EXPLOSION WRECKS U. S. CONSULATE

PROHIBITION IS CLEARING JAILS REPORTS STATE

Economic Benefits Apparent According to Enforcement Commissioner Kramer

These apparent economic benefits are converting to the dry cause many former wets, according to Federal Prohibition Commissioner Kramer. Dry leaders cited the statements of Roper and Kramer as proof that the nation is not backing in enforcing the resolution to be completely dry that it took when the eighteenth amendment was ratified.

Wet leaders, however, charge that public sentiment is changing. For proof they point to developments of the past weeks, some of which are:

Wets won 159 in local option elections in Vermont and 23 in Massachusetts.

Beer is legalized.

A law legalizing the sale of beer has been passed in New Jersey where the legal alcoholic content was raised to 3.5 per cent.

Federal prohibition officials were rejoiced from interfering with manufacture of 2.5 per cent beer in Wisconsin by a Milwaukee federal judge.

Rhode Island asked the United States supreme court to declare national prohibition unconstitutional as an infringement of state sovereignty and New Jersey is about to join in the plea.

New York democrats declared against prohibition in their state convention.

Whiskey is reported to be sold openly in New York and other large cities.

Sale of Certificates.

Speculation throughout the country in the sale of warehouse certificates for bonded "booze."

Referendums have been invoked in 13 states to disapprove the action of legislators in ratifying the national prohibition amendment.

Despite these events, it is as yet too soon to presume that public sentiment has crystallized toward prohibition, according to Commissioner Roper.

"But many things are occurring," said Roper, "which may be regarded as symptoms, so to speak, of the attitude of the people. The internal revenue bureau has received, unolicited, scores of letters and reports from individuals indicating that prohibition is working out satisfactorily in their communities."

Crime Diminishes.

In some localities, police officials are accredited with the statement that crime has recently diminished which they attribute to prohibition.

These seem to be some of the economic and social benefits of prohibition.

Much has been said of the expense of enforcing prohibition. It has been predicted that the cost would be so enormous as to constitute a heavy burden on the taxpayers of the country. So far as the experience of the internal revenue bureau thus far is concerned, this prediction does not seem justified.

Judicial decisions unfavorable to prohibition are not alarming nor do they show any public sentiment against prohibition, according to Wray Wheeler, counsel of the Anti-Saloon league.

"When any law is passed against an entrenched evil," said Wheeler, "the first decisions are usually unfavorable because opponents of the law choose their courts bringing injunction and mandamus suits."

LEADERS OPPOSE AID FOR SOLDIER PRESENT TERM

Determined to Defeat Bonuses, Vocational Education and Home Loans

WOULD JEOPARDIZE THE VALUE OF LIBERTY BONDS

Also Claimed Would Inflation Credit and Increase the Cost of Living

WASHINGTON, March 4.—Leaders of both parties in the house have determined to oppose any soldier aid legislation at this session of congress despite demands of organizations of the service men for bonuses, vocational education, farm and home loans.

The position of these leaders is that the value of the large amount of Liberty bonds outstanding would be jeopardized by the issuance of additional bonds necessary to finance any of the soldier aid programs which call for financial outlays ranging from \$2,000,000,000 to \$1,000,000,000. The market value of government bonds are under 90 cents on the dollar, would drop down to between 75 and 80 cents and would be necessary to make the interest rate of the soldier aid bonds bear six per cent interest. Representative Madden, Illinois, member of the Republican steering committee and Representative Garner of Texas, Democratic whip said today. This much of a decline in the price of Liberty bonds would mean a loss to the 19,000,000 bond holders of nearly \$2,500,000,000, Garner estimated.

Wets won 159 in local option elections in Vermont and 23 in Massachusetts.

Beer is legalized.

A law legalizing the sale of beer has been passed in New Jersey where the legal alcoholic content was raised to 3.5 per cent.

Federal prohibition officials were rejoiced from interfering with manufacture of 2.5 per cent beer in Wisconsin by a Milwaukee federal judge.

Rhode Island asked the United States supreme court to declare national prohibition unconstitutional as an infringement of state sovereignty and New Jersey is about to join in the plea.

New York democrats declared against prohibition in their state convention.

Whiskey is reported to be sold openly in New York and other large cities.

Sale of Certificates.

Speculation throughout the country in the sale of warehouse certificates for bonded "booze."

Referendums have been invoked in 13 states to disapprove the action of legislators in ratifying the national prohibition amendment.

Despite these events, it is as yet too soon to presume that public sentiment has crystallized toward prohibition, according to Commissioner Roper.

"But many things are occurring," said Roper, "which may be regarded as symptoms, so to speak, of the attitude of the people. The internal revenue bureau has received, unolicited, scores of letters and reports from individuals indicating that prohibition is working out satisfactorily in their communities."

Crime Diminishes.

In some localities, police officials are accredited with the statement that crime has recently diminished which they attribute to prohibition.

These seem to be some of the economic and social benefits of prohibition.

Much has been said of the expense of enforcing prohibition. It has been predicted that the cost would be so enormous as to constitute a heavy burden on the taxpayers of the country. So far as the experience of the internal revenue bureau thus far is concerned, this prediction does not seem justified.

Judicial decisions unfavorable to prohibition are not alarming nor do they show any public sentiment against prohibition, according to Wray Wheeler, counsel of the Anti-Saloon league.

"When any law is passed against an entrenched evil," said Wheeler, "the first decisions are usually unfavorable because opponents of the law choose their courts bringing injunction and mandamus suits."

IRON RIVER, MICH., AND PRINCIPALS IN THE RUM WAR

COLD WEATHER AND HIGH WIND OVER THE STATE

Temperature Ranges From 20 Degrees at Amarillo to 42 At Corpus Christi

DALLAS, TEX., March 4.—Texas temperatures at 7 a. m. today ranged from 20 degrees at Amarillo to 42 at Corpus Christi, and a 40-mile gale swept the weather over the state, according to weather reports. Little damage to fruit crops was expected, weather observers said, since only full blown buds were likely to suffer.

Thunder storms and light rainfall was reported at scattered points.

CHICAGO, March 4.—The worst storm of the winter today swept from the mountain states toward the middle western states, accompanied by snow and greatly lowered temperatures, crippling wire communication and railroad traffic. The disturbance spread south and east with diminished thermometer readings and rain.

High winds, drifting snow and a temperature that fell 20 to 45 degrees to zero within a few hours, today had isolated a number of eastern Colorado and Nebraska towns.

Sleet and snow preceded the storm developments in Kansas, western Missouri, Arkansas and Oklahoma and Northern Texas, where almost spring-like weather has prevailed.

Weather predictions were that severe cold in the Rocky Mountain and plains states would continue today and tonight while increasing intensity and temperature would be decidedly tomorrow in the south Atlantic and east Gulf states.

Storm warnings were ordered displayed along the Texas coast from Gulf coast from Mobile to Cabel and on North Pacific coast.

Traffic Demoralized.

Railroad service in southwestern Colorado, demoralized by a snow blockade for several days, virtually was abandoned in some sections when the storm struck. The disturbance in southwestern Colorado towns reported the storm was the worst experienced in thirty years.

One train had entered Durango, Colorado, in eleven days and no train had moved at Silverton in thirteen days.

Relief parties on snow shoes today sought to carry supplies to passengers stranded on trains snowbound near Cumbres Pass, Colorado.

Snow in the Leadville mining district in Colorado today was reported 12 to 20 feet deep.

Railroads received reports that heavy damage had been done in mountains by earth and snow slides and by huge boulders which had toppled over canon rims to the tracks.

Street car service in towns in the storm swept area was interrupted or abandoned.

Crews with snow plows were attempting to clear tracks on railroads running to the west coast through the northern plain and mountain states, but all trains were delayed.

Severe Dust Storm.

ENID, OKLA., March 4.—A vicious whirlwind from the southwest to the north-west heralded a sudden change in temperature shortly after noon Wednesday, changing a beautiful spring day to a raw blizzard one. A severe dust storm accompanied the change in wind direction and continued until late at night. The high wind lasted through the night. It was the most severe wind seen here in many months. The city lighting power plant experienced much difficulty and many large limbs were torn from the trees.

Drop of Seven Degrees.

SALINA, KAN., March 4.—The temperature fell seven degrees here last night. Snow began falling early in the evening and driven by a strong wind it nearly reached the blizzard stage by dark. The storm subsided considerably the early part of the night and when the sun came out this morning the temperature had risen to 35.

SHARP RALLY IN FOREIGN EXCHANGE

NEW YORK, March 4.—A sharp rally in foreign exchange here today sent the rates on demand bills for the English pound sterling to \$3.48 1/4, or 3 cents above yesterday's closing figure. Rates on francs and lire rose in sympathy.

MEXICO TO USE FORCE TO STOP EXODUS TO U. S.

Governors Have Been Notified That Militia Will Be Employed If Necessary

WASHINGTON, March 4.—The Mexican government has threatened to prevent by force the exodus of workers to the United States, according to advices received today from Mexico City. Governors of the various states are said to have been notified by the department of agriculture that unless they prevented the workers from leaving the federal government would use the military to stop emigration.

The workers are reported to be refusing verbal offers of ranch owners to pay them better wages than they could get in the United States and to be leaving by the hundreds daily because of the unsettled condition of the country.

The Mexican Government recently warned the workers not to leave Mexico stating that they would receive no protection from the American Government, that justice would be denied them and that they would become victims of mob violence if they went to the United States.

INDIANAPOLIS INDIANS PURCHASE JIMMY SMITH

INDIANAPOLIS, IND., March 4.—The Indianapolis Indians today bought Jimmy Smith, shortstop of the Cincinnati Reds, and Sammy Crane, first baseman for the Indians, was sold to the Reds.

SENATOR HARDING IN HOUSTON TODAY; HAS LARGE CROWDS

DALLAS, March 4.—Senator Warren Harding, Ohio's republican presidential hopeful today continued his appeal to the "solid south" today at Houston. Large non-partisan audiences greeted the senator both at Fort Worth and at Dallas yesterday when he forecast failure of the government unless it prevent "the working forces" paralyzing transportation and making industry chaotic. Both grew demonstrative when he proclaimed, "everybody is hollering about the high cost of living," and that "the high cost of government is at the bottom of much of it."

Harding declared he was tired of "thinking in billions" and wanted to think in millions again.

HOUSE WILL NOT REPEAL VOLSTEAD PROHIBITION LAW

WASHINGTON, March 4.—By an overwhelming vote, the house today refused to repeal the Volstead prohibition law.

The action came on a motion of Representative Egan, democrat, New Jersey, to discontinue all prohibition appropriations July 1st and to repeal the Volstead enforcement law at that time.

The vote was 254 to 86.

AMERICAN WOMEN REPORTED CAPTURED SAFE IN SHANGHAI

TOPEKA, KAN., March 4.—B. C. Kingman, of North Topeka, has received word that his sister, Miss Lucia Kingman, reported captured by the bolsheviks in Siberia, is safe in Shanghai, China. Miss Kingman went to Russia more than a year ago to do Red Cross work.

STRIP TURKEY OF LARGE TERRITORY

LONDON, March 4.—Turkey is stripped of virtually all her territory in Europe, but retains the sacred places by the treaty now being completed by the conference of foreign ministers and ambassadors, it became known today.

Officials of the brotherhood declared the men need some relief against the high cost of living.

BUILDING OCCUPIED AT ZURICH BADLY DAMAGED BY A BOMB; THE OCCUPANTS ARE UNINJURED

ZURICH, March 4. (Havas).—A bomb exploded last night under the porch of the American consulate here, seriously damaging the building, but injuring no one. Police authorities are believed to have secured a clue as to the guilty persons.

WASHINGTON, March 4.—An official report on bombing of American consulate at Zurich last night was made to the state department today by Consul General Keena, who said the building was partially destroyed, but that no one was injured.

NEW GROUP IN ACTION IN THE SENATE FIGHT

Make Last Minute Effort to Keep the Treaty Issue Before That Body

WASHINGTON, March 4.—A new group, called the "Irrepressible," has gone into action in the senate treaty fight in a last minute effort to keep the pact alive. They have determined they will "move heaven and earth" to bring about a modification of the Lodge reservation of article 10 which the democrats can accept.

They deny with emphasis that the treaty is dead though Senator Hitchcock, Senator Lodge and many other senators said it is.

Resuming consideration today of the Shantung reservation, the senate appeared ready to vote on it without delay.

Senator Hitchcock opposed the reservation on the ground that its adoption would not benefit China.

"In making this reservation we not only sanction an idle thing, but relinquish our hold on Japan as a result of its promises to return Shantung to China."

"If we hoped to benefit China, the proper course would be to declare that we propose to hold Japan to her promises made in Paris and elsewhere," he said.

Senator Reed asked if Hitchcock would support an amendment stating that the United States understands that Japan will return Shantung to China.

"Yes," replied Hitchcock.

"That would be of material benefit to China."

Senator Norris declared Hitchcock and other senators tried to "reach secret agreement on reservations" but that Hitchcock "has now lost interest and is not willing to carry out some of these agreements."

Lenroot repeated his charges that "Hitchcock is co-operating with republican 'bitter ends' to beat the treaty."

An amendment by Lodge to the Shantung reservation striking from its specific reference by name to China and Japan was adopted, 69 to 27. Reed, democrat, and Sutherland, republican, voting no.

SUPREME COURT WILL HEAR APPEAL ON NEXT MONDAY

Definitely Set That Time For Argument of Case From Rhode Island

WASHINGTON, March 4.—The supreme court today set next Monday as the time for arguments of cases that will determine the validity of constitutional prohibition.

At that time, the original report of complaints filed by the state of Rhode Island against the 18th amendment and the Volstead law and appeals from Massachusetts and Kentucky federal courts upholding prohibition will be heard.

It is not expected the New Jersey suit filed today will be argued until three or four weeks later but it is virtually identical with the Rhode Island case and a decision in the latter would be applicable to the former.

WASHINGTON, March 4.—The state of New Jersey through its attorney general, Thomas F. McCran, today filed in the United States supreme court a suit seeking to have the prohibition amendment declared unconstitutional and a decision in the amendment of the Volstead act. The suit is directed against Attorney General Palmer and Daniel C. Roper, commissioner of internal revenue.

The bill sets forth that the amendment was improperly drawn, that in 21 states the legislatures have not ratified it as provided by their state constitutions and that there is no power in congress to propose a constitutional amendment regulating the habits and morals of the people. It recites further that the amendment is a legislative and not a constitutional matter and that as such it was improperly passed.

Charge Centralization.

It is charged that the amendment centralizes authority without the consent of the people of New Jersey and that it is a violation of their sovereign rights. The Volstead act, having been enacted under authority of the amendment, the petition says, is null and void.

It is claimed that the Volstead act is illegal because by "deprecating and in a large measure destroying the taxable value of real and personal property within the state," it is destructive of the state's free and independent government; because it deprives the state of revenues from licenses which in 1918 amounted to \$2,442,839 and because it interferes with the internal government of the people and operates to punish them by heavy fines, imprisonment and forfeiture, thus preventing application for licenses for the sale of non-intoxicating beverages which is authorized under the laws of the state.

Complaint is made that the act restricts the practice of physicians of (Continued on Page 2, Column 6)

Hardy, Elliott and Young Pardoned from Prison Term; Must Pay Fine Assessed

D. M. Hardy, convicted in federal court here May 18, 1918, on a charge of violating the federal prohibition law, has been pardoned as far as the prison sentence is concerned, it was announced at the office of United States Commissioner Lantz Thursday. Hardy will be compelled to pay a fine of \$10,000 assessed at the time the prison sentence of two years was imposed, it was announced.

J. O. Elliott and Jim R. Young, convicted jointly with Hardy, were also pardoned as far as their prison terms were concerned. Both will have to pay fines of \$500 each, it is understood.

The Dan Hardy case is one of the most famous trials ever conducted in Wichita county. The case was appealed to the United States circuit court at New Orleans and sustained, and was later carried to the United States supreme court, where the verdict was again affirmed.

A case against Hardy alleging the attempted bribery of United States officials is now pending in the United States circuit court. Hardy drew a two-year prison sentence on the bribery charge.

Maxim Gorky Is Disappointed With Bolsheviki Rule

STOCKHOLM, March 4.—Bitter disappointment with bolshevism is expressed in an article recently published by Maxim Gorky, the Russian radical, according to a Helsingfors dispatch to the Tidningen of this city.

"The revolution has not been followed by spiritual revival," the article is said to declare, "and has proved itself unable to make men more honest."

"Men in power now are just as brutal as those in authority under the imperial regime and send as many to prison. Bolsheviki leaders driven by ambition are performing experiments upon living people, especially the working classes."

Population of Beaumont Is Reported as 35,351; Increased 71.3 Per Cent

WASHINGTON, March 4.—Beaumont, Texas, is the first Texas city to learn its official census count for 1920. The third announcement of population statistics of the 14th census, issued today, gave Beaumont's population as 35,351.

In 1910 the population of Beaumont was 20,646, so the 1920 count represents an increase of 71.3 per cent in 10 years, or an addition in population of 14,711 persons.

Of the group of cities whose population for 1920 was announced today, Beaumont, Texas, showed the largest growth during the decade from 1910 to 1920 and also for the previous 10 years from 1890 to 1900; the percentage of increase being 187.7 and 118.3 respectively.

Population of other cities announced is as follows:

Bloomington, Ill., 28,638, increase 3,870, or 13.1 per cent.

Cedar Rapids, Iowa, 45,566, increase 12,755, or 38.9 per cent.

Bellevue, Ky., 7,379, increase 695, or 10.4 per cent.

RAILROAD WORKERS MEET TO FORMULATE A NEW WAGE SCALE

CHICAGO, March 4.—The meeting of officials of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers here today to determine whether to strike if a wage increase was refused, adjourned until Monday without taking any definite action.

CHICAGO, March 4.—Representatives of nearly 400,000 railroad workmen, comprising members of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, met here today to discuss formulation of a new wage scale. Twenty-four general officers and 142 general chairman representing union men working for 138 railroads were in conference.

Officials of the brotherhood declared the men need some relief against the high cost of living.

COMMISSION TO FILE PENALTY SUITS AGAINST OPERATORS

CHICAGO, March 4.—The price for a whiskey prescription varies from \$1 to \$5 depending on the conditions of the patient's cough, Dr. R. M. Carroll said today.

Dr. Carroll was arrested charged with issuing prescriptions for whiskey in violation of the Volstead law. Fifteen "coughers" waited in his office when revenue agents entered.

Between 100 and 200 prescriptions have been written by Carroll daily, he admitted, authorities said.

INAUGURATE TREE SELLING CONTEST AS PART OF CAMPAIGN

A tree selling contest has been inaugurated for the purpose of raising money for the purchase of trees for the city beautiful department being divided into two teams, captained by Mrs. J. F. Lauck and Mrs. C. F. Spencer. The contest will be held in sections, and apportioned between the teams. The team selling the largest number of trees from the carload that the civic league and chamber of commerce has secured for the tree planting campaign, and which is expected in daily, will be entertained by the losers. The two teams have been called to meet Saturday afternoon, March 6, at 2:30, Mrs. Spencer's team to meet at her home, 1621 Eleventh street, while Mrs. Lauck's team will meet with Mrs. R. E. Shepherd, on Huff avenue.

The teams and their districts are announced as follows: Captain, Mrs. C. F. Spencer: No. 1, east of tracks, Eighth to north city limits, Mrs. O. E. Lillard and Mrs. W. D. Duke; No. 2, Michigan to Austin, Tenth to south limits, Mrs. B. F. Johnson and Mrs. L. E. Stone; No. 3, Austin to Brook, Tenth to north limits, Mrs. Alfred Burnside and Mrs. Edwards; No. 4, Brook to Polk, Tenth to south limits, Mrs. W. W. Anderson and Mrs. C. W. Heavers; No. 5, Polk to Hayes, Tenth to north limits, Wade Walker and Mrs. Bert Bean; Captain, Mrs. J. F. Lauck: No. 1, east of tracks, Eighth to south limit, Mrs. Mayfield and Mrs. Sammons; No. 2, Michigan to Austin, Tenth to north limits, Mrs. Moore and Miss Moore; No. 3, Austin to Brook, Tenth to south limits, Mrs. R. E. Shepherd and Mrs. E. L. Coplin; No. 4, Brook to Polk, Tenth to north limits, Mrs. Pounds and Mrs. S. H. Burnside; No. 5, Polk to Hayes, Tenth to south limits, Mrs. Van Woerner and Mrs. Van Woerner and Mrs. McKnight.

OPINION DIVIDED AS TO PROBABILITY OF BAILEY ACCEPTANCE

Wichita Falls admirers of J. W. Bailey are divided in their opinion as to whether Mr. Bailey will accept the challenge of R. E. Thomason at Gainesville Tuesday for a preferential primary in Cook county between Mr. Bailey and himself.

"Joe won't pay any attention to that uppity little fellow who has followed Bailey's political fortunes for more than 20 years," Bailey's out for bigger game and he'll ignore this fellow," said his name.

Another Bailey partisan expressed a different view. "If Thomason is in real earnest," he said, "I think Mr. Bailey will be glad to enter a primary in Cook county. Mr. Bailey could go into such a primary with every confidence. I think Thomason was merely bluffing when he made the challenge. No doubt he met some enthusiastic college friends at Gainesville and they have misled him into believing he could defeat Bailey in his home county."

Mr. Bailey is quoted in a Washington dispatch as being surprised at the challenge. He said that before making any statement he wanted to know that Thomason really meant such a challenge. "My mind is made up if I find the information is correct," he is reported as saying. "It won't take but an instant for me to make my decision."

In the same interview Mr. Bailey said: "I would not have any office in the world if I could not carry my home county."

YOUTH OF BURKBURNETT GETS SUSPENDED SENTENCE

Jess Turner, Burkburnett youth, drew a five year suspended sentence following his plea of guilty in the 7th district court Wednesday afternoon to a charge of stealing an automobile. He was arrested six miles east of Burkburnett the morning following the alleged theft by Deputy Sheriff Jim Allen and the car was found on the county road where it had been abandoned during the night.

Removal Notice

It is a pleasure to announce to my friends that I am now located in my new office on the second floor of the National Bank of Commerce building and will be very glad indeed to see them at any time. The building is not quite completed yet, but three elevators and an excellent staff may be working perfectly and it is very easy to find the many offices that are now occupied. Wichita Falls city property. "Since 1914, I continue to be an especial field of endeavor and I will appreciate having you call if you desire to sell or purchase any form of Wichita Falls real estate. I think you. Very cordially, Willie T. Fisher, 220 Nat'l Bank of Commerce Building, Telephone 529. 278-Stc

Local Owls Have Secured Labor Temple Auditorium in Which to Organize

The Order of Owls will organize March 14 at 2:00 p. m. with the largest membership ever organized by any fraternal order in Wichita Falls. The Order of Owls is a fraternal order with a membership of over three-quarters of a million in the United States and many foreign countries. The order has four degrees. The Owl ritual is printed in seven languages.

The Order of Owls cares for and educates its orphans; cares for and supports its sick; buries its dead; pensions its widows.

Many of the city's most prominent business and professional men have filed their applications for membership in the order, and will have the initiatory degree conferred upon them on the above date.

The charter membership fee is only \$10. After the charter is closed the initiation fee in this city will be \$25. Those desiring membership should file their applications at once.

C. W. Pierce, state supervisor, and C. T. Mathis, district supervisor, state that immediately after organizing they will begin work on securing a location for club rooms—a place where all can meet in sociality, a place of clean amusement, such as reading rooms, writing rooms, clean games, baths, and many other social events—a place of good fellowship. Organizers open every day and evenings, 705 Ohio street.

Society and Clubs

WICHITA FALLS AND WAGO YEOMEN IN CONTEST

The Wichita Falls Homestead of the Brotherhood of American Yeomen and the Wago Homestead are engaged in a membership contest to end April 30. The local homestead issued the challenge, promising to show the largest number of benefit members in good standing. The winning homestead will be presented with a cash prize of \$50 to be used for the initiatory team.

MACCABEE KNIGHTS TO MEET FRIDAY

The Knights of the Maccabees will meet in business session Friday night in their new hall in the labor temple. All members are urged to attend the meeting, the Maccabee hall being No. 9.

LADIES OF B. R. F. AND E. WILL MEET WEDNESDAY

The Ladies' Society of the Brotherhood of Locomotive Firemen and Engineers held an unusually interesting meeting Wednesday afternoon, in the new hall in the labor temple. The contest which is now on was also discussed.

D. A. R. CHAPTER TO MEET FRIDAY THIS WEEK

The Major Francis Grace Chapter, Daughters of the American Revolution, will meet Friday afternoon, March 5, with Mrs. J. L. Jackson, 816 Denver. The members are requested to note this change of meeting day for this month, and to be present.

MRS. T. L. COPLIN MOVES HERE FROM AUSTIN

Wichita Falls has gained a valuable business woman in the advent of Mrs. T. L. Coplin, wife of the oil and gas supervisor for the Wichita Falls district, according to the woman's editor of the Austin Statesman, who marks Mrs. Coplin's departure from Austin with regret. Mrs. Coplin is with the First National bank in this city.

The item from the Statesman follows: Mrs. T. L. Coplin, who has been private secretary for Railroad Commissioner Clarence E. Gilmore, left Friday night for Wichita Falls, where she joined her husband, he having been there for quite a while, acting in the capacity of deputy oil and gas supervisor. Mrs. Coplin is one of the well-known business women of the state, and into every place she has entered as an employee she has carried with her an equable disposition, a polite and business capacity which has been marked. Some years ago she was stenographer for Campbell & McMeans at Palestine, one of the heavy law firms of East Texas. Later she was chosen secretary to George F. Howard, himself secretary of state. Due to her thorough experience and business acumen, she has been able to handle all matters connected with the capitol. Commissioner Gilmore succeeded in securing her as his private secretary and he stated yesterday that Mrs. Coplin leaves the railroad commission under friendly protest of that body. She has been employed by the First National bank of Wichita Falls, as secretary to the president, and will no doubt make the excellent record.

COLDS breed and Spread INFLUENZA

KILL THE COLD AT ONCE WITH

HILL'S CASCARA QUININE BROMIDE

Standard cold remedy for 25 years—in tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 12 days. Money back if it fails. The genuine has top with Mr. Hill's picture. At All Drug Stores

GERTRUDE HOFFMAN HEADS WICHITA THEATER PROGRAM

Gertrude Hoffmann, famous American dancer, heads the bill at the Wichita theater for the last half of the week.

Miss Hoffman has been the leading American classical dancer for several years. Previous to the introduction to this country of the Russian ballet, she had appeared in a number of choreographic dances. In fact, she is the pioneer in this form of entertainment.

The act carries a special orchestra and scenery. Max Hoffman is the orchestra leader.

Chris Richards, an eccentric English comedian, is also on the card. Richards prides himself on having played in practically every English speaking colony on the globe. His offering includes juggling, eccentric dancing and stories and songs.

Walter Ward and Ethel Dooley offer a novelty cycle act. A few songs give the number a new turn, and the costumes and settings make it a rather pretty act.

The Murray girls form the second duet on the program. They sing and dance and fire ornamental and useful in a general way. Their work and appearance are said to be pleasing.

"When He Came Back" is the title of a comedy sketch featuring Mrs. Gene Hughes. The sketch was written by Edgar Allen Woolf. It is a miniature melodramatic farce with a lot of comedy and a wee bit of pathos.

TO DECIDE FRIDAY IF AUTO DEALERS WILL TAKE PART IN SHOW

Whether or not the automobile dealers of the city are to take active part in the coming Spring Style show will be finally decided at a meeting of the Auto Dealers' association scheduled for Friday morning.

The dealers have been invited to join the other retailers of the city in making the event the biggest thing of its kind ever staged here and several of the auto men have declared themselves in favor of the proposition. Should they decide to come in, it will mean much for the show, as the thing looked for in that event would be an automobile show, or at least an exhibition of all the latest models of the various makes of cars.

Several of the leading retail stores of the city have already taken up plans for the decoration of their stores. Some of the larger stores are expected to make their exhibits particularly attractive.

FIRE LATE WEDNESDAY DAMAGES GROCERY STORE

Fire damaged the grocery and meat market of E. Elliott, 411 Lee street, to the extent of about \$1,200 Wednesday afternoon about 4:30 o'clock. Only the roof of the wooden frame store was destroyed, but the stocks of groceries and meats was damaged by water to the extent of about \$600. Fire Chief McClure believes. The water pressure was not very good, but with the chemicals and the hose line both in action the fire was extinguished in short time.

DON'T DESPAIR

If you are troubled with pains of aches; feel tired; have headache, indigestion, insomnia; painful passage of urine, you will find relief in

GOLD MEDAL MARMON'S CAPSULES

The world's standard remedy for kidney, liver, bladder and uric acid troubles and National Remedy of Holland since 1900. Three sizes, all druggists. Guaranteed. Look for the name Gold Medal on every box and accept no imitation.

"When He Came Back" is the title of a comedy sketch featuring Mrs. Gene Hughes. The sketch was written by Edgar Allen Woolf. It is a miniature melodramatic farce with a lot of comedy and a wee bit of pathos.

TO DECIDE FRIDAY IF AUTO DEALERS WILL TAKE PART IN SHOW

Whether or not the automobile dealers of the city are to take active part in the coming Spring Style show will be finally decided at a meeting of the Auto Dealers' association scheduled for Friday morning.

The dealers have been invited to join the other retailers of the city in making the event the biggest thing of its kind ever staged here and several of the auto men have declared themselves in favor of the proposition. Should they decide to come in, it will mean much for the show, as the thing looked for in that event would be an automobile show, or at least an exhibition of all the latest models of the various makes of cars.

Several of the leading retail stores of the city have already taken up plans for the decoration of their stores. Some of the larger stores are expected to make their exhibits particularly attractive.

FIRE LATE WEDNESDAY DAMAGES GROCERY STORE

Fire damaged the grocery and meat market of E. Elliott, 411 Lee street, to the extent of about \$1,200 Wednesday afternoon about 4:30 o'clock. Only the roof of the wooden frame store was destroyed, but the stocks of groceries and meats was damaged by water to the extent of about \$600. Fire Chief McClure believes. The water pressure was not very good, but with the chemicals and the hose line both in action the fire was extinguished in short time.

GERTRUDE HOFFMAN HEADS WICHITA THEATER PROGRAM

Gertrude Hoffmann, famous American dancer, heads the bill at the Wichita theater for the last half of the week.

Miss Hoffman has been the leading American classical dancer for several years. Previous to the introduction to this country of the Russian ballet, she had appeared in a number of choreographic dances. In fact, she is the pioneer in this form of entertainment.

The act carries a special orchestra and scenery. Max Hoffman is the orchestra leader.

Chris Richards, an eccentric English comedian, is also on the card. Richards prides himself on having played in practically every English speaking colony on the globe. His offering includes juggling, eccentric dancing and stories and songs.

Walter Ward and Ethel Dooley offer a novelty cycle act. A few songs give the number a new turn, and the costumes and settings make it a rather pretty act.

The Murray girls form the second duet on the program. They sing and dance and fire ornamental and useful in a general way. Their work and appearance are said to be pleasing.

"When He Came Back" is the title of a comedy sketch featuring Mrs. Gene Hughes. The sketch was written by Edgar Allen Woolf. It is a miniature melodramatic farce with a lot of comedy and a wee bit of pathos.

MORE SUBSCRIPTIONS ARE ANNOUNCED FOR COLORED ORPHANAGE

With approximately \$5,000 given for the purchase of farm land, and a like amount for maintenance, Rev. W. L. Dickson and his group of children from the negro orphanage who have been in Wichita Falls for the past two weeks securing funds for the home, will leave tonight for Gilmer, where the home is located. Rev. Dickson expects to return to Wichita Falls in about two weeks to continue the work of raising more funds, according to the plans outlined previously. J. C. Hunt, G. C. Wood and J. A. Kemp are the local trustees of the Dickson Colored Orphanage, and have been giving their assistance, together with other prominent members of the local church. The negro churches. The negro churches have also given very liberally.

Before leaving Rev. Dickson announced the following additional subscribers who have contributed to the cash fund, bringing the totals of both the ground and maintenance subscriptions to \$10,000.

RESOLUTIONS OF RESPECT TO FEDERAL JUDGE WILSON ON DEATH OF HIS MOTHER

Resolutions of respect and condolence to Federal Judge James C. Wilson, on the recent death of his mother, were passed by the ex-students of the University, Wichita Falls district, at the annual meeting held Tuesday night. Judge Wilson was unable to be present as he had planned because of this bereavement, and a committee composed of T. H. Boone, W. F. Weeks and S. A. L. Morgan, drew up the resolutions, which follow:

Whereas, At a meeting of the Association of Ex-students of the University of Texas for the Wichita Falls district, held at Wichita Falls, Tex., on the evening of March 2, 1920, it was announced that the Hon. James C. Wilson, who was expected to be present was not able to attend the meeting by reason of the fact that within the past few days his mother had departed this life, and

Whereas, All those present feel a deep sense of sympathy for our distinguished ex-student in this hour of his bereavement;

It is therefore resolved by the unanimous vote of those present at such meeting that the members of this association extend to Judge James C. Wilson our sincere and profound sympathy in his grief for the loss of his beloved mother for whom his sweet devotion during the declining years of her life is a matter of common knowledge among his friends and acquaintances.

T. H. BOONE,
S. A. L. MORGAN,
Committee.

PRODUCERS AND REFINERS ASSOCIATION TO MEET AT ELKS CLUB FRIDAY NIGHT

Means for the continuation of the work of the Wichita Falls Producers and Refiners association will be discussed at a special meeting of the association to be held in the Elks club rooms Friday night at 7:30 o'clock. It has been announced by John W. Thomas, manager for the association. A single item of the association's activities, that of maintaining special officers in the northwest field, which has served to materially lower the amount of thievery on the leases in that section, entails considerable expense on the association, which as yet has had no systematic plan for its support, the support coming from a very few producers.

GASOLINE STILL SELLING AT 27 CENTS A GALLON

Gasoline is still selling for 27 cents a gallon at the local retail dealers, this price being the same that has been charged for several weeks. Other towns like Dallas, Houston and San Antonio have advanced the price 1 cent since the latest raise in the price of crude oil, making the price 28 cents. The probable effect of the skyward trend of crude oil prices is looked for by local refiners to necessitate a raise in the market price of the refined output of the independent refiners.

ROTARY CLUB TO HAVE A SPECIAL MEETING MARCH 11

A special meeting of the Rotary club to be attended by members of the club only, will be held in the basement of the Central Christian church at 8:30 p. m. Thursday, March 11. It was decided at the regular luncheon of the club held Thursday noon. Little business was on the club's calendar at this meeting, the question of an increase in dues being the only matter brought before the club for discussion. A flashlight of the club at luncheon was taken just before adjournment.

TWO VIEWS IN NORTH SCHLESWIG-HOLSTEIN

Panorama View of Apenrade.

Street in Tondern.

The Germans, having been defeated in the first plebiscite in Schleswig-Holstein, are evacuating their old homes and are moving to other parts and the arrival of foreign forces is in full force, as the provinces are controlled by the Inter-Allied Commission. Apenrade, as shown in top picture, is a beautiful country village, and although the country was hit hard during the war it looks just as peaceful as before. The other view shows the quaint houses and streets of Tondern. There is certainly some contrast between the towns and that of our own, don't you think?

BETWEEN 50 AND 75 DERRICKS BLOWN DOWN BY HIGH WINDS OF WEDNESDAY AFTERNOON

Between 50 and 75 derricks were blown down in the various Wichita county oil fields during the brief wind storm Wednesday afternoon, according to reports from the field Thursday morning. No estimate of the property damage was available, but the loss of time, and the cost of rebuilding the derricks will be considerable.

Possibly a dozen derricks were blown down in the Teton field, where one man, a teamster, suffered a broken leg. Other reports, but nothing definite, were received of similar injuries suffered by individuals in various other pools.

The Waggoner pool is reported to have suffered the heaviest, because of the massing of the derricks in the field. The southern parts of the county, and the Kemp-Munger-Allen field escaped the greater part of the miniature hurricanes, it is reported.

In the city there was considerable damage done to windows and automobile tops, several plate glasses being broken out in the business section.

Taxwell county is famous for having more pure-bred Percheron horses per square mile than any other county in America.

BURNSIDES CASE IS CONTINUED UNTIL FRIDAY

The case of Charlie and John Burnside, charged by indictment with murder and set for Thursday morning was continued until Friday morning at 9 o'clock by Judge Edgar Scurry, due to the absence of more than half of the special veniremen summoned to try the case. The Burnside cousins are being tried for murder in connection with the death of Kenneth Goodwin, oil field refinery worker, who died in the Wichita General hospital following an attack upon him by yegmen in North Wichita.

More than 50 special veniremen who failed to answer their summons, were fined \$25 each by Judge Scurry Thursday. Sheriff Bob McFall was instructed to issue attachments for the reluctant veniremen and bring them into court to see why the fine should not be assessed.

Flooded With Paper Money. The world's supply of paper money has increased by 600 per cent since the beginning of the war and the gold reserve has increased but 40 per cent.

FINAL HEARING ON MINIMUM WAGE SCALE

AUSTIN, TEX., March 4.—The minimum wage commission today set March 15 to 18, inclusive, as the dates for final and general hearing of testimony and argument upon which a minimum wage for women and children under 15 years old employed in factories, laundries, mercantile establishments and telephone exchanges will be based. The hearing will be held in Austin, and while appearance before previous sittings has been restricted to employers and employes in the industries involved, theorists, social welfare workers and all others interested will be given an opportunity to present their views at the final hearing. Inspectors who have been working among the industries named above have been transferred to investigation of conditions of women and children working in hotels, restaurants, offices and all other industries not previously covered. They will visit all cities of the state of over 20,000 population. Intimation as to how much time will elapse between the final hearing and the fixing of the minimum wage is the first set of industries was given.

Baking by Electricity. Considerable impetus has been given lately to wholesale baking of bread and high price of coal in many sections. The city of Austin is making special inducements to bakers as their work calls for current at a time of the day when the general demands are the lowest.

Jazz music from Broadway is being received with popular favor in Mexico. It has been some time making an impression, but it appears on the programs of the so-called popular concerts beside the most classical numbers.

REPORT THAT TEXAS RANGERS COMPEL OKLAHOMA ATTORNEY TO WADE, ACROSS RED RIVER

Interesting details of the dispute between Texas Rangers and representatives of Oklahoma interests came to light Thursday in stories of the border question as told by federal officials here. It is reported that an Oklahoma attorney approached the camp of the Texas Ranger detachment and reported that he had come to serve a federal process upon the ranger commander. The ranger explained to the Oklahoman that he would not accept process from him inasmuch as he (the attorney) had no legal right to serve a federal process.

A dispute is alleged to have followed and ended in the Oklahoman attorney being forced to wade the Red River to the Oklahoma side. No gunplay was made but a clash between the Oklahoman and Texas was averted by the immediate departure of the attorney, it is reported here. Deputy United States Marshal Frank Morgan from Wichita Falls later visited the headquarters of the rangers and served the federal process Monday which required certain members of the force to attend an injunction proceedings now being conducted in the federal court for the district of Western Oklahoma. The ranger officer accepted process from the Texas deputy marshal without protest and declared that he had intended to obey the process presented by the Oklahoman on the ground that the attorney had no legal right to present the papers.

THIS IS THE DAY OF GOOD STYLE FOR STOUT WOMEN

Since garment manufacturers discovered that most American women are designed on liberal lines, they have spent more energy and skill upon designing apparel that will exactly meet the requirements of these interested women.

What a marvelous change this condition has made in the smart appearance of women of ample proportions! As soon as real art designed the lines, style became an attribute of the stout as well as of the slender.

Rightly corseted, and cleverly fitted, any woman, however stout, may take new delight in her appearance.

Our Stout Apparel section offers a special service to women, in Corsets, Tailored Suits, Dresses and Wraps.

See the charming new models now on display in our second floor department.

"The Courteous Service Store"

CORRECT CORSETING

MAKES THE FRENCH WOMEN THE MOST STYLISH IN THE WORLD

The women of France realize absolute necessity of correct corseting. They will economize if necessary in outer garments rather than in their corsets. They know that a stylish, correct corset insures them a stylish figure.

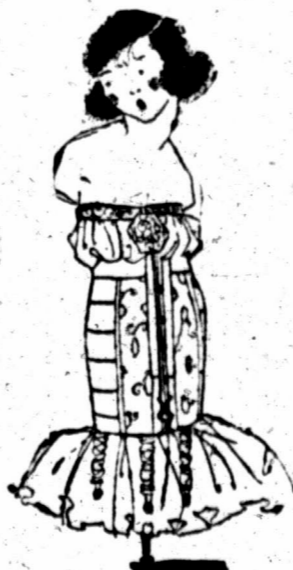

The Binner Corset

is an American-made Corset but embodies all the style and smartness of the best French makes. We have them to fit any figure with a special model for the stylish stout.

Athletic Dancing Corsets

in the Binner Models embody the utmost in style and yet allow a freedom of movement so much demanded by the women of today.

Binner Corsets are priced from \$8.50 to \$35.00. Nature's Rival and Bevoise Brassieres in dainty lace brocade models and Silk Jerseys. They are very new and very smart.

OKLAHOMAN MAKES SEARCH OF AMERICAS FOR NEW OIL FIELD

By RALPH H. TURNER
(Times Staff Correspondent)
TAMPA, Fla., (By Special Telegram)—Romance and big business need not be strangers.

And there has always been romance in the oil business. It is the search for hidden treasure—backed by the belief that America must explore the four corners of the world if she is to maintain her position in the international struggle for that treasure—that explains the ocean cruise of E. W. Marland, millionaire oil producer of Ponca City, Oklahoma, and Pittsburg, Pa., head of the Marland Refining Company and other interests.

Petroleum is the hidden treasure that prompted the voyage of the steam yacht "Onaida." Traveling on his own private yacht, Marland and several of his associates lifted anchor here this week for the tropical waters of Latin America. He is expected to depart from Tampa, Marland had spent a month in Mexico, investigating the oil resources of this country with a view of entering the field.

The "Onaida" will first call at Panama, where Marland will take aboard four geologists of his own party. These men, headed by P. C. Geyer, former star football player of the University of Oklahoma eleven, have spent the past several weeks searching Central America for the rich oil deposits of oil formations. From Panama the yacht will steam to Caracas, Venezuela, where a couple of weeks will be spent in exploring the Maracaibo district. The next call will be to Colombia, and further time will be spent in a tour of investigation up the Orinoco River.

After inspecting the oil resources of Venezuela and Colombia, the expedition will return to the west coast, passing through the Panama Canal and resume its hunt for the earth's riches in Salvador and Nicaragua. Leaving the tropics, the "Onaida" will carry its owner up the west coast of Mexico.

Marland has deep faith in the oil possibilities of the Mexican states of Sonora and Sinaloa, and he plans to establish two or three geology camps, comprising about 200 men, of whom 25 or 30 will be expert geologists. Here romance and adventure again appear upon the scene, for in Sonora the hunt for petroleum will be made partially in connection with the Indians with hands of Yaqui Indians, one of the wildest and fiercest fighting tribes alive today. Near Yuma, Arizona, he will include within the zone of the Oklahoma oil man's investigation.

Among the men accompanying Marland on his cruise for oil are two of his associates, Col. Franklin R. Kenney, of Chicago and Ponca City, who served on Pershing's staff and later became Chief of Staff of the American Air Service; and W. H. McFadden, of Pittsburgh and Ponca City, one of America's pioneer steel men and builder of many of the earliest steel plants in the United States.

Aspirin is trade mark of Bayer Manufacturing of Monoaceto-salicylic acid.—Adv.

MEXICAN WORKERS ARE FLOCKING INTO THE UNITED STATES

MEXICO CITY, March 4.—Mexican workers are going to the United States in large numbers and the exodus is becoming alarming, according to reports received from northern states. Serious danger to numerous industries in that region through non-use and to large areas of farm land through lack of cultivation is apprehended.

Jalisco is especially menaced, according to reports, which assert as a typical instance that 34 workers have recently left the small village of San Diego de Alejandria. The department of labor has issued a statement warning Mexicans to beware of fraudulent contracts, by which it is alleged.

Just Yellow Mustard For Backache, Lumbago

Grandmother's old mussel mustard plaster or poultice generally brought relief almost even in the severest cases, but it burned and blistered like blazes.

"Heat cases pain," replies the inflammation and scatters congestion, but you'll find that while Begy's Mustard, made of true yellow mustard and other pain destroyers, is just as hot as the old-fashioned mustard, it is much quicker, cleaner and more effective and cannot blister.

It's a great external remedy—just rub it on wherever aches, pains, inflammation, congestion or swelling exists and in a very few minutes the relief you have longed for surely arrives because "Heat cases pain." 30 and 60 cents at all drug stores, or by mail S. C. Wells & Co., Lowell, Mass.

BEGY'S MUSTARDINE
IN THE YELLOW BOX

MUSKOGEE HAS NEGRO MILLIONAIRE HEIRRESS

MUSKOGEE, OKLA., March 4.—Sarah Rector, 18 years old, today was Oklahoma's first negro millionaire heirress.

Fearing an attempt to secure possession of her wealth which she inherited, Sarah voluntarily executed a deed of trust covering all her wealth. Two men who have served as her guardians will administer her affairs.

Execution of the deed of trust probably will quash a petition filed by the girl's mother to have her declared incompetent and secure the appointment of a guardian.

Fire, Lightning, Tornado, Auto and Builders Risk Insurance at cost during this month. J. R. Polk, 300 Eighth Street. 276-51p

THREE THOUSAND BALES OF COTTON LINTERS BURN

DALLAS, TEX., March 4.—Three thousand bales of cotton linters, valued at approximately \$90,000, belonging to the United States government, were destroyed by fire last night at the Trinity Product company's plant, six miles south of Dallas. Sparks from a passing locomotive are believed to have caused the fire. The cotton was unshelled.

The linters were purchased by the government during the war for use in making gun cotton, and stored at the Trinity plant.

When you need a plumber call 1712. G. W. Winburne Jr., 2400 Eighth st.

WESTERN UNION OFFICIALS CONFER WITH LOCAL MANAGER

F. H. Austin, district commercial manager, J. G. Gilbert, district plant superintendent and L. V. Schunder, Western Union officials from the district headquarters at Dallas, were in this city Wednesday going over plans with Local Manager Charles Popen for the removal of the local office to the City National Bank building.

Following the conference, Mr. Popen stated that the office would be removed to the new quarters until June or July. This is due to difficulty in securing quarters in the city.

YOUR COLD EASED AFTER FIRST DOSE

"Pape's Cold Compound" then Breaks Up a Cold in a Few Hours.

Relief comes instantly. A dose taken every two hours until three doses are taken usually breaks up a severe cold and ends all the grippe misery.

The very first dose opens your clogged nostrils and the air passage in the head, stops nose running, relieves the headache, dizziness, feverishness, sneezing, soreness and stiffness.

Don't stay stuffed up! Quit blowing and snuffing! Clear your congested head! Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only a few cents at any drug store. It acts without assistance, tastes nice, contains no quinine—insist upon Pape's!

How to Relieve Catarrh

No Medicine to Swallow, Just Inhale Medicated Vapor

Wonderful cures of catarrh, head noises and deafness are being reported by men and women who suffered for years. They found quick relief in soothing mucous membrane with "Pape's Cold Compound" by following the easy directions, their ailments vanished and have never returned.

One of the world's veteran physicians commended this amazingly successful remedy of herbs. It may be obtained in the form of cigarettes, or for smoking in a pipe or spoon. The relief is usually felt at once, and no dangerous guarantee comes in the box. You are sure to be benefited or your money is refunded. Just ask the druggist for a box of Dr. Pape's Remedy and he will show you how to use it. Or send 10 cents for a trial package with full directions. Guaranteed to BLOSSER CO., 62-64, ATLANTA, GA.

MOTHERS OF TEXAS
Houston, Texas.—"I consider Dr. Pierce's Favorite Prescription a wonderful tonic for women. It has been of exceptional benefit to me during my motherhood and I recommend it very highly to other young mothers."—Mrs. Willis (Mrs. N. L. V.) 2113 Commerce St., Houston, Texas.

Beasley, Texas.—"During expectancy I have always taken Dr. Pierce's Favorite Prescription as a tonic and strengthener, and it has done it for me. I had practically no suffering and my babies have been strong and healthy. I believe Dr. Pierce's Favorite Prescription is the best medicine the young mother can take, and I never hesitate to recommend it to my friends."—Mrs. Ida Chance.

San Antonio, Texas.—"Dr. Pierce's Favorite Prescription is an excellent medicine for women in a run-down and weakened condition or during and after expectancy to give them strength and keep them in a good healthy condition. I took 'Favorite Prescription' before my youngest child came and it kept me in a strong, healthy state and my suffering was much less than at my previous times. I also took it afterward and it did me all the good in the world. I have always thought well of Dr. Pierce's medicine and always recommend them."—Mrs. S. L. 214, 214th St.

Dr. Pierce's Favorite Prescription is a non-alcoholic, non-drowsy, non-purgative woman's safety tonic because it is prepared from roots and herbs containing the properties of the most pronounced character.

It is not a secret remedy because its ingredients are printed on wrapper.

Get Dr. Pierce's Favorite Prescription today, either in liquid or tablet form or send for the new 'Favorite' Book, Buffalo, N. Y., for large trial package.

Nujol
For Constipation

A New Method of treating an Old Complaint

DISCARDED AS DANGEROUS

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashties into it, causing cramping and nausea.

Take "Dodson's Liver Tone" Instead!

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow, besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

At Last, Relief from Rheumatism

Spring Seems to Aggravate This Painful Disease

S. S. S. has been successfully used for Rheumatism for more than fifty years. It is the most thorough and reliable blood remedy because it searches out and eliminates all disease germs which infest the blood.

Mr. E. P. Bratches of Dallas, Texas, says in a recent letter: "I was down for several weeks with rheumatism in my knees, could not work. I commenced S. S. S. and before I used two bottles I could get around fairly well. I continued using S. S. S. until I used 12 bottles and I am now entirely well. I am a carpenter and now can do my work all O. K. I feel as young as I did at thirty, although I am fifty. I highly recommend S. S. S. for Rheumatism of the joints."

S. S. S. has done wonderful things in the treatment of Rheumatism, particularly that form of the disease which comes from the tiny germ that gets into the blood, multiplies rapidly, and carries the torturing pain throughout the system.

S. S. S. is sold by druggists everywhere. It is a fifty year old remedy, and its use is no experiment, as it has been on the market for over half a century, and is known throughout the length and breadth of the land.

Now is an excellent time to treat your Rheumatism with S. S. S., while the system is under cover or quiet. An example of prevention, and throwing off impurities.

Go to your drug store and get a bottle of S. S. S. today and begin to take a rational, sensible treatment for Rheumatism that will show results. For free expert medical advice regarding your own case, write fully to Chief Medical Adviser, 178 Swift Laboratory, Atlanta, Georgia.

Victims of Rheumatism, that most painful and torturing of all diseases, feel that with the approach of balmy springtime they may expect some relief from the pangs of suffering which they have endured all winter.

And this is an excellent time to get rational results from the right sort of treatment for this painful ailment. Just now the system is ready to throw off the impurities that have been accumulating throughout the winter season, and nature is ready to help in the eliminating process that is so essential in preparing the system for the changing seasons.

Many forms of Rheumatism come from a tiny disease germ that infests the blood and multiplies by the million, spreading pain and torture in their wake.

Those who have not yet realized the truth of this statement, and expect to get rid of the disease by the use of liniments and lotions and other locally applied treatment, will continue to suffer from Rheumatism, and will find their condition growing steadily worse all the time.

Rheumatism is more than a mere local disorder confined to the locality of the painful parts. It cannot be rubbed away, because it is a deep-seated disease that has its source in the blood supply. The tiny pain demons, the millions of little disease germs that cause the disease must be reached and eliminated from the blood before real relief can be had.

"SYRUP OF FIGS" IS LAXATIVE FOR CHILD

Look at tongue! Remove poisons from stomach, liver and bowels

Accept "California" Syrup of Figs only—look for the name California on the package, then you are sure your child is having the best and most harmless laxative or physic for the stomach, liver and bowels. Children love its delicious, fruity taste. Full directions for child's dose on each bottle. Give it without fear.

"Mother, you must say 'California'."

MURINE Night Morning Keep Your Eyes Clean—Clear—Healthy

Don't Suffer with RHEUMATISM
A teaspoonful of A-2851 after meals will relieve you

Prescription A-2851 is a combination of natural vegetable and mineral salts which relieve rheumatism by dissolving the calcium deposits which cause the painful swelling at the joints, and drives the acids from the system. A-2851 is an old and well known remedy for rheumatism, and is the only one of its kind that is safe for the stomach and bowels.

LIMER & AMEND, 2nd Ave., & 15th St., New York

Snake Oil

Positively Relieves Pain in Few Minutes

Try it right now for Rheumatism, Neuralgia, Headache, and all the swollen joints, pain in the back, back and limbs, corns, bunions, etc. After one application pain usually disappears as if by magic.

A few drops used internally and externally will cure colds, coughs, croup, influenza, sore throat, diphtheria and tonsillitis.

This Oil is conceded to be the most penetrating remedy known. Its prompt relief is due to the fact that it penetrates to the affected parts at once. As an illustration, pour a drop on a thick piece of sole leather and it will penetrate this substance through and through in three minutes.

Accept no substitute. This great oil is golden red color only. Get it at MILLER DRUG STORE

BLISS NATIVE HERBS TABLETS

For thirty-two years has been a tonic for liver and kidney ailments. Bliss Tablets are a great and safe remedy for general healthy condition, bringing back the vital glow of youth, the complexion they are given by Dr. Bliss, the inventor of the system, create appetite, relieve the bowels, and stimulate the system. Each bottle contains a quantity of Bliss Tablets, which is a blue and white granular substance, and is a natural and pure preparation of the most potent herbs and minerals.

Bliss Tablets are sold in boxes containing 30 tablets for \$1.00 and a smaller size for 10c. Write to Dr. Bliss, 414 Washington, D. C.

YOUR COMPLEXION CAN BE MADE WHITE, SOFT AND YOUTHFUL

By the Use of the BLACK and WHITE Beauty Treatment.

Every woman wishes to appear beautiful. The rays in her nose and her skin, fixes rings in her nose and uses other crude ornaments to make herself more attractive. An example of prevention, and throwing off impurities.

You can get a free sample, literature and a Black and White Beauty and Dream Book, if you will clip and mail this advertisement to Black and White, Box 911, Memphis, Tenn.

The soft, refined, pearlescent, white appearance it renders leaves the joy of Beauty with you for many years.

Gouraud's Oriental Cream

WHEN KIDNEYS ACT TOO OFTEN

If bothered with that form of kidney trouble which causes too frequent or excessive passage of urine, don't expect relief from medicines that are intended for common kidney complaint. These remedies generally are intended to increase kidney action.

Liquid Shu Naku should always be used where the kidneys are too over active during the day or at night. It is not a cure for all forms of kidney trouble, but is intended for over-activity of the kidneys of both children and adults alike, especially for children bothered with kidney action at night.

Ask any druggist for Liquid Shu Naku or enquire of the Shu Naku Co., Shumake Remedy Co., Fort Worth, Texas, for a bottle by return mail.

CHEW A FEW—STOMACH FEELS FINE!

At once! Relieves Indigestion, Heartburn, Gases, Dyspepsia, caused by Acidity. Hurry! Buy a box at any drug store. Read "Common Sense Rules Regarding Stomach" in every package.

THIN, NERVOUS PEOPLE NEED BITRO-PHOSPHATE

What It Is and How It Increases Weight, Strength and Nerve Force in Two Weeks' Time in Many Instances

SHOULD BE PRESCRIBED BY EVERY DOCTOR AND USED IN EVERY HOSPITAL.

SAYS EDITOR OF "PHYSICIANS' WHO'S WHO"

Take plain bitro-phosphate as the advice of physicians to thin, delicate, nervous people who lack energy, nerve force, and the same to ample proof of the efficacy of this preparation to warrant the physician's recommendation. If you are thin, nervous, and nervous, and are constantly being advertised for the purpose of making thin people heavy, developing strength, and making them healthy, you are not getting the real bitro-phosphate. The real bitro-phosphate is a natural, pure, and powerful preparation of the most potent herbs and minerals.

Physicians and hospitals everywhere are now recognizing its merits by its use in ever increasing quantities. Physicians "Who's Who" says: "Bitro-phosphate should be prescribed by every doctor and used in every hospital to increase strength and nerve force and to enrich the blood."

Joseph D. Harrigan, Former Visiting Specialist to North Eastern Dispensary, says: "Let those who are weak, thin, nervous, anemic, or run-down, take a natural, unadulterated substance such as bitro-phosphate and you will soon see some astonishing results in the increase of nerve energy, strength of body and mind, and power of endurance."

Bitro-phosphate is made entirely of the organic phosphate compound referred to in the National Standard Dispensary as being an excellent tonic and nerve tonic, and a preparation which has recently acquired considerable reputation in the treatment of neurasthenia. The standard of excellence, strength and purity of its substance is beyond question, for every bitro-phosphate tablet is manufactured in strict accordance with the U. S. Pharmacopoeia test requirements. Bitro-phosphate is therefore not a patent medicine and should not be confused with any of the secret nostrums so-called tonics or widely advertised "cure-alls."

CAUTION.—While Bitro-phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to get on their feet should use extra care in avoiding fat-producing food.

OF INTEREST TO SPORT FANS

Roped Square One of Easiest Ways to Acquire the Coin

By HENRY L. FARRELL.
United Press Staff Correspondent.
NEW YORK, March 4.—Countering being under a closed season for good, the easiest way to make money is to become some kind of a champion.

If the river of gold continues to trickle through the sport world, fathers will be raising their boys to be sport kings instead of bankers or plumbers.

The jungle of money bags is making sport more of a business than ever. Perhaps in the future, to provide against the rush of feathered nest seekers, athletic universities will be giving degrees to fighters, wrestlers, ballplayers, skaters, etc.

The roped square these days returns dividends as generous as an oil gusher for a few moments' work. A good performer is worth his weight in gold as Benny Falger found out recently when he had to pay \$1,000 for having three-quarters of a pound too much in the ring with Johnny Kilbane.

Be a fighter and get rich. The modern ring gladiators salt their dough. Jess Willard owns a flock of farms. Nigger Leonard, Johnny Kilbane and several other champions are reputed to be worth about a half million dollars. Even the near champions, such as Joe Lynch, Johnny Dundee and others have accounts that run into five figures.

The wrestlers, too, get a key to the mint when they climb to the top. Joe Stecher, world's champion, figures that he can make \$100,000 a year and he plans on working at his job for several years. Earl Caddow got \$20,000 recently in a losing bout. Jim Londa has been in the spotlight for only a short time and yet he is wealthy. He has bought restaurants for practically all of his immediate kin and lives a life of ease himself.

Baseball used to be the easiest path to riches, but it's almost a piker's game any more. Babe Ruth, Ty Cobb and a few other celebrities draw as much as \$20,000 a season, but a good champion in other lines draws that much for a day.

Bobby McLean, former world's champion skater, got \$50,000 for going to Norway and losing his title to Oscar Matheson. Willie Hoppe, billiard king, has a revenue of about \$30,000 a year from his title. Professional football players draw from \$150 to \$300 an hour in the fall. Even the six bike racers make a couple of thousand a week.

Season by season, the dollar sign on sport has been growing and it will continue to grow. Sport truly is good business.

Special 50-Target Handicap Event at Gun Club Friday

A special 50-target handicap event has been arranged by the officials of the gun club to open the competition for the vice president's silver trophy.

The offering of trophies by the officials of the club was made public some weeks ago and Vice President Charles J. Pate was the first to announce an award. He has not yet announced what the prize will be, but it is known to have been ordered, and Mr. Pate has stated that it will take some practical form.

The contest for the prize will extend over six weeks and at the end of the six contests a 50-target leg will be run off. This is expected to eliminate as much as possible shoot-offs which usually result from such contests.

The winner each week will be credited with one leg of the trophy. If there are any ties at the end of the six weeks, any shoot-offs that are necessary will be held then.

Another special event, one of 12 pairs doubles, is scheduled for tomorrow's program. This is a regular club event and the winner is to get a silver spoon from the club.

The officers are now working on the St. Patrick's day program. This will be made public within a week.

Wilde Wins But Wallace Makes It Quite Interesting

PHILADELPHIA, March 4.—Jimmy Wilde, world's flyweight champion, outpointed and outboxed Patsy Wallace, Philadelphia bantam after six rounds of spirited fighting here last night.

Wallace was the loser all the way but the little Welshman had to extend himself. Wallace failed to give ground to the champion and fought every inch of the way. He tired toward the end of the fight, but pulled a surprise in the last round when he let fly with a right cross that caught Wilde on the jaw and toppled him. He did not take the count, however.

Georges Carpentier and Bride to Spend Honeymoon in U. S.

PARIS, March 4.—Georges Carpentier and Mme. Georges Carpentier will spend their honeymoon in the United States.

The heavyweight champion of the world, verified a long standing rumor with an announcement that he had lost a decision to Cupid and would marry Miss Georgette Laurentia Elasser, a girl rich in love and poor in the world's goods.

"You may officially announce my marriage which will take place next week," Carpentier said today to a United Press correspondent. "It's purely a love affair. Georgette has no money, but I prefer her to many of the rich, aristocratic girls whom I might have married. I have known her two years and I feel sure I can earn enough money in America to support her. I decided to marry her and take her to America with me March 11, on the Savers because I was afraid I might want to see her so badly I would jump my contract in the United States and return to Paris."

Naturally I think Georgette the sweetest girl in the world and I believe Americans will agree with me. She's a beautiful blonde, with expensive clothes and a delicious smile and is only 23 years of age. Delay encountered in receiving certificate from Holland, the birthplace of her father, kept me from marrying her sooner.

Belief in the innocence of Jack Dempsey was expressed by the French champion.

"I am most confident that Dempsey will have no difficulty in proving himself not guilty of the charge made against him," he said. Commenting on his American plans, he said:

"We are going to California as soon as we arrive in United States. I have no doubt Dempsey and I will fight in the United States after I have finished my moving picture contract and taken on 10 weeks of vaudeville."

MOORE IS OUTPOINTED BY JACK SHARKEY
DETROIT, MICH., March 4.—Jack Sharkey outpointed Roy Moore of St. Paul in a 19 round bout here last night.

When you need a plumber call 1712. G. W. Winburne, Jr., 2408 Eighth st. 272-71c

Sport Slams

By STAFFORD.
They tell us the Washington senators are going to their Florida training camp via steamboat.

Wise old Clark Griffith: It's only a little longer if they go by way of Cuba.

Griff is letting Nick Altrock go ahead as a trial horse. Ten to one Nick tries everything they've got. It's hard to be a big league clown without any inspiration.

Add daily sports—Another Robery. They tell us Carpentier is going to get married. Guess you know that one about not enough fighting.

It's now up to Dempsey to blow town and join Jack Johnson in a little vaudeville sketch to tour Mexico and environs. It could be a little singing and dancing sketch with Jack Kearns playing the cash register.

They could feature that little ballad entitled "Nobody Knows and Nobody Seems to Care."

Brown is here, but they tell us Archie's Tanager. After some deliberations Major Darnley has decided to leave the Iron Mountains.

Some paving contractor should take up that famous slogan as an advertising stunt—that one "Say it with bricks."

But then—Somebody might. Our idea of the place that demands real strategy is that of the fifth man in a battle royal.

Get you couldn't convince Kid Gleason that the hand isn't quicker than the eye.

YOUR HOME. Preparedness in the form of complete plans is the only guarantee of one hundred per cent results in building.

CONTRACT FOR THREE OFFSETS WEST SIDE THE K. M. A. TRACT

Operators in the Kemp-Munger-Allen district are free to call the driller of the Kemp-Munger-Allen company A. R. Thomas, into consultation in the completion of their tests, it was announced by J. A. Kemp, president of the company, Thursday morning. Mr. Thomas drilled the discovery well in this field, and is now engaged in completing the No. 2. The letting of three drilling contracts, offsetting tests along the west side of the company's holdings, were announced by Mr. Kemp. Two of the derricks are now being built.

HIGH GRAVITY OIL IN TESTERMAN TEST; READY TO COMPLETE

Oil from the Testerman et al. in Section 46-14, Tillman county, has tested out for very high gravity, 42, according to reports reaching Wichita Falls Thursday. The test is pumping and swabbing oil in considerable quantities, while a standard is being rigged up to drill the test into the sand and complete. It is expected that this work will be finished in the first week in April and the test during the present week. Although no definite information could be obtained with regard to the test of the Hugo Oil and Development company in Section 22-14 and a half mile northwest of the Testerman, visitors to the test Wednesday were convinced that it had picked up the sand, as drilling was being merely rotated in the hole as if keeping it in shape for the setting of casing.

BURK-GEORGE OIL CO. SELLS FOR \$350,000

Sale of the Burk-George Oil Company lease and production in the southern part of the W. F. George tract, was completed on Thursday, 11 a. m. and the purchase of the Arkansas-Texas Oil Company, being the purchasers, and the consideration is \$350,000. This company was one of the first to be organized on the George tract, and brought in the first well in this section of the field. The property has two producing wells, with the flush production of each around 500 barrels a day. James C. Taylor and B. M. Bullard are organizers and officers of the company. The sale calls for a substantial amount cash, and the remainder to be paid in production.

ARKANSAS-TEXAS CO. SELLS FOR \$500,000

The sale of the Arkansas Texas Oil Company's lease on the W. F. George tract, comprising five acres and one producing well and another standard well is announced by the Empire Texas Oil Company as the purchaser. The Arkansas-Texas well when completed a short time ago, flowed better than 1,500 barrels, being the record completion on the George tract.

LEADER OF BANDITS MURDERING MORRILL KILLED BY TROOPS

MEXICO CITY, March 4.—Manuel Gonzalez, leader of the band which shot and killed Augustus Morrill, formerly American consul at Manzanillo, on February 26, has been killed by pursuing government troops, according to semi-official statements issued here last night. After the United States embassy here had made representations asking that every effort be made to punish the guilty persons, the military commanders in the states of Jalisco and Colima ordered out mobile columns in pursuit of the bandits. One of these columns encountered a band of outlaws in the vicinity of a ranch owned by Mr. Morrill near La Palmas. In addition to the leader, it is stated that a number of bandits were killed and that many were wounded during the fighting. Strangely True, But Probably Untrue. The olive oil product of Spain varies very greatly from year to year and under a nation which the growers that the yield is always greater in the even numbered years.

STRONG SHOWING OF OIL AND GAS ABOUT 7 MILES FROM CITY

A strong show of oil and gas from a sand picked up at 1350 feet is reported from the No. 1 Somerville of the Associated Producers, about seven miles north of Wichita Falls and just east of the Burkburnett road. The test is about a mile south of the Cashion school, and two and a half miles southeast of the Texhoma tract on the Daniels, the nearest production at this depth.

HAYNES AND CANNON WELL IS EXPECTED TO BE GOOD PRODUCER

The Haynes and Cannon No. 1 Munger, in Block 21, is preparing to set a liner today, the casing seat having broken loose. Oil in considerable quantities has been swabbed in the Haynes and Cannon and with the water trouble shut off, it is believed that the well will make a good producer. Work of cleaning out the hole, preparatory to setting casing in the 80 foot of open hole was in progress today at the Gilliland test, in Section 6, S. P. R. R. survey. The bridge was drilled out Wednesday. The casing will be set before the sand is drilled any further.

MANHATTAN WELL IS ESTIMATED AROUND 400 TO 600 BARRELS

Pipeline connections are being made at the Manhattan Production Company's well in block 25, by the Sunshine Pipeline Company, and the line will be ready to run oil by the first of the coming week, according to pipeline representatives. The well is estimated at from 400 to 600 barrels, when the water is shut off. The casing is at present being re-set, and a packer used in the effort to cut off the water entirely.

PANHANDLE CO. IS BAILING TEST IN TILLMAN COUNTY

The Panhandle Refining Company is bailing their Tillman county test, section 7-14, preparatory to a test of the sand picked up around 1500. It was announced at the local offices of the company Thursday. Setting of the casing was finished last night.

LANGFORD OIL DRILLING AROUND 1000 FEET WEST OF TESTERMAN

The Langford Oil and Development Company reports its No. 1 State Lands being drilled 1,400 feet west of the Testerman well, drilling below 1,000 feet, with prospects of having it ready for completion in a short time. The derrick is up for their test in block 50, in the Kemp-Munger-Allen section, south of the discovery well, and not far from the Gilliland test. Operations are scheduled to start here in a short time. The company owns acreage in the East Wichita district, and in Jones, Young, Wilbarger and Haskell counties, Texas, and Cotton county, Okla. The Haskell county tract, 65 acres, is close to the Kouri test, which has been reported on the sand.

ANNOUNCE TURKISH CABINET HAS QUIT; SITUATION IS GRAVE

CONSTANTINOPLE, March 3.—In view of the gravity of the situation the cabinet resigned today. The sultan has called upon Marshal Ismet Pasha to form a new cabinet. Ismet Pasha is a partisan of Mustafa Kemal Pasha, the leader of the Turkish nationalists. His designation as head of the new cabinet is regarded here as a triumph for the nationalists. HOUSTON REPORT ON WEATHER AND ROADS HOUSTON, March 4.—Winds on Texas coast; moderate northerly subsiding. Shippers forecast: protect 35 hour shipments to north west and north from temperatures 20 to 25 degrees and interior of south portion 27 to 30 degrees. Highland bulletin: Automobiles leaving today will have fair and cold weather. Journeys west may be made but north and east are not advisable on account of rains last night.

PANTHER POOL IN ARCHER IS REMARKABLE FOR RECORD MADE IN HOLDING UP PRODUCTION

With production standing today at practically the same figure which the pool attained three years ago, when it was first developed, the Panther pool in Archer county has totalled up a production record as one of the most remarkable in the history of the Wichita Falls district, its pipe line runs being better than 250 barrels daily, and its total production to date figuring something better than 2500 barrels to the acre.

MEETING AT FIRST BAPTIST CHURCH IS GROWING IN INTEREST

The meeting in session at the First Baptist church is growing in interest and power each day. The crowds are very large ones and the messages of the various speakers are very interesting and inspiring. The services begin each day at 6:15 o'clock with a devotional service conducted by the Rev. J. S. Deaton of Electra. At 6:30 p. m. there are six classes that assemble for special study on the different phases of church work. Dr. R. L. Powell of Gainville, Secretary T. C. Gardner and Miss Effie McDaniel of Dallas, Dr. F. F. Brown of Sherman, Rev. A. J. Holt of Fort Worth, Rev. J. S. Deaton of Electra and Rev. A. C. Ashford of Fort Worth are leading the classes each day. Lunch is being served at the church each day to enrolled in the classes. The lunch is served at 12:15 and there were 250 served at the church last night. During the lunch period the young people are having a great time socially. Games are being directed by Mr. Gardner and Miss McDaniel. Immediately after the lunch is served the classes mentioned above assemble for study and following this Dr. F. F. Brown of Sherman delivers an inspirational address in the main auditorium. We are giving informing and illuminating and all the people are invited to come and hear him.

SHARE OF STOCK BRINGS TOP PRICE ON N. Y. EXCHANGE

NEW YORK, March 4.—The highest price ever recorded for the sale of one share of stock in the history of the New York stock exchange was paid yesterday for ten shares of Atlantic Refining Company common stock sold for \$1,350 a share. The previous record was made by the sale of one share of Northern Pacific touched \$1,000 during the panic.

GULF BOOSTS THE PRICE OF COASTAL CRUDE 25 CENTS

HOUSTON, TEX., March 4.—The Gulf Pipe Line Company announced this morning it would pay \$2.50 per barrel for coastal crude, an advance of 25 cents. The advance affects all fields in south Texas and Southern Louisiana. The Texas Company and Humble Pipe Line Company have met the advance.

YOUNG AVIATOR IS KILLED DURING STORM WEDNESDAY EVENING

SANDERSON, TEX., March 4.—Lieut. John E. Greer, 23 years old, an aviator from Kelly Field, San Antonio, was instantly killed at Sanderson yesterday when a terrific windstorm sent him crashing to earth. He is survived by his widow and one child. The machine was completely wrecked.

CHARGE OF BURGLARY IN CONNECTION WITH ATTEMPT TO ROB BANK

Several felony complaints growing out of the series of burglary disclosures of the past week were filed Thursday in Justice R. V. Gwin's court. The complaints alleging burglary were filed against Cecil James. He is alleged to have been an accomplice in the attempted robbery of a Wichita Falls National bank. He is also alleged to have been implicated in the burglary of a tailoring establishment at Iowa Park. He waived preliminary hearing and bond in each case was fixed at \$1,500. Anderson Lancaster faces a charge of burglary, the complaint having been filed Thursday. He waived preliminary hearing and his bond was fixed at \$1,500. JACK ART TO MANAGE STORE AT FORT WORTH J. E. Art, who purchased the Keene Jewelry Company, Ninth and Main, Fort Worth, is also alleged to have been implicated in the burglary of a tailoring establishment at Iowa Park. He waived preliminary hearing and bond in each case was fixed at \$1,500. Mr. Art's success in the jewelry business in Wichita Falls has been very marked, and his acquiring the Fort Worth property is an important branching out. He has been no less successful in the oil business, his oil interests being extensive, and he will continue to operate both businesses from Wichita Falls, where his family has resided for a number of years.

RETURNS INDICATE THAT NON-PARTISAN LEAGUE IS DEFEATED

HOUSTON, TEX., March 4.—The Non-Partisan League made its first active attempt today to enter Texas politics by presenting candidates in the legislative election in Harris, Waller and Fort Bend counties. A state senator from the three counties, comprising the sixteenth district, is being chosen, and Harris county also is voting on three state representatives.

MEXICO PLANS FOR A TRADE EXCURSION INTO UNITED STATES

MEXICO CITY, March 4.—Decision to organize a great trade excursion to the United States and to open as soon as possible an international exposition for foreign goods in this city was reached by the federation of Mexican chambers of commerce in session here yesterday. It was also decided to inaugurate a special moving picture service for the purpose of exhibiting technical and commercial films throughout the United States. Encouraging reports have been received regarding pro-Mexican sentiment being spread in the United States by delegates who recently attended the United States-Mexican trade conference in this city and it is

Building Occupied By Austin Paper Is Daubed a Yellow

AUSTIN, TEX., March 4.—The front doors, windows, signs and sidewalk of Austin's morning paper were daubed a bright yellow last night by unidentified persons. The newspaper reported elaborate daubing here in a closed auto and dashed for the train as it was ready to pull out, evading interviewers. Previous to reaching San Jose, the most start was unrecognized. Miss Pickford and her mother are believed to have left Reno, Nev., last night.

MARY PICKFORD LEAVES RENO FOR LOS ANGELES

SAN JOSE, CALIF., March 4.—Mary Pickford, who won a divorce from her husband, Owen Moore in Nevada Tuesday, passed through here today en route to Los Angeles. She was accompanied by her mother and another woman. The party reached the railroad station here in a closed auto and dashed for the train as it was ready to pull out, evading interviewers. Previous to reaching San Jose, the most start was unrecognized. Miss Pickford and her mother are believed to have left Reno, Nev., last night.

Spring Oats Damaged

Spring oats, it is believed, have been severely damaged by Wednesday night's freeze. The temperature of 39 degrees above zero was recorded at six o'clock this morning. It could not be learned Thursday whether the freeze had caused any considerable amount of damage to fruit crops.

FIGHTING JOURNALISTS TO VISIT WICHITA FALLS EARLY IN MAY; NOTED WRITERS IN THE PARTY

The Fighting Journalists, A. E. F., will spend May 2, 3 and 4 in Wichita Falls, arriving here May 2 from Fort Worth by bus or transport with full army equipment and will pitch camp and line up for "sum" just as they did in the Argentine.

George E. Morrison, Secretary-Treasurer "The Fighting Journalists, A. E. F."

Instead of Jerry's bombs and shells showering them, however, they will be peppered by bullets and instead of G. I. cans being shot at them the famous journalists who saw active service against the enemy in A. E. F., look forward to huge receptacles of pies and doughnuts and other household culinary achievements being dropped into their midst.

At least that was the hope somewhat admittedly expressed today by George E. Morrison, national secretary-treasurer of the organization, who is in Wichita Falls today making arrangements for the great literary invasion.

The Fighting Journalists, A. E. F., it has been said, is the most influential organization for its numbers in the United States. Its membership is limited to employees of the editorial departments of American daily newspapers and magazines who saw actual service against the enemy as members of A. E. F. combat divisions. It has at least one member connected with every important newspaper of the country and assurances have been received that more than 100 of the soldier-writers will attend the convention and tour the oil country.

The convention marks probably the most important publicity campaign ever inaugurated for the Texas oil industry. The members will compete for \$2,000 in cash prizes to be awarded to the best stories written about the Texas oil industry and printed in the publications with which they are connected. At least a score of the most facile pens in daily journalism will compete for the prizes but there is a suspicion that some especially enthusiastic ex-doughboys will carry off the \$1,000 capital prize.

Secretary Morrison reports that among the prominent writers who have pledged themselves to attend the convention are: Capt. William C. Howells, developer, Plain Dealer, Cleveland; Eugene P. Cullen, New York World; Lieut. E. J. Cadou, Indianapolis News; Sgt. Major Carl C. McGill, Detroit Journal; Capt. McMillen Brown, New York Sun; Kirk C. Miller, Washington Star; Edwin J. Westrate, New York Mail; Edward W. Mocker, New York Commercial; Stuard U. Bergin, Minneapolis Tribune; Kenneth C. Clapp, Grand Rapids News; Capt. Thomas B. Fauntleroy, Memphis Commercial-Appel; Jack B. Koons, Cincinnati Enquirer; George H. Vincent, New York Tribune; Henry H. Nelmeier, St. Louis Post Dispatch; Albert E. Walsh, Scientific American; Thomas P. Walsh, Chicago Examiner; Sgt. Major Arthur G. Hasley, Christian Science Monitor, of Boston; Lieut. C. E. Lovejoy, New York Times; Albert N. Leman, Boston Post; William J. Bell, New York Evening Post; Charles C. Cleveland, Cincinnati Post; Sgt. Ben Ling, Cleveland Press. Secretary Morrison is the special representative of the International News Service in Texas.

"The fame of Wichita Falls as the very heart of the oil production and refining industry of North Central Texas will reach everywhere on the globe where American newspapers are read, as a result of this convention," declared Secretary Morrison. "Every newspaper and magazine writer who sees this field will return to his public with a story that will write one grand story in the hope of winning the big prize but will write numerous stories from the vast wealth of them that he will carry away."

Newspaper readers everywhere are interested in oil and editors like to give their readers real oil stories such as writers who have toured the fields can write. Furthermore, the convention will place a quasi-oil expert in practically every newspaper office of any size in the United States, who will be able to refute evil stories that harm the industry and pass intelligent judgment on oil matters as they arise.

"Publicity experts predict that the publicity arising from this convention will cause another grand rush of people and money to the Texas oil fields. Millions of folk will read the articles these visitors write and the sight of the oil fields, a study of the refining industry and its vast future, together with the lovely vision of Texas in Maytime, is bound to give

the writers such a thrill as they never before experienced. We feel sure that the bounding city of Wichita Falls will do itself proud in entertaining the convention.

The journalists will return to Fort Worth from Wichita and go by auto to Ranger, Desdemona, Eastland and Cisco. The chamber of

Commerce of those booming towns, as in Wichita Falls, have expressed their desire to aid the convention in every possible way. The promise of hospitality is so generous, Mr. Morrison reports, that he fears some eastern newspapers will lose some high class men to Texas. They will not care to return to that tight fluted cast after a taste of broad-gauge Texas.

The organization has guaranteed the expenses of the journalists who attend the convention. That was necessary as many of them have not fully rehabilitated themselves on a peace basis and Texas is a long distance from the eastern editorial sanctuaries. Fort Worth has contributed generously toward the fund, with the assistance of the chamber of commerce.

An ex-dough boy in the famous 92nd or "Buffalo" negro division furnished a good deal of entertainment for the police judge, officers and newspaper men in city court Thursday morning. Vagrancy was the charge against the darkey, on account of his alleged continual loafing around the flats and the railroad station, but he pleaded not guilty, saying he had

worked several days since arriving here last Tuesday. "The questions put to the negro concerning his army service brought out a good deal of natural humor and a line of negro dialect which, if straight, would put Al Jolson to shame. When asked the number of his company and his captain's name he hesitated and said, 'I don't remember his name, but he was a little quick 'briar' sort of a man and he suah did make us hustle.'"

One of the "speed cops," who saw service over there asked him a few questions about France, about "vin blanc," "vin rouge" and the other "vins" to which the negro replied "parley boo franzy, with a confident smile of his linguistic ability. When asked whether he was ever court martialed he affected something of a surprised and wounded expression and said, "The only time I was in the guard house was when some of the boys told me I could get away from France quicker if I didn't shoot de captain, and the next time I seen him I just passes him up with my back turned. And when they gets yo' in the 'ahmy' they don't do no fining they jus' corralle yo' in the place with barbwire around 'em for about 30 days."

It seems that this boy had been one of the participants who were eliminated by the K. O. route in one of the "battle royals" at the C. A. C. (not the coast artillery corps)—at least that's

the explanation he gave when the judge questioned his statement that he was not married. He was fined \$10 on the vagrancy charge.

FIGHTING JOURNALISTS TO VISIT WICHITA FALLS EARLY IN MAY; NOTED WRITERS IN THE PARTY

The Fighting Journalists, A. E. F., will spend May 2, 3 and 4 in Wichita Falls, arriving here May 2 from Fort Worth by motor transport with full army equipment and will pitch camp and line up for "slum" just as they did in the Argonne.

Instead of Jerry's bombs and shells showering them, however, they will be peeped by bushes and instead of G. I. cans being shot at them the famous journalists who saw active service against the enemy in A. E. F. look forward to huge receptacles of pies and doughnuts and other housewife culinary achievements being dropped into their midst.

At least that was the hope somewhat adroitly expressed today by George E. Morrison, national secretary-treasurer of the organization, who is in Wichita Falls today making arrangements for the great literary invasion.

The Fighting Journalists, A. E. F., it has been said, is the most influential organization for its numbers in the United States. Its membership is limited to employees of the editorial departments of American daily newspapers and magazines who saw actual service against the enemy as members of A. E. F. combat divisions. It has at least one member connected with every important newspaper of the country and assurances have been received that more than 100 of the soldier-writers will attend the convention and tour the oil country.

The convention marks probably the most important publicity campaign ever inaugurated for the Texas oil industry. The members will compete for \$2,000 in cash prizes to be awarded to the best stories written about the Texas oil industry and printed in the publications with which they are connected. At least a score of the most famous pens in daily journalism will compete for the prizes but there is a suspicion that some especially enthusiastic ex-doughboys will carry off the \$1,000 capital prize.

Secretary Morrison reports that among the prominent writers who have pledged themselves to attend the convention are: Capt. William Howells, Cleveland Plain Dealer; Major Roseman Bugar, New York World; Lieut. E. J. Cadou, Indianapolis News; Sgt. Major Carl C. McGill, Detroit Journal; Capt. Louis Brown, New York Journal; Kirk S. Miller, Washington Star; Edwin J. Westrate, New York Mail; Edward W. Mocker, New York Commercial; Sigurd U. Beach, Minneapolis Tribune; Kenneth C. Clapp, Grand Rapids News; Capt. Thomas B. Fauntleroy, Memphis Commercial Appeal; Jack B. Koons, Cincinnati Enquirer; George H. Brown, New York World; Henry H. Nelmeier, St. Louis Post Dispatch; Albert E. Walsh, Scientific American; Thomas P. Walsh, Chicago Examiner; Sgt. Major Arthur Granville Hasler, Christian Science Monitor of Boston; Lieut. C. E. Loveloy, New York Times; Albert N. Legman, Boston Post; William J. Bell, New York Evening Post; Larry Foster, Cincinnati Post; Sgt. Ben Ling, Cleveland Press. Secretary Morrison is the special representative of the International News Service in Texas.

"The fame of Wichita Falls as the very heart of the oil production and refining industry of North Central Texas will reach everywhere on the globe where American newspapers are read, as a result of this convention," declared Secretary Morrison. "Every newspaper and magazine writer who receives the word of his publication not merely to write one grand story in the hope of winning the big prize but will write numerous stories from the vast wealth of them that he will carry away."

Newspaper readers everywhere are interested in oil and editors like to give their readers real oil stories such as writers who have toured the fields can write. Furthermore, the convention will place a quasi-oil expert in practically every newspaper office of any size in the United States, who will be able to refute evil stories that harm the industry and pass intelligent judgment on oil matters as they arise.

"Publicity experts predict that the publicity arising from this convention will cause another grand rush of people and money to the Texas oil fields. Millions of folk will read the articles these writers write and the sight of the oil fields, a study of the refining industry and its vast future, together with the lovely vision of Texas in Maytime, is bound to give

George E. Morrison Secretary-Treasurer "The Fighting Journalists, A. E. F."

the writers such a thrill as they never before experienced. We feel sure that the bounding city of Wichita Falls will do itself proud in entertaining the convention.

The journalists will return to Fort Worth from Wichita and go by auto to Ranger, Desdemona, Eastland and Cisco. The chamber of

Commerce of those booming towns, as in Wichita Falls, have expressed their desire to aid the convention in every possible way. The promise of hospitality is so generous, Mr. Morrison reports, that he fears some eastern newspapers will lose some high class men to Texas. They will not care to return to that tight fisted east after a taste of broadguage Texas.

The organization has guaranteed the expenses of the journalists who attend the convention. That was necessary as many of them have not fully rehabilitated themselves on a peace basis and Texas is a long distance from the eastern editorial sanctums. Fort Worth has contributed generously toward the fund, with the assistance of the chamber of commerce.

At least that was the hope somewhat adroitly expressed today by George E. Morrison, national secretary-treasurer of the organization, who is in Wichita Falls today making arrangements for the great literary invasion.

worked several days since arriving here last Tuesday. The questions put to the negro concerning his army service brought out a good deal of natural humor and a life of negro dialect which, if staged, would put Al Jolson to shame. When asked the number of his company and his captain's name he hesitated and said, "I don't remember his name, but he was a little quick 'briar sort of a man and he suah 'did make us hustle."

One of the "speed cops" who saw service over there asked him a few questions about France, about "vin blanc," "via rouge" and the other "vins" to which the negro replied "parley boo fransay, with a confident smile of his linguistic ability. When asked whether he was ever court martialed he affected something of a surprised and wounded expression and said: "The only time I was in the 'guard house was when some of the boys told me I could get away from France quicker if I didn't saloot de captain, and the next time I seen him 'it just passes him up with my back turned. And when they gets yo' in the 'army, they don't do no flinng they, just coralls yo' in the place with barwiro aroun' hit for about 30 days."

It seems that this boy had been one of the participants who were eliminated by the K. O. route in one of the "battle royals" at the C. A. C. (not the coast artillery corps)—at least that's

the explanation he gave when the judge questioned his statement that he was not married. He was fined \$10 on the vagrancy charge.

Arkansas Grazing Land

We represent Little Rock parties who are offering 15,000 to 50,000 acres up-top grazing lands, situated in Pulaski and Saline counties, starting at a point not over 16 miles from Little Rock. This land is very conveniently located and presents an opportunity for an investment which is sure of profit. Don't judge the land by the price, which is only \$5.00 per acre. If you could be interested in land superior to average pasture in Texas and Oklahoma, we as an opportunity, now, to explain details regarding this proposition, which is high-class and clean-cut. See Mr. Cockrill with—

TIMES DAILY MARKETS

New York Stocks, Grain and Provisions, Cotton and Livestock

COTTON MARKET

NEW YORK, March 4.—The cotton market showed strength at the opening today, owing to the much firmer showing of Liverpool and continued covering by old crop shorts. Much contracts made a new high record while other crop months made new high ground for the movement and after opening at an advance of 8 to 25 points active month sold 18 to 24 points higher. March delivery, touching 24 1/2, or within 35 points of the highest price reached previously by any contract this season, while May sold 16 1/2, compared with 16, the low level of early last month. The stock of certified cotton here now amounts to only 5325 bales, with nothing heard of shipments from the south for delivery and local brokers say the sustained strength of March is causing active covering by both trade and speculative shorts in May and July.

Private cables attributed the strength of Liverpool to Manchester covering, more increasing advice from Alexandria and diminishing apprehension of an advance in the bank rate. Locally, business became more active after the call on evidence of a broadening demand for July and early August crop months owing to the continued absence of news from the south and the weather in the north. May sold up to 16 1/2, compared with 16, the low level of early last month. The stock of certified cotton here now amounts to only 5325 bales, with nothing heard of shipments from the south for delivery and local brokers say the sustained strength of March is causing active covering by both trade and speculative shorts in May and July.

NEW ORLEANS, March 4.—A much better Liverpool market than a month ago, rain in the belt and the restoration of competition in ocean freight rates, caused an advance of 26 to 33 cents in the price of cotton during the first half hour of trading today. May rising to 16 1/2, the contract rising well above the opening. New crop months displayed equal strength, with the market for the whole day showing a steady upward movement. The trading months were 25 to 27 1/2 points, October showing the widest gain and cotton closed steadily.

LIVERPOOL, March 4.—Spot cotton steady; middling 22 1/2. NEW YORK, March 4.—Spot cotton quiet; middling 24 1/2. NEW YORK, March 4.—Spot cotton quiet; middling 24 1/2.

NEW YORK STOCKS

Table with columns for stock names and prices. Includes items like American Sugar, American Tobacco, etc.

GRAIN AND PRODUCE

CHICAGO, March 4.—Assertions that from now on receipts are likely to decrease led to a general decline in prices today. The value of corn offerings were readily absorbed despite considerable profit taking on the part of long holders of corn, which ranged from 1/2 off to 1/4 advance. May rose to \$1.09, to \$1.10, and July \$1.14 to \$1.15, followed by a slight decline and then by a 1/4 advance. All normal oats advanced with corn. After opening at 1/2 decline to a 1/4 advance, including July at 26 to 26 1/2, the market showed a substantial advance.

FOUR CANDIDATES FOR GOVERNOR TO SPEAK AT DALLAS

DALLAS, TEX., March 4.—Four candidates for the democratic nomination for governor have accepted invitations to address the state-wide mass meeting of democrats called here for Saturday, according to Jasper Collins, secretary of the local committee. They are R. E. Thomason, B. F. Looney, Dwight L. Lewelling and Pat M. Neff. The purpose of the meeting is to organize to send state delegates to the San Francisco convention who are in sympathy with the national administration, according to the call issued last Saturday by 200 democrats.

ANNOUNCE NEXT STEP IN RECLAMATION PROJECT

EL PASO, TEX., March 4.—The next step in the Rio Grande reclamation project is community building and colonization, according to L. W. Lawson, project engineer at El Paso. In a statement just published in the Farm Bureau News, distributed by the county farm bureau of the El Paso Chamber of Commerce. "With ample storage works provided to guarantee a sufficient supply of water, even over dry seasons, and drainage canals excavated to such an extent that a large area of the cultivated lands are protected from the rise of ground water, development turns from such work to the use of the benefits provided," Mr. Lawson said. "The work still to be completed by the reclamation service consists of the extension of the drainage works into areas not yet relieved of the water-logged condition; the extension of the canal system to new areas; the reconstruction of a limited amount of the old systems and the organization of an operating force of adequate training to operate and maintain the system provided. "In no time in the history of the projects has there been a more general demand for farming property by actual farmers than at present. The future success depends, in some measure, on obtaining settlers for the idle lands, who will be desirable citizens." The El Paso valley, has 56,160

Electric Vibrator For Vibrant Health

Electric Vibrators of the better sort are based on scientific principles and are effective in the treatment of Nervousness, Headaches, Rheumatism, Dandruff, Falling Hair, etc., etc. They are also valuable in administering facial massages. acres of land that might be irrigated. According to T. W. Parry, irrigation manager of the Elephant Butte (New Mexico) project. Mr. Parry adds that El Paso valley at present, and that 29,914 acres are subject to being cropped without other than ordinary irrigation. The value of crops produced from the cropped areas in 1919 was \$1,350,000, according to Mr. Parry.

DECLARES PROPAGANDA OF INTERVENTIONISTS HELPFUL

EL PASO, TEX., March 4.—Propaganda of "interventionists" in the United States has served to turn public interest in favor of Mexico, according to La Opinion, a newspaper of Vera Cruz, which quotes Andres Garcia, director of posts in the Mexican government. "Until a few weeks ago was Mexican consul general at El Paso. La Opinion said, in part: "Senor Andres Garcia, who has been consul at El Paso, Texas, who is now in Mexico City, says that the opinion of our republic in the United States has undergone a radical change. The attempts of certain elements to provoke armed intervention of the United States have been the means of turning public opinion favorably towards our country. It has been demonstrated plainly that the work of the enemies of our government, Mexican citizens as well as foreign, has been based upon perfidy, as they were unable to accomplish the iniquitous exploitation of our natural riches, so they dedicated themselves to a work of obstruction. "The American public, in accord with their own principles, once more have given our government right and have thrown from their midst spurious transactions of the Mexican reactionaries, who, under cover of the American flag, have tried to make Mexico a source of their riches, even with the loss of their own nationality. "Even apart from the machinations of the Yankee capitalists, who have large interests in our country, the industrious populace of the United States are firm in this opinion to have no war with our country and, consequently, have mostly supported the policy of President Wilson, which tends to maintain the greatest harmony in relations with Mexico."
