

COLQUITT LEADS, BROOKS SECOND; FERGUSON APPARENTLY REELECTED; SUBMISSION HAS LIKELY CARRIED

SCURRY HAS SMALL LEAD FOR JUDGE

GREENWOOD BELIEVED TO HAVE DEFEATED HANEY — CONTEST FOR TAX ASSESSOR IN DOUBT, WITH RAGDALE IN FRONT.

MANY REELECTED

Hawkins, Kelly, McHam, Bruce, Greenwood All Win—Both of Women Candidates For Office Meet With Defeat.

At 3 o'clock Sunday morning with complete returns from eight boxes, partial returns from three others and no returns from the Electra box, it seemed certain that Sheriff Hawkins, County Attorney Greenwood, County Treasurer McHam had been re-elected, that E. C. Hall had been elected county superintendent and that E. R. Greenwood had carried the county by a decisive majority for representative.

The race for judge of the 78th district was very much undecided at that hour, with Judge Scurry slightly in the lead of Judge Nicholson, and W. B. Channey a strong third.

Wichita county has probably gone against submission, for the retention of the Robertson law, and for Ferguson for governor.

The race for United States senator here was favoring Dr. Brooks in the returns available at one o'clock with Colquitt second; predictions that Henry would carry this county seemed out of line.

E. R. Greenwood has defeated E. P. Haney for representative from the 101st district, Wichita and Wilbarger counties. The returns now available give Mr. Greenwood more than 300 votes majority in this county, with the probability that it will be 500 by the time the returns are all in. Mr. Haney carried Wilbarger county by 110 votes.

W. N. Bonner has been elected judge of the 30th judicial district by a substantial majority. He has carried Wichita, Archer and Young counties by good majorities, and while Clay county has gone for his opponent, Judge Stine, the vote in that county is fairly close.

Court house box No. 2 was among the first to report, in spite of the fact that it is one of the biggest boxes. At the city hall and at boxes 12 and 13, counting continued until late in the night, when the officers went home; they will resume work today.

After determined but fruitless efforts to get in touch with the election officers at Electra, they were reached by phone at 3:45 Sunday and stated that the count would be completed at five o'clock. No figures on any of the races were given out.

Wichita county has gone for Woods for attorney-general. The race for tax assessor was in doubt early today, with Ragdale in the lead and Fowler second. Complete returns will be required to settle this and the 78th district judgeship races.

Both of the women candidates for office, Miss Kate Haynes for county treasurer and Miss Jessie Hickman for county superintendent, were defeated.

County Commissioners McCleary and Jackson were re-elected, the former by a small, the latter by a large, majority. R. L. Eads was elected from the Burk-

MARVIN JONES SEEMS WINNER FOR CONGRESS

Marvin Jones, a young lawyer of Amarillo, practical unknown outside his home town until he entered the race for Congress, he almost certainly defeated John H. Stephens in this, the thirteenth district. Reports from most of the counties in the district indicate that Jones has a plurality in practically all of them, and his remarkable performance included the carrying both of Stephens' home county and home precinct.

RESULTS IN CLAY COUNTY CONTESTS

Fagin Wins For Sheriff—Race For County Attorney Is Not Decided Yet

Special to The Times. Henrietta, Tex., July 23.—Judge Stipe has carried Clay county for judge of the 30th district court, 23 out of 36 boxes giving him 683 votes to 489 for Judge Bonner.

J. R. Fagin won for sheriff over J. C. Schwegel and Miller. The race for county attorney is very close, latest returns giving Allen a small lead over Frank Holaday and J. C. Schwegel. J. R. Carter defeated Hugh Moore for county superintendent.

Returns from the congressional election were not available at a late hour tonight.

TO ASSIST AMERICAN FARMERS IN MEXICO

By Associated Press. Brownsville, Texas, July 23.—U. S. Consul J. H. Johnson, who came here some time ago from Matamoros, Mexico, today received word from the state department at Washington that assistance will be sent at once to a party of American farmers who are reported hiding in the Comal district, 250 miles south of the border. No details concerning the proposed assistance were made known.

The fate of Commissioner Barwise is not known, in the absence of returns from Electra.

Sheriff Hawkins has what appears to be a safe lead over his opponents, the same being true of County Attorney Greenwood and County Clerk Kelly.

J. A. Rawls has defeated Will Allen for constable in Precinct 1. W. J. Howard was reelected Justice of the Peace.

Election day was somewhat warmer than Friday, with the sun shining all day, so that the scores of workers who lined the path to the court house were glad to seek shady spots from which to hand cards to the voters. The "distance markers" were respected, but outside of the prescribed limit candidates and their friends formed a veritable gauntlet, in running which the voter was apt to accumulate quite a stack of cards. Near the city hall conditions were much the same.

The active campaigns came to a close Friday night. Two meetings were held, one at the Almond, where all candidates had an opportunity to speak, the other at the Moore hall, where it partook largely of a social gathering, lunch being served to the union men and others who gathered there.

In addition to the thousands who saw the returns upon the screen, there were hundreds both in this city and throughout Northwest Texas who came up by telephone seeking information upon one or another of the races. The Times was the only paper between Fort Worth and Amarillo that obtained anything like comprehensive returns on the state contests.

Before it was fairly dark Saturday night the crowd was gathering on Seventh street in front of The Times office where the election returns were flashed upon a screen. The through block of the street and made vehicle traffic almost impossible. The Times office is so arranged that no other place is available for the screen than that selected last night; before another election, an effort will be made to have a more convenient arrangement.

FIGURES IN STATE RACES 3:30 A. M.

Table with columns for Candidate, Position, and Votes. Includes names like Colquitt, Brooks, Ferguson, Phillips, etc.

CULBERSON IS NOT OUT OF RUNNING

CAMPBELL IN FOURTH PLACE — MORRIS SHOWS DECIDED STRENGTH IN EAST TEXAS — OTHER STATE RESULTS.

PHILLIPS WINNER

Looney Seems to Have Safe Lead—Straw Vote Shows Healthy Majority For Robertson Law — Submission Seems to Have Carried.

O. B. Colquitt and S. P. Brooks were the leading candidates in the senatorial primary, according to returns compiled at 3:30 a. m. Sunday morning, covering partial figures from 150 Texas counties and amounting for 110,000 of the total vote estimated at over 400,000.

Earlier returns showed Colquitt and Culberson as the two leaders, but after midnight, Brooks' figures began to show up in greater proportion and he gained steadily.

The returns at 3:30 a. m. gave submission a small majority and indicated the reelection of Governor Ferguson, though not by any decided majority; at one time in the accounting Morris was ahead of Ferguson, but later returns gave the present executive what appears to be a safe lead.

The "straw vote" on the retention of the Robinson insurance law showed a heavy preponderance of sentiment in favor of that measure.

Phillips for chief of the supreme court, Looney for attorney-general, Mayfield for railroad commissioner, Edwards for state treasurer, Morrow for criminal appeals judge, Robison for land commissioner, Davis for commissioner of agriculture and Terrell for comptroller, had apparently safe majorities over their respective opponents. For associate justice of the supreme court, Yantis had a small lead over Hall.

For congressman-at-large, Garrett and McLemore were in the lead, with Davis Fitzgerald and Darwin next, in the order named.

No returns from any congressional races other than that in this district, where Marvin Jones was threatening to unseat Judge Stephens, were available.

It seems fairly certain as this is written that Colquitt will be one of the entries in the senatorial run-off primary, and that either Brooks or Culberson will be his opponent. Campbell is running fourth, with Henry a bad fifth and Davis a hopeless sixth.

The race of Morris for governor at one time seemed about to make a very dangerous contender. Dozens of the east Texas counties, as well as those in the black land country, gave him majorities, and early returns from Dallas county showed him in the lead there.

RUSSIA NOW HAS NEW MINISTER OF FOREIGN AFFAIRS

By Associated Press. Petrograd, July 23.—Sergius Savanoff, minister of foreign affairs, has resigned. He is succeeded by Boris Zhidnovitch Strum, his premier who has taken over the office.

SENATE STRIKES MILLIONS FROM ARMY MEASURE

APPROPRIATION IS REDUCED ON RECOMMENDATION OF MILITARY COMMITTEE BECAUSE OF REMOTE POSSIBILITY OF WAR.

PROTEST IS MADE

Senator Lee Declared It Unwise to Refute Preparations Because of Impression That It Would Leave in Mexico.

By Associated Press. Washington, July 23.—Millions of dollars in appropriations provided in the army bill in anticipation of the Mexican campaign were voted out of the measure today in the Senate on recommendation of the military committee and Senator Chamberlain's intimation that there now seemed little likelihood of a conflict, and the possibility of the national guard crossing the border seemed remote.

Some \$36,000,000 provided for foreign service pay of maintenance, transportation and army expenses were knocked off the \$100,000,000 bill and it was said that more reductions might be made. The reductions were not made without protest. Senator Lee of Maryland said since danger of war with Mexico was not past, that it was unwise to refute preparations for one and that it was deplorable to intimate to Mexico by the senate's action that the United States had no serious intention of armed action. The senate approved all the committee recommendations despite his argument. Senator Chamberlain and Senator Lee had a controversy over the number of the guardsmen on the border. Mr. Lee contended that 100,000 troops already were there and that 35,000 more were mobilized throughout the states. Senator Chamberlain declared that the delay in getting fresh troops was due to inability to get equipment from the military arsenals and he recommended that each state store its own equipment.

SIX KILLED AND FORTY-FOUR ARE INJURED BY BOMB

EXPLOSION OCCURRED IN MIDD OF THRONG DURING PREPAREDNESS PARADE IN SAN FRANCISCO—ONE ARREST MADE.

LETTER IS WRITTEN

Communication Addressed to Newspapers of City Gave Warning Friday of the Intention of the Perpetrators.

By Associated Press. San Francisco, July 23.—At least six persons were killed and 44 more were injured by the explosion here today of a timed bomb in the midst of a throng during a preparedness parade. The police arrested Frank Josephson, a ledger in a sailor's boarding house who cried "I did not do it, I did not do it" violently when he was being searched at the station house. The police said he had not been accused of anything. Charles Crockett, district attorney issued a statement attributing the deed to a bomb planted by a person against preparedness which have occupied attention here. The parade was not interrupted. The holiday through cheering a contingent of veterans of the First California infantry of the Spanish American war was in a panic then the bomb was thrown.

"Two women standing by me were blown to bits," said Mrs. Kinsey Van Lee of Oakland, who with her two children were injured. All the newspaper offices in San Francisco yesterday received a communication written in Roman script with an indecipherable penmanship. The words being heavily underlined. The communication was signed, "The determined exiles from militaristic government, Italy, Germany, and the states, Italy, Russia. In several instances the writer repeated himself. The communication read, "Editor, Our protest has been in vain regard to this preparedness propaganda so we are going to use a little direct action on the 23rd, which will echo around the earth and show that militarism can not be forced on us and our children without violent protest."

BATTLESHIPS SAFE IN BRITISH PORT

Warspite Shows No Evidence of Damage in Jutland Battle, as Reported

By Associated Press. London, July 23.—Doubts concerning the fate of the British battleship Warspite which may have been captured by German assertions that she was sunk in the Jutland battle, were dispelled when a representative of the Associated Press and other neutral correspondents visited this week a British port where the squadron of Vice Admiral Sir David Beatty was reviewed.

The entire squadron, with light cruisers and destroyers, was aligned ready for work. Whatever damage it suffered in the battle had been repaired and no scars were visible. The Warspite was able to return to port at a speed of 21 knots, a navy officer said, and was in dock undergoing repairs two hours after her arrival.

GERMANY AND SWITZERLAND HAVE REACHED AGREEMENT

By Associated Press. Lucerne, July 23.—The Lucerne newspapers say that Germany and Switzerland have reached an agreement regarding the indemnities to be paid the families of Swiss victims of the torpedoed Sussex. Each government has appointed an expert who will consider the cases separately and fix the amount to be paid.

DENY REPORTS THAT A SECRET TREATY EXISTS

By Associated Press. London, July 23.—The report that a secret treaty has been concluded between Austria-Hungary and Germany, providing for the unification of armies and conduct of foreign affairs, is emphatically denied by the Hungarian press according to the Vienna correspondent of the Exchange Telegraph Company.

FURTHER SUCCESS ATTENDS ATTACK OF THE RUSSIANS

GENERAL SAKHAROFF'S FORCES CONTINUE THEIR ADVANCES AGAINST AUSTRO-GERMANS, DRIVING TOWARD GALICIA.

ARTILLERY IN WEST

Russians Are Reported to Have Captured 12,000 Prisoners Thursday and Friday—Progress Being Made in Armenia.

The Associated Press summarizes the European situation as follows: With the lessening of the intense activity which has marked the operations in Northern France since July 1 the center of the interest has shifted at least momentarily to the Russian front.

General Sakharaoff's forces continue their advance against the Austro-Germans, driving them toward the northern border of Galicia. Following their retirement from the salient formed by the Lipa and Styr rivers to the heights of Berestoch, it was expected the Germans and Austrians would make a determined stand against the Russian advance. The official report from Petrograd, however, indicates that the Teutons have failed to check General Sakharaoff's troops.

The Russians now are west of Berestoch, and the fighting continues. The captured Austro-Germans Thursday and Friday are said to number 12,000.

Further successes are attending the attempt of the Russians to enter the Hungarian plains of Bukovina. Minor defeats for the Austrians south of Delatyn are reported from Petrograd. Lively artillery duels continue north and south of the Somme. The Germans are reported to be using gas shells against the British, replying vigorously to the bombardment.

In Turkish Armenia the Russians are progressing in their advance toward Erzingan. Grand Duke Nicholas' men also have made progress along the Black Sea coast. Additional successes for the British and Belgians against the Germans in German East Africa are claimed. The Germans have lost a number of prisoners as well as several towns and Lieutenant General Smuts, the British command reports the occupation of the whole of the Usambara railway.

A new Turkish movement against the Suez Canal is reported from Bagdad which the Turks now are trenching at Catway, 30 miles east of the canal. British mounted troops were reported in contact with the Turks.

PUBLISHERS ARE TO BE GIVEN HEARING

Federal Trade Commission to Conduct Investigation of Price of Print Paper

By Associated Press. Washington, July 23.—Newspaper publishers throughout the country were invited today by the Federal Trade Commission to be represented at a hearing here August 1 on whether there has been an undue increase in the price of news print paper. The commission will conduct an exhaustive investigation of which the public hearing will be the first step.

WOODMEN BEGIN INVASION OF WICHITA FALLS TODAY, SPECIAL TRAINS DUE THIS AFTERNOON

The uniform rank of the Woodmen of the World takes possession of the Wichita Falls tomorrow. Already the commanders are in camp, and before tonight, many of the 2500 Texas Woodmen will have reached this city and gone into camp at Lake Wichita, where they will inhabit the tented city which has been prepared for them.

The gathering will probably be the largest ever to assemble in this city. From practically every point where there is a W. O. W. camp—and the places where there are not are few and far between—will send their uniformed representatives to this semi-military gathering, to spend most of the week in camp here.

All arrangements have been perfected for the occasion and Wichita Falls is ready with her welcome.

While most of the events will take place in the camp at Lake Wichita, Wichita Falls proper will stage some features of the encampment. The first of these will be held Tuesday night when a mammoth parade will take place. There will be a downtown dance on Eighth street and other notable features.

Special trains will bring delegations of Woodmen from many parts of Texas and the first of these will begin arriving before many hours have past. While it is impossible to estimate the attendance in advance with any degree of accuracy, officers of the Woodmen predict that at least 2000, and probably 2500, members of the uniform rank will be here, while from 1000 to 1500 other visitors are confidently expected.

The big camp at Lake Wichita has been equipped with water, lights and telephones; huge supplies of provisions have been contracted for, and everything that it has been possible to do in advance has been done.

### ALL DAY FIGHT BETWEEN TROOPS AROUND PARRAL

**300 TROOPS KILLED**

CARRANZA TROOPS ENGAGE VILLAS FORCES IN BRUNNING FIGHT.

This Number of Villa Soldiers Killed in Engagement Last Saturday.

By Associated Press.  
Chihuahua City, Mexico, July 22.—Details of an all-day running engagement near Hacienda, El Florida, about directly opposite Parral on the Chihuahua-Durango border between the Carranza troops were received here today. Gen. Jacinto Treviño, commanding the army of the north-east announced that the dispatches showed that the Villa power in Mexico had been effectively broken and it will be only a matter of few days until Villa himself is captured or killed.

The reports said that only the vigilance of the Villistas allowed their leader to escape. Dispatches which were sent from Rosario by General Imañel Laines for General Matias Ramos, commanding the government forces in that district, and were relayed from Rosario by General Domingo Arrieta, said that in the engagement which took place last Saturday approximately 200 Villa troops were killed. The Carranzas casualties were not given definitely.

### BRITISH SEEKING TO JUSTIFY ACT

**IS LESSON OF WAR**

Would Prevent Citizens From Supporting Efforts Favoring Commerce of Enemy.

By Associated Press.  
London, July 22.—In a reply to a number of criticisms which the publication of 87 American individuals and firms which English firms are forbidden to transact business under the trading with the enemy act has been made, the British government has said that the status covered by this act has been compiled from one point of view only, mainly to prevent our citizens from supporting firms which are strengthening our enemies. The act applied before, putting a firm domiciled in America on the statutory list is this: that firm by its business operations strengthening our enemies. If so then British firms may not support it.

"The status covered by this act is one of the principal lessons of the world war that the strength of a belligerent does not consist only in the resources and supplies available in his own territories but also in those which he can draw from neutral countries. As a result of a semi-military organization which the German government has imposed on every continent, every German firm throughout the world is an outpost seeking to do the most to help Germany in her effort to dominate Europe and the fact that they are established in neutral countries may be more formidable than that they are established in the British Isles."

"Can it then be said that when the British government is fully aware of its activities it shall do nothing against them? Can it declare fairly that instead of acting against them they should be actually assisted by British merchants, British cables and British shipping lines?"

### SPANELL REMOVED TO EL PASO JAIL

Said That Feels in Alpine is Tense and Feels He Will Be Guilted.

By Associated Press.  
El Paso, Texas, July 22.—Harry K. Spannall, who Thursday night shot and killed his wife and Lieut. Col. Butler at Alpine, Texas, was held in the county jail today under heavy guard. Three deputies who arrived with the prisoner early today asserted that feeling in Alpine is tense and that authorities there felt an attempt at violence might be made.

Spannall is held incommunicado. On the way to the jail the party was intercepted by a newspaper man who wanted to ask Spannall why he killed his wife and Butler.

Spannall said, "Don't bother me, I have nothing to say; authorities only once did Spannall show emotion when he awoke from a fitful sleep, burst in to weeping and asked to see his five-year-old daughter."

**WAR DEPARTMENT HAS REPORTS OF THE KILLING**

By Associated Press.  
Washington, July 22.—War department reports received today from Alpine, Texas, giving further details of the shooting of Lieutenant Butler by Harry Spannall, manager of an Alpine hotel, say that Colonel Butler was "absolutely innocent of any wrong and whatever the cause might have been, it appears to be a premeditated cold blooded murder committed by a man braced by jealousy."

The report says that Spannall invited Colonel Butler to ride in his automobile in the seat beside Mrs. Spannall and then drove into the residential district and killed both Mrs. Spannall and Butler.

"Just how the killing was done,"

### IMPORTANT BATTLE NOW IN PROSPECT

Is Expected to Prove One of the Most Important of Whole War.

By Associated Press.  
London, July 22.—The extent of the offensive which varies between the western and eastern front with almost clocklike regularity and in a manner almost completely calculated to prevent the central powers from making any considerable troops movement now is centered on the Russian front.

The fortresses under General Sakharoff have taken the offensive energetically and their victory in the salients formed by the junction of the Lipsa and Styr rivers from west of Lutsk today appears to be much more important than to be judged from either the official message from Petrograd or the Austro-German admissions of yesterday.

Gen. Sakharoff has the enemy retreating in disorderly routs before his forces. The passages of the Styr and Lipsa rivers have forced the Russian troops already surrounded Cretschk, having taken prisoners from the Austro-Germans, 200 officers and 12,000 men. The number of Austro-Germans captured in the operations in the eastern front during the past week's operation include more than 6000. By his success in driving the Austro-Germans from the Styr-Lipsa salient General Sakharoff has established his forces firmly on the right bank of the Lipsa, about 20 kilometers above its confluence west of Styr.

Meanwhile General Kurapatkin is still pressing forward against the forces of Field Marshal Von Hindenburg on the Dvina front south of Riga, and north of Smorgon. According to military critics in Petrograd a battle is in preparation in the neighborhood of Kozak, the objective of the Russian drive, which will prove one of the most important of the whole war.

No messages were received from the western front today, except reports of heavy artillery action on both sides.

The British press gives great prominence to statements published from General Joffre and to Sir Douglas Haig, the British commander. The former is reported as saying the entire allies now have the whip in hand over the central powers while General Haig said the supreme decision of the war must be made on the western front.

### DE PALMA WINNER IN 100 MILE RACE

Made An Average of 58.68 Miles Per Hour Over a Rough Track

By Associated Press.  
Kansas City, July 22.—Over a big track which had become so rough that drivers likened it to plowed land and in that that was often indicated by 10 degrees, Ralph De Palma in a German made car won the 100 motor race at the new 1-1/2 mile speedway here this afternoon. His time was one hour, 42 minutes and 54 seconds, an average of 58.68, almost 8 miles below the world's record. Lieut. O'Donnell was second with 1:04:30.

Abbie O'Donnell furnished the only accident of the day when in the 25 mile speed trial following the main event his car broke the steering axle as he was making a turn on the back stretch and the car shot through the fence and down an 18 foot embankment and was stopped by a water tank. O'Donnell was pinned under his wheel and his left arm, severed cuts on his face and body and a possible fracture of the skull. Physicians believed he would recover.

### ALLEGED ACT COMMITTED IN FIT OF JEALOUSY

By Associated Press.  
Alpine, Texas, July 22.—Practically all the town attended the funeral of Mrs. Chrysal Holland Spannall, who with Lieut. Col. Butler was killed by her husband Thursday night. As she boarded a train last night to take her husband's body to Washington for burial, Mrs. Butler said, "Neither my husband nor Mrs. Spannall are to blame."

### ALLEGED THAT U. S. IS NEGOTIATING

Would Arrange for the Evacuation of Belgium by the Germans

By Associated Press.  
Amsterdam, July 22.—Rosters have been posted on the walls of barracks in Ghent stating that negotiations have been opened between the United States and Germany for the evacuation of Belgium, according to the Acha Beige.

According to the posters Germany is prepared to withdraw from Belgium on the payment of an indemnity of forty billion marks. The poster comments sarcastically on this proposal, terming the proposed indemnity "a mere flea bite."

George Baker, general storekeeper for the Fort Worth and Denver, is here.

John Fore and daughter, Thelma, have returned after a visit with Mrs. Fore's brother at Memphis.

### ARREST BANKER ON OLD CHARGE

ACCUSED OF WRECKING BANK AT JACKSONVILLE, TEXAS FIFTEEN YEARS AGO.

### MEXICAN REFUGEE

Depositors Claimed to Have Lost \$100,000—Father and Brother Have Since Died.

By Associated Press. El Paso, Tex., July 22.—Ernest Fleager wanted in connection with the wrecking of the banking house of C. N. Fleager & Company at Jacksonville, Texas, fifteen years ago, was arrested here last night while trying to get back into Mexico. The bank in which Fleager was a partner with his father and brother, failed to open one morning and the depositors broke in the door to find it is alleged, that the vaults were empty and all notes hypothecated. Altogether the depositors claim they lost \$100,000.

The Fleagers were traced to Mexico where the father and the elder brother later died. Ernest Fleager went to San Diego, Cal. as a refugee during the recent war scare and arrived in El Paso a few days ago under the name of Barton. He intended to return to Mexico by way of Eagle Pass.

He was recognized by an old depositor and his arrest on an embezzlement charge followed.

### TONS OF EARTH CRUSH WORKMEN AT TULSA

### CHINESE OPINION AGAIN UNSETTLED

Ambitious Political Leaders Not Quid New President Their Loyal Support.

By Associated Press. Peking, July 22.—Chinese public opinion has been in a strangely unformed state since the death of Yuan Shai Kai. The passing of the would-be emperor president was seen with rejoicing rather than sorrow and efforts to enforce mourning have been somewhat farcical.

Every day it becomes clearer that many of the leaders of the revolution in the south who declare Yuan Shai Kai's retirement was the chief end they sought, had personal ambitions and are not giving Li Yuan Sun the support which might reasonably be expected of them.

Many of the provinces have refused to rejoin the union and new demands are made upon the president almost daily by political leaders in the rebellious provinces.

Ling Shiang Yi and Chow Tau Chi, the two members of the government who had most to do with finances in China, have both resigned under fire. The former was head of the financial council and director general of the bank of communications. The latter was formerly minister of commerce but for a short time served as minister of finance. Both were close advisers of Yuan Shai Kai and were regarded by foreigners as two of the ablest leaders in China.

### REDS FIRST BASEMAN IS SOLD TO CHICAGO CUBS

By Associated Press. Chicago, July 22.—Fred Mollwitz, Cincinnati first baseman, was purchased by the Chicago Nationals today. Terms of the transaction were not given out.

Mollwitz, a right-handed batter, is to oppose Sayre in the lineup when the Cubs encounter left-handed pitching, is the plan. He will join the Cubs tomorrow.

### PEACE MUST BE REALLY VALID ONE

French Senator Thus Declares and Praises the Work of British Staff

By Associated Press. Paris, July 22.—Senator Harry Baranger, who has returned from a visit to British field headquarters, quotes General Sir Douglas Haig as saying, "We must impose a peace that is really valid as we shall have paid for it."

The French senator was shown in detail the methods used by the British general staff in handling the enormous details of the western campaign. He described Sir Douglas Haig as a commander who leaves nothing to chance and said the British commander believed the war would be decided on the western battlefield.

"The technical skill of the British general staff," said the senator, "is on a par with the heroism of the British troops."

### M. T. CANFIELD FUNERAL HELD FRIDAY AFTERNOON

Attended by the Wichita Falls Masons, the body of Henry T. Canfield, pioneer resident of Wichita Falls and a Mason of long years standing, was buried Friday afternoon at 5 o'clock in Riverside. Death came Wednesday night after a continued illness with kidney trouble.

The funeral service was conducted by the Rev. N. F. Grafton of the First Presbyterian church of which Mr. Canfield was a member and then the Masons took charge. Acting pall bearers were Judge A. H. Carrigan, J. A. Kemp, W. M. McGregor, Tom J. Taylor, J. A. Richolt, Judge J. T. Montgomery, J. L. Downing and E. V. Friberg.

Mrs. Prescott, daughter of Mr. Canfield, with her husband, were here from Kansas City to attend the funeral. Edison Jalonick of Dallas, grandson of Mr. Canfield, was also here.

Other surviving relatives were the widow and Mrs. Earl Clayton and little daughter, grand daughter and great granddaughter of Mrs. Canfield.

# SAYS BLACKLIST IS BIG BLUNDER

THIS OPINION OF BRITISH ACTION IS EXPRESSED BY DIPLOMAT.

# TIME INOPPORTUNE

There is a Possibility of Legal Retaliation by Other Countries Involved.

By Associated Press. London, July 21.—A neutral diplomat exceptionally well informed regarding the details of the economic war which Great Britain is waging on the central powers, declared today to a representative of the Associated Press that he regarded the recent publication by the British government of the black list of certain American firms as "the greatest possible tactical blunder at this stage, when a French loan is about to be floated in American and important Russian financial arrangements are under way there."

"It is a blunder," continued the diplomat, "because it is unnecessary, since for months most of the firms on the list have been on a sub rosa black list. At any rate they were not on a white list, so the government had a complete control over any of its operations which touched British territory."

"Its publication at this time is a mystery. One possible theory is that the government's hand was forced by recalcitrant British firms who have decided to give up trading with firms not on the white list unless their position was made legally untenable by the actual promulgation by the publication of the list."

"Possibility of legal retaliation for the black list is a question for international lawyers but the possibility for an unofficial retaliation is almost unlimited."

# BENEFICIAL RAIN FALLS IN FREDERICK VICINITY

(Frederick Leader) At the close of a day of intense heat, a heavy rain storm came from the north Wednesday night which started between 10 and 11 o'clock and continued during a large part of the night. The fall, according to the measurement shown by the government rain gauge, was 1.46. This rain did not come in a dashing manner, but fell gently, just the way that it was needed to give the greatest benefit to the parched earth and suffering crops. Much of the Indiana corn in Tillman county was already damaged beyond hope of restoration before the rain came, but on the other hand there are lots of fields which this rain will help wonderfully and which, with a continuance of favorable weather, will yet make considerable crops. Cotton was in splendid condition, standing green and vigorous, and putting on many squares. The moisture will be a powerful element in promoting the growth of the crop. Feed crops, especially kafir corn, have stood the drought well, in the main and will now take on rapid growth. The rain seems to have been general over the county.

GERMANY WANTS SWEDEN IN WAR

ALLEGED OFFICIAL REPORT ON MATTER CAUGHT BY WELL-LAID PLAN

Propaganda to Bring Sweden to German View

Associated Press Mail Correspondence

Stockholm.—A sensation has been created through all of Sweden by the publication of a report from a German agent in this country regarding a plan to bring Sweden into a political "if not closer" alliance with Germany as the northern link in "an inviolable wall against Russia and against the Asiatic danger."

This wall, representing a new idea as to Germany's plans, is referred to as being constructed by Turkey, Bulgaria, Austria and Germany.

For the work of propaganda in Sweden the alleged report asks for a preliminary appropriation of more than 100,000 marks and suggests that Turkey and the other allies of Germany be asked to contribute their proper share.

The anti-German newspapers in Stockholm rather bitterly upon this suggestion of an international "slush fund" for Sweden, but assert that many of the recommendations in the report, evidently written last December, have been carried into effect.

It also is asserted that the report explains much of the recent activity in Sweden against Russia and the attempt to force a situation which would cause Sweden to declare war as an ally of the Central Powers.

The report as printed in detail, begins with a discussion of the possible effect of a Russian offensive by the sea.

It said that if Russia showed sufficient signs of recuperation to reorganize its armies into an effective force, it would be necessary at once to carry forward a propaganda campaign showing the Swedish people how greatly it would be to their advantage to interfere and ally themselves with Germany.

Their present interests and assuring their future. The report is addressed to "Your Excellency" and says among other things:

"Even if you have only a political union in mind, considerable work will be necessary to win over the Swedish elements not already on our side and actively favoring an alliance with the Central Powers. The Swedish sentiment can not be swayed by sporadic methods. It must be trained by systematic and sustained propaganda. We must win over the Swedish people by a tentative effort. This propaganda must be cautiously executed if we are to gain the active interference of Sweden in the spring of 1916. We must be particularly careful not to appear that the propaganda springs from a foreign source. Every political thinking Swede must be convinced that he had made his choice voluntarily and in the interest of his nation."

"In the opinion of pro-German politicians Sweden has not come into the war because she is a neutral country. But gradually the political influences are becoming more and more unfavorable to the entente, especially in England. The new constellation of nations, arising from the violation of the Balkans, has tended to win not only the sympathy but the reason of the Swedish people for the Central Powers."

"Concerning the tactics of the propaganda it should be carried forward on three main lines:

"First, opposition to and guarantee against British power."

"Second, information concerning true conditions in Russia and the danger threatening Sweden from that quarter."

"Third, the advantage of a lasting union with the central powers."

"The so-called activist group in Sweden has lost considerably in influence lately. Perhaps the designation was unjustly applied to some of the best pro-Germans, who believe in the ultimate goal of war on behalf of Germany, have hesitated publicly to align themselves with the group which demands immediate action without the necessary working up of public opinion."

"There is no denying that in the last ten months sentiment has been growing against throwing Sweden into the horrors of the war without a compelling cause. The pro-German group, however, in its press and in its agitation against the entente, has been directing public opinion toward a neutrality as it should be."

"The report then declares that the activists have been so impatient and sharp in their demands as to create the suspicion of being foreign agents. Some of these unwise activists, it says, must be cast aside, like many other 'unpleasant' and 'unreliable' persons. The report continues:

"I believe that most of the Swedes who must decide the fate of their nation, can be won over for union with the central powers. It is a question now of gathering our friends, and many of those whose sympathies are with us but who yet stand apart, into a new party which will stand between the activists and the pacifists, but which at the psychological moment will combine forces with the activists to bring about the desired result. In this group or party we must get some whose names and whose standing place them above all suspicion. Our program must avoid jingoism or being more Swedish than the Swedes. It must keep the path for the union of Sweden with the central powers as a move that makes certain the future of the country for years to come. If the ground is properly prepared in advance this position will win the adherence of the people at large. The movement must appear to come from the broad mass of the people."

"The report refers to 'several unfortunate incidents' of the activist campaign, and particularly deprecates the lecture delivered in Stockholm by the German professor, Wilhelm Ostwald, 'publicly proclaiming Germany's plans of conquest.'"

"Our only practical reason," the report continues, "can cause the Swedes to turn about, but the foundation are not lacking for practical politics or other material for convincing the people where their true interests are to be sought."

"The systematic effort we could make on the social democrats headed by Branting and who are so decidedly pro-English. I wish to propose a pamphlet in which the democracy of the western powers shall be laid bare in all its nakedness and where the real policy of England and its actions against smaller nations, shall be pointed out in juxtaposition to the theory of English democracy. This pamphlet should deal with internal conditions in Russia and Poland and should show the relation of our social democrats to the fatherland. Through reviews in the press this pamphlet could be given great publicity throughout the country."

"The Swedish-Russian question must of course play an important part in the propaganda. A Russian news bureau with a Swedish name should at once be started in Stockholm, because Russian questions now are given only small space in the newspapers. I have the proper men in mind for the collection and handling of this material. A leading news writer, Dr. Dr. Paul Rohrbach, in this publication the principle has been followed of giving it the character of a Swedish work, putting on the name of a Swedish author and issuing it from a printing house above the suspicion of being in the pay of Germany."

"The only thing lacking to put through a big plan in Sweden is an initiative and systematic work. One of the main things is a treatment of the questions between Sweden and England. We must convince Sweden that her position is going to be rendered more and more difficult by England. If a little money is spent a whole lot can be done along this line by clever propaganda. We must adopt the policy of making our work as easily and quickly as possible in order to present the righteous cause and objects of the central powers in the proper light. The main causes of entente sympathy are:

"1. The publication in Germany of annexation of territory plans."

"2. The supposed over-development of German military power."

"3. The violation of Belgian neutrality."

"4. The U-boat war (Lusitania)."

"5. The assertion of entente friends that Germany was preparing to bring about the war."

"6. The publication here of articles asserting the danger of German imperialism which would reduce Sweden to a vassal state."

"In our propaganda special attention must be given to these points. The various subjects should be dealt with in quieting and reassuring articles. The pamphlet 'The objects of high ideals of our military system are not understood in Sweden. We should compare the violation of Greek neutrality by the entente with the violation of Belgian neutrality. We must compare the U-boat war with the English sea policy. All that favors us must be properly considered."

"The report deals with Sweden's growing export trade, the establishment of direct lines of steamers to America and to England, and the great increase of business with Russia as one of the great obstacles in the way of inducing the people into a union with Germany, especially as they have discovered they can carry on trade independently of Hamburg."

"The report refers to the good propaganda work of the anonymous pro-German pamphlet entitled, 'Sweden's Foreign Policy in the Light of the World War,' and recommends that a German edition be printed for circulation in the empire."

"The German papers," the report adds, "should be given strict instructions to how they shall review the work in order that a proper reflective effect may be had in Sweden. They must be told not to go too far, but shall gently hint that Sweden's standing apart from Germany is sincerely regretted and that it can not help but engender a slight feeling of coolness on the part of the friendly German people."

"Judging from the mood of Sweden in the past ten months it easily is concluded that she does not wish to break either with England or with Germany. I am told that Sweden might more easily be carried along if Germany

GERMANY WANTS SWEDEN IN WAR

ALLEGED OFFICIAL REPORT ON MATTER CAUGHT BY WELL-LAID PLAN

Propaganda to Bring Sweden to German View

Associated Press Mail Correspondence

Stockholm.—A sensation has been created through all of Sweden by the publication of a report from a German agent in this country regarding a plan to bring Sweden into a political "if not closer" alliance with Germany as the northern link in "an inviolable wall against Russia and against the Asiatic danger."

This wall, representing a new idea as to Germany's plans, is referred to as being constructed by Turkey, Bulgaria, Austria and Germany.

For the work of propaganda in Sweden the alleged report asks for a preliminary appropriation of more than 100,000 marks and suggests that Turkey and the other allies of Germany be asked to contribute their proper share.

The anti-German newspapers in Stockholm rather bitterly upon this suggestion of an international "slush fund" for Sweden, but assert that many of the recommendations in the report, evidently written last December, have been carried into effect.

It also is asserted that the report explains much of the recent activity in Sweden against Russia and the attempt to force a situation which would cause Sweden to declare war as an ally of the Central Powers.

The report as printed in detail, begins with a discussion of the possible effect of a Russian offensive by the sea.

It said that if Russia showed sufficient signs of recuperation to reorganize its armies into an effective force, it would be necessary at once to carry forward a propaganda campaign showing the Swedish people how greatly it would be to their advantage to interfere and ally themselves with Germany.

Their present interests and assuring their future. The report is addressed to "Your Excellency" and says among other things:

"Even if you have only a political union in mind, considerable work will be necessary to win over the Swedish elements not already on our side and actively favoring an alliance with the Central Powers. The Swedish sentiment can not be swayed by sporadic methods. It must be trained by systematic and sustained propaganda. We must win over the Swedish people by a tentative effort. Yesterday's primary put it up to many voters to choose between friends with about equal qualifications for the office for which they were candidates. It is the necessity of making this choice which makes the casting of his ballot an ordeal for many a voter.

The majority of democrats, the Times believes, endorse President Wilson's desire to have a child labor law enacted before congress adjourns. The enactment of such a law will add another important accomplishment to the democratic record. But some democratic members of congress say they don't want to enact the legislation at this session as they want something to go back for. They give this as one of their reasons for not wanting to take up the child labor law at this time.

Indiana has always been debatable ground in national elections and the two big parties make strong bids for the Indiana vote. That is one reason why so many Indiana men have been made the nominees by one party or the other or sometimes both for vice president and for president. This year Indiana will have not only two vice presidential candidates, but a presidential candidate as well. J. Frank Hanley, who was nominated for president on the prohibition ticket, was formerly governor of Indiana, being elected as a republican. In 1908 he received the vote of the Indiana delegation in the republican convention for presidential nomination. He was talked of as a candidate for governor this year on the progressive ticket and some Indiana progressives even urged his nomination for the presidency on the progressive ticket. He was very popular as governor of Indiana until his activity in prohibition movements brought him into disfavor with the leaders of his party. Healy will get the vote of a good many progressives in Indiana, who could not be induced to vote the democratic ticket. His nomination by the prohibitionists ought to make the chances for the democrats to carry Indiana much better.

SIR ROGER'S PLEA

The niceties of the law were never more clearly set forth than in the argument for an appeal in the case of Sir Roger Casement, in the court of criminal appeals in England.

England is recognized the world over as the seat of laws. The common law of England, whose changes by statute, prevails in every state in the United States. All precedents on which the most momentous questions are determined rest on this common law.

A celebrated lawyer once told the student in his office, in sending him out to try a minor case, "if you forget the law, just remember that common sense is law and law is common sense." An admirable precept, but how often forgotten. Lawyers succeed by splitting hairs. In the Sir Roger Casement case, the point was sprung that the conspiracy, if any there was, was hatched in Germany and not "within the realm." That is what the defendant makes in this case. The question of jurisdiction is one ever taken under consideration by the courts with the greatest care and attention, because, like an alibi, it is an awful good plea if it can be made to stick, and dangerous if it fails.

Mr. Sullivan, counsel for Sir Roger, in presenting this case, cited decisions back to the year 1413, particularly where a man was indicted for attempting the king's life and in a province then not considered within the realm and the man was discharged.

Sir Roger Casement landed in Ireland. He had in his possession arms, which of themselves proved nothing, but the government went back of that and charged him with conspiracy which, if done anywhere, must have been done in Germany.

But be this as it may, if England is to be the seat of law, Sir Roger, Sir Roger is going to bring. As a matter of fact, if it, or the broad flat twang of it, England cares not a jot. Vide the notes of the notes of the United States protesting against England's open violation of international law and the answers to the notes that never came.—Austin Adams.

FREDERICK BUSINESS MEN WANT RAIL STRIKE AVERTED

(Frederick, Md.)

At a meeting of the board of directors of the Frederick Chamber of Commerce, held Tuesday afternoon, the following resolution was adopted and carried through unanimously by a vote of 12 to 0.

"Whereas, there is now pending between the American Railway Association and the train service brotherhoods a controversy over wages and hours of service which has resulted in a strike of the trainmen which would result in a traffic paralysis industry and vitally affect the citizens of the United States, and whereas, it is the duty of the government of this country to protect its citizens from such a calamity and to promote peace between its various citizens, be it

"Resolved, by the board of directors of the Chamber of Commerce of the city of Frederick, Md., that it is the duty of congress to immediately enact a law vesting power in the Interstate Commerce Commission to first investigate all the facts and conditions as they exist; such settlement as the said commission should make to be in the interests of justice and fairness to all parties concerned and such as would best serve the public welfare and to be absolutely binding on the parties to the controversy."

"Resolved, further, that we call upon our representatives in congress to give their support to such legislation, and that copies of this resolution be transmitted to the Oklahoma senators and the congressman from this district."

THE RURAL CREDIT LAW

It is practically certain that one of the land loan banks to be established under the rural credit law signed by President Wilson will be located in the Southwest. Oklahoma City and Fort Worth are already asking for the location of the bank. This territory would be well served either from Oklahoma City or Fort Worth, although Texans generally would rather see the bank located in a Texas city just as Oklahomans would rather see it located in Oklahoma City. The purpose of the new law is to provide long time loans to farmers.

The main points of the farm loan act are outlined briefly as follows: The act provides for the creation of 12 Federal land banks and permits the establishment of any number of joint-stock land banks for the purpose of making loans at a reasonable rate of interest, for long periods of time, on farm lands.

A federal farm loan board has complete control over these banks.

Twelve federal land banks are provided, one in each of 12 districts into which the country will be divided. These banks are empowered to lend on first mortgages on farm lands in amounts of \$100 to \$10,000 for approved purposes. The loans are to be made through farm loan associations and agents. No loan may be made for more than 50 per cent of the value of the land mortgaged and 20 per cent of the value of the permanent insured improvements upon it.

PARALYSIS CAUSES 3 TEXAS DEATHS

Vital Statistics for Month of June Show Tuberculosis Leads in Death Causes

By Associated Press. Austin, Tex., July 22.—The state health department today made public the state health report for the month of June as based on reports received from city and county health officers. This report shows, during the past month, 243 deaths from tuberculosis, not including 42 new cases reported; 80 cases of small pox with eight deaths; 29 cases of scarlet fever with one death; 29 cases of diphtheria with nine deaths; and 165 cases of typhoid fever, with 45 deaths.

Tuberculosis leads as the cause of death, there being 243 deaths from that disease. Pneumonia caused 81 deaths; suicides 57; homicides 51; infantile paralysis 3; anthrax 1; typhus fever 3. Four persons died at over 100 years of age.

WOMEN IN PARADE THROUGH LONDON

Gives Impressive Demonstration For Their Work in the War Now Raging

By Associated Press. London, July 22.—British women gave an impressive demonstration today for their work in the war, thousands participating in a parade through the central districts of London.

There were women in overalls from munition factories, nurses, chauffeurs, street car conductors, railroad workers and agricultural laborers. In the demonstration also were floats and emblematic memorials to Earl Kitchener and the soldiers and sailors who have been killed in the war. Other women impersonated detachments of troops from the British dominions and from all the allied army.

At the conclusion of the pageant wreaths were deposited on the monument to Wellington and Nelson.

ARREST GOODLETT YOUTH ON CHARGE OF FORGERY

(Quinn Tribune-Chief) B. F. Daniel, member of one of the most respected families in the county, was arrested at Goodlett last week on a charge of forgery. He was carried to Fort Worth and gave bond in the sum of \$500. It was charged that a few days ago in Fort Worth young Daniel met a man by the name of Sullivan, who had a bank account at Eldorado. Daniel presented himself at the Western Union Telegraph office and wired to Eldorado for twenty dollars, using the name of Sullivan which money was turned over to him without identification. The Bankers' Association took the matter up and traced the forgery back to Daniel. Mrs. G. D. Anderson and son and daughter, Lillian and Miss Letta Beal and nephew, Charles A. Morris are at Kerrville, Texas, to spend the remainder of July and the month of August. On the way to Kerrville the party spent some time on the Llano river and reports come back that Dillard proved to be a considerable fisherman, catching a trout so big that it pulled him into the river before he was able to land it. of the Stones' Wrapped Cakes, a new confection which will be handled by the Bert Bean Coffee House. Mr. Bean shared his first shipment of these cakes with The Times and they were greatly enjoyed. The cakes are baked in a Dutch bakery and shipped daily, six varieties being prepared. They are just like the home made article, being rich and well flavored and distinctly different from the average "bought" cake. Mr. Bean is going to undertake to supply the demands of Wichitans for these cakes. PLURALITY FOR STEPHENS IS INDICED IN YOUNG Special to The Times. London, July 22.—Examination of the full text of the announcement made in the House of Commons Wednesday by the chancellor of the exchequer, Reginald McKenna, shows that he did not state as reported that the taxes would be imposed on excess profits of shipping companies. The question was raised in the House by Robert Outthwaite, who suggested the government ought to take a large share of the profits, Mr. McKenna replied by explaining that the government, through the income tax and the excess profits tax already was taking 77 per cent of those profits which he considered rather a large share. It did not allow the companies, he said, to add to the reserve fund.

### LOCAL GIRLS ENJOY HOUSE PARTY AT OLNEY

Three of the local younger set of girls, Misses Wilma Filgo, Annetta Monroe and Edith Yates have just returned from a house party at Olney, Texas, where they were the guests of Dr. and Mrs. George B. Hamilton, Miss Yates being a sister to Mrs. Hamilton. The entire four days

of the house party was a round of gaiety for the visitors. On Wednesday evening the three Wichita Falls girls were honored at a dance given by the Olney boys. The Spanish orchestra furnished music and delicious refreshments were served at a late hour to fifteen couples. Thursday evening Dr. and Mrs. I. A. Gregg entertained most delightfully with an informal dance for the girls at their

home. Punch was served to refresh the dancers throughout the evening. There were ten couples including the honorees, Misses Yates, Monroe and Filgo. Other out of town guests were: Messrs. Hugh Hopper and Roy Jackson of Jermyn, Texas. Friday night the farewell dance was given by Dr. and Mrs. Hamilton. The Hamilton residence was elaborately decorated in Shasta daisies, and the color scheme of gold and white furnished by these flowers was carried out in all accessories. The gowns of the honorees were in harmony with the prevailing motif. The guest list included visitors from Jermyn, Mineral Wells, Jackboro and Dallas, and the honorees, Misses Monroe, Yates and Filgo.

### CONGENIAL CROCHET CLUB MEETS FRIDAY AFTERNOON

Mrs. T. O. Shappell was hostess to the Congenial Crochet Club in most pleasant informal session Friday afternoon. For the diversion the members engaged in fancywork, all the while enjoying social chat. Delicious ice cream with cake, wafers and orange juice was served to Mesdames Bachman, C. A. Andree, A. J. Andree, Brown, Snyder and Duke. The next meeting will be held in two weeks with Mrs. F. W. Snyder.

### MISS BACHMAN ENTERTAINS AT DINNER FRIDAY

A perfectly appointed 8 o'clock dinner was given Friday evening by Miss Rubie Bachman in compliment to her house guests, Misses Allie Mae Marberry of Henrietta, Texas; Juanita Long of Nashville, Tenn.; and Ola Mae Shaver of Madisonville, Ky. Covers were laid for twelve and the table was centered by a basket of

pink roses. A five course repast was served, and the evening spent with music and other informal pleasures. The diners included: Misses Juanita Long, Ola Mae Shaver, Allie Mae Marberry, Caro Belle Blair, Rubie Bachman, Messrs. John Butts, Harrison Bachman, Henry K. Arnold, Irl Webster, Jean Montgomery and Mr. and Mrs. Ross Conitt.

### ELLA MERLE MATHIS ENTERTAINS MERRY MAIDS

A delightful playtime with Miss Ella Merle Mathis was enjoyed Friday by the members of the Merry Maids. Miss Mathis entertained for the reason that before the next club meeting she will be out of town on a summer trip. Croquet and other lawn games were enjoyed and there were lemonade and cake served. The girls present were: Misses Rosalie Stampfl, Edith Adams, Cecil McCurdy, Dorothy Ziskind and the hostess.

### WITH THE WOMEN OF THE CHURCHES

The Ladies' Aid of the Central Presbyterian Church will meet with Mrs. J. B. Nussbaum at 8 o'clock. The Baptist Woman's Alliance will meet at the First Baptist Church Monday afternoon at 8 o'clock. ### THRIFT URGED BY PYTHIAN OFFICIAL

George B. Griggs of Houston Addresses Local Lodge at Meeting Friday Night.

The Knights of Pythias had for their guest, at a special meeting held Friday night, Supreme Representative, Geo. B. Griggs, who is en route to the grand lodge meeting to be held at Portland, Oregon, and is lecturing at a number of points along the way. Mr. Griggs is not only one of the leading men in that organization, but is a speaker of note, and his visit to the city was quite an event in the history of the local lodge.

The meeting was well attended, a number of Knights from surrounding towns availing themselves of the opportunity, this being the only appointment in this section of the state. His next stop will be at Childress, where he is to speak Monday night. Mr. Griggs is advocating a new doctrine in fraternal obligations and is seeking to interest members of the order in this plan, which has for its purpose the protection of the families of members. He is seeking to more fully impress the membership with its duties and responsibilities in this respect, calling attention to the fact that no member of the order has a moral right to spend all of his earnings and leave his wife and children a burden upon the membership to be maintained and cared for and charges that any member who does so violates the most sacred vows and obligations of the organization.

He appealed to the lodge to urge and teach and require that membership in the order shall mean not only money men; good citizenship, but above all, it shall mean that every member shall practice that thrift and frugality which shall guarantee the saving of a portion of his earnings for the protection of the loved ones when he is gone. He further declared that a man who would not follow such a course and protect those dependent upon him was not good timber for membership in the order of Knights of Pythias. Mr. Griggs remained over in the city yesterday and in company with leading members, called on quite a number in the interest of the movement he is advocating.

### TO GOVERNOR WITH NEGRO'S PETITION

Attorneys For Charles Thompson Will Seek to Have Sentence Commuted.

Attorney Ralph Mathis expects to leave for Austin Monday in the interest of Charles Thompson, the negro that is condemned to die on August 1st. Mr. Mathis will make an effort to have the sentence commuted to life imprisonment, which request is embodied in a petition to be presented to the governor. The petition bears a large number of signatures, including several members of the bar and a number of those who served on the jury in the case.

### ESTIMATES PUT COLQUITT FIRST

FIGURES BASED ON ADVICES FROM ALL COUNTIES IN STATE.

### DR. BROOKS SECOND

Correspondents of Election Bureau Submit Views as to Probable Outcome.

Pre-election estimates as to the standing of candidates for the United States Senate, compiled from reports received at the office of the Texas Election Bureau from correspondents in every county in Texas between July 15 and July 18, are as follows:

Colquitt	93,040
Brooks	91,090
Culbertson	79,146
Campbell	74,785
Henry	56,470
Davis	11,220

The above figures represent the estimate on the vote for United States Senator in democratic primary held throughout Texas Saturday and is compiled from more than 250 reports sent into the Texas Election Bureau from newspaper correspondents in every county in the state.

The Texas Election Bureau, in which are the leading Texas newspapers receive these estimates between the 15 and 18 of July. Estimates were made by the correspondents on only the senatorship, that being the contest in which the greatest interest has been manifested.

It is plain from the estimate of returns that a second or run-off primary in the race for United States senator will be necessary. In fact these figures merely confirm what has been a foregone conclusion for many months.

One of the most interesting features of the estimate is that the correspondents account for a possible 405,750 votes in the Democratic pri-

mary. Other estimates of the vote cast Saturday have not run so high.

In twenty Northeast Texas counties, the estimate shows Brooks in the lead with 13,760, Colquitt second with 11,500, Campbell third with 10,900, Culbertson fourth with 8,750 and Henry fifth with 5,600. This territory includes Tarrant, Tarrant, Lamar, Kaufman, and other heavy voting counties, and runs as far south as Harrison county.

The East Texas division of 22 counties, running south to Jefferson county, the estimate gives Campbell 10,280, Brooks 8,450, Colquitt 7,900, Culbertson 7,420, and Henry 4,600.

Twenty-nine North Texas counties running from Dallas, Collin and Grayson west to Hardeman, Knox and Foard, give Brooks 23,500, Culbertson 19,500, Colquitt 15,400, Campbell 15,200, and Henry 10,800 votes.

The Panhandle Counties' estimate shows Brooks with 6,000, Campbell with 4,000, Colquitt with 3,800, Culbertson with 2,700, and Henry with 2,340.

The Middle West Counties from Clinton and Crawford south to Stibbe, east through Comanche and west through Sterling and Iron, show Brooks 9,450, Campbell 6,900, Colquitt 6,850, Henry 4,800 and Culbertson 4,500.

The West Texas counties from El Paso west to Val Verde and as far north as Andrews, Martin and Howard, show Culbertson with 2,800, Colquitt with 2,550, Brooks with 1,570, Henry with 1,350, and Campbell with 1,075.

The Southwest Texas counties from Gillespie and Kerr, west to Edwards and Kinney and south to the Rio Grande, show Culbertson with 10,470, Colquitt with 9,900, Henry with 6,700, Campbell with 4,630, and Brooks with 2,500.

Twenty-two Central Texas counties across to Waco and Austin and lying about these two cities show Brooks with 19,070, Colquitt with 17,000, Campbell with 12,900, Henry with 11,900 and Culbertson with 8,900.

Twenty-seven South Texas counties show Colquitt with 17,550, Culbertson with 14,200, Henry with 9,100, Campbell with 8,100 and Brooks with 5,900.

These estimates are given that the public may have some idea of the opinion of newspaper correspondents throughout the state who have been instructed to submit their figures regardless of their personal political inclinations and in order to give the public a glance at the so-called pre-election figures.

The work of counting the ballots will doubtless proceed more slowly than usual because of the great length of the ballot in many counties.

In addition to the many state races, submission is found at the top of the ballot and the vote on the Robertson law is taken at the bottom. In many of the heaviest voting counties, this is what is called "county candidate year" and all county nominations, where the two term rule prevails, are being made. There are many congressional and judicial contests to be canvassed too by the election judges.

The only state officers to be nominated without opposition are W. P. Hobby, candidate for lieutenant governor, and W. P. Doughty, state superintendent of public instruction.

#### EDUCATIONAL CONFERENCE TO BE HELD IN OZARKS

By Associated Press.  
Monte, Ark., July 22.—To make character teaching as practicable as the teaching of "the three R's" is the object of a conference which opens in this Ozark Mountain hamlet tomorrow and continues through July 29. The gathering is to be known as "The Character Building Conference" and educators of national prominence from many states will attend. It will be the first conference of its kind in this country and its promoters hope the result will be a foundation upon which a considerable structure of better citizenship may be erected.

The meeting is being promoted by a national organization connected with which are Charles Henry Davis of Massachusetts, Governor Capper of Kansas, William Huttig of Kansas City, Mo., and many others. W. W. Thomas of Springfield, Mo., president of the Missouri State School Teachers' association, will act as director of the conference.

The local committee has arranged to entertain the educators during the week of the conference with an Ozark Mountain Fiddlers' Contest, an event which probably will ever remain fresh in the memory of those who witness and hear it.

#### GRAND TROTTING CIRCUIT IN DETROIT THIS WEEK

By Associated Press.  
Detroit, Mich., July 22.—Two hundred and fifty horses, including the cream of the trotting world, are entered in events which compose the Detroit Grand circuit meeting that will begin next Monday and last through Friday. Officials of the Detroit Driving club have said that the unusually large number of entries in the late closing events "was a surprise."

The historic Merchants' and Manufacturers' stake of \$10,000 for 2:08 trotters, will be fought out on Wednesday. Pacers, in the 2:06 pace, are to decide the Board of Commerce Stake on Tuesday. This event is worth \$5,000. The M and M has attracted 20 entries. The same number of horses are entered in the \$5,000 pace. The Michigan Shortship circuit has sent a record breaking number of horses here.

# PARADES, DRILLS, SECRET WORK AND ATHLETIC EVENTS TO BE AMONG ENCAMPMENT FEATURES

(Continued from Page 1, Section 1.)

The Woodmen companies from Fort Worth and adjacent cities will arrive in a special train over the Denver at 1:30 this afternoon, and the Dallas contingent will arrive at the same hour over a Katy special. At 5 a. m. Monday morning a Cotton Belt special will come in over the Denver carrying an outfit from Tyler and nearby cities. The other companies will arrive over the regular trains during Sunday and Monday.

The great parade Tuesday night which will formally usher in the encampment is expected to go forward without a hitch. The men will disembark from the special street cars at the corner of Tenth and Lamar and the procession will move forward on a regular schedule. Probably as many as sixty of the higher officers will be mounted and it is expected to give a sufficient force to marshal the procession forward without any falling behind schedule. The five military bands will be posted at intervals throughout the parade and furnish a continual musical program during the passage of the companies. It is thought that the procession will extend to a length of at least three miles and require more than an hour to pass a given point.

Wednesday night the feature will be some fancy drills at the hall park at the lake by the Oak Hill team. The band will be specially lighted for the occasion and the drills will be as plainly seen as by day. Twenty negroes in a monster battle royal will furnish a comical conclusion to the Wednesday night program.

Thursday and Friday night are the dates for the exemplification of the secret work of the order, the only part of the program not open to the public. This is a new feature for the annual encampments and is expected to furnish an extremely interesting feature for the Woodmen visitors not in the uniform rank who are in attendance.

A bout to be pulled between Tex Selman and Tex Erwin will prove a feature sure to attract the interest of the sportively inclined among the Woodchoppers. These men are scheduled to sleep over a ten pound route at the hall park Monday night. In weight and experience the men, both middle-aged, seem to be very evenly matched. Selman has the middleweight title of the Pacific fleet and of the South. Erwin after cleaning up on all the likely middleweights in Tex-

as last year went out to the Pacific coast where he has been making the going rough for some of the best boys in his class in that section. Both men believe in mixing things from the gong and the bout promises to see many good blows passed from the word go.

The Woodmen will soon discard the size in favor of the army rifle. The plans now being mapped out by the officers of the order are maintained. Col. C. L. Mather of Omaha, assistant adjutant general, who is now in the city to attend the encampment of the uniform rank this week will return by way of Washington where he and other high officers of the order will confer with the officials of the war department in an effort to get the government to recognize the uniform rank as a unit in the system of national defense. In that case U. S. Army rifles will be issued to the men and more attention than formerly will be paid to the military features of the work. The military instruction will then be under the direct supervision of officers detailed for the purpose from the regular army, and the officers of the Woodmen corps will have the same privilege of instruction in the army service schools as the officers of the National Guard.

Heretofore little attention has been paid to the military feature of the work except for the close order drills. The close order formations are rarely used in battle, but are invaluable exercises in physical conditioning, inculcating discipline, and accustoming the men to work as a single machine.

Under the new dispensation it is intended to thoroughly drill the men in extended order, which is the formation almost altogether used in battle, as well giving them a stiff course in target practice with the military rifles and complete instruction in bayonet exercises and other important branches of military training. In other words it is intended to give the uniform rank into a body of highly trained soldiers officered by thoroughly capable commanding officers.

Since General McDill called the public's attention so sharply to the military feature of the order by offering the services of a brigade of the uniform rank from Texas there has been a great deal of interest in this feature displayed both within the order and by the public in general, and this latest step demonstrating the patriotism of the Woodmen is sure to provoke much favorable comment throughout the country. It will be re-

membered that the Texas department has taken the lead in this matter from the first. Texas has nearly 16,000 Woodmen, uniformed rank, and a Woodmen membership of over two hundred thousand. These figures show that the order would be a valuable asset to the country in time of war with a thorough course in military training as the most prominent feature of the work.

Crowds of Wichitans visited the Woodmen encampment out at the Lake yesterday, and large numbers are expected to visit today. The rows and rows of snow white tents in perfect alignment are a sight that will well repay a visit. The camp is pitched justly south of the hall park facing the lake. The camp has a frontage of 1084 feet and extends back to a depth of 450 feet. A total of 504 tents are necessary for the housing of the men and the necessary kitchen and mess tents, supply and storage tents, etc.

A large field has been cleared in front of the camp to serve as common parade ground. Individual regimental parades have been laid out to the north of the camp and behind the hall park. The northwestern corner of the camp and facing south on the parade ground the brigade headquarters staff quarters for the general staff are located. At the southern end of the parade grounds are the hospital tents and quarters for the medical staff. Although thoroughly prepared to cope with any form of disease that may be contracted by the men, officers of the order say that very little sickness is ever encountered at the encampments other than an occasional touch of the sun.

The layout of the camp proper contemplated for the encampment is in extended order, which is the formation almost altogether used in battle, as well giving them a stiff course in target practice with the military rifles and complete instruction in bayonet exercises and other important branches of military training. In other words it is intended to give the uniform rank into a body of highly trained soldiers officered by thoroughly capable commanding officers.

Since General McDill called the public's attention so sharply to the military feature of the order by offering the services of a brigade of the uniform rank from Texas there has been a great deal of interest in this feature displayed both within the order and by the public in general, and this latest step demonstrating the patriotism of the Woodmen is sure to provoke much favorable comment throughout the country. By order of General McDill, P. C. HERNICHEL, Major and Brigade Adjutant.

The following officers compose the advance guard who have already in camp: General R. H. McDill, Major P. C. HERNICHEL, Major J. J. Verbert, Major E. Z. Crowdis, Captain George W. Hillpot and Lieut. H. Simon, all of Dallas; Col. C. L. Mather, Omaha, Nebraska, assistant adjutant general; Major D. Estes and Captain J. D. Ekow of Fort Worth.

The following special assignments of officers have been announced: Major HERNICHEL, brigade adjutant. Capt. Ekow, supply officer. Capt. McGrath, sanitary. The following officers have been assigned as special instructors to the Second, Third, Fourth and Fifth Provisional Regiments respectively: Major Crowdis, Capt. Berry, Capt. Combs and Capt. Hillpot.

No special instructor was assigned to the First as that regiment is regarded as being highly efficient and it has been deprived of a number of officers to act as instructors of the other organizations.

The general camp will hold an unveiling service at the Riverside cemetery this afternoon at 4 o'clock at which time the monument of E. L. (Young) Willard, presented by the Rotary Club of this city. The cartload is now on the way here and will be presented to the members of the uniform rank as soon as it arrives.

The President. "You don't need to leave your pass book (your only receipt for deposits) with us a day or more at the last of every month in order to find out how your account stands."

The Depositor. "This statement handed to me with my canceled checks once a month tells just how my account stands. I say this is the real bank service. It has the pass book beat a mile."

## You Won't Have to Wait For Your Pass Book

You will no longer need to leave your pass book (your only receipt for deposits) with us a day or more at the last of every month in order to find out how your account stands.

With the Burroughs Bookkeeping Machine, which we are putting to work in our Accounting Department, we will have every depositor's account posted up to date at all times.

A neatly printed, machine-figured statement of your checks and deposits, and the balance of your account, will come to you every month with your canceled checks.

Your pass book will show only deposits and will remain in your possession all the time.

And if you ever want a statement of your account in a hurry, we can give it to you with every check and deposit listed right up to date, inside of five minutes.

This Monthly Statement System is an improvement in our service to you that we are sure will earn your approval. It is less burdensome, quicker, more accurate, and far more satisfactory to everyone concerned than the old method of calling in and balancing pass books.

### ANOTHER ADVANCE IN PRICE OF WHEAT

New Quotation is \$1.10—Farmers Reported to Be Selling More Slowly.

The local wheat market closed on the bound Saturday and as a result the local price was marked up for a three-cent rise effective Monday morning, the new price being \$1.10. This came as a result of a rather creditable substantiation of the rumors of crop damage in the Northwest which have been prevalent for the past week or more.

According to the latest reports the crop in that section stands in a way to receive material damage from the combined effects of hot weather, blight, and black rust. The black rust is now believed to be serious in South Dakota and it is thought that the

efforts of the Northwestern milling interests to manipulate the market during the movement of the crop in the Southwest.

It is said that Wichita country farmers have been selling more freely this year than has been the case in previous years. It is estimated that a hundred thousand bushels of wagon wheat has been received in Wichita Falls, which is believed to be probably as much as 50 per cent of the total that will be received for the season. Wichita county, it is estimated, has produced around a million bushels of wheat, of which 35 to 50 has probably been sold already.

While the farmers have been selling freely so far this year, it is thought that the rest of the crop will come in slowly.

### TWO MINOR ACCIDENTS AT IOWA PARK LAST WEEK

(Iowa Park Herald.)

Walter Willard happened to a painful accident Tuesday evening, when he was returning to the house from the barn. He was carrying a pitch fork in his hand and in some manner stumbled over a wire and fell, running the pitch fork in his leg just above the knee. It has been causing him a great deal of pain but it is not thought the accident will prove serious.

Walter's young son, Mr. and Mrs. Fred Parks had the misfortune to break his right arm Wednesday morning. The youngster was helping his mother catch a chicken and jumped into a bush and fell to the ground. He was taken to the Sanitarium and Dr. Clark set the arm and at this writing the little fellow is getting along nicely.

### URGES PIT SILO FOR FARMS HERE

NEW AND ECONOMICAL DESIGN ADVOCATED FOR THIS SECTION.

### BUILT UNDERGROUND

Agricultural Commissioner Short of Fort Worth & Denver Offers to Show Farmers How.

The pit silo for farmers of Wichita county is being advocated by A. K. Short, agricultural commissioner of the Fort Worth & Denver office, who is visiting here to show how to install them.

The pit silo seems to be the most favored form of the silo among farmers at the present time, and it is said that a number of them will probably be built in this section.

The chief merits claimed for this form by its advocates are the ease and cheapness of construction. It is also claimed that it renders the same service as the more expensive form. The method of building a pit silo is very simple. The first operation calls for the digging of a circular trench about eighteen inches deep and about a foot thick.

### CRUISER COMING FOR SUBMARINE FOR SPAIN

Madrid, Spain, July 22.—It is officially announced that the cruiser Exramadura will go shortly to the United States to take over a submarine which has been built for Spain and which now is undergoing trials in an American port.

Three other submarines are being built in a Cartagena navy yard and a similar number are being built in Italy.

question. A silo furnishes the cheapest feed obtainable and the surest method of preserving the feed crop. A silo, a few good milk cows, a few good brood sows and a few good hens means money and permanent agriculture on any farm.

"The greatest advantage to silo construction on the farm has been the initial cost of construction, the cost of machinery to fill and the cost of repairs from year to year.

"For the following reasons the pit silo is gaining very fast in popularity:

- 1. It can be built at a very low cost and it requires no skilled labor.
- 2. It requires less filling machinery and less power to fill than any other type of silo. This means less running expense.
- 3. Properly built it keeps silage perfectly. There is no freezing.
- 4. It is permanent. It can not blow over, rack out or burn.
- 5. It requires no attention or cost for upkeep.
- 6. The objection is often made that it is hard to get the silage out of a pit. Users of both kinds of silos claim that they can feed just as quickly from the pit as from the upright type.
- 7. The pit silo will be successful in practically all the country tributary to the F. W. & D. C. and Wichita Valley Railways.
- 8. Where the work of construction is done by the farmer himself, the cost of material will not exceed 35 cents per ton.
- 9. Mr. Short located at Wichita Falls, Texas, will visit your farm and instruct you on the construction of pit silos. His services are free to the farmer alone who routes and if you wish him don't fail to write his office.

### SUMMER SCHOOL IS TO CLOSE SHORTLY

Final Examinations Now in Progress For Normal and Other Students

The final examinations of the Wichita Falls Summer Normal and other summer schools which have been in progress at the high school building for the past two months will begin Monday morning, to continue through Wednesday for the summer school students, while the normal certificate seekers will not complete their examinations until Thursday.

There will be about 100 of the summer school students to take the examinations, these including those who failed in one or more duties last school year and who desire to make a grade by doing summer work.

The normal students have already taken one examination, or at least a great part of them have. Three grades of certificates are granted to those successfully passing the tests; second grade, first grade and permanent. In each class there are a number of teachers seeking these certificates.

The normal faculty has recently lost one member, B. F. Sisk of Childress, who was appointed on the state board of examiners and who is now at Austin performing the duties of an examiner. With the election of the substitution of C. H. Watkins for Mr. W. Lay the normal faculty is the same which opened the summer season in June. Slight changes if any have been made in the summer school faculty during the same time.

The examinations will mark the close of the second year of the Wichita Falls summer normal, which is in all probability closing a permanent institution, the need for such a normal in this section being quite apparent. Lee Clark, superintendent of the local city schools, is conductor and B. F. Sisk, the Childress superintendent is secretary and treasurer.

### SPEAKER INCREASES BATTING AVERAGE

### DAIRY ORDINANCE MEETING SUPPORT

Steps Toward Compliance Being Taken By Nearly All Milk Dealers

Dr. J. F. Traylor, city dairy and health inspector, states that all dairy men supplying the city with milk have expressed a willingness and are taking steps toward a complete compliance with the provisions of the new milk ordinance. This is true of those who originally opposed the ordinance and those who were for it from the first.

One dairymen expressed the intention to Dr. Traylor of building a new place out and out.

Another intended him to visit his dairy every time he felt like it and said that he would always welcome any suggestions that he might offer.

One dairymen who was one of the most bitter opponents of the new ordinance said that he could operate under any ordinance and one also could and expressed the intention of an early and strict compliance with all its provisions.

### MOST SHARKS ARE PEACEFUL ENOUGH

Comparatively Few Varieties Attack Man—Some Immense Specimens Known

Special to The Times. Washington, July 22.—The tragic depredations of man eating sharks along the Atlantic seaboard lend an especially timely interest to a communication from Dr. Hugh M. Smith, the foremost American authority on fishes, addressed to the National Geographic Society and released today as a bulletin.

"When giant fishes are mentioned most people will at once think of the shark, whose teeth, indeed, are found the largest fish now existing," writes Mr. Smith. "Of the many species of sharks noteworthy on account of their size, there are about a dozen which are prehistoric. These differ much in their disposition, some being as harmless as doves and others an incarnation of ferocity."

"The sleeper shark (Somnolus microcephalus), whose scientific name fits it so admirably, appears to be the most voracious of the prehistoric sharks, and is reported to have attacked a man in the Arctic regions. It sometimes makes visits as far south as Cape Cod, the British Isles and Oregon. It is most often observed lying quietly on the surface, apparently dozing and easily approached, but at times, when hungry, it rushes itself and fiercely attacks whales, biting huge pieces out of their sides and tails and when feeding on the carcass of a whale which has been killed by hunters it is so voracious that it permits spears and knives to be thrust into it without seeming to take notice."

"One of the most prodigious and perhaps the most formidable of sharks is the man eater (Carcharodon carcharias). It roams through all temperate and tropical seas and everywhere is an object of dread. Its maximum length is 40 feet and its teeth are three inches long. While there are few authentic instances of sharks attacking human beings (prior to the recent tragedies, there have undoubtedly been many cases where sharks simply swam over people who had fallen overboard, just as they would swallow any other food. How easy it would be for a man eater to devour a person whole may be judged from the finding of an entire hundred pound sealion in the stomach of a 20 foot shark on the California coast. A certain man eater 35 1/2 feet long had jaws 20 inches wide, inside measure, and teeth 2 1/2 inches long. This may have been the great fish of the scriptures narrative and it is possible that at that time much larger man eaters existed than are now known, as shark teeth with cuttles edges five inches long have been found on the sea bottom and these are believed by naturalists to have belonged to sharks, not long dead. The phosphate beds of South Carolina yield very large fossil teeth of a shark which was related to the man eater of the present day. Judging from the comparative size of these teeth, Professor Goode thought that sharks 70 or 80 feet long must have been common."

"Many years ago a Norwegian blip on a learned paper brought to the attention of the scientific and theological worlds a shark, which he attempted to prove must have been the great fish that swallowed Jonah. This was the basking shark (Cetorhinus maximus) known also as the elephant of the polar seas, but occasionally strays as far south as Virginia and California, and in former years was not rare in the United States and British coasts. The species has the habit at times of collecting in schools at the surface and basking in the sun with its back partly out of water.

It reaches a maximum length of 60 feet and is exceeded in size by only three or four animals extant. Provided with small teeth, it feeds on fishes and floating crustaceans, and is not of a voracious disposition. It is dangerous only by virtue of its great bulk and when attacked its powerful tail easily demolishes boats. In former years the basking shark was hunted for its oil on the coast of Norway and Ireland; it was also harpooned on the shore of Massachusetts in the early part of the last century, and as many as 12 barrels of oil were sometimes obtained from the liver of one shark. There are many records of basking sharks 25 to 33 feet long from the coast of New York, Massachusetts and Maine, but the species has not been common in our waters in recent years.

The following marriage licenses were issued in the office of the county clerk yesterday: J. E. Wilson and Mrs. Minnie Bevil; both of Indisbourn; Harvey Hicks and Miss Bessie Ferguson.

## NEGRO ARRESTED FOR LANCASTER MURDER

After Being Placed in Dallas Jail is Removed to Waxahachie—Other Suspects Released.

By Associated Press.  
Waxahachie, Texas, July 23.—The negro arrested in connection with the murder of Mrs. J. J. Hoops, near Lancaster, and later taken to Dallas, was brought here this morning and lodged in jail. All other suspects have been released.  
Physicians continued today an examination to determine if Mrs. Hoops had been criminally assaulted. In the meantime the coroner took the testimony of additional witnesses.

## PROBATE WILL OF MRS. HETTY GREEN

Entire Estate is Left to Son and Daughter But Total Wealth is Not Given

By Associated Press.  
Bellows Falls, Vt., July 22.—The will of Mrs. Hetty Green was admitted to probate here today without contest. Mrs. Green left her entire estate to her son, Col. E. H. R. Green and her daughter, Mrs. Matthew Astor Wilks. Col. Green filed a bond for \$50,000 as trustee for the fund left his sister.  
Edward Walker and Charles E. Capron of Bellows Falls were appointed commissioners of the estate and Mr. Walker will also act as agent of service.

Col. Green's attorney, Charles W. Pierson of New York, stated that he anticipated action by the state of New York to obtain if possible an inheritance tax on the estate although Mrs. Green claimed a legal residence here. The state of Vermont collects no inheritance tax on estates willed from parents to children.  
The exact amount left by Mrs. Green is not a matter of public knowledge as the law does not require this to be shown.

## POSTMASTER IS CHOSEN BUT NOT MADE PUBLIC

(Vernon Record.)  
The postmaster who is to succeed the present postmaster, C. J. Farrell, a republican, in Vernon has been agreed upon, if he became known this week in a telegram to T. S. Davis from Congressman John H. Stephens. The Stephens message was in response to an inquiry signed by a number of citizens as to what disposition had been made of a petition of some

## OFFICIAL CHARGED WITH EMBEZZLING

Seek His Return to Bahama Islands in Hearing Before Commission

By Associated Press.  
New Haven, Conn., July 22.—Richard J. Farrington, former superintendent of the Bahama general hospital at Nassau, Bahama islands, was before United States Commissioner Wright today upon request of the representatives of the British government who desire his return to the islands, where he is charged with embezzlement from the hospital and with falsification of his books. The defendant was committed to jail to await papers from the state department. Farrington says he is innocent.

600 patrons of the Vernon postoffice for the privilege of selecting the postmaster by popular vote. It did not give the name of the man agreed on. The matter of the Vernon postmastership was first brought to the attention of Mr. Stephens the latter part of May in several private letters inquiring whether Mr. Stephens would agree to appoint the nominee of a proposed primary. In his reply Mr. Stephens stated that in due time a democratic postmaster would be named who he believed would be satisfactory. Some time later a petition, signed by some 600 patrons of the Vernon postoffice, asking that Mr. Stephens agree to appoint the winner in a postoffice primary, was sent to Washington. No reply was received for several days and the telegram of inquiry that elicited the reply referred to was sent.

**RIGOROUS DRILLS PLANNED FOR TROOPS ON BORDER**  
By Associated Press.  
Brownsville, Texas, July 22.—Drilling and training of state troops during border patrol duty in the Brownsville district will start under recognized army standards within the next few days, according to announcement from Fort Brown, district headquarters, today. Inspector instructors from regular officers will be assigned to each national guard regiment for the purpose, the instructors being representatives of General James Parker, commanding.

This order is the signal for training of all state troops on the border and marks the beginning of from three to eight hours daily drilling until the guardsmen have become hardened United States soldiers. No ordinary obstacle, such as inclement weather, will interfere with drill work.

At the request of the commanding officers of the militia organizations, the border states, commanding officers of the regular officers will, if practicable, detail officers and non-commissioned officers for theoretical and practical instruction, in addition to the regulation drills. Opportunities will be given for combined drills.

Chaplin's most recent work there has created a note of pathos and one feels a tremor of the tear ducts. There is not too much of it; not enough to disturb the fanatical optimism of the American at the cinema. It is a feat of tragic relief in comedy corresponding precisely to the comic relief in tragedy. It is an acknowledgment that at least one of the creators of a feast is generally bad. The screams of laughter which accompany Chaplin's incarnation of a tramp have a dubious quality as he walks comically away down the road against the sunset. The hero of a burlesque rescue. He punctures a hysterical laugh with one attitude of a child, child, child, exhaustion. Even clowning is a somewhat sad game. Chaplin is probably the funniest man in the world. At least, he is the funniest man the world knows. He is also a great artist.

DEMOCRATS WILL HOLD CONVENTION

Delegates Will Be Chosen Next Saturday to State Convention at Houston

The county democratic convention will be held next Saturday afternoon at the court house, at which time delegates to the state convention to be held in Houston in August will be chosen. So far as known only one precinct convention was held in this county yesterday, that being in Precinct No. 12, R. C. Hunt was chairman of the convention and F. W. Griffin, secretary. Delegates chosen were R. E. Hunt, G. C. Wood, E. P. Greenwood, O. C. Stankley, J. M. Black, R. G. Harvey, W. J. Bullock, J. L. Jackson. The republican congressional convention will be held in this county Tuesday, and it is expected the county convention of that party will be held at the same time.

TO COMMEMORATE WAR ANNIVERSARY

Cardinal Suggests Fervent Prayer for Blessings on the Allied Armies

By Associated Press. London, July 22.—Cardinal Bourne, Irish bishop of London, has issued a pastoral letter in connection with the approaching second anniversary of the war in the course of which he says: "We enjoin that either on August 4 or August 6, as found convenient in each locality, the blessed sacrament be exposed for a fitting space in the churches of the diocese and the chapels of religious communities in order that all the faithful may have special opportunity of offering fervent prayers to God for His blessing on the allied armies and the speedy conclusion of just and stable peace." The cardinal says also that it is the wish and the decision of the Pope that on Sunday, July 30 throughout Europe, children of both sexes shall participate in solemn religious services.

BOX FROM HOME IS MUCH APPRECIATED

Wichita Falls Boys Very Grateful to Contribute Candy and Cigarettes.

The Wichita Falls boys in Company M of the New Mexico National Guard received "The Times" box of goodies in due time, and are profoundly grateful to the contributors. A letter from one of them follows: "I wish to say that Lieut. T. W. Noe received the handsome box of candy, cigarettes and tobacco sent to the boys of Company M, and no one can realize how much it was appreciated by every one. It was equally divided among us all. In behalf of the boys of Company M I wish to thank all the contributors and especially The Times for remembering us. "No one can say that old Wichita didn't do her part. There is one boy in the company who gets The Times and believe me, it is just like a letter from home. We all crowd around him to read it. "The boys are getting along fine and they are all proud to think that they can stand at 'attention' and salute Old Wichita every morning at 6 o'clock. We are all anxious to cross the border and the time can't come too quick to suit us. We have a fine bunch of officers and we couldn't ask for anything better. "Again thanking The Times and the contributors, I remain, sincerely yours, "JOHNNIE GRAIN, "Trumpeter, Co. M."

MUCH RECRUITING DURING PAST WEEK

May Get Special Permit For Local 16 Year-Old, Who is Splendid Specimen.

Recruiting picked up this week for both of the local stations. In fact, the officers in charge of both stations say that it has shown a marked improvement for the past week or more. They attribute this in a large degree to the fact that the harvest is over or nearly so. During the harvest the recruiting drops off materially, it is said. Lee G. Ray of Wichita Falls, who applied to the local navy station for enlistment as an apprentice seaman, is regarded as a remarkably fine physical specimen by the recruiting officers. Although only sixteen years old young Ray weighs 160 pounds, is five feet eleven in height and has a chest expansion of four inches, the measurements being 38 inches with the breath expired and 42 expanded. If Ray's parents consent to his enlistment he will be allowed to enlist by special permission from the secretary of the navy. Other recruits forwarded by the local navy station are: Clin McCoy, Memphis; Horace M. Kirk, city; Charles Malone, Burk Burnett; Joseph S. Lee, Anson; and William E. Murrell of this city. All of these men enlisted as apprentice seamen with the exception of Kirk who went as a second class fireman. Raymond M. Salzer, Brownwood; John R. Kirkland, Quitman; Wilbur H. Bowen, Riviera; and William D. Cowling, Electra, were the recruits forwarded from the army station. Salzer was assigned to the cavalry, Kirkland to the coast artillery and the other two to the infantry.

DELINQUENT TAX SUITS BEING FILED

Over 1100 Have Already Been Brought and Total of 5000 is Expected.

The district clerk's office is busy docketing tax suits against the delinquents of the county, a total of over 1100 having already been filed by Attorney W. T. Carlton, who has been employed to handle these cases. It is announced that there will be something like 5000 of these suits in all. The suits are being filed in the 78th district court and are set for the September term. BRITISH STEAMER IS REPORTED TO BE SUNK By Associated Press. DEDICATE CITADEL WEDNESDAY NIGHT

Sunday School Services To Be Held in Salvation Army Building Today
High officers of the Salvation Army and practically all of the members of this city will participate Wednesday night in the dedication of the Salvation Army building on Seventh street. Captain G. J. Bobb will make the program public within the next day or two. The first services in the building will be held today. Sunday school is to be at 3 o'clock and other services at 8:30 tonight. The completion of the building is a matter of much pride to the local corps, and several of the latter are expected to be in attendance at Wednesday's dedication. Everything being Tuesday but was postponed on account of the Woodman parade being set for that night.

EASTLAND WRECK SUBJECT OF SUIT

Forty-Five New Cases Are Filed Naming Three New Defendants
Chicago, July 22.-When 45 new cases, the last of the damage suits growing out of the Eastland disaster were filed in the United States district court today, they were named. They are M. H. McGovern, agent for the Chicago Railway Company in the construction of the tunnel of the Chicago River; Ferdinand W. Peck and the Western Electric Company. Peck is named because piles of brick are alleged to have fallen into the river when a building which he owns was partially destroyed. In the suits filed in the county court, 400 in number, each asking \$10,000 damages, the Western Electric Company was named as a defendant. It was alleged that the Chicago River bridge spanning the river, when the boat tipped over a year ago with a loss of almost 900 lives.

SMOKER GIVEN FOR UNION MEN FRIDAY

Cards and Banners Urging Opposition to Submission Are in Evidence.
The political activity in the nature of public gatherings, was concluded Friday night when the union men of the city and the candidates were guests at a smoker held at the Moose Hall. The event was a notable success in point of attendance and in the extent of the spread provided for the occasion. The big hall was crowded and it is doubtful if there has ever been such an elaborate spread on a similar occasion in this city. Long tables had been provided and these were laden with a variety of good things to eat, the committee also providing the customary liquid refreshments. C. D. Willard acted as master of ceremonies and made a short talk in the interest of organized labor, including in his remarks a defense of the demands of the railway employees for an eight-hour work day. Ed. Anderson, chairman of the board of trustees of the Trades and Labor Council, also spoke in the interest of organized labor, encouraging the "get together" movement and strongly advocated cooperation in union circles. Later in the evening some of the candidates made their announcements and at a late hour the guests departed for their homes. E. C. Goodrich, who was expected to attend and deliver an address in behalf of the railway employees, was called away during the day Friday and did not attend. Cards urging all present to vote against submission were presented to those who entered the hall, while several banners signed by the Barbers' Union, bearing the words "Help! Help! Help!" and also urging opposition to submission.
