

MEMBERS OF ROTARY CLUB LINE UP FOR THE CHAMBER OF COMMERCE

Members of the Rotary Club lined themselves up solidly at the Thursday noon luncheon, attended by nearly 100 members...

"We are going to build a great city here, one of the greatest cities in the southwest, and to do this the Chamber of Commerce must make a desperate effort to secure, and must secure, the cooperation and undivided support of every citizen..."

"I am glad to see the Chamber of Commerce broadening its organization in order to include more fully representatives from every trade or profession..."

"I will be in the ring again in the race for chief of police of Wichita Falls," was the statement of Fred K. Smith, present chief of police, issued Thursday morning.

"I am glad to have this opportunity of carrying my case and the friction between the council and myself before the people and the voters of the city..."

"The Northwest Oil and Gas company of Wichita Falls is named as defendant in a \$45,000 damage suit filed in the 76th district court Thursday by the Pilot Petroleum company..."

"I am glad to see the Chamber of Commerce in such a position of activity..."

"I am first of all a citizen of Wichita Falls and so wish to actively interest myself in the Chamber of Commerce..."

"I am glad to see the Chamber of Commerce broadening its organization..."

DEDUCTIONS INCOME TAXPAYERS MAY BE ALLOWED TO CLAIM

Claims for deductions which may be made by merchants, physicians, farmers and speculators, the losses on their income tax returns are outlined in a statement issued by Deputy Internal Revenue Collector L. Sheldahl, stationed at the local office. Mr. Sheldahl's statement is as follows:

Deductions from gross income in determining net income include all business expenses, which are the amounts actually incurred during the tax year in the conduct of a business, trade or profession.

A merchant may claim as deductions the amount paid for advertising, hire of clerks, other employees, the cost of light, fuel, heat, water, and telephone used in his place of business, the cost of operating and incidental repairs to such vehicles.

A physician may claim as deduction the cost of medicines and medical supplies used by him in his practice; a reasonable proportion of the expenses paid in the maintenance and repair of an automobile used for making professional calls, the expense of attending medical conventions, dues to medical societies and subscriptions to medical journals, the rent paid for office rooms, and the cost of heat, water, light, telephone, etc., used in such office rooms and salaries paid to office assistants. The same deductions are allowed a dentist.

The farmer may deduct all amounts paid in preparing his land for a crop, and the cultivation, harvesting, marketing of the crop. The cost of seed and fertilizer used and amounts spent in caring for live stock are deductible items. The cost of labor repairs to farm buildings, other than the dwelling, and of fences, farm machinery and wagons may be claimed, also the cost of farm tools which are used up in the course of a year or two. The cost of machinery of a permanent character, such as a threshing machine or tractor, is held to be a capital investment and is not an allowable deduction. Rent paid for a farm is deductible.

The principles underlying these allowances are equally applicable to the conduct of an income-producing business, trade, profession or vocation are allowable.

Deduction for Losses. Losses incurred by a taxpayer in any transaction entered into for profit outside of his regular business are allowed. Under the 1917 act, deductions for such losses were allowed only to the extent of gains in similar transactions. Under the present act, a loss made \$1,000 in one stock market transaction, and in another lost \$5,000 he was required to include the \$1,000 in his return of gross income and could deduct only that amount as a loss. Under the current act he is allowed a deduction of \$4,000.

A reasonable allowance is made for depreciation of business property, and obsolescence, and for the depletion of oil and gas wells and other natural deposits.

Contributions or gifts made during the year 1919 to corporations organized for charitable, scientific, religious, or educational purposes or for the prevention of cruelty to animals or to the special fund for vocational rehabilitation may be deducted to an amount not exceeding 10 per cent of the taxpayer's income.

ABSENT WITNESSES CAUSE POSTPONEMENT OF TRIALS THURSDAY

Due to the absence of material witnesses all criminal cases set for trial in the 20th district court, Thursday were postponed until Friday afternoon at 1:30 o'clock. District Attorney Fisher Jones Thursday reported that he was ready to proceed with the trial of several persons confined in the county jail, but attorneys for the defense stated that they were unable to proceed with the trials due to the fact that material witnesses were absent.

Court procedure has been seriously handicapped during the present term due to absent witnesses and jurors. A fine of \$50 was imposed upon four witnesses Wednesday by Acting Judge Martin. Several jurors have also been fined by Acting Judge Martin during the present term of the 20th court due to their neglect in answering jury summons.

County officials declare that citizens of Wichita county are becoming extremely careless in answering subpoenas, process and the sheriff's detainer together with the district and the county attorney's department are seeking punishment for those who refuse to serve on jurors or fail to appear as witnesses. It means in hastening court procedure in this county.

Frank Kell and E. F. Johnson, also members of the federal building committee, will go to Washington in a few days. Mr. Kell has been out of town, but is expected back late this afternoon.

DIRECTOR OF OPERATIONS HAS PROMISED ASSISTANCE
STAMFORD, Jan. 15.—The director of operations of the railway administration has announced that he will take every means to relieve the present traffic snarl on the Missouri, Kansas and Texas railway in West Texas and investigate the embargo against Albus, where many hundreds of persons have been thrown out of employment due to lack of traffic movement. Investigation will be made at once of the seriously congested points along the Denver and Rock Island roads, also, telegrams advised.

A Hanger constructing company has had two cars of cement en route from Acme to Hanger for more than a month. They have been held up because connecting lines would not accept them. The West Texas Chamber of Commerce is arranging to have them moved to Chillicothe and the Orient to Sweet water over a line said not to be congested.

JUDGE SCURRY GOES TO WASHINGTON FOR FEDERAL BUILDING

Judge Edgar Scurry, of the 18th district court, left Wichita Falls this afternoon for Washington, where he will assist in presenting before the House committee this city's need of a new postoffice and federal building. Congressman Lucien Parrish, in letters and telegrams sent to prominent citizens here, has expressed the belief that a strong delegation armed with requisite data will convince federal authorities of the wisdom of investing \$1,000,000 in a building that will serve adequately for the postal and other government business transacted in this city.

STAMFORD, TEX., Jan. 15.—The Stamford Chamber of Commerce Monday placed an order for two solid cars of Duroc Jersey and Poland China brood sows for restocking the Stamford country in the campaign being put on by the West Texas Chamber of Commerce and the Fort Worth Stockyards Company throughout West Texas.

This is the initial order from Stamford. It is the belief of General Manager Porter A. Whaley that at least 50,000 brood sows will be imported into West Texas in the next few months. All swine brought in are immunized against all diseases. The price in the market figure, plus the cost for the simultaneous treatment, and the 30 days quarantine feeding, C. C. French, representing the West Texas Chamber of Commerce and the Fort Worth Stockyards Co., will be present to see after distribution of the swine upon their arrival at each station.

Approximately 15 cars of brood sows have already been placed in West Texas since the campaign began a week ago. One of the cars destined for Stamford will arrive shortly, while the other will go to restock farms in the Leaning, 150 enthusiastic are Stamford farmers that the brood sows were ordered by telegram.

Every county in West Texas will be visited by Mr. French. The two concerns are entering the campaign whereby all West Texas may have an opportunity to become the greatest swine growing section of the nation. The plan of at once is appealing to the farming masses, as is the plan to restock the west, which has been received a worthy more that should receive the encouragement and support of every progressive county in West Texas.

A trailer for airplanes is a development which has been promised by a German manufacturer of flying craft.

BRINGING UP A FAMILY.
Houston, Texas.—After motherhood I always took Dr. Pierce's Favorite Prescription to build me up and strengthen me. It really brought me up every time and I would never hesitate to recommend this medicine to all women who become nervous, weak and run-down, especially while bringing up a family.

Dr. Pierce's Favorite Prescription for women and their ailments is an excellent medicine. I have taken it for feminine troubles and when run down, weak and nervous, and when I was very quick in building me up and relieving me of my troubles, and I always felt better in every way after its use.

Weak women should try it now. Don't wait. Today is the day to begin. This wonderful tonic and nursing will bring you vigor and vitality. Send Dr. Pierce, Buffalo, N. Y., 100, for trial package. It promotes perfect regularity, it soothes and strengthens the nerves, drives away depression, and gives a healthy appetite and refreshing sleep. It makes weak women strong.

TELEPHONE OPERATING A VOCATION FOR WOMEN

The Southwestern Telegraph and Telephone Company's offices are good places for Wichita Falls young women to work, because:

- The wages are good.
- There is plenty of opportunity for advancement to supervisory and executive positions.
- There are various kinds of operating to be done, local, long distance, information, service observing, monitoring, etc.
- The female force is directed and is in charge of female executives.
- There is protection from favoritism and discrimination.
- There is protection of health.
- There is protection of morals.
- There is development of those personal characteristics which blend girlish charm with strong womanhood.

The Southwestern Telegraph and Telephone Company.

THURSDAY... MINIMS D... WOUNDS... CHARGED... DALLAS, Jan. 1... UNITED AMERIC... WACO, TEX., Ja... SYRUP OF LAXATWI... Look at tongue...

MIMMS DIES FROM WOUNDS; HEDRICK IS CHARGED OF MURDER

Earl Mimms, young oil field worker, died Wednesday afternoon at the Wichita General hospital from the effects of a gunshot wound said to have been received in a shooting affair at Waggoner City Tuesday night. A complaint alleging murder was filed in Justice R. V. Quinn's court against J. W. Hedrick, another oil field drifter. Hedrick was taken into custody shortly after the shooting affair and was brought to Wichita Falls and lodged in the county jail. The complaint alleging murder was filed against Hedrick immediately after the death of Mimms.

Mimms was less than 20 years old. He came to Wichita county about two months ago from Okmuhle Tex. and had been employed as an oil well driller since his arrival here. He was married and leaves no relatives here. The body is being held by the coroner and a funeral establishment pending funeral arrangements.

The shooting affair in which Mimms met his death is said to have occurred in a test in the outskirts of Waggoner City. County officials who are investigating the case believe that the shooting was the climax of a dispute among oil field workers who had gathered in the town. Mimms received but one wound. The bullet pierced his head near the ear, which was operated upon shortly after reaching the Wichita General hospital.

MEETING IN THE INTEREST OF THE COTTON GROWERS AT DALLAS JANUARY 27

DALLAS, Jan. 15.—A mass meeting in the interest of cotton growers will be held in Dallas at the city hall auditorium on January 27 under the call of the Texas Division of the American Cotton Association. It is the purpose of the meeting to perfect the Texas organization, which has been working under a temporary directorate formed by the board of directors.

The call for the meeting has been signed by the numerous organizations of Texas interested in the development of the cotton association and the furthering of the work it has already inaugurated in getting a better price for cotton for the grower. A program has been arranged which includes some of the leading authorities of the country on the cotton question.

United States Senators Hoke Smith, D. Smith and Robert L. Owen and Congressman Hefflin will be on the program as well as Harrie Jordan of Atlanta who has studied the cotton question in behalf of the government in foreign countries. Col. W. E. Thompson of New Orleans, ex-president of the Cotton Exchange, will also speak and the American Cotton Association will be represented by President J. Skottore, Wagonmaster and Col. Thomas J. Shackelford.

A number of speakers from the state have also been placed on the program. President D. E. Lyday of the Farmers Union has issued a call for the meeting of the Farmers Union to be held on the same date in Dallas in order that its membership can benefit from the discussion on the cotton question. The State Chamber of Commerce and other organizations have consented to get behind the meeting and secure a large attendance.

The members of the Texas branch of the association are Nathan Adams, Dallas; J. A. Kemp of Wichita Falls; J. T. Scott of Houston; J. K. Pugh of Cameron; F. C. Wainwright of Austin; J. A. Underwood of Honey Grove; and D. E. Lyday of Fort Worth.

UNITED AMERICANS ARE HAVING MEETING

WACO, TEX., Jan. 15.—In response to a call by W. W. Searcy, state chairman, a meeting of the United Americans of Texas, was held here today. A constitution was adopted and a permanent state organization formed during the sessions.

The purpose of the organization, Mr. Searcy stated in his call, was: "To preserve the constitution of the United States with the representative form of government, and the right of individual possession which the constitution provides; to stand firmly for law and order; to foster among the people high standards of individual and corporate conduct; and to advance the prosperity and happiness of all the people of the United States."

John H. Kirby of Houston is a director of the national organization.

TO THE STOCKHOLDERS OF THE WOODROW LEE OIL COMPANY

By order of the Board of Trustees of the Woodrow Lee Oil Company, a meeting of the stockholders of said company is hereby called to be held at 513 First National bank building, Wichita Falls, Texas, on Wednesday, January 21, A. D. 1920, at 7:30 p. m. J. D. Avis, Secretary and Treasurer.

"SYRUP OF FIGS" IS LAXATIVE FOR CHILD

Look at tongue! Remove poisons from stomach, liver and bowels.

Accept California Syrup of Figs only—look for the name California on the package. Then you are sure your child is having the best and most harmless laxative or physic for the stomach, liver and bowels. Children love its delicious fruit taste. Full directions for child's dose on each bottle. Give it without fear.

Mother: You must see "California"

HYDER PRODUCE COMPANY NEW WICHITA FALLS FIRM

GLENN L. HYDER, Formation of a new produce firm, which will be known as the Hyder Produce company, and which will be composed of Glenn L. Hyder and G. A. Gribble, was announced Thursday. Mr. Hyder, who is a nephew of H. B. Hines, has been a resident of the city for more than a year. Mr. Gribble has been in the produce business for several years before coming to Wichita Falls. Since coming here he has been dealing in all stocks and lesses.

Dental Notice—Dr. Green, dentist. Busy workman; work guaranteed; prices very reasonable. 513 1/2 Eighth street. 227-507p.

TRACTION COMPANY WILL DISCONTINUE ISSUE OF TRANSFERS

Effective January 16 no transfers will be issued on the local street railway lines. It is announced from the offices of the Wichita Falls Traction Company.

This action, it is stated, is due to the advanced cost of materials, labor and other operating expenses, making a higher charge a necessity.

SPENCE HARVEY WILL EXHIBIT COTTON SAMPLES

ADILENE, Jan. 15.—Spence Harvey of the Standard Cotton Company of America, headquarters at Philadelphia, will attend the second annual convention of the West Texas Chamber of Commerce at Adilene January 22, and will have an exhibition at the meeting of samples of cotton, yarn, cloth, etc., showing the advantages of this particular brand of cloth. He will also explain to the convention the workings of the Spence Harvey process, which is a trademarked machine at present. The exhibit is worth the time and trouble taken to see it. It will be one of the greatest features of the convention.

It is claimed that yellow fever has been exterminated from the world. The last stand of the disease was at Guaymas, Sonora, but by means of improved sanitary conditions and methods inaugurated by some medical experts of the United States, the epidemic has been stamped out at this point.

NEW TIRE CONCERN IS SEEKING LOCATION HERE

Robert Hunter, representative of the Ever Ready Tire Service, Inc., distributor of Harvey Oilfield tires and tubes, arrived in Wichita Falls this morning from Dallas to seek a location for a branch office in this city. The Chamber of Commerce is assisting him in his search for the desired downtown space.

PARRISH BILL APPROVED BY THE HOUSE COMMITTEE

WASHINGTON, Jan. 15.—A bill by Representative Parrish authorizing the postmaster general to raise fourth class postoffice to presidential class without waiting for computation of a year's receipts, as is now required by law, has been accepted by the House and incorporated in the postoffice appropriation bill.

INFLUENZA starts with a Cold

Kill the Cold. At the first sneeze take HILL'S CASCARA QUININE. Standard held ready for 20 years in tablet form—this sure, no opium—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine is in a blue wrapper with Mr. Hill's picture. At All Drug Stores.

A Secret

Dear Kate,

I had a good laugh at your letter requesting my "home-made" jam recipe—you see the jam which the girls liked so much was mine at all. It was Tenison's—Don't know the recipe, but I do know that Tenison's is made of perfect selected fruit and pure cane sugar. Your grocer has it I'm sure. You can tell it by "T" on the label—

TENISON

PURE QUALITEED

Jams and Jellies

TENISON'S are just as truly home-made as if you had selected and prepared the fruit yourself, put in the best sugar you could buy—pure cane sugar—and cooked the whole in spotlessly clean utensils right in your own kitchen.

And like you, we use no artificial coloring matter or harmful substitutes of any kind.

If there is any difference at all it is due to the fact that Tenison fruit is superior to the fruit you could buy locally. Each kind of fruit used in Tenison's Qualified Jams and Jellies, comes from a certain section of the country famous for that particular kind of fruit.

For the good, genuine, old-fashioned taste, not your grocer for the jar with the big "T".

THE TENISON COMPANY
DALLAS, TEXAS

These, too, suggest the touch of home's cookery and preparation: Try Tenison Spiced Pork and Beans, Chili Con Carne, Tomato Ketchup, and Spicy Mustard.

Other "Qualified" Products—

JAMS: Apricot, Blackberry, Loganberry, Plum, Raspberry, Strawberry.

JELLIES: Apple, Orange, Blackberry, Loganberry, Plum.

Apple Butter, Mable Syrup and Spices of all kinds.

WHAT ARE YOU GOING TO VARNISH?

THAT DETERMINES THE KIND OF VARNISH TO BUY

You use one kind of paint for the outside of your house, but another kind for inside wear. Experience teaches that one kind of paint will not do for all different surfaces and uses.

Have you learned the same lesson about varnish? Different varnished surfaces also get different wear, so there must be different varnishes for each. Sherwin-Williams makes three world-superior varnishes which cover the whole world's varnish needs, and all the water in the world will not harm them.

Different surfaces get different wear so there must be a different varnish for each

That's logical, isn't it. You do not walk on tables but you do on floors. You do not subject your furniture to heat, rain, snow and ice, but outside surfaces must withstand such exposure.

All of these varying kinds of wear have been scientifically met by three Sherwin-Williams Varnishes. Each is made water-proof, because water comes in contact with all varnished surfaces at times. But beyond that quality they differ—each being made to best protect the surface it covers from the kind of wear such a surface gets.

S-W MAR-NOT for Floors and Stairs	S-W SCAR-NOT for Furniture and Wood-work.	S-W REXPAR for all Outdoors.
---	---	--

Has a toughness and elasticity that resists the trying wear floors get. Holds its lustre against repeated cleaning and stands up under the wear of walking, dancing and moving about of furniture.

It is famous for the beautiful polish it takes. It will stand the knocks and rubs of usage, and is heat-proof and water-proof. Hot liquids will not sear it or turn it white.

It is made to stand weather—the severest wear that varnish ever gets. In government tests for airplane use it successfully passed 14 of the severest tests ever given a varnish.

WALL PAPER Our wall paper stocks contain the most beautiful and reasonably priced creations from all the leading centers of decorative fashion. Our decorative staff comprises experts who furnish color schemes for one room or your entire house, free.

NEW YORK--Five hundred guests at the banquet of the real estate board were presented with a case of pre-war beer each by Christian Trappenstein, brewer.

WEATHER RETARDS DRILLING AND COMPLETIONS FOR PAST WEEK SHOW FALLING OFF AS RESULT

Completions in the Wichita Falls district for the past week are few in number compared with the large number which the district has averaged during the past several weeks, there being 34 completions, two of these dry holes, and two abandonments of locations, reported from the entire district. All of the completions came from the Waggoner pool, with the exception of two, one each from Petrolia and Electric, both small.

This small number of completions can be attributed to the bad weather and rains, which have made the roads to the oil fields impassable, and to the fact that the weather has also retarded the drilling of new wells, though not yet above completed wells, though there are several tests that have had the sand for more than a week and under normal conditions would have been already completed. The developments in the Kemp-Munger-Alten sand have also been slow up by the bad weather, and there is practically no change in the status of any of the tests drilling save that the Keweenaw No. 1 Logan, in block 34, almost directly south of the Keweenaw well of the pool, is drilling around 1800 feet, and is expected to be the next completion in this section. There is nothing new from either the Gilliland nor the Alberta Oil companies' tests, drilling some distance southwest of the Kemp-Munger-Alten well, which were the subject of various rumors a week or so ago. The Gilliland is waiting for cable tools to be rigged up, casing having been set at 1,600 feet, where a sand was encountered. The Alberta is reported still drilling above the depth where the Kemp-Munger-Alten sand might be expected.

Had weather, however, had little effect on production, as reflected in pipeline runs from the district, the having been set at the same figures as last week. The runs by districts follow:

Table with 2 columns: District, Barrels. Includes entries for Electric, Petrolia, and others.

The completion by pools follows:

Table with 2 columns: Pool, Barrels. Includes entries for Electric, Petrolia, and others.

Waggoner Pool. G. C. Wood and Home Oil and Refining company, No. 2 Evans, block 35, Greenwood, 200 barrels.

R. E. SHEPHERD, Cashier.

The Panhandle Field Is Your Next Best Bet

The Home People's well is showing One Hundred Barrels and still drilling—All told, there are One Hundred and Four drilling wells in the Panhandle, besides hundreds of locations on which operations will begin in the spring—Now is the logical time—invest your money in the Biggest Little Company in Texas.

Here is one that has all the ear-marks of another Hogg Creek. If we have only average luck we will make the Burk-Waggoner with her little \$2,000,000.00 sale. The greatest gas well in all America is here in the Panhandle Oil Fields. Monster gassers and gusher oil wells are twin sisters—they go hand in hand the world over.

WE HAVE THE GASSERS AND WE WILL GET THE GUSHERS—DON'T YOU FORGET IT

ON THE EVE OF PRODUCTION This field is on the eve of big production as evidenced by the bringing in on November 23, 1919, of the Masterson No. 4 well which is making 107,000,000 cubic feet of petroleum gas by gauge—the oil is next—but when the first big well cracks loose here you will have lost all chance of getting in any company with small capital and a 4,000-acre lease—then on companies will be organized on small blocks as they are in all other fields and at that time you will be gambling for OIL OR NOTHING as they will have no surplus leases to sell for your protection in case they drill a dry hole.

Now Wouldn't It Get Your

If you turned this offer down and it panned out as big as Hogg Creek Hogg Creek is reported having sold for an amount equal to \$20,000 for each \$100 invested. A few months ago Hogg Creek was one of the wildest wildcats in Texas. Our 4,000-acre lease is at least in a semi-proven field and on as fine an oil structure as any in Texas—our geologists tell us we will get big production—we believe that we will, if we didn't we wouldn't drill on it.

ONLY 18 PER CENT DRY HOLES

From reports published in reliable newspapers and oil journals there were over 21,800 oil wells drilled in the United States in 1918. Of this number 79 per cent are said to have been producers, 3 per cent gassers, and 18 per cent dry holes. Therefore, based on the law of average we have 82 chances out of a possible one hundred to win but with the showings here our chances should be far better than that—at all events it is not a question of losing your money as we believe that we have you protected.

WE CAN PAY YOU 100 PER CENT

It is our belief that we can pay you at least 100 per cent before the well is completed even should we drill a dry hole. Lease prices make this possible—leases around any drilling well in this field are higher than in any semi-proven field in the state. Geologists tell us that we should get oil at 2,700 feet, but we are going to make no mistake—we will start with a hole large enough at the surface to allow us to go 4,000 feet if necessary. After our well is down 1,000 feet or more we will start selling leases of our 4,000-acre block—by the sale of 3,000 acres at that time, based on lease prices around drilling wells, we have no doubt we can pay you 100 per cent or more and still leave you your full interest in seven-eighths of all we can produce on 1,000 acres.

\$22,000.00 FOR \$100.00

Burk-Waggoner was a wildcat a few months ago—they sold for \$2,000,000 and only had 60 acres. We expect to get as good a well as they got. If 60 acres sold for \$2,000,000, what will 1,000 acres be worth? Figure it out. It amounts to over \$22,000.00 for \$100.00, doesn't it? Nothing impossible about this, in fact, this is the kind of profit pioneer companies figure to make.

Does Eighty-two Chances out of a Possible One Hundred to Make \$22,000.00 for \$100.00 interest you When Coupled With the Protection Offered?

WAID ENTERS PLEA OF GUILTY TO CHARGE OF USING MAIL TO DEFRAUD

Ben W. Waid, former secretary-treasurer of the Volunteer Oil company, entered a formal plea of guilty before Assistant United States District Attorney Harrell in Dallas Tuesday to a charge of using the mails to defraud in connection with the promotion of the Volunteer Oil company. It was announced Wednesday afternoon by United States Commissioner Lantz, Waid was taken to Dallas Monday by Deputy United States Marshal Max...

Blow--Breezes--Blow

Wind and weather have no terrors for the face that is protected by Garden Court Double Combination Cream. It is a delicate emollient for daily use. As it is composed purely of vegetable products, it is easily absorbed. Keeps the skin smooth, soft and white and prevents chapping. Should be used before and after exposure to cold and wind.

RELIC OF WATERLOO IS EXHIBITED IN WINDOW OF WICHITA FALLS JEWELER

One of the original "Lions of Waterloo" that was cast from war material found on the battlefield after that famous conflict and Napoleon's retreat of June 18, 1815, is on display in the window of the Kruger Jewelry Company. This interesting and valuable relic is the property of Jules Ehlers, police sergeant of the local force, and was handed down to him by his grandmother, Marie Josephine des Roselies of Brussels, to whom the lion was presented by the Prince of Orange after she had nursed his wounds he received in battle. As there were only

REWARD OF \$500 FOR MAN WHO WAS RELEASED

To see \$500 reward money slip between their fingers was the unenviable sensation experienced by Detectives Morgan and Jackson when they found that a man thought to be Bert Matthews wanted in Jackson, Michigan, for arson and jumping bond, whom they had arrested and turned over to the county for safekeeping had been released by the county for "lack of sufficient evidence." And Wednesday morning a telephone call from the authorities at Jackson arrived saying that an officer was on the way to take charge of the prisoner. The detectives are making an effort to retrieve their lost fortunes by apprehending the man before any other officer finds him.

LIFE OF ENUMERATOR IS NOT ONE OF ROSES

DALLAS, Jan. 15.—Take the case of the census enumerator; life is not all sunshine and roses for him. A woman with qualifications for being made "dean of the profane language" department of a suit college has been encountered here by an enumerator of the United States census, according to W. L. Chew, local census supervisor. When the enumerator called at the woman's residence and sought to secure statistics sought by the government in compiling the decennial census figures, he was met with a tirade of abusive language and profanity, he reported. He said the woman "cussed him out" for half an hour without using the same term twice. During her word barrage, the enumerator reported, the woman told him no man ever entered her home and never would as long as she lived. Supervisor Chew has issued a warning that information for the census must be furnished or prosecution will follow.

COFFEE. Forty-five years ago, one Shale De Vere, in reviewing the legends, and miracles ascribed to the famous bean, the merits of which a dervish discovered as he watched the effects of the leaves of the plant upon a flock of goats he tended and that were made frisky by eating them. It is told that "they jumped and gambled and bleated in so remarkable a manner that the dervish became envious of their happiness, gathered a few of the leaves, chewed them and felt as merry as his goats." That was the start of the devotion now shown in the civilized world to coffee as its favorite beverage. De Vere, noting the devotion of pious followers of Mohamet, among whom coffee reigned supreme, remarks: "poets have sung the praises of the black beverage; priests and monks have preached in its favor, and to all from the Sultan on his throne, to the fellow in his hut of Nile mud, the precious thing is a source of enjoyment." That spirit is as potent today as it was 400 years ago. "WHO CAN BEAT IT?" AT ALL GOOD GROCERS. BERT BEAN COFFEE CO. Ohio at Sixth. Telephone 35.
