W. A. Keeling, assistant attorney general of Texas, said today that claimants from both states "have threatened to shoot anyone who interferes with their occupation of the

property."
Fifteen Texas rangers, heavily armed, will reach the disputed territory late today, to reinforce the several rangers already there, protect ing interests of Texas claimants un personal command of Adjutant General W. D. Cope.

Pending determination by the fed-

read ourts of the boundary between the two states, Mr. keeling said the territory in issue would be regarded as Texas land and state forces will support and defend with arms, if necessary, those holding the land under Texas claims.

Besides the claims of Texas and Oklahoma, the federal government has announced its determination to Oklahoma, the federal government has announced its determination to enter the controversy, seeking to establish the rights of Wichita Indians to the oil lands. It plans to institute a series of suits to this end, and as a part of its program, is anxious to have the boundary definitely fixed. The Oklahoma claimants contend the river's course, which originally marked the boundary, has shifted. river's course, which originally marked the boundary, has shifted northward in the past century.

THEMSELVES TO CITY'S FUTURE AT BANQUET MONDAY EVENING

Condensed into paragraph notes, below are a few of the most striking and significant remarks made last night by speakers at the "Better city" dinner of the Chamber of Commerce;

J. A. Kemp: "The old men are passing out, and the young men of the city are taking up their burdens. But the pull together spirit of Wichita Falls remains the same."

R. E. Huff: "I want to see a city of civic pride, one in which our women will be happy. We will not fail."

W. F. Weeks: "Seven duties confront the Chamber of Commerce."

To see that every citizen of Wichita county pays his poil tax; to make the city clean; to improve lighting facilities; to paye the downtown

streets; to improve the street car service; to enlarge the public schools; to build a city auditorium. Rabbi David Goldberg: "The Chamber of Commerce will put a soul into the body of Wichita Falls."

Adolph Boldt: "You are surrounded by an oil effipire. Cities, like individual, must possess character. Your men of wealth owe the duty of leaving imperishable monuments to their memories."

Col. Louis Wortham: "You have leaders in your midst. Follow."

them and they will lead you to greater heights of civic glory. Frank Kell: "I believe Wichta Falls will become at least the fourth city of Texas in every line of endeavor. This is the city where the young man can make his fortune and his reputation—and reputation is worth more than all the money you can make.

PANTAGES BILL PROVIDES PLENTY OF AMUSEMENT

A well balanced and entertaining bill is showing at the Wichita theater the first part of the week. While it is not the best program that has been provided, still it is far from the worst and there are parts that are well deserving of praise. Heras and Preston have good humor enough to lift their act from the commonplace of acrobatic exhibition. Both the little fellow and his husky partner perform many difficult fests of strength and poise, and their act received a good hand from the audience.

It's a pity that the arrangement of things, such as setting the stage scenery or what ever it may be, decreed that George Choos' famous musical comedicita, "Oh. Teddy," should be the last on the bill. A habit that local audiences have drifted into of making a grand rush for the exit when the last act of a show is about half finished is deplorable and shows lack of taste as well as close proximity of the eyebrows to the hair of the persons participating in this favorite indoor sport. Such things would be overlooked at a place like Bradley's Corner, but for a town that is supposed to be, or wants to be a city, it is acnively creditable. "Oh. Teddy" is a conventional musical girlle show number with two good comedians, catching tunes and good dancing. joy keeps women young and beautiful!

HARD work ages women. The daily house chores, often distasteful, are the telling destroyers.

Why don't you let Joy into your home to do the hard work? Joy, a cool, firm, white soap, goes after pots and pans, dishes and windows, bath tubs and floors, in such a hearty manner that they fairly bristle with brightness! And, my! how clean and sweet the laundry is after washing with Joy!

You never saw anything clean as easily and quickly. There's no scrubbing necessary—just rub a little and Joy disintegrates the dirt, grease and grime almost instantly.

And economical! Joy lasts longer, does the job in less time and better. It doesn't get soft and sticky when wet, either. It's just a plumb everlasting good household soap, working like a wizard all the time. You'll sure like it. Ask your grocer today.

The race between Senators Hitch

There is, we think, little comparison between the two men in innate ability or in qualifications of leadership; it is not because of being ourself /a Southerner that makes us think Underwood is far superior to Hitchcock in ability and qualities of leadership. But the suspicion that Mr. Underwood was at heart not sincerely loyal to the President and the treaty ratification proved a very severe handicap sufficient to turn at least enough votes to keep him from victory duestion of a greater price should not be raised until the company had demonstrated that it could, and would the temporary leader's head in proposing a conciliation committee. During this government of the stats persons in places of power should be exceedingly fortunate. Their highest ambitions are likely to be realized. The sway is most tavorable to President Wilson, making for an access of physical strength and the better understanding of his policies. It is a lucky direction of the stars for appointments of any sort. Persons chosen for positions at this time should prove successful in administration.

Those who seek will find it under this rule of the plauets and there will be extraordinary good opportunities for all who are highly trained in any vocation.

RUSSIANS FAIL TO GRASP PLAN OF THE ALLIES

CHICAGO. Jan. 20.—The two Wood delegates elected by the district convention in Oklahoma last week were legally chosen and will be seated by the credentials committee of the Republican convention in June, according to Wood headquarters here.

LONDON, Jan. 20.—Skepticism regarding the operations to be followed in opening trade between Allied countries and the people of Russia is expressed by Maxim Litvinoff, Bolshevik delegate at Copenhagen, in the course of an interview given the Herald correspondent at the Danish capital. The Bolshevik representative, who is in Copenhagen negotiating with James O'Grady, British delegate, for the exchange of prisoners, is cautious in giving his views on the situation the correspondent says.

The Allied decision is as yet "only a paper declaration and yet to be translated into deeds" in M. Lit.

Governor Frank O. Lowden left last translated into deeds" in M. Litvinoff's opinion, and reservations contained in the official announcement are looked upon as intended to frustrate the effectual working out of the plan. M. Litvinoff believes that in limiting trade with Russia to the activities of co-operative societies there will be an attempt to force Soviet Russia to make certain changes in its economic system.

"The whole export and import trade of Russia has been nationalized," M. Litzinoff is quoted as declaring. "and must be transacted through the commissary for trade and industry or its agencies. The Soviet government

commissary for trade and industry or its agencies. The Soviet government may or may not find it convenient business with the co-operative societies, which are now working in full harmony with other Soviet institutions but which would resent having their actions subject to dictation from without or having a monopoly bestowed on a certain group.

"Trade cannot be satisfactorily conducted between countries unless."

"Trade cannot be satisfactorily conducted between countries unless they are fully and mutually represented and have free postal and telegraphic intercourse. If the Paris decision does not imply such intercourse it may be of little use to Russia or the world. Moreover, the most impotant routes to central Europe and former Russia seaports are now controlled by the newly formed bor der states and if the Allies continue and department of justice agents for a half dozen radicals believed to have been leaders in a bomb plot which is declared to have been nipped yesterday was made possible by revelations made to federal agents by an alien who had been scheduled to sail on the Soviet "ark" Buford with 249 other radicals. SALUTE "DODSON'S LIVER TONE"

It Never Gripes or Sickens You Like Nasty Calomel. All Biliousness, Headache, Constipation Is Gone

You're bilious! Your liver is sluggish. You feel lazy, dizzy. Your head is dull, your tongue coated, breath bad, stomach sour and bowels constipated. But don't take salivating Calomel. It makes you sick; you may lose a day.

Calomel is mercury which crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

To enjoy the nicest, gentlest liver and bowel cleansing you ever experienced take a spoonful of harmless bodson's Liver Tone tonight. Your druggist sells a bottle of Dodson's Liver Tone for a few cents and guarantees each spoonful to clean your sluggish liver better than a dose of masty Calomel, without making you ever experienced take a spoonful of harmless bodson's Liver Tone tonight. ROB DEAD BODY OF CLOTHES AND FORGES SIGNATURE TO CHECK 48,000

Accused of taking the clothes from a dead man and of later signing the name of the deceased to two bank checks, a man is being held in the county jail on a charge of forgery. It is alleged that the man stripped the clothing from a person who died Saturday in a tent in the bottoms and later came to a local bank where he cashed two checks bearing the deceased's name. It is said that the checks are dated after the man is known to have died and are consequently forgeries. County Attorney John Davenport announced that a man could be convicted of forging the name of a dead man, asserting that that point in law had been decided by the superior courts of the state. Keep The System Clean And You'll Be Healthy

Elimination helps to avoid colds, headaches and epidemics

A NYONE who has watched himself knows there is nothing so important to health and comfort as regular deily elimination. Half of the minor illnesses of life are due to neglect of this. The five million men who were in our army know the importance the doctor attached to this function.

By all means try to regulate yourself by intelligent diet and exercise, but when these fail you will need a laxative, one as near to nature in its action as skill can make it. In the opinion of many thousands of good Americans such a one is Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin. It acts promptly, gently and without griping and will with certainty regulate any tendency to con-

Take it when you feel drowsy, dizzy or bilious, when you feel a cold or a fever coming on, when there is an epidemic, when you have eaten anything about which you are in doubt. It is at such times that you need to be free of poisons and of fermenting foods. You can buy Dr. Caldwell's Syrup Pensin at any drug store. Thou-Pepsin at any drug store. Thousands of families have it constantly in the house against emergencies.

In spite of the fact that Dr. Cold-well's Syrup Pepsin is the largest solling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington St., Monticello, Illinois.

4,000 Acre Lease--Capital Only \$150,000 in the PANHANDLE OIL FIELDS

There are a number of Big Gas Wells in this field, the last to come in being the largest in the United States. These gasers are a sure-shot indicator of oil

This 4,000-acre lease is in Lipscomb County, 50 miles northeast of these monster gassers. In taking this lease we had the pick of the whole field as we got in early. We believe that we have selected the most likely location to get oil; our geologists tell us it will be a producer, from our own knowledge of the business.

This field is getting the biggest play of any semi-proven territory in Texas —it costs from \$65,000 up to drill a well here and there are around 100 drilling.

The attractive feature in this company besides our chance of getting oil is the size of our lease—in order to protect everyone in the company we will sell 3000 acres after we start drilling and before the well is completed—by this plan of operation your original money is returned to you, still leaving you your share of 7-8 of all we can produce on 1000 acres. Companies of this character and organized on these lines are the only ones in which it is possible for a moderate investment to make a fortune.

The greater part of development in the Panhandle is being done by the big oil corporations, thus showing their faith in it. There are about fourteen companies in Amarillo fully financed and no stock for sale. The stocks of these companies are selling above par on the Amarillo exchange. The Canadian Pool Oil Company has already paid their shareholders 80% dividends by the sale of a part of their leases and they are not even drilling.

LOUISIANA VOTING ON

NEW ORLEANS, Jan. 20.—Louisiana voters today were balloting on Democratic candidates for governor, lieutenant governor and other state officers in the regular primary, the result of which is equivalent to election. The gubernatorial candifiates are John M. Parker, of New Orleans, in 1916, Progressive party candidate for vice president; and Col. Frank P. Stubbs of Monroe.

Colonel Stubbs is credited with being the "organization" candidate, while Parker is supported by the antiorganization forces headed by Governor Pleasants, who four years ago defeated Parker. At that time Governor Pleasants was the "organization" candidate and Parker an independent, but this year the former withdrew from the "organization" and threw his strength to Parker.

TOTAL ASSESSMENTS REPORTED TO STATE OVER THREE BILLION

AUSTIN, TEX., Jan. 19 .- Assess. ments of property in Texas during 1919 for taxation showed an increase of \$187,475,918 over the assessed values of 1918, according to a summary of tax rolls in the office of the state comptroller. Assessments upon which taxes will be collected this year total

\$3,200,295,205.
Land is the item showing the greatest value, and the largest increase also came in land, of which 167,336,544 acres were assessed at \$1,291,098,471. acres were assessed at \$1,291,098,471. This was an increase of 1,902,320 acres valued at \$102,703,669. A considerable portion of this increase to individuals, become immediately subject to taxation and considerable land was sold between the two assessments.

Assessments of town lots show a considerable growth of Texas cities, if the increase does not happen to be due to unusual activities of assessors in 1519 for their value increased \$29.

due to unusual activities of assessors in 1519, for their value increased \$29.180,023 and reached \$751,798,343.

Horses and mules numbering 1,840, 518 were assessed at \$81,102,674, an increase of 145,721 in numbers and \$2,264,768 in value.

Scarcity of foodstuffs and high prices are reflected in the cattle assessment, which shows a decrease of 259,945 in number, but an increase of \$2,564,510 in value. The protracted

prices are reflected in the cattle assessment, which shows a decrease of 259,945 in number, but an increase of \$5,696.510 in value. The protracted drouth which gripped the cattle country for three years may also have brought about the decrease in number by leaving a scarcity of breeding cattle to stock the ranges renewed by the rains of 1919.

ascribed to the famous bean, the merits of which a dervish discovered as he watched the effects of the leaves of the plant upon a flock of goats he tended and that were made frisky by eating them. It is told that "they jumped and gamboled and bleated in so remarkable a manner that the dervish became envious of their happiness, gathered a few of the leaves, chewed them and felt as merry as his goats." That was the start of the devotion now shown in the civilized world to coffee as its favorite beverage.

De Vere, noting the devotion of pious followers of Mohamet among whom coffee reigned supreme, remarks: "poets have sung the praises of the black beverage; priests and monks have preached in its favor, and to all from the Sultan on his throne, to the fellah in his hut of Nile mud, the precious thing is a source of enjoyment." That spirit is as potent today as it was 400 years ago.
