the Somme and Ancre rivers but was not pushed strongly. The enemy gained an inch in local success and penetrated the British lines at one point, being repulsed elsewhere. A counter attack by Australian troops finally repulsed the British. The British north of Kemmel was against the French on hill 44 and adjoining elements. The Germans gained the hill but the British were made against the French by Field Marshal Haig reports they were repulsed finally.

Almost Week Gone. Almost a week has gone by since the Germans displayed any activity in army activity and while the attacks north of Kemmel and south of Albert apparently were not in great strength they were made against the vital sectors of the two German driven salients and where the enemy probably will launch his next heavy attempt or attempts. It is not unlikely the attacks were made to ascertain the result of the German arm.

## NATIONAL GUARD WILL BE SUBJECT TO CALL ABROAD

(Dallas Journal.) Troops of the new Texas National Guard will see service in France if by good work they show the War Department they are worthy of the charge. Major J. Watt Page said this morning in an interview with Brigadier General R. H. McDill, commanding the Second Brigade. Major Page is officer in charge of militia affairs in the War Department and came to Dallas as a representative of Major General W. A. Holtzok, commanding the Southern Department.

It is not now the policy of the War Department to use newly-organized guard units in overseas service, but I want to urge the men going in to the guard to go in with the intention of showing the War Department that they are fit for overseas duty. I am sure that they will be sent over if this spirit prevails among the troops.

Major Page came to Dallas to assist in the speeding up of organization of the Second Brigade and to present to General McDill the policies of the War Department in regard to the organization of National Guard units. Preparations are being made today for an inspection of the troops for Federal recognition. Whether or not this recognition is made early or is deferred depends almost altogether on the officers of the brigade, Major Page asserted.

## Want of Confidence Would Be Shown With Enactment, He Says

By Associated Press. WASHINGTON, May 15.—In a letter today to Senator Martin of Virginia, democratic leader in the senate, President Wilson declared he would regard passage of the Chamberlain resolution, calling for an investigation of aircraft and other war activities as a "direct vote of want of confidence in the administration, and an attempt of congress to take over conduct of the war."

The president informed Senator Martin that he had no objection to the most searching inquiry into the aircraft situation, but that he deemed inadvisable at this time any investigation of the conduct of the war. At the last session of congress his opposition to such an investigation put an end to proposals that it be made.

## MEASURE IS FAVORABLY REPORTED BY COMMITTEE

WASHINGTON, May 15.—By a vote of three to two the senate expenditures committee ordered a favorable report on the Chamberlain resolution, but added amendments modifying it so as to limit specifically the military committee's activities to army operations. A proviso was added expressly prohibiting the committee to conduct an inquiry into the conduct of the war.

Form of Resolution. It was believed that the president's attitude was due to the form of which Senator Chamberlain of Oregon, chairman of the senate military committee, introduced the resolution. The resolution "authorized and directed the committee to inquire into and report to the senate the progress of aircraft production in the United States or into any other matters relating to the conduct of the war by or through the war department."

Objection to the wording of the resolution was made yesterday by several administration senators and also by Senator Thompson, of Kansas, chairman of the senate expenditures committee, to which it was referred, and who conferred with the president late yesterday. Senator Thompson has insisted, and members of the senate military committee have agreed to redraft the resolution to authorize the committee to inquire merely into army activities and not into general conduct of the war or military strategy.

## REVENUE RECEIPTS ESTIMATES GIVEN OUT BY TREASURY

MORE THAN FOUR BILLION TO BE PAID IN, MOST THROUGH TAXES. NEW YORK, May 15.—Revised estimates of revenue receipts in the current fiscal year ending next June place at \$4,955,699,000 the sum which the American people will contribute directly to the government, mainly in taxes, for prosecution of the war. The estimates, reported today to the senate by Secretary McAdoo, in compliance with a resolution passed by the senate throwing light on future revenue needs show that about one-third the expense of the war this year has been met by taxation and two-thirds by Liberty bonds.

Enacted in October. The report disclosed that about \$2,775,185,000 will be collected on the basis of income and excess profits tax returns on file May 1, about \$348,000,000 more than the yield estimated when the war revenue law was enacted last October, but less than the \$3,000,000,000 estimated. The total now expected from internal revenue which includes receipts from income and excess profits returns, is \$2,829,000,000, from customs, \$180,000,000, from miscellaneous sources, including \$40,000,000 earnings of increased first class postage, \$270,000,000, and from sale of public lands, \$1,800,000,000. Estimates of internal revenue receipts last fall were about \$3,400,000,000.

Will Be Examined. The report will be examined carefully by members of congress in connection with the pending question of whether new revenue legislation shall be taken up at this session, as urged by Secretary McAdoo. The fact that his figures are fairly definite is expected to have some influence with some members who have argued that results of existing revenue legislation should be determined before new bills were framed. The report today did not segregate receipts from incomes and excess profits taxes, however. Early in the year the treasury had estimated income taxes at \$1,201,000,000 and excess profits taxes at \$1,238,000,000.

Actual collections up to April 1 and estimates of receipts to June 30 now show that \$68,714,000 may be expected from internal revenue sources other than excess profits and incomes. Correlated Supplies Board Will Be Named By Great Britain Soon. LONDON, May 15.—The government according to the Daily News partly as a result of representations by the Allies, particularly the United States and Italy has decided to establish a board to correlate supplies of every kind needed by the Allies, including food, munitions, raw materials for manufacturers, oils and timber. The policy embodied in the decision is for a united control of Allied resources on the same plan as the united control of the armies on the western front.

FREDERICK REMSEN HUTTON DIES IN NEW YORK CITY. NEW YORK, May 15.—Frederick Remsen Hutton, honorary secretary of the United Engineering Society, mechanical engineer and editor and author of a book on mechanical engineering in Columbia University, died yesterday at his home here. He was 65 years old.

By Associated Press. COL. MBLI S. May 15.—To hell with all German sympathizers and thank God for Woodrow Wilson, exclaimed Senator Tillman in concluding an address before the state democratic convention here today. Senator Tillman declared he wanted the people of the state to know where he stood on the war issue.

By Associated Press. PITTSFORK, ILL., May 15.—"To hell with all German sympathizers," says Senator Tillman. "I am sure that they will be sent over if this spirit prevails among the troops."

### BAPTISTS OPEN CONVENTION AT HOT SPRINGS, ARK.

"WOMAN SUFFRAGE" QUESTION IS OVERSHADOWING ONE TO BE CONSIDERED.

By Associated Press  
HOT SPRINGS, ARK., May 15.—The sixty-third session of the southern Baptist convention opened here this morning to take action on several matters of church conduct, and to hear reports from its three administrative boards which Baptist leaders declare disclose the most successful year in the history of the church. Interest in the routine of the convention, however, was rather overshadowed by the contest between advocates of "woman suffrage" in the convention and its opponents.

**Representation of Women.**  
The question as to whether the women of the denomination should have direct representation in the convention, has been a perplexing one to the convention for several sessions. Debate on the proposition centered mainly upon the interpretation which is to be put on Paul's injunction to the women of ancient Corinth to be silent in the temples of Christ, as written in his epistle to the Corinthians. Partisans of equal suffrage are firm in their belief that Paul's advice was occasioned by conditions which were peculiar to Corinth at that time, rather than a reference to the conduct of women in general.

Opposition to the suffrage amendment also came from delegates who feared that participation in conventions by the women of the church would militate against the work which now is being done by the woman's missionary union, in that it would effect a division of interest among the women. Most of the delegates who opposed equal suffrage were from the eastern states represented in the convention. Several of the western state conventions already have granted equal suffrage to the women, since it is given to each state convention to direct its own church work, and the women found that their staunchest allies were the delegates from that section of the country.

**Grant Equal Suffrage.**  
Arkansas was one of the states to grant equal suffrage in the convention, and it was then, in 1893, at the Augusta, Ga., convention that the first effort was made to inject equal suffrage into the national convention. At that time, it was recalled today, Mrs. J. P. Eagle, wife of a former governor of Arkansas, rose on a roll call of states to present her credentials as a delegate. The section of the constitution of the convention which defined qualifications of delegates, made no reference to the sex of the delegate, merely characterizing one as a "member," together with other limiting clauses. The convention was then thrown into sharp division, with the conservative element, headed by many of the most famous Baptist leaders, among whom was S. M. Brown of Kansas City who also was among the opposition leaders at the convention today, strongly protesting against such activity by women of the church. After prolonged debate the convention then voted to amend the constitution to preclude the possibility of such a contingency arising again, and

**VISITORS MUST PARK CARS OUTSIDE TONIGHT IS OFFICIAL ORDER**  
Visitors to Call Field to attend the Seventy Fourth Squadron's Stunt Nite program tonight will not be allowed to drive their cars in to the Y. M. C. A., as previously has been the custom, but will park their cars outside the main gate and walk to the Y. M. C. A. This is due to the new ruling of the commanding officer, which forbids parking of cars at any place other than at headquarters. There will be no room for visitors tonight at headquarters, it is announced.

changed the word "member" to the more restricted one of "brethren" and the word "messengers" for "brethren" after a sharp contest the attempt was defeated on parliamentary grounds, but a committee was appointed to investigate the entire matter of suffrage and report back to the convention this year.

### HURLEY INVITED TO BE PRESENT AT B. I. M. I. T. MEET

For the annual convention to be held in Dallas June 26 and 27, the Buy It Made in Texas Association has extended an invitation to Edward J. Hurley, chairman of the shipping board, and William C. Redfield, secretary of commerce for the United States, to attend.

The official manufacturers' association of the state is preparing for the convention at a steady pace, and the extension of the invitation to the two high officials in the government indicates to a great extent its significance as a gathering of manufacturers.

It is believed by the association executives that perhaps both men will attend. Mr. Redfield is deeply interested in the development of manufacturing, and Mr. Hurley has under the wing of his vital section of war industry, Texas' newest production center—the ship-building plants of the gulf coast. Both officials have expressed a deep interest in Texas production, as their departments are in most direct contact.

Mr. Redfield has visited Texas once before and has many friends in the state. Mr. Hurley, while well known because of his high official position, has never been to this state on an official visit. However, he recently expressed a desire to visit the ship yards on the coast, and it is quite possible he will avail himself of the opportunity to visit the convention and Texas at the same time.

Plans for the Dallas meeting are progressing at a very favorable rate. Gus W. Thomason, secretary-manager of the organization, states a meeting of the Dallas manufacturers will be held next week to plan social entertainment features for the convention.

### MANY YOUNG MEN MISSING CHANCES FOR INSTRUCTION

MIGHT RECEIVE FREE TEACHING AT UNIVERSITY FOR SKILLED WORK IN ARMY.

"Wichita county young men have been passing up a good thing in the opportunities that have been offered them to go to universities and schools for special studies, and many who are skilled in some trade, or who have occupations useful in military life in which they have much experience, have failed to register, or to respond when calls came for such classes to volunteer, and now it looks as if all such opportunities are over and that all draft men from now on will have to go into the working branch of the army and take pot luck," says George W. Thorburn, member of the Wichita county exemption board.

**Board Disappointed.**  
"The board has been disappointed in the county's showing in the call for skilled men in various trades. The various calls that have come which have offered special university training and advantages of quick rise in the service has been passed up in general and Wichita county, as a result, won't be represented as well as Denison, a neighboring city, which had more than 100 men, railroad engineers, enlisted in the engineering section. Some of the men whose names have already been published as drawn for the coming call have come in wishing to volunteer, but these have waited too long."

**Had Opportunity.**  
"Their opportunity had already come and they didn't grasp it, so they will have to go into the trenches. As soon as a man's name is published as being among the next to go he will have an opportunity of volunteering. Any man in class one who has some special training which will be of benefit to the government in a military way should offer himself right now, for when his name is published as called it will be too late. The board is anxious to see Wichita county men put where they can do the most good, and help themselves at the same time, but if the men are dilatory and do not respond it is not the board's fault if the best positions go to someone else. A word to the wise should be sufficient," Mr. Thorburn concludes.

**Card of Thanks.**  
I wish to express my heartfelt appreciation for many kindnesses and expressions of sympathy at the unexpected and accidental death of my daughter, Mackie Jewel Blair, and for beautiful floral offerings at her funeral. Her father joins in this expression of gratitude.  
MRS. LILLIE MABRY.

### Johnson Will Speak At Good Roads Rally In Comanche, Texas

B. F. Johnson, secretary of the local Chamber of Commerce, went to Comanche today to address a big oil belt highway rally, after an urgent call from Comanche citizens, and Porter C. Whaley, secretary of the Brownwood Chamber of Commerce, one of the leading workers in the highway project. The people of Comanche county yesterday presented a petition with 800 signatures to the county commissioners, asking for a road bond election to be called in the near future, and enthusiasm for the road is at high pitch, according to the telegram received, by Mr. Johnson from Mr. Whaley.

### LABOR MASS MEETING TO BE ADDRESSED BY PRESIDENT CUNNINGHAM

It is announced by the officers of the Trades and Labor Council that Edward Cunningham, president of the Texas Federation of Labor, who is in the city this week, will address a mass meeting at the carpenter's hall Friday night, to which all laboring men, whether organized or not, as well as others who may care to attend, are invited. The meeting will be an open one and preparations are being made for a good-sized crowd.

Mr. Cunningham's position as the chief executive officer of the State Federation renders his visit to the city of more than usual importance, and a desire is expressed by the labor leaders here that he be given an enthusiastic welcome. He is, perhaps, the best posted man in the state on matters affecting the working men, both as to conditions in the state and the nation, and will have a message that will be of interest to all. He has only recently returned from an official visit to Washington, where he conferred at length with the labor adjustment board regarding conditions at the ship building plants in the state, and on other matters of interest to organized labor.

From this city Mr. Cunningham will go to Plainview, Childress and Amarillo, and it is possible that he will stop off in Wichita Falls on his return.

**When Itching Stops**  
There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin.  
Ask any druggist for a 35c or \$1 bottle of zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear.  
A little zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions and makes the skin soft, smooth and healthy.  
The E. W. Rose Co., Cleveland, O.

### JUDGE PIPPEN IS HERE IN INTEREST OF HIS CANDIDACY

Judge Charles A. Pippen, judge of the criminal district court of Dallas, is in the city today in the interest of his candidacy for a seat on the court of criminal appeals.

Judge Pippen has had wide experience in criminal law, having practiced continually for the past twenty years. Before going to Dallas he was district attorney at Waxahachie, Tex.

**LONDON RIVETING RECORD IS BEATEN BY CLYDE**  
By Associated Press  
LONDON, May 15.—The Clyde has beaten the London riveting record, according to the Daily Mail. Thomas Devine, a former soldier, at the Dalnair yards of Beardmore and Company, has driven 4,422 rivets in a side of a ship in nine hours. The London record, made last week by Robert Farrant, was 4,275 rivets in a tank in the same time.

HIGH SCHOOL NIGHT AT TABERNACLE IS MOST SUCCESSFUL

LARGE NUMBER OF STUDENTS HEAR EVANGELIST'S STRONG SERMON.

TALKS OF SAVING YOUNG

Excellent Music Is Again Feature of Meeting at Which Large Number Are Present.

- 8 p. m., "Tragedies of Neglect," Mr. Brown.
9 p. m., "The Young Man's Story," Mr. Brown.
10 a. m., "Business Women's Luncheon," M. E. Church, Mrs. Stover.
8 p. m., Mr. Brown, Reservations for business women.

The high school made a fine appearance last night, and backed up their songs and yells by over a hundred of them coming down the line and taking a new stand for Christ.

All along the line they seemed to be nothing but the boys of Monday. The audience nearly filled the building, and only a very few seats in one corner were open.

The chorus-platform also was well occupied and the music was strong and buoyant.

Resume of Talk. Mr. Brown chose for his subject the young man who came to Christ late in life, and a resume of the talk follows:

Mr. Brown said he used to think it was a triumph for God's cause when he succeeded in winning a gray haired man to God. "I have seen them come tottering down the aisle at the age of 60," he said. "And I'm glad that these find the door to salvation wide open, but oh, so very, very few come at that age. So, more and more I have come to realize that the young man who comes to Christ is the beautiful day of your life, and God deserves your best."

"It was a remarkable picture when this rich young ruler and Jesus Christ stood together. The rich man of that day wore ostentatious and magnificent dress. Their robes were of the finest silks known, and often encrusted with gold and embroidered with seed pearls. The rich man had buckles of beaten gold, while the turban often carried a superb diamond or ruby in the front. This young rich man, rich in money and rich in aristocratic blood and social position came and asked a favor of Christ. The contrast between the two must have been great. One blinding with magnificence and the other in a different and with probably a single white robe of very ordinary material. One with a train of servants and the other with a few of his own; one with lands and palaces and the other with no place to lay his head except a cross which he was even then on the way to occupy. But the rich young fellow realized that the other had everything and he had nothing when it came to eternal life. Put Him Straight. Jesus put the answer to him straight. Some preachers today would consider this young man a great addition to their church and probably would say "Why join my church? That's all that is necessary." Christ didn't lower the bars an inch for him but seemed to raise them as he ordered him to throw aside his robe, diamonds and pearls and servants. The young fellow wanted to win the race, wanted to win badly, but the handicap was too great. He couldn't make the jump with all that weight and today he has lost all anyway and is an unknown figure in history except as a nameless man who had eternal life in his hand and dropped it in the dust.

"Must Give Up Yourself." "A man comes to me and says, 'I haven't the kind of life you're talking about. What do I lack?' I don't know. You do, or if you don't, it's because you don't want to know. When you mean business, Jesus will put his finger right on and show you the thing that's keeping you out. I dare you to put him to the test! What do you lack? You lack a determination to come forward and let Jesus help you pull your sins up by the roots. If you'd just understand that whenever you're right with Christ, these other things fall off of themselves. What must you give up? (I don't know. Yes, I do. You must give up yourself, and then all the other things come right of themselves. You need manhood and womanhood to walk out here, no matter what anyone else may say or think. Don't vacillate, sidestep, wiggle, or wobble. Do you want the kind of life I'm talking about? Christ will meet you here."

The evangelist led in prayer, and a short after service was held. Once in the midst of the sermon, he had his audience bow their heads, while he prayed aloud.

"Tragedy in Starved Souls. "In the first place, then, the man was young, and, in the second place, he was rich," the evangelist said. "There is an idea prevalent throughout the land that religion is a sort of consolation for those without the

world's goods, and that the rich do not need it. There is tragedy in silks as well as in tatters; tragedy in the automobile line as well as in the bread line. There is tragedy in starved and lying bodies that sets us all at work for their relief, but God help us to see the tragedy of a starved and dying soul and rush as quickly to its help!

"It is not what we get, but what we give that counts. A millionaire's laughter asked him what he would most like to have for a Christmas present, and he replied that the greatest gift that might be given to him, but he most craved, was simply that he might be able to eat and sleep. Well, I haven't got much of this world's goods, and haven't any ambitions that way, but, bless the Lord, I've got a good appetite. And if you don't think I can sleep, you just ought to hear me.

Fear Old Sister Lot. "In the third place, this young man was a nobleman, the real thing; no boarding house aristocracy about him. You know, a lot of people would be Christians if they were not afraid to come clean for Jesus Christ because of fear that old sister Lot or some of her crowd would snub them in the social set. I happened to be in a small city, not as large as El Paso, where some people who had \$200,000 thought they were rich and turned up their noses at me. Can you beat it—having a couple of hundred thousand dollars and fancying they were rich! Well, I was asked to deliver the Thanksgiving sermon and they were all there, it being a special occasion. I stepped right out and told them that I fraternized with a crowd in the middle west that if they, my hearers, sent in their cards to they'd be asked to go around to the servant's entrance. I read them the message straight. It's wonderful how little it takes to make some people strut, and the higher they strut the more they advertise the fact that inside, upstairs, there are rooms to rent!

Advocates Public Avowal. "You remember that when this young man of the Bible story saw our Lord coming and decided he wanted to speak to him, he stood not upon the order of his going, but ran to Jesus Christ. I hope the time will come in this revival when some of you will be so desperately concerned about Christ that you will run down the aisle to him. In Jesus' day they shouted their religion, crying their praises to the skies. How does that measure up with your 'Please go away and let me sleep' religion of today? They say to me, 'Don't excite us, Brother Brown. Go easy. Don't worry, you can't excite the dead! What lack of faith! Enthusiasm, faith on fire, you need some of that. You're not a Christian, you know why you're not; and if you don't know it, it's because you don't want to know.

"God never kills, and never will allow anyone to be damned through ignorance. A young man came to me and said he couldn't get right with God, and he didn't know why. I told him there was something he was holding on to. One night he came out in one of my meetings and he told me afterward that when he prayed Jesus put his finger right on the two things he'd have to give up, and when he threw them overboard life came. That young man had been trying to fool himself into believing he didn't know and couldn't find out what was the matter.

Laundry Packages Are Scattered As Wagon Is Tilted. A party of women on Eleventh street last night, near the intersection with Scott avenue, screamed collectively and individually, and several turned their heads to avoid the sight, when they saw what they thought was the body of a man plunge from a laundry wagon when it swerved and nearly upset as it was drawn up Eleventh street at breakneck speed by a runaway horse. When his fine courage they found a bale of hay in the street. The horse came to a stop a few blocks up the street.

The horse started to run while the driver was delivering a package of laundry. Packages of laundry were scattered for several blocks.

DOCTOR SAYS VINOL IS THE BEST TONIC. Honest Opinion Doctor Gave His Patient. Bedford, Ohio.—"I was in a pitiful condition, weak, nervous and run down so I could not do my housework. I had doctored for years and tried everything under the sun. A friend told me about Vinol. I asked my doctor about it, and he replied, 'It certainly is the best medicine that can be had today. I couldn't give you any better.' I took it, and today I am as well and strong as any woman could wish to be, and it was Vinol that saved me." Frank A. Horkey, Ash St., Bedford, Ohio.

We guarantee this famous cod liver and iron tonic for all such conditions. THE MILLER DRUG STORE.

SOCIETY

MISSIONARY SOCIETY OF METHODISTS MEETS

The Missionary Society of the First Methodist church met in regular monthly study and business session at the home of Mrs. A. L. Thornberry on Monday afternoon. The meeting was opened with devotionals led by Mrs. E. V. Friberg, and the lesson on "Alaska" led by Mrs. G. E. Friberg was discussed in interesting papers by Mesdames Friberg, Ross and Dr. Carrie M. Gibson. In a short business session, the corresponding secretary, Mrs. G. E. Friberg, read the report of the district superintendent.

BAPTIST WOMAN'S ALLIANCE COMPLETES COMPRESSES

Seventeen representatives of the Baptist Woman's Alliance completed two hundred and eighty-six compresses and cut five hundred in forty-five hours work at the Red Cross on Tuesday afternoon.

EPISCOPAL GUILD MEETS WITH RED CROSS HERE

The following members of the Episcopal Guild worked at the Red Cross on Tuesday afternoon, completing a number of dressings: Mesdames Allen, Sammons, Inge, Griffin, Maupin, Larsen, Kelly, Pogenpohl, Childers and Jones.

BAPTIST WOMAN'S ALLIANCE HOLDS DIVISION MEETING

The Baptist Woman's Alliance met in separate divisions meeting at the church on Monday afternoon. Mrs. I. A. Farris addressed the organization on the B. W. M. W. training school at Fort Worth, and the remainder of the afternoon was devoted to the business affairs of the divisions.

FIRST BAPTIST GIRLS HAVE MISSION STUDY SESSION

The Girls Auxiliary of the First Baptist church met in Missionary study session at the church on Tuesday afternoon. Miss Gladys Price led a splendid program on the Louisville training school. The attendance was unusually good and a number of visitors were present.

CHRISTIAN CHURCH WORKERS ASSIST RED CROSS

Ten suits of pajamas and six hundred and three compresses represent the result of Tuesday's work at the Red Cross unit of the First Christian

BAYLOR RED CROSS CAMPAIGN LIKELY TO PROVE LEADER

Baylor county, Wichita county's neighbor to the southwest, is experiencing a wave of Red Cross enthusiasm which promises well for the county's going "over the top" early, according to M. R. Fuller, the chairman of the county campaign in the Second Red Cross War Fund Drive, who visited Wichita county campaign headquarters this morning. Business men of the county have contributed several town lots, innumerable pigs, cattle and chickens have been donated and a big auction and rally is being planned for Red Cross week. The county's quota is something over \$4,000 and Mr. Fuller is planning to have a committee of equalization allot to each person in the county what is considered their proper share of this quota.

Church Members working all day were Mesdames Hancock, Parker, Wiedman, McGrath, Gray, Bullock, Dingman, Walker, Conn, Sarah Smith, Scharrf, Strange, Edwards, Russell, Post, Hyatt, Conroy, Reynolds, W. L. Emth, Murray and Miss Dora Coons. Other workers were Mesdames Webb, Jones, Pennington, Stone, Brundage, Allen, Dickson, Stackey, Gilbert, Bacon, J. R. Hyatt, Nix, Hill, McConnell, Downing, Reid, Doster, Young and Miss Carter.

METHODIST LADIES AID DOES QUILTING WORK

Circle No. 2 of the Ladies Aid of the First Methodist church met in all day session at the church on Tuesday. Most of the day was given to quilting work with a delightful luncheon served at noon.

ROHATSCH-ENTREKIN

The marriage of Miss Nettie Norma Entrek, of Elk City, Oklahoma, and Ralph Rohatsch, of this city, was solemnized at Elk City on Monday of this week. Following the ceremony, Mrs. W. J. May entertained in honor of the bride at her home. Mr. and Mrs. Rohatsch are in Wichita Falls and will make their home with Mr. Rohatsch's parents.

Her First Corset!

The young girl's first corset is a matter of considerable importance that mothers are beginning to realize.

There has been an all too prevalent opinion that any kind of a corset was good enough for the first one, but little girls will grow into big girls and while they are doing so their figures are greatly influenced by the corset they are wearing.

The foundation of her future figure begins with her first corset.

The growing figure has the natural tendency of molding itself to the lines of the corset for frequently they are responsible for a beautiful figure or a bad one.

MODART CORSETS Front Laced

are recognized the country over for their perfection of design. An ideal MODART model for the growing figure or slender woman is one that is boned lightly and carefully to do away with any undue pressure.

When properly fitted, as it is by our expert corsetiere service, a MODART is support without restraint—a healthful corset.

Phone your engagement for a trial fitting.

OPPOSES GENERAL INVESTIGATION.

President Wilson has let it be known that he is seriously opposed to any general investigation by congress of the conduct of the war at this time.

Such an investigation would, in fact, have as its real object, the taking over by congress of direct control of the conduct of the war, a job for which congressmen have not been fitted by training on the farm or in the halls of labor, or in "the little red school house" from which they all came.

It is right that there should be an inquiry into such matters as the failure of the government to produce aircraft according to schedule, but an investigation of greater proportions would accomplish nothing.

FAVORS OVERMAN BILL.

Even Uncle Joe Cannon has announced in favor of passage of the Overman bill giving President Wilson complete authority to co-ordinate all of the government's forces for the prosecution of the war.

In announcing his position, the former speaker of the House of Representatives, admits that President Wilson already has all of the authority contained in the measure, but believes that he can work more effectively if the full powers be compact in a single bill.

It is to be hoped that congress will take speedy action with reference to this measure. The greater the delay the longer it will be before President Wilson is able to act, free from the feeling of congressional restraint.

All leaders, regardless of party, are one in their declarations that under the present cumbersome red tape system, there is much lost motion at the capital and some cross purpose working where there should be unity of action as between departments or commissions.

WOODLAND REVEL SCORES SUCCESS AT THEATER HERE

In the first of its two exhibitions here, the "Woodland Revel" presented at the Wichita Theater by about four hundred negro children this afternoon scored an enthusiastic initial success, before a capacity house.

IMPORTED LABOR MAY BE USED ON FARMS IN TEXAS

H. W. Lewis, district superintendent of the United States employment service, with headquarters at Smithville, has issued the following statement concerning the means of importing agricultural labor into the United States from Mexico and Canada made possible without tax or literacy test, by the action of the Bureau of Immigration on April 12 of this year.

On April 12, 1918, the Bureau of Immigration issued instructions permitting admission of agricultural laborers from Mexico and Canada, waiving the payment of \$5.00 head tax, the literacy test, and the contract labor clause.

GERMAN OFFENSIVE IS STILL PENDING; ALLIES GET READY

illery fire which continues exceedingly violent along these sectors. Considerable activity is reported to be going on behind the German lines in the region of Montdidier where the Americans hold a part of the Allied line.

GREAT BRITAIN.

LONDON, May 15.—The German artillery fire increased this morning near Morlaucourt, south of Albert and in Flanders north of Kemmel, the war of fire reports.

A raid attempted by the enemy last night north of Lens was repulsed. We carried out another successful raid north of Bapaume (Flanders).

The hostile artillery was active during the night in the valleys of the Somme and Ancre, north of Bethune and in the forest of Meppe sector. This morning the enemy artillery activity increased southwest of Morlaucourt and north of Kemmel.

FRANCE.

PARIS, May 15.—French troops yesterday evening attacked German positions near Hallies, on the front below Amiens and captured a wood on the west bank of the Avre River.

The statement follows: "The German troops made a counter attack and were beaten off with severe losses. During the night there was a violent bombardment of north of Montdidier and between Montdidier and Noyon.

"During the night there was a violent bombardment north of Montdidier and between Montdidier and Noyon.

Another enemy effort south of Rehol (southeast of Montdidier) met with a complete check.

"North of the Chemin-Des-Dames we repulsed a raiding enterprise in the region of La Boyelle."

DALLAS JITNEY ORDINANCE IS DECLARED VALID.

AUSTIN, May 15.—Validity of the Dallas jitney ordinance requiring jitney drivers to give bonds was upheld by the supreme court today when a writ of error in the case of D. H. Gill and others, against the city of Dallas, was refused.

ELECTION NOTICE. THE STATE OF TEXAS.

County of Wichita. Notice is hereby given that on the 25th day of May, 1918, an election will be held in the city of Wichita Falls, Wichita County, Texas to vote on the question of whether or not the sale of the Wichita Gas Company to the North Texas Gas Company will be authorized.

FEDERAL OFFICERS CALLED TO STAND BY THE DEFENSE

HARDY, ELLIOTT, YOUNG CASE CONTINUES CENTER OF INTEREST.

Federal officers were the first witnesses out on by the defense in the Hardy-Elliott-Young conspiracy to transport liquor case...

Heyser on Stand.

Heyser in his testimony related the particulars of the arraignment of Oscar Leming as his car was starting to leave the garage at the rear of the Hardy place...

Hardy Came Out.

Heyser stated that Hardy came out in a short time and talked with him, asking that he not be taken to jail...

Attorneys for the defense questioned Heyser as to the manner in which the leading checks had previously been introduced by the government...

This afternoon on the stand Mr. Heyser told of the circumstances of a raid on the home of A. C. Flowers in Dunce, Okla., shortly after April 15...

On the second trip, and with other officers broke up the liquor which he found concealed in the garage at the rear of the Flowers home...

At Any Time. Passenger rate clerk, freight rate clerk, tariff clerk...

GOOD WEATHER PUTS PRICE OF CORN LOWER

By Associated Press. CHICAGO, May 15.—Favorable weather for planting led to decided setbacks today in the value of corn.

Government orders restricting retail prices kept provisions sharply on the down grade.

Scarciness of receipts tended later to rally the market. Prices closed unsettled, May 1.27 1/2 and July 1.43 1/2.

FOR SALE OR RENT!

by June the first a modern 5 room Cottage furnished complete, located conveniently close to car line.

KANSAS CITY, May 15.—Cash corn steady; number mixed 1.62@1.66.

LIVERPOOL Spot Cotton. LIVERPOOL, May 15.—Cotton spot dull; prices unchanged.

OSARK TRAILS ASSOCIATION PLANNING NEXT CONVENTION

MONTE NE, AOK, May 15.—Reports to the home office from all over the territory covered by the Ozark Trails system of roads indicates large attendance at the Annual Convention to meet at Miami, Okla., June 5, 6 and 7.

PERSONALS

Mrs. J. S. Nichols and daughter, Miss Annie, left Tuesday for a visit with relatives in Frederick and Clinton, Oklahoma.

Remember Broommakers Dance.

The county commissioners Tuesday passed orders for the refunding of the county's part of unexpired pro rata of liquor licenses to the amount of \$1,356.08.

Broommakers Dance Thursday night. Music by Katz orchestra.

I have moved my Real Estate office to 723 Indiana Ave.

Today was the first monthly anniversary of the closing of saloons in Wichita Falls and by way of commemorating the occasion two drinks appeared before Judge Jones in justice court this morning.

25c can Our Darling Corn, at 2 for 25c, or \$2.00 per doz.

Dr. Scharff, Osteopath, K. & K. Bldg.

# The Soldier—the Sailor— and the Red Cross

The health, comfort and peace of mind of our fighting men is a national obligation. In its thorough care of our men the Government reflects the country's determination that ours shall be the best-cared-for soldiers and sailors in the world.

The whole nation stands pledged to every sacrifice that will add to the happiness or effectiveness of our men.

The Red Cross is the people's agent in this, as it is authorized by Congress to be the "medium of communication between the people of the United States and its Army and Navy."

The Red Cross supplements, in every practical way, the excellent care which is taken of each boy by the Army and Navy. There is the closest co-operation between the Government and the Red Cross; the two Surgeon-Generals are members of the Red Cross Executive Committee; Army and Navy officers are assigned to Red Cross headquarters; a Red Cross Field-Director with necessary assistants is stationed at every cantonment or naval station.

## Canteen Service

A troop train rolls in at four o'clock, three hours late. No one has had dinner. It isn't any one's fault. There has been a freight wreck or something has delayed it.

Everyone is tired; everyone is hungry. A soldier in the first coach passes along the word. Here they are! Down the yard come the Red Cross women; the coffee is ready and hot, trays of sandwiches, a portion for every man, for Red Cross knew they were coming and is ready for them.

Best of all there is a word of cheer. In five minutes all hands are in good spirits. The post-cards are ready for the men to write home, the Red Cross Motor Corps stands beside to take the one sick soldier to the hospital, and there will be Red Cross women to see that he is not forgotten there. All is conducted in an orderly way in full co-operation with the Army authorities and railway management.

This is typical of what the Red Cross is doing at 700 important railroad points in the United States today.

## Camp Service

The great army cantonment, or naval station is a new kind of city. Here are 40,000 young men, in a new environment, living a new kind of life. There is every problem of the city of 40,000, always with some novel phase. The Red Cross has filled a real place in these new cities, helping the Army and Navy in keeping the men healthy, comfortable and happy.

In the camp the young soldier finds that elaborate preparation had been made for his arrival. The site has been made healthy and comfortable by the Army or Navy. The area surrounding the camp has been in charge of the United States Sanitary Service, the Red Cross Sanitary Service, and the local health authorities.

If an epidemic threatens the camp, as during the recent winter, and the hard-worked Army Medical Staff is baffled,

they may call for a Red Cross laboratory car to be rushed to the scene with its expert bacteriologists and scientific equipment to study the situation and help protect the men.

In every camp there are the Red Cross Storehouses filled with emergency medical and surgical supplies. Then there are the knitted goods made by the devoted women of America, and there were few of our men who were not thankful to those women for additional comfort during the trying winter months.

If the soldier falls ill in the cantonment he is put in an ambulance, perhaps the gift of a Red Cross chapter, its driver quite possibly a member of a Red Cross ambulance unit which has been given to the Army; he is taken to the base hospital, operated by the Army Medical Corps; possibly the doctor attending him is an officer of a Hospital Unit organized and equipped by the Red Cross; his nurse in all probability is one of the thousands of Red Cross nurses recruited by the Red Cross for service in the Army and Navy.

When he begins to recover, he has the Red Cross Convalescent Houses. Here are reading and lounging rooms, an entertainment auditorium, a place to meet his friends and hasten his recovery. Then there are sleeping accommodations for his mother who may have been summoned in the critical stage of his illness.

In every camp there are Red Cross Home Service representatives to keep the men in touch with his home folks, to advise them of the details of his sickness, to counsel him about family or financial complications, to take home worries from his shoulders, and through the Red Cross Chapter in his home town to remove the cause of those worries.

## Home Service

The care of the soldier's family is as necessary as the care of the soldier himself if the spirit so necessary to his effectiveness as a fighting man is to be maintained. If he is harassed by anxiety about those dearest to him at home he cannot be on fighting edge.

Red Cross Home Service meets this problem.

It is a new condition that such a large percentage of its young men should be removed from a town with all they have meant in moral and financial support. Their absence creates new problems, in the aggregate so large they must be coped with in a large way. Red Cross Home Service makes the sympathy, interest and help of the whole community available to the family in a practical manner. It is playing the part of the old neighbor in a new way.

To see that the family is not disorganized while he is absent; to give temporary financial aid when necessary; to care for those who, though they are related to him, have no legal claim upon the Government; to give information about pay-allotments, terms of enlistment, war risk insurance; to co-operate with the Government in the after-care of the disabled soldier and his readjustment to life; to act as the good neighbor and friend of the family in troubles large and small when the soldier is absent—these are the aims of Red Cross Home Service, established in every section of the country, and already serving one hundred thousand dependent families of soldiers and sailors.

Home Service is not a charity; it is as much the soldier's right as any protection which the people give him.

## Foreign Service

American troops are now in France in great numbers—greater numbers will follow day by day—and America's task abroad will become sterner.

The need for the Red Cross abroad is but greater for the distance. Red Cross preparation for the reception of our troops in France has been going on since the first month of the war. The Red Cross Commission in France has built a great, extensive organization in people and material, to assure that our men will have every care the Red Cross can give them. Through all the months since war began, Red Cross supplies have occupied a part of many ships; piling up in the great Red Cross warehouses in France against the arrival of our men. The great Red Cross motor fleet has been organized to transport Red Cross supplies.

All through these months, the organization has been studying and training, so that it would be able to cope effectively with the problems created by the arrival of our men. Red Cross in France is supporting our Army and is ready for any further task that may, within reason, fall to it.

On the way to his camp in France, the American soldier gets food and rest at the Red Cross canteens. On the way from the trenches to his camp, he meets the great Red Cross canteens on the lines of communication. Here the tired, nerve-worn soldier, covered with vermin, gets food, a bath, rest, and clean clothes. The great canteen at Chalons is typical. As he goes into the front line trenches, and as he comes out, he is met by the Red Cross rolling canteens operating right behind the front line, giving him hot or cold drinks.

If the soldier is wounded, a Red Cross bandage, made by Red Cross women at home, binds the wound. The Red Cross man follows him to the hospital, sees to his welfare, and supplements the prompt cable advice of the Government to his folks at home, by the full story of his condition and progress.

Abroad, it is a great comfort to him to know that Red Cross Home Service is seeing to it that his family is not in want.

Red Cross is anticipating the soldier's possible permanent disablement, by an institution already established where the best methods of rehabilitation work are being studied, the results of the experiments to be put at the disposal of the Government, which is making adequate plans for the care of mutilated men.

If the worst befalls him, the Red Cross representative talks with the men who fought beside him in the battle, and, supplementing the Government's cable advice, sends his people the story of his final heroic sacrifice.

## Prisoners' Service

If the soldier is taken prisoner he still finds the Red Cross caring for him. The Red Cross, in co-operation with the Quartermaster General of the Army, furnishes all American prisoners in Germany with food, clothing and tobacco. These supplies are shipped to the Red Cross warehouses in Berne, Switzerland, and from there twenty pounds of food are sent to each prisoner every week. The prisoners receipt for the packages, so that delivery is almost certain. The notations on the receipts, "With all my heart I thank you," "There is an American touch to that parcel," are the best evidence of the importance of this work.

Then, too, the Red Cross is able to correspond with the prisoners' families, keeping them informed of their condition and whereabouts. Letters are sent back and forth, gifts of money and individual packages from friends and relatives are forwarded. The Red Cross alone has permission from both the United States Government and Germany to conduct this service.

SECRETARY BAKER, in making a recent inspection tour of Red Cross activities in France, said:

"When one is in the zone of the armies or in the supply areas, words of appreciation or praise for the American Red Cross seem superfluous. The foresight that has characterized its present and prospective operations has been a source of pride to the commanding officer of the American forces and should be a source of comfort to the people of the United States, who, I know, enabled it to carry on its work and to expand."

This is the third of a series of five announcements covering the work of the Red Cross.

Red Cross Chapters have statements showing in detail how the War Fund is being expended. Ask your Chapter for one of these statements.

GERMAN ATROCITIES IN WHITE RUSSIA ARE RELATED IN OUTLINE

By Associated Press LONDON, May 15.—A Russian government wireless received here today reveals the full horror of the German atrocities in White Russia. It says that trustworthy witnesses told of the violence of the Germans, tortures, executions and savage methods of dealing with the working classes. "In the Bobrinsk district," the dispatch says, "entire villages have been set fire and plundered. The village of Buda, in Ulanah patrol, exported a contribution of several thousand rubles and when the peasants had paid part of it and were unable to pay more the Ulanahs bombarded the village. "In other villages peasants, women and children who endeavored to escape from fire were pursued by the Ulanahs and cut to pieces with swords or flogged with whips. In one village an old Jew was first flogged and then hanged in the presence of all the villagers. Most savage acts were perpetrated in Jewish villages. "All persons suspected of belonging to the bolsheviks and those in military uniform were immediately shot. Further groups of facts concern violence done by the White Guards, allies of the German authorities, to the Russian inhabitants of Finland, especially in Viborg. Even 12 year old children have been shot. At Viborg one witness saw 200 corpses of Russian soldiers and more school boys. According to other witnesses more than six hundred persons were executed in two days.

PEACE NEGOTIATIONS ARE PROPOSED BY CAUCASUS

MOSCOW, Friday, May 10.—The Caucasus government has proposed peace negotiations. Foreign Minister Tchitcherine is informed by the Turkish minister in Turkey, acting as mediator, has insisted that the Caucasus government send its delegates to Batoum.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffer. Black-Draught R. ed.

Meadoreville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable, I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. He would gripe me and afterwards—it seemed I was more constipated than before. I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape. I cannot say too much for Black-Draught for it is the finest laxative one can use."

Theodore's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects. It has won the praise of thousands of people who have used it.

NOTICE—The Missouri Iron and Metal Company formerly managed by Mr. Sam Raiz who has been called to the colors, will, in the future, have its office at 504 12th St. and will be managed by George W. Ray, who will be glad to meet all old customers of the above concern. Phone No. 1274.

# RED CROSS RALLY HELD AT CLARA IS MOST SUCCESSFUL

MUCH WORK IS TO BE DONE BY NEW UNIT DURING THE SUMMER.

Tuesday an all day Red Cross rally was held at Clara which was very productive of results, according to reports brought back by Wichita Falls Red Cross workers who attended. A Clara auxiliary working unit is to be organized by the women of the community to work at the Clara school house during the summer, and Rev. Mr. Kaiser, the pastor of the Lutheran Trinity Church at that place, is organizing the forces to take charge of the Red Cross second war fund drive next Monday.

Both schools, the public and parochial school at Clara, are 100 per cent Junior Red Cross, and have been working under the guidance of Mrs. C. R. Hartsook, who is assisted by Miss Sadie Oliver, the county demonstration agent. The Trinity Lutheran Church has bought \$300 worth of thrift stamps, and the members of the congregation subscribed \$52,000 worth of third liberty loan bonds in their individual subscriptions.

Mr. Kaiser has asked for a Red Cross speaker to address his congregation next Sunday, and is organizing a rally to initiate the war fund drive will be held. In the afternoon another Red Cross meeting will be held with a speaker furnished by one of the speakers brought, when Rev. J. C. Duncan of Wichita Falls will begin a meeting at the Clara school house.

# MORTUARY

## MRS. W. H. HERRON PASSES AWAY AT RESIDENCE HERE

FUNERAL IS TO BE HELD AT HOME HERE ON THURSDAY MORNING.

Mrs. Mary Hampton Herron, wife of W. H. Herron, died this morning at 2 o'clock at her home, 1006 Burnett, following an illness of several weeks. Her funeral will be held at 10 o'clock Thursday morning from the family residence, Rev. S. A. Barnes, pastor of the M. E. Church, South, to conduct the services. The burial will be in Riverside.

Mary Jane Hampton was born in Grayson county, Virginia on June 13, 1875. In March, 1894, she married T. J. Hampton, the family residing at Clarendon, where, on August 4, 1894, she was married to William Henry Herron. To this union four children were born, three daughters, Gladys, Mary and Virginia, and one son, Joseph, all of whom are living. The second daughter, Mary, had been summoned from Texas University shortly before her mother's death, and the parents, Mr. and Mrs. Hampton, were also here from Sentinel, Oklahoma.

During her residence in Wichita Falls, for about ten years, Mrs. Herron has been a consistent Episcopalian Christian and above all else a devoted wife and mother, never failing in her care and ambition for her children, and the home which they had ever sustained is a great one.

In addition to her children and husband and parents, there are surviving four sisters and one brother, Mrs. J. W. O'Neill of Fort Worth; Mrs. C. H. Wileman of Amarillo; Mrs. R. L. Jackson of Sentinel, Okla.; Miss Lucy Hampton of Oklahoma City and W. E. Hampton of Ponca City, Okla.

## LIONS CLUB TO RAISE FUND FOR CALL FIELD BAND

NO PROVISION MADE BY GOVERNMENT FOR INSTRUMENTS AT AVIATION FIELDS.

After hearing a talk by Captain Neville of Call Field, the Lions Club, at its weekly luncheon at the St. James today, appointed a committee to recommend a method of raising money for the purchase of instruments for a post band at Call Field, J. S. Pitman, T. J. Noble and E. Leopold were named as members of the committee. It was estimated that between \$600 and \$1,000 would be required.

**Good Band Material.**  
Captain Neville said that the government made no appropriation for instruments for bands at the aviation training fields, and that the money for this purpose was raised either through subscriptions by the men or was donated by townspeople. He said that the officers at Call Field did not feel like asking the men to provide the funds out of their own pockets. He said there was abundant material among the men for a fine band, and that there would be plenty of talent to keep up a band as long as the field was maintained. Lieutenant Schmidt, who also spoke by invitation of the club, took on the same subject. A resolution was adopted declaring that the Lions Club should undertake the raising of the money necessary to equip a band at the field, and the committee named above was appointed to recommend a method of raising this money.

**Highway Meeting.**  
President Neville said that the government made no appropriation for a report on the Oil Belt Highway meeting at Graham last week, stating that Archer county was new the only link in the system. He called for voters who would give a part of their time to work in Archer county. About a dozen members stood up.

The prize for the best radio submitted was awarded to Mr. Rodgers, whose motto was: "To do the most for my country, state and city, financially and morally." The prize, \$5 worth of stationery, was offered by the Stone Printing Co.

Announcement was made that the Southern Electric Co. would give ten dollars worth of automobile supplies at the next meeting to the member who, in a sentence, tells the most vital thing in winning the war.

Local No. 10 of the International Broom and Whisk Makers Union will give a public dance in the I. O. O. F. Hall on Seventh street Thursday night, May 17. The proceeds will go toward paying the expenses of a delegate to the national convention in July. Admission \$1. Ladies free. Music by Katz orchestra. 312-5t

## RED CROSS POSTERS ARE APPEARING ON MOST BILL BOARDS

**SECOND CAMPAIGN IN CITY AND COUNTY TO BE WELL ADVERTISED.**  
Wichita Falls and the other towns in the county were being posterized and placarded today with Red Cross bills, announcing the approach of the Second War Fund Campaign, which is on next Monday, May 20. Frank Collier, chairman of the publicity work for the county, and his assistants being as busy and getting as good results as if they were advertising Barnum and Bailey.

The posters are of several different designs and sizes and are exceptionally attractive, each bearing a particularly poignant message to the observer. One of them, among the most striking, shows a lovely American Red Cross nurse, bearing one end of an army stretcher, the other end on the ground. The poster's printed words, "Help carry your end," are accentuated by the earnest appeal on the face of the nurse. Another poster, which emphasizes the reconstruction work which the Red Cross is doing in France, shows a wounded soldier in a battered uniform, with his arm about his wife, haggard and with despair and discouragement written in every feature, and their little children, ragged and emaciated, standing by them. In the background their home, shell shattered, is burning. Americans in their comfortable homes with their wives and children safe from the terrors of war are asked to remember that the Red Cross helps such as these and give liberally.

## PARADE CHAIRMEN ARE AGAIN BUSY OUTLINING PLANS

Red Cross parade chairmen and committees appointed Tuesday were at work today, lining up their various divisions and getting their plans in working order. Mayor Marlow who is to be marshal, will announce the line of march as soon as the different divisions are organized.

W. S. Curlee is to be chairman of the automobile division and efforts will be made to have a number of decorated cars in line. Nearby counties that have been holding patriotic parades and rallies have had much success with their automobile sections and many original ideas have been developed in the way of patriotic decorations for automobiles. Patriotic motorists of Wichita Falls are expected to make the automobile section one of the most attractive in the parade.

**DON'T GIVE UP.**  
Discouraged Citizens Will Find Comfort in the Experience of a Wichita Falls Woman.  
Experience is the modern instructor. Profit by the experience of others. It may save your life.  
The experience of friends and neighbors.  
The testimony of Wichita Falls people.  
Will bring renewed encouragement. Here is a case in point:  
Mrs. C. E. Sprouls, R. F. D. No. 1, says: "It was about two years ago that I was in bad shape with rheumatism. Those rheumatic pains were in my arms and shoulders, and my feet and hands were swollen. My health was very poor and I felt distressed and worn out. I heard Doan's Kidney Pills were good, so I thought I would try them. I used only one box of Doan's Kidney Pills and was relieved. I have been in better health ever since and the dropsical swelling and rheumatic pains were lessened greatly."  
Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sprouls had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## The Busy Merchant Often Neglects His Eyes

Seeing the Optician, like seeing your dentist may for a time be deferred, but at what cost you cannot tell. Eye strain clouds the brain, warps one's judgment and creates irritability; all of which unfit any man for business, and can be avoided by wearing a pair of nicely adapted glasses.

We offer you as much of our time as it will take to find out your needs. Our many satisfied customers will testify to our capability.

## GOOD ICED TEA!

Put the pot (earthenware preferred) on the back of the stove until hot.  
Put in Tea—pour FRESH BOILING WATER over the leaves let it steep (not boil) from 5 to 8 minutes, strain out the grounds, fill glass with cracked ice and pour the tea over the ice and serve immediately—lemon if preferred, but NO SUGAR (to win the war)—you will find this to be a most refreshing, invigorating, palatable, and healthful beverage. For the very best results use our WHO CAN BEAT IT—India—Ceylon Blend.
