REPUBLICANS OF NEW YORK PLAN FOR CAMPAIGN

Platform Favors Ratification of Treaty With Proposed Reservations. URGES WOMANS SUFFRAGE AND A NATIONAL BUDGET. Discusses Labor, Production, Radicalism and Elects Delegates to Convention.

NEW YORK, Feb. 20.—Immediate ratification of the peace treaty with distinct reservations to protect American interests is recommended in the state republican platform. The delegates at large to the national convention, approved by the convention, are: United States, Colonel William Boyce Thompson and Nathan M. Miller. Mrs. Arthur R. Livermore was named as one of the four alternates. The platform was drafted by a committee headed by Nicholas Murray Butler. It was regarded in many quarters as possibly forecasting the attitude of New York republicans toward the national republican platform that will be adopted at the Chicago convention.

The document also contains planks urging the elimination of bolshevism, ratification of the woman suffrage amendment, repeal of business control laws to reduce the cost of living, a national budget system, protective tariff, establishment of commission to handle labor disputes, and enlarged and privately owned merchant marine, universal military training and strict immigration laws. It opposes government ownership of railroads and the Plumb plan, charge that the federal trade commission has prostituted its proper functions, and attacks the democratic national administration's conduct of the war and the peace negotiations.

Four delegates-at-large to the national convention and their alternates were named to be voted on at the primary. The state republican slate for these posts was accepted. The plank favoring immediate ratification of the peace treaty declares that distinct reservations shall accompany it, "so as to make it clear to all the world that the United States retains its unconditional rights to withdraw from the league of nations on the conditions that the United States assumes no obligation either legal or moral to send American soldiers or sailors for service abroad under the conditions that the United States shall not be bound by the Monroe Doctrine in protected both in letter and spirit; that no foreign power or council of foreign powers shall have any control whatsoever over the domestic policies of the United States, and that the government and the people of the United States shall not be drawn by the operation of the so-called labor clauses into the net spread by international socialism."

Upon the ratification of the treaty, the platform declares the institution of an international high court of justice to decide disputes between nations and an international conference to revise the rules of international law and conduct. Declaring the chief enemy of democracy is no longer arbitrary monarchic governments, "but the cruel and relentless spread of socialism based upon exploiting all who are not of their own kind and group," the platform urges serious measures to "prevent by education the spread of doctrines of this dangerous and undemocratic movement." The plank is headed "Bolshevism vs. Democracy."

With regard to the high cost of living, the platform declares industry shall be hampered and the cost of living advanced. As to the effect of emergency war-time legislation, it declares "responsible private industry and the country's business should be at once abolished." It adds that a form of control that is bearable in war becomes tyrannical in peace. Charging the federal trade commission, "as at present constituted," with deliberately prostituting its proper functions, the platform says: "It has persecuted trade instead of promoting it. The largest industrial units should be under the administrative supervision of the federal trade commission, properly constituted and should be told in definite terms what business practices are and what are not permissible."

The platform opposes a large army of professional soldiers and favors a small standing army with a trained citizen reserve. After endorsing the accomplishments of the republican party during the war, the platform declares "We shall appeal to the people to support a policy which is secure in the future, without reduction of armaments without sacrificing love of country and American ideals to a false, harmful term of internationalism."

GENERAL ATTACK BY BOLSHEVIK FORCES LONDON, Thursday, Feb. 19.—Russian bolshevik forces recently delivered a general attack along the 150-mile front from the Azov Sea eastward to Lake Manich, according to war office reports issued here today. On the eastern end of the line they made no appreciable progress from Lake Manich to the point where the Tzaritzin-Katerynodar railway, but farther west, they succeeded in crossing the Dnieper and occupying a line some miles south of the river.

MAY SUCCEED LANSING

Under Secretary of State Frank L. Polk, who will probably be appointed Secretary of State to succeed Robert Lansing resigned.

WASHINGTON, Feb. 20.—President Wilson's latest note on the Adriatic question is regarded at the White House as his final word on the subject, it was stated today. One official said "he thought no further correspondence would be necessary."

WASHINGTON, Feb. 20.—Formulation by the United States, Great Britain and France of a new proposal to Italy and Jugo-Slavia for settlement of the Adriatic controversy is likely to result in President Wilson's re-entrance into the negotiations, it was believed here today. Faced with Wilson's reported intention that he might consider the withdrawal of the treaty of Versailles and the treaty of alliance between Great Britain and France and the United States for the defense of France, it is believed that Great Britain and France will exert themselves to cause Italy to make concessions to the Jugo-Slavs in line with the President's stand. Premier Nitti of Italy has declared that the January plan of the allies was the least that his country would accept.

PATRIOTISM IS INJECTED INTO NEWBERRY CASE

Defense Succeeds in Getting Before Jury Its Version of Motives of Men. GRAND RAPIDS, MICH., Feb. 20.—Patriotism and other burning issues of 1918, were rekindled to flame at today's session of the Newberry election fraud and trial.

Incidentally the defense for the first time was successful in its untiring efforts since the trial's initial session, to get before the jury its version of the patriotic motives which actuated the bitter Newberry and Ford senatorial fight in 1918. Through questions put to Claire R. Higbee, grand juror, who has testified regarding testimony of the 123 defendants, George E. Nichols, for the defense, revived the entire pacifist vs. militant question. "Didn't De Witt Brown, the defendant, tell the grand jury he was for Newberry because he was in the navy, his sons were in the navy, and his wife head of the Michigan Red Cross?" "I don't remember," answered Higbee. "Didn't he tell the grand jury he was against Ford because he could not stand for a man who thought his son was too good to go to France as his three sons had done?" "I don't remember," answered Higbee. "Didn't Brown say he travelled over his county and seen all the men with sons in the service and told them it was their duty to 'dig up' for Newberry because if they didn't they would see Henry Ford, a pacifist in the senate?" Again the witness did not recall. "Didn't Brown testify he paid out \$250 from his own pocket for Newberry and would give all he had to help him beat Ford because of his three boys in France?" "I don't remember," he recalled. But one of the main contentions of the defense—that the defendants on trial were actuated by patriotic motives—was read into the records. Previous attempts to establish this point were ruled out.

HOUSTON REPORT ON WEATHER AND ROADS

HOUSTON, TEX., Feb. 20.—Winds on the Texas coast: Fresh southerly. Weather conditions and highway bulletin: A large area of low barometric pressure extends from the north Pacific coast southeastward into Texas and increasing cloudiness was reported. Dirt roads continue soft and impassable in places east toward Beaumont and west toward Victoria. The K. T. from Navasota to Millican will not be passable for some time, but the lower road from Navasota to Bryan, via Herrington, although rough, may be passed by going slow.

REPORT ONLY 79 NEW CASES OF FLU.

AUSTIN, Feb. 20.—With only 79 new cases of influenza in the state reported to the state health department for the 24-hour period ending at noon today, the epidemic showed the smallest number of new cases yet reported.

NEW PROPOSAL AS RESULT OF WILSON NOTE

Expected Another Solution of Adriatic Question Will Be Outlined. SUCH IS THE OPINION EXPRESSED AT WASHINGTON. Will Make Effort to Induce Italy to Make Concessions to the Jugo-Slavs.

WASHINGTON, Feb. 20.—President Wilson's latest note on the Adriatic question is regarded at the White House as his final word on the subject, it was stated today. One official said "he thought no further correspondence would be necessary."

BERLIN PRESS COMMENTS ON ATTITUDE OF WILSON

BERLIN, Wednesday, Feb. 15.—Newspapers here are giving unusual prominence to dispatches from the United States regarding the Wilson-Lansing episode and also the attitude of President Wilson on the Adriatic question. What little editorial comment there is attempts to establish the fact that there is an "insurrection against Mr. Wilson at home and abroad." This is based wholly upon the cabinet information through Holland and Switzerland to the effect that American newspapers are taking the part of Secretary Lansing. The Tageblatt declares that Mr. Lansing's case has been "converted into Mr. Wilson's case" and that while it is a purely internal affair of the United States, outsiders are "forced to make the somewhat depressing observation that the appointment of one great nation world democracy and liberty, is closing his career in open contradiction to the will of his people."

Belief that Washington bulletins permit the conclusion that the President's immediate official environment is "emphatically disavowing" is expressed by the Vossische Zeitung. The National Zeitung claims to be informed that the allied reversal of policy on the extradition issue was due primarily to pressure from the United States; the newspaper says America "opposed arbitrary procedure on the ground that it was calculated to produce internal confusion and decidedly inimical to this nation's policy and economic recovery."

ITALIAN PRESS FREELY COMMENTS ON INCIDENT

ROME, Feb. 20.—Commenting on the situation which has arisen since President Wilson sent his note to the supreme allied command, the Epoca says: "Two different conceptions of civilization led Europe into the war and the moment that war is over the world is confronted with a conflict between two continents—Europe and America. Old Europe with all its defects, never until five years ago needed America's advice in the conduct of its affairs. Now after victory has been achieved, every European action must be submitted to President Wilson. Is it possible that even American public opinion has a countenance such an absurdity?"

"Premier Nitti, the champion of accord with America, must now become the supporter of the Anglo-Franco-Italian accord," says the Corriere d'Italia. "Like Saturn, who swallows his children, President Wilson is now swallowing his child, the league of nations. This perhaps is not a misfortune, as it may be reconstructed on a better basis." The Messaggero says: "Mr. Wilson in reality is acting against himself as his desire to impose without discussion through the threat of hunger, his obstinate will shows the impossibility of a league of nations. This perhaps is not a misfortune, as it may be reconstructed on a better basis."

"For the third time he has saved Italy from accepting a solution of the Adriatic question which was a renunciation of rights to which she was entitled."

Head down to avoid the camera, Harry New (center), slayer of his sweetheart and alleged son of Indiana Senator, is here shown enroute to San Quentin prison to begin his sentence. New is handcuffed to John K. Skelton, a burglar, and is accompanied by Mrs. Berger, his mother.

REAR ADMIRAL ROBERT PEARY, NOTED EXPLORER, DIES TODAY; DISCOVERER OF THE NORTH POLE

Peary's Story of the Finding of the Pole. "The Pole at last," wrote Admiral Peary in his diary on April 6, 1919, the day he discovered the top of the earth. "The prize of three centuries—mine at last—I cannot bring myself to realize it. It seems all so simple and commonplace." In his book "The North Pole," which he wrote after his return from his successful expedition, Admiral Peary said: "Of course, there were some more or less informal ceremonies connected with our arrival at our difficult destination, but they were not of a very elaborate character. We planted five flags at the top of the world. The first one was a silk American flag which Mrs. Peary gave me 15 years ago. That flag has done more traveling in high altitudes than any other ever made. "Admiral Peary planned the American flag in the ice, I told Henson to time the Eskimos for three rousing cheers, which they gave with the greatest enthusiasm. Thereupon I shook hands with each member of the party—surely a sufficiently unceremonious affair to meet with the approval of the most democratic. "Then in a space between the ice blocks of a pressure ridge I deposited a glass bottle containing a diagonal strip of my flag and records." (Copyright by Frederick A. Stokes Co., and reproduced by permission.)

WASHINGTON, Feb. 20.—Rear Admiral Robert Edwin Peary, retired, Arctic explorer and discoverer of the North Pole, died at his home here today from pericardial aneurysm, from which he had "suffered for several years. He will be buried with full naval honors. "Admiral Peary submitted to a blood transfusion at a hospital here ten days ago. He later was removed to his home and his condition then was reported as somewhat improved. He gradually grew weaker, however. The transfusion this month was the thirty-fifth to which the admiral had submitted in the past few years. "Admiral Peary was 64 years old and entered the navy as a civil engineer on October 26, 1881. He was assistant engineer, Nicaragua ship canal, under government orders 1884-85. Returning to the United States he became interested in Arctic explorations and 34 years ago he made his first trip to the north, making a reconnaissance of the Greenland inland ice cape east of Disco Bay. "Two years thereafter he was enlisted in charge of the Nicaragua canal surveys and invented rolling lock gates for the canal but the love of the Arctic was on him and he again turned northward. In June, 1891, he led his first big Polar expedition, being head of the Arctic expedition of the Academy of National Science, Philadelphia. "Crowning Achievement. "It was on the afternoon of Sept. 6, 1909, that the following few words reported to the civilized world for the first time this crowning achievement of three centuries of effort: "Indian Harbor, via Cape Ray, N. E., Sept. 6.—To the Associated Press, New York. "New York, N. Y. "Peary and Stripes sailed to North Pole, Peary." Peary's actual attainment of the pole had been just five months before, April 6, 1909. "When this dispatch came, the world was, quite unknown to Peary, already praising Dr. Frederick A. Cook as the discoverer. Only four days previous to the Peary announcement, Cook, who was on his way back to Copenhagen on board a Danish steamer, had telegraphed the claim that he reached the pole April 21, 1908—nearly a year ahead of Peary. "While Dr. Cook's claim did not go unquestioned from the first, he had for four days at least been widely acclaimed as the discoverer of the pole. With Peary's message there arose one of the greatest controversies of all ages over the honor of actual first discovery. There can be no one who has forgotten the dispute. Peary's assertions were not seriously questioned, but among the newspaper readers there came to be two great camps, for and against Cook. "The bitterest of this episode is one item in the price which Peary paid for the immortal fame that is now acknowledged to be his. He spent practically all he had in money, gave all that was in him for hard work, and suffered all that the human frame could endure from hunger, cold and disappointment. He made eight journeys into the Arctic, spent upwards of half a million dollars and several times he barely escaped death which in various forms had been the fate of more than 700 explorers before him. "The first step that led Peary toward the Pole was taken in Washington on (Continued on Page 7, Column 5)

POPULATION OF SEVEN ARMENIAN VILLAGES REPORTED MASSACRED BY TURKISH NATIONALIST REBELS

LONDON, Feb. 20.—Populations of seven Armenian villages in the Vilayet of Adana, Turkish Asia Minor, have been massacred by the Turkish nationalist rebels, according to semi-official advice received here today. "The Armenians have appealed to the allied authorities to provide them with arms with which to protect themselves from the Turks. Advice indicated the situation in Sica, where 150,000 Armenians were reported in danger of annihilation, has become more serious. French forces, it was reported, have besieged Marash. "Sicilia is an ancient division of Asia Minor, bordering on the Mediterranean in the Vilayet of Adana.

WILL DEVELOP INTO PEACE NEGOTIATIONS

LONDON, Feb. 20.—A diplomatic dispatch from Berlin today states that "undoubtedly" the forthcoming negotiations regarding prisoners between Germany and Soviet Russia will develop into peace negotiations. "THREE ARE INJURED IN AN EXPLOSION. NEWCASTLE, PA., Feb. 20.—Three girls were injured and three small buildings of the Conti Powder Company were burned here today following an explosion.

"WHITES" ABANDON THE TOWN AND TROOPS JOIN RED FORCES; IS WEAKENING THE DVINA LINE

LONDON, Feb. 20.—Bolshevik forces have captured Archangel on the White Sea, according to a wireless dispatch from Moscow today. The "whites" abandoned the town and the troops joined the bolsheviks, the message declares. "The last advice to the British war office on the north Russian situation were that on Feb. 18 the red forces were 70 miles south of Archangel. Bolsheviki possession of the city would mean a material weakening of the Dvina line. Archangel was for a long period during the war the main port of entry for Russian war supplies from the allies. A railroad joining the principal Russian rail lines to the south gave in great part for the war material outside of Russia and supplied to the armies of the old regime and after the revolution to the forces of the Kerensky government. With the advent of the bolshevik rule in Russia, Archangel was maintained by the allies as a base for contact with the allied and later as the supply depot for the forces of the north Russian government established in opposition to the bolsheviks and the allied troops, including a considerable number of American soldiers to help protect the north Russian area from bolshevik incursions. Abandonment of the Archangel expedition by the allied and associated powers was determined upon last year, and the British, American and other allied forces there were withdrawn during the summer and fall. The plan of the unions, it was shown, provides first for a determined fight in the house and senate. If defeated there the controversy will be taken direct to President Wilson in the hope of a veto. "The provision for a fixed financial return to holders of railroad securities also is attacked, the memorial holding that the provisions would constitute an abandonment of government for the common good, the establishment of government for private interest, special privilege and class benefit. "Principal objection to the labor arbitration clause is based on the manner in which the special arbitration boards would be constituted and the manner of their operation. Union leaders contend that the arbitration boards, including the permanent federal board of nine members, might be so composed as to eliminate labor from representation. The method proposed of adjudicating labor disputes by groups of not less than 100 employees, the leaders declared, would "destroy all discipline and lead to chaos, because they would encourage the workers to disregard existing agreements and long established orderly methods of procedure. LABOR FIGHT ON RAILROAD BILL IS WELL ORGANIZED

WASHINGTON, Feb. 20.—Union labor, led by officers of the American Federation of Labor and the railroad brotherhoods today, had well under way its fight in congress over the adoption of the re-drafted railroad reorganization bill. Besides the memorial prepared by representatives of its railroad unions and federation officers at an all-day conference yesterday, and which was addressed to congress as a whole, individual congressmen were deluged today by letters and telegrams from union leaders generally protesting against enactment of the bill into law. The plan of the unions, it was shown, provides first for a determined fight in the house and senate. If defeated there the controversy will be taken direct to President Wilson in the hope of a veto. RESUME THE TRIAL OF FORMER PREMIER CAILLAUX OF FRANCE

PARIS, Feb. 20.—The senate sitting as a high court of justice, early this afternoon resumed the trial of former Premier Caillaux, charged with implication in plots to defeat France during the war.

Leon Bourgeois, president of the senate, conducted the court. He began by questioning Caillaux about his actions during the war. Caillaux defended himself ably. He admitted meeting Count Minotto at Rio Janeiro. Minotto was recommended to him by Edwin Morgan, the American ambassador. Caillaux said.

Caillaux insisted he merely laughed when Minotto suggested he should meet Count Luxburg, who later became notorious in connection with the "sunk without trace" notes.

Caillaux said he refused indignantly Minotto's offer to have Luxburg warn German warship commanders against capturing him on his return voyage to France.

VERNON IS HAVING LABOR TROUBLE AND CONFERENCE IS HELD

VERNON, TEX., Feb. 20.—A committee of Vernon business men met at the city hall Wednesday with a similar committee representing the local labor unions for a conference to the end that business men and labor unions to undertake to come to an amicable understanding. An effort has been started to organize a union of common laborers being the outcome of a strike of laborers employed on construction work at the Kell Milling Company, being constructed by a foreign construction company. Twenty-seven laborers on an excavation job struck for 75 cents an hour, which was refused. Mexican labor was substituted and teamsters employed on the job quit work saying they would not work with Mexican labor. This action created a furor in business and labor circles, as 46 new residences and business houses are going up, outside of the \$250,000 seven-story flour mill. Committees representing the labor unions have been named to meet with the business men to come to an understanding. Labor unions have assured business men they want to be fair. Teamsters are receiving \$1.25 an hour; carpenters \$8 and \$10, and painters \$10, but business men say they will not pay \$7.50 for common labor.

C. N. Hobson has realized \$32,000 from lint cotton grown on the farm of A. W. Blain of 285 acres. He expects to get 30 bales more. He has marketed 150 bales. One-fourth or \$8,000 of the \$32,000 goes to Mr. Blain, the landlord. Mr. Hobson says he is going to own a farm of his own next year.

QUANAH REPORTS COTTON COMES IN AT A RAPID RATE

QUANAH, TEX., Feb. 19.—During the present good weather, a great deal of cotton is coming to the gin of the city. Farmers are bending every effort to complete their picking in order to prepare the land for this year's crop. Very little plowing has been done, but all available plowing equipment is now being used in an effort to get prepared for early planting.

A record price for Quanah residence lots was set a few days ago, when Luther Clark purchased four lots from Jeff Rodgers for a consideration of \$6,000. This property is located on West Third street. A modern brick home will be erected on this property.

Wichita Falls parties who were interested in securing the recent option to purchase the Quanah Hotel for \$54,000 state that the trade will be completed, and that the hotel will be enlarged and that the equipment will be improved in keeping with a first class hotel.

PREDICT A SEVENTY-FIVE CENT INCREASE IN THE PRICE OF OIL WITH NEXT LOCAL ADVANCE

"The next boost in the price of oil in the fields round-about here is going to be a real jolt, in my estimation—say about a six bit boost," remarked one of the prominent local operators Friday morning—expressing, by the way, a sentiment which has been gaining ground steadily in Mid-Continent circles as the price in the Pennsylvania and other eastern and northern fields continues steadily on the upgrade without a corresponding change in this section.

"The old law of supply and demand it at work with a vengeance," the party above quoted continued. "The supply of oil is a critical question with the big fellows and the little fellows alike—in fact, it is much more critical with the big fellows than with the little ones for they have the larger plants to keep running, and the larger investments to earn returns on."

"With oil at the present prices the little fellows have been able to get by and meet their contracts, most of them made when oil could be bought at boot-leg prices too—and still pay a little premium—which most of them have been doing and thereby taking considerable quantities of oil away from the big companies. So, I think, the big fellows have just been waiting until the independents tie themselves up pretty tight with these premium contracts, and then they will shove them the real jolt, forcing most of them to shut up shop—for with their low price gasoline contracts and without facilities for making money from lubricating oils and other by-products they simply can't exist at the levels the price is headed for."

"So, on the showing from the foregoing facts, I throw in my guess that the next boost is going to be a real one."

BETTER THAN WHISKEY FOR COLDS AND FLU

New Elixir, Called Aspirinal, Medicated With Latest Scientific Remedies. Used and Endorsed by European and American Army Surgeons to Cut Short a Cold and Prevent Complications.

Every Druggist in U. S. Instructed to Refund Price While You Wait at Counter if Relief Does Not Come Within Two Minutes.

Delightful Taste, Immediate Relief, Quick Warm-Up.

The sensation of the year in the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the common people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are now supplied with the wonderful new elixir, so all you have to do to get rid of that cold is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoonfuls with four teaspoonfuls of water in a glass. With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel your cold fading away like a dream within the time limit. Don't be haphazard, for all druggists invite you and expect you to try it. Everybody's doing it.

When your cold or cough is relieved, take the remainder of the bottle home to your wife. Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for infants and children.—Adv.

KILLING RESULT OF MISTAKEN IDENTITY CONFESSION MADE

DALLAS, TEX., Feb. 20.—A. L. Herring, St. Louis carpenter, died because he resembled another man, according to a written statement obtained by police from the man who did the shooting.

William McVay, Dallas fireman, who was arrested late yesterday, told how he had seen Herring and Mrs. P. G. Bordenave walking together in Forest park. Mistaking their identity, he said, he followed them and the shooting took place.

"I would rather have had anything happened than have killed an innocent man," McVay insisted.

Bordenave and his wife have been released.

AMERICAN MINER HAS BEEN RELEASED BY THE MEXICANS

NEW YORK, Feb. 20.—Wilson Welsh Adams, an American mine superintendent, has been released by the bandits who kidnaped him for ransom from the Providencia mine in Mexico, and has arrived safely at Saltillo, according to a telegram received today by the American Metal Company, Ltd., his employer. The bandits demanded \$25,000 ransom, but the telegram did not say whether the money had been paid or whether Adams' release was forced by Mexican government troops who were known to be in pursuit. Adams' wife lives in Los Angeles, Calif.

WELFARE COUNCIL PLANS DAY NURSERY FOR WICHITA FALLS

WILL HAVE SUPPORT OF THE FEDERATED MISSIONARY SOCIETY.

NIGHT SCHOOL ALSO PLANNED

Standing Committees for the Year Are Announced at Meeting on Thursday.

Wichita Falls will have a day nursery, established by the Welfare Council with the support and cooperation of the Federated Missionary Society within a week's time, according to the plans announced at a called meeting of the council, held Thursday night at the First M. E. Church, south corner of Tenth and Lamar. This was the first meeting of the council held since the work was placed on a definite working basis, and since Mrs. C. E. Ousley, the executive secretary, has been at her post. Other business attended to included a night school, for which there has been several requests made to Mrs. Ousley, and motions to request the city council to provide for a humane officer to assist the council in its work, and to make some provision for removing the beggars from the streets. The finance committee was also authorized to make plans for raising the necessary funds for this year's work.

day, and who need the offices of this day nursery badly, have already been found by Mrs. Ousley and Miss Allison, the Federated Missionary Society's community nurse. Mrs. Ousley during her month in Wichita Falls has found 27 children and Miss Allison reported 27 children which she has come to know in her work during the past several months, that should be in a day nursery.

Report is Expected.

The committee appointed by the Federated Missionary Society at its last meeting is expected to make a report on the location in a very short time, and the plans made Thursday night call for an opening of the institution within a week's time after the location is secured. Mrs. C. E. Jetter is chairman of this committee, the members of which are: Mrs. F. T. Dutton, Mrs. Wade Walker and Mrs. T. T. Reese. A detailed report will be secured to take charge of the day nursery, and other assistance in the care of the children is expected to be given by volunteer aid, as in the case in other cities, where the welfare organizations conduct day nurseries.

Mrs. Ousley reported several inquiries that had come to her from boys over the age affected by the compulsory education law, who desire to attend night school, and Lee Clark, superintendent of the city schools, volunteered to establish night classes, in any studies desired, if a sufficient number of students are secured. Those who would take advantage of these night classes are asked to communicate with either Mrs. Ousley or Mr. Clark.

The standing committees for the year were announced, and the finance committee given the task of making out the budget for the year, and outlining the campaign to secure the necessary funds.

Want Humane Officer.

The discussions as to the mendicants of all sizes and types that are found on the streets of Wichita Falls concluded in a carried motion to request the city authorities to remove them from the streets. The need of a humane officer was also discussed, and this request will also be made to the city authorities.

Miss Grace Ashbaugh, divisional agent of the Red Cross, was present at the meeting, being in the city from St. Louis, and made a talk, advocating the organization of a county welfare council to have supervision of the work in the entire county. Individual organizations in the other towns of the county were advised, particularly at Burkburnett. The cooperation of the local Red Cross was promised by W. M. McGregor, chairman, and W. D. Cline, one of the executive committee, particularly with regard to office operation.

Reports from Miss Quinn, Red Cross home service nurse, and from Miss Allison, the Federated Missionary Society's community nurse, were of much interest. The result of the school children's physical examinations in which she has assisted Dr. West, formed Miss Quinn's report. Miss Allison told of her professional calls and cases, more than 1,000 calls being reported for the seven months of her local work. Various other members of the council made talks on the several matters

up for discussion, the meeting proving very interesting. N. H. Martin, the president, was in the chair.

The committees announced by Mr. Martin, follow:

Executive Committee—J. C. Hunt, chairman; Jno. W. Bradley, C. W. Reid, Judge R. A. Lyle, T. B. Noble, T. B. Smock, N. H. Martin, ex-officio.

Finance Committee—W. W. Sills, chairman; B. F. Johnson, W. M. Priddy, Marvin Smith, E. G. Hill, J. H. Roberts.

Special Service Committee—W. B. Hamilton, chairman; J. M. Bland, J. S. Bridwell, C. J. Shumake, H. M. Harrison, Mrs. Fred C. Barron, Mrs. E. B. Gorsline, Mrs. J. A. Kemp, Mrs. Wade H. Walker, Mrs. Frank Kell.

FUNERAL R. H. SMITH IS HELD AT ROANOKE

Funeral services were held in Roanoke, Tex., on Thursday, for Richard H. Smith, who died Tuesday at his home in this city, 705 Austin. Mrs. Smith, his widow, her sister, Mrs. Calloway, and a brother of Mr. Smith, Pat Smith, of this city, attended the funeral. The services were conducted by the Eagles lodge.

Mr. Smith has been ill with heart trouble for a number of years, his health causing him to retire from business. He had been a resident of Wichita Falls for nine years. He is survived by his widow, his mother, two brothers, one living at Era and the other in Wichita Falls, and three sisters, two living at Era and the other in Paris. His mother makes her home at Era.

BOILER WORKS STRIKE SITUATION IS UNCHANGED

The strike situation at the Panhandle Boiler and Machine shop remains practically unchanged. The whole shop force of 25 men is out, and nothing in the way of a possible return has shown itself.

The men went out on account of a dispute over a higher wage scale. The company could not or would not meet the men's demands, and no compromise was effected.

It is not known at present how soon the men will return to work. The president of the local union is in Denver, and it may be that nothing will be done until his return.

CITY COUNCIL ACTS THURSDAY NIGHT ON IMPORTANT MATTERS

Ordinances authorizing the execution of \$800,000 bonds for the buying of the water works plant, prohibiting the local garage wash racks from using the sanitary sewer to carry away the grease and mud and compelling them to connect with the storm sewer and providing for the submission of the proposed charter to the voters constituted the bulk of important business transacted by the city council at its regular session Thursday night. The meeting was presided over by Dr. J. F. Reed, mayor pro tem in the absence of Mayor Marlow in Mineral Wells, and was attended by Aldermen J. F. Reed, Curlee, McFall, City Engineer Donald, City Attorney Mathis and City Clerk Theburn.

Other important matters disposed of included the appointment of Dr. Douglas to be a special agent and food department of the city at a salary of \$5,000 a year.

The ordinance, No. 275, providing for the submission to the voters of voters of Wichita Falls the question, "Shall the proposed charter as recommended by the charter commission be approved and a special election be called for its purpose as provided under the general laws of the state, was a motion of Alderman Curlee, seconded by Alderman Hunsicker, carried by a vote of 10 to 2.

Adoption of the form of the water works bonds, fixing date of payment and authorizing execution of same to the amount of \$800,000, authorized by the election of Jan. 15, 1920, and making provision for the payment of the principal and interest was put in the form of a motion by Alderman Curlee, seconded by Alderman McFall. Put on second reading and all of the council then voting yes, it was declared passed by Dr. Reed, mayor pro tem.

The council held a short executive session to discuss matters authorized by the city charter. Other matters that were taken up included the raising of the salary of F. C. Barron, city treasurer to \$60 a month, the payment of \$4,125 to R. E. Huff for money due to him on Southland addition sewer extension and the check of the officers accounts for the month of January.

MISTAKE IN REPORTING HOLE THAT WAS JUNKED

Through confusion of the report of completions of the Invader Oil Company, in the Times of Thursday, the No. 3 Brannon of the company was reported as junked and abandoned. This was an error, according to the field manager of the company, the junked hole being the No. 3 Wagoner, in block 44, the hole purchased from the Invaders being the No. 3 Brannon of the United Producers. The rig has been skidded a short distance and a new hole started to replace the junked one.

The No. 3 Brannon of this company has been completed in good shape, the company's field manager states, and the two other wells on the company's lease in block 44, is fully equipped for producing. The No. 3 is making better than 75 barrels at present.

ENCAMPMENT BRANCH TO MEET SATURDAY NIGHT

The Encampment branch of the Odd Fellows will meet at the hall Saturday night, and a full attendance is much desired. Degree work will be conferred upon a number of candidates and other matters of importance will come before the meeting.

The Encampment members who have taken the Canton degree will be glad to learn that the emblems they have been looking for so long are now on hand, and if they come to the train one.

ROAD CONDITIONS.

General remarks: All un surfaced highways are improving rapidly.

Fort Worth to : (by dirt, or un surfaced roads.)

Outlines Exercises for Business Men Early in Morning

The following clipping from Commerce and Finance has been handed the Times by a Joe Bailey admirer who recommends the exercises outlined for all Bailey supporters. The clipping follows:

Morning exercise for the tired business man:
Rise 7:00 a. m. Stand in the middle of room, raise arms slowly over head, take deep breath and say "Damn the government." Lowering arms in attitude of despair. Ten times.
Extend body flat downward on floor, cover eyes with hands, kick heels, think of the railroads and weep, till dry.
Kneel, wring hands, meditate upon the labor unions and groan 100 times.
Assume sitting position, hands on hips, sway gently to and fro and concentrate on Mr. Burleson until a generous frothing at the mouth sets in. Till exhausted.
Collapse on floor. Grovel vigorously, think of the income tax and gnash your teeth as in anger. Ad lib.
While cooling off try to get a number on the telephone.
Note—Observe this simple regimen every morning before breakfast and you will reach the office with most of the cares and troubles of the day out of your system.—Commerce and Finance.

HAND SWOLLEN WITH BLISTERS Would Run Water. Itched and Burned. Cuticura Heals.

"My trouble began with little white blisters on my right hand. The blisters broke and would run water, and I could not work. My hand was red and swollen, and itched and burned so I scratched all the time, and it kept me awake every night.

"Then I tried a free sample of Cuticura Soap and Ointment. My hand began to heal so I purchased a box of Cuticura Ointment and one cake of Cuticura Soap and now my hand is sound and well. I am healed." (Signed) Mrs. Emma Purts, R. 2, Valley Mills, Texas, July 20, 1919.

BUSINESS COUNCIL WILL HAVE MEETING TONIGHT

The Business Council of the Wichita Falls Chamber of Commerce will hold the regular weekly meeting this evening at the Elks Club. Considerable interest has been shown in these meetings of late and a large attendance is expected at tonight's session.

Among the matters to be taken up by the Council is the report of the Faving Committee which was appointed some time ago to go into the matter of the cost, etc., of suitable paving material for the local street system. The committee is made up of Messrs. Field, Voelcker, Joplin and C. H. Reid.

Plans for the tree planting campaign undertaken by the Civic League will also be gone over.

The meeting will be presided over by Chairman H. F. Johnson or vice-chairman J. C. Mytinger.

THIRTY-NINE ARRESTS SINCE JANUARY FIRST

Thirty-nine arrests have been made by federal officials since Jan. 1, it was announced Friday. The most common federal offense has been theft from interstate shipments of commerce, white slavery and violation of the anti-narcotic act, the records show. Nine federal prisoners are now confined in the Wichita county jail.

CHARGED WITH RECEIVING A STOLEN AUTOMOBILE

P. D. Smith and G. F. Power, both of Wichita Falls, were arraigned Thursday before United States Commissioner Lantz on a charge of receiving a stolen automobile alleged to have been brought across the Oklahoma-Texas line from Tulsa. This is the first complaint filed in federal court here for violation of the recently enacted federal statute making it a grave offense to be connected with the theft of an automobile which is brought across a state line. The defendants waived preliminary hearing and were released on bond fixed at \$1,500.

WILLIAM FARNUM IN HEART-STIRRING PLAY

Those who love to see William Farnum in heart-stirring drama have a treat in store for them in the coming of "Heart Strings," a William Fox production, which will open an engagement at the Empress theater today.

A love story of unusual theme and great merit, "Heart Strings," like its name, is said to play upon the emotions of humanity, to make one forget self in the stirring beauty of the scenes. It is a story of hope deferred; of poignant sorrow; of sublime love. Abounding in tense situations, the plot is unfolded in a series of stirring scenes—for the most part depicting life among the beauty-loving French Canadians. The star portrays the character of Pierre Fournel, a marvelous violinist and composer, who gives up his great ambition and search for fame for the sake of his weakling sister.

The strong cast includes such well-known players as Gladys Coburn, Betty Hillburn, Kate Blanche, Paul Casanova, Robert Cain and Rowland Edwards. Henry Albert Phillips wrote the story, E. Lloyd Sheldon made the scenario and J. Gordon Edwards directed the production.

NOVELTY COMEDY ACT FEATURE OF PROGRAM

Sedate old folks, gotten up to resemble a country prayer meeting, or some such similar dissipation, put on a larrupin' good act and brought down the house, with the novelty comedy of "Billie's Tango Shoes." The act was called novel and a surprise in the advance dope, and it lived up to its booking. A dancing act of this sort is unique to say the least, and it went big with the audience.

One of the quickest mind reading, clairvoyant, or whatever you call it acts ever seen in vaudeville, is presented by Madame Ellis, "the woman who knows." Her work is convincing to the audience, as well as being highly entertaining, and the repartee between Madame Ellis and her husband, who works the audience, adds a comedy touch. The madame has agreed to answer all questions that it is de-

Lillian Herlein's sprinking personality and her ability to wear stunning costumes is the same as in previous seasons, and her "Cycle of Song," went big with the audience. "Tarrytown" also scored a hit with the "first night" audience. The blending of modern musical comedy with the old fashioned melo-dramatic romance was gracefully accomplished. The setting is in a delicious old fashioned garden, and a real peach tree (do peaches grow in York state) drew applause from the audience, besides to ask privately, and will send for one word had been spoken.

The merger of the Great Northern, Northern Pacific and Burlington lines into one transcontinental system will make one of the greatest railroad systems of the country—at least 15,000 miles of main line track and dominating a tremendous scope of territory that is capable of even greater development in the next twenty years than has come in the past twenty.

"Texas Exes." meaning thereby former students and alumni of Texas University, ought to be arranging something about the annual get-together meeting for March 2—a date that is observed throughout the world wherever as many as two Texas exes foregather as a pledge day of renewing fealty to alma mater.

BAILEY IS WILLING THAT THE PEOPLE JUDGE ELIGIBILITY

GAINESVILLE, TEX., Feb. 20.—In an interview in the Gainesville Register, J. W. Bailey stated that he is willing to leave with the people of Texas the question of his eligibility to hold the office of governor in case of his election.

The Register continues its discussion of the eligibility of Mr. Bailey, as follows: Those opposing Mr. Bailey have begun early in the game to throw inconsequential stumbling blocks in his way. They are attempting to interpret the laws of Texas in such manner as to prove that Mr. Bailey is not a citizen of Texas.

About one year ago Mr. Bailey sold his home place on Church street to a local cotton man, and, it is stated, there was a verbal understanding that in case Mr. Bailey should decide to return permanently to Gainesville, he could repurchase his residence.

The laws of Texas provide that when a citizen is unable to pay his poll tax in person he can authorize its payment by an agent of his own selection. This custom is followed by many persons in Texas, and for some time past a local business man has been acting as agent for Mr. Bailey in the payment of his poll tax.

FRANCE IS PLEASED WITH WORK OF THE SUPREME COUNCIL

LONDON, Thursday, Feb. 19.—In a message to the League of Nations representative on the League of Nations council, says:

"France is well pleased with the result of the last four days' work of the league council. Thanks to the excellent documentary preparation and a desire for conciliation shown by all members of the council, votes on all questions included in the program were unanimous despite the fact that several delicate questions were under discussion."

Regarding the decision to convene a financial conference, M. Bourgeois says: "We decided to convene this conference, although we appreciate all the difficulties of the undertaking. Perhaps so daring a proposal may have a salutary effect on public opinion in the United States. The American people will see they cannot remain outside an organization which will be called upon to deal successively with great problems. Their representatives will, we feel sure, soon come to take the place which is always reserved for them in the league organization."

Notice. To all members of the W. O. W. No. 2001, March first will be the last day to select the option under which you can make your future payments. If you do not select any option you will be placed on option one and will have to undergo a medical examination.

WALLACE IS EXPECTED TO ARRIVE SATURDAY

Everything is just about set for the Otto Wallace-Fredie Hill go set for the Camel Athletic Club next Monday night. Carpenters have practically finished their work and everything is "setting pretty" for the go.

Wallace will probably arrive here Saturday. He has a little argument with some Fort Worth battler scheduled for this evening and will come here immediately after.

Hill has been here since Thursday afternoon. He is to finish his training for the Monday night argument here, and will put on a short go each afternoon at 3:30 for the benefit of the local fans. He is working out at the Camel Athletic Club rooms, Fifth and Ohio.

Hill has plenty of good men to work out with. Battling Barere, Dick Griffin, Dalry Martin and Kid Gleason are all doing their stunts at the club rooms.

NEW BASEBALL PARK WILL BE OPEN FOR INSPECTION SUNDAY

The new baseball park of the Wichita Falls Texas League team will be thrown open to the public for inspection all day Sunday.

The park is rapidly nearing completion, and when finished "will be one of the best baseball parks in the league. President Walter Salm is giving most of his time to directing the work at the park, and he is confident that everything will be ready for the opening of the training season which is scheduled for March 5.

The new park is built along the lines of the larger league parks and is modern throughout. It includes every convenience for both the fans and the players. Among the novelties introduced in the latter class is the two-story dormitory and club house.

This building, which is being erected as a result of the acquisition of the local housing situation, is a combination of living quarters and club rooms for the players. The north end is well equipped with lockers, showers, etc., while the rest of the first story will be given over to a recreation room. Sleeping quarters are to take up the entire second story.

Twenty-five players will report to Manager Salm March 5, according to the present list. There is some trouble with holdouts at present, however, and this number may be slightly smaller when he training starts.

OFFICERS BELIEVE THEY HAVE FOUND SOURCE OF BOOZE

With the raiding of a rooming house in Newtown Thursday and the arrest of two men on charges of violating the state liquor laws, county officials believe that the "underground passageway" by which booze has been smuggled into the oil regions has been uncovered and that startling revelations will be shortly revealed.

Deputy Sheriff Jim Allen and A. A. Willey, on duty in the oil regions are entitled to credit in exposing the "booze gang," who, it is believed, have furnished much of the contraband liquor which has recently been peddled to workmen in the oil fields.

The illicit liquor was discovered concealed in sugar trunks in the rooming house. It is believed that the bootleggers visited these trunks in the dead hours of night and securing their supply of booze departed on their expeditions of peddling among the oil settlements.

Officials believe that a complete understanding exists among bootleggers engaged in illicit traffic in the Northwest oil regions and that the operations of the entire gang were perhaps directed from this Newtown rooming house which was in reality headquarters of the gang.

The two young men were brought to Wichita Falls early Thursday and, after being given an examination by Assistant County Attorneys Wayne Summerville and John M. Martin, were lodged in the county jail in default of bond.

The Rosemont Burial Park, a modern burying place, with perpetual care provided, is to be offered to the people of Wichita Falls as a new city of the dead, according to the announcement of the organizers, W. W. Silk, Norris Martin and P. P. Langford and E. E. Widener of Springfield, Mo. The new burial park is located on the carline, south of Call Field, and work has already commenced on the platting and the grading of the roads, under the supervision of Mr. Widener.

Mr. Widener is to have charge of the property, and as he has established modern burial properties in other cities and is recognized as one of the most successful landscapers of the country, the local backers of the proposition feel that the success of the Rosemont Burial Park is assured.

The land selected has been carefully tested, it is stated, and found to be very suitable for the purpose, with a rich and fertile top soil underlain by clay free from any hard structure. The site is well drained, and an entirely adequate water supply is assured.

The entire property has been carefully landscaped into parkways, flower gardens and beautiful undulating lawns. It is planned to set out many shrubs, trees and roses in a very short time. The water supply for all planting has already been arranged for.

Family lots of various sizes are to be had and prices will vary according to location and size. These prices include free uniform perpetual care.

This carefully arranged perpetual care plan is one of the best advantages offered to the lot owners. An endowment fund is to be created by setting aside a fixed percentage from every lot sale. This fund will be

carefully safeguarded and handed by a board of trustees representing the lot owners association and invested in government and municipal bonds and farm mortgages, and the interest accruing therefrom used for the perpetual care of all lots.

Why has a freight locomotive more drive wheels than a passenger locomotive.

The Answer is, the freight locomotive pulling heavy loads requires more traction.

In hauling on roads traction is determined by the amount of tread area on the ground.

The Yuba Ball Tread Tractor unlike other tracklaying types, has enclosed manganese treads gliding on two rows of nickel chrome steel balls, and at all times has a generous tread area on the ground.

We have on display and for immediate delivery, three models capable of handling the hauling problems of Producers, Refiners, Drilling Contractors and all other Oil Field Work.

Wilde Some Fighter Opinion of Those at Ringside Last Night

NEW YORK, Feb. 20.—Lots of American boys can beat Jimmy Wilde in a poker game, perhaps, but not in the ring. The wee Welshman flyweight champion of the world, exposed his pale face, his narrow walled chest and his fragile legs for the first time in the East last night and a packed house in Jersey City wondered. They wondered at the power and ability of the machine in that little 106-pound shell. They wondered that Mickey Russell, Wilde's opponent, was able to stay seven rounds under such punishment and they marvelled how in the kingdom come Jack Sharkey ever did what he is said to have done in Milwaukee—outpoint that Mite of fistic perfection.

Mickey Russell isn't a great fighter, but he is a perfect young man, game to the core. That's why he was picked as the opponent of the champion. Game as he was he did not have a chance. Wilde showed a pair of punches, a right and a left, and there isn't much he doesn't know about handling them. He works a left that shoots out with speed and precision. His right goes over with a whang any time and any place he wants to use it. Wilde swung his rights and lefts with the precision of a pendulum and they ticked off nearly every second of the fight with a resounding smack on the jaw of the Jersey City boy. Russell had nothing but a feeble left to job with as he kept his right up under his jaw trying to beat the blows that always beat him by a second.

The tiny champion has a great attack. He's a great in-fighter and a master judge of distance. The fans did not get a look at his defense. He was so completely the master that he ran around here as an infant, open all over, but Russell couldn't get through. Once in a while he would send a weak shot across only to find the champion all covered up in flash like a whippet tank.

BATTLE TEN FAST ROUNDS TO A DRAW

TERRE HAUE, IND., Feb. 20.—Franklin Mason, Fort Wayne, and Zulu Kid of Brooklyn boxed 10 fast rounds to a draw here last night.

BOBBY WAUGH SHADES LOS ANGELES FIGHTER

DALLAS, Feb. 20.—Bobby Waugh, Fort Worth, shaded Ralph DeMott, Los Angeles lightweight, here last night in 10 rounds. Waugh is scheduled to meet the winner of the Jimmy Hanlon-Otto Wallace bout at Fort Worth tonight, in Dallas next week.

APPEAL FOR A CHANGE IN THE TENNIS DATES

NEW YORK, Feb. 20.—Appeal for a change in the tennis dates was sent today to the U. S. Lawn Tennis Association. It was pointed out that Americans cannot participate in the Olympic tournament starting August 15 as that date conflicts with the national championships here. The committee urged a date early in July which would make it possible for the Americans to play in the Wimbledon matches late in June, then go to Antwerp and then come to the United States for the national championship matches.

WESTERN LEAGUE HAS ADOPTED A SCHEDULE

KANSAS CITY, MO., Feb. 20.—Before conclusion of their two-day session the Western League baseball magnates definitely adopted a schedule for 1920 of 154 games. The season will open April 20 and close Sept. 19, the club owners decided. Western League openers are: St. Joseph at Oklahoma City; Omaha at Tulsa; Sioux City at Joplin; Des Moines at Wichita. The complete schedule will be made public as soon as printed.

HARVEY THORPE WILL MEET WALTER McDEVITT

KANSAS CITY, MO., Feb. 20.—Harvey Thorpe, lightweight, will meet Walter McDevitt in a 10-round bout here tonight. McDevitt has been out of the fistic game for four years, but his recent work-outs with Hugh Walzer class him as a formidable opponent for Thorpe.

STECHEER SUCCESSFULLY DEFENDS HIS TITLE

BUFFALO, N. Y., Feb. 20.—Joe Stecher, Nebraska world's wrestling champion successfully defended his title here last night by throwing Ivan Kotloff, in 23 minutes and 30 seconds with a scissors hold.

JUDGE MARTIN SOUNDS NOTE OF WARNING TO DEMOCRATS

To the Times:

Some time ago through the columns of the Times, I ventured the prediction that the disappointed, discordant and disgruntled elements in the Texas democracy, as represented by the so-called Jo. Bailey Jeffersonians, the Jim Ferguson "Americans" and a good sprinkling of republicans, both of the "fily-white" and "black-and-tan" stripes would unite in an effort to get control of this state in the 1920 elections.

I note that the game is being played true to form and true to my prophecy, so far. There is just one binding tie which unites these elements and it was given voice in the speech of Mr. Bailey at Gainesville last Tuesday. This one great and blessed "tie that binds" these groups together, is hatred of Woodrow Wilson and of all the things he stands for.

Now let me make another prediction. It is this: The Ferguson "Americans" will not put out a candidate, since Mr. Bailey has announced, but they will, with one accord, drop into the democratic primaries and vote there for Bailey and against any endorsement of the Wilson administration. Watch and see if I am not right in this.

Another prediction: Unless prevented by the officers of the presidential primary in May, thousands of republicans will edge in and try to send a Bailey delegation to the San Francisco convention to vote there against the national prohibition amendment, woman suffrage, the endorsement of the Wilson administration and against the league of nations.

Another prediction: In every district in the state where it is possible for them to do so, they will put out candidates for the senate and house of representatives, who will go as far as they can to render national, state and county prohibition inoperative, nullify the laws permitting women to vote in the primaries and undo, as far as they can, the constructive and progressive legislation of recent years. They will be heavily financed by the "League Against National Prohibition, which Mr. Bailey represents or has recently represented as attorney and their ancient slogan of "turn Texas loose" in some form will be their campaign slogan this time.

Let no one be deceived or lulled into quiescent indifference. In the belief that this is not a dangerous combination, it will have the support of the old-time whiskey element, still represented as attorney and their ancient slogan of "turn Texas loose" in some form will be their campaign slogan this time.

costs of the war will see an opportunity to take stab at the administration and last, but not least, by any means, the old-time lovers and worshippers of Mr. Bailey; men who will vote for him for anything, right or wrong, good men, too, thousands of them, following him for the melody of his voice and the grace of his bearing. Like children followed the "fled piper of Hamelin" will gladly welcome his comeback into Texas politics and surround his standard with all their old-time zeal. Not all of them will do this, by any means, but thousands of them will, and unless preventive Wilson democrats are alert; unless they are busy; unless they acquit themselves like men, they will wake up to find the ancient idols set up and the worship of Baal restored in all its pristine glory.

A sick man is wheeled around in his chair at the White House. He has given his life for his country and for the unfortunate peoples of the world. He has placed his country upon the highest pedestal of glory ever known in the history of nations. He has been the instrument of the God of nations to overthrow absolute monarchy in the world. He has been and is the greatest living exponent of the doctrine of "peace on earth and good will among men." And yet, here in Texas, the state that made Woodrow Wilson possible by the stand of the "immortal forty" in 1912, there is a well-concerted scheme to stab this sick man in the back and deny him the approval of the party that elected him. I, for one, protest against it and by vote, voice and pen, as a life-long democrat, take up the gauge of battle with his enemies, no matter who or how many they may be.

Mr. Wilson will retire, of course, to private life, and, whether he ever recovers or not, the world will render its verdict upon his administration. I want to see Texas render the proper verdict in his favor. I want the elections and primaries of this year to pay the proper tribute to him while he is alive. Under his administration, in spite of the war, the south and other clannish, Texas has enjoyed an era of unprecedented prosperity. Having set our hands to the plow, let us not look back, but look forward, as he has done. He has made some mistakes, of course; he would be more than human if he had not; but, he will go down in history as one of the greatest, if not the greatest president, we ever had and I trust that the democracy of Texas will say so in no unmistakable terms. In the May primaries and send no delegates to represent the party in its councils, but true friends of that man, who, though sick and tired, still carries the cares and burdens of the nation on his shoulders, and to whom all men, everywhere, look for the application of the principles of right, as against the encroachment of might.

Be Young In Body, Mind and Looks Despite Your Years

How often you have wished that you could indulge in the strenuous exercise of outdoor sports with the vigor and enthusiasm of youth! But the end of the week finds you all in—you are tired, listless and lack the energy to go out for a vigorous walk or any other exercise that requires much physical exertion. Many a man, even in his middle forties, has a vague feeling that he is "getting old"—and right at a time when he should be at his very best physically. And he is growing old, not in the sense that the years are pressing heavily upon him—but in the sense that his vital forces are wasting away faster than Nature's places the worn out tissues.

LYKO is sold in original glass bottles, like picture shown. Refuse all substitutes.

Thousands—yes millions—of people find themselves in this condition early in life. And there is no excuse for it. You can check that tendency to grow old. You can carry your youth with its joys and enthusiasm into your 70's and 80's. But you must give Nature all the help you can. The best assistance you can find—assistance of a sound, constructive character—is in the use of

Lyko
The Great General Tonic
It enriches the blood—purifies, stimulates heart, liver and kidneys to normal activity—brings back your pep, vigor and mental vigor—chases away that tired, worn-out feeling and replaces it with a spirit of buoyancy. Lyko is a distinctive preparation, scientifically prepared in its combination of medicinal ingredients, and there's nothing more invigorating, more strengthening or more rebuilding—especially beneficial for invalids, overworked and run-down people of all conditions. Get a bottle from your druggist today—tomorrow you will feel better for it.

THIS DIDN'T HAPPEN IN WICHITA FALLS A Jewish clerk asked his employer for an increase in wages; the employer answered: 'You will admit there are only 365 days in a year; you work only 8 hours a day, therefore there are 14 hours a day in which you do not work; this amounts to 24 days in a year, leaving 121 days. There are 52 Sundays, leaving 69 days; you work only half a day on Saturdays, amounting to 26 days, leaving 43 days; you take one hour each day for luncheon, making 14 days, leaving 29 days; you take two weeks vacation with pay, amounting to 14 days, leaving 15 days; there are 12 legal holidays, leaving one day, and that day being the Jewish Day of Atonement, you do not come to work.'

PRaises ATTORNEY WHO IS TO LOCATE AT WICHITA FALLS

Judge W. J. Townsend, for the past three years assistant attorney general of the state of Texas, has resigned from office to come to Wichita Falls to engage in the practice of law. A friend of the Times has sent us a copy of the Brownwood Bulletin containing a tribute to Judge Townsend from Henry C. Fuller of that place. It follows:

The entire state of Texas without regard to creed or party will be sorry to hear that Hon. W. J. Townsend, for the past three years assistant attorney-general of Texas, has decided to leave office life and has accordingly tendered his resignation to take effect on the 15th of this month—February. In tendering his resignation Judge Townsend states that he will return to the active practice of the law with a prominent firm at Wichita Falls, with which he has recently formed a partnership.

First Attention to All Orders For the Sick

He decided sometime ago to retire from politics and once his mind was made up he would not change. In a conversation with this writer in Fort Worth two weeks ago Judge Townsend stated he was going to resign.

Why not be a candidate for attorney general, Judge? was asked. Your chances of securing the nomination would be very good.

He replied that he was tired of politics and, besides, from a financial point of view there was nothing in politics. So he had rather have a good private practice than even high state position, as an official.

Little Jim Townsend comes of an old-time rock-ribbed Democratic lineage. His father who was for 50 years one of the leading citizens and attorneys of the state, was one of the original builders of Comanche county and lived in a period when men of heroic caliber occupied prominent places on the stage of events; and in addition to being a leader in home politics was for years a leader in state affairs, serving in the state legislature and other places of official capacity with honor and dignity to the state and his people.

Little Jim Townsend had marked success as assistant attorney general. To him was committed the task of

Grandfield News

GRANDFIELD, OKLA., Feb. 20.—About fifty Tillman county school teachers are attending the State Teachers' meeting at Oklahoma City this week. The following Grandfield teachers left Wednesday night for Oklahoma City to be present at the meeting: Superintendent J. B. Stout, Mrs. Connie Webb, Misses Mable Emler, Ploy Weaver, Mabelle Crouch and Eva Martin.

Prof. Earl Bonham, principal of the Grandfield high school, has resigned, but will continue his work until another teacher can be secured to take his place.

Relatives who lost some one near and dear to them in the recent war, have received death memorials certifying from the French government, showing these brave boys gave their

lives for liberty. The following number have been received in Tillman county: Andrew Abraham, Mrs. Wilbur Land, Will Blanton, William W. Wade, J. P. Gregory, John P. Grimes, Mrs. Nancy Elizabeth Fox, Mrs. Mollie A. Rollins, Mrs. Liberty Hill, J. G. Autry, Mrs. Hattie Mattison, Robert F. Whitaker, James R. Oliver, Luther G. Boyd, Thomas H. Meaders and J. W. "A PROPHET IS NOT WITHOUT HONOR SAVE IN HIS OWN COUNTRY" This is often so but we don't feel that it applies in our case, as our coffees are widely used and highly praised in Wichita Falls—However there are some people who seem to think that their home town cannot produce a first-class article. Some merchants are included in this class. We know of nothing in the climate or environment of Wichita Falls that would be any handicap to industry and intelligence applied to the production of a good article. We do know that we have devoted as many years in a careful, painstaking effort to develop superior cup quality in our coffees as most any one in America. Our coffees are roasted fresh daily. If your grocer don't handle them ask him why. If he tries to sell you something else ask him why again. I thank you. BERT BEAN COFFEE COMPANY Telephone 35 Ohio at Sixth
