UNITED STATES ACCUSED BY CARRANZA

COMMITTEE HAS A PROGRAM FOR THE RAILROADS

For Private Ownership and Operation Under Strict Government Control.

WOULD PROHIBIT STRIKES AS WELL AS LOCKOUTS

Bill Embodying Recommendations is Introduced by Chairman Cummins.

WASHINGTON, Sept. 2.—Private ownership and operation of railroads in a number of regional systems under strict government control, with strikes and lockouts of railroad employees prohibited, is the plan for permanent railroad regulation submitted to the Senate today by the Interstate Commerce sub-committee.

A tentative bill embodying the sub-committee's recommendations, which bear no resemblance to the Plumb plan, had been introduced by Chairman Cummins and referred to the full Interstate Commerce Committee. The bill is the result of many months of hearings and work by the sub-committee, which, besides Mr. Cummins, included Senators Kellogg of Minnesota, and Poinceter, of Washington, Republicans, and Pomeroy of Ohio, and Robertson of Arkansas, Democrats.

Salient provisions of the Cummins bill include: Termination of government control and return of the railroads to private ownership on the last day of the month of enactment.

Establishing the Interstate Commerce Commission with greatly increased powers, as the supreme body over railroad affairs, supervision and control of virtually all railroad affairs, including rates, wages, operation and financing, by the government.

Creation of a new railway transportation board of five members appointed by the President to supervise, regulate development and operations, subject to final action of the Interstate Commerce Commission.

New Committee. Creation of a new committee on working conditions, composed equally of representative employees and employers, with wide authority in settling labor questions, subject to decision of the transportation board and Interstate Commerce Commission.

Prohibiting strikes and lockouts of railroad employees under fine and imprisonment penalties.

Defining a new policy for concentration in ownership and operation of railroads, with the number of lines to be operated in no less than 20 nor more than 25 regional systems.

No guarantee by the government of future railroad income, but limitations made upon revenue to "fair" dividends based on value of properties fixed by the Interstate Commerce Commission.

Question of Rates. The bill provides that existing railroad payment contracts with the government shall be continued not longer than four months and that payment rates shall continue until changed by the Interstate Commerce Commission with provisions looking to immediate action toward readjustment.

The passage of the sub-committee bill, Chairman Cummins stated in an explanation to the Senate, is the plan for establishment of 20 to 25 regional rail systems.

TWO U. S. AVIATION OFFICERS ARE FIRED ON BY MEXICANS; ONE IS WOUNDED IN THE HEAD

LAREDO, TEX., Sept. 2.—Two American aviation officers, on border patrol duty, were fired upon today by a group of Mexicans while flying over the Rio Grande near here and one of the officers was wounded in the head. Captain Davis B. McNabb was the officer wounded and his companion, Lieutenant Johnson, brought the machine safely to earth on the American side. McNabb was put to bed at a farmhouse and an airplane with a surgeon and medical supplies was rushed to his aid from headquarters.

The officers were flying low about 15 miles up the river from here, near Santa Isabel creek, when suddenly on the Mexican side about 25 Mexicans rose up from the brush and poured volley after volley into the plane. It was reported several hundred shots were fired.

BRITISH DESTROYER VICTORIA TORPEDOED

LONDON, Sept. 2.—The British destroyer Victoria was torpedoed and sunk in the Baltic Sea Saturday, August 30, the Admiralty announced today. Eight of her complement are missing.

WANTS WITNESSES PUT UNDER OATH IN PACKERS' HEARING

WASHINGTON, Sept. 2.—Demand that witnesses be put under oath when testifying on bills to regulate the packers before the Senate agricultural committee, was made today by Senator Kendrick, Wyoming. Kendrick made his request after he had introduced into the record a letter charging that witnesses testifying against the Kenyon and Kendrick bills last week had not told the committee the entire truth about their business connections.

"I want to suggest that we have witnesses put under oath when they come here to testify," Kendrick said after the letter was read.

"That has been done in the past," Senator Kendrick added.

"I believe it requires a special resolution by the Senate to make us go back to ask it," Kendrick declared.

The letter introduced by Kendrick referred to witnesses who appeared before the committee as independent packers.

LARGEST LAND SALE OF RECENT YEARS IS REPORTED BY STATE

AUSTIN, Sept. 2.—The state land sale now in progress is reported to be the largest one of recent years. Approximately 2,000 sealed bids have been received, and these are being opened today. No attempt will be made to list them until they have been opened and read. However, many of the bids cover the same tract of land.

Competition over some tracts which are considered oil lands is very keen, but no results will be known until all bids are listed, which will be from fifteen to twenty-five days.

There are also a number of bids on rough Southwest Texas land which has been on the market for several years and is attracting much interest. A number of the bids are from citizens of other states. A new law which allows the purchase of these lands without settlement has been considered responsible for the new activity.

DECLARES GOVERNMENT OPERATION OF RAILROADS IS FILLED WITH DANGER

WASHINGTON, Sept. 2.—Government operation of railroads is filled with danger, declared Senator Kendrick, Wisconsin, today in a statement explaining the bill he recently introduced.

"We can not afford to fix upon a policy which will result in the creation of a vast political machine as would be the result of either the Plumb plan or any other form of government ownership," Kendrick said.

"Nor can we afford to hand over to private management the transportation of the country in a manner which would enable promoters and bankers to enrich themselves. Operation of a utility employing two million or more people by the government is filled with danger to risk adoption as a settled policy. The same can be said of government ownership and private operation."

Lenroot is for strict regulation of railroads and operation of the railroads by a board composed of representatives of all interests, including the public.

SAN ANTONIO, TEX., Sept. 2.—At Southern Department headquarters, Colonel W. T. Johnson, chief of staff, said the department did not yet have full details of the report from Laredo that a land of Mexicans fired on in the head and causing the plane to land. Colonel Johnson said the department had no statement to give out on the affair.

"FAIR PRICE" CAMPAIGN IS DOING WORK

Such is Declaration of New York Federal Food Administrator.

CREDITS WOMEN WITH FORCING THE REDUCTION

NEW YORK, Sept. 2.—The Fair Price campaign is getting results, declared Federal Food Administrator Arthur Williams today. He claims a reduction in meat prices from reports of women investigators in the community councils. According to Williams, his committees are enforcing the limited margin of profit for retailers. Williams credits the women of the country with forcing the reductions, by their response to government appeals.

When the government asks something, 99 per cent of the women respond. Their affection for the government is so strong, that an appeal to economize from the government at once results in increase of supplies in storage. That is what brings prices down. Now it is our duty to cooperate with the housewives and see that the crop is carried on through to the consumer."

A meeting of wholesale meat dealers was held Monday. A special committee will be organized among wholesalers to operate along the same lines as the retailers and consumers "fair price" committee, investigating and exposing profiteering.

Sixty thousand women, members of eight community councils were banded together Monday. A special committee will be organized among wholesalers to operate along the same lines as the retailers and consumers "fair price" committee, investigating and exposing profiteering.

The women also aim to buy carefully and avoid hoarding in small quantities. By purchasing cheaper grades of food, instead of demanding the best articles, they intend to strike another blow at the profiteers.

POSING AS AGENTS OF THE GOVERNMENT FLEECE MERCHANTS

TOPEKA, KANS., Sept. 2.—Men posing as government agents are working Kansas retail merchants for \$500 per month, according to information received by the Interstate Commerce Commission today. J. A. Kaufman, a retail shoe dealer in Abilene, Kan., is the plan as outlined by Kaufman is to buy an article in a store and then demand the merchant invoice, showing the price of the article too high, the stranger exhibiting the United States deputy's giving the merchant his choice of paying \$500 or going with the "agent" to Leavenworth.

The federal office here has no knowledge of any such agents working for the government and the scheme is being exposed by the Interstate Commerce Commission.

WASHINGTON, Sept. 2.—The Allied blockade against Hungary was lifted today. Restrictions remain, however, on the export of certain commodities which will be under the control of the reparations commission as was the case when the German blockade was lifted.

BASEBALL TODAY

NATIONAL LEAGUE. NEW YORK, Sept. 2.—New York, Boston postponed; wet grounds. Brooklyn-Philadelphia game postponed; wet grounds.

AMERICAN LEAGUE. BOSTON, Sept. 2.—New York-Boston game postponed; rain.

CONTRIVY OVER CALL FIELD SETTLED. "The differences which have prevented the citizens of Wichita Falls from gaining control of the buildings at Call Field, have been practically settled through an agreement reached today with the date of taking over the plant, and what disposition is to be made of the quarters which should bring comfortable living conditions within the reach of 1,000 working men at a very reasonable rate."

WASHINGTON, Sept. 2.—The War Department announced today that General Pershing had awarded the Distinguished Service Cross to Lieut. S. M. Hankins, Quartermaster, Texas Private Irving Garcia, Davis, Texas, and Charlie F. Kearns, Drumright, Okla.

FORT WORTH, Sept. 2.—United States District Judge Wilson, charging a federal grand jury here this morning to investigate profiteering and high cost of living, told the jury that unless the authorities did something to curb the profiteers, the people would take the matter in their own hands and there would be riots. He placed a former jury officer in charge of the grand jury, saying the

BRITISH ARMY TO ATTACK PETROGRAD

BERLIN, Sept. 2.—German reports from Russia declare that the General Gough of the British army has proclaimed to the population of Petrograd that an attack is about to be made upon the city.

REVISED TEXT OF TREATY DELIVERED TO THE AUSTRIANS

Paris, Sept. 2.—The revised text of the peace terms framed for Austria acceptance by the Peace Conference was handed to the Austrian plenipotentiaries at St. Germain this afternoon.

The treaty was presented to the Austrian delegates by Paul Dutasta, general secretary of the Peace Conference. He handed them the general reply to the Austrian counter proposal and covering letter reiterating the war by an ultimatum unacceptable to Serbia.

Under the terms of the treaty, Vienna with its 2,000,000 inhabitants seems doomed to lapse into comparative commercial insignificance, as there is a population of only 4,000,000 within the country, outside the city, to support the capital, while with Yugoslavia, Czechoslovakia and Hungary existing as separate powers, Vienna can hardly hope to recover the business formerly drawn from their territories. If the internationalization of Fiume were provided for, as it is expected by many quarters, it is pointed out by members of the peace delegations that Austria's shrunken commercial interests would thereby be protected to some extent but the territory contributory to the capital is so limited that it is generally thought the peace delegates at Vienna is doomed as a great capital and must inevitably relapse into a residential city with relatively slight business importance.

FRENCH WAR LOSS WAS 26 PER CENT OF MEN MOBILIZED

PARIS, Sept. 2.—Captain Andre Tardieu, speaking for the government during the debate in the Chamber of Deputies this afternoon on ratification of the German peace treaty, said the French war losses constituted twenty-six per cent of the men mobilized. Fifty-seven per cent of all men with the colors under 31 years of age were killed.

FRIENDS OF COOPER OFFER ADDITIONAL REWARD OF \$500

NASHVILLE, TENN., Sept. 2.—The friends of Robb Cooper, whose body was found in Richland creek, Saturday, today offered an additional reward of \$500 for capture of the murderer. This makes the total in rewards offered \$1,500.

J. F. Feuston, arrested last night on a minor charge, declared he had not acquainted with Cooper and had had no dealing with him. Feuston, police say, had an automobile of liquor when he was arrested.

Police today were still working on the theory that Cooper was killed by bootleggers.

SERVICE CROSS IS GIVEN TO SOLDIER FROM QUANAH, TEX.

WASHINGTON, Sept. 2.—The War Department announced today that General Pershing had awarded the Distinguished Service Cross to Lieut. S. M. Hankins, Quartermaster, Texas Private Irving Garcia, Davis, Texas, and Charlie F. Kearns, Drumright, Okla.

SPECULATION IS PRICE TROUBLE SAYS MR. HOOVER

Makes Statement About High Prices on Eve of His Departure.

GAMBLING IN FOODS THROUGHOUT WORLD

PARIS, Monday, Sept. 1.—A distressing era of speculation in food stuffs in the United States and throughout the world's primary food markets is largely responsible for the high food costs, in the opinion of Herbert Hoover, chairman of the inter-allied relief organization who on the eve of his departure for the United States, granted the Associated Press an interview today.

Wharves and warehouses in northern European ports are overflowing with food stuffs, principally meats, fats and dairy products, sent by merchants to the belief of food merchants and manufacturers that when the blockade was removed there would be an enormous demand for food stuffs and other commodities in Central and Eastern Europe. This speculation was not due to any important shortage, at present of actual supply. This speculative fever, which was not confined to the United States, had been a long delay in the removal of the blockade until the peace treaty was signed at Versailles.

Expected Demand. "This year's speculations," Mr. Hoover said, "are due, in my opinion, chiefly to the belief of food merchants and manufacturers that when the blockade was removed there would be an enormous demand for food stuffs and other commodities in Central and Eastern Europe. This speculation was not due to any important shortage, at present of actual supply. This speculative fever, which was not confined to the United States, had been a long delay in the removal of the blockade until the peace treaty was signed at Versailles."

Palmer on Right Track. Responding to an inquiry as to how food speculation could be checked in America, Mr. Hoover replied: Attorney General A. Mitchell Palmer is on the right track in his endeavors to break down speculation. We are now coming into a flood of production of food stuffs in the northern hemisphere and will again have a great surplus in Europe. This surplus was not due to any important shortage, at present of actual supply. This speculative fever, which was not confined to the United States, had been a long delay in the removal of the blockade until the peace treaty was signed at Versailles."

Not Due to Over Exports. "The present high prices of foods are not due to over-exports to Europe but to the speculation of the consumer. Mr. Hoover pointed out that the problems involved in the speculative wave were very difficult to deal with because it was world-wide and not confined to the United States.

"The law of supply and demand," he continued, "is not working normally and probably will not for another year. The present high prices of foods are not due to over-exports to Europe but to the speculation of the consumer. Mr. Hoover pointed out that the problems involved in the speculative wave were very difficult to deal with because it was world-wide and not confined to the United States."

U. S. MUST EXTEND CREDITS TO EUROPE. "The present high prices of foods are not due to over-exports to Europe but to the speculation of the consumer. Mr. Hoover pointed out that the problems involved in the speculative wave were very difficult to deal with because it was world-wide and not confined to the United States."

PARIS, Sept. 2.—Appearing today before the committee on war expenditures, Herbert Hoover, director general of Inter-Allied relief, said he believed it imperative for the United States to extend to Europe credits of from \$2,000,000,000 to \$4,000,000,000 for a year and a half or two years in order to provide a market for the American surplus crops and to prevent disaster. The credits, Mr. Hoover declared, should be issued to established European merchants under guarantee of their own governments and a guarantee in turn should be given by the United States to the American merchants in interest.

KILL BANDITS WHO MURDERED SCHAEFFER. WASHINGTON, Sept. 2.—The band who murdered Adam Schaeffer, an American citizen in Zacatecas, August 28, has been killed by Mexican Federal troops, according to advices to the State Department today from Mexico City.

JUDGE WILSON CHARGES JURY RIOTS WILL FOLLOW FAILURE TO CURB WORK OF PROFITEER

WASHINGTON, Sept. 2.—The War Department announced today that General Pershing had awarded the Distinguished Service Cross to Lieut. S. M. Hankins, Quartermaster, Texas Private Irving Garcia, Davis, Texas, and Charlie F. Kearns, Drumright, Okla.

MESSAGE DETAILS LONG LIST OF ALLEGED INJUSTICES AND GIVES ATTITUDE OF MEXICO

MEXICO CITY, Sept. 2.—The message of President Carranza read at the opening session of Congress last night detailed a long list of alleged injustices practiced against Mexicans in the United States. They included: The invasion of Vado De Piedras, Chihuahua, in April, by American soldiers seeking bandits; the shooting and wounding of a Mexican, Jesus Aguilera, working in Rockport, Texas, and material discrimination against Mexicans in Rockport; the crossing of the border by American troops following the Villa attack on Juarez; the assaulting and robbing of a Mexican paymaster, M. Palma, south of the Rio Grande, last July; the killing of a Mexican, Anacleto Salazar, by a policeman in Eureka, Utah; the beating and robbing of two American aviators during race troubles in the state of Washington; the shooting of Mexicans by an American patrol in the belief that they were lawless and were guilty by mobs in Chicago last August of two Mexicans, Jose Blanco and Elzondo Gonzalez.

Mention was made of the fact that the Mexican embassy in Washington had made representations to the United States Government, but it was declared "not in all cases have assurances been given that the offenders will be punished." Reference was also made to the crossing of the border by American airplanes.

In connection with the recent punitive expedition to find bandits who were holding two American aviators for ransom, the message said: "This invasion constitutes a violation of our rights. Serious and with-out-motivation lawlessness now in the border by American airplanes. The message referred further to the punishment of the United States for the judgments of lawlessness made in various cases showing that the government has prosecuted guilty parties and has met with a great measure of success in dealing with them."

Question of Neutrality. Speaking of charges of alleged un-neutrality by Mexico during the war, the message said: "The Republic of Mexico observed the conduct of absolute neutrality but certain governments have expressed indignation and have endeavored to break down neutrality. Mexico had not been strictly neutral although they were not able to affirm or specify any act or mission on the part of the government of Mexico which would implicate the least violation of neutrality, judging in accordance with the most exigent principles of international law treaties now in force and universally established practices. On the other hand the rights of Mexico as a neutral were not always respected by the governments of the United States and other nations."

Referring to the fact that Mexico had not been asked to join the League of Nations, the President wrote: "The Mexican Government has done nothing to prevent the admission of whatever it is desired to the international society because the bases that sustain it do not establish, either in principle or in practice, a basis of respect to performance of its functions, perfect equality for all nations and for all races and the Government of Mexico is in a position to conclude in principle of its international policy that all states ought to have the same rights and the same obligations, so that it would be unjust to refuse to conclude in an effort to conquer difficulties that arise will continue but our sovereignty will be maintained unharmed."

Perroleum Legislation. Included in the message which contains an aggregate of 45,000 words is the following paragraph regarding petroleum legislation: "The revolution has implanted reforms making for the welfare and progress of the Mexican people. The government is endeavoring to respect and consolidate existing laws, but absolutely cannot accept the principle that the liberty of Mexicans to govern according to their own necessities should be destroyed by the intervention of international right. The worst misfortune for a nation is to be weak and unable to protect itself by force against stronger nations."

FEDERAL GRAND JURY CHARGED TO INDICT PERSONS USING THE MAILS TO DEFRAUD PUBLIC

In charging the federal grand jury in United States district court at 2:30 o'clock today, Judge Smith charged the jury to make particular effort to obtain evidence and return indictments on violations of the postal laws. Judge Smith said that the grand jury should see that the postal service is kept clean and pure and free from obscene and lewd letters or other matter of questionable character.

The laws, said the court, are designed especially to prevent the use of the mails to defraud. He went into detail about the laws relative to the postal service and the use of the mails.

"At this time and for some time past," said Judge Smith, "in fact, for months, many methods have been set on foot and plans made for getting the money out of the pockets of the people by direct mail appeals."

"While the court has no personal knowledge of any violations of the postal laws, the court does know that there has been a lot of excitement and that much money has changed hands. Many people have been induced to separate themselves from their money and it is the duty of the grand jury to see that the promises made to them through the mails have been kept, whether the claims made were true and to see whether the people got their money's worth."

This portion of Judge Smith's charge came as a surprise. As a consequence of it, it is expected that a thorough probe of oil stock-selling schemes will be made and that certain phases of the oil business will be delved into.

After telling the jurors of their duties, to investigate all offenses of the federal penal laws and explaining the sacredness of the duties imposed upon the jurors, Judge Smith called attention of the jurors to violations of

JUDGE SCHENCK RESIGNS AS ASSISTANT ATTORNEY GENERAL OF THE STATE

AUSTIN, TEX., Sept. 2.—Judge Walter F. Schenck today resigned his position as an assistant attorney general and will resume the practice of law at his home at Lubbock. His place was filled by E. F. Smith of the department, and Mr. Smith's place was taken by the appointment of Bruce Bryant, late superintendent of public buildings and grounds. The appointment of Haskell Smith to succeed Bryant was announced today in the Governor's office.

MEAT CONTROL IS RESPONSIBLE FOR THE DROP

Such Is Statement of Senator Capper Discussing Decline in Market.

SAYS IT IS ARGUMENT FOR ACTION PROPOSED

Suggests That Packers Can Afford to Quit Buying With Present Supply.

By Raymond Clapper United Press Staff Correspondent
WASHINGTON, Sept. 2.—Virtual packer control of the live stock markets is responsible for heavy losses to producers during the last ten days, Senator Capper, Kansas, said today.

The recent market break was cited by Capper as a reason why legislation along the lines proposed in the Kenyon and Kendrick bills should be enacted by congress.

Capper's statement comes on the heels of a similar one from the National Consumers League.

"While there is probably no proof that the big packers actually controlled the situation, I can not but believe that they have been a factor," Capper said.

"I think the market would have been better off in such an emergency if the big five did not have practical control. They did nothing to brace up the market, and I can see no good reason for a decline to the extent we have just witnessed."

"I am naturally disappointed that a scare of this kind should be thrown out at a time when it would tend to arrest the movement for regulatory legislation."

The National Consumers League declared that the packers, with their warehouses bulging with food, could afford to cease buying just as the Kenyon and Kendrick bills got under way.

"The farmers of the country are being made to suffer for the sins of the packers as in times past," the league stated.

"This time the penalty has been imposed for a different reason. Just as hearings were started on the Kenyon and Kendrick bills, to regulate the packers a most unprecedented drop in prices paid for hogs and cattle took place. So last week's packers, flooded with cattle raisers, farmers, retail dealers and independent packers to beg congress to put a stop to all agitation. Meanwhile the packers' warehouses are bulging with enough food to carry their business for the coming winter and they can afford to cease buying for a while."

Emphasis was laid on the section of the Kenyon bill authorizing construction of municipal slaughter houses.

"The consumers must realize that the packers' business can not be established, nation-wide, co-operative movement ready to do the work, nor can people feed themselves with no county and city abattoirs and few public markets to take its place."

CHARGE MINISTER KILLS SON-IN-LAW

JAMES B. KYNARD

FORT WORTH, TEX., Sept. 2.—Rev. S. P. Brown, supernumerary Methodist minister of the Central Texas conference, made \$7,500 bond this morning and was released from jail on the charge of killing his son-in-law, James B. Kynard. The shooting took place last night at 11 o'clock in a suburb where the two families live. The killing, according to Brown, grew out of quarrels between his son-in-law and women members of the family.

REVOKE THE CHARTERS OF 25 LOCALS UNITED MINE WORKERS

SPRINGFIELD, Ill., Sept. 2.—The charters of twenty-five local unions, which revolted against the officers of the United Mine Workers were revoked late Monday by Frank Farrington, president of the state organization. The Belleville district is hard hit by the drastic action.

Action will be taken at once to weed out radical leaders in locals that were not expelled, so that the Illinois Mine Union will be purged of the elements which are attempting to wreck it, Farrington said.

Steps are to be taken immediately to organize new locals in the district affected. Ellisville will likely be the first on the calendar as Ellisville miners who are in opposition to the radicals wired the state headquarters immediately after the revocation of

the charter to send an organizer at once and give them a new local. In the re-organization, the radicals will be left out in the cold. Every effort will be made by the state officers to secure only peace-loving, law-abiding miners in the new locals.

The locals expelled from the union follow:

Local 154, Mascoutch; 784, Marissa; 2703, Edgemont; 2514, Shiloh; 235, Belleville; 99, Belleville; 1055, Ellisville; 368, Cuba; 734, Peoria; 707, Peoria; 421, Peoria; 809, Peoria; 732, Peoria; 56, East Peoria; 122, Peoria; 1802, Maryville; Donk Brothers; 45, Troy; Donk Brothers; 848, Collinsville; Cuban Mine No. 1; 826, Collinsville, Limagh Mine No. 3; 264, Collinsville, Consolidated Coal Company mine; 658, Collinsville, Limagh Mine No. 2; 4499, Collinsville, Donk Brothers Mine No. 4, and 525, Springfield.

SUPREME COUNCIL OBJECTS TO PART OF GERMAN CONSTITUTION

PASIS, Sept. 2.—The supreme council of the peace conference decided today to send a note in forceful terms to the German government pointing out the contradiction with the Versailles treaty of the provision in the new German constitution providing for the representation of Austria in the German Reichsrath.

The council demands the suppression of the article within a fortnight, declaring that otherwise the Allies will be compelled to undertake a further occupation of the left bank of the Rhine. The article objected to is article 61 of the German constitution, as in conflict with article 80 of the German peace treaty forbidding German interference in Austria affairs.

The text of the paragraph in the German constitution referred to has not been received in this country. It appears, however, that the clause applied to all the territories of German speaking peoples in Europe and increase of German-Austria, with the effect of providing that Austria might have a certain number of representatives in the German parliament, proportionate to the Austrian population.

PROFESSIONAL SHATTERS 18-HOLE RECORD ON THE LOCAL CLUB GOLF LINKS

George Scott, former golf professional with the Colorado Springs Country Club, shattered the professional record for 18 holes over the links of the Wichita Falls Golf Club yesterday morning, shooting an even 70 for the round. The former record, a 72, also was held by the southern "pro," Scott, who came here from the Springs early this summer, set up the new mark yesterday in a match with another former Colorado golfer, Dr. Bonneton. The professional's card out in 35 and home with a duplicate of that score, showed perfect golf for the local course. Two 5's, made on the fifth hole, a par 4, really detracted little from the beauty of the game he was playing, as the fairway and putting green on No. 5 are unusually fast at the present time and it is almost impossible to make a long iron shot stick on the green.

Scott's card follows:

Out	4-4-3-5-4-4-4-4	35
In	4-4-4-3-5-4-4-3-4	33
		70

Resinol

does wonders for sick skins

That itching, burning skin-trouble which keeps you scratching and digging, is a source of embarrassment, as well as of torment to you. Why don't you get rid of it by using Resinol Ointment? Physicians prescribe it constantly. In most cases, it stops itching instantly and heals eruptions promptly. It is very easy and economical to use.

Sold by all druggists. Resinol Ointment should usually be used by Resinol Soap.

GREATER ACTIVITY IN THE DESDEMONA FIELD

RANGER, Texas, Sept. 2.—Greater activity in drilling is the feature of the Desdemona oil field just now, due to the discovery of substantial and practically assured extensions of the pool to the east and to the north and west. The extension to the east was proven after two or three good wells had been brought in by the 3,000 barrel well of Skelly and Sankey on the Henderson farm two miles northeast of Jakhemon. This well is more than a mile east of the eastern edge of the pool and has given an impetus to operations that is most satisfactory and indicates a great increase in production. To the north and west of the main pool the Hamill well on the Lewis farm is a good producer and so is the Duke-Domis well on the Snodgrass. These wells are five miles northwest from Jakhemon and a

COMMENDS THE BILL PRESENTED BY CUMMINS

Charges Practice Results in Loss of Life and Destruction of Property.

WASHINGTON, Sept. 2.—A law to prohibit strikes or lockouts of railroad employees and thus protect the public from transportation tie-ups was advocated by Senator Robinson, democrat, of Arkansas, in an address today in the Senate.

"The time has come," he said, "when congress must protect the public against loss of life and property and widespread suffering which will inevitably result if the railroads should be tied up by a general strike. The right to strike has heretofore been recognized in our laws, particularly in certain provisions of the Clayton act. Those laws should be modified and strikes of employees on railroads—engaged in interstate commerce should be forbidden."

Senator Robinson's address was in analysis and commendation of the bill by Senator Cummins, republican, of Iowa, drafted by the Senate Interstate Commerce sub-committee proposing a permanent railroad policy of private ownership and operation of railroads, under strict government supervision and with a committee on wages and working conditions composed equally of employees and employees whose recommendations would

TERRIFYING DISCOMFORTS FROM SKIN DISEASES

Itching and Burning Eruptions Torture Victims.

If your skin seems ablaze with the fiery, burning and itching of Eczema, real and lasting relief only comes from treatment that goes below the surface—that reaches down to the very source of the trouble. Skin-diseases come from disordered condition of the blood, and search far and near,

Relieve Your Rheumatism For 25c.

NR does it by improving digestion, assimilation and elimination—the logical way.

NR Today—Relief or No Pay

There are three vital processes of human existence—the digestion of food, the extraction of nourishment from it and the elimination of the waste.

Let anything interfere with these processes—let them be interrupted or improperly carried on, and sickness of some kind follows.

Poor digestion and assimilation means failure to derive full nourishment from food and that in turn often means impoverished blood, weakness, anemia, etc. Poor elimination means an accumulation of waste matter which poisons the body, lowers vitality, decreases the power of resistance to disease and leads to the development of many serious ills.

Elimination—due to some interference with the process of elimination, failure to get rid of certain body poisons—cannot be expected to yield to any medicine that fails to correct the condition responsible for it. Could any person expect to rid himself of rheumatic pain as long as

rheumatic poison is allowed to remain in the body.

Think of this. It explains the success of Nature's Remedy (NR Tablets) in so many cases where other remedies have failed. Thousands are using NR Tablets every day and getting relief. Why pay five or ten times as much for a "special" medicine that will not last twenty-five days—must help you, must give you prompt relief and an inflexible benefit or cost nothing.

And Nature's Remedy is not only for the relief of rheumatism. It improves digestion, tones the liver, regulates kidney and bowel action, purifies the blood and cleanses the whole system. You'll feel like a new person when you've taken NR Tablets a week. You've tried the expensive medicines and doctors, now make the real test. You'll get results that Nature's Remedy (NR Tablets) is a solid, guaranteed and recommended by your druggist.

Another Sleepless Night?

It's been a busy and fretful day. Brain fagged, nerves frayed and body exhausted—conscious that tomorrow is fraught with new trials and tribulations, he realizes the imperative need of a refreshing night's rest. Yet, he hesitates and dreads to go to bed lest he roll and toss throughout the night.

Do you experience the horrors of night? Do you wake up in the morning feeling more tired than when you went to bed, because your feet are so disordered and swollen? Then, try

LYKO

The Great General Tonic

The best of bed-time will soon lose its terrors and you will begin to seek your couch with pleasurable anticipation of a night free from disturbances. LYKO will bless you with sweet and peaceful slumbers and bring you down to the breakfast table in the morning in good spirits and in fighting trim, keen for the day's activities, rested and refreshed in body and mind, and with an appetite unexcelled since you were a boy.

LYKO is a splendid general tonic; a reliable appetizer; a restorer of the nervous system. It relieves brain fog and physical exhaustion, builds up the nerves; strengthens the muscular corrects digestive disorders; relieves general weakness, irritability and worn-out. Ask your druggist for a bottle today and get rid of sleepless nights.

Sole Manufacturer: LYKO MEDICINE CO. New York Kansas City, Mo.

"And During All That Time We Never Missed a Train"

Eighteen months ago E. P. Hobbs, of Temple, Texas, bought a ton and a half transfer bus equipped with Goodrich De Luxe Tires to carry baggage and passengers to and from trains. In all that time the faithful little bus has never missed a train—day or night.

The part the Goodrich Tires have played in Hobbs' dependability is a large one.

In the first place the tires have worn down so slowly no lay-ups for replacements have been necessary. In fact, Mr. Hobbs says, he expects months of service yet before this step becomes pressing.

In the second place, the rubber in De Luxe Tires has shown so much resiliency that no delay for repairs has been occasioned—due, of course, to extra-thick cushion of De Luxe Tires.

If De Luxe Tires can show such splendid results for Mr. Hobbs, surely they can bring a greater degree of dependability to your service. Try them.

IMPORTANT ACTION BY MEXICO. The Carranza government in Mexico has announced that it will pay claims for damages to persons or property of aliens by outlaws when such damage is found to be the result of negligence on the part of constituted authority.

This action on the part of Mexico ought to result in greater vigilance on the part of her government to prevent attacks upon aliens and the conversion of their property. The claims against Mexico will run into hundreds of millions of dollars and the payment of these claims ought to impress the authorities with the desirability of preventing them in the future.

The Carranza government did not agree willingly to take up these claims. Action was forced. Carranza needs money desperately. The United States and the other governments would not permit loans to be made until there had been some agreement about the settlement of these claims.

The Senate, no doubt, will approve the acquisition of the island of Yap by the United States.

INTERNATIONAL FENCE ON BORDER TO PREVENT "RECIPROCAL RUSTLING"

PHOENIX, ARIZ., Sept. 2.—An international fence along the Mexican border, "horse high, bull-strong and practically man-proof," is the suggestion made today by members of Arizona livestock sanitary board.

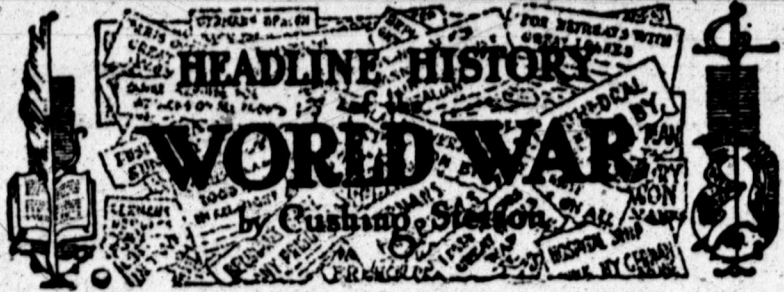

The Arizona livestock board today received a letter from Colonel Carranza of the 25th Infantry, in charge of the Nogales district on the border, calling attention to the amount of cattle thievery going on in that district from both sides, and pointing out the possible serious consequences.

POLITICS WILL SOON BE ACTIVE OVER ENGLAND

Press Campaign Seeks to Make Andrew Bonar Law Leader in House.

PREMIER LLOYD-GEORGE STILL STAYS IN FRANCE

Fierce Struggle Is Also Brewing in Commercial Field For The German Trade.

LONDON, Monday, Sept. 1.—Political activity will evidently be resumed long before Parliament re-assembles in October. Premier Lloyd-George is expected to remain in France another fortnight, but he has already virtually finished his holiday.

Interest here centers about the new campaign by the newspapers which is reminiscent of the one which overthrew the Asquith government. It seeks to make Andrew Bonar Law, government leader in the house of commons, the scapegoat for any governmental mistakes and shortcomings, and to prepare for the possibility, after the next general election, of bringing a labor cabinet of which Mr. Lloyd George could assume leadership.

A fierce struggle is also brewing in the commercial field, now that British ports have been opened to German trade. Manufacturing interests are already loudly protesting against the admission of German goods, especially against German toys and physicians' instruments on the ground that British industry is just beginning to successfully create a business in these lines, which before the war were largely monopolized by Germans.

On the other side are heard apprehensive sentiments from free traders, who fear the government will yield to manufacturers' demands and impose fresh prohibitions under the guise of protecting "key industries" and that thus any hope of effectually bringing down prices will be frustrated.

HUSBAND ATTEMPTS TO RESCUE WIFE AND BOTH ARE KILLED BY TRAIN

CHICAGO, Sept. 2.—Unsuccessful attempt to free his wife, whose foot was caught between a railroad rail and board sidewalk last night, William F. Tanner, Baltimore & Ohio railway cashter, clasped her in his arms and died instantly with her. A flagman who also attempted to unloose Mrs. Tanner's foot suffered a broken arm and leg as the train rushed by.

UNWRITTEN LAW PROTECTS HOME OF PEDRO ALVARADO

EL PASO, TEX., Sept. 2.—When Francisco Villa's rebel troops swarmed down the hillside and into Parral Easter morning the palatial home of old Pedro Alvarado was unharmed and its contents or occupants undisturbed. This was said to have been in obedience to a rumored unwritten law in the Villa army. Pedro is an amigo de los pobres (friend of the poor) and his charity, it is said, has won him perpetual immunity from Villa raids. Houses on both sides of the Alvarado home were looted, refugees arriving from Parral said.

Pedro Alvarado is one of the most famous characters in Northern Mexico. A poor, unlettered peon, Pedro's mining claim was the site of the famous silver lode strike in the Parral district many years ago. It was a tradition in Parral that the silver could be taken from the Alvarado mine with a carpenter's saw.

From a poor Mexican laborer, Pedro sprang into opulence and lavished his wealth on his friends and started out to satisfy the desires he had suppressed so long as a poor man. He said he always wanted the biggest and finest home in Parral, so he proceeded to have it built. Carved limestone, marble and plenty of shiny brass went into the construction of the Alvarado home. Today it is the show place of Parral. Pedro's proud set boat is that the palace was the first place in the North to have open plumbing and a white bath tub. Hundreds of canvas birds, Pedro's favorites, were purchased and hung from the conservatory perches and in the surrounding grounds.

A story is told of Alvarado, whose doing a local tradition in Parral, that he placed an order with an American piano salesman for one dozen pianos, one for each room, including the kitchen, on the first floor of his home.

LEOPARDS DEFEAT CHILDRESS TEAM IN GAME MONDAY

Revenge was sweet when the Wichita Leopards pounded the Childress pitchers unmercifully, made the visitors' strong defense look like a bunch of sand-lot players and won the second and last game of the Childress series 15 to 5 at Katy park yesterday.

The largest crowd of the season, a crowd that filled the big grandstand and overflowed into the grounds around the players' benches, witnessed the game, which was a veritable battle for the locals and a medley of errors, both of commission and omission, for the Childressians.

There was a marked difference in the fielding of the Leopards Labor Day and their play of Sunday. They showed worlds of ginger, backed up Moore both with hitting and with sensational fielding and worked with machine-like precision on the bases and in the field.

For four innings the visitors were blanked. A beautiful catch by Newberry in the first, sensational retrieving of a three-bagger by Klutta, which he tried to stretch into a homerun, in the second, prevented scoring in those innings. Three batters sallied far to deep left, going over Roy Bourland's head, to be recovered by him and Graves, the latter throwing to Moore, who made a quick pop to the plate, Thompson tagging Klutta. Had the runner waited a moment, he would have scored for C. Dixon singled. However, he didn't, so that is a different story.

In the fifth J. Dixon walked, and right here let it be said he is an excellent writer, for in four trips to the plate yesterday he walked three times and only has one "at bat" charged to him, and he singled then, batting 1.000 for the day. Crow hit to right center, who tossed J. Dixon out at second, Halle taking the throw. Crow took second on a wild pitch and third on Fullwider's error of not catching the ball. Moore was out of the tightest hole he got into during the game.

In the seventh with the score 8 to 1 Childress threatened to, perhaps, tie things up. C. Dixon and J. Dixon both singled. Crow sacrificed them up a peg and bot, scored when Davis singled and Davis went to second. Lewis hit to Ray Bourland, who caught Harper at second. Davis going to third, Lewis stole second and O'Neil walked, filling the bases. Klutta fouled, Fullwider and Moore was out of the tightest hole he got into during the game.

Two more runs, their last, were made by the visitors in the eighth. Williams, first up, singled to right. C. Dixon fanned, but his brother walked again. Crow hit out to Fullwider, unassisted, and both runners advanced a base. Davis got his second single of the game, a short fly to right center, scoring Williams and J. Dixon. Harper was easy, Ray Bourland to the pitcher.

Wichita Falls started things in the second inning. Roy Bourland singled, and Newberry were both safe on Harper's error, the latter's sacrifice. Graves batted and beat it out every time. Crow hit to right center, O'Neil, who booted the ball, Bourland scoring. Thompson fanned, but Moore hit one to O'Neil and another error resulted. Newberry and Graves scored, Moore reaching second on the throw-in. He died there for Halle and Ray Bourland were easy outs.

In the fourth five runs resulted when the team batted round. Graves singled to right and Powell laid down a perfect sacrifice before the plate being out, Angell to Williams. Thompson batted for a sacrifice and was safe on the Angell's error. Graves scored. Moore walked and Halle counted one to left, scoring Thompson and Moore. Harper made a mass handling Ray Bourland's sharp run. Fullwider sent a long sacrifice fly to center, scoring Halle. Roy Bourland singled to right, coasting his brother, Ray. He reached second on an

Angell in the inning. The O'Neil error, Newberry singled, sending Bourland to third. Newberry pitched second, but got no further, for Graves was out, short to first.

There had been the all of another game in this inning. The O'Neil error, Newberry singled, sending Bourland to third. Newberry pitched second, but got no further, for Graves was out, short to first.

It was in the sixth that Leopold's segregation got to Mr. Davis. That happy young twirler yielded a wicked bat but his slab offerings were very much to the liking of Fullwider's hopefuls. With one down in the sixth, Fullwider singled, as did Roy Bourland. Newberry fanned and Graves sent a smashing double to right center, scoring the two men ahead. Powell was safe on an error at short and Graves raced by a with his third run on as many hits.

Moore reached first on Williams' error in the seventh and Halle walked. Roy Bourland sent a three-bagger to deep left field, scoring the two men ahead of him but being out at the plate for trying to stretch the hit into a circuit swat.

Fast fielding by Halle at short, the catching of Thompson and of Lewis and the batting of the two Bourlands and of Graves were the big features. Though some accept, all fine fielding by all three of the Wichita gardeners deserves mention.

Henrietta will play here Saturday and Sunday.

The box score of Monday's game follows:

Childress	AB	R	H	PO	A	E
Jarner, 2b	5	0	2	1	2	1

BIG SERIES PLANS WILL NOT BE MADE FOR WEEK OR MORE

CHICAGO, Sept. 2.—Tentative plans for the world's series will not be made possibly for ten days or two weeks until the pennant races are definitely settled.

August Herrmann, chairman of the National Baseball commission, announced last night.

The meeting of the commission scheduled to be held here tomorrow was generally understood to be in connection with the world series but Chairman Herrmann said the question of drafting players from the minor league was the only business to be considered.

The action of the minor leagues in abrogating the draft rule agreement is causing the major leaguers some concern, Chairman Herrmann said.

The minors broke off relations with the American and National leagues several months ago, declaring that if the major league club owners wanted star players developed in the minor leagues they would have to purchase outright instead of drafting them.

SQUINT AT THE SCORE.

Yesterday's Hero—Babe Ruth. The slight Bostoner rapped out his 24th homerun of the season, beating Washington 4 to 1 in the second game of the doubleheader. He pitched the Sox to victory in the first game 2 to 1.

The White Sox threw cold water on Detroit's pennant hopes by taking a doubleheader, 5 to 0 and 5 to 1.

Staley's homerun in the 11th prevented Cleveland from taking a doubleheader from the Browns. The Indians won the first, 5 to 3, but lost the second, 4 to 2.

The Cards beat Pittsburgh 5 to 4 in the first game but dropped the second, 2 to 1.

Rain spoiled the morning game but the Giants trimmed the Braves, 2 to 2 in the afternoon contest.

The Yankees made it eight straight by trouncing the Athletics, 5 to 2, after the morning game had been stopped by rain.

Three runs in an eighth inning rally failed to head off the Phillies and Brooklyn finished on the low end of a 6 to 4 count.

MISS DETROIT III WINS THE YACHT CLUB FLAG

DETROIT, MICH., Sept. 2.—Miss Detroit III, flying the Detroit Yacht Club flag, today held the gold cup trophy here yesterday over Miss Detroit II, and Eleventh Hour.

The thirty miles was made at a rate of 55 miles an hour, with a speed of 58.4 for the fastest 2 1/2 mile lap. Miss Detroit II finished runner up, just 12 seconds behind when Eleventh Hour, after running eight laps, twisted her shaft and was forced out.

Excellent water conditions favored the racers.

In the Cabin Cruiser contest, Silverheels II, Detroit, won the Sallan trophy with 26 points to her credit.

The Josephine Erie Yacht Club took second with 24 points while Arishan (Betty Jane) tied for third place with 22 points each.

Ringside Results

BANTAMWEIGHT CHAMPION LOSES TO JOE LYNCH

WATERBURY, CONN., Sept. 2.—Fritz Herman of New Orleans, bantamweight champion of the world, was defeated in a ten round non-decision bout by Joe Lynch of New York, at the Driving park here Monday afternoon. Newspaper critics gave Lynch eight of the ten rounds, the other two being even.

YOUNG FRANCE WINS UNPOPULAR DECISION

PHOENIX, ARIZ., Sept. 2.—Young France won an unpopular decision last night in a 10 round bout with A. Wolgat, former lightweight champion. C. J. Kelly, scout for the Detroit American League baseball, refereed the bout. Sporting writers said Wolgat had the best of six rounds and the audience of 2,500 derided the decision.

HARRY GREG WINS OVER JEFF SMITH

YOUNGSTOWN, OHIO, Sept. 2.—Harry Greg, Pittsburgh, defeated Jeff Smith, Bayonne, N. J., in a slashing 12-round bout here last night.

The battle was fast with the Pittsburgher continually smothering his opponent.

DICK GRIFFIN WINS OVER EARL PURYEAR

FORT WORTH, TEX., Sept. 2.—Dick Griffin outboxed Earl Puryear in a twelve round bout here last night. Battling Barrers outpointed Fred Hill in ten rounds.

MASON IS WINNER OF BOUT AT TULSA

TULSA, OKLA., Sept. 2.—Frank Mason of Fort Wayne, Indiana, won from Bobbie Hughes, New Orleans, in a slashing 15-round bout here last night. Mason forced the going in the majority of the rounds.

EIGHT ROUND BOUT GOES TO JACKSON

NEW YORK, Sept. 2.—Willie Jackson outpointed Johnny Dundee in an eight round bout last night in Jersey City.

CHARLIE WHITE GETS DECISION OF REFEREE

DENVER, COLO., Sept. 2.—Charlie White was given the referee's decision.

EXCLUSIVE PROCESS UNION MADE PATTERSON BROS. TOBACCO CO., TR. RICHMOND, VIRGINIA

He and of 12 rounds of fast fight with Johnny Noye. Twin City heavyweight champion of the world, was floored three times but fought bravely.

WORLD'S WELTERWEIGHT CHAMPION IS WINNER

SYRACUSE, N. Y., Sept. 2.—Mike Dowd, world's middleweight champion, outboxed Ted Lewis, former welterweight titleholder, in a hard 10 round bout here last night. O'Dowd was the aggressor all the way.

WRESTLE TWO HOURS IN A DRAW MATCH

BATTLE CREEK, MICH., Sept. 2.—William Demetral and Leo Alexander wrestled two hours to a draw here last evening, neither men securing a fall after the two hour limit.

JOHNSON TRAINS FOR BOUT WITH CROWLER

PHOENIX, ARIZ., Sept. 1.—Jack Johnson, once heavyweight champion of the world and for more than 20 years a fugitive from justice from the United States, is now in Nogales, Sonora, according to word brought to Phoenix by J. E. Kelley, scout for the Detroit National baseball team.

Kelley said he talked with Johnson on his recent visit to Nogales, Ariz., and Johnson was training at Nogales. He is scheduled to fight with Jim Crowler in Mexico City, Sept. 15.

Camel Cigarettes

CAMELS are as delightful to your taste as they are new. And, so satisfying that they meet every cigarette desire you ever have had.

Camels are unusual; in fact they're unlike any cigarette you ever smoked. That's because they're an expert blend of choice Turkish and choice Domestic tobacco, producing a quality that meets your taste as no other cigarette ever did.

Camels' expert blend gives that mellow-mild-body and frees the cigarettes from any unpleasant cigarette aftertaste or any unpleasant cigarette odor. You can smoke Camels as liberally as you like without tiring your taste.

You have only to get personally acquainted with the expert Camel blend to know that you prefer it to either kind of tobacco smoked straight!

For your own satisfaction compare Camels with any cigarette in the world at any price!

18 cents a package

SOME day, some Firestone user is going to convince you of the true economy of using Firestone Gray Sidewall Tires.

But why wait? Ask some Firestone users. Better still, ask any tire repair shop. The vulcanizer knows that the Firestone Gray Sidewall is the best tire built—so good that he gets fewer to repair than any other tire of large output. Let your next tires be

IMPROVED CITY PROPERTY.

FLORAL HEIGHTS SPECIAL. On the crest of the hill and an east front, six large rooms and bath, built-in features throughout, including bookcases on either side of brick mantle; will be ready for occupancy in a very few days. Price \$7,500. 95-1tc

One and one-half blocks off Tent. A five-room modern in every respect; five-car garage with front entrance to name. This location is worth the money and you get the house in throw-in. Price \$5,000; best of terms. 95-1tc

Here is your ideal for a home. Seven rooms, sleeping porch and den; twin fire-place in living room; hardwood floors throughout; extra large closets, tile bath, and beautiful built-in features. This place is well located on a northeast corner lot, which is 100 by 150 feet; has double garage and nice servants' quarters; all cement walks and drive are to be finished and ready to move into soon. For price and terms see MANN & DOUGAN. Basement First Natl. Bank. Phone 1071. 95-1tc

COWLING. \$19 Indiana. Phone 2644. We have one of the best five-room bungalows with all kinds of built-in features for \$9,000 unfurnished ready for occupancy. This place is worth more money but owner leaving town. Price \$10,000. We have a larger one on this street with sleeping porch, servants' house, garage, etc. for \$10,500, with \$2,500 down on the street, some forty or more. 95-1tc

Eleventh-st. Would you like to buy a 25,000 square foot lot with terms? We have 'em cheaper. 95-1tc

Ninth-st. You can make a dandy five-room home with sleeping porch on this street for \$6,500 with cash payment of \$1,750. And we have a "cracker jack" five-room house with a large lot for \$5,000 with a small cash payment. Also a good large "country home" for \$10,000, and can put in \$1,500 worth of furniture with this place for \$10,500 with reasonable cash payment and balance at \$75 per month. This place will rent for \$200 per month. How is this for an investment? 95-1tc

Taylor-st. Here is where we shine. A 6-room home with extra large rooms, breakfast room, sun parlor, sleeping porch, etc. Price \$7,000. 95-1tc

Close-in. East front, lot 70x150, good east front, will sell for \$10,000 if not purchased. This house is nicely painted and papered and is a very desirable location. If you are in the market for a home of this kind the price will please you. Near the High school, north front, good 5-room house, garage, built-in features. This place is in good condition, \$7,500 and can be handled on very easy terms. 95-1tc

East front 75-foot lot, good 6-room house, right price for immediate sale. This lot is in the city and is a buy that is worth the money. 95-1tc

On Elizabeth-st., north front five rooms and sleeping porch. This place is nicely furnished and can be bought for \$7,000, including furniture. This is one of the best places in the city for a home. On Huff-ave., the nicest tile and stucco acropolis bungalow. In the city, this home has 7 rooms and a beautiful plan house of its size in the city. Let us show you this place and the price will be right. 95-1tc

On Tenth-st., north front 6-room house and in a very desirable location and possession immediately. This is a number of choice lots for nice homes in any part of the city and will be glad to call on you at any time. N. O. MONROE. Room 220, First National Bank Building. Phone 2434. 95-1tc

We have some attractive leases in McLennan county, some of which are within 1 1/2 miles of the Harrington well, now drilling at about 2750 feet, which is showing considerable gas at this time. This is the Well of Waco Oil Refining Company. We also have some leases in two miles of Fleetwood well which is about 1200 feet deep and which is about 5 miles north of Harrington well. We will only sell a part of our holdings at this time. It is worth investigating if you are in the market for leases. WACO OIL DEVELOPMENT CO. 709 Amicable Bldg. Waco, Texas. 95-1tc

FOR FIRST TIME COUNTY HAS NEGRO ON A GRAND JURY

IS ACCEPTED IN FEDERAL COURT
CONVENING HERE THIS
MORNING.

DISTRICT ATTORNEY EXPLAINS

No Distinction is Made in Law Un-
der Which Court is
Conducted.

For the first time since the United States district court has been sitting in Wichita Falls a negro is a member of the federal grand jury. Henry Brown, the negro in the case, or on the grand jury, rather, lives in Wichita Falls and was accepted on the inquisitorial body this morning without any question other than the regular ones always put to prospective jurors. Negroes have served on grand juries in other federal courts in this district, but never here before.

Englehardt Now Tells of Troubles

Gus Englehardt, a well-known Fort Worth baker, residing at First and Harding street, is still another citizen who volunteers his endorsement for Orgatone because of what it has accomplished in his case. Mr. Englehardt has lived in Fort Worth for a number of years and is not only popular in baking circles, but has the esteem and respect of all who know him.

The results Mr. Englehardt has obtained from Orgatone and his opinion of the medicine are stated in the following statement which he made to the Orgatone representative a few days ago:

"Orgatone is the only thing that ever really reached my troubles. I have only taken three bottles of the treatment yet I already feel like trying to work. The kidney pains in my back got to be very frequent—ached some times worse than a bad tooth—and no kind of liniment or medicine seemed to do me any good. These disorders finally developed into a burning sensation in my lower bowels which put me in misery for hours. Everything I would eat, especially solid foods, would sour and make me sick at my stomach, and often the gas on my stomach caused me great distress. I had severe headaches and felt that I was going to die all the time, and finally got to where I was in no shape to work, and although I kept dragging along, many a day if I had gone to bed, I would have stayed in bed.

"Orgatone has certainly done great work for me and more than any other treatment of medicine I have ever taken in the three years combined, and I have taken lots of them. After taking it only three weeks I felt like a new man in every way and could eat most anything without it hurting me. In fact, I have had improvement all over my body. I don't have scarcely any aches or pains now and very seldom feel sick at my stomach. My troubles have been rapidly disappearing and my strength and energy are fast returning. As I have told you, I feel better than in years. The new follow up my occupation without feeling tired and worn out like I did. I am convinced that Orgatone is just what people need who are sick as I did and I'm glad to recommend it."

There is not a single portion of the body that is not benefited by the healthful action of Orgatone, which begins by stimulating the digestive and assimilative organs, thereby enriching the blood and invigorating the whole body. In other words, it relieves indigestion and stomach disorders by removing the cause. Orgatone is a new scientific preparation entirely different in the way it is taken and the results derived, and contains absolutely no alcohol or other false stimulating drugs. It enables the assimilable products to be converted into blood, bone and muscle. By increasing the powers of endurance, it enables those who use Orgatone to a better encounter fatigue, exposure and overwork.

Orgatone is sold in Wichita Falls exclusively by the T. F. Young Drug Company, corner 8th and Indiana, under the personal direction of a special Orgatone representative.

Lovely, Luxuriant Hair is a matter of care. Beautiful hair is a charm which any woman prizes. If you wish to have your hair become lovely and luxuriant, you must give it regular care.

the other 12 grand jurors would be procured. Grand jurors sworn in at the morning session of the federal court are: A. B. Franklin, St. Jo; J. E. Hall, Mayfield; Leon Leach, Wichita Falls; B. J. Bean, Wichita Falls; A. F. Smith, Sunset; Henry Brown, negro, Wichita Falls; H. H. Stephens, Graham; I. N. Cates, Crowell; L. B. Donahoe, Seymour; J. G. Norvell, St. Jo; F. M. Rowland, Vernon; M. L. McFall, Archer City.

Assistant U. S. Attorney Harrell, when asked as to the status of a negro serving on a grand jury, declared that it is perfectly legal, that the law makes no distinction as to color and that negroes may be drawn on grand juries the same as white men and that there can be no technical or legal objection to any indictments returned by a grand jury on which a negro is a member.

Mr. Harrell told of instances where negroes have been members of other grand grand juries in the northern district of Texas. Once there was a negro on a grand jury who knew his place and kept it, voicing his convictions only when he cast his vote, while on another occasion one of the "sassy" sort of detestable negroes was a member of a grand jury in Fort Worth, but a witness quickly squelched him.

PARTY OF FOURTEEN KENTUCKIANS HERE TO VISIT OIL FIELD

A party of 14 Kentuckians from Mayfield, stockholders and officers of the Kentox Oil Company, are in Wichita Falls to see the company's first well in the Lucinda Meadows survey drilled in today. The drill reached the sand some time ago and casing was set. Word was sent back to Kentucky and a party of stockholders decided they would come out to Texas and enjoy the experience of seeing their well brought in.

The Kentox company was organized in June, and in short time had started operations on a five acre tract in the Lucinda Meadows survey, No. 6, offsetting the Warrior well on the west. Its Lucinda Meadows No. 1 is now on the sand ready to be drilled in. Its No. 2 is down 1,000 feet and the derrick is up for its No. 3. The company also owns 28 acres in section 20, township 4, range 14, across the river in Oklahoma, near which several wells are now drilling, and also owns 1,000 acres of leases in the Ranger and Deadend districts. The company is capitalized at \$250,000. H. S. Hale Jr. is president of the company, W. T. Ditto is vice president, and Jess Taylor, secretary and treasurer. These with W. L. Hale and T. L. Stovall are trustees for the company.

The party here from Mayfield includes the following: W. L. Hale, J. T. Hale, J. L. Stimson, T. L. Stovall, F. A. Howard, W. H. Howard, B. C. Covington, W. S. Covington, B. S. Hunt, Ed Mohandro, Chifton Usher, Hugh Williams, Luther Nail and Ben Wilford.

Katy Piano Studio.
All pupils who have already spoken for their lessons for this fall and winter are herewith requested to call at the studio, 710 1-2 Indiana avenue, Monday, September 8th, from 2 to 12 p. m., and from 2 to 5 p. m. for enrollment. Ernest Katz. 95-1tp

MILDREN GOES TO RANGER FIELD FOR AN INVESTIGATION

J. L. Mildren, representative of the State Railroad Commission left last night for the Ranger field to spend several days investigating conditions and meeting the producers. During his absence Ellis Campbell will take charge of the business of the local office and extend all possible courtesies to those having business with the commission from his office in the Hearst hotel. Speaking of the work of the past few days in the field, Mr. Mildren said:

"We have continued our investigations of water conditions particularly concerned in the plugging of abandoned wells and good progress has been made. In some cases we have found wells standing full of water and not been able to locate the owners or responsible parties and as the State has given the commission no appropriation for the purpose we are unable to close the holes. It is unfortunate but we are helpless.

Railway Commissioner C. E. Gilmore spent the day here yesterday and last evening was in conference with A. A. Hammer, of the Bureau of Mines and Mr. Mildren. Mr. Hammer and Mr. Mildren were formerly associated in the conservation work in Oklahoma and will heartily co-operate in the bettering of conditions in the Wichita Falls district.

REPRESENTATIVE OF BUREAU OF MINES IS AWAITING LOCATION

A. A. Hammer, representative of the bureau of mines at Washington, who was sent here by request of Van H. Manning, preparatory to the investigations ordered by the department will leave this morning for a short absence, returning the latter part of the week, when some decision is expected regarding establishing headquarters for the force that will soon follow him to this field.

"The selection of headquarters depends on being able to secure office accommodations, the living conditions offered and transportation facilities to the various fields," he said last night. "I have taken up the matter with Mr. J. A. Kemp, who will investigate and inform me upon my return what Wichita Falls can offer. I have been over part of the ground in the Ranger field, but not finished there, nor have I been to Deadend, Eastland, or Breckenridge fields. I feel certain that the choice we may make will be acceptable to the State Railroad Commission. Two of the gentlemen to be associated with me in the work in Texas fields have families, and this fact must be taken into consideration in making my recommendation to the head of the bureau. I have made no attempt to view conditions in this district, leaving that until it is definitely decided what point will be the base of operations."

THE QUESTION ARISES at some stage of every woman's life "Is it necessary for me to wear glasses in order to save my eyesight?" Our optician will give you his candid opinion. He will not prescribe unless you really require glasses. And if they are necessary, a type will be furnished that will not detract from your youthful appearance.

AN ADJUSTMENT OF VALUES
We are asked a good many times, "Why the high price of coffee?" There are, of course, many contributory reasons. Among them: The frost damage in Brazil last August. The fact that Europe has had practically no coffee for four years, and the surplus in the United States is practically nil. Prohibition is also a factor. But the REAL REASON is an adjustment of values among commodities. A few years ago Rio sevens sold for 5 1/2 cents per pound, so did cotton. Now cotton sells for, above 30 cents and Rio sevens for twenty-two. Wheat used to fluctuate between sixty-five cents and a dollar, and is now two-twenty. So it stands to reason the Brazilian can't take the old prices for his coffee and get by. Coffee is still the cheapest commodity of consumption—and the last to advance.
