

TEXAS RAILROADS WILL FACE DEFICIT SAYS B. F. BUSH

Special to The Times.
AUSTIN, April 23.—Not a single railroad in Texas will earn the federal compensation said B. F. Bush, regional director for the railroad administration, Tuesday, before the Texas railroad commission, which is conducting a hearing to determine whether it shall revoke its permission for discontinuance of certain passenger trains.

Chairman Allison Mayfield stated at the beginning of the hearing that the meeting was to determine which trains should be restored.

Mr. Bush said he expected a deficit of \$200,000,000 in the operation of the railroads in the United States this year and that this deficit must be paid either by increased rates or taxation. He continued by saying the cost of passenger service per mile in Texas five years ago was 50 cents and that now it is from \$1 to \$1.50. He asked the commission not to order any train restored which would not earn at least \$4 per mile.

Chairman Mayfield said the commission agreed with Mr. Bush on most of his points.

Mr. Bush then said that while he did not have figures for Texas, automobiles in Arkansas and Kansas have reduced passenger traffic on branch lines 50 per cent.

The docket hearing was then taken up. Trains of the Missouri, Kansas & Texas road were considered first. Hearing on the discontinuance of the train from Waco to Rotan was passed, as this train was restored April 2. The train from Henrietta to Wichita Falls had never been discontinued, according to the railroad representative, and hearing of this order also was passed. The commission passed without argument the hearing on discontinuance of the Missouri, Kansas & Texas to discontinue use of passenger facilities at Houston and use the union depot. Railroad representatives then began argument against the restoration of a train from Newcastle to Wichita Falls. This argument developed into a discussion of all Missouri, Kansas & Texas trains proposed to be restored—fifteen in number—and decisions by the commission in respect to each train will be handed down after the hearing is concluded.

It developed at the hearing that the so-called "sailing day" plan of shipping freight on certain days has not yet been abandoned as was understood by the railroad commission. But Mr. Bush said the order for its abandonment would be promulgated at a meeting of traffic representatives of Texas roads at Dallas on Friday.

Consideration of restoration of trains on the Inter-Mountain & Great Northern was the subject for the afternoon session.

We wish to thank our friends and neighbors for their kindness shown us during the sickness and death of our sister-in-law and wife.—Mr. W. S. Klemcke; Mr. and Mrs. Harry Surles.

TEN HEROIC DEEDS RECORDED ON FILM TO BE EXHIBITED

Special to The Times.
DALLAS, TEXAS, April 23.—Ten of the best deeds of heroism of American soldiers have been made into films, showing 400 to 700 feet of action and will be shown throughout the Eleventh Federal Reserve District during the Victory Liberty Loan campaign.

The films were made at Camp Dix, and the movie actors used were actual American soldiers—that is in nearly every incident. When it came to assigning the parts the American boys refused to play the part of the Heines. So the movie directors had to get out in search of professional actors to take the part of the Hun.

The battle scenes were staged under the direction of officers who had had overseas experience.

Expensive and Difficult.
It was an expensive and difficult matter to get these stories satisfactorily made. Much of the equipment actually used in battle could not be procured at Camp Dix, and it was necessary to carry 8-inch guns by motor truck from Baltimore to Camp Dix. Bombs, parachutes, flares, machine guns and real bullets were used. The folks around Camp Dix consider it remarkable that nearly as many of the scenes were shot in the barracks, which was provided by electrically exploding bombs planted ahead of the advancing troops.

Each picture shows the entire exploit of some American hero as described in official reports.

Splendid Heroism.
The fighting valor of American boys have matched the finest deeds of heroism in history. In preparing and carrying out its plans of war America has produced the greatest exploits of Hannibal, Caesar and Napoleon. A peaceful people mobilized millions; piled high munitions; built ships; made the world's greatest harbors, railroads and cities; carried 2 million fighters 3,000 miles across foe-infested seas—all in less than eighteen months and—saved the world.

The ten deeds of heroism pictured in the films show the spirit of these two million fighters which Uncle Sam sent overseas to put an end to the war, to bring about peace and to make the Victory Liberty Loan the last war loan.

OPPOSE PLAN TO FEED BOLSHEVIKI OF NORTH RUSSIA

By Associated Press.
ARCHANGEL, Monday, April 21.—Opposition by officials of the government of north Russia to the plan for feeding bolshevik Russia as recently public in Paris is based not only on unwillingness to provision territory occupied by forces of a government the north Russians are fighting but because they believe the plan would not be efficacious in combating bolshevism.

In the interview given the Associated Press correspondent recording his opposition to the plan, Lieutenant General Eugene Karlovich Miller, acting head of the Archangel government, expressed the view that those who helped bolshevik Russia in this wise would in effect be allying themselves with the bolshevik. Others in official circles expressed opposition to the scheme and on all hands there was approval of the statement of the Russian leaders in Paris that those aiming toward the regeneration of Russia should not for one moment cease fighting the bolshevik.

Will Not Cease Fighting.
General Miller characterized as "impossible and impracticable" the proposition that the anti-bolshevik Russians should cease fighting at any place in order to allow provisions to reach their enemies.

"The bolshevik government," continued the general, "is hard pressed from a military standpoint by Siberian forces and it now is helpless in the north. In the interior it faces hun-

per. It would doubtless welcome an armistice and would eagerly accept help from outside. Those who help it, would, in effect at least, simply be making an alliance with the bolshevik, and this the general said, at a time when victory for their opponents of bolshevism was near at hand.

General Miller stated that the period of trial for the new Russian troops in the north was finished. He pointed out that the Russian force which was fighting on the northern front last autumn was small and its morale nothing to brag of "but now," continued the general, "the number of the Russians in the north equals that of all the Allies combined. Their morale is excellent. On the actual fighting fronts: most of the work now is being done by the Russians. They are more and more taking the first line positions while the Allies protect the rear."

MINERS AND SMELTERS ATTACK RATE INCREASE

By Associated Press.
WASHINGTON, April 23.—Increased freight rates put into effect by the railroads and the attack on smelters today by eleven large mining and smelting corporations in a complaint filed with the interstate commerce commission against Director General Hines and federal control carriers.

While the general increase was said complaint alleges that the actual advance on smelter products amounted to 170 per cent. It was recited further that while the market price of most articles of commerce had increased greatly as a result of war the United States government had fixed the price of copper products at a much less figure than had been the market quotation and that the cost of production of smelter products also had advanced more than 75 per cent. Relief from the alleged unjust and discriminatory rates and reparation for alleged overcharges were asked.

CHARGE GERMANS WITH STEALING PACKAGES OF PRISONERS OF WAR

Associated Press Mail Correspondent.
SYDNEY, AUSTRALIA, March 10.—Charges that Germans who handled Red Cross parcels for Australian soldiers in German prison camps robbed the prisoners of their Red Cross parcels are made by Captain Alexander Donaldson of the steamship Matunga. He was captured when the Matunga was taken by the German raider Wolf and was sent to a prison camp in the Mark Mountains.

"The officer in charge of the camp was an old rogue," said Captain Donaldson. "He seemed to make a business of robbing us of our Red Cross parcels. About 40 per cent of them went astray before the armistice and about 80 per cent after it, owing to disorganization in Germany. The Fritz who had the job of driving from the station to the camp with our parcels had the habit of dropping a lot of them off at his shop on the way up."

COMMITTEES AT WORK

Apportionments Are Now Being Made Preparatory to Starting Campaign.

Work of dividing the Wichita county Victory Loan quota between Wichita Falls, Iowa Park, Burk Burnett and Electra is in progress this afternoon. The general sub-committee on allotments meeting with the chairman of the different towns at headquarters of the Victory Loan Committee in the Elks Club. The first meeting of the general committee with Judge A. J. Britain, the chairman, was held this morning and decision was made to begin the drive as soon as possible, an effort to be made to get started Thursday.

The most important action of the morning was the appointment of a committee to make the assessments, which is in session this afternoon, as mentioned above. This committee with Judge Britain as ex-officio member, is composed of W. R. Ferguson, J. A. Kemp, Wade Hampton, R. O. Harvey, J. B. Marlow, Roy B. Jones, J. S. Brinkwell, C. W. Reid, C. E. McCutcheon, G. C. Wood, W. E. Norton and T. H. Noble.

First Subscription Received. Judge Britain announced the receipt of the first subscription to Wichita Falls quota, by the Carpenters Union, to the amount of \$5,000. This generous subscription by the carpenters has been an inspiration to Judge Britain, who sees in this the hearty cooperation of the unions with this loan, as the past loans, and he believes that the other unions will follow the example of the Carpenters Union.

In speaking of the Victory Loan and the terms Mayor J. B. Marlow suggested this morning that banks arrange terms for carrying the loan, as was the case in the Fourth Loan, and he stated it as his belief that this loan can be made most popular if any set back, because of the liberal terms, and the highest rates of interest. There was some discussion of making the bank's charge for carrying bonds purchased six per cent.

Demand is Expected. R. O. Harvey, another member of the committee, stated it is his belief that the bonds, because of the attractive features, will be greatly in demand. The freedom from taxation

will make them especially desirable to men whose income and excess profits tax is large, as money put into the bonds will be exempted, and the interest paid, instead of 3 1/2 per cent will really amount to 10 or 12 per cent, with the taxation exemption. The government has desired to make this a loan participated in by all the people as the other loans have been, and for this reason are offering them to be raised by popular subscription. There would have been no difficulty in having New York firms underwrite the amount of the loan, he added, but the government desired all the people to participate in this final loan. The belief was also expressed that the bonds would always be at par and would be easily negotiated without any loss.

TWO CIVILIANS TO GET AIRPLANE RIDE IN LOAN CAMPAIGN

Two civilians will get an airplane ride at Call Field some time in the near future, a privilege which has been much coveted but which has hitherto been denied, as the war department absolutely forbids the carrying of civilians in military planes. These two rides will be given in reward in the Victory Loan campaign and Major Russell has already received authorization to offer the air rides.

The man or woman in Wichita county buying the largest number of bonds will be given a ride and the man or woman working in the campaign who sells the largest number will also be given a ride. It has been announced by the government that helmets and medals would be given as awards for work, but these two prizes of an air trip in a military plane, is a new feature of the campaign, just announced today by Lieutenant de Montel, the camp adjutant.

CRAP SHOOTING CASES FEATURE CITY COURT

That the price of shooting craps is higher in Wichita Falls was evidenced in the police court this morning when four cases of the game were assessed fines ranging from \$15 to \$25. An old offender drew the highest fine while the three others had the customary \$15 placed opposite their names. Other cases called included four auto drivers who violated the parking law, \$5 each; one case of disturbing the peace, \$5; and a charge of intoxication which was continued.

WORKERS ARE NEEDED AT RED CROSS ROOMS

VISITING AVIATOR KILLED YESTERDAY IN MAKING START

Lieutenant Ralph G. Kooz, radio officer at Post Field, Lawton, fell to his death at Call Field Tuesday afternoon, his machine going into a slide-slip as he was starting to leave the field, and falling about two hundred feet. Lieutenant Kooz's body will be sent to Newark, Ohio, where his mother, Mrs. Emma Kooz, resides. The officer had been here with a party from Post Field doing cross country work, and was flying by himself at the time the accident occurred. An instructor and a cadet who were also making the cross country trip had taken off just before the officer, and were on their way when the accident occurred. Lieutenant Kooz had been radio officer at Post Field for the past year.

FURTHER STEPS TO RELIEVE THE LOCAL HOUSING SITUATION

Steps to relieve the housing situation in Wichita Falls, through the purchase of army tents for the use of industrial workers, were taken by the directors of the Chamber of Commerce this morning at the board's weekly meeting. J. A. Kemp and B. P. Johnson, who are in Washington on business for the chamber, telegraphed that 47 tents at Call Field can be bought from the war department if local industries will authorize the purchase, and the recommendation was made in the wire that the Wichita Falls Housing Corporation invest money in the proposition.

The following wire was sent by the board to Kemp and Johnson: "Noble and others willing to take 47 tents now at Call Field at prices quoted here, approximately \$18 each including floors. If possible get authority there for sale. If necessary will wire funds immediately. Do not want to have to ship tents from Washington or anywhere else as fear would never get them."

The Wichita Falls Traffic Association, recently organized by local business men for the purpose of obtaining freight rate adjustments and handling various claims, sought the endorsement of the chamber. The matter was referred to the traffic committee.

W. W. Anderson was appointed a committee of one to extend the aid of the chamber in an effort that will be made to get the 1920 convention of the state retail merchants for this city. The convention is meeting at Tyler next week.

Leonard Stroud, representing the

Well, one cent is about the difference in the cost of a whole cake or a pan of biscuits made with Dr. Price's Cream Baking Powder as compared with cheaper baking powders made from alum or phosphate — a trifle, indeed, to insure the quality and wholesomeness of your baking.

Fort Worth men who are handling the business details of the coming Wichita Falls Round-Up, explained briefly the progress made, and brought up several new issues in connection with the show. The special committee appointed to handle the chamber's interests in the Round-Up was authorized to make any arrangements deemed necessary, without referring matters to the directors as a body.

MORTUARY

Mrs. E. G. Peterson, Mrs. E. G. Peterson, aged 33 years, died at the Wichita General Hospital at 1:30 this morning. Funeral services were conducted at Hill's Chapel at three o'clock this afternoon, burial at Riverside. Deceased is survived by her husband.

SOUTHLAND ADDITION

Everyone who has purchased lots in this beautiful addition has made for himself a real home or made money by selling to others. Why? The answer is easy. The owners have equipped the addition better than any other part of the city. Sidewalks everywhere; high pressure water mains and gas through many streets, and those not so equipped now will be soon.

Eleventh street has been paved its entire length. Huff avenue is being paved now and Elizabeth and Lucile streets will be paved as soon as material for same can be obtained. Also Brooke avenue will be paved south to Collins avenue and College avenue from Marshall west to Baylor.

The Wichita Falls Traction company's line runs through the center of the addition.

Having already spent more than \$60,000 in giving this addition all city advantages, the owners guarantee that the improvements will continue.

If you want a home, you can find no prettier lots in Wichita Falls than in Southland. Come and talk to me in person. Do not telephone.

FACTS ABOUT LOAN.

Here are some facts about the Victory Loan: These are two kinds of notes being issued. Both mature in three or four years, as the government chooses later.

The first kind bear 4 1/2 per cent interest yearly, payable every six months. These are free from state and local taxes, except estate and inheritance taxes, and are also free from the normal Federal income taxes.

The second kind bear 3 1/2 per cent interest and are free from taxation as the others are, but in addition are free from super-taxes and every other form of taxation, except the usual estate and inheritance taxes.

Notes of either kind can be changed for those of the other issue at the wish of the buyer.

The notes of both series will be dated and bear interest from May 20, 1919, and will mature on May 20, 1923. Interest will be payable on December 15, 1919, and after that on June 15 and December 15, and at maturity. The dates upon which payments will be required on the notes are as follows:

- Ten per cent with application on or before May 10. Ten per cent on July 15. Twenty per cent on August 12. Twenty per cent on September 9. Twenty per cent on October 7. Twenty per cent on November 11, with accrued interest on deferred installments.

Payment in full can be made on May 20, the ten per cent required with application having been duly paid on or before May 10. Payment can also be completed on any installment date with accrued interest.

This accrued interest is the money you refund the government on account of the fact that it pays you interest on the full amount of your bond from May 20, whereas it does not have the full use of your money until you have paid the last installment. This amounts to very little of course.

These notes will be issued in denominations of \$50, \$100, \$500, \$1000, \$5000, \$10,000, \$50,000 and \$100,000.

VICE PRESIDENT GIVES TIME-LY ADVICE.

Vice President Marshall may not be the greatest man in the world, and he would be the last man in the world to claim greatness, but he is practical sort of person full of homely, helpful philosophy.

He is now touring the country in the interest of the Fifth Liberty Loan. He visited Dallas this week and delivered an address that stirred a great audience. He also gave interviews to the newspapers and the thing he emphasized in his interviews was his belief that prices of commodities would never go back to the level of August 1, 1914, and that it would be a long time before there was any appreciable reduction.

He urged that industry be not halted in the expectation of price reductions. He declared that psychology had a good deal to do with business conditions and that unless the manufacturers and men of wealth went confidently ahead there would be industrial depression and unemployment.

There is no halt in buying by the consumers. They are buying at the old high prices as freely as they have ever done. There is no complaint anywhere from retailers. There should be no hesitancy on the part of manufacturers.

At last something has been found that is cheaper than a year ago. It is binder twine. Wichita Falls hardware merchants, it is reported, will offer twine two cents a pound cheaper than they did a year ago. A large quantity of twine will be used this year.

LAST CALL, UNCLE SAM!

BUILD NOW, BUILD NOW!

"With the prevailing high cost of production no cheaper lumber is in sight," says John M. Kirby, president of the National Lumber Manufacturers Association.

"Lumber prices will increase from one quarter to one third over present prices by fall," asserts Charles S. Keith, a prominent Kansas City lumber dealer.

Cement prices will advance 10 to 15 per cent this year, according to Albert Y. Goeben, vice president of the Lehigh Portland Cement Co.

The man who has been waiting for prices to come down before building had better get busy before costs increase.

SEASON FOR TRAVEL.

The coming season is going to be a great one for travel.

The government has announced that there will be no restrictions upon travel but that it will be encouraged and it is even announced that money is to be spent advertising resorts and railroads in the newspapers.

Once advertising is resumed travel is certain to increase. Who is it that can withstand the allurements of pictured snow on the mountains, swiftly rushing streams and other delights of the advertisements? Let the advertising be resumed and there will be a rush for the ticket office.

THIRD CLASS EDITION.

Congressman Blanton seems to have taken upon himself the Herculean task of putting to rest the American Federation of Labor, an organization whose strength and development and whose influence constitutes one of the wonders of the age.

While Mr. Blanton may regard himself as a sort of modern Sir Galahad in making his fight on organized labor, it is clear from the statements of Samuel Compers that the leaders at least are inclined to view him in the light of a third class edition of Sancho Panza.

LITTLE STORIES FOR BEDTIME.

By HOWARD R. GARIS

UNCLE WIGGILY'S GARDEN. Tinkling his pink nose and whistling a merry little tune, Uncle Wiggily Lomax and his bunny rabbit gentleman, hopped out of his hollow stump bungalow one day.

Under one paw he had a rake, and under the other a hoe and shovel, while inside his tall silk hat were a number of little paper packages of seeds.

"Well, what are you going to do now, if I may ask?" inquired Nurse Jane Fuzzy Wuzzy, the muskrat lady housekeeper, who was getting ready to bake a raisin cake with lollypops on top.

"I am going to make a garden and plant some flower seeds," answered the bunny. "I have heard it said that April showers bring May flowers. But if I don't plant some seeds all the April showers in the world will not bring me any flowers. So now I'm going to put some flower seeds in the ground and wait for them to grow. Then I'll give you a bouquet."

"That will be very sweet of you," said Nurse Jane. "I like flowers."

So, still whistling his merry tune and making his pink nose twinkle like a rubber ball bobbing about in the bath tub, Uncle Wiggily, with his shovel and rake and hoe, began making his garden.

The bunny rabbit sometimes used his paws to dig in the dirt, for that's

what they were made for, but now he used the hoe and rake and shovel also, because they were a bit more stylish, he thought. And, having made cute little holes in the soft brown earth, Uncle Wiggily sprinkled in the flower seeds. Then he covered them with dirt, which was like a brown blanket, to keep the seeds warm until they should sprout and turn into flower blossoms.

"And while I'm waiting for the flowers to come up I'll sit down on this bench in the sun and rest," said the bunny rabbit.

Now Uncle Wiggily did not know quite as much about a garden as perhaps he thought he did. Or else he forgot that it takes a week or more for flower seeds to begin to put their green leaves up through the brown earth. Anyhow, Uncle Wiggily sat down on the bench to wait for his flowers to grow and while he sat there something happened. Two things happened, in fact, and after them a third one.

The first thing that happened was that Uncle Wiggily fell asleep. The sun was so warm, he was a bit tired from having made his garden, and he was resting so easily on the bench that he fell asleep on the bench.

The next thing that happened was that along came Jackie and Peetie Bow Wow, the two puppy dog boys. Jackie and Peetie were frisking about full of fun and they saw Uncle Wiggily asleep on the bench. They also saw the shovel and rake and hoe and they noticed where the ground had been dug up.

"Oh, Uncle Wiggily has been making a garden!" barked Jackie. "And I know how to play a nice little trick on him!" barked Peetie.

"It won't hurt Uncle Wiggily, will it?" Jackie wanted to know.

"It will only make him laugh," said his brother. "We'll dig two little holes in the garden where no seeds are planted. Then we'll get in the holes and cover ourselves up with the dirt, leaving only our noses sticking out so we can breathe."

"Where's there a funny trick in that?" asked Jackie.

"Why you can stick your black nose a little way out of the ground, and I'll stick my red tongue," spoke Peetie. "And when Uncle Wiggily sees the red and black he'll think his flowers have begun to blossom. Then, when he tries to pick them we'll scatter the dirt off us, jump up and bark like anything!"

So the two puppy dogs made two holes, and snuggled down under the earth, leaving only their black noses sticking out, and Peetie's red tongue showed almost like a flower. And then the third thing happened.

Along came the bad old Skeezicks. He saw Uncle Wiggily asleep on the bench and the Skeezicks said to himself:

"Now I can sneak up easy and bite some off his ears!" snickered the Skeezicks.

"There is no one around to stop me!" he said, as he looked over the newly dug up garden.

And the Skeezicks was just going to bite Uncle Wiggily when, all of a sudden Jackie and Peetie Bow Wow, who were hiding under the ground, saw the bad animal.

"This is no time to play tricks!" barked Jackie. "We must drive away the Skeezicks!"

"Sure!" growled Peetie. "Up they sprang, scattering the dirt all over."

"Wow wow! Bow wow! Purr-purr! Wuff! Get away from here!" they cried to the Skeezicks.

"Oh me! Oh my! Wow! Double Wow! What a surprise!" gurgled the bad chap as he ran away, not hurting the bunny at all. And when Uncle Wiggily awakened, he was surprised, too. Of course it was too late then for Jackie and Peetie to play a joke on the bunny, but they didn't want to.

"We played a better joke on the Skeezicks," they said. "And later on, when the flowers blossomed, Uncle Wiggily gave Jackie and Peetie some for their mother."

And if the eyes of the potatoes don't fill with tears when they see the onions going in the soup, I'll tell you next about Uncle Wiggily and the crying crocodile.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels—you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition, 10c and 25c per box. All druggists.

STEERS ARE SHIPPED FOR COMING ROUND-UP

"Buck" Sansom and Bob Tadlock, who for the last four years have bought the wild steers used at the Fort Worth rodeo, have loaded twenty-six head of riding steers out of Fort Worth for Wichita Falls to be used in the Round-Up here next month. The animals will arrive here Thursday and will be pastured at Dr. Johnson's ranch, a mile and a half southeast of town.

In a telephone conversation this morning with Leonard Stroud, who is handling the business details of the Round-Up here, Sansom stated that he and Tadlock had eliminated several of the steers used at the Fort Worth show recently and had gathered together a picked bunch of Brahmas, wilder and more unmanageable than any longhorns. The two cowmen never have been able to get their hands on before. Many of the steers will have to be "nubbed" after they reach here, nubbing consisting of fastening small nickel-plated protectors over the points of the steers' horns to prevent possible fatal injuries to men and horses.

UMPIRES ASSIGNED FOR THE SOUTHERN LEAGUE

By Associated Press. MEMPHIS, TENN., April 23.—John D. Martin, president of the Southern Association last night announced the assignment of umpires for the opening games of the season Thursday as follows:

Harry Johnson and Orth Collins at Little Rock.

George Blackburn and "Sub" Schaefer at Mobile.

W. W. Shibley and J. B. Campbell at Birmingham.

Dan Pfenninger and an assistant to be named later at Atlanta.

With the exception of Campbell, who has not yet signed a contract, all of those named have been appointed for the season. William Brennan also has been appointed, but has not yet reported.

Schaefer, Pfenninger and Brennan were members of last season's staff of Southern Association umpires; Johnson formerly was an umpire in the International League; Collins was a member of the Memphis team last season, and Blackburn formerly was a player in the Southern, Cotton States and Texas Leagues.

NATIONAL LEAGUE TO OPEN IN CHICAGO

By Associated Press. CHICAGO, April 23.—The National league baseball season will open in Chicago today unless predicted showers should intervene. The probable batters are: Vaughn and Killifer for Chicago and Cooper and Schmidt for Pittsburgh.

ATHLETES AND YANKEES ARE OPPOSING TEAMS

WASHINGTON, April 23.—Washington and the Philadelphia Athletics were all set for going "over the top" in the opening game of the American league season here this afternoon. Walter Johnson, the local's veteran and Scott Perry, star of Connie Mack's staff, will be the opposing pitchers.

General Peyton C. March, chief of staff, will toss out the first ball.

KURDISTAN IS A HILL COUNTRY NORTH OF TIGRIS RIVER

By Associated Press. WASHINGTON, April 23.—Who are the Kurds? When a delegation of Kurds suddenly appeared at the peace conference asking for the freedom of their historic land, so a storm of questions was raised and newspaper men were wholly at a loss to know who these Kurds might be.

A bulletin from the National Geographic Society, based on a communication by William H. Hall, has this to say of the Kurds:

"Kurdistan, a hill country north of the Tigris River, is the home of a brave, virile, largely illiterate series of tribes and clans known as the Kurds. They are descendants of the Carduchi, who gave Xenophon and his ten thousand so much difficulty on their march across these same hills on their way to the sea.

"Nominally they are Moslem in religion, but they have retained many elements of heathen worship. Some of their tribes are 'Yezidi' (Yezidis), or devil worshippers. They are home-loving, frugal and capable of enduring great hardships. They practice strict monogamy and their women occupy an equal place with their men in the family life.

"The Kurds have furnished at least one great man to history, for Saladin, the chivalrous leader of the Saracen hosts, the compeer of Richard Coeur de Lion, was from this people.

"Roughly speaking, Turkey is divided into five great provinces, or districts—and Kurdistan is one of these. The others are Anatolia, Armenia, Mesopotamia and Syria."

MATERIAL ON GROUND FOR WILBARGER TEST

VERNON, TEX., April 23.—Now that the rig iron for the derrick of the Liberty Oil and Development Company has arrived, nothing stands in the way of the sinking of a test well on the company's location four miles east of Harrold. It is the intention of the officers to start drilling immediately as fast as possible.

WELL ON BLOCK 29 IS REPORTED TO BE BETTER THAN 200

The Mary Lou-Cle well, on Block 29, Burk Burnett township, has been put on the swab, and is now making a little better than 200 barrels a day, according to officers of the company. The well is said to be still showing a large amount of gas, and whenever it is let loose, will shoot oil high into the derricks.

The Fonville Petroleum Company's well on block 29, the townsite, is now about ready for completion, it is reported. Both wells will be being managed by the Harvey-Burton-Fonville interests.

GRICE WELL IS REPORTED TO BE GOOD PRODUCER

EASTLAND, April 23.—The Grice well of the Texas Company, an offset to the Herrington well of the Plains Oil and Gas Company in the Desdemona district, has come in and the reports are that it will be a good producer, although no estimate is made of the production. The Seula Lynn well of the Southwestern Company is good for about 25 barrels. The Southwestern Stockton is standing 500 feet in oil.

The Prairie Oil and Gas Co. has drilled in its B. L. Danley No. 1 and it is good for 200 to 250 barrels. The same company has drilled its J. C. Keagy No. 1 deeper and the flow increased 1,200 barrels. Both are in the Ranger field.

TO SHOOT WELLS OF R. O. HARVEY TOMORROW

The Braswell and Ballard wells of R. O. Harvey, in Comanche county, are to be shot tomorrow, according to R. O. Harvey, who states that the wells are expected to be only small producers. The Braswell well was reported in Fort Worth last week as flowing 6,000 barrels, and on fire, but this was before the sand was drilled. Both found the sand around 3,000 feet.

IS YOUR GOOD ICE BOX ON THE JOB?

Get that good ice chest in tune. Fill her up with Our Pure Ice.

Hydrant water doesn't taste as good now as it did two months ago. Why? The weather is warmer. A bit of pure ice is needed to get it to the right temperature.

It is really getting so warm that prudent housewives feel that they are taking a chance when they leave the meat exposed to the warmer air of these balmy days.

Why take the chance? Ice is cheap. Measure what that good ice chest will do for water, for meats, for vegetables, for the baby's milk, for all of the things that go onto the family table—and then balance it against the cost, a few cents a day.

Yes, it's real economy to begin taking ice regularly now. And think how much better vegetables and meats taste when they come to the table fresh from an icy cold refrigerator.

Ask the driver, when he stops tomorrow, to leave you a Coupon Book. That's the best way to take ice. And the cheapest way, too.

CAPTAIN JOE BERNARD IS STILL SAILING WEST

By Associated Press. SEATTLE, WASH., April 23.—Captain Joe Bernard of Nome, Alaska, Arctic trader and navigator, is still sailing west to east through the Northwest Passage and should reach the Atlantic ocean by October, Captain Alexander Allen, veteran northern trader reported on his arrival here today from Fort McPherson on the Arctic. Captain Allen, on his way out "mushed" about 500 miles from McPherson to Fairbanks, Alaska.

DEVOTION TO COUNTRY EXPRESSED IN PARTING WORD OF EDITH CAVELL

Associated Press Mail Correspondent. LONDON, March 25.—I expected my sentence but I am glad to die for my country. In the sight of eternity, I know now it is not enough to love only your own country. You must love all, and not hate any. Those were among the last words of Edith Cavell, the British nurse, who was executed by the Germans in Belgium. The churchman to whom they were spoken, the Rev. H. S. T. Gahan, has just returned to England from Brussels, where with his wife he remained throughout the war.

COLONEL SEDGWICK RICE APPEARS AS WITNESS

By Associated Press. WASHINGTON, April 23.—Colonel Sedgwick Rice, commandant at the Fort Leavenworth disciplinary barracks, today appeared as a witness before the committee of the American Bar Association which is investigating the army court martial system.

THOSE SHOE BILLS! — KEEP THEM DOWN

Mr. John Held, merchant of Salt Lake City, keeps an exact record of the shoes he wears. He writes, "Two pairs of Neolin Soles have worn for me 14 months and 700 on my feet ninety per cent of the time."

This is not an extraordinary example of the money-saving service that people get from Neolin Soles. It is typical of the experience millions are having. These soles do wear a very long time and so help you keep shoe bills down. They are scientifically made so they must wear.

CAMPAIGN BEING WAGED FOR INDEPENDENCE OF PHILIPPINES

Special to The Times.
WASHINGTON, April 23.—The most earnest and systematic campaign for Philippine independence that has ever been made in the United States is now under full headway.

This work is being directed by "The Philippine Mission," officially empowered by the Philippine legislature to proceed to America and work for independence, and to promote better understanding, greater confidence and closer economic relations between the United States and the Philippines.

Members of the mission declare that the 7,000,000 inhabitants of the islands are practically a unit for independence.

The mission is composed of forty of the more progressive and best known men of the islands, all Filipinos. It is headed by Manuel L. Quezon, president of the Philippine senate, and well known in Washington, having been for eight years the resident commissioner from the Philippines to congress.

The party also includes Philippine senators, members of the house of representatives, secretaries of departments, members of both political parties in the Philippines, as well as representatives of agriculture, industry, commerce, capital, labor, education and the press.

In a resolution of the Philippine legislature to Secretary of War Baker, Mr. Quezon described the feeling of the Filipino people on the subject of independence, saying: "The Philippine legislature at the behest of the Filipino people sent this mission to the United States bearing the message of good will, gratitude and respect from all the inhabitants of the Philippine Islands."

"The Philippine mission, Mr. Secretary, is here charged with a high and solemn obligation. It is enjoined with a noble and sacred trust. It is instructed to present the great cause so essential and necessary to the happiness and well-being of the Filipino people. I refer to our national birthright to be free and independent. We, therefore, formally submit herewith a vital question to you, and through you, to the government of the United States in the confident hope that it shall merit a just, righteous and final settlement.

"Independence is the great national ideal of the Filipino people. The members of the Philippine Mission here, representing all elements of Philippine life are, one and all, ready to testify to the absolute truth of this assertion. We believe that this is the proper time to present the question, looking to a favorable and decisive action, because of the declared and uniform policy of America to withdraw her sovereignty over the Philippine Islands and to recognize our independence as soon as a stable government can be established. That there is now a stable government in the Philippines, managed and supported by the people themselves, and that it can and will be maintained under an independent Philippine government, the testimony of your own official representatives, Governor-General Harrison and Acting Governor-General Yeater, will bear out. The fulfillment of this solemn promise you owe to yourselves, to us and to humanity at large.

"We also find inspiration and justification for our decision to appeal at this time to the government and people of the United States for the grant-

ing of our independence in the declaration of principles for the preservation of which America in the recent world war held life and property dear. America fought "for the liberty, the self-government, and the undictated development of all peoples," and cheerfully assumed her full share in the war "for the liberation of peoples everywhere." The American people were willing to dedicate their lives and their fortunes, everything that they were and everything that they had, for the things you have always carried nearest your hearts—"for democracy, for the right of those who submit to authority to have a voice in their own governments, for the rights and liberties of small nations."

Mr. Secretary, may I be permitted to recall at this juncture that as the nation has ever before treated its fighting for so high and noble ideals the Filipino people have stood by you during the critical years of the struggle, and, as a man, were ready, side by side with your own soldiers,

"Through the joint labor of Americans and Filipinos, the history of your occupation of the islands is replete with achievements great, and results splendid. You have truly treated us as the nation has ever before treated another under its sway. And yet you—and none better than you—will understand why, even under such conditions, our people still crave independence, that they too, may be sovereign masters of their own destinies.

"Sir, when our national independence shall be granted us, the world will know that the people of America are indeed "bearers of the good will, the protection and the richest blessings of a liberating rather than a condescending nation," and that it was our liberty, not your power, our welfare, not your gain, you sought to enhance in the Philippines."

ANOTHER ANTARCTIC EXPEDITION PLANNED

By Associated Press.
LONDON, April 23.—Another Antarctic expedition is being planned, according to a statement printed in this morning's newspapers. John Cope, biologist with the British Antarctic expedition of 1914-1917, will be leader and expects the expedition to start in June, 1920.

He purposes to carry scientific investigations to ascertain the extent of mineral and other valuable deposits on the Antarctic.

NEW YORK, April 23.—Some of the famous Eleventh Engineers, who used their brains and muscles as weapons in helping to stem the German advance near Amora, returned home today. Seven officers and 257 men comprising the eleventh field and staff and companies B and C were among the 1,329 troops arriving on the steamship Santa Teresa from Bordeaux, 50 officers and 1,370 men on the Santa Teresa returned convalescing from sickness or wounds. Forty officers and 996 men of the army ambulance service, including quartermaster, headquarters, hospital and motor repair shop detachments, arrived on the steamship Duca D'Abrazzi from Marsailles.

WHITES AND NEGROES IN CLASH AT CHICAGO

By Associated Press.
CHICAGO, April 23.—One negro will probably die, it was said today by Bridewell hospital attendants, as the result of a series of sanguinary fights on the south side last night between white and negro residents. Racial feeling has been gaining in intensity, the police stated, since the encroachment of negroes from what is known as the South Side "black belt" into a district further southward. A number of bombs have been exploded thereabouts in recent weeks.

FIGURE EIGHT PLAYS A DRAMATIC ROLE WITH HONENZOLLERN

By Associated Press.
BERLIN, April 15.—A student of history has discovered that the figure eight has played in a dramatic role in the lives of the Hohenzollerns. Two German emperors died in 1888. Two attempts were made on the kaiser's life in 1878. Frederick William Fourth's mental disease compelled him to make way for a regency in 1888.

The year 1848 brought revolutions and a terrible humiliation for the king. Frederick the Great suffered his severest defeat in 1758 at Hochkirch. The thirty years war began in 1618 and brought unspeakable misery to the hands of the Hohenzollerns. The Great Elector died in 1688, Elector Johann Sigismund in 1698, Elector Johann Georg in 1698. The crowning disaster to the Hohenzollerns came in 1918.

THE COUNTRY'S HONOR

John Doctoroff
- Dallas -

We women must maintain it.

Men spend and women pay. Women abhor debt. An unpaid obligation is dishonorable.

Let's maintain the Nation's honor.

We women sent our men to the front because the Nation's honor was at stake. The world looked to America to end the slaughter of men and innocent women and children. And America responded with three million men, with her guns and ships and food; with all her resources.

We women paid the price of war with our own flesh and blood. Then we set to work with our hands and brains and dollars to bring about the victory we knew we must win.

Our Government spent billions upon billions of dollars to end the war. The victory was won. Thousands of lives were saved by our splendid preparations. But for this prompt, effective, though costly action, our boys would be fighting and dying in the trenches today.

This debt of honor must be paid. And we women must pay.

Let's maintain the Nation's honor.

EXPRESSES FEAR
BOCHE WILL GET
OFF TOO EASILY

Associated Press Mail Correspondent.
PARIS, March 27.—"I am afraid the peace conferences is going to let the boches off too easily," said Professor Louis Dubois, deputy for the department of the Seine, to the Associated Press today. Professor Dubois has made a special study of the economic situation in northern France produced by the destructive ingenuity of the Germans. He has submitted to the chamber of deputies a detailed report of his findings.

MEETING TO ENCOURAGE
FOREIGN TRADE RELATIONS

By Associated Press.
CHICAGO, April 23.—Informal conferences were held here today by delegates to the national foreign trade convention, which will open tomorrow under the auspices of the National Foreign Trade Council with representatives of practically every industry in America present. Foreign Trade Essential to American Industry" is the theme of the three-day convention.

RECONSTRUCTION OF
NATIONAL GUARD IS
ALREADY UNDER WAY

By Associated Press.
WASHINGTON, April 23.—Reconstruction of the national guard was actually started today when the war department, through the bureau of militia affairs authorized the organization of seven regiments and one extra battalion of infantry, one squadron of cavalry and eighteen companies of coast artillery.

SPANISH MINISTER
OF FINANCE AGAIN
RESIGNS POSITION

By Associated Press.
MADRID, Tuesday, April 22.—The Spanish government has abandoned the idea of placing the postal service under military control as the men are beginning to return to work in military numbers. It is hoped to restore the telephone service throughout Spain within 48 hours but negotiations with striking telegraphers have failed.

FUN IN REGISTERING
WITH METAL PENCIL

Associated Press Mail Correspondent.
WITH THE AMERICAN ARMIES in France, March 28.—An infantry colonel whose station had served to keep him clear of airplanes was recently billeted very near to an American army air station. Taking a stroll about the grounds he came to an improvised desk near headquarters. A sign above the desk read:

I WENT into a drug STORE YESTERDAY AND I went to the APOTHECARY OR whatever YOU CALL the man who EARNS AN honest LIVING. SELLING DRUGS and sodas, CIGARS, LEAD pencils, POWDER PUFFS and PRALINES AND I told THE MAN that I wished TO SELL him some fine ADVERTISING SPACE in THE PROGRAM that the CHAMBER OF commerce is GETTING OUT for the WICHITA FALLS round-up AND THE apothecary or the DRUGGIST OR the PHARMACIST SAID: "I AM loaded up with CERTIFICATES of stock IN THE BURK-WAGGONER oil company AND I don't care if the DRUG STORE falls and breaks its LITTLE NECK." AND AFTER this rebuff I WENT into one of THOSE STORES where women BUY TULLE and voile AND CREPE de chine and STUFF LIKE that and I BREZZED UP to THE BOSS and SAID: "I WANT to sell YOU— AND HE SAID: "NOT UNLESS you get DOWN TO \$1,200, because I WON'T pay \$1,500 for BURK-WAGGONER, that's ALL." AND SO I left the man FLAT WITH a hot summer COMING ON and I strolled INTO THE shop of a TOOL AND rig company AND IN a low, humble TONE I spoke of my MISSION, AND the man RUBBED HIS hands gleefully

AND SAID: "I'M THE guy that sold THE BIT that drilled the BURK-WAGGONER well." AND I said to that MAN: "CURSES! I HOPE YOU get bitten some DAY BY your own bit." AND AFTER that I met E. H. STALEY on the STREET AND also CLINT PETERS and W. F. Nabel and Will SARGENT AND FRANK COLLIER and others AND THEY spoke so favorably OF A certain well northwest OF BURKBURNETT that I WILL NO longer advertise FOR NOTHING that I caught THE FEVER and hurried TO AN oil exchange AND BOUGHT one share OF BIG Lime for one DOLLAR AND FIFTY CENTS and now I HAVE GOT my feet wet as THE FELLER sez and I DON'T CARE if the GOOD ROADS bond issue is INCREASED TO \$2,000,000!

PLENTY OF TWINE AND THE PRICE IS TWO CENTS LOWER

Anticipating a bumper wheat crop, which nothing but hail can prevent, the local hardware stores have laid in an abundant supply of twine for use during the harvest. Although the wheat crop this year is expected to be a record breaker and an enormous amount of twine will be used, it is a significant fact that the retail price of twine this year is two cents under the price of last year, which was 28 cents a pound. This would indicate that no shortage of twine is anticipated.

LAW PROVIDING FOR THE COLLECTION OF AN OCCUPATION TAX

The following extract from the law imposing special taxes in self explanatory and is made public for the information of those whom it may interest:

Special Taxes on Occupations.
Sec. 1001. That on and after January 1, 1919, there shall be levied, collected and paid annually the following special taxes:

(1) Brokers shall pay \$50.00 every person whose business it is to negotiate purchase or sales of stocks, bonds, exchange, bullion, coined other securities, produce or merchandise, bank notes, promissory notes, etc., for others, shall be regarded as a broker. If a broker is a member of a stock exchange, or if he is member of any produce exchange, board of trade, or similar organization, where produce or merchandise is sold, he shall pay an additional amount as follows: If the average value, during the preceding year ended June 30, of a seat or membership in such exchange or organization was \$2,000 or more but not more than \$5,000, if such value was more than \$5,000, \$150.

(2) Pawn Brokers shall pay \$100, every person whose business or occupation it is to take or receive, by way of pledge, pawn, or exchange, any goods, wares, or merchandise, or any kind of personal property whatever, as security for the repayment of money loaned thereon, shall be regarded as a pawnbroker.

Passenger Automobiles for Hire.
(11) Persons carrying on the business of operating or renting passenger automobiles for hire shall pay \$10.00 for each such automobile having a seating capacity of more than two and

not more than seven, and \$20.00 for each such automobile having a seating capacity of more than seven.

Penalty for Failure to Pay Special Tax.
Sec. 1005. That any person who carries on any business or occupation for which a special tax is imposed by Section 1001, Occupations, without having paid the special tax, therein provided, shall, besides being liable for the payment of such special tax, be subject to a penalty of not more than \$1,000.00 or to imprisonment for not more than one year, or both.

Parties wanting to pay any of the above tax can call at the City National Bank, as I will be here for a few days.
