CATHOLIC SOCIETY MEETS MONDAY AFTERNOON

The Altar Society of the Catholic Church met Monday afternoon in the old church building for the first time since the summer adjournment. Mrs. C. H. Dent and Mrs. R. L. Hargrave being hostesses. The resignation of Mrs. Frank Cullinan as treasurer was accepted, but not without regret at losing a faithful and efficient worker by the family removing to Houston. The dates of the annual Christmas bazaar was set for December 15 and 16 and plans were also made to hold a market October 21. At the close of the business session the hostesses served delicious ice cream and cake and the society adjourned to meet again the first Monday in November.

ALL DAY MEETING AT M. E. CHURCH, SOUTH

Both social and businesslike in nature, was the meeting of the Mission Society of the M. E. Church, South, held all day Monday at the church. As it was the first all day meeting in several months it was much enjoyed, the members crocheting or sewing in other fancywork until the noon hour when a delicious luncheon was served. Mrs. L. I. serving. More crocheting and chat was enjoyed in the afternoon and a short business meeting was also held. Mrs. Faust giving the report of the conference held recently at Byers.

WICHITA FALLS MAN BRINGS BRIDE HOME

Mr. and Mrs. Jack Cornwall were expected to arrive today from Fort Worth, where their marriage took place Sunday. Mrs. Cornwall was formerly Miss Rose Abernathy of Fort Worth. They will make their home here. Mr. Cornwall being employed at the Morris Drug Store.

WESTMINSTER GUILD MEETS MONDAY AFTERNOON

Officers to fill vacancies caused by resignations were elected at the first business meeting of the Westminster Guild, meeting at the First Baptist Church Monday afternoon. The officers elected were: Mrs. T. B. Smith, president; Mrs. Newton Macer, vice president; and Mrs. D. J. White, secretary. Mrs. E. McCutchen was elected as delegate to synod convening in Weatherford.

BIBLE STUDY OF B. W. A. MONDAY AFTERNOON

The Baptist Woman's Alliance met Monday afternoon in regular session. The monthly Bible lesson, an interesting study was conducted by the pastor, Rev. R. C. Miller.

CENTRAL PRESBYTERIAN LADIES MEET MONDAY

Mrs. J. F. Reed was hostess to the Central Presbyterian Missionary Society Monday afternoon. The home topic was led by Mrs. J. G. Pain and Mrs. Henry Wilson led the discussion of the foreign topic. At the conclusion of the program Miss Edmiston, sister of the hostess, served delicious refreshments.

C. W. B. M. MEETS AT FIRST CHRISTIAN CHURCH

The C. W. B. M. of the First Christian Church met in business session Monday afternoon, the majority of the program numbers being dispensed with on account of the large amount of business. Devotionals were led by Mesdames Walters and Caskey and the business was taken up. The contest between Mrs. Hancock's division winner. A report was heard from Mrs. Lee Clark on the district convention of the Christian Church at Seymour and reports of the financial condition of the board at the close of the year's work was heard, announcement being made that the local society had become affiliated with the national organization on payment of \$300. Mrs. C. S. Mudd's division was in charge of the program and special prayers were made by Mrs. Hamlin and Mrs. Peyton and Mrs. Ashe read a paper on "Our Work in Mexico." The division served pickles, sandwiches and coffee in the basement following the program.

BUSINESS MEETING OF EPISCOPAL GUILD MONDAY

The usual business session of the Guild of the Good Shepherd was held Monday afternoon at the chapel. The members present were: Mesdames Greenwood, Childers, Inge, Moewis, Shaw, Gates, McFaroy, Sammons, Durning, Pogenpohl and Finley.

GOOD MEETING OF Y. W. A. MONDAY AFTERNOON

"Enlistment Day" as carried out by the Y. W. A. of the First Baptist Church Monday afternoon was most successful, one of the best meetings in the history of the Auxiliary being held with Miss Lucine Morgan. The Auxiliary colors are green and white and these colors were used in the daily programs and in the flag which were used for the "enlistment" feature. The program followed by hymns.

"A Volunteer"; devotional, Mrs. R. C. Smith; reading, Miss Jewell Brown; "The Call of the Master"; in the Home; Miss Snoot; "In Social Life," Miss Emma Carter; "In the Community," Miss Imogene Brown; "In the Work of the Kingdom," Miss Mina Everett; vocal solo, Miss Katherine Cook; "Enlistment," Mrs. Judd Pressley; Piano number, Miss Leah Taylor; "Blest Be The Tie," closing song. The hostess served ice cream and cake following the program. Those present were: Misses Bessie Lee Bartlett, Imogene Brown, Marian Dobson, Jewell Hale, Ethel Raney, Leah Taylor, Jewell Brown, Thora Fore, Emma Carter, Mina Everett, Emma Smith, Katherine Cook, Lucille Morgan, Lucy Snoot, L. S. Morgan, Mrs. Judd Pressley, Mrs. R. C. Smith and Mrs. C. W. Morgan.

The Ladies Aid of the First Methodist Church held their regular business session Monday afternoon, meeting at the church.

CONVENTION OF SINGERS SUNDAY

Interesting Session Held at the Thornberry Church Was Largely Attended

The Clay County Singing convention was held October 1st at the M. E. church of Thornberry. The house was well filled by 10:30 and the meeting was called to order by R. E. Bost leader of Pecan Grove. After a few songs we were led in prayer by C. J. Shumate of Wichita Falls. The welcome was given by Joseph Stephenson in a few words of retrospection and contrast of the advantages enjoyed today by those who came twenty six years ago and made the settlement of Thornberry. Leadership in the singing was shared by leaders of different classes and organists also followed others.

Selections were used from books entitled "Make Christ King," and "Tidings of Glory." Dinner was announced at 12:15. A feast of plenty was spread in the yard on home made tables and I hope all enjoyed this part of the program to the fullest. At 1:15 all were again filling the church when a business meeting was called. Delegates represented Pecan Grove, Kempner, Charley, Linville and Thornberry. R. E. Bost presided and after discussion it was voted to meet quarterly for contests instead of only semi-annually. The dates decided were the first Sunday of March, June, September and December. Invitation was given to Wichita county to join in these meetings. After an invitation by Mr. Norris of Kempner it was unanimously voted to meet there December 3, 1916. Business meeting then adjourned.

The afternoon was filled with music. Three special class songs were given by each class represented, and judges appointed as to the merits. As but two classes responded with special songs, the people were left to their own decisions. Short talks were interspersed the music. One from Mr. Morris of Pecan Grove reminded us that hard work was the price of success for which no pay was received. He spoke of the uplifting influence of music and urged that better response be given by the class, without sacrifice there is no reward.

Mr. Cooper of Marion Chapel followed and agreed with the former speaker. He recalled the many days of his childhood home, when pupils seemed to respond with more enthusiasm.

Mr. Norris of Kempner plainly showed the duty of following your leader regardless of personal likes or dislikes. He said a majority should rule, and the election of a leader proved that the greater number desired him, so all should loyally support him.

Mr. Cash of Charley cordially invited all to attend afternoon singings at that place every first and third Sundays.

After continued songs and talks we were reminded by the western sun and various watches that adjournment must come. We were then dismissed by prayer offered by Joseph Stephenson. Many went home feeling that it had been a day well spent and pleasure long to be remembered. E. T. B.

MOTHER LOVE AIDS SON IN TRENCHES

It Brings Relief to Boy Standing His Watch Deep in Mud.

Once upon a time only a few months after this terrible world war had begun, Private Bailey, a soldier in the ranks had stood for days in the trenches "somewhere in France." The cold rains soaked him to the skin; the mud was deep. He had no rest. Weary and aching with rheumatic pains, he recalled the faith his mother had in Sloan's Liniment. He asked for it in his next letter home. A large bottle was immediately sent him and a few applications killed the pain, once more he was able to stand the severe exposure. He shared this wonderful muscle-soother with his comrades, and they all agreed it was the greatest "reinforcement" that had ever come to their rescue. At your druggist, 25c 50c, and \$1.00 a bottle.

When the opposition begins to circulate bawdy house libels about a candidate, it's a sign of their desperate situation and a lack of any grounds for honest attack.

Some of the republicans are criticizing President Wilson because he can say things so directly and well. We don't blame them for being envious.

In a telegram received from President Pope of the Farmers' Union this morning he says that the organized farmers will ask congress to amend the federal reserve act so as to provide that twelve cents a pound for their cotton.

The Times has favored fewer rather than many state institutions of higher education, believing that state ought to concentrate its support in building up a few strong educational institutions rather than dissipate its revenues for this purpose among a great number of schools and colleges.

Oil not success in prevention of fogs. Washington, Oct. 3.—Prevention of fogs at sea in the vicinity of a vessel cannot be accomplished by the distribution of oil on the surface of the water.

Factory proposition is being considered. R. F. Johnson of the Chamber of Commerce is in communication with W. A. Queed of Quana, on a proposition for the manufacture of a portable stereoscopic camera.

New political party is forming in Greece. Paris, Oct. 3.—A new political party favoring intervention in the war on the side of the allies is being formed in Greece by Dimitris Gounaris, former premier.

DIRECTORS TAKE UP GAS MATTER

SERIOUSNESS OF SITUATION IS RECALLED AT CHAMBER OF COMMERCE MEETING. WOULD EXPERIMENT. Plan is suggested that wells be drilled at twenty locations in this territory.

The next meeting of the directors of the Chamber of Commerce next Tuesday morning will be devoted to a consideration of the situation in the city, which was said by J. A. Kemp, in bringing it to the consideration of the body.

The matter came up in connection with the discussion of the visit of officials of the Hall Brothers glass factory, who are expected here some time during the week to look into the local situation at Muskogee among other places.

Mr. Johnson stated that his idea in seeking the next meeting of the Meridian Highway Association for Wichita Falls was to arrange a one day's joint session with the members of the "Colorado" Gulf association who will be meeting in Vernon at the same time.

However, it was shown that the principal on which the machine works, differing from the usual type of cotton picking machines that have been attempted, harvests the cotton from the stalk after it has been cut down. The stalks are cut close to the ground at the season at which they have attained their great maturity. They are then allowed to lay on the ground about fifteen days during which time it is said every boll on the stalk will ripen and open. Every particle of trash is taken out of the cotton by the machine and the stalk is saved as a by-product and baled. The Scientific American was quoted as predicting that recent inventions to make paper and other products from cotton stalks assured it being a more valuable by-product than the cotton seed is now. Mr. Kemp stated that the machine could be manufactured for five or six hundred dollars, and its daily capacity would be about five bales a day. One man would run it. The cost of harvesting a bale of cotton by the machine would be about five dollars a bale, against a present average cost of fifteen dollars. Mr. Kemp admitted that in all probability the bolts which were immature at the time of cutting of the stalk would probably not amount to as much as if the stalk were left growing, but declared that in his opinion the saving in time and storm loss would more than compensate for any loss from this feature. Mr. Kemp reported that the committee which had been appointed to look into the matter of putting a stand for an exhibit at the passenger station had conferred with local railroad officials, and they believed that it could be arranged. He stated that they were arranging a conference with P. B. Keeler, vice president and general manager of the Denver and Fort Worth and would be ready to report further in a short time. Mr. Johnson was instructed to urge the West Texas A. & M. Association whose meeting in Fort Worth he will attend Thursday, to hold their next meeting in Wichita Falls. Mr. Johnson was also authorized to attend the meeting of the Meridian Highway Association in Wichita, Kansas the latter part of the week as a delegate from the local Chamber of Commerce. Mr. Johnson stated that his idea in seeking the next meeting of the Meridian Highway Association for Wichita Falls was to arrange a one day's joint session with the members of the "Colorado" Gulf association who will be meeting in Vernon at the same time, and by combining the meetings of a larger calibre could be gotten to address the combined meeting. It is hoped to have some of the biggest road experts of the United States here to address the combined meeting. He mentioned the fact that he had received assurance of support for Wichita Falls as the next meeting place from several Texas points and felt sure that he could secure the cooperation of all of these in securing the meeting. Mr. Johnson reported that only \$25 had been lost on the Vernon trip and that enough salvage on the pennants and canes were left to make up for that. "We absolutely made Vernon sit up and take notice," Mr. Johnson also reported that he had been laying plans for a campaign to encourage the planting of trees in the city and the immediate vicinity, during which he hoped to secure the planting of three or four thousand trees within the next year. He called attention to the fact that this bit of beautification was one of the most important things to a town which hoped to attract manufacturing enterprises. Among the questions which a modern factory official asks of a prospective location, and which is just as important in his estimation as the cheap fuel, the railway accommodations and the good water, according to the secretary, is "How will our men and their families be taken care of?" Mr. Johnson pointed out that Wichita Falls already had the churches, schools, street car and housing accommodations, but needed plenty of trees and other bits of beautification to entirely fill the bill. In this connection he stated that the stock running at large in the factory district was a serious drawback to tree raising here and urged steps toward a stock law. If the district hasn't a law to that effect already, and the enforcement of the law in case it has, the matter will be investigated and is slated to come up again in the near future. The secretary was authorized to subscribe to the service of the Central News clipping Bureau of Pittsburg, Pa., which gives news of factories seeking prospective locations. UNIVERSITY STUDENTS ARE TO INCORPORATE. Dallas, Tex., Oct. 3.—At a meeting held here recently plans for the organization and incorporation of the Texas University Students Loan Association were discussed by thirty representatives of the University of Texas ex-students association. Dr. R. E. Vinson, president of the University of Texas, was present for the raising of the loan fund were explained by the committee appointed last June to devise some method by which prospective students at the university may borrow money without security to pay their tuition fees at the University of Texas. It was announced that the proposed fund will be \$100,000 and that business men in various sections of the state have already promised to contribute \$25,000. The following committee was named to have charge of the association: Orville Bullington, Wichita Falls, chairman; Royal Ferris, Dallas; W. W. Woodson, Waco; O. S. Carlton, Houston; W. H. Burgess, El Paso; W. P. Webb, San Antonio; T. W. Wood, Austin; W. P. Allen, Austin; Dr. R. E. Vinson, Austin, and John A. Lomax, secretary of the University of Texas. "We want to raise \$100,000 by January 1," said Mr. Bullington, "and we are confident we can do it. The association will be in a receptive mood for donations from any notably inclined person or organization, and we will not stop at \$100,000. The money will be loaned to the deserving young men and women who want to get an education at the University of Texas, but who have not sufficient funds to pay their expenses. It will be loaned in amounts of \$50 or more. Each student will be urged to borrow the smallest amount possible. Interest will be charged on a graduated scale, increasing annually until it reaches 10 per cent. We will make the interest as small as possible while the student is in school. All interest will be added to the fund, which will be permanent." Dr. Vinson was enthusiastic over the work planned by former students. The welfare committee named by him soon after his appointment as president of the institution, acts in an advisory capacity when called upon to do so. Another meeting of the committee probably will be held about Thanksgiving at Austin. Prosperity Pointers for Farmers. In the interest of further developing and upbuilding the territory through which their lines are operated, the Fort Worth & Denver City and Wichita Valley Railway Companies have issued an attractive thirty page booklet entitled "Prosperity Pointers for Farmers" and containing valuable information regarding soil conditions and the money-making crops to which same is best adapted. It is possible for farmers to become prosperous home owners. A few of these booklets are still available for those whom it may be possible to interest in the question of locating in North West Texas. If you have friends who have any friends that you desire to interest, and will send us their names and addresses we will find pleasure in mailing them copies of the inside referred to. If you have friends to whom you would like to send copies yourself instead of having us do so, we will be glad to send you the booklets desired free of cost. W. J. STERLEY, G. F. & P. A. AVERAGES OF THE AMERICAN LEAGUE BOSTON PLAYERS LEADS IN GAMES

Record of Red Sox Now With Team and For 1912 and 1915 Given

By Associated Press. New York, Oct. 3.—Of the seventeen players who represented the Boston American League club in the famous eight-game World's Series with the New York Nationals in 1912 less than ten will be seen in the coming series to be staged before the end of the week.

In the 1912 series outfielders Hooper and Lewis were the same fast fielding hard hitting players they are today. Gardner, the present third baseman, guarded the same sack; Cady and Carrigan worked behind the home plate and utility infielder Henrich seen figured as an emergency hitter but did not play in the field.

In 1915 the Boston team had a World Series batting average of .226 and a fielding average of .958. In 1912 the Red Sox batted .264 and fielded .978. This season the averages show that up to within a few days of the close of the pennant race the Boston club, considered as a whole was batting .248 and fielding .971.

The opinion is held in some quarters that the outfield with Tris Speaker missing from the line-up is not as strong as the one that played in 1912 and the 1915 series. The absence of Barry from second base, due to injuries, is thought by certain critics to have weakened the infield defense.

There is but one opinion regarding the pitching staff, however, and a glance at the work of the pitchers who have borne the burden of the hurling, and their records for the present season will indicate clearly the reason for the Boston fans' optimism regarding the outcome of the coming contests.

Shore, .600 and 2.75. Mays, .615 and 2.30. Ruth, .567 and 2.01; Leonard, .513 and 2.37. Foster, .591 and 2.07. Gregg, .433 and 3.23.

Table with columns for Player, B, F, P, A, L, A, V. Lists statistics for Hooper, Janvrin, Barry, Shorten, Walsh, Walker, Hoblitzel, Gainer, Lewis, Gardner, Scott, McNally, Henrich, Cady, Thomas, Carrigan, Moore, Mays, Ruth, Leonard, Foster, Gregg.

x including record while with Athletics.

By Associated Press. New York, Oct. 3.—The world's series of 1916, the twelfth under the auspices of the National Baseball Commission, finds the American League leading in the race for premier baseball honors by the narrow margin of one series, so that a victory by the National League represents five wins to the standing at six series all.

Although outplayed in the series to date the National League teams have had more games and scored more runs than their American League rivals, when the eleven series are considered as a whole. From 1905 to 1915 the two pennant winners of the major leagues have met annually in a series of world's championship games, the winner of the title to be the team which first wins four games out of the seven yearly scheduled.

Up to the present time but one team has won four games straight, the holders of this unique record being the Boston Nationals of 1914 which defeated the Philadelphia Athletics four times in a row and thus brought about the breaking up of what many consider to be the greatest baseball machine in the history of the game.

Comparing the work of the teams in the eleven series to date it will be found that 61 games have been played, of which the National League clubs have won 30; the Americans 29, with two games tied. The total number of runs scored in these sixty-one games amount to 412, which the National League teams have accounted for 210 and the Americans 202. The averages for the series are as follows: Games per series, 5.611; runs per series, 6.711; runs per game 6.34.

For the National League 169 players have participated in the contests to date for the junior league. The least number employed was in the 1905 series when the Athletics used twelve and the Giants eleven. In 1915 and 1916 a total of 34 took part, each contending in those years putting seventeen on the field. The 1905 series also holds the record for the least number of runs scored for the five games being but eighteen.

The greatest number of runs made came in the play between the two National League clubs, the two teams collecting a total of 62 runs in seven games.

are divided in the following manner: The national commission receives ten per cent of the receipts of every game played, the remaining ninety per cent, the players receive sixty per cent for the first four games and the club owners forty per cent. After four games have been contested the players cease to participate in the financial rewards and the managers take the entire gate less the ten per cent paid to the commission.

Under a comparatively recent ruling of the major leagues, the club owners of the teams competing in the world's series are obliged to divide twenty-five per cent of their profits among the other clubs of their league. In addition the club authorities bear all the expenses of the series including ticket printing, transportation and hotel charges for the players, grounds attendants, ushers, hire of bands and a score of minor expenses.

The record attendance and receipts of the world's series is held by the present 1912 contest when the New York Nationals and the Boston Americans played an eight game series in which the Red Sox won four, the Giants three and the series ended in a tie at 6-6. In this series the total attendance was 251,901 and the gate receipts \$480,449. The Chicago Nationals-Detroit Americans games in 1908 form the other extreme for the aggregate attendance was but 62,232 for five games and the receipts \$34,575.

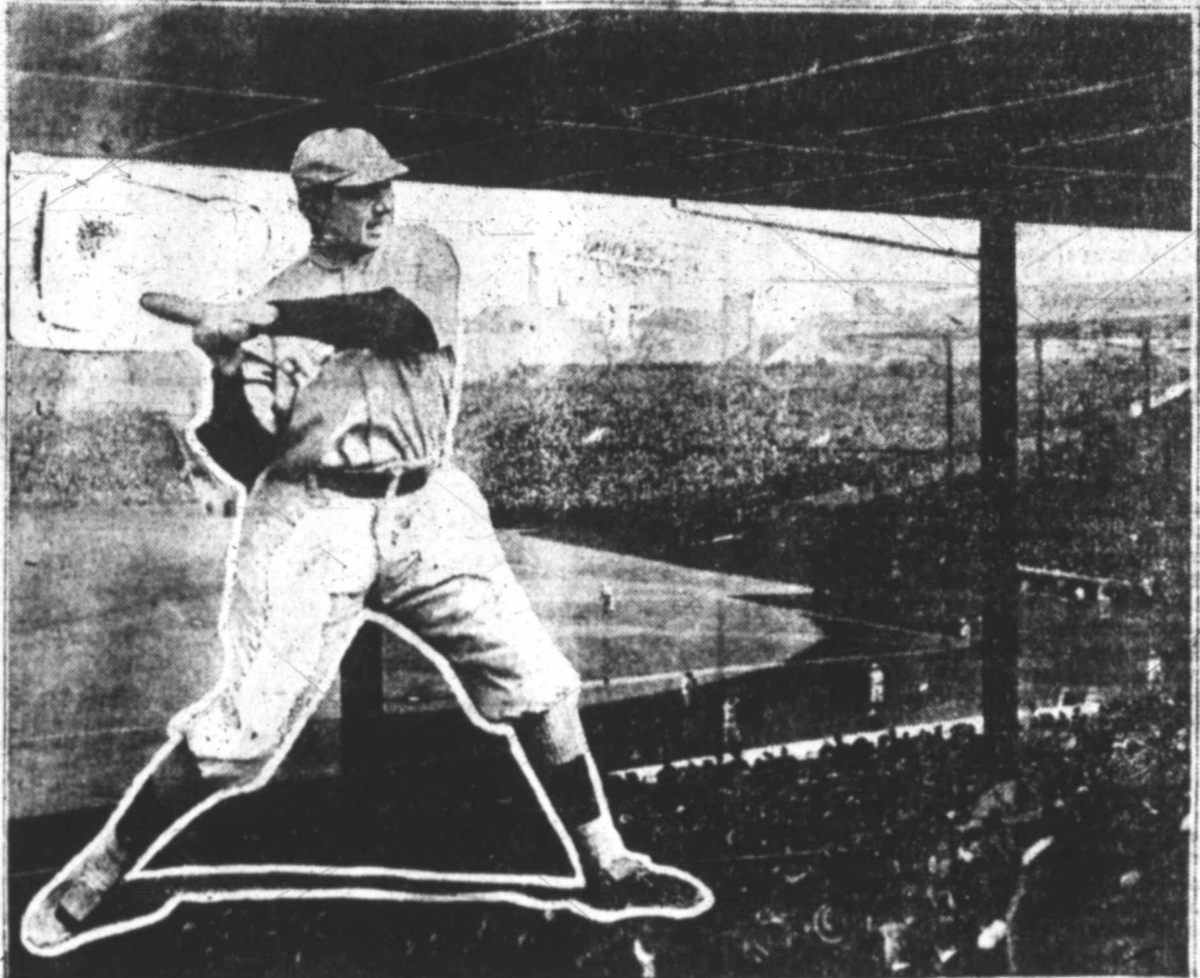

Table with columns for Year, Attendance, Repts. Lists data from 1902 to 1915.

The accompanying table shows the attendance and receipts for each season since 1902 well as the totals for the entire eleven series.

EIGHT PERSONS KILLED ARE NOT IDENTIFIED. Detroit, Oct. 3.—Not one of the eight persons killed in the crash of the Grand Trunk switch engine pushing three freight cars and a trolley car on the east side last night had been identified at noon. The bodies were so mutilated that identification was impossible. Several of the 67 persons injured may die.

Table with columns for Club, W, L, Pct. Lists standings for National League and American League.

Interest among Wichita Falls fans today is at fever heat over the National League contest, now at a very crucial stage and it is understood, since the grand jury is not in session that some folks who have ideas about the result are backing their judgment with their rolls.

There are six possibilities for the two leading teams, Philadelphia and Brooklyn today. They are: with the resultant percentages: If Philadelphia wins two games and Brooklyn wins one game...

Local fans up to yesterday had picked Philadelphia to win out, but Brooklyn's victory Monday while the Phillies were only breaking even in the hopes of the Philly supporters.

artist and takes great delight in her work, as well as caring for her small daughter. Comes Mortimer Morrison, a friend of the husband finds they usually see. He is attracted to Ruth, admires and covets. She accepts his attentions, but not in the spirit in which they are offered, being loyal to her husband. But more and more the husband neglects her—forgot his appointments with her. Mortimer is becoming more devoted in his attentions to her, but she finds along the way that the husband is too busy to think of her. Ruth conscientiously tries to ignore John's neglect of her, but she sees a smiling done by his wife his memory will give him no peace until he has put forth every effort to find her and the baby.

The Empress. Alice Brady is the star today at the Empress in "Miss Petticoats". The quaint story of the adoption education and marriage of Miss Petticoats, granddaughter of an old New Bedford whaling captain, has been immortalized on the screen through the efforts of William Brady, who has had the famous story of "Miss Petticoats" adapted to motion pictures, and filmed under the direction of Harley Knoles with strong cast, headed by Alice Brady, supported by such star players as Arthur Ashley, Johnny Hines, Alec Francis, Miss Parson, and others.

Rotarians and their ladies will participate in a masquerade frolic next Thursday night at the St. James. Dinner as usual will be served and the diners will be masked. A program composed entirely of comic numbers will be given, to include a Charlie Chaplin number, an Indian war dance, a black face act and several comedy songs and stunts. The performers will be masked also. The committee on entertainment is planning to give the Rotarians something unique and this announcement of plans will give them something to look forward to.

very voice, glib tongue and twinkling eye. A Regular Army Man is a condensation by the authors for vaudeville purposes of the big New York musical comedy success of two seasons ago, "My Best Girl." Channing Pollock and Rennold Wolf, who have to their credit more light operatic successes than any other American librettists have scored in the last decade, are the authors. Miss Parson and all of the other principals of the company that will present "A Regular Army Man," here, are the same who supported Morley as a two-dollar star in the leading role of "My Best Girl." The five songs and dance numbers are the ones which proved the biggest hits of "My Best Girl," and which have plucked the lips of the nation for the whistling of them.

Personals

Mrs. W. M. Cameron of Coleman arrived today to visit her daughter, Mrs. Harry Weeks. Angus Wynne, an attorney of Kaufman, is here today. Mr. Wynne is an applicant for the position of federal district attorney for the northern district of Texas. M. H. Barwise returned today from Fort Worth. W. J. Hickman, who has been chief clerk in the local office of the Producers Oil company for some time, leaves tomorrow for Houston where he will be chief clerk to Frank Cullinan, recently appointed vice-president and general manager of the company. Mr. Cullinan will not leave for several weeks, but Hickman will go at once. A. C. Wilson returned today from Chickasha, Oklahoma. Mrs. E. M. Brown has returned from an extended visit with her sister, Mrs. C. C. Huff, at Dallas. E. E. Gose of Fort Worth, who has been visiting T. J. Waggoner and family, left for home today. Frank Burns of the police force left today for San Angelo to visit relatives. Judge J. W. Akin went to Austin this afternoon on business. Miss Elizabeth Youngblood left this morning for Colorado Springs, Colo., where she will attend the annual convention of the United Presbyterian church. Mrs. C. E. McCutchen will leave tonight for Weatherford to attend the annual Synod of the United Presbyterian church.

FINE ALFALFA FOR THE DALLAS FAIR
Some fine alfalfa from the farm of H. M. Hall, whose farm is two miles west of Burkburnett, has been secured by J. W. Campbell, county demonstration agent, for the Wichita county exhibit at the Dallas Fair. Mr. Hall has taken two cuttings of his eighteen acres of alfalfa already this year and they have netted him \$809 in hay. The wheat and oats of the exhibit are being sorted, the stalks trimmed to a uniform length and tied, making a very attractive feature of the exhibit.

NEW YORK MILK PROBLEM IS SERIOUS
By Associated Press.
New York, Oct. 3.—Greatly decreased receipts of milk from the usual sources of supply brought New York to a realization today of the seriousness of a possible milk famine. There was no indication of a breaking of the deadlock over prices.

DISCONTINUE NOTICES TO HEALTH OFFICES
By Associated Press.
Washington, Oct. 3.—The public health service today discontinued its notification to state health authorities of children under sixteen leaving New York, instituted during the paralysis epidemic. It is no longer considered necessary.

LOCATE OFFICIAL WANTED AT EL PASO
By Associated Press.
Kansas City, Oct. 3.—William I. Watson of El Paso, former tax collector of El Paso county, was arrested here early today charged with embezzlement of county funds during his tenure of office. When arrested Watson's hair was dyed red, officials said. The detectives who made the arrest said that at first Watson denied being the man wanted, but finally admitted his identity.

CALIFORNIA EXPOSITIONS FIELD FOR CONSUMPTION
By Associated Press.
Washington, Oct. 3.—Crowds attending the exhibitions at San Francisco and San Diego constituted a good field for counterfeiters and 61 arrests on charges of manufacturing bogus money were made in California by secret service agents according to a treasury department made public today, covering the fiscal year ending June 30. In no other state were so many cases uncovered.

Woman Willing to Give Eye to Soldier To Save His Sight

By Associated Press
Paris, Oct. 3.—A young English girl has written to Dr. Rochon DuVigneaud, offering to give one of her eyes to a soldier who has lost his sight serving France. The girl who lives in North Shields had read a recent statement by the doctor of the famous oculists in France, but it was possible to save the sight of a man wounded in the eye by striking a portion of the corner of another's eye. In her letter she said, "If you believe that there is one chance of success in a million, I will give you one of my eyes for a soldier who has lost his sight serving France. I would prefer to give my eye to one to whom it would be especially useful, such as an inventor or an officer."
"If my offer is accepted, I shall consider myself under an obligation to you for permitting me to be of use to my country in the only way possible to me."

FIVE DRUNKS WERE FINED IN CITY COURT
Five drunks, three affrays and one case of disturbing the peace comprised the docket in the police court this morning. In the case of disturbances the judgment was not guilty, in one case of drunk a \$15 fine and a suspension during good behavior was the result and \$5 fines were imposed on the others.

You Can Pay for A Victrola Or Edison By Christmas ...IF YOU BEGIN NOW....

Even on the very small weekly payments on which we sell these two wonderful instruments, you can have it ready for your supreme gift when the glad some morn rolls around—and by our plan of selling you will never miss the money.
And you know you will never be able to find another gift that will take the place of a musical instrument. You know that sooner or later the family must have one. We believe that these two instruments are among the greatest forces for good that can be put into the American home. They satisfy that desire for good music that is inherent in every soul, and bring right into your home, for the edification of the children and the pleasure and profit of the grown up friends and neighbors the very best music that the world produces.
Our stock now contains 75 instruments, in all designs of cabinets and natural wood finishes—it is more complete now than it ever has been, and probably more so than it will be again before Christmas—for that reason we urge you to come now and make your selection.
Victrola Prices: \$15 to \$300. Edison Diamond Disc Instruments from \$100 to \$300.

The OLDEST FOOD KNOWN

Biblical history frequently mentions the olive tree, ripe olives and olive oil. The Greeks and Romans highly prized olive cultivation.
As civilization and culture traveled Westward, so followed the use of the olive and its oil. It spread to Spain and finally after the discovery of the American continent, was successfully established in California by missionaries in 1769.
We have our green olives packed for us by the largest olive importer and packer in America and handle nothing but the very fanciest of Saville fruit. Our ripe Olives and Olive Oil have been most carefully selected from different packers and each grade we believe to be the very best of the WORLDS production for the price, and each selection is the result of most careful comparison of the offerings of all the biggest packers of Fancy Fruit.
On account of our large purchases we are enabled to make cheaper prices than the ordinary dealer.
