

CHANCELLOR REJECTS TERMS

SCHEIDEMANN SAYS MEETING TURNING POINT

Assembly to Decide Attitude Toward Peace Conditions Submitted

SCHEIDEMANN TONE IS PESSIMISTIC

Declares Duty of People at This Time is to Keep The Nation Alive

By Associated Press. BERLIN, May 12.—Philip Scheidemann, the chancellor, in his speech before the national assembly here today, said that the occasion was the turning point in the life of the German people, as the assembly was to decide the attitude toward what our adversaries call peace conditions.

"The representatives of the nation," he continued, "meet here as the band of the faithful assemblies when the Fatherland is in the greatest danger. All have appeared except the representatives of Alsace-Lorraine, who have been deprived of the right to be represented here just as you are to be deprived of the right to exercise in a free vote the right of self-determination.

"And I see you, the representatives of all the German races and lands, the chosen representatives of the Rhineland, the Saar, East Prussia, West Prussia, Posen, Silesia, Danzig, and Memel. Together with the deputies of the unannounced provinces, who, if the will of our enemies becomes law, are to meet for the last time as Germans among Germans. I know I am one in heart with you in the gravity and sanctity of this hour, and that whoever is ruled only by one idea, that we belong to one another and must stand by one another and that we are in one flesh and one blood and that whoever tries to sever us is driving a murderous knife into the living body of the German people.

"I see our nation alive, that and nothing else, is our duty. We are pursuing no nationalistic dreams. No questions of prestige and no thirst for power have a part in our deliberations. Here life is what we meet here for our land and nation today while everyone feels a throbbing hand at his side.

"I speak without tactical consideration. The thing which is at the basis of our discussion is this thick volume in which 190 sentences begin 'Germany renounces all her claims to murder and to the blood of the German people, and she is unworthy, our consent to pitiless disruption, our agreement to heinous and slavery are to be extended, this book must not become our future code of laws.'

"The world has once again lost an illusion. The nations have in this period, which is poor in ideals, again lost a belief. What name on thousands of bloody battlefields, in thousands of trenches, in orphan families and in the despairing and abandoned has been mentioned during these four years with more devotion and belief than the name of Wilson? Today the picture of this peace conference is a dark picture of him, is paling beside the dark forms of our jailers to one of whom, Premier Clemenceau, a Frenchman, recently wrote: 'The world is put in a cage with bread and water, but is allowed to keep his teeth, while his claws are hardly cut.'

"All over Berlin we see posters intended to arouse a practical love of our brothers in captivity. They show sad and hopeless faces behind the prison bars, that the reported peace treaty, a true portrait of Germany's future.

"Sixty million are behind the barbed wire and the prison bars—sixty million at hard labor for whom there are no means in some of the prison camps. Should the peace conditions be accepted, Germany no longer could call anything her own which lies outside these narrow bounds. Germany has ceased to exist abroad but if it were not sufficient, her cables have been taken from her and her wireless stations can send only commercial telegrams and then only under control of the Allies. This would separate us from the outer world, for what business can be done under the control of competitors need not be described.

"But this is far from enough. The council therefore determines treaties between enemy countries to be null and void except such treaties whose execution is in favor of a government of the Allied powers.

PERFECT PLAN FOR A COTTON CORPORATION

Provides Capitalization of Three Hundred Million Largely in Liberty Bonds

SCHEIDEMANN OPERATE EXTENSIVELY

Draft of Proposed Powers to Be Submitted to Conference Later in Week

By Associated Press. NEW ORLEANS, May 12.—The proposed plan of organization for the American Cotton Export Financing Corporation, a pool of cotton producers and dealers for export trade, was shown here today at a conference of cotton interests, provided for a corporation capitalized at \$300,000,000, to be paid largely in Liberty bonds.

The corporation would be empowered to accept a wide variety of foreign securities and to market them in this country or to issue bonds of its own. It also contemplates acquire control of cotton manufacturing plants.

The organization plan also provides that the corporation might lend money to dealers or shippers on security of warehouse receipts in cases where cotton is being assembled for export. Thus it would finance the entire export transaction.

The draft of proposed powers for the corporation will be submitted by the end of this week to the entire conference of cotton interests' representatives and adoption of the plan is about a week's work. The authorized capital stock, although fixed at \$300,000,000 in the tentative draft, may be reduced. The corporation would be authorized to begin business when the amount of capital stock subscribed reached \$70,000,000 with 50 per cent paid in, and payments might be made either in cash or in Liberty bonds or notes, or Treasury certificates of indebtedness. By this means approximately \$10,000,000 worth of government securities would be the basis for financial operations at the start.

In addition to finding a market abroad for cotton and cotton products and making the necessary contracts, the corporation would be empowered to deal in notes, drafts, checks, bills of exchange, acceptance, bills transfers or other evidence of indebtedness. It could take bonds of foreign governments or of foreign banks, syndicates, or other private business firms and make loans to those foreign interests on the security of their obligations. By this means the corporation virtually would sell its cotton to foreign purchasers on credit, raising money in this country on security of the foreign bonds to finance the operations.

Another power proposed for the corporation is to permit it to take stock in foreign commercial or industrial enterprises, including the manufacture of cotton. This might involve the acceptance of mortgages on foreign plants and thus give the American co-operative corporation a hand in the management of foreign firms.

Another power would be "to acquire the good will, business, rights, property and obligations of any corporation, partnership or other business carrying on a business similar to that of the corporation and which this corporation is authorized to conduct and to pay therefor cash bonds for the obligations of this corporation. This would pave the way for the corporation to absorb other cotton exporting organizations, and is understood to constitute one of the principal subjects of disagreement among the organizers.

Cotton dealers would call through the corporation in export dealings by night, if they chose, ship goods abroad in their own name documents. The limit of the time for these loans and the interest rate is not specified in the proposed organization draft but it is assumed the loans might be made for as long as five years. Organizers of the co-operative corporation also propose that it might borrow within one year after peace is declared from any foreign country both on its own account and as agent, trustee, broker or consignee in dealing in cotton, cotton yarns, cotton goods, seed and seed oil, or other vegetable oils, providing the articles are meant solely for export trade.

The organization would be barred by anti-trust laws from operating in domestic trade within the United States.

GERMAN U-BOATS ON PEACEFUL PURSUITS SAIL UP HUDSON.

The German U-boats are at our gates, but they are only serving to stimulate the sale of Victory Loan bonds in behalf of Uncle Sam. The accompanying picture shows American fishermen escorting the pirate craft up the Hudson River, while thousands looked on with pleased thoughts. The dedication of the pirate craft to peaceful results was made by Benjamin Strong, chairman of the Liberty Loan Committee. Mrs. John T. Pratt, chairman of the Women's Liberty Loan Committee in New York, was among those at the dedication.

FOREIGN CONTRACTS MAY BE ACCEPTED BY THE SHIPYARDS

WASHINGTON, May 12.—American ship yards will be permitted to accept contracts for foreign account so far as that can be done without interfering with the building of the American merchant marine, under a decision of President Wilson cabled today to the White House.

The President's action was made known in this statement issued at the White House: "Secretary Tumulty today announced that upon suggestion of Chairman Hurley of the United States Shipping Board, the President has taken action that will permit American ship yards to accept foreign contracts so far as that can be done without interfering with the building program for American registry."

With the entry of the United States into the war all steel ships, building for foreign account, were requisitioned by the government and the yards were prohibited from accepting any foreign contracts. Several nations, particularly Norway and Sweden, are in the market for ships and with the cancelling by the shipping board of a number of contracts awarded during the emergency, many American yards urged that they be permitted to enter into contracts for foreign concerns.

It is expected that the President's action will enable most of the yards to retain their present increased forces, a reduction in which was threatened by the cancellations of contracts by the shipping board.

Army Air Service Plans to Purchase 500 Latest Planes

WASHINGTON, May 12.—Contracts for at least 500 airplanes of the very latest types will be awarded the American manufacturers under plans prepared by the army air service and sent to Secretary Baker today for his consideration. The primary purpose will be to keep the industry in such condition as to insure its rapid expansion to meet the requirements of a national emergency.

Seven types of airplanes have been approved by the American air service as representative of the most modern development in the science of aviation. They are the Le Pere observation, the Hoening monoplane, the Thomas Morse scout, the U. S. D. 3 day bomber, the Voigt training plane, Martin day bomber and the ordinary emergency pursuit plane.

The contracts under contemplation would be divided among these types so as to insure the maintenance of sufficient machinery and personnel at all times to permit the ready expansion for larger orders. With the exception of the Voigt, all seven types were developed in the United States during the war.

DEFENSE ATTORNEY MAKES STATEMENT IN THE FORD CASE

MOUNT CLEMONS, Mich., May 12.—When on June 23, 1916, the Chicago Daily Tribune referred to Henry Ford, the Detroit manufacturer, "as an anarchist," it did not use the term in the sense of a bomb thrower or nihilist, according to Attorney E. G. Stevenson.

Mr. Stevenson, one of the counsel for the Tribune, who is being sued here for \$1,000,000 damages by Mr. Ford on a charge of libel, made this statement today to the talesmen in the jury box in explanation of questions he and his associates were about to ask them in regard to their fitness to serve as jurors.

"It is our purpose to prove that Mr. Ford is an anarchist," said Mr. Stevenson. He then read from court decisions what the Tribune meant by the term "anarchist" as defined by various authorities. Some of the definitions were "absence or insufficiency of government," "a state where there is no capable supreme government," "a belief in an archaic theory of society."

"In our view," continued Mr. Stevenson, "Mr. Ford on June 23, 1916, was an anarchist in the sense that he opposed those common measures which make for a government and the absence of which create a state of anarchy."

EXPECT HUNGARY TO NAME DELEGATES TO SIGN THE TREATY

PARIS, Monday, May 12.—The Hungarian government has not yet accepted the invitation to name delegates for the signing of the peace treaty, but it is assumed here that the Kela Kun regime will gladly take advantage of this means of establishing relations with the outside world. Allied representatives at Vienna were directed recently to proceed to Budapest for the presentation of the proposal.

It was expected at this time that the saviet regime was about to fall, but it later developed that it had secured a new lease of life. The instructions to the Allied representatives were not withdrawn, however, and the results of this mission to Budapest are awaited.

ATLANTA, May 12.—The arrival of hundreds of messengers from all parts of the South and Southwest, together with preliminary conferences with church organizations to put finishing touches to their reports, today marked the opening of activities of the Southern Baptist convention, which convenes here tomorrow for a week's session.

SEAPLANES NOT TO RESUME FLIGHT FOR SEVERAL HOURS

WASHINGTON, May 12.—Dispatches to the navy department today from Trepassey bay indicated that the naval seaplanes at New Foundland could not start on the trans-Atlantic flight for at least 24 hours. Commander John H. Towers, chief of the expedition, said heavy seas were running and that a storm was coming on the course to the Azores.

The NC-4 is also weather bound at Chatham, Mass., and officials here regarded it as improbable that she will be in the overseas flight as Commander Tower's message indicated the would start as soon as weather conditions permitted without awaiting the arrival of the NC-4 at Trepassey.

GOVERNOR ASKS FOR BOOKS FOR SOLDIERS

AUSTIN, TEXAS, May 12.—May 18 to 25, is designated as Library week today and the collecting week in no proclamation issued by Governor Hobby today. He calls for the donation of good books, to be collected in public libraries and shipped to Newport News by June 1. The books will then be distributed among the expeditionary force and the transports bringing soldiers home.

The Texas quota is set at 15,000 books.

SPRINGFIELD, Mo., May 12.—It developed this afternoon that Count von Brockdorff-Rantzau, head of the German peace delegation, intended to ask permission to send a German delegation to receive the Austrian representatives, according to the Illinois agency. It has previously been announced that the Allies intended to keep the delegations who depart.

The German plenipotentiaries were reported today to be preparing a formal request that they be allowed to communicate with the Austrian delegates to the peace congress during the negotiations.

PUBLIC GARAGES NOT EXEMPT AS LIVERY STABLES

AUSTIN, May 12.—A public garage is not a livery stable, held the attorney general in an opinion today, and it may not remain open on Sunday under the law which authorizes livery stables to be open for business on that day.

Announcement Made In Connection With Speech Delivered in National Assembly. Members of Assembly and Spectators Greet Statement With Hurricane of Applause.

(By Associated Press.) BERLIN, Monday, May 12.—The declaration by Chancellor Scheidemann in the national assembly today that the peace terms were "unacceptable," brought the members of the assembly, the spectators and those in the press gallery to their feet in a hurricane of cheers and applause. The chancellor reached the climax of his statement on the peace terms ten minutes after he began. The chancellor paused in his address and then thundered out the word which announced the German government's rejection of the Versailles conditions.

With the exception of the Independent Socialists led by Hugo Haase, all factions in the assembly arose and cheered vociferously. The assembly is sitting temporarily in the assembly hall of the University of Berlin and Unter den Linden.

After the chancellor's speech the leaders of the various parties, with the exception of the Haase group, made speeches in which they declared they backed up the government.

AUSTRIAN TREATY CONTAINS A RESPONSIBLE CLAUSE (By Associated Press.) PARIS, Monday, May 12.—In the peace treaty with Austria, now well toward completion, a responsible clause has been inserted "identical with that in the German treaty with the exception that the first clause providing for the trial of former Emperor William is omitted. The remaining clause makes provisions for the trial of military offenders by an international court martial.

The frontier delimitation of the new Austria presents the one serious issue in the drawing of the treaty, somewhat similar to that of the Saar valley in the German treaty. This is in regard to the Lower Tyrol, a section of which is detached from Austria and placed within the boundaries of Italy. It includes the cities of Bozen and Meran and an estimated German population of about 250,000. The reason for attaching this German speaking population to Italy is the establishment of a strategic frontier giving Italy adequate protection from invasion from the north. The old frontier of the Alps, with Italy on the one side and Austria on the other, was a weak line. The new frontier, by giving Italy the Italian speaking population of the Tyrol, secures its independence of the treaty.

As has been stated the frontier line, as drawn in the treaty, is to be presented to the Austrian people for their approval by the treaty of London, although the treaty makes no mention of this. Italy sought this line as a permanent settlement of the frontier, and now secures its independence of the treaty.

ITALIAN PROBLEM NEARLY A SOLUTION (By Associated Press.) PARIS, May 12.—The Italian problem seemed nearer solution when today's conference began among the Allied representatives here and it was thought probable that a basis of understanding would be reached during the day.

The Italian representatives are reported to be evincing more of a willingness to make concessions. The discussions of the day began when Premier Orlando called this forenoon upon Col. E. M. House of the American delegation.

The courtiers of four held no meeting during the morning. No further communications had been received from the German representatives at Versailles and the experts to whom the last notes from Count von Brockdorff-Rantzau had been referred; had not yet reported. No meeting of the council being considered necessary, therefore, the Italian premiers devoted the forenoon to individual work.

This afternoon President Wilson will receive Thomas Nelson Page, the American ambassador to Italy, in connection with the Italian question. The Italian representatives have resumed complete participation in the pending peace negotiations by appointing a member of the Italian commission controlling all communications to the Entente. Practical questions and considerations relating to territorial adjustments which were transmitted to M. Clemenceau, president of the peace conference today by the German delegation, were said not to be of fundamental importance but of an explanatory character.

It is reported that the German Democratic and Central parties have threatened to withdraw their representatives from the government if the peace treaty, according to a dispatch from Berlin received here by way of Basle.

MINISTRY HAS A MEETING TO DISCUSS PEACE TERMS (By Associated Press.) BERLIN, Monday, May 12.—The imperial ministry met today to discuss the peace terms but no positive proposals have as yet been communicated to the Entente. Practical questions and considerations relating to territorial adjustments which were transmitted to M. Clemenceau, president of the peace conference today by the German delegation, were said not to be of fundamental importance but of an explanatory character.

It is reported that the German Democratic and Central parties have threatened to withdraw their representatives from the government if the peace treaty, according to a dispatch from Berlin received here by way of Basle.

LEADERS OF GERMAN PARTIES THREATEN TO QUIT ASSEMBLY IF THE TREATY IS ACCEPTED

PARIS, May 12.—The heads of the two German Democratic parties and the party of the Center have informed Chancellor Scheidemann that their parties will withdraw their representatives from the government in case the cabinet decides to sign the peace treaty, according to a dispatch from Berlin received here by way of Basle.

It is reported that the German Democratic and Central parties have threatened to withdraw their representatives from the government if the peace treaty, according to a dispatch from Berlin received here by way of Basle.

INTERRUPT WORK OF SELECTING THE JURY

CHICAGO, May 12.—The jury in the \$1,000,000 libel suit by Henry Ford against the Chicago Tribune was interrupted today by motion picture for the Solomon News Company, defendants, to change their plea.

The Solomon News Company became co-defendants by reason of having distributed copies of the Tribune of June 23, 1916, containing the alleged libel.

ALL SEVEN BALLONS LAND ALONG ATLANTIC

AKRON, O., May 12.—All seven of the balloons which left the naval flying field here Sunday afternoon in the free balloon race have made safe landings along the Atlantic, according to word received here.

to the Entente. Practical questions and considerations relating to territorial adjustments which were transmitted to M. Clemenceau, president of the peace conference today by the German delegation, were said not to be of fundamental importance but of an explanatory character.

Oil News

EIGHT HUNDRED OIL COMPANIES REPORT TO STATE OF TEXAS

By Associated Press.
AUSTIN, TEXAS, May 13.—Eight hundred oil companies now make quarterly reports to the state comptroller of Texas. Of these, two hundred were located during the last quarter and are compelled to pay the beginner's tax of \$50 in addition to the gross production tax.

Reports to date show that about \$25,000,000 worth of crude petroleum was produced in Texas during the quarter ending March 31, 1919; and it is estimated that the total will reach \$30,000,000.

On the report reported the state has collected \$340,000. Much of the increase is brought about by the discovery of new wells, says the comptroller, although some of it is due to the fact that at the last regular session the legislature made provisions for the employment of several revenue collectors by the comptroller. The location of the new 300 companies was largely due to their efforts.

THORNBERRY OIL COMPANY PREPARES FOR DRILLING

The Thornberry Oil Company, composed of business men and professionals of Wichita Falls and Thornberry, are putting the drilling outfit on their 1,225 acre lease near Thornberry, and expect to start operations in a short time. The lease is directly between Burk Burnett and Petrolia, and as the first test in this section it will be watched with much interest.

On the Hansard property, almost on the Clay county line, the Gamble-Price deep test is drilling.

Down in the Friberg district a star rig has been moved on the Robertson-Johnson well, on the Musgrave, for completion, but the derrick was blown down during the recent storm, causing some delay, it is reported.

About a mile and a half north of this test on the Lovell farm, H. J. Newman et al. are drilling on their deep test.

RAIN HAS DELAYED IOWA PARK OPERATIONS

Drilling is under way in the townsite of Iowa Park, in block 50, where H. W. Ardinger of Dallas is putting down a shallow test, with Stumpf Brothers as the drilling contractors. The well was spudded in about a week ago, and made good progress until the rains, which have caused a shut down generally in drilling operations. Practically all the rigs in the low lying lands about Iowa Park have been forced to suspend operations for a few days, it is reported.

FERN SPUDDED IN WITH FORFEIT FOR COMPLETION

The Fern Oil Company No. 1 Wagoner has been spudded in, it is reported. John G. Knox, rotary contractor, being in charge of operations. This well is in the southeast quarter of Block 54, the south offset of the Burk-Wagoner No. 2, and the north offset of the Dixon-Bernard-Porter well also drilled on the same lease. There is a forfeit placed on the well being drilled within a certain time, and that the amount involved is considerable.

PROHIBITION INSPECTORS HAVE BEEN INDICTED

By Associated Press.
WOODSTOCK, VA., May 13.—Prohibition inspectors W. C. Hall, W. B. Dunleavy, B. F. Sweet and J. A. Sullivan, who were indicted here yesterday on the charge of killing Raymond Shackelford and L. B. Hudson, alleged boot-leggers, near Winchester several weeks ago, were released on \$10,000 bond each today to await trial in Prince William county court June 1, a change of venue having been granted.

MAKE PREPARATIONS TO CARE FOR PRODUCTION

Preparations are now being made by pipeline companies to care for the production in the new northwestern pool at Burk Burnett. Already the Texas Company and the Western Oil Corporation have lines in operation, while the Gulf company has a line under construction, and other pipeline companies in operation in the townsite pool are planning similar extensions.

The Constantia Refinery, located at Devos, Okla., has a line going to the Burk Burnett townsite pool, passing through the new pool, and is in a position to take advantage of the new developments.

MINNESOTA OIL MEN ON VISIT TO THE CITY

Charles A. Tuttle, P. H. Flynn and P. L. Flynn, of St. Paul, are in Wichita Falls in connection with their oil interests. Mrs. Tuttle and Mrs. P. H. Flynn will arrive from St. Paul in a short time to join their husbands for a prolonged stay. The Tuttle family expect to spend a part of the summer at the "Parquet" and Tuttle ranch in this county.

MONA-MARIE OIL CO.'S HOLDINGS IN BLOCK 73

The half page advertisement of the Mona-Marie Oil Co., which appeared by Monday's Times, through an error, carried the statement that the holdings of the company were "near block 73" when it should have read "near the center of block 73." This company's holdings are among the choicest in the northwest field and the rapid sale of the stock is evidence that the public considers it such.

INCREASED ACTIVITY IN DEVELOPMENTS IN THE CLARA DISTRICT

The Clara Oil Company is down 800 feet on their deep test, being drilled with standard tools on the north part of the C. A. Merrens farm, one mile southwest of the Ramming pool. At 500 feet a pay sand was encountered which will be developed as soon as a star can be placed on the ground, according to C. E. Feider, one of the local parties interested in the company.

About three quarters of a mile west of this deep test there are three star rigs running on the E. E. Goetze farm, where the Panhandle Refinery has recently brought in a good producer at a depth of about 800 feet. The Panhandle No. 2 Goetze is drilling around 400 feet and Furlow and Ramming and Ramming and Feider are drilling on their first wells at about 800 feet, for both wells.

A half mile still further west Oklahoma parties are beginning operations on the K. T. Goetze farm and indications point to a thorough development of this section between Sunshine Hill and the old Ramming pool.

New derricks are looming up on the way from Sunshine Hill to Iowa Park, two new ones having been erected in process of building since the rain. One is on the Jonny Johnson farm, the second on the E. M. Goetze farm, two miles south of the E. E. Goetze land. The names of the parties putting down these tests were not learned yesterday.

PREPARE TO COMPLETE THE RAMMING WELL; SHOW MUCH INTEREST

Preparation are being made, it is reported from the field, to complete the new Rich Ramming well on the Ramming land, about a half-mile north of the old Ramming pool, and directly south of the boundary line of Block 4, of the Specht Colony Sub-division. This well has 40 feet of rich sand, it is reported, around 1700 feet, and as it is some distance north of the old Ramming pool, it has created a good bit of a sensation.

In the neighborhood between Sunshine Hill and the Clara or Ramming district there are a number of new derricks up and rigs running, and a thorough development of this entire section is forecast by the activity.

On the McClure farm, southeast of Sunshine Hill, where Bob Brewer et al were drilling a rotary test last summer when the Burk Burnett townsite sensation caused all the oil fraternity to forsake everywhere else in the Burk Burnett rush, a new well is to be drilled as an offset to the one abandoned by Brewer. Oil and gas showing up from this 1,000 foot hole through the mud is the cause of this location being chosen, and a thorough test is to be made, it is stated.

TERRELL WELL OF MAGNOLIA COMPANY IS MAKING 4,377

Special to The Times.
RANGER, TEX., May 13.—Tuesday's report from the field shows that the Terrell well of the Magnolia and Hogg Creek Oil Company is making 4,377 barrels daily. The report includes other wells in Eastland county as follows:

Foison and Shablier's Colony School Lot No. 1 is increasing its flow and is estimated to be making over 500 barrels.

Magnolia Petroleum Co.'s Allen No. 1, after two shots, is showing for 25 barrels.

Texas Pacific Coal and Oil Co.'s Robertson School Land No. 1, set 3 1/2 inch casing at 2985 feet and has a showing for 10 barrels at the top of the sand.

Another new well was reported in Stephens county in Survey 24, Block 2 of T. & P. Survey. It was drilled by the Texas Co., but it is impossible to tell just what it will be, as the sand was just touched. They shut down to await orders. This well is known as Little Ben Lauderdale No. 1.

Mr. and Mrs. W. W. Silk and son, Edward, Mr. and Mrs. Orville Bullington and Mr. Mrs. L. E. Burgess of Dallas make up a party which will leave Dallas tonight for Detroit, to go from there to New York City for a visit of several weeks.

POOL HALL CASE AT AMARILLO, ON JUNE 6

By Associated Press.
AMARILLO, TEXAS, May 12.—Friday, June 6, was set in federal court today as the date for hearing the application of the Dallas labor temple for an injunction against the State Attorney General to prevent enforcement of the state law closing pool halls in Texas. The law, which was to have gone into effect May 1, has been held up by a temporary restraining order pending final hearing.

BIG POOL OIL CO. CASE SETTLED OUT OF COURT

The suit of the Big Pool Oil Co. vs. Music et al, one of the cases set for trial in the 78th district court this week, was settled out of court. Judgement was entered for the defendants, W. C. Myers, Clois L. Green, Clay F. Wilson and M. F. Campbell, quieting title to lease. The plaintiff takes nothing.

E. L. BURNETT DIES FOLLOWING AN OPERATION

E. L. Burnett, age 22, who was injured at Burk Burnett about a month ago in a fall from an 85-foot derrick, died this morning at the Wichita General Hospital, following an operation for the amputation of a leg. The body will be shipped to his home in Monday for burial. Surviving are a wife and one child who were with him at his death.

NOTICE OF REMOVAL

I wish to inform my friends and clients that I have moved my office to the basement of the First National Bank building, where I shall continue the practice of law in connection with General H. H. Gipson, under the firm name of Napier & Gipson. Telephone No. 2521.

FEDERAL GRAND JURY TO CONVENE MONDAY

Judge Wilson has ordered both grand and petit juries for the federal court which convenes here next Monday. There are many liquor and white slave cases to be investigated by the grand jury. There are a number of civil suits on the docket.

—THE THIRD DAY OF

New-Comers' Week at P. B. M.

Interest increases each day in Newcomers' Week—if you haven't already called, we hope that you will do so as soon as possible.

We are anxious to have you inspect our extensive lines of merchandise, and to pass your opinion on them—we are sure that you will be pleased.

Each department offers something that will be of interest to you. Here are some of the

NEWCOMERS' SPECIALS FOR WEDNESDAY

MANY STRIKING VERSIONS OF THE WRAP MODE

Never has a silhouette proven as popular as the swathing all enveloping lines of the Dolman. And those we are now showing are particularly entrancing. But as there are many of the more conservative taste—who prefer simpler styles, we offer many exceedingly smart modes of each type. Your wrap which you prefer to all others is certain to be here in Tricotine, Satin or Gabardine as you desire. In the popular colors—black, tan and navy. Each garment is superbly lined.

Values up to \$40—
Newcomers' Special \$29.50

LATE ARRIVALS IN PRETTY SUMMER BLOUSES

So persistent is the demand here that blouses vanish immediately from our counters, making it necessary to constantly bring in new ones. Among the neatest offered as Newcomers' specials are some in Georgette Crepe and Crepe-de-Chine. A varied collection in popular colors—White, Flesh, Victory, Beige, Peach and Coral.

Values up to \$6.50
Newcomers' Special \$4.95

MACK TAYLOR

ANNOUNCE PROGRAM FOR OLD SETTLERS' PICNIC TOMORROW

If the weather is favorable a large attendance is expected at the Wichita County Old Settlers' annual picnic at Fries Grove, east of Iowa Park, tomorrow.

Dr. J. F. Reed, president of the association, has announced the following program:

10:30 a. m.—Music by band.
11 a. m.—Invocation by Rev. J. M. Morgan.
Remarks by chairman.
11:15—Address: Western Boy and Home and in the trenches in France—Rev. Lewis Sherrill.
11:45—Music by band.
12:00—Address: Wichita County in the 180's—Emmett Bledsoe.
12:30 p. m.—Wichita County, Past, Present and Future—Judge Edgar Scurry.
1:30 p. m.—Dinner.
2:30 p. m.—Music by band for order.
General discussion of topics of interest.
Baseball game. Fat man's race.
4:30 p. m.—Adjourn.

BURKBURNETT DANCE HALLS DISCONTINUED

The jazz bands no longer jazz and the 48 girls no longer invite the "roughnecks" to the joys of terpsichore in the dance halls at Burkburnett. The dance halls are closed and will not be reopened, it is promised.

Following the announcement of "Bud" Snell, during an injunction hearing here about ten days ago that he was through with the dance hall business, the proprietors of the two other dance halls against whom injunctions were pending, also decided to quit and gave notice to County Attorney John Davenport of their intention.

AMUSEMENTS

CLARA KIMBALL YOUNG AT THE PLAZA TONIGHT

"Shirley Kaye" with Clara Kimball Young in the title role, which will be shown at the Plaza Theater tonight, is a tense story of American life, relieved by several high-class comedy scenes and threaded with a genuine love interest that appeals to all. Edgeron Kaye, hereditary president of the great Union Central R. R. is about to lose control before the confined forces of the rough but lion-hearted Western financier, T. J. Magen (able portrayed by George Fawcett) and his young associate John Rowson played by Corliss Giles, Miss Young's new leading man). How Shirley rises from the mere pleasure-seeking life of the Long Island set, absorbs financial knowledge, utilizes "T. J.'s" love for his young daughter, Daisy, whose heart is set on entering a society where Shirley reigns supreme, and finally put Daisy in the swim—how she wins her way into the kindly affection of the Western magnate, and taking the love of Rowson—all these developments give Miss Young a remarkable opportunity for the display of tense emotion, mingled with polite come-uppances and absorbing love passages.

MANY TURNED AWAY AT BLAIR'S TENT THEATER

By Associated Press
Many were turned away last night at the Blair Tent Theater on Indiana, between Sixth and Seventh, the company being unable to accommodate the crowd, notwithstanding the large seating capacity, which has recently been increased by the addition of several hundred seats.

This is the third week for the company and the continued crowds are evidence that Jesse Blair and his players are pleasing the public and proving the kind of show that is enjoyable.

The bill last night was "The Girl Who Dared," with Miss Hazel Blair in the leading role, who always wins praise for her clever work as an actress. This play will be presented again tonight.

"FIGHTING FOR GOLD" AT EMPRESS WEDNESDAY

Tom Mix, the William Fox star, is coming to Empress Theatre Wednesday in another western photoplay, "Fighting for Gold" which is described as "ripping"—in fact, a genuine Mix play. The story is based on the book "The Highgrader," by William MacLeod Raine, and the scenario, is by Charles Kenyon, the well-known dramatist and screen writer.

"Fighting for Gold" is said to be another splendid vehicle for Mix dare-devil stunts, with a pretty love story running through it and some good hard western fighting. A live bear is one of the big-amusing features. Mr. Mix has a new leading lady this time in Miss Teddy Sampson.

Card of Thanks.
We desire to most heartily thank everyone who was so kind and helpful, the churches, the lodges, the dear friends and neighbors, the nurses and doctors, especially Dr. Jones for his attentive care even to the last, also for the beautiful floral offering through the kindness and death of our dear kind and loving husband, father and son, R. C. Matthews. His illness makes such heavy burdens lighter to bear. May God's richest blessings rest upon each and every one in our prayer. Mrs. R. C. Matthews and Son, Father and Mother, 212-11p.

DAILY FASHION HINT

This very attractive wrap is merely a beach cape of purple wool, jersey and accordion plaited satin, which matches the lovely suit of same shades.

ARREST FOR ATTEMPT TO PASS WORTHLESS CHECK

James E. Moore and B. T. Frear, Pullman conductors, and J. Jones, alias G. C. Wilkerson, are charged by complaint in the federal court with conspiracy to induce whiskey from Louisiana.

At a hearing before Commissioner Lantz all three plead not guilty. Wilkerson's bond was placed at \$1,000. Moore and Frear were released on \$200 bond each.

Federal officers searched Pullman coaches on northbound Fort Worth and Denver train No. 7 here Saturday night. Beneath the seat under one of the berths four suit cases filled with bottled whiskey were found. Wilkerson was at the train when arrested.

ARRESTS FOR CONSPIRACY TO INDUCE WHISKEY IN VIOLATION OF THE LAW

A party was arrested in Burkburnett yesterday for attempting to pass a worthless check on the First National bank there, and is being held in the county jail here for trial. It is alleged he forged the name of R. M. Moore to a check slightly over \$20 in denomination.

SUNDAY SCHOOL CLASS MEET ON THURSDAY

The Clatsby Sunday School Class of the First Baptist Church will meet Thursday afternoon at 3:30 in social session at the home of Mrs. C. J. Barnard, 964 Broad. All members cordially invited to attend.

ASSESSED VALUATION IN WICHITA COUNTY OVER FORTY MILLION

Assessed valuation in Wichita county will aggregate more than \$40,000,000, according to unofficial estimates received by the county commissioners court. The court recessed late yesterday until next Monday to give the tax assessors office time to complete the taxrolls to submit to the commissioners court for equalization.

Yesterday the commissioners ordered the widening of the road leading from the Seymour road to the new bridge over the Big Wichita south of Iowa Park.

VERDICT FOR DEFENDANT IN THE NICHOLSON CASE

The jury in the suit of E. W. Nicholson acting for Frank Nicholson against the North Texas Gas Co., returned a verdict today for the defendant finding that it has not been guilty of any negligence in the accident by which Frank Nicholson was injured.

MASS MEETING OF ORGANIZED LABOR WEDNESDAY NIGHT

A mass meeting of organized labor is to be held at the Labor Temple tomorrow night at 8 o'clock and all union men in good standing are urged to attend. It is announced that the automobile mechanics trouble will be discussed and other matters of interest to organized labor considered, including the question of a labor paper for Wichita Falls.

WORK IS PROGRESSING ON NEW HOTEL BUILDING

Work on putting in the foundation and basement of the new hotel building is now in progress, and there will be no more delays, waiting for material, it is believed. C. W. Snider, of the hotel committee, states that a picture of the hotel made from the architect's plans will be ready in a short time.

Excavation for the National Bank of Commerce Building was completed last week, and already considerable progress has been made on pouring the concrete for the basement and foundation.

IMPORTANT THAT EVERY PROHIBITIONIST VOTE.

Texas' experience with state-wide prohibition is such that the people of the state will never want the liquor traffic back.

Dr. S. P. Brooks, president of Baylor University, has issued a statement urging prohibitionists to vote.

Let us put prohibition into the constitution of the state on May 24th. To do it will bring about "safety first" to the cause, if for any reason, or by any tricks, the amendment to the constitution of the nation fails to be enforced.

SMOULD FIND SOLUTION OF TRAFFIC PROBLEM.

The traffic on Wichita Falls business streets has grown to such proportions that neither pedestrians nor those who drive automobiles can be upon the streets with any degree of safety.

As a first measure of safety the traffic laws must be more rigidly enforced. Another measure that will lessen danger will be the prohibition of the parking of cars on the principal business streets.

At the men of Texas have any sense of gratitude, they will vote to recognize the claim of the women of the state to citizenship and give to them full and equal suffrage rights.

FORMER MEXICAN MINISTER ARRIVES AT NEW YORK

NEW YORK, May 12.—Pedro Lascurain, formerly minister of foreign affairs of Mexico under Madero, who after the latter's assassination was an interim president for twenty-six minutes on February 19, 1913, incidental to Huerta's succession, arrived here today with his family aboard the yard liner, Monterey.

LITTLE STORIES FOR BEDTIME

By HOWARD R. GARIS

Uncle Wiggly and Bunty's Ball.

"Will you come for another nice walk in the woods, today, Uncle Wiggly?" asked Baby Bunty, the little rabbit girl, as she danced around the holly-stump bungalow where she lived with Mr. Longears.

"Hum! Another nice walk in the woods, eh?" asked Uncle Wiggly, suspicious like and premeditated. "Are you going to wear a big hair ribbon bow, that comes untied all the while?" he asked.

"Oh, no," laughed Baby Bunty. "I'll only wear a tiny bow today. I won't keep waking you up all the time to tie it for me."

"That's what Baby Bunty did in the story before this, if you will kindly remember. But, after all, it was a good thing she did. On account of the fox, you know."

"Work come along!" said Uncle Wiggly, after he had asked his muck-rat lady housekeeper, Nurse Jane Fuzzy Wuzzy, what they were going to have for dinner.

"May I bring my rubber ball?" asked Baby Bunty, as she came out of the holly-stump bungalow with a very small, pumpkin-colored hair ribbon around her ears.

"Oh, yes, bring your ball along," said Uncle Wiggly kindly. "But please don't sprinkle any water from it on me while I'm asleep."

"I won't," promised Baby Bunty. And then, as Uncle Wiggly hopped along on his red, white and blue striped rheumatism crutch, and Baby Bunty ran alone beside him, the little rabbit girl said: "Oh dear! If he's going to sleep every time we come to the woods, I'll have no fun at all. Maybe I'll find a way to keep him awake," she said to herself, as she bounced her rubber ball.

On they went through the green woods, Baby Bunty running to and fro as fast as an automobile, and Uncle Wiggly coming along more like a trolley car, but substantial-like, though unopposed. The little rabbit girl picked pretty flowers now and then, while Mr. Longears chewed a bit of birch bark, or nibbled at sassafras and wintergreen, hoping it would cure his rheumatism.

"Now here is a nice place for you to play, Baby Bunty," said Uncle Wiggly, when they reached a green glade in the forest. "And I'll sit down on this soft, mossy log and think a bit."

"Yes, I know what that means!" whispered Baby Bunty to herself. "It means he'll go to sleep and won't play tag or anything with me, and I can't have any fun! Oh, dear!"

She bounced her ball on a bare, sandy place, while Uncle Wiggly picked out the softest, green, mossy log he could find. He laid aside his rheumatism crutch, took off his tall silk hat, and, folding his paws over his red vest, closed his eyes. His pink nose stopped twitching.

"He's asleep!" said Baby Bunty. "All of a sudden her bouncing rubber ball gave a big jump, and before the little rabbit girl could get her paws on it the rubber ball bounced right over on Uncle Wiggly's bare head."

"Oh, I say! A-ker-choo! What's that?" he cried, waking up all at once, and not partly, as he did sometimes.

"It is only my rubber ball!" said Bunty sweetly. "I'm so sorry it struck you! But, now that you are awake, don't you want to play tag with me?"

"Not now," said Uncle Wiggly. "I will later. I haven't had my nap out yet. Please, be careful of your ball, Baby Bunty."

"I will," said the little rabbit girl with a smile. Uncle Wiggly closed his eyes again, and he was just snoring nicely, when, just as Baby Bunty gave her rubber ball an extra hard bounce, away it flew again, and this time it landed right on the rabbit gentleman's pink nose.

"My goodness me, sakes alive and some rice pudding without any raisins in!" he cried. "What's that?"

"Only my rubber ball," said Bunty, sweetly. "I'm sorry it awakened you. Don't you want to—"

"I want to finish my nap!" said Uncle Wiggly. "Please go away, far off and bounce your ball, Bunty. Once more he went to sleep. Baby Bunty, with a funny look on her face, hopped off in the woods. Then, all of a sudden, through the trees came flying her rubber ball. Straight as an arrow it flew, and it struck Uncle Wiggly right on his red vest.

"Oh, my goodness me, sakes alive and some peanut lollypops!" he cried. "Is that your ball again, Bunty?"

"Yes," said the little rabbit girl. "It is. I was trying to throw it so Bunty No-Tail, the frog boy, could toss it back to me. But I guess I didn't throw straight enough. I'm sorry my ball hit you, Uncle Wiggly, but, now that you are awake, don't you want to—"

"Oh, yes, I'll play tag or hide-and-go-seek or even turn-somersaults!" laughed the bunny. "Between you and your ball, Baby Bunty, I'll never get any sleep!"

"I thought you wouldn't," said Baby Bunty, smiling in a funny way. Then she and Mr. Longears had lots of fun. And, if the sunshine doesn't tickle the raindrops and make them fall on the umbrella plant, I'll tell you next about Uncle Wiggly and Bunty's carriage.

FORT SILL SOLDIERS ARE INTERESTED IN COLONIZATION PLAN

By Associated Press. LAWTON, OKLA., May 13.—Soldiers at Fort Sill are taking keen interest in the government plan for placing discharged soldiers on unused lands in the west and south, according to S. N. Crags, colonization expert of the United States, reclamation service. He has been explaining to the men the bill, now pending for an appropriation of \$100,000,000 to make unused lands suitable for cultivation and colonization.

Of a group of 129 men in the "Y" remount station to whom Crags described the lands in Wyoming and Montana, 89 have made application for tracts. The men were organized into two groups, one for each state, and these will be the nucleus of colonization camps.

Craig said that he had found a large number of soldiers eager to take advantage of the provisions of the bill if it becomes a law.

PLANNING TO FLY FROM CANADA TO NEW ORLEANS

By Associated Press. WINNIPEG, May 12.—It is considered probable that the first important airplane flight from Winnipeg will be across the American border, and the present ambition is to fly from here to New Orleans along the proposed Jefferson highway.

Henry Bixler, a New Orleans aviator, is co-operating with Winnipeg men who are planning the flight. No date has been announced. Trial flights to the Twin Cities and Duluth may be attempted some time this month.

WANT BANK AFFILIATED WITH FEDERAL RESERVE

By Associated Press. MINNEAPOLIS, MINN., May 13.—Non-Partisan League officials from North Dakota today conferred with officers of the Ninth federal reserve district here relative to the organization of the state bank of North Dakota along lines which make it a member of the federal reserve system.

It was stated after the conference that the request of the North Dakota officials would be referred to Washington for action.

Market Report

COTTON MARKET

By Associated Press.
NEW YORK, May 13.—The cotton market opened steady at an advance of eight to 25 points in response to relatively firm cables and crop complaints from the eastern belt. July sold at 27.00 and October at 25.32 and there was a good deal of trade buying on the reports of increasingly active and strong goods markets. The advance met realizing and scattered Southern selling, however, and prices soon turned easier owing to the circulation of May notices amounting to about 1,000 bales and more favorable weather in the South.

Offerings were readily absorbed on the early setback of about last night's closing and the market firmed up later on bullish spot advices and trading buying. July sold at 27.03 and October at 25.34, but met enough irregularities at this level to cause irregularity with the market quiet around midday at reactions of six to seven points.

The market was firmer during the early afternoon, owing to the development of a more active trade demand and covering by early sellers. July sold up to 27.14 and October to 25.48, or 24 to 25 points net higher. Cotton closed strong.

New Orleans Cotton.

NEW ORLEANS, May 13.—The wet weather over the greater portion of the belt stimulated buying of cotton today. The opening was steady and in the first half hour of trading the market rose 12 to 15 cents.

Complaints of grassy fields here and there in the belt increased the demand. In the trading up to noon the advance was widened 19 to 22 points.

Offerings were slender after the noon hour. At 1 o'clock prices were 24 to 31 points up.

Cotton closed firm at an advance of 41 to 49 points.

Liverpool Cotton.

LIVERPOOL, May 13.—Cotton spot in fair demand; prices firm. Good middling 18.40; fully middling 17.30; middling 17.30; low middling 15.35; good ordinary 14.10; ordinary 13.57. Sales 7,000 bales, including 6,100 American.

GRAIN AND PRODUCE

CHICAGO, May 13.—Heavy selling by a big commission house did a good deal today to put bears again in control of the corn market. Opening prices, which ranged from 10 1/8 to 13 1/2 cents lower, with July \$1.66 1/2 to \$1.67 1/2 and September \$1.57 1/2 to \$1.59, were followed by material setbacks in addition.

Favorable crop reports weakened oats. After opening unchanged to 1/2 cent down, with July 68 1/2 to 68 3/4, the market continued to sag. Provisions were heavy because of corn weakness.

Rallies were numerous, but all transient. The close was weak, 2 1/2 to 3 1/2 cents lower, with July \$1.54 1/2 to \$1.64 and September \$1.56 1/2 to \$1.56 3/4.

Shorts covered after mid-day but without greatly altering quotations.

Poultry: unchanged.

Old potatoes: unchanged; new \$5.00@8.00 per cwt.

NEW YORK STOCKS

By Associated Press.
NEW YORK, May 13.—Shares of companies representing the steel, cop-

per and silver industries were again the chief features of strength at the opening of today's stock market, gaining one to two points. Motors and equipments were not far behind though in less active demand. The food division, hatters, tobaccos, Atlantic Gulf, American International and Industrial Alcohol also made substantial contributions to the advance, but rails were relatively dull aside from the moderate strength of St. Paul preferred, Southern Pacific and Missouri Pacific.

Further advances were made in the steel and equipments at mid-day. Gulf States and Bloss Sheffield steels and American and Baldwin locomotives and New York air brake were the active features, gaining two to five points. Minor rail shippings also extended their gains.

Coppers eased later on publication of adverse statements of earnings but other leaders, notably equipment, made further gains. The closing was strong.

Liberty bond final prices today were: 3 1/2's 98.72; first 4's 95.70; second 4's 94.08; first 4 1/2's 95.80; second 4 1/2's 94.14; third 4 1/2's 95.22; fourth 4 1/2's 94.18.

PURCHASE OPPORTUNITY AT TULSA

TULSA, OKLA., May 13.—Earl Puryear of Tulsa last night out-pointed Dick Loadman of Lockport, N. Y., in a 15-round bout. Puryear was given seven rounds, seven were even and Loadman had an advantage in just one—the 14th. While Loadman landed with more force, he missed a great many hard swings and Puryear jabbed himself to a decision.

Best Treatment for Catarrh S.S.S. Removes the Cause

By Purifying the Blood.
 Once you get your blood free from impurities—cleansed of the catarrhal poisons, which it is now a prey to because of its unhealthy state—then you will be relieved of Catarrh—the dripping in the throat, hawking and spitting, raw sores in the nostrils; and the disagreeable bad breath. It was caused, in the first place, because your impoverished blood was easily infected. Possibly a slight cold or contact with someone who had a cold. But the point is—don't suffer with Catarrh—it is not necessary. The remedy

NOTICE
 To the stockholders of the LeBarre Oil Company:
 We are glad to advise you that operations will be resumed on our well this week with cable tools. Work has gone rather slowly on the well due to the fact that the weather has been so bad that it was almost impossible to get the cable tools moved to our location, but, with the Panhandle Refinery people in charge, we feel that we will get the best test possible and have great hopes of getting a well. If we get a well we all know what fifty acres with \$50,000 capital will be worth.
LE BARRE OIL COMPANY.
 Mrs. Grace M. Higgins, Vice-Pres.
 Fred Sehnann, Jr., Secy. and Treas.

Bankers Would Ask, "Who's Behind It?"

That's the first question a banker would ask were you to seek his advice on an investment.

Only human brains, integrity and responsibility can make an investment safe—and no one knows it better than your banker.

Safeguard your truck tire investment the same way.

Look for the name **GOODRICH**. In **DE LUXE** Truck Tires it means quality service first and last—an investment as safe as a government bond. For behind the specially toughened, slow wearing treads of De Luxe stands the fifty years of **GOODRICH** rubber experience.

And experience has never yet failed to be the best teacher.

Increase your truck and tire dividends by letting us apply **DE LUXE**.

 "Oil Rig Special"

Brooks Bros., Agents
 WICHITA FALLS, TEXAS

THE GOLD STANDARD OIL COMPANY
 OF WICHITA FALLS, TEXAS

Has 114 acres in nine leases, one of which is northwest of the Burk-Waggoner, south of the Parker, and east of the M. & P. Burk.

This is the location that we will begin drilling on as soon as the arrangements can be made, and there is no better location on earth.

We have two tracts in the Iowa Park/shallow field, one near the Berne well, and one near the Zink wells; this tract has a well on each side in less than one hundred yards of it.

We agree to drill one well in the Burk-Waggoner neighborhood and two on the shallow field.

We have five acres in a direct line from the original Fowler well to the Golden Cycle, just northwest of Burkburnett, also 40 acres in the proven field of Petrolia, and three tracts near Charlie where there are 18 wells now going down within sight.

We have taken great pains and spent much time in the selection of these nine tracts, all of which were bought on their merit and with only one object in view, to make the company a safe and profitable investment for ourselves and the public.

We invite you to make every investigation you care to and when you find this to be the very best proposition that can be found and the safest place to put your money with the least chance to lose and the greatest possibilities to win, then buy some stock before it is all gone, for we don't believe it will last long.

Capitalization \$125,000 Shares \$10.00 Each

NEW FOR EDUCATING FOREIGN BORN WOMEN

WASHINGTON, May 13.—The need of reaching the foreign born women with American ideas was emphasized by Peter A. Speck, of the library of congress, speaking today at the Americanization conference of the interior department.

BATTLESHIP LOUISIANA BRINGS 2615 SOLDIERS

NEW YORK, May 13.—The battleship Louisiana brought home 1,441 oficers and men, including the 19th Ammunition Train, 34 officers and 137 men the 32nd Division Military Police Company, sections of the 167th mobile ordnance repair shop and the eighth sanitary squad and a number of casuals.

MONA-MARIE IS HERE

JUST THE ONE YOU HAVE WANTED TO SEE

THE BIGGEST ATTRACTION EVER SHOWN PROPERTIES THAT PROMISE A FORTUNE

We agree to start drilling on or before June 10 on our

SEVEN BIG ACRES OUT OF BLOCK 73

IN THE GREAT NORTHWEST POOL OF BURKBURNETT

This briefly tells the story of our program, and few can doubt that our immediate development of this property will unfold an untold tale of fortune in A STREAM OF "LIQUID GOLD."

Your estimate of the worth of any proposition should be based upon actual facts. Consider well the fact that many millions of dollars have come to our neighbors, whose locations are so very near to our extraordinary holdings.

YOU SHOULD KNOW

THAT the block containing our holdings is directly south and adjoins BLOCK 84, where the Burk-Waggoner came in the largest gusher of the entire field, and later sold for two million dollars, paying to each holder of \$100 worth of that stock the magnificent sum of \$3,333.33. Also King 8 in the same block is selling now at \$600.00 per share.

THAT BLOCK 75, which holds the Golden Cycle, an immense gusher, is directly east of block 73, and that Block 74 alone lies between our block and this proven wealth. "Golden Cycle" stock is now selling at \$1,000.00 per share or 10 for 1.

THAT Block 83 touches Block 73 at the northeast and that Block 83 is the location of Golconda and Thrift No. 2. These stocks are bid for at about \$600 and \$1,600 respectively.

THAT the block containing the Parker well (now known as the Woods) lies northwest of Block 73, and is only two blocks away.

THAT the Burkley is located in Block 72, which adjoins Block 73 on the west, and though recently put on and now only drilling, the stock is selling at an enormous profit. THAT the "Burk-Sun" is situated in Block 63, and that this block rubs elbows with Block 73 at the Southwest corner. Burk-Sun is reported on the sand and the stock is soaring on the promise of a gusher—now selling above 2 for 1.

THAT Block 52 is only two blocks away, directly southwest of Block 73, and it is reported that the "Collin County" in Block 52 is on the sand—their stock now selling at nearly 2 for 1.

THAT hundreds of wells are being drilled in the territory surrounding our location, seems to indicate beyond question that we are located in the heart of this enormous pool—indeed, the vast production already secured and right at our door practically eliminates all speculative features of this proposition and Mona-Marie becomes an investment of the most exceptional sort.

Now take a look at any map, but better still, come to our office at 721-A Ohio Ave., or see our salesmen. Don't wait! Act Now!

GET ACQUAINTED WITH MONA-MARIE

HERE'S A REAL COMPANY BACKED BY WICHITA FALLS BUSINESS MEN OF UNQUESTIONED ABILITY AND INTEGRITY. HERE'S LOW CAPITALIZATION—ONLY \$98,000.00 ON SEVEN BIG ACRES IN BLOCK 73. CAN YOU BEAT IT

This stock is going rapidly because local people know our location and the men behind this enterprise—consider-

able stock having been reserved while perfecting our organization.

Your friends are saying that to miss Mona-Marie is to miss a fortune.

WHAT DO YOU THINK OF MONA-MARIE? ACT WITHOUT A MOMENT'S DELAY! IT'S ENTIRELY UP TO YOU!

TEXAS CANADIAN OIL CO. 721-A Ohio Avenue

WOOD HAS SOLUTION OF HOUSING PROBLEM IN WICHITA FALLS

PROPOSES CLUB COMPOSED OF MEMBERS WHO ARE READY TO BUILD.

RECEIVED WITH ENTHUSIASM

Committee is Appointed to Organize Club and Twenty-four Houses Are Pledged.

G. Clint Wood came to bat with the bases full this morning, and cleaned up the sacks with a home-run kick over the left field fence—which is a sporting way of saying that Wood suggested at the weekly Chamber of Commerce meeting today the finest system yet advanced for the solution of the housing problem of Wichita Falls.

"In this city today," Wood declared, "everything is in a general scramble. Every man is hurrying here and hurrying there, and no man has the time or the interest to give to a housing corporation trying to raise a big sum of money with which to build homes for working people."

"Let's form a club, each man in the club agreeing to build from one house to ten houses, and rent or sell them to wage earners. Make the houses cheaply if you want to, but hurry and build. I'll build five, myself."

Committee Appointed. The suggestion "went over the top" in an instant. Wood was made chairman of a committee to organize the club, and immediately appointed the committee with him J. A. Kemp, A. L. Huey, J. L. Jackson, Walter Cline, Nat. Chonault and S. L. Fowler. Mr. Wood then promptly lined every man present as a member of the club, with the result that promises were obtained for the immediate construction of 24 houses, as follows:

Wood, 5; Huff, 3; Henderson, 3; Huey, 3; Field, 2; Curlee & Johnson, 2; Ward, 1; O'Reilly, 1; Anderson, 1; Jackson, 2; Hines, 1.

An attempt will be made to create a club of 100 members, all men with sufficient means to be able to build one or more houses, even if the venture financially is a losing one.

Should Provide Homes. "We've all made money in Wichita Falls," Wood told the members of the board. "If we're any kind of citizens we ought to be willing to spend some of it just to keep the city alive and bustling, and to provide homes for good citizens who haven't got as much money."

It was also agreed that the club would be a club in something other than name; that it would provide social amusement, as well as a means for its members to spend their surplus cash—the suggestion even being made that housewarming might be held whenever a member completed one of his "membership fee buildings."

"The entire meeting, save for a few minutes given to an address by Curtis

Hancock, former chairman of the State Highways Commission, on the subject of good roads, was devoted to discussion of the housing problem. B. F. Johnson reported inability to get any action on the request for the use of buildings at Call Field, as the government has definitely decided to continue the field for storage purposes for at least a year.

NEGRO BELL BOY'S BOND IS REDUCED BY COURT

Judge Scurry in the 78th district court reduced the bond of Essie Williams, a negro bell boy in a local hotel, from \$5,000 to \$1,000. The negro had been arrested on a charge of attempted rape. The prosecuting witness is a girl who admitted immoral conduct. She was found locked in a linen closet with the negro when officers were called to the hotel. She said the negro called her into the closet and she was found locked in the closet and the door and set her. The negro said she had called him into the closet about the linen and when she heard the officers coming locked the door.

CIRCLE DEGREE TEAM ENTERTAINED AT ELECTRA

Members of the Woodmen Circle No. 1087 degree team went to Electra Saturday evening as guests of Gibson Grace, being entertained at the home of Mrs. Cross. They were entertained at dinner at the hotel, and went from there to the Woodmen hall for an interesting meeting. Four candidates were initiated and the drill given. Delicious refreshments of ice cream and cake were served. The Wichita Falls team consisted of: Mrs. Emma B. Fitzgerald, captain; Mrs. Isola Williams, first leader; Mrs. Pearl Young, second leader; Mesdames Rank, Dettels, Hughes and James, characters; Mesdames Oka, Smith, Young, Marshall, Kukul, Gounds, Johnson, Milligan, Barkley and Shields, Musicians; Mrs. Louise Scott; attendant, Mrs. Frang.

NO CHANGE IN THE CONDITION OF MEN INJURED ON MONDAY

Both M. A. Buffington and Bob McCombs, burned in the explosion that wrecked the Wichita Ice Factory Monday morning, continue in a critical condition today. It was reported at the Wichita General Hospital. There is no change reported in the condition of either man.

F. E. Robertson, who was less seriously burned, is unable to see. His face swollen so as to shut both eyes. Attending physicians state, however, that he will suffer no permanent ill effects, either in his eyes or lungs.

MRS. CLARK TO PRESENT PUPIL IN RECITAL

Mrs. Lee Clark will present her pupil, Edna Rundell, in piano recital at the High School auditorium tomorrow night at 8:30. The public is cordially invited.

STOCK SALESMEN ARE ENJOINED FROM USE OF SIDEWALKS

Temporary relief from the traffic crush on the sidewalks of the downtown part of town was experienced this morning when the oil stock salesmen were enjoined from carrying on their business on the streets by Chief of Police Smith, who cited as his authority city ordinance No. 61. This ordinance states its purpose to prevent "hawking and peddling on the streets and alleys of the city of Wichita Falls" with a fine or not less than \$5 or more than \$25 for violation. The chief when questioned regarding his action said he wanted it made plain that no action was taken against the stock salesmen until they got so numerous and brazen as to become a nuisance and a hindrance to traffic.

MEDICAL ASSOCIATION MEETS IN WACO TODAY

WACO, TEX., May 13.—The State Medical Association convened here today in regular annual session, the 43rd since its organization. An address by Mayor McCullough followed the invocation by Rev. R. E. Goodrich of the Austin Avenue Methodist church, and the convention then heard the welcome address by Dr. W. O. Wilkes. Dr. S. P. Rice of Marlin, the president of the association, delivered his annual address. The afternoon session was devoted to the section on surgery, section on medicine and diseases of children and section on state medicine and public hygiene. These sections were held in different halls at the same time. The convention will continue three days.

CURTIS HANCOCK WILL SPEAK AT IOWA PARK

Curtis Hancock, former chairman of the State Highway Commission, is in Wichita Falls and will remain until after the road bond election in June. He will address a good roads meeting at Iowa Park Thursday night.

PROCLAMATION

WHEREAS, The West today owes a great debt of gratitude to the cattle men of this country, whose daring in the face of many dangers, whose grit and persistence in overcoming hardships, and whose honesty and straight dealing at all times contributed immeasurably to the development of all the resources of the great plains region, and

WHEREAS, The Wichita Falls chamber of commerce has given its support, both moral and financial, in a serious effort to call annual attention to the great West of an earlier day through the medium of an annual spring Round-Up in this city, and

WHEREAS, Cowmen from every section of the West have been invited to participate in events to determine world's championships in the sports and pastimes that feature life on the Western ranges

NOW, THEREFORE, I, J. B. Marlow, Mayor of Wichita Falls, Texas, do hereby name and designate Thursday, May 15, 1919, as "Wichita Falls Day" and do order all city offices to be closed on that day between the hours of 2:00 p. m. and 5:00 p. m.; do declare a half-holiday to exist in all city offices and do further urge the stores and shops of this city to close their places of business during the hours mentioned, in order to pay holiday tribute to the memory of the old West.

(Signed) J. B. MARLOW, Mayor.

EX-STUDENTS OF THE UNIVERSITY TO HOLD A VICTORY REUNION

Special to The Times.
AUSTIN, TEXAS, May 13.—Dexter Hamilton of Corsicana, president of the Ex-Students' Association, is sending out the following announcement:
The University of Texas Ex-Students' Association will on June 6 and 7 hold a Victory Reunion of all men and women from the University who have been in the service of the government during the recent war. More than three thousand students of the University were enrolled in the service and it is expected that large numbers will return to Austin for this occasion, as many as possible being in uniform. The entire student body of the University is planning to stay over these two days to help in the entertainment of the returning ex-students. Every former University student is embraced in the general invitation extended. Special reunions of the classes of 1884, 1889, 1894, 1899, 1904, and 1914, will be held.
Opens Friday, June 6.
The celebration will open on Friday night, June 6, with a luncheon on the campus, which will be followed by an open air entertainment. The program of which will be in charge of Miss Edith Bege of Austin. On the following day, Saturday, the ex-students will hold their annual business meeting, after which the entire crowd will lunch together. The afternoon and evening will be devoted to a special entertainment put on by the students of the University who have planned for the occasion to hold their biennial circus. The program for the circus includes an elaborate parade and carnival which will last far into the night.
All addresses will be delivered by students who have seen service in France. The presence of men and women in uniform will give the celebration a distinct military tinge. A military band will be invited, special war moving pictures shown, and everything possible done to make the occasion memorable in the history of the University.
It is requested that all who may be planning to attend the reunion advise John A. Lomas, secretary of the Ex-Students' Association in advance, so that accommodations may be provided for them.

SIR ROBERT BOREN TO RETURN TO CANADA
PARIS, May 13.—Sir Robert Borden, the Canadian premier, is returning to Canada, according to Reuters' moving pictures show, and invitation there is said to require his presence. Sir George E. Foster probably will take Sir Robert's place as head of the Canadian delegation.

MEETING AT DALLAS TO SUPPORT COTTON EXPORT CORPORATION

By Associated Press.
DALLAS, TEXAS, May 13.—A call for a meeting of farmers, business men and bankers of Texas to perfect an organization to support the proposed Cotton Export Corporation to facilitate the movement and sale of cotton abroad and obtain better and more stable prices for cotton was issued last night. The meeting will be held May 28, W. P. C. Harding, Governor of the Federal Reserve Board, will attend and deliver an address. Among the signers of the call are Governor W. P. Hobby, W. F. Ramsey, Federal Reserve Agent of the Eleventh District; R. L. Van Zandt, Governor of the Federal Reserve Bank here; D. E. Lyday, President of the Texas Farmers' Union; George Waverly Briggs, commissioner of insurance and banking; W. W. Woodson, President of the Texas Bankers Association, and other prominent bankers and business men.

NO CHOICE REMAINS, SAY INDEPENDENT SOCIALISTS

By Associated Press.
BERLIN, Monday, May 12.—"Even if important changes are not made by the negotiations begun at Versailles, there remains no choice but to how to compel and sign the treaty," says an appeal of the central committee of the independent socialist party in the party organ's 'Die Freiheit' this morning.
"Not signing," continues the appeal, "means the retention of our prisoners of war, the occupation of our raw material districts, the tightening of the blockade, unemployment, hunger and death en masse. It is the proletariat that would suffer the most terribly from the consequences."
"Peace, as hard and as oppressive as it may be is a necessary assumption for the possibility of rebuilding our social and economic life in the spirit of the revolutionary proletariat."
The appeal is prefaced by a denunciation of the severity of the peace terms. It concludes with a demand that the workmen of all countries unite against capitalism for a word revolution.

MUCH IMPROVING IN REPUBLIC OF COLUMBIA

By Associated Press.
WASHINGTON, May 13.—Reports to Washington through official channels indicate that a great amount of work is being done in the republic of Columbia. Many cities have inaugurated municipal improvements, railroads are being extended and new lines surveyed, terminal facilities in harbors are being enlarged and many new enterprises started. The federal government is offering inducements to new state enterprises and is supporting various movements undertaken by the state government.

GERMAN CHANCELLOR TALKS OF POSSIBILITY OF NEW GOVERNMENT

By Associated Press.
LONDON, May 12.—The possibility of a change in the government of Germany as a result of the presentation of the allied peace terms was discussed by Philipp Scheidemann, German chancellor at Berlin today, according to a dispatch to the Exchange Telegraph Company from that city. The chancellor denounced the peace terms which he said represented a "brutal, dictated peace." It is said, "The statement was made to foreign journalists in the former chancellor's palace and in part follows:
"We thought that we Social Democrats were strong enough to prevent a peace by violence but doubted whether the masses in enemy countries could support us because they are less strongly organized than we. Certain circles in England and France are beginning to advise the necessity of common sense. It is too comic when President Wilson's fourteen points are contrasted with the peace terms, but are just a brutal, dictated peace."
"It is possible a government might be formed which would sign the peace terms but it is doubtful whether the Allies would be satisfied with such a government. A reactionary govern-

ment is out of all question and a Communist and independent government would be acting for the people of whom they would represent only a small minority. Even if such a government did sign the treaty it would be just as impossible for them to fulfill the conditions as it would be for us."

TEMPORARY OFFICERS IN NAVY TO BE RELEASED

By Associated Press.
WASHINGTON, May 13.—All temporary officers who entered the navy for the war period only will be released within the next few weeks, according to Secretary Roosevelt's announcement today. There are more than 1,000 officers in this status and they will be replaced by reserve officers who are accepting temporary commissions with the agreement to remain in the service until six months after peace is declared.

We now have a complete line of all kinds of building materials, Standard and Rotary rig timbers. If we can serve you, call phone 2263.

WILLARD AT TOLEDO PLANNING FOR THE ARENA FOR FIGHT

TOLEDO, O., May 12.—Joe Rickard, promoter of the Willard-Dempsey championship bout here July 4, arrived today in company with J. L. McLoughlin, San Francisco architect, who designed the Bayview park arena, construction of which will be started this week.

The arena is designed to accommodate a minimum of twenty thousand and a maximum of fifty thousand, the size to depend somewhat upon the early demand for tickets, which are to be available by May 22, and are to range in price from \$10 to \$60, war tax to be included in these figures.

ARE RESERVING SEATS FOR THE TOLEDO BOUT By Associated Press. TOLEDO, O., May 13.—Reservations for seats for the proposed heavy-weight title fight between Jess Willard and Jack Dempsey on July 4, here aggregated \$75,000, according to A. Q. Fischer, matchmaker for the Toledo Boxing Commission, who is assisting Tex Rickard in arranging for the battle.

Rickard arrived Monday and announced prices for the bout would range as follows: \$10, \$15, \$25, \$30, \$40, \$50 and \$60, with \$60 on sale at the highest named figure.

Rickard estimated there will be 47,500 others ranging down to \$10, which will be 200 feet from the ring.

The Toledo Athletic Club has been turned over to Rickard and his assistants as headquarters for newspapermen.

Bids were submitted today for nearly two million feet of lumber for the building of the arena.

Battling Nelson, former lightweight champion, wired Rickard today offering his services as referee for the contest.

Open for position as referee of Willard-Dempsey bout. Price optional. Would do it for you for nothing. Put it up to Willard and Dempsey.

Rickard has not yet replied to the message.

MAY REFEREE BIG BOUT

GEORGE CARPENTIER

Now for the site of the battle ground for the Willard-Dempsey bout has been selected, the only thing that remains to be done is to name the referee. So far, Promoter Tex Rickard has refrained from committing himself on this important question beyond declaring that under no circumstances would he himself be stethed man in the ring.

Rickard now has a man in view that will please the sporting public and add a great deal to the attractiveness of the match. This man is Georges Carpentier, the French pugilist, who has won great fame as an aviator in the recent combat with Germany.

FRANCE REGULATES FLYING OVER CITIES AND TOWNS PARIS, May 12.—Pilot of airplanes are forbidden by an official order issued Monday to fly over towns or crowds of persons except at such a height which permits them to glide down to a landing field in case their motors stop.

Acrobatic feats over towns are prohibited entirely. Military pilots are warned against flying over Paris except under orders. Path of dismissal from the service.

By Associated Press. NEW YORK, May 13.—An effort to complete a three-cornered deal for players with the New York Nationals, St. Louis Nationals and Washington Americans, it is learned last night, under the proposed deal, outfielder Robertson of the Giants would go to St. Louis for Catcher Gonzalez and the St. Louis club would get shortstop Lavan of Washington for Robertson.

Manager Griffith of the Washington team, which ended its series here today, has remained over to confer on the matter. A similar deal was blocked last winter by Pittsburgh, which refused to grant waivers on Robertson.

EDDIE MCARTY LANDS KNOCK-OUT IN THIRD By Associated Press. LONDON, Monday, May 12.—Eddie McKeever, middleweight, knocked out Harry Keave, in the third round of their bout here tonight.

STATE HAS BEEN BUYING LARGE QUANTITY WHISKEY By Associated Press. AUSTIN, TEXAS, May 13.—The coming of prohibition on July 1, is causing the state purchasing agent some worry. Last year he was called upon to buy 497 gallons of liquor which will be banned. The ingredients, which were bought for medicinal purposes and distributed to the various state institutions were brandy, wine and whiskey.

However, no one institution received a considerable quantity of the stuff, and when the number of inmates of the places and their physical condition was ascertained, the amount seems very small.

WHEAT PESTS NOT EXPECTED TO AFFECT THE YIELD

WASHINGTON, May 12.—Although the two wheat diseases recently discovered in Madison county, Illinois, and which previously were unknown in this country, may cause heavy losses to individual farmers, the losses in the area affected will have no appreciable effect upon the total production of this year's crop, said a statement issued today by the department of agriculture.

PREZIDENT OF BRAZIL EXPECTED IN ROME By Associated Press. ROME, Monday, May 12.—Dr. Epitacio Pessoa, president-elect of Brazil, is expected to arrive here on Thursday. He will be the guest of King Victor Emmanuel at the Quirinal and will also visit Pope Benedict, going first to the Brazilian embassy accredited to the Vatican.

BOLSHEVINS SEEK TO DESTROY RELIGION BY INCITING CONTEMPT

Associated Press Mail Correspondent. LONDON, May 12.—In the Caucasus, as elsewhere in Russia, the bolsheviks are seeking to destroy religion by bringing it into contempt. According to a message from Rostov's correspondent at Krasnodar, they celebrated in a church with all ceremonial a mock marriage between an ex-priest and a nun. The choir was forced, under threats of death, to sing the Psalms and Canticles of the Liturgy.

Among the official publications of the Moscow soviet is a parody in verse of the church funeral service, supposed to be performed over the body of a dog. The Moscow soviet also has issued a pamphlet depicting the supposed orgies of priests. These productions are being sent out in hundreds of thousands as bolshevik propaganda.

In another church in the North Caucasus a bayonet was thrust through an ikon in such a way as to bore a hole in the mouth of Christ, and a cigarette was put in the hole. Below were scribbled some odious words.

A Moscow dispatch says that the bolshevik leaders in order to shake the faith of the masses, have caused the exhumation of the bones of Saint Nikon and Saint Mitrofan. There is said to be a growing movement among the religious elements in Russia to bring about a protest of all churches of the world against the bolshevik violations of religion. The metropolitan of Odessa may go abroad soon on behalf of the project.

"Keep Your Eye on the Kemp-Munger Deep Test" IOWA PARK (Watkins-Munger Pool) Should the Kemp-Munger well, now drilling at around 1,000 feet on the Munger ranch, come in even a FAIR producer, the scramble for acreage nearby will be greater than that now going on around the Burk-Waggoner. Don't wait until this well is IN, and have to pay several thousand dollars an acre, but buy NOW, while the prices are consistent with shallow sand production. In case the deep test is not productive you still have a REASONABLE profit on the shallow sand oil. I own, and can deliver, leases that are right close to the Kemp-Munger and nearly offset by good shallow producers. One exceptionally choice lease—ten to twenty acres—priced below the market for quick sale. Write or see me at 707 Ohio St., Wichita Falls. JAMES L. DUFFY Iowa Park Acreage My Specialty.

TWO SNAPS Northwest of Burkburnett (1) Half royalty on eighty acres being the s. 1-2 of s-e. 1-4 sec. 20, Tp. 4 s., range 14 w., Tillman county, Oklahoma. This royalty is just across the river northwest of Burkburnett, and is less than a quarter of a mile of a test well, upon which operation have already begun. If this well should be a producer, this royalty would be worth several thousand dollars an acre. Our price for a quick sale on this royalty is \$200 per acre. (2) Twenty acres in s-e. 1-4, sec. 11, Tp. 5 s., range 15 w., just west of the M. & P. well. There are a number of tests to be made in this community, one of which is to be drilled near this land. Our price on this is \$135 per acre. Get in early. Don't wait until the price is \$5000 or \$6000 an acre. The play is extending across the river and acreage in this community has increased in value more than three hundred percent during the past week. HIGGINS, GREENWOOD & CO. 513 Kemp & Kell Building Phone 734

MAN'S VITALITY ENERGY harnessed in the male system. Wasted in functional lease. It falls of accomplishment. EYESTRAIN Causes Trouble Your system stores up just so much vital energy each day—through sleep and nourishment. Defective vision uses up double the amount allotted to your eyes. TEXANS IN THE SERVICE MAY ATTEND UNIVERSITY

Special to The Times. AUSTIN, TEXAS, May 13.—The Ex-Soldiers' Association of the University of Texas has announced that all Texas men and women who have been in the service and wish to attend the University of Texas next year, may secure means to do so through the Association, wherever finances cannot be obtained elsewhere. The scholarships thus provided for the soldiers will be the first loans to be granted from the Student Memorial Loan Fund of one million dollars, which it is planned to establish in memory of the men from the University of Texas who gave their lives during the great war.

Soldiers from Texas wishing to enter the University of Texas in the fall of 1919, should have their entrance requirements approved by the registrar of the University and when necessary should apply to the Secretary of the Ex-Soldiers' Association at Austin for needed financial aid. The money will be loaned without security at a low rate of interest on such terms as may be satisfactory to the applicant. In every case each applicant will be required to carry sufficient life insurance to protect the loans.

ILLINOIS LEGISLATOR INVOLVED IN CHARGES

By Associated Press. CHICAGO, May 13.—Robert Howard, member of the state legislature from Mattoon, Ill., was mentioned Monday in the Black Diamond Oil Company investigation, in connection with an alleged offer to procure for the company a "blue sky" license for a consideration of \$10,000.

"Did you ever see a letter," A. C. McClaughry, secretary of the company, was asked, "written by a certain member of the Illinois legislature to Judge John A. Hayes of Oklahoma City, in which the legislator offered to get the company a blue sky license for a consideration of \$10,000?"

"No," the witness replied, "but I remember having seen or had read to me in the office of Mr. Mettler, court president, a letter to him from Judge Hayes, which stated that the company owed a certain legislator \$1,000 for his efforts toward getting the company a blue sky license."

"Who was that legislator?" demanded Federal Judge Landis.

"Robert Howard, of Mattoon," said the witness.

Mr. Howard appeared some time ago and testified that he had never received any money from the company.

THE LITTLE HOUSEKEEPER'S BEST FRIEND

And who is the housekeeper's best friend, do you suppose? Why, her good refrigerator, of course.

What contributes so much to the health and happiness of the home folks? What enables her to cut down the growing cost of her "table"? What helps her every hour of every day to keep the kiddies happy and well? And what makes the refrigerator such a staunch friend? Our pure ice. Our ice is pure. Made from distilled water. Made in a plant that is as modern as any in the United States.

Is there a better way of taking ice than paying with small change each morning? Yes.

Our Coupon Books save all of that bother. A 500-lb. book costs only \$2.75. Cheaper than paying cash? Yes. You save 25c on each 500 lbs. Get one from the driver.

Peoples Ice Co.

"I'M TELLING MY FRIENDS ABOUT IT," SAYS PROMINENT FORT WORTH WOMAN

"I suffered for seventeen years until I was scarcely more than a nervous wreck," said Mrs. May McAllister, residing at 2829 Hemphill avenue, Fort Worth, Texas, a few days ago. "I have been in mighty poor health for several years," continued Mrs. McAllister. "Indigestion and stomach trouble was the beginning of it, and I could not find anything that would give me any relief. I didn't have much appetite, and my stomach was in such awful condition that what little I did eat would make me miserable—sometimes even a glass of water would get me all upset. I had very little energy, in fact, I was tired and worn out all the time. I was nervous and rarely got a good night's sleep. I also suffered from severe headaches every day, and lost in weight right along until I got so weak I was not able to do a thing."

"I am feeling quite different now, for I began to take Orgatone a short time ago, and it is simply wonderful the way it has improved my condition. I feel better right now than I have for seventeen years. My appetite is just splendid now and everything I eat agrees with me perfectly, and I never have those awful pains in my head like I did before. I am not nervous any more, and am always glad when bedtime comes for I know I will get a good, sound night's sleep. I am getting back my weight, and do not feel weak and worn out like I did before I began taking Orgatone."

"I am so much better in every way, and am so delighted with it all, that I am telling my friends about this wonderful preparation. I am glad to give this statement, and if anyone doubts what you are telling them, my telephone number is Rosedale 4782 and they will be at perfect liberty to call me up and find out for themselves just what I think about this meritorious remedy."

Orgatone is sold in Wichita Falls exclusively by T. F. Young Drug Co., successors to Shaw-Chambers, corner Ninth and Indiana, under the personal direction of a special Orgatone representative. Out of town customers are being supplied all charges prepaid upon receipt of price.—adv

OLD GLORY OIL COMPANY

CAPITAL STOCK \$75,000—SHARES PAR VALUE \$50—FULLY PAID AND NON-ASSESSABLE

We have a ten acre lease in the Epps G. Knight subdivision, block 96, 97 and 98, in lot 14 and the lot adjoining it on the north. This lease is in the very heart of the great new Northwest field, one mile from the Burk-Waggoner well, near the Parker and Texas Chief and other big producers.

RIG MOVING ON

We will drill at once, regardless of the sale of stock. The rig is now moving on and the drilling will begin without delay. The well will be drilled by an experienced driller, R. B. Lawrence, who will give it his personal attention.

LIMITED AMOUNT OF STOCK FOR SALE

A limited amount of stock of the Old Glory Oil Co. will be sold. The excellent location, the great value of the lease and the low capitalization will insure a strong demand for the stock. Get in your application NOW.

TRUSTEES OF "OLD GLORY"

R. B. LAWRENCE is an experienced oil operator who has made a fortune in the Goose Creek and Burkburnett fields.
Y. O. McADAMS, a well-known land owner and oil operator of Wichita Falls.
R. T. BARLOW is an oil operator with long experience in the Humble, Goose Creek and other Texas oil fields.

OLD GLORY OIL COMPANY

OFFICE, 623 OHIO AVE.

WICHITA FALLS, TEXAS

IT IS IMPORTANT

That you know the LOCATION OF THE LEASES held by the oil company in which you contemplate investing—

It is Equally as Important

That you know the MEN who will be in charge of the operations of the company in which you expect to invest.

Read what the FIRST NATIONAL BANK of Wichita Falls has to say relative to the officers of

The Jennie L. Dutton Oil Co.

April 29th, 1919.

OFFICERS

- P. E. KERR, President.
- O. J. ALLISON, Vice-President.
- A. F. KERR, Sec'y.-Treas and Trustee.

Our officers are a guarantee of YOUR PROTECTION

TO WHOM IT MAY CONCERN:

This will advise that this bank has known the officers of the JENNIE L. DUTTON OIL COMPANY for a number of years and during that time has had more or less business dealings with all of them. We are glad to state that in all of our dealings with them, we have found them to be faithful to their obligations, and we believe that anyone wishing to do business with them, will find them to be honest, fair-minded gentlemen who will carry out any obligation they may make, in a manner that will be satisfactory to all parties concerned.

(Signed) FIRST NATIONAL BANK.
By C. E. McCUTCHEN,
Active Vice-President.

OUR ACREAGE IS A GUARANTEE OF YOUR PROFITS

The Jennie L. Dutton Oil Co., A. F. Kerr, Secretary-Treasurer, District Clerk's Office, Wichita Co. Court House, Wichita Falls, Texas.

Gentlemen:—Kindly reserve for me _____ shares of the Jennie L. Dutton Oil Company; capitalization \$100,000; par value \$10.00; fully paid and non-assessable. Enclosed find \$_____ in full payment for same.

NAME _____ CITY _____
P. O. BOX _____ STREET _____ STATE _____

WARNING IS ISSUED BY THE BUREAU OF ANIMAL INDUSTRY

Warning has been sent out by the Bureau of Animal Industry, that there have been a number of tubercular cattle shipped into Texas from other states, and according to bulletins sent the Wichita Falls inspection department, a thorough test should be made in all localities to stamp out the disease. The city of Wichita Falls has a competent veterinarian in its employ now, and this veterinarian is in a position to test all dairy cows, whether fresh or dry, according to the laws of the state. Those who keep cows to supply their individual needs alone do not come under the law, but should, the department suggests, have the animals tested for tuberculosis, so that they would know that the milk is coming from a healthy animal.

The following bulletin on conditions in dairy cattle in the southern states, especially among cattle shipped in, will be of much interest, and of assistance to those contemplating the importation of cattle, whether in large or small numbers.

Government Bulletin.
Pending the outcome of an investigation by the Bureau of Animal Industry, United States department of agriculture, into the sources of tuberculous cattle lately shipped to southern states, persons about to buy stock, especially dairy animals, are cautioned to make full inquiry into the health of the stock and the sanitary conditions on the farms from which the animals come.

Veterinary inspectors of the Tennessee department of agriculture and the Federal Bureau of Animal Industry, who tested three carloads of cattle received from Illinois a few months ago by Tennessee purchasers, found that tuberculosis existed among from 50 to 90 per cent of the animals acquired. The section from which the cattle were received is now under investigation, and the case promises to

parallel that of an Illinois cattle dealer who was recently convicted in the Federal court for using the United States mails to defraud prospective purchasers of dairy cattle.

Determined to Stop Fraud.
The bureau, backed by the scientific and legal staffs of the department of agriculture, is determined that the new dairy communities of the South and other parts of the country shall not be made a dumping ground for diseased cattle sold by unscrupulous dealers. Investigations have shown that southern herds in general are relatively free from tuberculosis. Of 6,000 cattle recently tested in herds supplying milk to Birmingham, Ala., only 47 were found to be tuberculous. That is less than 1 per cent, which is much below the estimated average for the United States as a whole.

Bureau officials state that more cases of tuberculosis usually are found among the dairy herds in and near cities than among native cattle, because the former herds are shipped more often by animals shipped from outside sources. Such a condition points to the need for greater precautions by purchasers in obtaining stock. Safety lies in buying from those farms known definitely to be free from disease. More and more pure-bred and grade herds are now being officially accredited as free from

tuberculosis, and the further development of those sources of healthy cattle is expected to reduce the opportunity for traffic in diseased animals.

Reactors Show Advanced Disease.
The condition of the three carloads of cattle found by the federal inspectors to be more than half tuberculous was a bitter surprise to the Tennessee dairymen. In one lot of 16 cattle 15 reacted to the test, and post-mortem examination of all but 3 cows, which were held to calves, showed well-marked lesions of tuberculosis.

In another lot of 44 animals 19 reacted to the test, four of which were so badly affected that they were condemned to the offal tank. In another lot one of the animals died before a test could be made.

The damage done by shipments of the kind mentioned is beyond reckoning, especially when the depressing effect of the fraud on the local dairy industry is considered. Officials of the United States department of agriculture declare that except in the case of valuable pure-bred breeding stock, isolated from healthy animals, the best remedy is the heroic method of slaughtering the animals which react to the test, cleaning up the herds at once, and after that keeping them free from disease as provided under the accredited-herd plan. Co-operative arrangements in some

states make the state and government partners in sharing with the owner the loss of cattle found diseased and slaughtered. The most effective toward complete eradication is a policy which the department of agriculture is endeavoring to have every state adopt. The laws of many states provide—and this is an important matter for dairymen to consider—that indemnity be paid for condemned animals only after they have been kept in the state a specified period, usually six months or a year. In Tennessee, bovine tuberculosis is being eradicated by the state and government co-operatively, but the matter of reimbursement is administered by county authorities.

VERNON OFFICERS ARE AFTER THE SPEEDERS

Special to The Times.
VERNON, May 13.—Too many speeding is the mandate of officers of Vernon. Both city and county officials are determined to put a stop to speeding within the city limits. The reckless driving on some of the paved residence and business streets has reached dangerous proportions and plans are under way for the appointment of a motorcycle cop to be used in the enforcement of the speed law.

GENERAL WOOD LOOKS LIKE A CIVILIAN TO CHICAGO TRAFFIC COP

By Associated Press.
CHICAGO, May 13.—Major General Leonard Wood, commander of the central division of the army, looks just like any other soldier to a traffic policeman. The statement comes today from General Wood himself, and explains why he was not in the reviewing stand when the 13th Engineers swept along Michigan boulevard yesterday. The general, in trying to make his way over the boulevard to the stand, was stopped by a traffic policeman. The man in blue was too busy to listen to explanations or explanations. So the general stood among the home folk and watched the "fighting 13th" march by.

MEN WHO OWN LEASES

I have on the tracks in Wichita Falls, rotary drilling rig, complete. Also three derricks, standardizing plants, 1800-bbl. cypress tankage. I want contract. Will sell all the above except drilling rig.
